**My concern is about the meals that are served to these grown men and women. They are not being fed enough to feed a small child, much less a grownup. With the canteens not being stocked or the inmates not being allowed to even go to the canteen IF they have any money to go, there is a very big chance that they could get desperate for food. You can't starve someone and not expect them to try to do something to get food. It's a very scary situation and I believe it needs to be dealt with IMMEDIATELY!**

**I come making a desperate plea for someone to please investigate covid19 procedures in each prison in the SCDOC. I have a loved one who's incarcerated there and have been told that they do not get the proper cleaning supplies. It is imperative that the facilities are sanitized daily. Social distancing is of course impossible but at least things can be cleaned. I'm begging someone to step up for not only my child but all inmates. This is a serious matter. Life's are at stake. The life of my only son is at stake. In the name of Jesus somebody check on what's being done. The truth is not being told. I would expect these conditions in a third world country but not in the United States of America.**
