# I. Agency Snapshot

## A. Glossary of Terms

## 1. Glossary of agency terms.

Term, Phrase or Acronym	Meaning of the Term, Phrase or Acronym
AAA	Area Agencies on Aging
21st CCLC	21st Century Community Learning Centers
4K	Kindergarten for four-year-olds
5K	Kindergarten for five-year-olds
9GR	A code in the student information system that indicates
	the first year in which a student is in the ninth grade
AAAE	American Association for Agricultural Education
AAC	Augmentative and Alternative Communication
AACS	American Association of Family and Consumer Sciences
AACSB	Association to Advance Collegiate Schools of Business
AACTE	American Association of Colleges for Teacher Education
AARDL	Achieving Accurate Results for Diverse Learners
AASL	American Association of School Librarians
ABA	applied behavior analysis
ABAWD	Able-Bodied Adults Without Dependents
ABC	Advocates for Better Care
ABE	Adult Basic Education
ABL	Action-Based Learning
ABLE	Adult Basic Learning Examination
ABT	Applied Behavior Therapy
ACAS	Academic Assistance
ACCESS	Accessing Comprehension and Communication in English State to State
ACDA	American Commodity Distribution Association
ACE	American Council on Education
ACE	Adverse Childhood Experiences
ACEI	Association for Childhood Education International
ACP	Adult Career Pathways
ACT	American College Test OR may refer to ACT Inc., the company that produces the ACT and other tests
ACTE	Association for Career and Technical Education
ACTFL	American Council on the Teaching of Foreign Language
ADA	Americans with Disabilities Act
ADA	Average Daily Attendance
ADD	Attention Deficit Disorder
ADEPT	Assisting, Developing, and Evaluating Professional Teaching

ADHD	Attention Deficit Hyperactivity Disorder
ADM	Average Daily Membership
ADM	Administration Direction Manual
ADP	Average Daily Participation
ADSAP	Alcohol and Drug Safety Action Program (S.C. General
	Assembly)
AE	Adult Education
AED	Automated External Defibrillation
AED	Adult Education Director
AEFLA	Adult Education and Family Literacy Act
AERA	American Educational Research Association
AFDC	Aid to Families with Dependent Children
AFL-CIO	American Federation of Labor–Congress of Industrial Organizations
AG	Adjutant General
AG	Attorney General
AHJ	Authority Having Jurisdiction
AIA/SC	American Institute of Architects, South Carolina Chapter
AICPA	American Institute of Certified Public Accountants
AIR	American Institutes for Research
AIR	Atypical Item Response
AJCs	Accessibility of American Job Centers
AKOM	All Kinds of Minds
AL	Adult Literacy
ALA	American Library Association
ALC	S.C. Administrative Law Court
ALLS	Adult Literacy and Life Skills Survey
ALW	Assessment Literacy Workshop
AMLE	Association for Middle Level Education
AMS	Agricultural Marketing Service, USDA DA
ANCOVA	Analysis of Covariance
ANOVA	Analysis of Variance
ANSI	American National Standards Institute
AOIT	Academy of Information Technology
AP	Advanced Placement or Accounts Payable
AP	Assessment Policy
APA	American Psychological Association
APIP	Annual Permanent Improvement Program (S.C. General
	Assembly)
APR	Annual Performance Report
AR	Accounts Receivable
ARC	Appalachian Regional Commission
ARI	Air-Conditioning and Refrigeration Institute

ARW	Analysis and Reporting Workshop
ASA	Academic Standards and Assessments Subcommittee
ASCA	American School Counselor Association
ASCD	Association for Supervision and Curriculum Development
ASE	Automotive Service Excellence
ASE	Adult Secondary Education
ASES	Assessing Special Education Students
ASHA	American Speech-Language-Hearing Association
ASHRAE	American Society of Heating, Refrigerating, and Air- Conditioning Engineers
ASISR	Applied Suicide Intervention Skills Training
ASL	American Sign Language
ASLGU	Audits of State and Local Governmental Units
ASP	Active Server Pages
ASVAB	Armed Services Vocational Aptitude Battery
ATB	Ability to Benefit
ATSI	Additional Targeted Support and Improvement
ATU	Amalgamated Transit Union
AUP	Agreed Upon Procedures
AUT	Autism
AVC	Area Vocational Center
AWARE	Advancing Wellness and Resilience in Education
AWS	American Welding Society
AYES	Automotive Youth Educational Systems
АҮР	Adequate Yearly Progress
ВВ	Brown Box
ВВ	Blue Bird (Buses)
BC	Business Continuity
ВСВ	Budget and Control Board
BEA	Board of Economic Advisors
BEDS	Basic Educational Data System
BEST Literacy	Basic English Skills Test of Literacy
BEST-Plus 2.0	Basic English Skills Test – Plus 2.0
BICS	Basic Interpersonal Communication Skills
BIP	Behavioral Intervention Plan
BLS	Bureau of Labor Statistics
ВО	Budget Office (SCDE)
ВО	Building Official
BOA	Bank of America
BOC	Breach of Contract
ВР	Best Practices
ВР	Building Permit

## B. History

## History of significant events related to the agency, from agency's origin to the present.

#### • 1712

 South Carolina General Assembly passes "An Act for Founding and Erecting of a Free School in Charlestown" - first public expression of support for free public schools.

#### 1811

 General Assembly passes act authorizing the creation of schools in each district. The number of schools is to be based upon the number of representatives in legislature.

#### 1868

- South Carolina State Department of Education officially founded when General Assembly passes "Act to Provide for the Temporary Organization of the Educational Department of the State."
- O New constitution: Following South Carolina's re-entry into the Union after the Civil War, the state adopted a new constitution. This constitution provided for a "uniform system of public schools," open to all children regardless of race and color (in reality, most schools were segregated). The constitution also provided for an elected Superintendent of Education, whose duties were to be defined by the General Assembly, a school commissioner in each county, and what would later become a system of school districts. This system was to be funded by a poll tax and a new property tax.
- o Justus K. Jillson is elected first state Superintendent of Education.

#### • 1869-70

 General Assembly passes School Act of 1869-1870, providing for state adoption of textbooks and examination/certification of teachers.

#### 1895

 New SC constitution ratified - made significant changes to education system. Among these changes were that the constitution provided for a dual (segregated) system of public education, established the State Board of Education, established different specifications for the school districts, and provided for district funding through bonds.

#### • 1919

o General Assembly passes compulsory attendance law.

#### 1920

o Department of Education begins teacher certification.

## • 1947-1954

o *Briggs v. Elliott*: South Carolina court case consolidated, along with other cases, into *Brown v. Board of Education*. Supreme Court rules segregation unconstitutional.

#### 1955

 Decree issued by district court outlawing segregation in South Carolina and ordering desegregation.

## • 1950s-1960s

Department of Education begins to play increasing role in administering federal funds.

#### • 1951-1955

o Consolidation of school districts from over 1,200 to 102.

#### 1966

o Department of Education moves into Rutledge building.

#### • 1970-71

o South Carolina schools fully desegregated.

#### • 1973

 Article XI of the state constitution amended: shortened Article (educational information was codified, so it was likely not needed in the Constitution any longer), removed language regarding the dual system of education, and added language prohibiting public money from funding private or religious education.

#### • 1977

General Assembly passes Education Finance Act (59-20-10 et seq.),
 which lays out the state funding apparatus for public education
 and identifies "defined minimum program" of education.

#### 1978

General Assembly passes Basic Skills Assessment Act (59-30-10 et seq.), creating the Basic Skills Assessment Program; requiring the state to establish educational objectives for reading, writing, and math for each grade level; and mandating that each student entering the first grade take a readiness test. This law was repealed in 2006.

#### • 1979

 General Assembly passes Educator Improvement Act (59-26-10 et seq.), increasing standards for teachers and providing for the evaluation of contract teachers.

#### 1984

 Education Improvement Act (codified in scattered sections of the S.C. Code) passes, enacting a one-cent state sales tax increase in order to fund measures designed to increase student achievement.

#### 1989

 General Assembly passes Target 2000 (A194), expanding upon programs from the EIA and providing early childhood education and parent education.

#### • 1990s

 Department of Education takes over Allendale School District: first district takeover by Department.

#### 1993

o General Assembly passes Early Childhood Development and Academic Assistance Act (59-139-105 et seq.), ordering the enactment of annually updated peer-reviewed strategic plans.

#### • 1994

General Assembly passes School-to-Work Transition Act (59-52-10 et seq.), mandating either tech prep or college prep curriculum.
 The Education and Economic Development Act replaced this law in 2005.

#### 1996

 General Assembly passes South Carolina Charter Schools Act (59-40-10 et seq.), allowing the operation of charter schools within the state.

#### 1998

o General Assembly passes Education Accountability Act (59-18-100 et seq.), which created a performance-based accounting system, and made many changes to the existing public education system, including setting grade-level standards, mandating annual district and school report cards, introducing a principal induction program for first-year principals, and creating the Education Oversight Committee.

#### 1999

 Uniform Grading System goes into effect, standardizing grading system and student transcripts.

#### • 2005

General Assembly passes the Education and Economic
Development Act (59-59-10 et seq.), developing career clusters for
students, reducing student-to-guidance-personnel ratios, and
implementing agreements between school districts and higher
education institutions.

#### • 2006

South Carolina adopts ADEPT model of teaching evaluation based on specified performance standards.

#### • 2014

 Abbeville v. State decided – State Supreme Court holds that South Carolina failed to provide students with a constitutionally mandated minimally adequate education

#### • 2017

- o State Supreme Court vacates order in Abbeville decision.
- Department of Education undertakes review of Title 59; sends suggestions for amendment, deletion, or addition to the General Assembly.

## • 2018

- South Carolina votes to continue electing Superintendent of Education
- o Department of Education takes over Florence School District Four.
- o Department of Education takes over Williamsburg School District.
- effective September 2018, Department of Education implements reorganization, removing the Chief of Staff/Chief Operating Officer position and implementing a structure consisting of the Superintendent of Education presiding over six divisions, each headed by a deputy superintendent.

# 3. Agency directors and time of service.

Name of Director	Time of Service

1999-2007
2007-2011
2011-2015
2015-present

## C. Governing Body, Organizational Chart, and Related Entities

 Agency's governing body, as outlined in the enabling statute. The governing authority of the agency is the State Superintendent of Education, elected to office under the Constitution of this State by qualified voters of this State.

#### SECTION 1-30-10. Departments of State Government.

- (B)(1) The governing authority of each department shall be:
- (i) a director or a secretary, who must be appointed by the Governor with the advice and consent of the Senate, subject to removal from office by the Governor pursuant to provisions of Section 1-3-240(B); or
- (ii) a board to be appointed and constituted in a manner provided for by law; or
- (iii) in the case of the Department of Agriculture and the Department of Education, the State Commissioner of Agriculture and the State Superintendent of Education, respectively, elected to office under the Constitution of this State; or
- (iv) in the case of the Department of Transportation, a seven member commission constituted in a manner provided by law, and a Secretary of Transportation appointed by and serving at the pleasure of the Governor.

#### 1895 Constitution of South Carolina

"There shall be elected by the qualified voters of the State a Secretary of State, an Attorney General, a Treasurer, a Superintendent of Education, Comptroller General, Commissioner of Agriculture, and an Adjutant General who shall hold their respective offices for a term of four years, coterminous with that of the Governor. The duties and compensation of such offices shall be prescribed by law and their compensation shall be neither increased nor diminished during the period for which they shall have been elected."

 Qualifications and duties of the agency director and governing body, as specified in law.

#### 1895 Constitution of South Carolina

"There shall be a State Superintendent of Education who shall be the chief administrative officer of the public education system of the State and shall have such qualifications as may be prescribed by law."

# SECTION 59-3-10. Appointment, compensation, and qualifications of State Superintendent of Education.

The State Superintendent of Education shall be elected at each general election in the same manner as other State officers and shall enter upon the duties of his office at the time prescribed by law. Before entering upon the duties of his office he shall give bond for the use of the State in the penal sum of five thousand dollars, with good and sufficient sureties, to be approved by the Governor, conditioned for the faithful and impartial performance of the duties of his office, and he shall also, at the time of giving bond, take and subscribe the oath prescribed in Section 26 of Article III of the Constitution of the State, which shall be endorsed upon the back of the bond. The bond shall be filed with the Secretary of State, and by him recorded and, when so

recorded, shall be filed with the State Treasurer. The Superintendent of Education shall receive as compensation for his services such sum as the General Assembly shall by law provide, payable monthly out of the State Treasury, and his traveling expenses, not exceeding three hundred dollars, shall be paid out of the State Treasury upon duly itemized accounts rendered by him.

#### SECTION 59-3-20. Vacancy in office.

Section repealed upon the approval and ratification of an amendment to Section 7, Article VI of the South Carolina Constitution. See Editor's Note.

In case a vacancy occurs in the office of State Superintendent of Education, from any cause, such vacancy shall be filled by the Governor, by and with the advice and consent of the Senate, and the person so appointed shall qualify within fifteen days from the date of such appointment or else the office shall be deemed vacant. If the vacancy occur during the recess of the Senate, the Governor shall fill the same by appointment until the Senate can act thereon.

#### SECTION 59-3-30. General duties.

The State Superintendent of Education shall:

- (1) Serve as secretary and administrative officer to the State Board of Education.
- (2) Have general supervision over and management of all public school funds provided by the State and Federal Governments.
- (3) Organize, staff and administer a State Department of Education which shall include such division and departments as are necessary to render the maximum service to public education in the State.
- (4) Keep the public informed as to the problems and needs of the public schools by constant contact with all school administrators and teachers, by his personal appearances at public gatherings and by information furnished to the various news media of the State.
- (5) Have printed and distributed such bulletins, manuals, and circulars as he may deem necessary for the professional improvement of teachers and for the cultivation of public sentiment for public education, and have printed all forms necessary and proper for the administration of the State Department of Education.
- (6) Administer, through the State Department of Education, all policies and procedures adopted by the State Board of Education.
- (7) Assume such other responsibilities and perform such other duties as may be prescribed by law or as may be assigned by the State Board of Education.

## 6. Organizational Units Chart.

See attached Excel chart.

7. Role and responsibilities of the agency compared to its counterpart entities, if any, at the federal and local levels.

## Federal counterparts

#### United States Department of Education (USED)

The USED provides federal funding to the Department either for direct use or to sub-grant to LEAs for specific educational programs. As a recipient of federal funds, the Department must adhere to all federal laws and regulations, which it then requires all LEAs to adhere to. The USED monitors those federal programs the Department oversees and a key responsibility of the Department is to monitor the federal programs in the LEAs as subgrantees.

#### Local counterparts

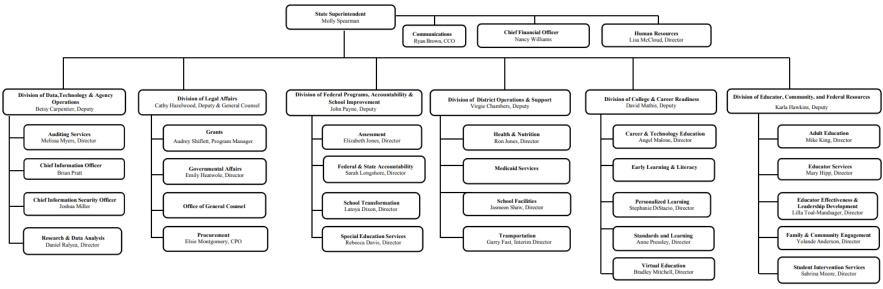

#### Local Educational Agencies (LEAs)

The Department passes through state education funds directly to LEAs in addition to the subgranting of federal funds discussed in the federal counterpart section and not repeated here. The Department provides support to the LEAs through development of standards, procurement of statewide assessments, technical assistance in a myriad of programs, the provision of school transportation, professional development, and in the evaluation of teaching. The Department does not teach students or hire the teachers to teach students.

#### 8. Organizational Flow Chart.

#### South Carolina Department of Education • Organizational Chart

# 9. 3-4 agency successes.

#### School Safety

#### • School bus replacement

Since Superintendent Spearman took office in 2015 the agency has secured over \$100,000,000 in funding from the General Assembly, which includes \$10,000,000 in recurring General Fund dollars to modernize the bus fleet. Approximately 62% of the fleet has been replaced since 2012, with only 342 of those buses purchased prior to 2015. By the close of 2018, the agency replaced over 408 buses (or over 7.9% of the fleet) and moved all of the 1995 transit buses out of service. These buses, while not the oldest in use, posed the greatest safety risk. In addition to the funds provided by the General Assembly, the agency has made application to be a recipient of the VW settlement funds. Superintendent Spearman has also reinstated the School Bus Specifications Committee to ensure that all buses secured meet the needs of the students in our state. The Superintendent has also worked closely with the State Materials Management Office to use recurring funds to lease/purchase buses; this allows the agency to secure approximately 62 buses for every \$1,000,000 appropriated versus 12 when buses are purchased.

#### • School Resources Officers

Working with the Governor and the General Assembly, the Superintendent has secured additional funding to ensure each school has an SRO. For Fiscal Year 2019, an additional \$2,000,000 was directed to local law enforcement agencies partnering with 38 school districts to place an additional 38 SROs in schools. The General Assembly appropriated an additional \$10,000,000 for Fiscal Year 20, which will fund approximately 190-210 additional SROs, depending on the actual cost of salary and benefits for each officer.

#### Mental health training/counselors/threat assessment

The Superintendent, collaborating with the former Director of the Department of Mental Health, John Magill and SLED Chief Mark Keel has committed to supporting increased mental health services for students in school districts. In addition to supporting increased state funding to ensure that each school has a school based mental health counselor from the Department of Mental Health, the Superintendent convened a broad stakeholder group, facilitated by Dr. Melissa Reeves from Winthrop University. This group included mental health, law enforcement and district staff to develop threat assessment materials and templates to assist districts in identifying and providing services to students in need. In addition to the materials, the agency offered multiple training opportunities across the state this past spring. The materials are posted on the agency website here: https://ed.sc.gov/districts-schools/school-safety/resources-and-training/safety-resources/sc-school-based-threat-assessment-guide/

#### **Teacher Support**

#### Salary increases

Superintendent Spearman, through the agency budget request, asked the General Assembly to increase state funding to support salary increases and support for teachers. Since she took office in 2015, the starting salary for a first year teacher with a bachelor's degree has increased from \$29,523 to \$35,000 and the state has added an additional year of experience on the state salary schedule. For the current fiscal year, the

superintendent requested that teachers receive a five percent salary increase. The General Assembly funded a four percent salary increase and increased the starting salary from \$32,000 to \$35,000. Below is a brief summary of the funded changes in the state salary schedule. The issue of teacher salaries will continue to be at the forefront for the near future.

- o 2016-17 a 2% increase and added a STEP on the statewide schedule
- o 2018-19 Current year 1% and starting salary to \$32,000 from \$30,113, which is up from \$29,523.
- o 2019-20 Current year 4% and starting salary to \$35,000 from \$32,000

#### • Reduction of paperwork efforts

A major complaint from many educators is the unnecessary, repetitive and cumbersome paperwork requirements that seemingly prevent many from focusing solely on the job of educating students in the classroom. In 2019, the General Assembly passed and Governor McMaster signed Act 99, a Joint Resolution directing the department to provide recommendations to the General Assembly on ways to streamline requirements. As a step in this process the agency surveyed teachers, school level administrators and district level administrations to ascertain perceptions regarding not only paperwork, but also other duties that take time away from directly teaching. Additionally, the agency is working to reorganize the Office of Federal and State Accountability in order to streamline requirements and reduce the "paperwork burden" on teachers and districts.

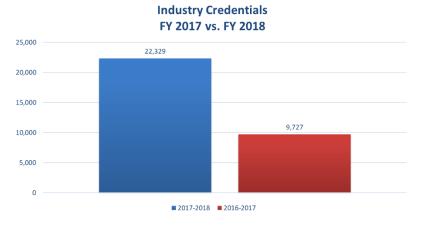

#### **Student Outcomes and Opportunities**

• Increased and improved technical assistance to low performing schools
Since 2016, the Office of School Transformation has supported 38 low-performing
Priority Schools, placing transformation coaches in each school. Additionally,
transformation coaches are in place in the three districts that are under a state of
emergency declaration. These districts are Allendale, Florence Four, and Williamsburg.
After review of the November 2018 school report cards, 84% of the low-performing
schools served since 2016 are no longer performing in the bottom 5%; 76% of those
same schools are performing above the bottom 10% of all schools in the state under our
new accountability system. Only 6 (15%) of the 38 schools remain in the bottom 5% in
performance. We have been successful at moving schools forward by being able to
provide high quality technical assistance, provide a transformation coach for each school
and/or district in need, and support and guide their improvement efforts in using
evidence-based interventions.

#### • Career and Technical Education (CTE)

The Profile of the South Carolina Graduate strives to ensure that all students are ready for the next step after high school, whether that is work, technical college or college. Increased access and participation in Career and Technical Education is one component to ensuring that students are developing the skills they need while in high school. Data shows that there is multi-year improvement in this area. As of Fiscal Year 2018, 17,834 students were CTE completers in grades 9-12. Of these completers, over 98% of those in the 12<sup>th</sup> grade graduated on time, 2,500 attained dual credit through Technical College courses and 50% received industry credential prior to graduation. Over 122,468 students have had work-based learning experiences and apprenticeships, which represents an increase of 43% since 2014. Approximately 22,329 certifications were attained during the 2017-2018 academic year, which is more than a 56% increase over the 2016-2017 academic year. Additionally, innovative courses may be created by school districts for

credit towards graduation. For example, a student in building construction may choose to take a course that involves a review of Algebra 1 and Geometry with a focus in the construction industry instead of taking Algebra 2 for graduation credit.

#### School District Efficiency

#### Alvarez and Marsal Study

The department, per Proviso 1.92 included in the Fiscal Year 2016-17 Appropriations Act, contracted with Alvarez and Marsal to conduct efficiency studies in the districts that had not previously participated in such a study. The studies focused on the following central operations: (1) finance; (2) human resources; (3) procurement; (4) transportation; and (5) overhead with the goal of identifying opportunities that would yield not only increased efficiency and financial management, but also better services to the students. The studies revealed that many of the state's smaller districts exhibit commonalities across them that include: high fixed costs, a lack of economies of scale, a difficult time hiring and retaining teachers, staffing constraints at the district office, difficulty maintaining proper fund balances and higher fixed costs. The studies showed that all districts would benefit from collaborative purchasing and procurement. The corresponding analysis identified key one-time modernization investments in items such as technology combined with collaboration and shared services would create more efficiency across the system as a whole.

#### Consolidation and Shared Services

The agency has worked with many of our states smaller school districts to support consolidation of central office services and promote collaboration across district lines to increase academic opportunities for students. When operations in Florence Four were assumed during the state of emergency, the agency began exploring opportunities to contract services with surrounding Florence districts. Thus far, this has resulted in a savings of over \$500,000 and increased CTE opportunities for students who are now able to take courses in neighboring Florence One. Additionally, the Superintendent has worked closely with the General Assembly to increase state support for expanded consolidation and in the current fiscal year, there is \$50,000,000 available to support districts opting to consolidate services with priority given to the districts with fewer than 1,500 students. Funds may be used to update facilities, equalize salaries and reduce millage rates. In addition to creating administrative savings, consolidation will allow districts to offer expanded academic opportunities to students especially across career and technical courses and AP courses.

# 10. 3-4 agency challenges.

#### **Student Outcomes**

Since the passage of the legislation, the focus of interventions has been on the lowest achieving students. The agency and districts have taken several steps in order to improve outcomes for students who are not reading on grade level. The Palmetto Literacy Project will serve the schools around the state with the highest number of students not reading on grade level. Additionally, districts will have the flexibility to utilize funding, when aligned to their reading plans, for direct student interventions, not just coaches. The agency is providing additional training and support for literacy coaches. Included in the Academic Achievement component of the ESSA Consolidated State Plan, the following literacy goals for students in grades 3–8 are included: by 2035, 90 percent of students will score at Level 2 or higher on the ELA state summative assessment and 70 percent of students will score at Level 3 or higher on the ELA state summative assessment.

#### **Teacher Retention and Recruitment**

Increases to the state salary schedule are positive for educators; however, these increases are only one piece of the puzzle when it comes to attracting and retaining high quality educators. According to the annual "Supply and Demand" report issued by the Center for Educator Recruitment, Retention and Advancement there are still approximately 5,000 educators reporting leaving the classroom each year. Additionally, districts reported 621 vacancies at the beginning of the 2018-19 school year. (See link to report below). Educators often cite issues other than salary, though it is one factor which leads them to leave the profession. Issues range from student behavior, to parent involvement (lack thereof or over involvement), to school and district leadership. Teachers report increasing frustration at an inability to teach their students and more focus on teaching to a test or completing paperwork that is often viewed as superfluous or repetitive. Compounding the issue are fewer college students choosing education as a major thus resulting in a reduced number of available applicants annually. Comprehensive policy changes and competitive salaries must be considered by the General Assembly and the agency and other key stakeholders, such as CERRA, should support innovative recruiting of educators to our school districts, especially those most in need.

https://www.cerra.org/uploads/1/7/6/8/17684955/2018-19 supply demand report update jan 16.pdf

#### Meeting the needs of an ever changing workforce

• Fulfilling the Profile of the SC Graduate

The Profile of the South Carolina Graduate strives to ensure that each student in the state is prepared for whatever their next step after high school. Students must have access to courses that align with current workforce needs or prepare students for higher education without the need for remediation. The Diploma Pathways legislation, Act 54 of 2017, supports the profile by ensuring students are able to align coursework with their desired pathway, which is tied directly to their plans after high school. A challenge that remains in ensuring that all students have access to high quality instruction and the courses they need. In some of our smaller, rural districts, students are not afforded the same opportunities to access advanced placement, dual credit and CTE opportunities. One of the goals of district consolidation and collaboration is to increase this access by encouraging students to cross-district lines when needed.

#### Changes to the Education Funding Model

Finding Sustainability

Public school funding at the state level relies on state sales tax revenue and is allocated to districts through many different formulae many of which are outdated and complicated. The Governor, the President of the Senate and the Speaker of the House have requested that Revenue and Fiscal Affairs complete a study of current school funding and recommend changes in state law to support a more streamlined funding mechanism that will direct more funding to the classroom. Any changes in state funding streams will have an impact on the amount of funding received by a district and consideration should be given to ensuring continuity of programs and increasing services to and opportunities for students while reducing administrative costs.

# 11. 3-4 emerging issues.

#### **Instructional Materials Replacement**

The process and cycle by which instructional materials are adopted and purchased should run concurrently with the update of state academic standards. Annually, the Advisory Committee meets to determine the prioritized recommendations for the purchase of unfunded state adopted materials that will be recommended to the State Board of Education for approval. The agency ensures that the list complies with any legislative mandates, such as the requirement to provide cursive writing materials and computer science instruction for graduation. Areas are funded based on the appropriations by the General Assembly each year. No area will be partially funded. While the approved instructional materials are reviewed and updated concurrently with the standards, there have not been adequate state funds to cover the purchase of the new materials. This has left districts unable to access online materials as contracts have expired and students are currently using texts in some subjects that do not align with current state standards, an example being that math and ELA texts are still aligned with Common Core State Standards. The agency received an increase of \$20,000,000 in lottery funds with up to an additional \$15,000,000 in unclaimed prize funds appropriated for Fiscal Year 20. The agency requested \$60,000,000 for Fiscal Year 20. Below is a chart outlining appropriations for the past five fiscal years:

15-16			16-1	.7	17-18	18-19		19-20		
EIA	EIA NR	Lottery	118-14	EIA	Lottery	EIA	EIA	EIA	Lottery	Excess above 18-19 Certified Lottery Surplus
\$20,922,839	\$0	\$0	\$14,508,278	\$20,922,839	\$18,000,000	\$20,922,839	\$20,922,839	\$20,922,839	\$20,000,000	all remaining, not sure exact amount yet. Likely between \$5M and \$15M
Balance of EIA CF/Surplus		Balance of EIA	CF/Surplus							

#### Data Systems and Infrastructure

• In order to target funding and services to districts and students, as well as identify ways to recruit, retain and support educators the agency must be able to gather, analyze and report accurate data in a timely fashion. During the past year, as part of the work on S. 419, the agency identified a need for a specific data system to house educator preparation program and provider data. It would serve as one location for records relating to accreditation, program approval, and reporting. This is just one example of a way that data systems could be streamlined and modernized. A dedicated funding stream established would allow the agency to acquire needed technology and secure staff to operate and maintain the systems.

#### Serving Additional Underperforming Schools and Districts

Changes under ESSA require that the agency provide support and services to 117 schools that are performing at or below the 10th percentile among all schools in the state. The agency is currently able to provide transformation coaches to all schools performing at or below the fifth percentile. Proposed changes to state law in Senate Bill 419 call for intervention if a district has 50% or more schools identified as low performing. Based on current data, this would extend agency support to 22 districts and require external reviews of each district that meets the criteria established in the legislation. Expanded support and services would require additional appropriations from the General Assembly. The cost of a diagnostic or external team review does vary based on the size of the district. In 2017, a district external team/diagnostic review for a district with five or fewer schools came to \$108,000.00. Assuming an inflation over the past two years the agency can anticipate that on average, a single diagnostic review would cost approximately \$120,000.00. This would require an additional \$2,750,000.00 to \$3,625,000.00 depending on how many schools and districts are served. If the agency continued the practice of placing a district level transformation coach in districts when there is significant intervention needed there would be an added cost. Currently, a single transformation coach salary is approximately \$107,100.00 (76.5K+ 40% for fringe). The agency desires to continue the same level of high quality interventions and services currently provided to low performing schools and districts.

#### II. Agency Records, Policies, and Risk Mitigation Practices

#### A. Records and Policies Management

12. (A) Agency's records management policy.

TITLE OF POLICY: ARCHIVES SECTION: ADMINISTRATION

POLICY NO.: 301-3 EFFECTIVE DATE: November 20, 2014

OFFICE OF RESPONSIBILITY: CHIEF INFORMATION SECURITY OFFICE

THE LANGUAGE USED IN THIS DOCUMENT DOES NOT CREATE AN EMPLOYMENT CONTRACT BETWEEN THE EMPLOYEE AND THE AGENCY. THIS DOCUMENT DOES NOT CREATE ANY CONTRACTUAL RIGHTS OR ENTITLEMENTS. THE AGENCY RESERVES THE RIGHT TO REVISE THE CONTENT OF THIS DOCUMENT, IN WHOLE OR IN PART. NO PROMISES OR ASSURANCES, WHETHER WRITTEN OR ORAL, WHICH ARE CONTRARY TO OR INCONSISTENT WITH THE TERMS OF THIS PARAGRAPH CREATE ANY CONTRACT OF EMPLOYMENT.

#### **POLICY**

It is the policy of the South Carolina Department of Education (SCDE) to comply with all laws and regulations governing the archiving of SCDE records.

#### **PROCEDURE**

Responsibility of Divisions/Executive Offices

The Chief Information Security Office is designated as the office responsible for coordinating the archiving efforts between the SCDE and the Department of Archives and History. The Director of the Chief Information Security Office will designate a member of his staff to serve as the SCDE liaison to the Department of Archives.

Each division and executive office must appoint at minimum of one individual to work with the SCDE liaison to coordinate archiving efforts for their respective division/executive office.

On a quarterly basis, each division/executive office will review and determine which records shall be destroyed or transferred to the Department of Archives. This effort will be coordinated by the SCDE liaison.

#### Retentions Schedules

The State of South Carolina has a general records retention schedule, and the SCDE has a specific schedule. The agency shall follow the specific schedule if it applies and use the general schedule for records that are not specifically listed on the agency schedule. The agency schedule is located in the Archives folder on the "P" drive. The general retention schedules are located on the

Department of Archives and History website: http://rm.sc.gov/generalschedules/Pages/default.aspx

#### Destruction of Records

Agency records may not be destroyed until such time as they are no longer required to be retained by the retention schedules. Upon destruction of records, the office must complete the appropriate Department of Archives forms. Offices must ensure proper destruction of records, which include at a minimum the shredding of documents that include confidential information. The destruction of electronic media may take special care. Offices shall consult with the Chief Information Officer's Office with regard to the proper destruction of electronic media.

Retention and Transfer of Records to the Department of Archives

Some agency records must be transferred to the Department of Archives. Each office is responsible for the transfer of its records to the Department of Archives, if required by the retention schedules. The office must follow the Department of Archives' rules regarding the packaging of records. Confidential records that are transferred to the Department of Archives must be clearly marked as "Confidential."

#### Specific Guidance Related to E-mail

#### Executive-Level E-mail

The SCDE designates the following positions as executive-level positions for the purpose of determining the retention schedule for correspondence: Superintendent, Chief Operating Officer, Chief Financial Officer, Chief Information Officer, Chief Information Security Office, General Counsel, Director of the Office of Legislative and Public Affairs, Director of the Office of Internal Auditing, Deputy for the Office of Policy and Research, and each division deputy.

Executive-level e-mail will be automatically archived by the agency and retained for a minimum of three years. Some executive e-mail will be archived longer and/or transferred to the Department of Archives after three years.

#### Nonexecutive-Level E-mail

Nonexecutive-level e-mail must be retained until no longer needed. The SCDE has established an e-mail protocol whereby e-mail that is in nonexecutive "in boxes" and "sent boxes" will be deleted after 30 days, unless the employee moves the e-mail into a folder. E-mail that is moved to a folder will be automatically "archived" by the system after 90 days. However, the employee may delete e-mail from the archive or from a folder at any time it is no longer needed.

(B) Agency's status in regards to compliance with the records management

The agency is current in meeting policy requirements.

policy and explanation for non-compliance, if the agency is non-compliant.

 Agency's schedule for regularly reviewing and updating, as necessary, all agency policies and explanation for lack of a schedule, if the agency does not have a schedule. Annually, Deputy Superintendents and other key staff attend a daylong retreat to discuss, modify, and update the agency's strategic plan. Included within these discussions are any internal policy changes or updates needed, reorganization of offices within divisions if warranted, and the State Superintendent's priorities for the upcoming year. In addition to this daylong retreat, senior staff has a standing meeting with the Superintendent every Monday morning to review all internal issues, policy changes needed, and any upcoming events or initiatives that support the Profile of the South Carolina Graduate.

Monthly, all Deputies and Directors meet with the Superintendent to implement their relevant portions of the strategic plan and discuss any necessary changes. Furthermore, every month the Superintendent meets one-on-one with each Deputy to discuss any issues within their division, how to address those issues, and implementation of initiatives within that division. In the interim, Deputies are encouraged to meet or reach out to the Superintendent with any issues or requests that may arise.

14. (A) Agency's status in regards to compliance with S.C. Code Ann. §1-23-120(J) that requires agencies to conduct a formal review of its regulations every five years. Annually, each office within the agency reviews and submits regulations that require amendments or deletion. The agency has not yet submitted a formal report to the Code Commissioner per the statute, but the review of some regulations have been completed by each office.

(B) Last time the agency conducted a formal review of its regulations.

According to Legislative Council there is no record of the Department of Education submitting a formal report to the Code Commissioner, however Regulations are reviewed by each office annually or bi-annually.

(C) Last time the agency submitted new or revised regulations to the General Assembly. The agency submits revised regulations annually, with the last submission being in 2018.

https://www.scstatehouse.gov/state\_register.php?first=FILE&pdf=1&file=index2018.pdf

15. Agency's status in regards to compliance with S.C. Code Ann. §2-1-230 that requires agencies to submit reports to Legislative Services Agency for publication online, and the State Library.

All reports that are available for posting have been submitted to LSA. Reports are sent to LSA upon completion.

https://www.scstatehouse.gov/reports/reports.php

16. How the agency collaborates with other agencies to seek funding (e.g. grant and federal funding).

The South Carolina Department of Education (SCDE) collaborates with other agencies using research, networking, and responding with applications as primary methods to seek funding. The agency's Grants Program, housed within the Division of Legal Services, researches and monitors federal funding via federal agency resources (i.e., Grants.gov, federal agency websites, federal agency funding forecasts); this includes maintaining active subscriptions to receive regular emails via grants.gov. As the state agency over education (i.e., the state education agency or SEA), the SCDE receives the majority of its federal funding from the U.S. Department of Education (USED). The agency receives other federal funding from the U.S. Department of Agriculture, the U.S. Department of Health and Human Services (the Centers for Disease Control (CDC) and the Substance Abuse and Mental Health Administration (SAMHSA)), the U.S. Department of Labor, and the Environmental Protection Agency (EPA).

When a funding opportunity requires or invites collaboration among state agencies, the SCDE invites colleagues in those agencies to plan projects to propose for funding. For example, in Spring 2018, the SCDE partnered with the South Carolina Department of Mental Health (SCDHM) as required to apply for a SAMHSA Advancing Wellness and Resiliency in Education (AWARE) grant. South Carolina's project was funded in the Fall 2018; the two agencies are jointly

administering this five-year project, SC's AWARE, to strengthen mental health resources for students in three school districts: Anderson School District Two, Florence School District One, and Sumter School District.

The SCDE also collaborated with the South Carolina Law Enforcement Division (SLED) and the US Attorney's Office for the District of South Carolina in Summer 2018 to apply for a USED School Emergency Management grant. The SCDE received this grant in Fall 2018 to implement "Strengthening School Emergency Management in South Carolina," a five-year project to enable the agency to help schools and their districts strengthen their emergency operations plans through technical assistance and a system of supports for ongoing training.

#### B. Audit and/or Other Risk Mitigation Practices

17. Updated version of the agency's "Report and External Review Template" from the Accountability Report.

See updated report attached.

 (A) Agency's internal audit process and/or other risk mitigation practices. The Office of Auditing Services (OAS) contains an internal audit unit. OAS reports to Betsy Carpentier, Deputy Superintendent of the Division of Data, Technology, and Agency Operations. Melissa Myers is the Director of OAS and Hershula Davis is the Audits Manager. The internal auditors are Alfreda Dozier, Donna Langley, and Carl Quin. Donna Langley performs audits of each county bus shop. Alfreda Dozier and Carl Quin perform internal audits of the agency's other internal operations. (Attached is a copy of the OAS charter.) In 2011, the agency's internal audit function had a reinstitution, after a reduction-in-force took place. General subject matters audited include inventory and procurement compliance for the county bus shops. General subject matters for other internal operations include federal and state compliance, financial, and operational audits. Melissa Myers decides on whether to perform internal audits. Audits are also requested by Senior Management. Internal auditors have begun routinely conducting an agency wide risk assessment. Senior staff is ultimately responsible for routinely evaluating the agency's performance measurement and improvement systems. Since fiscal year 2014-15, eighteen internal audits were performed. There has not been a peer review or selfassessment by the S.C. State Internal Auditors Association or other entity.

Current Law Wording		Proposed Re	visions to Law Wording			

All costs of implementing the provisions of the Target 2000-School Reform for the Next Decade Act (1989 Act No. 194) must be paid from funds appropriated for that purpose by the General Assembly. The programs of the Target 2000-School Reform for the Next Decade Act (1989 Act No. 194) must be implemented to the extent possible using funds appropriated by the General Assembly, but no provision of the Target 2000-School Reform for the Next Decade Act (1989 Act No. 194) is mandatory beyond the appropriation provided by the General Assembly. Nothing in this section prohibits local school districts from implementing programs similar to or as described in the Target 2000-School Reform for the Next Decade Act (1989 Act No. 194) on the district's initiative.

Repeal entire statute.

HISTORY: 1989 Act No. 194, Section	37.			
		HANGE #3		
Law	Summary of Current Law(s) and Recommende	ed Change(s)	Basis for Recommendation	Approval and Others Impacted
Section 59-1-452. Public school employee cost savings program.	<u>Current Law</u> : Directs the administration of the Public School Employee Cost Savings Program.		Program no longer exists.	Presented and approved by agency's governing body: N/A
	Recommendation: Repeal			Other entities potentially impacted: N/A
				If the law is a regulation, where agency is in the process of finalizing it and providing it to the General Assembly: N/A
Current Law Wording		Proposed Revisions to Law Wording		
(A) The Public School Employee Cost Savings Program is established for the purpose of making cash awards to individual school district employees for cost saving ideas which are proven to be workable. The program must be administered by the State Department of Education with the advice and assistance of a special committee to screen suggested ideas and recommend those with potential merit to be implemented and evaluated. The committee must be composed of:			e statute.	
(1) one member who is serving on a public school board, appointed by the State Board of Education upon the recommendation of the South Carolina School Boards Association;				
(2) one member who is serving as a public school superintendent, or district financial administrator, appointed by the State Board of Education upon the recommendation of the South Carolina Association of School Administrators;				
(3) one member who is serving as a	oublic school principal, career and technology			

center director, or school administrator, appointed by the State Board of Education;

- (4) one public school teacher with a minimum of fifteen years service, appointed by the State Board of Education upon the recommendation of the South Carolina Education Association;
- (5) one public school teacher with a minimum of fifteen years service, appointed by the State Board of Education upon the recommendation of the Palmetto State Teachers Association;
- (6) two members appointed by the State Superintendent of Education; and
- (7) five private sector business persons, who hold no public office, one appointed by the Governor, one appointed by the Chairman of the Senate Finance Committee, one appointed by the Chairman of the House Ways and Means Committee, one appointed by the Chairman of the House Education and Public Works Committee, and one appointed by the Chairman of the Senate Education Committee.
- (B) Committee members shall serve three-year terms except that of those initially appointed, four shall serve initial terms of one year, four shall serve initial terms of two years, and four shall serve initial terms of three years, these initial terms to be determined by lot at the first meeting of the committee. A member of the committee may not serve on the Education Improvement Act Education Oversight Committee, the Business-Education Partnership for Excellence in Education, or the Business-Education Subcommittee while serving on the committee created under this section. A committee member shall attend at least eighty percent of the meetings of the committee in each fiscal year or be replaced. A vacancy must be filled in the manner of original appointment.
- (C) The State Board shall promulgate regulations and establish procedures to administer the program. The regulations must limit individual cash awards to twenty-five percent of the cost savings for one fiscal year or five thousand dollars, whichever is less. An employee may not receive an award for an idea that could have been implemented by the employee through his normal job duties. An employee of the State Department of Education may participate in the program.
- (D) The State Department of Education shall provide administrative support for the program. The State Board of Education shall waive or modify its regulations when appropriate and necessary to achieve cost savings.

(E) The General Assembly shall provide funds to initiate and support the program. Two years after initial implementation of the program, the program must be self-supporting. It is the intent of the General Assembly that the funds appropriated for this program must be used then for assessing the impact of the programs developed under Target 2000.

Current Law Wording	Proposed Revisions to Law Wording
The State Department of Education shall implement a schoolwide grant program to enhance the teaching of the grade specific standards adopted by the State Board of Education and to increase the academic performance of students in grades K-5 in the core academic areas of reading, mathematics, social studies, and science. The grant shall include an evaluation component to measure the success of increasing student performance and the teaching of the standards. Of the reading, mathematics, social studies, and science appropriation for this purpose from lottery proceeds each year, \$500,000 must be used for teacher in-service training and professional development related to Project Read.	No specific wording revisions proposed until review conducted.
The awarding of grants shall be based upon their ability to promote the goals of providing every student with the competencies to:	
(1) read, view, and listen to complex information in the English language;	
(2) write and speak effectively in the English language;	
(3) solve problems by applying mathematics;	
(4) conduct research and communicate findings;	
(5) understand and apply scientific concepts;	
(6) obtain a working knowledge of world, United States, and South Carolina history, government, economics, and geography; and	
(7) use information to make decisions.	
Additionally, grants shall be awarded based upon the likelihood that receiving such grants shall strengthen the above referenced skills and increase the academic performance of students in the core academic areas. In the awarding of grants every effort should be made to ensure that all geographic areas of the State are represented. First priority shall be given to acceptable grants from schools rated as below average or unsatisfactory and grants designed to increase academic performance of historically underachieving students.	

Grant applications received by the State Department of Education shall be reviewed by a panel of individuals with knowledge and expertise of the subject area and of programs that have proven to be successful within the State or throughout the nation.

# The Board of Education, as successor to the State Educational Finance Commission, shall disburse such funds as are provided by the General Assembly and shall have such further powers as are committed to it by this Title. It shall promote the improvement of the school system and its physical facilities. It shall make plans for the construction of necessary public school buildings. It shall make surveys incident to the acquisition of sites for public schools. It shall seek the more efficient operation of the pupil transportation system. It shall effect desirable consolidations of school districts throughout the entire State. And it shall make provision for the acquisition of such further facilities as may be necessary to operate the public school system in an efficient manner.

<ul><li>(A) The General Assembly finds that:</li><li>(1) reading is the most important academic skill and the basis for success in school and work;</li></ul>	Repeal entire statute.
(2) test results indicate that a significant portion of South Carolina students score below the fiftieth percentile on nationally normed achievement tests; and	
(3) it is necessary and proper to establish a comprehensive long-term commitment to improve reading as well as overall academic performance.	
(B) There is created within the State Department of Education the Governor's Institute of Reading. The purpose of the institute is to create a collaborative effort to mobilize education, business, and community resources to ensure that all children learn to read independently and well by the end of the third grade. The purpose of the institute also is to mobilize efforts to improve the reading abilities of students in the middle grades and accelerate the learning of students reading below grade level. The Governor's Institute of Reading is based upon a collaborative effort of education professionals and reading experts and designed to promote reading in every school district. To accomplish this mission, the institute shall:	
(1) review the best practices in the teaching of reading;	
(2) provide teachers with professional development and support for implementing best practices in the teaching of reading; and	
(3) award competitive grants to school districts for designing and providing a comprehensive approach to reading instruction based on best practices.	
The State Board of Education shall develop guidelines for administering and allocating funds for the Governor's Institute of Reading. Grants must be awarded, beginning with fiscal year 1999-2000, to districts for implementing programs designed to achieve exemplary reading. The department may carry forward any unexpended appropriations to be used for this same purpose from fiscal year to	

fiscal year.

Current Law Wording		Proposed Re	evisions to Law Wording	<u></u>	
Current Law Wording  (A) There is created the Business-Education Partnership for Excellence in Education and a permanent standing subcommittee of the partnership for the purpose of reviewing the implementation of the South Carolina Education Improvement Act of 1984 and recommending other major education initiatives.  The Business-Education Partnership for Excellence in Education consists of the following persons:  (1) Thirty-two prominent civic and business leaders of which fourteen are appointed by the Governor; six appointed by the State Superintendent of Education; three appointed by the Speaker of the House of Representatives; three appointed by the President of the Senate; three appointed by the Chairman of the Education and Public Works Committee of the House of Representatives; and three appointed by the Chairman of the Education Committee of the Senate;  (2) Twenty educators of which eight are appointed by the State Superintendent of Education; four appointed by the Governor; two appointed by the Speaker of the House of Representatives; two appointed by the President of the Senate; two appointed by the Chairman of the Education and Public Works Committee of the House of Representatives; and two appointed by the Chairman of the Education Committee of the Senate;		Repeal entire	e Statute.		

- (4) Chairman of the Committee on Children or his designee;
- (5) Chairman of the Education Oversight Committee or his designee;
- (6) The Governor and State Superintendent of Education shall serve as ex officio members.

The term of office of the members of the Business-Education Partnership must be four years except that of those first appointed an equal number must serve terms of two, three, and four years respectively as determined by lot. Except in those cases where the term of a member of the Business-Education Subcommittee has not expired, no member of the Business-Education Partnership may serve more than two consecutive terms. The number of appointments provided for in items (1) and (2) above must be reduced proportionately by the membership requirements of subsection (B).

The chairman of the Business-Education Partnership for Excellence in Education must be elected by the members of the partnership and must be chosen from among the thirty-two business and civic leaders serving on the partnership. The Business-Education Partnership must meet at the call of the chairman but not less than quarterly. The Governor must preside at all regular and special meetings of the partnership in which he is in attendance; at those meetings at which the Governor is not in attendance the State Superintendent of Education must preside, and in the absence of the Superintendent, the chairman of the partnership must preside.

The partnership in conjunction with the State Department of Education may cause to be held statewide public forums for the purpose of fostering open discussions regarding the impact of the Education Improvement Act on the state's education system and education reform in general.

- (B) The Business-Education Partnership must establish a permanent standing subcommittee called the Business-Education Subcommittee. The subcommittee must be composed of sixteen members of the Business-Education Partnership elected by the Business-Education Partnership. The composition of the subcommittee must be:
- (1) ten civic and business leaders; and
- (2) six educators.

The eighteen members serving on the Joint Business-Education Subcommittee must remain on the Business-Education Subcommittee as reconstituted on the effective date of this section. The term of office for members of the Business-Education Subcommittee must be six years except that of the initial members an equal number must serve terms of two, four, or six years respectively as determined by lot. The chairman of the subcommittee is to be elected by the members of the subcommittee and must be one of the ten civic and business leaders serving on the subcommittee. Vacancies on the subcommittee must be filled from the membership of the Business-Education Partnership by a majority vote of the members of the partnership.

The State Board of Education and State Superintendent of Education must establish within the State Department of Education a special unit at the division level called the Public Accountability Division. This special unit must be eliminated on July 1, 1991. The unit head shall hold a position comparable to a deputy superintendent and must be under the direct supervision of and shall report to the State Superintendent of Education.  The deputy superintendent must provide all reports to the Governor, Education Oversight Committee, Business-Education Partnership for Excellence in Education, Business-Education Subcommittee, and State Board of Education, and respond to any inquiries for information.		Repeal entir	e statute.		

The Business-Education Subcommittee shall serve as a screening committee for the selection of the unit head. The screening committee shall recommend for consideration three applicants. Final selection of the unit head must be made by the State Superintendent of Education after consulting with the Governor. All other positions must be filled following current state personnel and State Department of Education employment procedures.

The new unit is responsible for planning, monitoring, and reviewing programs developed under the Education Improvement Act and shall provide information, recommendations, and an annual assessment of the Education Improvement Act to the Governor, Education Oversight Committee, and Business-Education Subcommittee.

The operating procedures for the new unit are the same as the operating procedures for the three established divisions in the State Department of Education. The Business-Education Subcommittee shall review and approve all products produced by the new unit and make recommendations to the State Board of Education for final approval.

SECTION 59-13-40. Vacancies in office.

The State Board of Education shall, except as otherwise expressly provided, fill all vacancies in the office of county superintendent of education for the unexpired term.

HISTORY: 1962 Code Section 21-67; 1952 Code Section 21-67; 1942 Code Section 5302; 1932 Code Section 5309; Civ. C. '22 Section 2567; Civ. C. '12 Section 1718; Civ. C. '02 Section 1187; 1896 (22) 150; 1932 (37) 1364; 1935 (39) 439, 456.

SECTION 59-13-50. Office; supplies and equipment.

The governing body of each county shall furnish to the county board of education for the use of the county superintendent of education a comfortable and convenient office and suitable office furniture and shall supply such office with fuel, lights, stationery, postage and such other incidentals as are necessary to the proper transaction of the legitimate business of such office.

HISTORY: 1962 Code Section 21-69; 1952 Code Section 21-69; 1942 Code Section 5308; 1932 Code Section 5322; Civ. C. '22 Section 2572; Civ. C. '12 Section 1723; Civ. C. '02 Section 1192; 1896 (22) 158.

SECTION 59-13-60. General duties of county and district superintendents.

Each county and district superintendent of education shall assume such responsibilities and perform such duties as may be prescribed by law or by rules and regulations of the State Board of Education or as may be assigned or prescribed by the county board of education or the district board of trustees.

HISTORY: 1962 Code Section 21-70; 1952 Code Section 21-70; 1942 Code Section 5303; 1932 Code Section 5310; Civ. C. '22 Section 2568; Civ. C. '12 Section 1719; Civ. C. '02 Section 1188; 1896 (22) 150; 1974 (58) 1927.

SECTION 59-13-70. Superintendent shall keep record of school district bonds.

All county superintendents of education shall keep a complete and full record in a suitable book of all bonds issued by the respective school districts in the respective counties of this State. The book shall contain the following data: Date of issue of bonds; amount of bonds; maturity of bonds; date of interest of bonds;

interest due periods of bonds; and sale price of bonds. The book required to be kept by the county superintendents of education in this State shall be paid for by the respective counties of this State upon order of the county superintendent of education. The county superintendent of education shall keep the book herein required of him on file in the office of the clerk of court or register of deeds. Whenever the bonds have been paid, the superintendent of education shall enter in the book herein provided to be kept by him the date of payment. Any violation of the provisions of this section shall be punishable by a fine of not more than one hundred dollars or by imprisonment in the county jail or upon the public works of the county for a period of not more than thirty days, in the discretion of the court.

HISTORY: 1962 Code Section 21-76; 1952 Code Section 21-76; 1942 Code Section 5304; 1932 Code Section 5311; 1924 (33) 998; 1997 Act No. 34, Section 1.

SECTION 59-13-80. Superintendent shall keep register of claims and other matters.

The county superintendent of education shall keep a register of all claims approved by him and of such other matters as the State Superintendent of Education shall require of him, in the form prescribed by the State Superintendent.

HISTORY: 1962 Code Section 21-77; 1952 Code Section 21-77; 1942 Code Section 5310; 1932 Code Section 5324; Civ. C. '22 Section 2574; Civ. C. '12 Section 1725; Civ. C. '02 Section 1194; 1896 (22) 158.

SECTION 59-13-90. Annual report to county treasurer of claims approved.

The county superintendent of education shall, on or before the fifteenth day of July in each year, report to the county treasurer, by school districts, all school claims approved by him for the school year last preceding, and the county treasurer shall thereupon close the school accounts for that year, carrying over any balance to the credit of each school district to the then current fiscal year.

HISTORY: 1962 Code Section 21-78; 1952 Code Section 21-78; 1942 Code Section 5309; 1932 Code Section 5323; Civ. C. '22 Section 2573; Civ. C. '12 Section 1724; Civ. C. '02 Section 1193; 1896 (22) 158.

SECTION 59-13-100. Expenses of superintendents.

Unless otherwise provided by law, each county superintendent of education shall receive annually, in addition to his salary, such sums as may be necessary to pay the actual expenses incurred by him in attending meetings called for the purpose of advancing educational interests and in visiting schools in other counties in order to become familiar with their management and mode of teaching.

HISTORY: 1962 Code Section 21-81; 1952 Code Section 21-81; 1942 Code Section 5313; 1932 Code Section 5328; Civ. C. '22 Section 2578; Civ. C. '12 Section 1728; Civ. C. '02 Section 1198; 1883 (18) 535; 1891 (20) 1114, 1268, 1391; 1893 (21) 492; 1899 (21) 1057; 1905 (24) 836; 1917 (30) 125; 1927 (35) 32; 1929 (36) 8, 63; 1932 (37) 1307; 1940 (41) 1664.

SECTION 59-13-110. Procedure for payment of expenses.

Such expenses shall be paid on the warrant of the county board of education. The superintendent's claim for services and expenses shall be presented in the form of an itemized account against the county board of education, verified by affidavit to the effect that said account is just and true, that the service therein named was honestly and faithfully rendered and that the sum therein claimed is rightfully due and remains unpaid. When such account shall have been duly audited and approved by the county board of education, it shall be filed with the county treasurer, who shall pay the same ratably out of the funds apportioned to the several school districts in proportion to the average number of children attending the free public schools in each school district.

HISTORY: 1962 Code Section 21-82; 1952 Code Section 21-82; 1942 Code Section 5313; 1932 Code Section 5328; Civ. C. '22 Section 2578; Civ. C. '12 Section 1728; Civ. C. '02 Section 1198; 1883 (18) 535; 1891 (20) 1114, 1268, 1391; 1893 (21) 492; 1899 (21) 1057; 1905 (24) 836; 1917 (30) 125; 1927 (35) 32; 1929 (36) 8, 63; 1932 (37) 1307; 1940 (41) 1664.

SECTION 59-13-120. Annual reports to superintendent.

Any teacher, principal or superintendent employed in the schools of this State, supported in whole or in part at public expense, shall file within two weeks after the close of the session of such school a full and accurate report as required by law. Any person neglecting, refusing or omitting to file such report when requested by the county superintendent of education shall be liable to the cancellation of his certificate to teach by the State Board of Education and to a fine of not more than twenty-five dollars to be imposed at the discretion of the county board of education.

HISTORY: 1962 Code Section 21-87; 1952 Code Section 21-87; 1942 Code Section 350; 1932 Code Sections 159, 5376; Civ. C. '22 Section 2622; Cr. C. '22 Section 507; 1913 (28) 191.

SECTION 59-13-130. Private schools required to report to superintendents.

All private schools shall report to the county superintendent of education, upon request therefor of the county wherein such school is located, the number of pupils receiving instruction, the number in regular attendance, the number of teachers employed and such other facts as will show the grade and amount of educational work actually done in such private school. The management of any private school neglecting, refusing or omitting to file such report within two weeks after the close of the regular session shall be subject to a fine of not more than twenty-five dollars.

HISTORY: 1962 Code Section 21-89; 1952 Code Section 21-89; 1942 Code Section 5351; 1932 Code Sections 1560, 5377; Civ. C. '22 Section 2623; Cr. C. '22 Section 508; 1913 (28) 191.

SECTION 59-13-140. Annual reports to State Board of Education.

Each county superintendent of education shall file with the State Board of Education within two months after the close of the scholastic year a full and accurate report of all schools under his supervision, which report shall contain such statistics and such other information as the law and the State Board may require. In any county which does not have a county superintendent of education, the report shall be made by the district superintendent.

HISTORY: 1962 Code Section 21-90; 1952 Code Section 21-90; 1942 Code Sections 5352, 5354; 1932 Code Sections 1558, 5378, 5380; Civ. C. '22 Sections 2624, 2626; Cr. C. '22 Section 506; 1913 (28) 191; 1925 (34) 181; 1974 (58) 1927.

SECTION 59-13-150. Contents of annual reports.

The annual report of the county superintendent of education shall contain the complete statistics of all schools within his county supported in whole or in part from the public funds, as may be required of him by the State Superintendent of Education.

HISTORY: 1962 Code Section 21-91; 1952 Code Section 21-91; 1942 Code Section 5306; 1932 Code Section 5313; Civ. C. '22 Section 2570; Civ. C. '12 Section 1721; Civ. C. '02 Section 1190: 1896 (22) 150

No school in any school district shall continue open a longer period of time than that fixed by (a) the board of trustees in the district in which such school is located or (b) the county board of education in any county which may operate under a county unit plan. No school shall receive any benefits under the provisions of Section 59-21-20 which does not have the minimum average daily attendance for the previous scholastic year, or for the current scholastic year, fixed in the schedules below.  In three-teacher high schools the minimum average daily attendance shall be 48;		Repeal entire	e statute.	

in four-teacher high schools the minimum average daily attendance shall be 68; in five-teacher high schools the minimum average daily attendance shall be 90; in six-teacher high schools the minimum average daily attendance shall be 114; in seven-teacher high schools the minimum average daily attendance shall be 140; in eight-teacher high schools the minimum average daily attendance shall be 168; in nine-teacher high schools the minimum average daily attendance shall be 198; in ten-teacher high schools the minimum average daily attendance shall be 230; in eleven-teacher high schools the minimum average daily attendance shall be 264; in twelve-teacher high schools the minimum average daily attendance shall be 300; and in all high schools with more than twelve teachers the minimum average daily attendance shall be 26 pupils for each teacher.

In one-teacher elementary schools the minimum average daily attendance shall be 17; in two-teacher elementary schools the minimum average daily attendance shall be 36; in three-teacher elementary schools the minimum average daily attendance shall be 60; in four-teacher elementary schools the minimum average daily attendance shall be 84; in five-teacher elementary schools the minimum average daily attendance shall be 110; in six-teacher elementary schools the minimum average daily attendance shall be 138; in seven-teacher elementary schools the minimum average daily attendance shall be 168; in eight-teacher elementary schools the minimum average daily attendance shall be 200; in nineteacher elementary schools the minimum average daily attendance shall be 234; and in all elementary schools with more than nine teachers the minimum average daily attendance shall be 26 pupils per teacher. In addition to the number of teachers a district is entitled to under the above schedule, a district shall receive benefits to pay additional teachers, high or elementary, according to the excess average daily attendance in each school, such excess to be added together by level. The high school excess average daily attendance shall be divided by 26 and the elementary excess average daily attendance by 26. Each district shall receive benefits for the salaries resulting from such excess, provided that the school board of trustees shall not employ a teacher in any school based on the average daily attendance of another school within the district.

Law	Summary of Current Law(s) and Recommend	ed Change(s)	Basis for Recommendation	Approval and Others Impacted	

Section 59-26-20. Duties of State Board of Education and Commission on Higher Education. <u>Current Law</u>: This section outlines the various goals and responsibilities of the State Board of Education and the Commission on Higher Education in terms of the preparation, certification, and evaluation of public educators.

#### Recommendation:

- Review all sections of §59-26-20 for currency.
- Add a provision that all educator preparation providers and programs must be approved and evaluated (both traditional and alternative).
- Update language to reflect current norms (e.g., training program vs. preparation program).
- Repeal sections (e) through (g). The State no longer administers a basic skills assessment but has adopted assessments for this purpose under §59-26-30.
- Review §59-26-20 (j) and requirements for South Carolina teacher loan program.

The current language of the statute only addresses undergraduate and graduate level educator preparation programs in colleges and universities and does not address program approval standards and evaluation of alternative route programs. Additionally, the State no longer administers a basic skills assessment to teacher candidates. The SBE has adopted a basic skills examination under \$59-26-30.

<u>Presented and approved by agency's</u> governing body: N/A

If the law is a regulation, where agency is in the process of finalizing it and providing it to the General Assembly: N/A

# **Current Law Wording**

The State Board of Education, through the State Department of Education, and the Commission on Higher Education shall:

- (a) develop and implement a plan for the continuous evaluation and upgrading of standards for program approval of undergraduate and graduate education training programs of colleges and universities in this State;
- (b) adopt policies and procedures which result in visiting teams with a balanced composition of teachers, administrators, and higher education faculties;
- (c) establish program approval procedures which shall assure that all members of visiting teams which review and approve undergraduate and graduate education programs have attended training programs in program approval procedures within two years prior to service on such teams;
- (d) render advice and aid to departments and colleges of education concerning their curricula, program approval standards, and results on the examinations provided for in this chapter;
- (e) adopt program approval standards so that all colleges and universities in this State that offer undergraduate degrees in education shall require that students successfully complete the basic skills examination that is developed in compliance with this chapter before final admittance into the undergraduate teacher education program. These program approval standards shall include, but not be limited to, the following:

## Proposed Revisions to Law Wording

The agency provides no suggestions for proposed revisions to wording other than recommendations above.

- (1) A student initially may take the basic skills examination during his first or second year in college.
- (2) Students may be allowed to take the examination no more than four times.
- (3) If a student has not passed the examination, he may not be conditionally admitted to a teacher education program after December 1, 1996. After December 1, 1996, any person who has failed to achieve a passing score on all sections of the examination after two attempts may retake for a third time any test section not passed in the manner allowed by this section. The person shall first complete a remedial or developmental course from a post-secondary institution in the subject area of any test section not passed and provide satisfactory evidence of completion of this required remedial or developmental course to the State Superintendent of Education. A third administration of the examination then may be given to this person. If the person fails to pass the examination after the third attempt, after a period of three years, he may take the examination or any sections not passed for a fourth time under the same terms and conditions provided by this section of persons desiring to take the examination for a third time.

Provided, that in addition to the above approval standards, beginning in 1984-85, additional and upgraded approval standards must be developed, in consultation with the Commission on Higher Education, and promulgated by the State Board of Education for these teacher education programs.

- (f) administer the basic skills examination provided for in this section three times a year;
- (g) report the results of the examination to the colleges, universities, and student in such form that he will be provided specific information about his strengths and weaknesses and given consultation to assist in improving his performance;
- (h) adopt program approval standards so that all colleges and universities in this State that offer undergraduate degrees in education shall require that students pursuing courses leading to teacher certification successfully complete one semester of student teaching and other field experiences and teacher development techniques directly related to practical classroom situations;
- (i) adopt program approval standards whereby each student teacher must be evaluated and assisted by a representative or representatives of the college or university in which the student teacher is enrolled. Evaluation and assistance processes shall be locally developed or selected by colleges or universities in accordance with State Board of Education regulations. Processes

shall evaluate and assist student teachers based on the criteria for teaching effectiveness developed in accordance with this chapter. All college and university representatives who are involved in the evaluation and assistance process shall receive appropriate training as defined by State Board of Education regulations. The college or university in which the student teacher is enrolled shall make available assistance, training, and counseling to the student teacher to overcome any identified deficiencies;

(i) the Commission on Higher Education, in consultation with the State Department of Education and the staff of the South Carolina Student Loan Corporation, shall develop a loan program in which talented and qualified state residents may be provided loans to attend public or private colleges and universities for the sole purpose and intent of becoming certified teachers employed in the State in areas of critical need. Areas of critical need shall include both geographic areas and areas of teacher certification and must be defined annually for that purpose by the State Board of Education. The definitions used in the federal Perkins Loan Program shall serve as the basis for defining "critical geographical areas", which shall include special schools, alternative schools, and correctional centers as identified by the State Board of Education. The recipient of a loan is entitled to have up to one hundred percent of the amount of the loan plus the interest canceled if he becomes certified and teaches in an area of critical need. Should the area of critical need in which the loan recipient is teaching be reclassified during the time of cancellation, the cancellation shall continue as though the critical need area had not changed. Additionally, beginning with the 2000-2001 school year, a teacher with a teacher loan through the South Carolina Student Loan Corporation shall qualify, if the teacher is teaching in an area newly designated as a critical needs area (geographic or subject, or both). Previous loan payments will not be reimbursed. The Department of Education and the local school district are responsible for annual distribution of the critical needs list. It is the responsibility of the teacher to request loan cancellation through service in a critical needs area to the Student Loan Corporation by November first.

Beginning July 1, 2000, the loan must be canceled at the rate of twenty percent or three thousand dollars, whichever is greater, of the total principal amount of the loan plus interest on the unpaid balance for each complete year of teaching service in either an academic critical need area or in a geographic need area. The loan must be canceled at the rate of thirty-three and one-third percent, or five thousand dollars, whichever is greater, of the total principal amount of the loan plus interest on the unpaid balance for each complete year of teaching service in both an academic critical need area and a geographic need area. Beginning July 1, 2000, all loan recipients teaching in the public schools of South Carolina but not in an academic or geographic critical need area are to be charged

an interest rate below that charged to loan recipients who do not teach in South Carolina.

Additional loans to assist with college and living expenses must be made available for talented and qualified state residents attending public or private colleges and universities in this State for the sole purpose and intent of changing careers in order to become certified teachers employed in the State in areas of critical need. These loan funds also may be used for the cost of participation in the critical needs certification program pursuant to Section 59-26-30(A)(8). Such loans must be cancelled under the same conditions and at the same rates as other critical need loans.

In case of failure to make a scheduled repayment of an installment, failure to apply for cancellation of deferment of the loan on time, or noncompliance by a borrower with the intent of the loan, the entire unpaid indebtedness including accrued interest, at the option of the commission, shall become immediately due and payable. The recipient shall execute the necessary legal documents to reflect his obligation and the terms and conditions of the loan. The loan program, if implemented, pursuant to the South Carolina Education Improvement Act, is to be administered by the South Carolina Student Loan Corporation. Funds generated from repayments to the loan program must be retained in a separate account and utilized as a revolving account for the purpose that the funds were originally appropriated. Appropriations for loans and administrative costs incurred by the corporation are to be provided in annual amounts, recommended by the Commission on Higher Education, to the State Treasurer for use by the corporation. The Education Oversight Committee shall review the loan program annually and report to the General Assembly.

Notwithstanding another provision of this item:

- (1) For a student seeking loan forgiveness pursuant to the Teacher Loan Program after July 1, 2004, "critical geographic area" is defined as a school that:
  - (a) has an absolute rating of below average or unsatisfactory;
- (b) has an average teacher turnover rate for the past three years that is twenty percent or higher; or
- (c) meets the poverty index criteria at the seventy percent level or higher.
- (2) After July 1, 2004, a student shall have his loan forgiven based on those schools or districts designated as critical geographic areas at the time of employment.
- (3) The definition of critical geographic area must not change for a student who has a loan, or who is in the process of having a loan forgiven before July 1, 2004.
- (k) for special education in the area of vision, adopt program approval standards for initial certification and amend the approved program of specific

course requirements for adding certification so that students receive appropriate training and can demonstrate competence in reading and writing braille;

- (I) adopt program approval standards so that students who are pursuing a program in a college or university in this State which leads to certification as instructional or administrative personnel shall complete successfully training and teacher development experiences in teaching higher order thinking skills;
- (m) adopt program approval standards so that programs in a college or university in this State which lead to certification as administrative personnel must include training in methods of making school improvement councils an active and effective force in improving schools;
- (n) the Commission on Higher Education in consultation with the State Department of Education and the staff of the South Carolina Student Loan Corporation, shall develop a Governor's Teaching Scholarship Loan Program to provide talented and qualified state residents loans not to exceed five thousand dollars a year to attend public or private colleges and universities for the purpose of becoming certified teachers employed in the public schools of this State. The recipient of a loan is entitled to have up to one hundred percent of the amount of the loan plus the interest on the loan canceled if he becomes certified and teaches in the public schools of this State for at least five years. The loan is canceled at the rate of twenty percent of the total principal amount of the loan plus interest on the unpaid balance for each complete year of teaching service in a public school. However, beginning July 1, 1990, the loan is canceled at the rate of thirty-three and one-third percent of the total principal amount of the loan plus interest on the unpaid balance for each complete year of teaching service in both an academic critical need area and a geographic need area as defined annually by the State Board of Education. In case of failure to make a scheduled repayment of any installment, failure to apply for cancellation or deferment of the loan on time, or noncompliance by a borrower with the purpose of the loan, the entire unpaid indebtedness plus interest is, at the option of the commission, immediately due and payable. The recipient shall execute the necessary legal documents to reflect his obligation and the terms and conditions of the loan. The loan program must be administered by the South Carolina Student Loan Corporation. Funds generated from repayments to the loan program must be retained in a separate account and utilized as a revolving account for the purpose of making additional loans. Appropriations for loans and administrative costs must come from the Education Improvement Act of 1984 Fund, on the recommendation of the Commission on Higher Education to the State Treasurer, for use by the corporation. The Education Oversight Committee shall review this scholarship loan program annually and report its findings and recommendations to the General Assembly. For purposes of this item, a 'talented and qualified state resident' includes freshmen students who graduate in the top ten percentile of their high school

class, or who receive a combined verbal plus mathematics Scholastic Aptitude Test score of at least eleven hundred and enrolled students who have completed one year (two semesters or the equivalent) of collegiate work and who have earned a cumulative grade point average of at least 3.5 on a 4.0 scale. To remain eligible for the loan while in college, the student must maintain at least a 3.0 grade point average on a 4.0 scale.

Current Law Wording		Proposed Revisions to Law Wording		
Cognitive assessments for teachers and teacher certification; examinations; regulations.  (A) In the area of cognitive assessments for teachers and teacher certification, the State Board of Education, acting through the State Department of Education, shall:  (1) adopt a basic skills examination in reading, writing, and mathematics that is suitable for determining whether students may be admitted fully into an undergraduate teacher education program. The examination must be designed so that results are reported in a form that shall provide colleges, universities, and students with specific information about his strengths and weaknesses. Procedures, test questions, and information from existing examinations must be validated in accordance with current legal requirements. The passing score on the examination shall be set at a level that reflects the degree of competency in the		The agency p	orovides no suggestions for propose	d revisions to wording.

basic skills that, in the judgment of the State Board of Education, a prospective school teacher reasonably is expected to achieve;

- (2) adopt nationally recognized teaching examinations that measure the cognitive teaching area competencies desired for initial job assignments in typical elementary and secondary schools in this State. The examinations shall contain a minimum amount of common or general knowledge questions. They shall be designed so that results are reported in a form that provide a student with specific information about the student's strengths and weaknesses. Procedures, test questions, and information from existing examinations and lists of validated teacher competencies are used to the maximum extent in the development of the examinations. An examination that is completely developed by an organization other than the special project may be considered for use as a whole only if the State Board of Education concludes that the development and maintenance of a specific area test is impractical or would necessitate exorbitant expenses. The examinations must be validated. The teaching examinations must be developed or selected only for those areas in which State Board of Education approved area examinations are not available;
- (3) use nationally recognized specific teaching area examinations approved by the State Board of Education for certification purposes. The qualifying scores on the area examinations shall be set at the same level at which they are now set. The State Board of Education shall examine these levels to determine if adjustments are required. Periodic examinations shall be made to assure the validity of qualifying scores. The qualifying scores may be adjusted if new legal requirements or validity studies indicate the adjustments are necessary. In an area in which an area teaching examination approved by the State Board of Education is not available, the state board shall use the teaching examinations developed in accordance with this section for certification purposes as soon as those examinations are prepared, validated, and ready for use;
- (4) report the results of the teaching examinations to the student in written form that provides specific information about the student's strengths and weaknesses. Every effort must be made to report the results of the area examinations and common examinations in written form that provides specific information about the student's strengths and weaknesses;
- (5) report to each teacher training institution in the State the performance of the institution's graduates on the teaching examinations. The report to the institution must be in a form that assists the institution in further identifying strengths and weaknesses in its teacher training programs;
- (6) provide for the security and integrity of the tests that are administered under the certification program as currently provided by the State Department of Education;

- (7) award a teaching certificate to a person who successfully completes the scholastic requirements for teaching at an approved college or university and the examination he is required to take for certification purposes;
- (8) award a conditional teaching certificate to a person eligible to hold a teaching certificate who does not qualify for full certification under item (7) above provided the person has earned a bachelor's degree from an accredited college or university with a major in a certification area for which the board has determined there exists a critical shortage of teachers, and the person has passed the appropriate teaching examination. The board may renew a conditional teaching certificate annually for a maximum of three years, if the holder of the certificate shows satisfactory progress toward completion of a teacher certification program prescribed by the board. In part, satisfactory progress is the progress that the holder of a conditional certificate should complete the requirements for full certification within three years of being conditionally certified;
- (9) promulgate regulations and procedures whereby course credits that may be applied to the recertification requirements of all public school teachers are earned in courses that are relevant to the area in which the teacher is recertified.
- (B) For purposes of assisting, developing, and evaluating professional teaching, the State Board of Education acting through the State Department of Education shall:
- (1) adopt a set of state standards for teaching effectiveness which shall serve as a foundation for the processes used for assisting, developing, and evaluating teacher candidates, as well as teachers employed under induction, annual, or continuing contracts;
- (2) promulgate regulations to be used by colleges and universities for evaluating and assisting teacher candidates. Evaluation and assistance programs developed or adopted by colleges or universities must include appropriate training for personnel involved in the process. Teacher candidates must be provided with guidance and assistance throughout preparation programs, as well as provided with formal written feedback on their performance during their student teaching assignments with respect to state standards for teaching effectiveness;
- (3) promulgate regulations to be used by local school districts for providing formalized induction programs for teachers employed under induction contracts. Induction programs developed or adopted by school districts must provide teachers with comprehensive guidance and assistance throughout the school year, as well as provide teachers with formal written feedback on their strengths and weaknesses relative to state standards for teaching effectiveness;
- (4) promulgate regulations to be used by local school districts for evaluating and assisting teachers employed under annual contracts. Formal evaluation processes developed or adopted by school districts must address legal and technical requirements for teacher evaluation and must assess typical teaching

performance relative to state standards for teaching effectiveness. Evaluation results must be provided in writing and appropriate assistance must be provided when weaknesses in performance are identified;

- (5) promulgate regulations to be used by local school districts for conducting evaluations of teachers employed under continuing contracts. Continuing contract teachers must be evaluated on a continuous basis. At the discretion of the local school district, evaluations for individual teachers may be formal or informal. Formal evaluation processes developed or adopted by school districts must address legal and technical requirements for teacher evaluation and must assess typical teaching performance relative to state standards for teaching effectiveness. Evaluation results must be provided in writing and appropriate assistance must be provided when weaknesses in performance are identified. Informal evaluations must be conducted with a goals-based process that requires teachers to continuously establish and accomplish individualized professional development goals. Goals must be established by the teacher in consultation with a building administrator and must be supportive of district strategic plans and school renewal plans;
- (6) promulgate regulations so that college, university, and school district strategies, programs, and processes for assisting, developing, and evaluating teachers pursuant to this section must be approved by the State Board of Education. Regulations also must establish procedures for conducting periodic evaluations of the quality of the strategies, programs, and processes adopted by school districts and institutions of higher education in implementing the provisions of this chapter in order to provide a basis for refining and improving the programs for assisting, developing, and evaluating teacher candidates and teachers on induction, annual, and continuing contracts, planning technical assistance, and reporting to the General Assembly on the impact of the comprehensive system for training, certification, initial employment, evaluation, and continuous professional development of public educators in this State; (7) promulgate regulations that establish procedures for the State Department of Education to provide colleges, universities, and school districts with ongoing technical assistance for assisting, developing, and evaluating teachers pursuant to this section:
- (8) promulgate regulations and procedures so that school districts shall report to the State Department of Education teacher evaluation results and teaching contract decisions on an annual basis. The State Department of Education shall maintain this information and make it available to colleges, universities, and school districts upon request;
- (9) beginning with the 1997-98 school year, the Assessments of Performance in Teaching (APT) must not be used to evaluate student teachers. Until regulations promulgated pursuant to this section become effective, colleges and universities

shall evaluate and assist teacher candidates in accordance with State Board of Education guidelines; and

(10) during the 1997-98 school year, the APT must not be required for evaluating induction contract teachers. During this year, if school districts are ready to implement a formal induction program for induction contract teachers as required by this section, they may do so. If school districts are not ready to implement such a program, they must progress toward developing or adopting a program to be implemented beginning with the 1998-99 school year. In this circumstance, school districts may use the APT. Beginning with the 1998-99 school year, a school district may not use the APT for evaluating induction contract teachers. Until regulations promulgated pursuant to this section become effective, school district strategies, programs, and processes for assisting, developing, and evaluating teachers must be developed, adopted, and implemented in accordance with State Board of Education guidelines.

military or naval ROTC program sponsored by one of the military services of the United States, training in such a program must be considered to be the equivalent of physical education instruction and must be accepted in lieu of such instruction for all purposes, academic or nonacademic, as may hereinafter be provided. Additionally, in a public school that offers instruction in marching band based on the South Carolina Academic Standards for the Visual and Performing Arts and that incorporates the South Carolina Academic Standards for Physical Education, this instruction must be considered to be the equivalent of physical education instruction and must be accepted in lieu of physical education instruction for all purposes; provided the district first shall submit a plan to the department documenting that all South Carolina Academic Standards for Physical Education are met in the proposed marching band instruction, and upon approval of the plan by the department, this instruction may be offered and considered to be the equivalent of physical education instruction.

- (B) A student may be exempted from physical education requirements by seeking a waiver from the local school board of trustees. The local board may grant such a request based on the following criteria:
- (1) The student must present a statement by his attending physician indicating that participation in physical education will jeopardize the student's health and well-being; or
- (2)(a) The parent and student must show that the student's attending physical education classes will violate their religious beliefs and would not be merely a matter of personal objection; and
- (b) the parent or student must be members of a recognized religious faith that objects to physical education as part of its official doctrine or creed.

The local board shall encourage the student to take, as an alternative to physical education, appropriate instruction in health education or other instruction in lifestyle modification if an exemption is granted pursuant to this section.

Current Law Wording		Proposed Re	visions to Law Wording		

#### B. Definitions

1. The Principal Induction Program is a yearlong program (July to June) of support and professional development for new principals in which instructional leadership skills, use of effective schools research, and planning for curricular improvement through the analysis of test scores are central components of the curriculum.

#### C. Participation

- 1. Beginning with the school year 1999-2000, any person appointed to serve for the first time as a building level principal, director of a specialized education unit, or occupational education center director must participate in the Principal Induction Program.
- 2. Principals appointed after the Principal Induction Program Summer Institute held for a week in July must participate in a make-up session in September and in Induction Program activities for the remainder of that school year.

#### D. Program Design and Content

The Principal Induction Program must consist of New Principals' Academy activities provided by the State Department of Education and school district orientation activities provided by the individual school districts as follows:

- 1. The combination of time for New Principals' Academy and district activities must not be less than twelve days: five days for the New Principals' Academy Summer Institute, three days for New Principals' Academy follow-up meetings, two days for district orientation activities, and two days for professional development related to the individual new principal's Professional Development Plan.
- 2. Districts developing their own program in lieu of the program offered by the Leadership Academy must secure approval of the program from the South Carolina Leadership Academy.
- 3. Each district must design a district orientation for new principals. Activities should include, but are not limited to, fiscal/budgetary policies and procedures, plant maintenance procedures, special education policies, student support services, outside agencies available in the district, curriculum requirements and resources, human resource policies and procedures, including ADEPT, and instruction on the Principal Evaluation Program criteria and standards.
- 4. The Leadership Academy must design a curriculum for the New Principals' Academy program. The New Principals' Academy curriculum should include, but is not limited to, planning, developing, and implementing a standards-driven system, instructional leadership skills, use of effective schools research, analysis of test scores for curricular improvement, school culture, school management, planning for school improvement, public relations, and/or planning for professional development.
- 5. Each new principal must be assigned a mentor principal from another nearby school district to provide support, information, and feedback. The mentor will assist

#### B. Definitions

1. The Principal Induction Program is a yearlong program (July to June) of support and professional development for new principals in which instructional leadership skills, use of effective schools research, and planning for curricular improvement through the analysis of test scores alignment of curriculum, instruction, and assessment to student progress are central components of the curriculum.

#### C. Participation

- 1. Beginning with the school year 1999 2000, a-Any person appointed to serve for the first time as a building level principal, director of a specialized education unit, or occupational education career and technology center director must participate in the Principal Induction Program.
- 2. Principals appointed after the Principal Induction Program <u>sessions in Summer Institute held for a week in July must participate in a make-up session in September and in Induction Program activities for the remainder of that school year.</u>

#### D. Program Design and Content

The Principal Induction Program must consist of New Principals' Academy activities provided by the State Department of Education and school district orientation activities provided by the individual school districts as follows:

- 1. The combination of time for New Principals' Academy and district activities must not be less than twelve days: five days for the New Principals' Academy Summer Institute, three days for New Principals' Academy follow up meetings eight days for the New Principals' Academy, two days for district orientation activities, and two days for professional development related to the individual new principal's Professional Development Plan.
- 2. Districts developing their own program in lieu of the program offered by the Leadership Academy must secure approval of the program from the South Carolina Leadership Academy. State Department of Education.
- 3. Each district must design a district orientation for new principals. Activities should include, but are not limited to, fiscal/budgetary policies and procedures, plant facility maintenance procedures, special education policies, student support services, outside agencies available in the district, curriculum requirements and resources, human resource policies and procedures, including ADEPT, and instruction on the Principal Evaluation Program criteria and standards.
- 4. The <u>Leadership Academy State Department of Education</u> must design a curriculum for the New Principals' Academy program. The New Principals' Academy curriculum should include, but is not limited to, planning, developing, and implementing a standardsdriven system, instructional leadership skills, use of effective schools research, analysis of test scores for curricular improvement alignment of curriculum, instruction, and

the protege in developing, refining, and implementing the protege's Professional Development Plan based on the protege's individual needs and the needs of the school as specified in the School Improvement Report. Mentors will be reimbursed travel costs at the state rate.

- 6. The Leadership Academy will train mentors for their role, Mentor responsibilities include calling and visiting the assigned new principal and having the new principal visit the mentor's school.
- 7. Each new principal will receive an on-site visit during the fall and one during the spring from a member of the South Carolina Leadership Academy staff to provide coaching, technical assistance, and feedback related to school leadership.
- 8. New principals may earn three hours of recertification credit if course requirements for attendance and participation are met.
- E. Fiscal and Technical Requirements
- 1. The State Department of Education will pay for all training costs related to the New Principals' Academy. The district will be responsible for costs related to the district orientation and for participants' travel costs.
- 2. Reimbursement for mentor travel expenses will be made in accordance with the established State Department of Education fiscal policies.
- F. Reporting Requirements
- 1. Each district superintendent will notify the South Carolina Leadership Academy of the appointment of new principals within two weeks of the appointment by the local board of school trustees.
- 2. Principals appointed after the make-up session must participate in the remaining Principal Induction Program activities for that school year and/or the New Principals' Academy Summer Institute the following year.
- 3. Each district superintendent will submit the names of experienced principals to serve as mentors when requested to do so by the Leadership Academy.
- 4. Each district will conduct evaluations for the district orientation and use the results to modify the orientation on an annual basis.
- G. Additional Leadership Academy Responsibilities
- 1. The Leadership Academy will maintain a database of mentors nominated by the district superintendents and will assign mentors for new principals based on school level and proximity.
- 2. The Leadership Academy will maintain a database of new principals for each school year to provide information about program activities for all new principals.
- 3. The Leadership Academy will conduct evaluations for each part of the New Principals' Academy and use the results to modify the program on an annual basis.

### Agency: South Carolina Department of Education

Name of organizational unit				
	Office of the Superintendent	Chief of Staff	Chief Finance Office	Communications
Purpose of organizational unit	To carry out the duties of the State Superintendent of Education established in Article XI, Section 2 of the South Carolina Constitution which includes providing support and advocating on behalf of students, educators, and parents in South Carolina.	During fiscal year 2018-2019, the SCDE did a reorganization and the Chief of Staff Office was dissolved.	The Office of Finance is dedicated to ensuring that we service school districts, vendors and other state entities' financial needs and to support education for the benefit of the citizens of South Carolina.	Respond to and engage students, parents, educators, education stakeholders, news media, and South Carolina Citizens regarding education issues and agency

### Agency: South Carolina Department of Education

	Adult Education (Division of Educator, Community, and Federal Resources)	Educator Effectiveness and Leadership Development (Division of Educator, Community, and Federal Resources)
Purpose of organizational unit	The mission of adult education in South Carolina is to 1) assist adults in becoming literate and obtaining the knowledge and skills necessary for employment and self-sufficiency, 2) assist adults who are parents to obtain the educational skills necessary for them to become full partners in the educational development of their children, and 3) assist adults in the completion of a secondary-school education.	The Office of Educator Effectiveness and Leadership development is guided by our belief that every student deserves effective teachers and leaders who are committed to all students' readiness for college, career, and citizenship. Our mission is to provide a continuum of personalized, competency-driven resources and professional learning to advance educator effectiveness and leadership capacity.

ency Comments  Additional comments from agency (optional)		Approximately 93% of funds allocated to the SCDE are considered pass through funds. Specifically, this means that although the funds are appropriated to the SCDE, once those funds are released to the SCDE, the Chief Finance Office immediately pays out those funds to other state agencies, colleges and/or universities, school districts or counties/local governments, and third party organizations as directed by law. Therefore, because this deliverable is in reference only to payments made to the specific entity listed above, there we no amount generated from providing this deliverable.

	Visit districts to ensure fiscal stability and compliance, provide technical assistance, and issue declarations when
	necessary.
	Chief Finance Office (Office of Finance)
	The State Department of Education shall work with district superintendents and finance officers to develop and adopt
	statewide program with guidelines for: (1) identifying fiscal practices and budgetary conditions that, if uncorrected, co
	compromise the fiscal integrity of a school district; and (2) advising a district identified under item (1) to take appropri
	corrective actions. (Section 59-20-90).

Acons Commonts		
Agency Comments  Additional comments from agency (optional)		To reduce repetition, this note applies to all deliverables regarding a system of free public schools and other public institutions of learning
Additional comments from agency (optional)		In reference to if the law prohibits customers being charged for the deliverable, it should be noted that the below article is not listed
		within this section of the deliverables chart because no specifics are mentioned within. Instead, this is a broad statement which the SCDE
		fully complies with, but did not feel the need to include this section as a cite for the specifics of the question above.
		Article XI – Public Education
		§ 3. System of free public schools and other public institutions of learning. The General Assembly shall provide for the maintenance and support of a system of free public schools open to all children in the State and shall establish, organize and support such other public
		institutions of learning, as may be desirable. (1972 (57) 3193; 1973 (58) 44.)

iverable Item number		18
Item number Associated laws		10
Does state or federal law specifically require this deliverable?		No
Deliverable description		Respond to and engage students, parents, educators, education stakeholders, and South Carolina Citizens regarding
		education issues and agency initiatives.
Responsible organizational unit (primary)		Office of Communications
ults Sought		
Does the legislature state intent, findings, or purpose?		No
What is specific outcome sought in law OR, if not in law, specific		Provide the ability for all students, parents, educators, education stakeholders, and South Carolina citizens to voice
outcome agency seeks by providing the deliverable?		questions and concerns so that the SCDE can properly respond.
Associated performance measure item numbers, if any		Unknown
tomer Details		
Customer description		Students of South Carolina; Parents; Educators; Education Stakeholders; General Public; Schools; School Districts
Does the agency evaluate customer satisfaction?		No
Counties served in last completed fiscal year		All
Number of customers served in last completed FY		Unknown
Percentage change in customers served predicted for current FY Maximum number of potential customers, with unlimited resources	2018-19	Unknown All South Carolina citizens
waximum number of potential customers, with unlimited resources		All South Carolina Citizens
ts Provided and Amounts Charged to Customers		
Description of a single deliverable unit		Engagement or response to news media occurred.
Number of units provided		Unknown
	2016-17	Unknown
Does law prohibit charging the customer for the deliverable?	2015-16	Unknown No
	provide law	No applicable law
	2016-17	No
If yes,	provide law	No applicable law
If you	2015-16 provide law	No No applicable law
Amount charged to customer per deliverable unit		\$0.00
	2016-17	\$0.00
	2015-16	\$0.00

Item number Associated laws		23
Associated laws		
Does state or federal law specifically require this deliverable?		No
Deliverable description		Provide legal support and advice regarding all federal programs housed within the SCDE.
Responsible organizational unit (primary)		Office of General Counsel (Division of LA)
ula Carrela	ì	
ults Sought  Does the legislature state intent, findings, or purpose?		No No
What is specific outcome sought in law OR, if not in law, specific		Ensure compliance with all rules and regulations regarding federal and state programs.
outcome agency seeks by providing the deliverable?		Erisure compliance with all rules and regulations regarding reder at and state programs.
outcome agency seeks by providing the deliverable:		
Associated performance measure item numbers, if any		Unknown
tomer Details		
Customer description		Superintendent of Education; SCDE Employees
6 4	2047	Le Company of the Com
Does the agency evaluate customer satisfaction?		No all
Counties served in last completed fiscal year Number of customers served in last completed FY		All
		Unknown
Percentage change in customers served predicted for current FY Maximum number of potential customers, with unlimited resources	2016-19	Unknown Unknown
Maximum number of potential customers, with unlimited resources		OTIVITOWIT
ts Provided and Amounts Charged to Customers	ì	
Description of a single deliverable unit		Legal support and advice was provided.
bescription of a single deliverable unit		Legar support and davice was provided.
Number of units provided	2017-18	Does not track
	2016-17	Does not track
	2015-16	Does not track
Does law prohibit charging the customer for the deliverable?		No
If yes,	, provide law	No applicable law
	2016-17	No .
If yes,	provide law	No applicable law
If yes	2015-16 provide law	No No applicable law

iverable Item number		24
Item number Associated laws		24
Associated laws		
Does state or federal law specifically require this deliverable?		No
Deliverable description		Provide due process hearings to resolve disputes involving agency decisions, including proper handling of state and
		federal moneys.
Responsible organizational unit (primary)		Office of General Counsel (Division of LA)
responsible organizational unit (primary)		office of deficial counser (bivision of EA)
ults Sought	i	
Does the legislature state intent, findings, or purpose?		No
What is specific outcome sought in law OR, if not in law, specific		Ensure compliance with all rules and regulations regarding federal and state programs.
outcome agency seeks by providing the deliverable?		
Associated performance measure item numbers, if any		Unknown
tomer Details	1	
Customer description		Schools; School Districts; Parents; SCDE Employees
Does the agency evaluate customer satisfaction?		No .
Counties served in last completed fiscal year Number of customers served in last completed FY		Unknown
Percentage change in customers served in last completed FY		Unknown Unknown
Maximum number of potential customers, with unlimited resources	2010-19	Unknown
maximum number of potential castomers, with animited resources		S. INITOWN
ts Provided and Amounts Charged to Customers	İ	
Description of a single deliverable unit		Due process hearing occurred because of improper handling of state or federal moneys.
Number of units provided	2017-18	Unknown Unknown
	2015-16	Unknown
Does law prohibit charging the customer for the deliverable?		No

Does state or federal law specifically require this deliverable?		Yes
Deliverable description		Administer and provide support, training, and monitoring to recipients of the
		federally funded 21st CCLC grant program.
Responsible organizational unit (primary)		Student Intervention Services (Division of ECFR)
, , , , , , , , , , , , , , , , , , , ,		,
sults Sought		
Does the legislature state intent, findings, or purpose?		No
What is specific outcome sought in law OR, if not in law, specific		Allow for partnerships between community based organizations and the SCDE to
outcome agency seeks by providing the deliverable?		form.
Associated performs		Halmour
Associated performance measure item numbers, if any		Unknown
stomer Details		
Customer description		School Districts, Community-Based organizations, For-Profits organizations,
		Institutions of Higher Education
Does the agency evaluate customer satisfaction?	2017-18	No
Counties served in last completed fiscal year Number of customers served in last completed FY	2017-18 2017-18	All 120
Percentage change in customers served predicted for current FY	2017-18	Unknown
Maximum number of potential customers, with unlimited resources	2010 15	150
,		
its Provided and Amounts Charged to Customers		
Description of a single deliverable unit		Training provided or grant funded and monitored.
Number of units provided	2017-18	123 120
	2016-17	120
Does law prohibit charging the customer for the deliverable?		No No
	provide law	No applicable law
	2016-17	No
If yes,	provide law	No applicable law
If yes	2015-16 provide law	No No applicable law
Amount charged to customer per deliverable unit		\$0.00

Deliverable description		Provide district support, training, and/or monitoring of Education and Economic Development Act grants, Altern School Programs, South Carolina Occupational Information System, and other initiatives which address student
		behavior and discipline.
Responsible organizational unit (primary)		Student Intervention Services (Division of ECFR)
ults Sought		
Does the legislature state intent, findings, or purpose?		Yes
What is specific outcome sought in law OR, if not in law, specific outcome agency seeks by providing the deliverable?		It is, therefore, the intent of this article to encourage district school boards throughout the State to establish alternative school programs. These programs shall be designed to provide appropriate services to students who behavioral or academic reasons are not benefiting from the regular school program or may be interfering with t learning of others. It is further the intent of this article that cooperative agreements may be developed among school districts in order to implement innovative exemplary programs. (Section 59-63-1300).

Agency Comments		
Agency Comments  Additional comments from agency (optional)		The electronic certification system houses all educator certification data and includes an internal interface through which agency personnel
Additional comments from agency (optional)		process all educator certification requests, store documentation related to all educator requests and credential history, issue certificates and
		certificate upgrades, track progress of alternative route participants, and maintain educator experience records. The system includes a district
		portal for the use of authorized district personnel with responsibilities for the initial and ongoing employment, assignment, and certificate renewa
		of educators. The system also provides an educator portal to view certification status and a public look-up to verify credential status of educators
		employed in public school districts. Operation and enhancements to the current system are the responsibility of an IT contractor (.5 FTE in FY 15-1
		1.0 FTE in FY 16-17 and 17-18). Costs associated with Educator Services do not include those expenses related to the servers and technical
		infrastructure. Beginning with FY 17-18, has begun on the development of a new compensation and certification system by a contracted vendor.
		The new system is slated for completion in FY 19-20.

Deliverable		
Item number		45
Associated laws		43-237.1; 59-16-50; 59-33-330; 59-33-340
Does state or federal law specifically require this deliverable? Deliverable description		Yes Provide the following services: verification of secondary school completion; copies and replacements or high school equivalency diplomas; copies and replacements or high school equivalency diploma transcripts.
Responsible organizational unit (primary)		Adult Education (Division of ECFR)
Results Sought  Does the legislature state intent, findings, or purpose?		
What is specific outcome sought in law OR, if not in law, specific outcome agency seeks by providing the deliverable?		The State Board of Education is also responsible for the administration, coordination, and management of adult basic a adult secondary (GED, alternate testing, and high school diploma) education for the purpose of facilitating and coordinating adult basic and adult secondary (GED, alternate testing, and high school diploma) education programs for South Carolina adults whose level of educational attainment is below high school, as prescribed by state and federal la and regulations. (Section 59-43-20 (B)).
Associated performance measure item numbers, if any		Unknown

What is specific outcome sought in law OR, if not in law, specific		Ensure all mail flowing through the agency is delivered and received as well as handling the printing needs of the age
outcome agency seeks by providing the deliverable?		
, , , , ,		
Associated performance measure item numbers, if any		Unknown
istomer Details		
Customer description		SCDE Employees
Does the agency evaluate customer satisfaction?		No
Counties served in last completed fiscal year		All
Number of customers served in last completed FY		1
Percentage change in customers served predicted for current FY	2018-19	0.00%
Maximum number of potential customers, with unlimited resources		1
nits Provided and Amounts Charged to Customers		
Description of a single deliverable unit		Print job completed or mail delivered
Number of units provided		Does not track
	2016-17	Does not track
	2015-16	Does not track
Does law prohibit charging the customer for the deliverable?		No
if yes,	provide law 2016-17	No applicable law
If yes	provide law	No No applicable law
II yes,	2015-16	No
If ves	provide law	No applicable law
Amount charged to customer per deliverable unit		\$0.00
,	2016-17	\$0.00
	2015-16	\$0.00
osts		
Total employee equivalents required (37.5 hour per week units)

Agency Comments		
Additional comments from agency (optional)		It will be helpful to note that while this information is broken down by the state fiscal year for reporting purposes, the OSES operates under the
		requirements for the federal fiscal year. This means that rather than operating within a twelve-month state fiscal timeframe, the OSES expends funds
		under the twenty-seven-month federal fiscal timeframe. Activities and deliverables are all defined and required by the SPP. Each deliverable defined above and its associated units are explained in detail in the State Performance Plan (attached as an appendix). The corresponding page numbers for the
		above and its associated units are explained in detail in the state Performance Plan (attached as an appendix). The corresponding page numbers for the deliverables and units are provided within this comment section for each deliverable. See pages 2 and 3 of the State Performance Plan "Fiscal
		Monitoring," page 6 "Fiscal and Grants Management Teams," and page 12 "Fiscal and Grants Management Team"
		(FY 17-18): 86 self assessments, 15 desk audits, 10 onsite visits, and 86 MFS settlements
		(FY 16-17): 86 self assessments, 15 desk audits, 10 onsite visits; and 86 MFS settlements
		(FY 15-16): 86 self assessments, 15 desk audits, 10 onsite visits

Agency Comments		
Additional comments from agency (optional)		Explanation of increase in funding from FY 15-16 to FY 16-17: The Office of School Transformation received an increase in state technical assistance funds from the
		General Assembly, which allowed for the hiring of a transformation coach for every low performing school in the state. This allowed us to provide daily coaching
		services to each of the 38 schools and increase the number of face-to-face and virtual trainings offered regarding school transformation. These three things: the
		hiring of 30 transformation coaches, the completion of the remaining 26 diagnostic reviews, and the execution of diagnostic reviews for any district identified as
		underperforming per Act 281 resulted in the increased number of expenditures. Additionally, we declared a state of emergency in Allendale County School District
		and managed two schools in the Florence Four school district, both of which required additional state technical assistance and funding support. For example, we
		placed a district level transformation coach in Allendale in addition to appointing Dr. Walter Tobin as superintendent. The SCDE also declared a state of emergency in
		Williamsburg County School District which resulted in additional state technical assistance and funding support for that district. FY 17-18: 18 face to face trainings; 4
		virtual trainings, and daily coaching for low performing schools (335 days of coaching/30 transformation coaches); FY 16-17: 8 face to face trainings; 3 virtual
		trainings, and daily coaching for low performing schools (335 days of coaching/30 transformation coaches); FY 15-16: 4 face to face trainings; coaching for low performing schools (335 days of coaching/3 transformation coaches)

### <u>Deliverables</u>

<b>Deliverable</b> Item number		100
Item number Associated laws		100 43-242; 43-246; 43-273; 43-279; 1.64; 59-29-100
Associated laws		73 242, 43 240, 43 273, 43 273, 1.04, 33 23 200
Does state or federal law specifically require this deliverable?		Yes
Deliverable description		Monitor compliance with state statutes and regulations as appropriate.
Responsible organizational unit (primary)		Standards and Learning (Division of CCR)
nesponsible organizational and (primary)		Standards and Economy (Strisson of Cony)
Results Sought		
Does the legislature state intent, findings, or purpose?		Yes
What is specific outcome sought in law OR, if not in law, specific		The standards must be reflective of the highest level of academic skills with the rigor necessary to improve the curriculum
outcome agency seeks by providing the deliverable?		and instruction in South Carolina's schools so that students are encouraged to learn at unprecedented levels and must be
		reflective of the highest level of academic skills at each grade level. (Section 59-18-300).
Associated performance measure item numbers, if any		Unknown
Luctomor Details		
Customer Details  Customer description		Schools; School Districts
castomer description		School States
Does the agency evaluate customer satisfaction?		No
Counties served in last completed fiscal year		All
Number of customers served in last completed FY		Unknown
Percentage change in customers served predicted for current FY	2018-19	Unknown
Maximum number of potential customers, with unlimited resources		Unknown
Units Provided and Amounts Charged to Customers		
Description of a single deliverable unit		Monitoring occurred
Number of units provided		Unknown
	2016-17 2015-16	Unknown
Does law prohibit charging the customer for the deliverable?		Unknown No
	provide law	No applicable law
	2016-17	No
If yes	provide law	No applicable law
If yes	2015-16 provide law	No No applicable law
Amount charged to customer per deliverable unit		\$0.00

Agency Comments		
Additional comments from agency (optional)		(FY 17-18): 112 instructional resources/textbooks and 84 courses; (FY16-17): 92 instructional resources/textbooks and 73 courses; (FY15-16): 89 instructional resources/textbooks
		and 68 courses

renewed on a 6 year cycle, which results in a higher net cost every 6 years in that category.

The number of course titles in the VirtualSC course catalog has increased each year based on student, school and parent feedback on needed courses. As new courses are added to the catalog the number of instructional materials also increases as each new course could contain several additional resources that need to be purchased for students. In addition to the new courses added, the staff involved with course development must also maintain the existing courses and ensure that all courses are standards aligned, ensure that aunit goals are measurable and that the course objectives are aligned to assessments throughout the course. Each year many courses go through a revision process as standards change to ensure that all courses are standards aligned. So, staff are regularly involved in both new course development as well as on-going course revision. FY 2016-17 was a large renewal year for many of the program's instructional materials. This created a higher expenditure than in other years. Many instructional materials are

Agency Comments		
Additional comments from agency (option	l)	(FY 17-18): 43 districts partnered for Elementary Keyboarding, 12 District Franchise Programs, 5 school partnerships for Virtual Learning Labs; (FY 16-17): 35
		districts partnered for Elementary Keyboarding, 8 District Franchise Programs, 8 school partnerships for Virtual Learning Labs; (FY 15-16): 32 districts partnered for Elementary Keyboarding, 4 District Franchise Programs, 4 school partnerships for Virtual Learning Labs.
		for Elementary Keyboarding, 4 District Franchise Programs, 4 school partnerships for Virtual Learning Labs  After discussions, the program began the Franchise Program to offer schools the VirtualSC online courses and technology to deliver the courses to their
		students, along with teacher training to help their local teachers become familiar with teaching in an online classroom. This program has continually grown
		each year and has helped the program generate some additional revenue, which has been used to hire some additional teachers to support students.
		Additionally, this column includes several resources that we provide at no cost to schools including: Shmoop and Elementary Keyboarding. Both of the
		resources are offered at no cost to schools across the state. Lastly, this column also includes our Virtual Learning Lab program, which is offered to a school when they have a need for a whole classroom of students to take the same class. The school will contract with the program to offer the course, the materials,
		and the online certified teacher to provide instruction to their class of students

Agency Comments		
Additional comments from agency (optional)		(FY 17-18): 36 courses offered; (FY 16-17): 32 courses offered; (FY 15-16): 30 courses offered
		This includes all functions of providing online professional development to educators statewide on various topics, including: Read to Succeed,
		technology integration, and online teaching. The primary costs associated with this program are costs of the technology used to create, develop
		and maintain the online courses, a registration system for educators to enroll into courses, and staff to oversee the program as well as teachers
		to facilitate the online professional development courses. The online PD program experienced major growth between the 15-16 and 16-17 fiscal years due to the growth and demand for online Read to Succeed courses. In addition, the program is working directly with other agency offices
		years due to the growth and demand for online Read to Succeed courses. In addition, the program is working directly with other agency offices to provide support for PACE, Read to Succeed, Teaching and Learning Standards, Online Teaching Endorsement, and many other popular PD
		opportunity for educators. The popularity of the program has continued to expand since 16-17 resulting in increased enrollments.

Does state or federal law specifically require this deliverable?		Yes	Yes
Deliverable description		Approve all summer feeding sites and sponsors.	Monitor all School Nutrition programs.
Responsible organizational unit (primary)		Health and Nutrition (Division of DOS)	Health and Nutrition (Division of DOS)
coults Country			
esults Sought  Does the legislature state intent, findings, or purpose?		Yes	Yes
What is specific outcome sought in law OR, if not in law, specific outcome agency seeks by providing the deliverable?		Federal law—specifically, the National School Lunch Act (42 U.S.C. Section 1758(f), the National School Lunch Program (7 C.F.R. Section 210.10), and the School Breakfast Program (7 C.F.R. Section 220.8)—regulates the nutritional quality of foods served in the nation's school meal programs. For a school meal program to receive USDA subsidies, school meals must meet nutrition standards for saturated fat, vitamins, minerals, protein, calories, and portion sizes. (R. 43-168).	Federal law—specifically, the National School Lunch Act (42 U.S.C. Section 1758(f the National School Lunch Program (7 C.F.R. Section 210.10), and the School Breakfast Program (7 C.F.R. Section 220.8)—regulates the nutritional quality of foods served in the nation's school meal programs. For a school meal program to receive USDA subsidies, school meals must meet nutrition standards for saturated fat, vitamins, minerals, protein, calories, and portion sizes. (R. 43-168).

Proviso "School Districts and Special Schools Flexibility" (2018-19 1.26, 1A.14)	General Assembly	State	Annually	June 30, 2020	All school districts must report the student teacher ratio for every classroom to the Department of Education at the ninety and ane hundred and eighty day mark. The Reportment shall report this information to the General Assembly. The school district shall report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructions upport, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June thirtieth. Outstrety throughout the current fisch year, the chairman of each school district's board and the superintendent of each school district must certify where non-instructional pronosessration grams have been suspended and the specific flexibility actions taken. The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State Superintendent of Education, and an electronic copy flowarded to the Chairman of the Senate Filance Committee, the Chairman of the Senate Filance Committee, the Chairman of the House Education and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting, and the certification must be conspicuously posted on the internet website maintained by the school district.	Number 1 - will be posted on the SDE website under "Reports" and on the General Assembly website under "Agency Reports"  Numbers 2 & 3 - request from agency or on district website
59-39-130: Tabulation of college freshman results	General Assembly	State	Annually	July 31, 2019	After district reports have been received (by May 1), the SCDE will tabulate them so as to show the academic performance of graduates from the respective high schools who entered institutions of higher learning. No due date in statute.	https://ed.sc.pov/scdoe/assets/File/data/College-Freshman-Report/17- 18%20College%20Freshman%20Report(1).pdf
Proviso "Paperwork Reduction and Streamlining Report"	General Assembly	State	Other	July 31, 2019	In February 2019, the South Carolina General Assembly passed and the Governor signed into law a joint resolution that tasked the South Carolina Department of Education (SCDB) with making recommendations for reducing and streamlining the amount of pageworks and reporting requirements placed on teachers, schools, and school districts. The joint resolution specifically instructed the SCDE to include information on reporting and pagemone at the school, school district, and state levels and to include the entity requiring the report, the method of reporting, and the frequency of the report. Furthermore, the SCDE was to include federal reporting requirements and the potential loss of federal rifus at the state and district levels if the federal reporting requirement was not met. The joint resolution required that the SCDE swith its report to the Chairman of the Senate Education Committee and the Chairman of the House Education and Public Works Committee Defore August 1, 2019.	https://ed.sc.gov/data/reports/legislative/legislative-reports/special-one- time-reports/2019-07-13-paperwork-reduction-and-streamlining-report/
59-18-360: Dissemination of assessment results	Public	State	Annually	August 1, 2018	Beginning with the 2010 assessment administration, the Department of Education is directed to provide assessment results annually on individual students and schools by August first, in a manner and format that is easily understood by parents and the public. In addition, the school assessment results must be presented in a format easily understood by the faculty and in a manner that is useful for curricultum review and instructional improvement. The department to provide longitudinally matched student data from the standards based assessments and include information on the performance of subgroups of students within the school. The department must work with the Division of Accountability (EOC) in developing the formats of the assessment sand suits. Schools and districts are responsible for disseminating this information to parents.

# STATE OF SOUTH CAROLINA DEPARTMENT OF EDUCATION

#### MOLLY M. SPEARMAN

STATE SUPERINTENDENT OF EDUCATION

# Declaration of Emergency Guidance Document

**DRAFT 1.0** 

April 2018

The South Carolina Department of Education does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, veteran status, or disability in admission to, treatment in, or employment in its programs and activities. Inquiries regarding the nondiscrimination policies should be made to the Employee Relations Manager, 1429 Senate Street, Columbia, South Carolina 29201, 803-734-8781. For further information on federal non-discrimination regulations, including Title IX, contact the Assistant Secretary for Civil Rights at <a href="https://occ.ncbc/oced.gov">OCR.DC@ed.gov</a> or call 1-800-421-3481.

#### Legislation

Appropriations Act of 2017, Proviso 1A.12. as well as the Education Accountability Act (EAA), gives the South Carolina State Superintendent of Education the authority to declare a state of emergency in a school or district. S.C. Code § 59-18-1520 reads:

"If the recommendations approved by the state board, the district's plan, or the school's revised plan are not satisfactorily implemented by the school rated school/district at-risk and its school district according to the time line developed by the State Board of Education or if student academic performance has not met expected progress, the principal, district superintendent, and members of the board of trustees must appear before the State Board of Education to outline the reasons why a state of emergency should not be declared in the school. The state superintendent, after consulting with the external review committee and with the approval of the State Board of Education, shall be granted the authority to take any of the following actions:

- (1) furnish continuing advice and technical assistance in implementing the recommendations of the State Board of Education:
  - (2) declare a state of emergency in the school and replace the school's principal; or
  - (3) declare a state of emergency in the school and assume management of the school."
- S.C. Code § 59-18-1570 reads ". Designation of state of emergency in school district designated as school/district at-risk; remedial actions.
- (A) If recommendations approved by the State Board of Education are not satisfactorily implemented by the school district according to the time line developed by the State Board of Education, or if student performance has not made the expected progress and the school district is designated as school/district at-risk, the district superintendent and members of the board of trustees shall appear before the State Board of Education to outline the reasons why a state of emergency must not be declared in the district.
- (B) The state superintendent, with the approval of the State Board of Education, is granted authority to:
- (1) furnish continuing advice and technical assistance in implementing the recommendations of the State Board of Education to include establishing and conducting a training program for the district board of trustees and the district superintendent to focus on roles and actions in support of increases in student achievement;
- (2) mediate personnel matters between the district board and district superintendent when the State Board of Education is informed by majority vote of the board or the superintendent that the district board is considering dismissal of the superintendent, and the parties agree to mediation;
- (3) recommend to the Governor that the office of superintendent be declared vacant. If the Governor declares the office vacant, the state superintendent may furnish an interim replacement until the vacancy is filled by the district board of trustees. District boards of trustees negotiating contracts for the superintendency shall include a provision that the contract is void should the Governor declare that office of superintendency vacant pursuant to this section. This contract provision does not apply to existing contracts but to new contracts or renewal of contracts; and
- (4) declare a state of emergency in the school district and assume management of the school district.
- (C) The district board of trustees may appoint at least two nonvoting members to the board from a pool nominated by the Education Oversight Committee and the State Department of

Education. The appointed members shall have demonstrated high levels of knowledge, commitment, and public service, must be recruited and trained for service as appointed board members by the Education Oversight Committee and the State Department of Education, and shall represent the interests of the State Board of Education on the district board. Compensation for the nonvoting members must be paid by the State Board of Education in an amount equal to the compensation paid to the voting members of the district board."

#### **Prior to the Declaration**

Prior to a state of emergency being prepared the following offices work together to create a document that addresses all of the criteria in the legislation that grants the state superintendent the authority to declare such. Those offices and areas include:

- Office of Auditing Services: financial risk rating and fiscal practices designation
- Office of Federal and State Accountability-last five years of accreditation information, including the current year if available, for all schools in the district or the specific school being considered and any relevant audit information regarding the use of funds under uniform grant guidance
- Office of School Transformation/Office of Research and Data Analysis: most recent year's academic achievement for all state report card/accountability system assessments
- Office of Special Education Services: most recent and relevant audit information regarding programmatic and financial compliance with IDEA
- Office of Governmental Affairs: prepares any and all public communication regarding the declaration of emergency which could include coordinating notice of public meeting, media advisory for press conference, and official press statement

To gather this information, the offices may work collaboratively to complete the **Pre-Declaration Template** found in Appendix A.

Upon the State Superintendent's review of the information, **objectives of the declaration**, and proposed action steps, the State Superintendent shall make **the selection of a district leader** to be appointed as interim superintendent upon the declaration. In addition, the Office of General Counsel shall work to draft a potential **contract** between the department and the potentially appointed individual. The Superintendent may elect to conduct a **community meeting** in which the information in part or whole from the Pre-Declaration Template are shared with members of the district or school community. The Office of Communications shall provide a final review on all documents to be presented during the community meeting, produce the **public handouts** to accompany the **presentation**, and post them to the agency website within 24 hours of the community meeting. In addition, the State Superintendent shall **meet and inform the local delegation** of the intention to declare state of emergency. To summarize, prior to a declaration of emergency the following activities should be completed:

- Objectives of the Declaration (see template in Appendix A)
- Selection of a district leader
- Contract for district leader
- Community Meeting
- Public Presentation and handouts
- Meeting with local delegation

If the State Superintendent makes the determination that a state of emergency should be declared the following activities should be completed at least 24-48 hours prior to the press conference:

- District leader contract
- Community Meeting
- Media Advisory for Press Conference
- Letter of declaration
  - o Signed by State Superintendent and sent to school board and their attorney(s)
- Drafted Remarks for Press Conference
- Press Conference Announcement
- Press Release
- District and Financial Security
  - Locks
  - Network Access
    - Email, website, social media
  - Bank Accounts
- FAQ Document for students, parents, teachers, and community
  - o Inform Ombudsman and switchboard operators
- Email to all district staff
- New superintendent on site day of or day after
  - Meeting with cabinet and principals

#### **After Declaration**

After the declaration has been executed, the State Superintendent shall schedule a district visit to speak with school and district staff and community members regarding the details of agency management of the district. Management of a school or district is defined as authority of the daily operations of the school or district to include, but not limited to, personnel, finance, operations, professional development transportation, and student services. Under the direction of the state superintendent the following activities should occur:

- Office of Communications:
  - o Share and publicize the state superintendent's visit following the declaration
  - o Prepare a FAQ for district or school staff and/or community regarding the power and limitations of a declaration of emergency
- Office of Governmental Affairs
  - Maintain open and transparent communication with the legislative delegation regarding progress
- Office of School Transformation
  - o Serve as point of contact for appointed district leader
  - o Coordinate support and technical assistance via SCDE offices
  - o Provide monthly updates to the State Board of Education on progress
- Office of Auditing Services-For any district under SCDE management
  - o Provide annual audit copy to the Office of School Transformation
  - o Provide fiscal practices rating to the Office of School Transformation
- Office of Federal and State Accountability
  - Provide the accreditation preliminary analysis report to the Office of School Transformation

o Provide any audit results for any federal programs impacted by uniform grant guidance

#### **Summary Declaration of Emergency Checklist**

#### Pre Declaration:

- Objectives of the Declaration (see template in Appendix A)
- Selection of a district leader
- Contract for district leader
- Community Meeting
- Public Presentation and handouts
- Meeting with local delegation

#### 24-48 Hours Prior to Press Conference:

- District leader contract
- Community Meeting
- Media Advisory for Press Conference
- Letter of declaration
  - Signed by State Superintendent and sent to school board and their attorney(s)
- Drafted Remarks for Press Conference
- Press Conference Announcement
- Press Release
- District and Financial Security
  - Locks
  - Network Access
    - Email, website, social media
  - Bank Accounts
- FAQ Document for students, parents, teachers, and community
  - o Inform Ombudsman and switchboard operators
- Email to all district staff
- New superintendent on site day of or day after
  - Meeting with cabinet and principals

#### **After Declaration**

- Office of Communications:
  - o Share and publicize the state superintendent's visit following the declaration
  - o Prepare a FAQ for district or school staff and/or community regarding the power and limitations of a declaration of emergency
- Office of Governmental Affairs
  - Maintain open and transparent communication with the legislative delegation regarding progress made in said district or school
- Office of School Transformation
  - o Serve as point of contact for appointed district leader
  - o Coordinate support and technical assistance via SCDE offices
  - o Provide monthly updates to the State Board of Education on progress
- Office of Auditing Services-For any district under SCDE management
  - o Provide annual audit copy to the Office of School Transformation

- o Provide fiscal practices rating to the Office of School Transformation
- Office of Federal and State Accountability
  - Provide the accreditation preliminary analysis report to the Office of School Transformation
  - o Provide any audit results for any federal programs impacted by uniform grant guidance

# Office of Auditing Services' Charter

# **Purpose**

The Office of Auditing Services is an independent, objective assurance and consulting activity designed to add value to the South Carolina Department of Education (SCDE) by providing services to management that ensure financial and operational objectives are being achieved as well as ensure the SCDE and its subrecipients are in compliance with applicable federal and state laws and regulations. Auditing Services assists the agency in accomplishing its objectives by bringing a systematic, disciplined approach to evaluating and improving the agency's risk management, controls, and governance processes.

# **Professional Standards**

The Office of Auditing Services (hereinafter referred to as "Auditing Services") will endeavor to meet or exceed the auditing standards contained in <u>Government Auditing Standards</u> (The Yellow Book), published by the Comptroller General of the United States and authoritative publications of the Government Accounting Standards Board (GASB). Auditing Services will govern itself by adherence to The Institute of Internal Auditors' mandatory guidance including the Definition of Internal Auditing, the Code of Ethics, and the <u>International Standards for the Professional Practice of Internal Auditing</u> (Standards). In addition, Auditing Services will adhere to the State of South Carolina's and SCDE's policies and procedures.

# **Authority**

Auditing Services, with strict accountability for confidentiality and safeguarding records and information, is granted full, free, and unrestricted access to any and all of SCDE records, physical properties, information systems, and personnel relevant to any function under review. All employees are requested to assist Auditing Services in fulfilling its function. Documents and information given to Auditing Services during a periodic review will be handled in the same prudent and confidential manner as by those employees normally accountable for them.

# Organization

Auditing Services shall report administratively to SCDE's Chief Operating Officer and functionally to the State Superintendent of Education. This position has sufficient authority to promote independence and to ensure broad audit coverage, adequate consideration of engagement communications, and appropriate action on engagement recommendations. Auditing Services shall have no direct operational responsibility or authority over any of the activities it reviews.

# Independence and Objectivity

All Auditing Services activities shall remain free of influence by any element of SCDE, including audit procedures, frequency, or report content so that the independence and objectivity of the auditing process can be preserved. Accordingly, Auditing Services shall not develop nor implement systems or procedures, prepare records, or engage in any other activity which would normally be audited.

Auditing Services must exhibit the highest level of professional objectivity in gathering, evaluating, and communicating information about the activity, process, or entity being examined. Auditing Services must make a balanced assessment of all the relevant circumstances and not be unduly influenced by their own interests or by others in forming judgments.

# Responsibility

The scope of Auditing Services' processes encompasses an examination and evaluation of the adequacy and effectiveness of SCDE's governance, risk management process, system of internal control structure, and quality of performance in carrying out assigned responsibilities to achieve SCDE's stated goals and objectives. Auditing services also performs limited scope financial examinations of not-for-profit organizations and selected school districts throughout the State that receive funds administered by the SCDE. Examination and evaluation procedures include:

- Reviewing the reliability and integrity of financial and operating information and the means used to identify measure, classify, and report such information.
- Reviewing the systems established to ensure compliance with those policies, plans, procedures, laws, and regulations which could have a significant impact on operations and reports and whether the organization is in compliance.
- Reviewing the means of safeguarding assets and, as appropriate, verifying the existence of such assets.
- Reviewing operations or programs to ascertain whether results are consistent with established objectives and goals and whether the operations or programs are being carried out as planned. The efficiency and effectiveness of the operation or program reviewed will be determined and reported upon.
- Reviewing specific operations at the request of the Superintendent of Education as appropriate for either compliance or efficiency and effectiveness.
- Monitoring and evaluating the effectiveness of the organization's risk management processes.

# **Audit Planning**

Annually, the Director of Auditing Services shall prepare and submit a summary of the audit work plan to SCDE's Senior Management. The audit work plan is to be developed based on a prioritization of the audit universe using a risk-based methodology as well as input from senior management. This plan is updated as risk priorities, controls, and management's objectives change.

# Reporting

Auditing Services will prepare and issue a written report at the conclusion of each audit. The audit report will be distributed to SCDE's Chief Operating Officer and the appropriate Deputy Superintendent and Departmental Director. Management's response to the audit reports should include a timetable for anticipated completion of action to be taken and an explanation for any recommendations not addressed. Auditing Services shall be responsible for appropriate follow-up on audit findings and recommendations.

# **Periodic Assessment**

The Director of Auditing Services and the Chief Operating Officer should periodically assess whether the purpose, authority, and responsibility, as defined in this charter continue to be adequate to accomplish its objectives.

South Carolina Department of Education's

Office of Auditing Services

Charter

Updated this 19th day of March 2013

SCDE's Director of Auditing Services

SCDE's Chief Operating Officer

# South Carolina's Individuals with Disabilities Education Act, Part B, State Performance Plan/Annual Performance Report FFY2017

South Carolina continues to make strides with improving outcomes for students with disabilities and recognizes the important work that remains to be done. Over the course of the last year, South Carolina has worked extensively with national, regional, and state technical assistance centers and institutes of higher education. In this work, the South Carolina Department of Education (SCDE), Office of Special Education Services (OSES), has scaled up its partnerships, professional learning opportunities, web-based resources, and other supports for South Carolina's special educators.

The SCDE has been reviewing and revising the Department's strategic plan. The revised vision for the SCDE is that all students graduate prepared for success in college, careers, and citizenship. By 2022 districts will have available a system of personalized and digital learning that supports students in a safe learning environment to meet the Profile of the South Carolina Graduate. Newly defined core priorities include supporting the social-emotional learning, health, and safety needs of students through a whole-child approach; strengthening standards, curriculum, instruction, and assessment alignment within schools and districts; enhancing infrastructures, resources, data, and technology of the State's public educational systems; addressing the equity needs of districts and schools through differentiated supports and school transformation; and promoting educator and school leadership development. The use of a multitiered system of supports (MTSS) will be critical to improving outcomes for all children. The OSES has also begun review and revision of its strategic plan to ensure alignment with the SCDE plan.

In addition to the important work and data highlighted in this SPP/APR, the state is successfully continuing its Targeted Educational Allocations for Children (TEACH) plan, which is South Carolina's approved plan relative to the Maintenance of State Financial Support (MFS) Settlement Agreement. This TEACH plan, inclusive of the State Systemic Improvement Plan (SSIP), is currently underway within three programmatic tiers in all South Carolina schools. More information about the TEACH Plan can be accessed at <a href="https://ed.sc.gov/districts-schools/special-education-services/fiscal-and-grantsmanagement-fgm/maintenance-of-state-financial-support-settlement/">https://ed.sc.gov/districts-schools/special-education-services/fiscal-and-grantsmanagement-fgm/maintenance-of-state-financial-support-settlement/</a>.

In all, South Carolina continues to make strides in improving the lives of the state's students with disabilities; to provide evidence-based practices and use of data to inform and drive decision making; and to make available a free appropriate public education to children with disabilities in the least restrictive environments.

### **General Supervision System:**

During the 2017-2018 school year, the South Carolina Department of Education (SCDE) continued its general supervision system to help ensure that students with disabilities receive a free, appropriate public education (FAPE) in accordance with Part B of the Individuals with Disabilities Education Act (IDEA). This general supervision system included provision of appropriate dispute resolution options and identification and correction of individual and systemic areas of noncompliance through data determinations and fiscal, program, and focused

compliance monitoring activities. Descriptions of the components of the SCDE's general supervision system are set forth below along with references and links to forms and detailed information utilized in the various general supervision processes.

**Dispute Resolution**: The SCDE provides parents of students with disabilities, and local educational agencies (LEAs), and state operated programs (SOPs), with the following dispute resolution options:

**Ombudsman**: The SCDE, Office of Special Education Services (OSES), employs an Ombudsman (with a toll-free line) that parents can call to ask questions regarding the laws and regulations pertaining to students with disabilities and to discuss specific concerns relating to a student. The Ombudsman also assists in resolving informal complaints by acting as an intermediary between parents and LEA or SOP administrators. Contact information for the Ombudsman and other resources for parents are on SCDE's website at <a href="http://ed.sc.gov/districts-schools/special-education-services/parent-resources/">http://ed.sc.gov/districts-schools/special-education-services/parent-resources/</a>.

**Facilitated IEPs**: Parents, or an LEA or SOP (hereafter also referred to as a "public agency"), may request a facilitated IEP team meeting. The role of an IEP Facilitator is to assist the IEP team to do their best thinking, interact respectfully, consider the perspectives of all participants, and focus on future action. The IEP Facilitator serves the whole group rather than an individual and assists the group with the process of the IEP team meeting rather than the content of the IEP. The facilitator is not an advocate for the parents nor the LEA or SOP. The OSES covers all costs associated with facilitated IEP team meetings. So, it is a free resource for parents and public agencies.

**Compliance Complaints**: In accordance with the IDEA, parents and other parties may submit a written complaint to the special education complaint investigator located in the SCDE's Office of General Counsel (OGC). After the complaint is investigated, a findings letter (letter of resolution) is issued and, if there are any findings of noncompliance, the LEA or SOP involved is required to complete corrective activities as soon as possible but in no case later than one year from the findings.

**Mediations**: Parents or a public agency may request mediation, which is a voluntary and informal process where the parents and the public agency meet with an impartial mediator to talk openly about the areas of disagreement and to try to reach a resolution.

**Due Process Hearings and Resolution Sessions**: Parents and/or a public agency may request a due process hearing, where the parents and the public agency present their respective cases to an impartial hearing officer for a written decision. The hearings are conducted in accordance with the IDEA and federal regulations. If the parents or the public agency do not agree with the hearing officer's decision, they can appeal to the SCDE, which will conduct an impartial review of the hearing and the hearing officer's decision. If a party does not agree with the SCDE's decision on the appeal, they can go to court. If a due process hearing is requested, the OGC ensures that a resolution session takes place in accordance with federal law. Documents and information on the dispute resolution options are available on the SCDE's website at <a href="http://ed.sc.gov/districts-schools/special-education-services/parent-resources/dispute-resolution-information/">http://ed.sc.gov/districts-schools/special-education-services/parent-resources/dispute-resolution-information/</a>.

Any parent can use one or all of the available dispute resolution options. Further, if the OGC or any other office within SCDE suspects a pattern of noncompliance by a public agency based on information or data from compliance complaints or any other dispute resolution process, the matter is referred to the OSES for review, and, if necessary, targeted fiscal, program, or focused compliance monitoring.

**Fiscal Monitoring**: The Fiscal and Grants Management (FGM) Team in the OSES utilizes a three-tier model to ensure that LEAs, charter schools, and SOPs are appropriately allocating and expending the funds and resources they receive under the grant provisions of the IDEA.

**Tier I**: Annually, each Special Education Services department at LEAs and SOPs is required to submit a self-assessment questionnaire that includes general questions about pertinent policies and procedures that should be in place. Also, each LEA and SOP are required to submit a Maintenance of Effort (MOE) compliance worksheet for the prior year to ensure that the LEA/SOP has met the MOE compliance standard. The FGM team also monitors timely submission of IDEA application, budgets, expenditures, and data that affects funding. A risk assessment rubric has been developed that will assign a score for each of these factors and serve as the determination for which LEAs/SOPs will move to Tier II.

**Tier II**: IDEA fiscal desk audits are completed for all LEAs and SOPs on a three (3) year cycle. Desk audits include a review of documentation on: time and effort; equipment and inventory; maintenance of fiscal effort; and excess cost. Other inherent risk factors are taken into consideration, such as single audit findings, turnover in leadership in key positions, agency-wide risk assessment, and date of last onsite monitoring visit. LEAs and SOPs are required to submit policies and procedures, tracking records, examples of fiscal templates, calculation worksheets, and expenditure reports to verify calculation amounts. Each LEA and SOP is notified of the final review from OSES within ninety (90) days of receipt of the final audit documentation from the LEA or SOP. A risk assessment rubric has been developed that will assign a score for each of these factors and serve as the determination for which LEAs/SOPs will move to Tier III.

**Tier III**: Each year, ten to thirteen (10-13) LEAs and/or SOPs are selected for an on-site IDEA fiscal monitoring visit by random selection and risk-based criteria. The on-site fiscal monitoring visit includes an in-depth review of: time and effort, equipment and inventory, contracted services, maintenance of effort, and parentally-placed private school children and proportionate share records. Summary reports of non-compliance are issued to the LEAs and SOPs sixty (60) days after all submitted documents are reviewed and finalized. LEAs and SOPs are required to respond to the OSES with a correction and ongoing improvement plan (COIP) within ninety (90) days of receiving the OSES's non-compliance letter.

A detailed description of the SCDE's IDEA fiscal monitoring and additional information regarding SCDE's procedures on applications for, and disbursement of, IDEA funds are included in the Procedures Manual for Utilization of IDEA Funds, which is available on

the OSES website at <a href="http://ed.sc.gov/districts-schools/special-education-services/fiscal-and-data-management-fdm/fiscal-monitoring/">http://ed.sc.gov/districts-schools/special-education-services/fiscal-and-data-management-fdm/fiscal-monitoring/</a>.

**LEA Data Determinations**: The IDEA Part B regulations at 34 CFR §§300.600(c) and 300.603 require state educational agencies (SEAs) to make "determinations" annually about the performance of each LEA. In making its LEA determinations based on 2016-2017 data, the SCDE will consider information collected for state performance plan and annual performance report (SPP/APR) reporting, during onsite program and fiscal monitoring visits, during record reviews, during database reviews, through fiscal audits, through dispute resolution processes, and/or from other information available to the SCDE. The SCDE also considers the timely correction of noncompliance in making LEA determinations.

The SCDE will assign LEAs to one of the following determination levels:

- Meets Requirements
- Needs Assistance
- Needs Intervention
- Needs Substantial Intervention

SCDE's determinations system incorporates results-driven accountability (RDA). The system utilizes a point system with twelve factors, five compliance factors and seven performance factors, with zero to three points assigned for each factor depending on individual LEA performance. The compliance factors include timely and accurate data submissions; fiscal/grantee risk; IDEA timelines (initial evaluation and Part C to B transition); post-secondary planning and services (Indicator 13) compliance; and timely resolution of findings of noncompliance. The performance factors include graduation rates; ELA statewide assessment performance (3-8 grade); math statewide assessment performance (3-8 grade); school-age LRE; preschool LRE; suspension of students with disabilities risk ratio; and career preparation state assessment performance.

Determination levels for LEAs are based on the total points (36 points maximum) that are calculated by adding the points from the twelve factors. These determination levels are then used to determine the type, nature, and intensity of technical assistance that the SCDE provides to each LEA:

<b>Total Points</b>	<b>Determination Level</b>	Type of Assistance
28-36	Meets Requirements	Self-Directed (SCDE makes
		available general information
		and universal technical
		assistance and support and
		the LEA selects appropriate
		assistance and support based
		on identified areas of need)
19-27	Needs Assistance	Collaborative (SCDE works
		collaboratively with the LEA
		to develop an improvement
		plan that matches technical

		assistance and support from
		the SCDE and other sources
		to identified areas of need for
		the LEA)
10-18	Needs Intervention	Focused (SCDE develops a
		targeted improvement plan of
		that includes professional
		learning opportunities,
		technical assistance, and
		other support that targets each
		identified area of need for the
		LEA and then, the SCDE
		works collaboratively with
		the LEA to ensure
		implementation of the plan)
0-9	Needs Substantial	Systemic (SCDE develops a
	Intervention	comprehensive systemic
		improvement plan that
		includes professional learning
		opportunities, technical
		assistance, and other support
		to improve the LEA's system
		for delivering special
		education services and
		student outcomes, and then,
		the SCDE monitors and
		verifies the LEA's
		implementation of the plan)

If an LEA scores a zero on any factor (compliance or performance), targeted assistance will be provided to the LEA in the relevant compliance or performance area. The following is a description of the point breakdown/scoring system used for the twelve factors:

Compliance Factor 1: Timely and Accurate Data Submission	
Score	Compliance Level
3	All data submissions are submitted on time (within the prescribed data collection windows) and no more than one data submission contained LEA (not system)
	errors
2	The LEA submitted late data submissions no more than two times during the
	reporting year and no more than two data submissions contained LEA errors
1	The LEA submitted late data no more than four times during the reporting year
	and no more than four data submissions contained LEA errors
0	The LEA submitted data late five or more times during the reporting year and five
	or more data submissions contained LEA errors

Compliance Factor 2: Fiscal/Grantee Risk	
Score	Compliance Level
3	Low risk based on fiscal monitoring risk factors
2	Moderate risk based on fiscal monitoring risk factors
1	High risk based on fiscal monitoring risk factors
0	High risk with systemic findings from a Tier III fiscal monitoring review

Compliance Factor 3: Post-Secondary Planning and Services (Indicator 13)	
Score	Compliance Level
3	100% compliant based on initial Indicator 13 submission
2	All Indicator 13 corrections made and verified within review timeframe
1	All Indicator 13 corrections made and verified within a year of findings
0	Indicator 13 corrections are pending for over a year

Compliance Factor 4: Timely Correction on Noncompliance	
Score	Compliance Level
3	No findings (finance, program, data, or compliance complaint) pending for over a year
2	One area that was not corrected within a year
1	Two areas that were not corrected within a year or one area not corrected within two years
0	Three areas that were not corrected within a year or two or more areas that were not corrected within two years

Compliance Factor 5: IDEA Timelines (Indicators 11 and 12)		
Score	Compliance Level	
3	100% compliance for both Indicator 11 and Indicator 12	
2	2 95% or above combined compliance rate for Indicators 11 and 12	
1	85% or above combined compliance rate for Indicators 11 and 12	
0	Below 85% combined compliance rate for Indicators 11 and 12	

## **Performance Factors:**

- 1. Graduation Rate (Indicator 1)
- 2. ELA Assessment Performance (Indicator 3C)
- 3. Math Assessment Performance (Indicator 3C)
- 4. School Age LRE (Indicator 5A)
- 5. Early Childhood Placement Settings (Indicator 6A)
- 6. SWD Suspension Rate
- 7. Career Preparation Assessment Performance (WorkKeys/WIN assessment)

Performance Factors	
Score	Performance Level
3	Meeting or exceeding State target for current year
2	At or above State performance level from prior year
1	At or above State performance level from prior year

0	Below prior year's State performance level and LEA's performance has not
	improved

#### **Performance Factor Calculations:**

- 1. Graduation Rate (Indicator 1) State and LEA performance based on graduation percentage.
- 2. ELA Assessment Performance (Indicator 3C) Number of students with IEPs grades 3-8 who scored meets or exceeds on SC READY ELA and alternate ELA assessments divided by the total number of students with IEPs grades 3-8 who took SC READY ELA and alternate ELA assessments.
- 3. Math Assessment Performance (Indicator 3C) Number of students with IEPs grades 3-8 who scored meets or exceeds on SC READY Math and alternate math assessments divided by the total number of students with IEPs grades 3-8 who took SC READY Math and alternate math assessments.
- 4. School Age LRE (Indicator 5A) Number of school age students with IEPs in LRE 80% or above divided by the total number of school-age students with IEPs.
- 5. Preschool Placement Settings (Indicator 6A) Number of preschool students in regular early childhood programs and receiving the majority of special education and related services in the regular early childhood programs divided by the total number of preschool students with IEPs.
- 6. SWD Suspension Rate -Number of students with IEPs suspended out of school (OSS) during the school year divided by total number of students with IEPs.
- Career Preparation Assessment Performance Number of students with IEPs who
  received a National Career Readiness Certificate (NCRC) (bronze level or above on ACT
  WorkKeys/WIN assessment) divided by total number of students with IEPs who took
  ACT WorkKeys/WIN.

**RDA Data Profiles**: Each LEA will receive an RDA data profile that will include the points and data summaries for each of the determination factors (including State performance and targets). The RDA data profiles may also include other LEA and State data for students with disabilities such as kindergarten readiness assessment data; college entrance exam data; and Indicator 14 survey return rate and performance data. The LEA determinations system for South Carolina is summarized visually in an infographic that has been attached/uploaded to this section.

**Program Monitoring:** The goal of the SCDE's IDEA Part B program monitoring activities is to ensure that LEAs and SOPs are meeting the requirements of both federal and state regulations and statutes regarding educational programs for students with disabilities. In alignment with federal regulations, the SCDE's monitoring approach is both outcome and compliance-oriented. If noncompliance is identified through any of the SCDE's monitoring activities, the SCDE will require the LEA or SOP to correct the noncompliance as soon as possible, but in no case later than one year from the date of notification of the noncompliance. In addition, the SCDE provides commendations for exemplary programs and provides recommendations and technical assistance as part of its monitoring activities in order to help LEAs and SOPs improve student outcomes.

The SCDE's program monitoring is conducted by OSES staff and managed by the Oversight and Assistance Team (O&A) within the OSES. SCDE's program monitoring operates on a six-year

cycle, with twelve to twenty LEAs and SOPs monitored each school year. The 2015-2016 school year was the sixth and final year of a six-year monitoring cycle. A new cycle began with the 2016-2017 school year.

The program monitoring process is designed to be a "full diagnostic assessment" of an LEA's or SOP's special education program in order to identify noncompliance and to assess the LEA's and SOP's progress toward improving educational results and functional outcomes for students with disabilities. Program monitoring allows the SCDE to recognize successful programs and practices and to determine if the LEA's implemented strategies have resulted in qualitative and quantitative improvements, and to formulate specific, tailored actions and recommendations if improved outcomes have not been achieved. Descriptions, documents, forms and other information relating to the program monitoring process are posted on the SCDE website at <a href="http://ed.sc.gov/districts-schools/special-education-services/oversight-and-assistance-o-a/idea-program-monitoring/">http://ed.sc.gov/districts-schools/special-education-services/oversight-and-assistance-o-a/idea-program-monitoring/</a>.

## The monitoring activities include:

*Policy Review*: The monitoring team reviews the policies, procedures and forms submitted by the LEA or SOP to determine if they are compliant with federal and state laws and regulations and to provide recommendations for improving efficiency and effectiveness.

Special Education Staffing Review: The monitoring team reviews the special education staffing assignments to determine if the teachers are highly qualified in the areas for which they are providing primary instruction, and to determine if the teachers and service providers are appropriately certified and are assigned caseloads in accordance with State regulations.

IEP Development Reviews: The monitoring team conducts student record reviews to identify noncompliance and assess progress toward federal and state targets for special education. To conduct the reviews, the OSES identifies a subset of 35 to 50 students that includes, among other things, students who, in the past year, have: transitioned from Part C to B of the IDEA; received an initial evaluation; been removed from school more than 10 days or have been placed at an alternative placement; reached the age of majority; and/or for whom consent for services has been revoked. The OSES ensures that the subset includes a broad range of students to cover different grade levels, different eligibility categories, different (LRE) percentages, and different schools and settings. IEP development reviews entail an examination of student Individualized Education Programs (IEPs) and related documents (meeting notices, prior written notices (PWNs), manifestation determination reviews, functional behavioral assessments, behavioral intervention plans, etc.), and any other records that may contain information necessary for federal, state, or local reporting. In conducting the file reviews, the monitoring team checks for compliance in the following areas: (1) ensuring meaningful parent participation in the IEP process; (2) ensuring the necessary parties are at IEP team meetings; (3) adhering to procedures and timelines; (4) developing present levels of academic achievement and functional performance; (5) identifying special education, related services, accommodations and modifications; (6) developing measurable annual goals; (7) considering all relevant special factors; (8) explaining LRE determinations; (9) considering extended school year services; (10) providing appropriate PWNs; (11)

developing post-secondary goals and identifying transition services; and (12) disciplining students with disabilities.

*IEP Implementation Reviews*: The monitoring team visits school sites to gather information on whether the schools are implementing all components of IEPs. The team reviews school site documentation and observes general IEP implementation practices and, with respect to individual students, the monitoring team gathers information to answer the following five inquiries:

- 1. Is the LEA providing specialized instruction and related services as delineated in the student's IEP?
- 2. Is the LEA providing appropriate reports to parents on the student's progress towards meeting IEP goals with the frequency set forth in the IEP?
- 3. Is the student participating in educational activities with non-disabled peers for the amount of time designated in the IEP?
- 4. Is there evidence that the student's teachers received notice of, and have a system in place to implement, the accommodations listed on the IEP?
- 5. Is there evidence that the school site administrators and the student's teachers are familiar with, and prepared to utilize when necessary, the student's behavioral implementation plan?

*In-person Interviews*: The monitoring team conducts in-person group interviews with school site administrators, special education teachers, and parents of students with disabilities to obtain additional insight and information about the operation of the LEA's or SOP's special education program.

*Online Surveys*: The monitoring team administers online surveys to general education teachers and parents of students with disabilities to obtain stakeholder input on the status of the LEA's or SOP's special education program and to identify areas for commendation and improvement.

The steps in the program monitoring process, from notification of program monitoring to verification of corrective activities, are as follows:

Step 1: Notification of Program Monitoring: In the spring, the OSES notifies LEA and SOP superintendents and special education directors by letter and electronic mail if their LEA or SOP will be on the schedule for program monitoring for the upcoming school year and that the monitoring activities will include an on-site visit. Then, during the summer, the OSES conducts a mandatory information session for the selected LEAs and SOPs at the Research to Practice Conference hosted by the OSES. During this session, the LEAs and SOPs are provided with: a thorough explanation of each step of the program monitoring process; an opportunity to ask questions about the process; and a copy of "The Compliance Seekers Guide to the Universe" that describes the program monitoring process and includes all of the forms, rubrics, and materials that are used by the OSES in the process. This guide is available on the SCDE website at <a href="http://ed.sc.gov/districts-schools/special-education-services/oversight-and-assistance-o-a/idea-program-monitoring/">http://ed.sc.gov/districts-schools/special-education-services/oversight-and-assistance-o-a/idea-program-monitoring/</a>.

Step 2: Pre-visit Document Submission: The identified LEAs and SOPs are required to collect and submit documents to the OSES for review prior to the monitoring team's visit

to the LEA or SOP. These documents include: notice of procedural safeguards; procedures and forms for appointment of surrogate parents; discipline procedures and manifestation determination review forms; procedures for confidentiality/records access; procedures for transition from BabyNet to preschool; evaluation & reevaluation procedures; age of majority notification; child find procedures; procedures for alternative school attendance (if applicable); detention center policies and procedures (if applicable); residential treatment facility policies and procedures (if applicable); and a completed special education staffing spreadsheet (that lists the highly qualified status, type of credential, and caseload for each teacher and service provider).

Step 3: Data Review and Onsite Visit: Prior to the monitoring visit, the monitoring team conducts the Policy Review, Special Education Staffing Review and Online Surveys that are described above. In addition, the Lead Monitor for the visit works with the LEA/SOP to identify the subset of students for the IEP development, IEP implementation, and Indicator 13 reviews. The monitoring team may also conduct some electronic "desk audits" of IEPs before the monitoring visit. During the onsite visit, the LEA/SOP is required to make the following records available for each student in the selected subset: complete student special education files including student IEP progress reports; evidence of service provision (e.g. service logs, email, calendars, schedules, form); evidence of general educators being informed of accommodations and modifications; student attendance printouts; student class schedules; special education teacher class schedules; and PowerSchool incident management reports (discipline reports). Using this information the monitoring team conducts the IEP Development Reviews, IEP Implementation Reviews, Indicator 13 Reviews, and In-person Interviews described above. The onsite visit concludes with an exit conference, where the Lead Monitor discusses preliminary issues and next steps with the LEA/SOP Director of Special Services.

Step 4: Letter of Findings and Monitoring Report: Within thirty business days following the onsite visit, the OSES will notify the LEA/SOP of any findings of noncompliance identified during the monitoring activities ("Letter of Findings"). Detailed monitoring data is provided with the Letter of Findings. The Letter of Findings, and the data and information transmitted along with the letter, describe the necessary student and systemic level corrective activities that the LEA/SOP will need to complete in order to correct identified noncompliance. LEAs and SOPs are required to correct the noncompliance as soon as possible but in no case later than one year from the date of the identification of the noncompliance. The date of the Letter of Findings serves as the date of the identification of the noncompliance.

Step 5: Development of the Corrections and Ongoing Improvement Plan After findings reports are issued, the OSES provides technical assistance to LEAs and SOPs as they formulate their plans to correct the findings of noncompliance identified in the report. In addition, the OSES requires the LEA/SOP to develop a correction and ongoing improvement plan (COIP), which is submitted to the OSES for review and approval. The COIP lists the corrective activities that will be completed, identifies the staff who will complete the corrective activities, and sets timelines for completion for each activity.

Step 6: Verification of Correction of Noncompliance: Each case of student-level noncompliance must be corrected by the LEA/SOP and the evidence of correction (IEP or related document) must be submitted to the OSES for verification. In addition, the LEA/SOP must submit evidence to the OSES that the systemic areas of noncompliance have been addressed through revisions to policies and procedures, technical assistance, professional development, and/or other corrective activities. After OSES verifies the correction of all individual student and systemic noncompliance, the OSES reviews additional updated files to verify that the LEA/SOP is correctly implementing the requirements or the regulations for the systemic areas of concern. If during verification activities the OSES finds additional noncompliance, the LEA/SOP will be required to correct the continued noncompliance as soon as possible but in no case later than one year after the identification of the noncompliance. The SCDE must verify the correction of noncompliance within one year of the identification of the noncompliance, therefore verification activities will occur before the conclusion of the one-year timeline.

Step 7: Closure of Findings of Noncompliance: After the OSES has verified the correction of the noncompliance, the OSES will inform the LEA/SOP in writing that the program monitoring process has concluded. Longstanding noncompliance extending beyond the one-year correction period will result in additional enforcement actions by the OSES and affect the LEA's annual determinations. Likewise, the LEA's timely correction of noncompliance is also considered in the LEA's annual determinations.

Focused Monitoring: The SCDE conducts focused monitoring when information from any of the previously described general supervision systems (i.e., Dispute Resolution, APR Data Determinations, Fiscal Monitoring, or Program Monitoring) suggest that there are areas of specific concern at an LEA/SOP. For example, if a compliance complaint is submitted on behalf of a class of similarly-situated students, the SCDE investigates the complaint by developing focused monitoring tools to assess compliance in the areas of concern. Typically, focused monitoring includes a review of student files or other documentation in order to determine whether the LEA or SOP is in compliance with respect to the specific areas of concern. If noncompliance is discovered, the LEA/SOP is provided with a list of findings of noncompliance and a description of the necessary student and systemic level corrective activities that the LEA/SOP will need to complete in order to correct identified noncompliance. As with other general supervision processes, LEAs and SOPs are required to correct the noncompliance identified through focused monitoring as soon as possible but in no case later than one year from the date of the identification of the noncompliance.

#### **Technical Assistance System:**

The South Carolina Department of Education (SCDE), Office of Special Education Services (OSES), is organized into five programmatic units, which include the Programs and Initiatives Team, the Fiscal and Grants Management Team, the Data and Technology Team, the Results Driven Accountability Team, and the Oversight and Assistance Team. Each team provides technical assistance and support to local educational agencies (LEAs), state-operated programs (SOPs), and other constituents serving children with disabilities and their families.

**Programs and Initiatives Team**: The Programs and Initiatives Team (P&I) provides on-going technical assistance opportunities for special educators, administrators, related service providers, early interventionists and others instructing and supporting children and youth with disabilities. The team is responsible for the development and coordination of programs, projects, committees and events proposed by the OSES designed to improve professional practices and to help educators develop and apply the knowledge and skills necessary to improve educational outcomes for students with disabilities in South Carolina.

P&I coordinates and provides statewide technical assistance in the following areas: preschool, curriculum and instruction, post-secondary transition, autism, special populations, behavioral supports, deaf and hard of hearing, visual impairment, group homes and residential treatment facilities. P&I oversees the Centers for the Re-education and Advancement of Teachers in Special Education and Related Services Personnel (CREATE); oversees the South Carolina Educational Interpreting Center (SCEIC); and organizes professional learning opportunities for all stakeholders who provide support to students with disabilities in South Carolina.

The technical assistance activities offered by P&I reflect state and federal priorities and are collaborative, evidence-based, intellectually rigorous, and aligned with high-quality standards and adult-learning principles. The assistance is designed to facilitate changes in participant behavior and increase student achievement.

P&I also provides specific technical assistance to individual LEAs and SOPs. LEAs and SOPs can request individual assistance through the OSES website via the online link "LEA/SOP Request for Assistance Form." Additional information about the request for assistance process and technical assistance activities can be found in the professional development description.

**Fiscal and Grants Management Team:** The OSES Fiscal and Grants Management (FGM) Team provides resources and technical assistance to all LEAs and SOPs in the areas of fiscal accountability and data collection. LEAs and SOPs have access to online fiscal and data collection resources available at <a href="http://ed.sc.gov/districts-schools/special-education-services/fiscal-and-data-management-fdm/">http://ed.sc.gov/districts-schools/special-education-services/fiscal-and-data-management-fdm/</a>. FGM also participates in the online TA request for assistance process that is available to LEAs and SOPs through <a href="https://scde.formstack.com/forms/leasop\_request\_for\_assistance">https://scde.formstack.com/forms/leasop\_request\_for\_assistance</a>. Assistance may be provided in a variety of ways including guidance documents, resources and tools, workshops, and/or direct district consultation.

FGM Technical Assistance Areas: FGM provides technical assistance on LEA maintenance of effort (MOE) calculation, improved LEA/SOP fiscal policies and procedures, and improved LEA/SEA data collection and collaboration. Additional support is available to districts in need of more intensive assistance. OSES staff members and other TA providers review data to determine which districts are in need of targeted technical assistance. Districts are identified for this level of support based on factors such as missed deadlines across financial data submissions, difficulty in completing IDEA application, budget, and MOE compliance, and fiscal monitoring results. Identified districts are invited to participate in facilitated workshops designed to provide assistance with root causes analysis and improvement planning. Follow up is provided to support the implementation and evaluation of district.

*Benefits to LEAs*: FGM helps LEAs by developing increased LEA staff knowledge of the underlying fiscal requirements and the calculations necessary to submit valid and reliable data; and increased capacity to collect and report accurate and reliable data.

Conceptual Framework: FGM helps LEAs build their knowledge of and capacity to implement IDEA fiscal requirements through four main areas of activity: knowledge development, tool and template development, technical assistance and dissemination, and coordination and collaboration.

**Data and Technology Team:** The Data and Technology Team (D&T) is a newly created unit with OSES to manage and coordinate activities related to IDEA data collections within the FFY 2017 Part B SPP/APR and the State Systemic Improvement Plan along with other required state and federal data submissions related to special education data. This team also manages programs and initiatives designed to enhance the use of assistive technology to improve outcomes for students with disabilities.

The D&T team provides and coordinates technical assistance within the following areas: the State's special education case management and data reporting systems, federal and state data use, reporting, and analysis, the State's special education website, assistive technology, and any other technology related needs including the creation and maintenance of modules, videos, forms, and other applications related to special education.

Assistive Technology Specialist (ATS): The mission of Assistive Technology Specialists (ATS) is to provide assistive technology support, training, consultation, equipment, and technical assistance to educators who teach students at risk of academic failure and students with disabilities in order to build capacity with assistive technology within school districts or State - Operated Programs. The ATS provide technical assistance with AT devices, products, and programs; facilitate AT device loans; assist local assistive technology teams in conducting formal AT assessments; and communicate guidelines on documenting assistive technology in the IEP. In addition, district in-service opportunities are delivered on topics such as: computer access, utilization of AT with Reading/Writing/Literacy/Math, communication, visual supports, behavioral supports, software (Boardmaker), vision/hearing AT devices, AT assessments and implementation.

Oversight and Assistance Team: The Oversight and Assistance Team (O&A) provides ongoing technical assistance opportunities for special educators, administrators, related service providers, early interventionists and others who instructionally support students with disabilities. O&A coordinates and provides statewide technical assistance in the following areas: IDEA program compliance, including IEP development and implementation, and utilization of the electronic IEP documentation system (SC Enrich IEP).

*O&A Technical Assistance Resources*: O&A provides technical assistance by developing and making available resources that can be found on South Carolina's Department of Education's OSES website at <a href="http://ed.sc.gov/districts-schools/special-education-services/oversight-and-assistance-o-a/">http://ed.sc.gov/districts-schools/special-education-services/oversight-and-assistance-o-a/</a> and <a href="http://ed.sc.gov/districts-schools/specialeducation-services/oversight-and-assistance-o-a/south-carolina-enrich-iep-system/">http://ed.sc.gov/districts-schools/specialeducation-services/oversight-and-assistance-o-a/south-carolina-enrich-iep-system/</a>.

O&A's technical assistance resources include: "Standards for Evaluation and Eligibility Determination (SEED)" which provides state guidance for determining eligibility under the IDEA; "Special Education Process Guide for South Carolina" which is aligned with federal and state regulations and provides state guidance for special education processes; "Compliance Seeker's Guide to the Universe" which provides guidance and documents to LEAs and SOPs for program monitoring by the state; and SC Enrich IEP flow charts, tutorials, and user guides that assist users in navigating processes in the electronic IEP documentation system and provide system updates.

O&A Targeted Technical Assistance: O&A also provides targeted technical assistance to LEAs and SOPs based on specific needs identified from dispute resolution data and/or program monitoring data. When the OSES, another office within SCDE, or a hearing officer issues systemic findings to an LEA or SOP with respect to IDEA compliance, O&A is notified so that O&A can assist the LEA or SOP in addressing the areas of systemic noncompliance. Specifically, O&A offers technical assistance on developing policies and procedures in compliance with federal and state laws and regulations relating to students with disabilities, developing compliant IEPs and related documents in the SC Enrich IEP system, and how to effectuate system-wide changes in practice to improve compliance and student outcomes.

In addition, O&A provides targeted technical assistance when requested by constituents using the "LEA/SOP Request for Assistance Form" at <a href="https://scde.formstack.com/forms/leasop\_request\_for\_assistance">https://scde.formstack.com/forms/leasop\_request\_for\_assistance</a>. Additional information regarding the request for assistance process is included in the professional development description.

**Results-Driven Accountability Team**: The Results-Driven Accountability Team (RDAT) was formed in the summer of 2017 to support the implementation work for the TEACH plan. The team is made up of Implementation Support Coordinators (ISCs) who are assigned to the MFS Tiers II and III LEAs (MFS LEAs and SSIP schools). The ISCs' role involves assistance with action plan development, implementation, and sustainability. The ISCs provide on-site and virtual TA to LEAs identified as needed more intensive support. The role of the ISCs will continue to be critical as South Carolina moves toward a more targeted technical assistance model.

The RDAT team will also be working closely with other offices within the SCDE as the Department rolls out a state-wide MTSS framework. This work will closely mirror the work being done in the SSIP schools.

### **Professional Development System:**

The mechanisms the State has in place to ensure that service providers have the skills to effectively provide services that improve results for students with disabilities. The South Carolina Department of Education (SCDE), Office of Special Education Services (OSES), is responsible for improving educational results and functional outcomes for all children with disabilities in the state and for ensuring that local educational agencies (LEAs) and state-operated programs (SOPs) meet program requirements under the Individuals with Disabilities

Education Act, 2004 (IDEA). The OSES is organized into five teams by function and responsibility: Fiscal and Data Management, Oversight and Assistance, Data and Technology, Results Driven Accountability, and Programs and Initiatives. Each team collaborates to provide professional development that focuses on building the capacity of LEAs and SOPs to reduce the achievement gap and enable all students with disabilities to graduate college and career ready. Please see the attached organizational chart for additional details on these teams.

**System for Responding to Individual Requests for Assistance**: To meet the professional development and technical assistance needs of individual LEAs and SOPS throughout the State, and to accommodate specific requests from community organizations, the OSES utilizes an electronic request for assistance system. The OSES developed a request for assistance form that is available on the OSES website at

https://scde.formstack.com/forms/leasop\_request\_for\_assistance. LEAs, SOPs, and community organizations can complete and submit the form online and the information is transmitted electronically to the OSES. Team Leads within the OSES review the request and assign the request to the appropriate OSES team (e.g., Programs & Initiatives, Oversight & Assistance or Fiscal & Data Management). Then, appropriate OSES staff is assigned to provide the necessary professional development or technical assistance to the requesting party. The nature of the assistance and the date of completion are recorded electronically to ensure that assistance is provided in a timely manner.

Oversight and Assistance Team: The Oversight and Assistance Team (O&A) is responsible for developing and implementing a system of general supervision and guidance that assists and supports in meeting the programmatic requirements of federal and state laws and regulations relating to special education and related services for students with disabilities. O&A supports practices that improve educational results and functional outcomes for students with disabilities, uses multiple methods to identify and correct noncompliance, and uses targeted technical assistance to encourage and support improved compliance. O&A conducts online and onsite reviews of Individualized Education Programs (IEPs) and related documents; verifies implementation of IEPs; reviews special education staffing, policies and procedures for LEAs and SOPs; assists LEAs and SOPs with correction of findings of noncompliance; verifies completion of required corrective activities; provides guidance on the Individuals with Disabilities Education Act (IDEA) compliance issues; updates and revises the South Carolina Special Education Process Guide; assists LEAs and SOPs with the online system for developing and implementing IEPs; coordinates and supports the activities of the South Carolina Advisory Council on the Education of Students with Disabilities (SCAC); and receives and responds to informal parent complaints. O&A also provides general and targeted professional development opportunities to support LEAs and SOPs in improving educational results and functional outcomes for students with disabilities.

O&A provides professional development in the following areas: compliance with federal and state laws and regulations relating to students with disabilities, interpretation and application of the South Carolina Special Education Process Guide, and developing IEPs and related documents in the online documentation system. O&A utilizes a variety of professional development delivery methods to support LEAs and SOPs including on-site trainings, regional clinics, recorded webinars, and web-based training modules. O&A creates presentations,

conducts workshops, and provides professional development sessions for administrators, teachers, service providers, parents, and community organization representatives at special education conferences throughout the State and at all of the events hosted by OSES including SCAC Meetings, Fall and Spring Leadership Meetings, New Directors' Leadership Academy, and Research to Practice (RtP).

In the spring and summer of 2014, O&A and the online IEP system vendor (Excent Corporation) conducted train-the-trainer sessions in order to prepare LEAs and SOPs for the launch of the new IEP product (SC Enrich IEP). In total, twenty two-day training sessions were offered and over 500 "power users" were trained on SC Enrich IEP. O&A also conducted three SC Enrich orientation sessions for college and university faculty, parent advocacy groups, and other community organizations. Now that SC Enrich IEP has been rolled out to LEAs and SOPs at the school level, O&A continues to provide professional development opportunities to increase user skills and effectiveness. These opportunities are provided at OSES statewide events (Fall and Spring Leadership Meetings, New Directors' Leadership Academy, RtP), regional SC Enrich IEP clinics, and onsite meetings and training sessions with individual LEAs and SOPs.

O&A also provides customized professional development when requested by LEAs, SOPs, or community organizations through the OSES request for assistance system. O&A provides customized professional development on compliance with federal and state laws and regulations relating to students with disabilities, interpretation and application of the South Carolina Special Education Process Guide, and developing IEPs and related documents in the SC Enrich IEP system. The customized professional development is typically delivered in person at facilities selected by the requesting party but can also be delivered via conference calls or web-based meeting applications (e.g., GoTo Meeting or BlackBoard Collaborate).

Data and Technology Team: The Data and Technology Team (D&T) provides professional development to LEAs and SOPs in the areas of federal and state reporting of special education data. Team members conduct professional development activities throughout the reporting year to ensure compliance with rules, regulations, policies, and best practices in the following areas:

- All required information needed from districts to ensure proper federal reporting, including information needed for the Child Count, Discipline, Personnel, and MOE/CEIS reports
- Information necessary to calculate the indicators for the State Performance Plan/Annual Performance Report
- The use of the State's Case Management system in relation to federal and state reporting (Enrich IEP)
- Data use, quality, and analysis
- Information technology and the protection of all transmitted data, including Personally Identifiable Information (PII), to meet federal and state student privacy laws and regulations
- The annual determinations of LEAs and SOPs
- Available federal and state resources and tools to ensure reporting of high-quality data
- Section 508 compliance for documents, presentations, and other communications

- Other data related activities, including data use and evaluation for the South Carolina State Systemic Improvement Plan (SSIP)
- Assistive Technology Specialists (ATS) The mission of Assistive Technology Specialists (ATS) is to provide assistive technology support, training, consultation, equipment, and technical assistance to educators who teach students at risk of academic failure and students with disabilities in order to build capacity with assistive technology within school districts or State -Operated Programs. The ATS provide support that includes targeted assistance with AT devices, products, and programs; facilitated AT device loans; assisting local assistive technology teams in conducting formal AT assessments; and communicating guidelines on documenting assistive technology in the IEP. In addition to the above supports, regional professional developments and district in-service opportunities are delivered on topics such as: computer access, utilization of AT with Reading/Writing/Literacy/Math, communication, visual supports, behavioral supports, software (Boardmaker), vision/hearing AT devices, AT assessments and implementation.

*Programs and Initiatives*: The Programs and Initiatives Team (P&I) creates on-going professional learning opportunities for special educators, general educators, administrators, related service providers, early interventionists and others instructing and supporting children and youth with disabilities. The team is responsible for the development and coordination of programs, projects, committees and events proposed by the OSES designed to improve professional practices and to help educators develop and apply the knowledge and skills necessary to improve educational outcomes for students with disabilities in South Carolina.

P&I coordinates and provides statewide specialized assistance for the following areas: preschool, curriculum and instruction, autism, special populations, behavioral supports, deaf and hard of hearing, visual impairment, group homes and residential treatment facilities; manages the South Carolina Partnerships for Inclusion project; oversees CREATE; oversees the SCEIC; and organizes professional development opportunities for all stakeholders who provide support to students with disabilities in South Carolina.

The professional learning opportunities offered reflect state and federal priorities, policies, procedures, and laws. The activities are collaborative, evidence-based, intellectually rigorous, and aligned with high-quality standards and adult-learning principles. The opportunities are designed to promote improvement in participant behavior and student achievement. These events can be accessed through the P&I website registration link to "Eventbrite" or stakeholders can request technical assistance via the online link "LEA/SOP Request for Assistance Form." Some of the major activities are as follows:

- New Directors' Leadership Academy (NDLA) a statewide effort to provide support for new directors and coordinators of programs for students with disabilities in school districts and state-operated programs. Six one-day sessions are held throughout the school year. Special Education Leadership Cohort (SELC) - a continuation of NDLA with focused support for second-year directors and coordinators of programs for students with disabilities in school districts and state-operated programs.
- SC Council for Exceptional Children (CEC) Annual Conference the OSES participates in the SC CEC annual conference by offering sessions that cover best practices in special education and behavioral management, as well as legal, related services and legislative

- updates, with a preschool strand offered to provide focused training and support on content area around Indicators 6,7, and 12.
- South Carolina Deaf and Hard of Hearing Education Partnership meets quarterly to discuss issues and updates on the education of deaf and hard of hearing students. Stakeholders who attend the meeting include representatives from: FFY 2017 Part B State Performance Plan (SPP)/Annual Performance Report (APR) 8/2/2019 Page 11 of 74 South Carolina Department of Education Office of Special Education Services South Carolina School for the Deaf and the Blind Division of Outreach Services South Carolina Association of the Deaf Converse College South Carolina Hands and Voices Clemson University South Carolina Registry of Interpreters for the Deaf Greenville County Schools Spartanburg Community College Beginnings South Carolina South Carolina Department of Vocational Rehabilitation South Carolina First Sound Medical University of South Carolina Horry County Schools South Carolina AG Bell Richland One School District
- South Carolina Deaf and Hard of Hearing Summit- provides professional development to stakeholders who serve South Carolina's deaf and hard of hearing students. The mission of the South Carolina Deaf and Hard of Hearing Education Partnership is to improve the quality of education for students, birth through young adulthood, who are deaf and hard of hearing in South Carolina so that they can achieve successful outcomes. This year the presenter at the summit focused on transition. She focused on having high expectations for students who are deaf or hard of hearing and described the importance of first language competence in successful language acquisition.
- South Carolina Vision Education Partnership a collaboration of South Carolina agencies
  and organizations to ensure high-quality education for children with visual impairments
  through teacher education and professional development. The Vision Education partners
  are SCSDB, the SC Department of Education, the University of South Carolina Upstate,
  the SC Commission for the Blind, the National Federation of the Blind of SC, the SC
  Chapter of the Association for Education and Rehabilitation of the Blind and Visually
  Impaired, South Carolina State University and the Medical University of South Carolina
  Storm Eye Institute.
- South Carolina Vision Summit focused on these areas: developing appropriate accommodations and instructional strategies for students with multiple disabilities including: deafblindness, the use of calendar systems in the development of greeting rituals for students with multiple disabilities including deafblindness, an introduction to the SC Interagency DeafBlind services and staff, and an overview of American Printing House (APH) products with strategies for use in the classroom for this population.
- Spring Procedures for Teachers of the Visually Impaired Teachers of the Visually Impaired provided a full day workshop called "Implementing Effective Calendar Systems for Students with DeafBlindness and Multiple Disabilities". We all use many kinds of "timepieces" (e.g., clocks and calendar) to keep us on track and oriented in the world. The use of a calendar system is also a key educational strategy for students with combined vision and hearing loss. Calendars provide students a sense of emotional well-being, teach important time concepts and time vocabulary, as well as support conversations about everyday life activities. Workshop objectives included: increase understanding of why a student with combined vision and hearing loss might have difficulty learning time concepts, time vocabulary, and using traditional timepieces; and

- increase knowledge to design a calendar system for student's specific needs that is meaningful, relevant and age appropriate.
- Fall Procedures for Teachers of the Visually Impaired Teachers of the Visually Impaired -provided a full day workshop called "Maximizing Outcomes for Students with Visual Impairments and Multiple Disabilities including Deafblindness". It is very important that students with multiple disabilities including deafblindness receive appropriate supports to be successful in the classroom. Presentations included: Understanding and Using the Sensory Learning Kit, Assistive Technology for Students with Multiple Disabilities, and Learning Strategies for Children with CVI.
- Research to Practice Institute a four-day professional development opportunity for educators in South Carolina. OSES has been hosting this conference for 14 years and it grows each year. This year, 144 sessions were offered to more than 1,000 special and general education teachers, school, district administrators and higher education representatives on an array of subjects, such as instructional practices, standards, technical guidance, FFY 2017 Part B State Performance Plan (SPP)/Annual Performance Report (APR) 8/2/2019 Page 12 of 74 behavioral supports, inclusion, learning strategies, preschool, compliance, and transition.
- Autism Spectrum Disorder (ASD) focus on Autism Spectrum Disorders is to provide support in evidence-based curriculum efforts, build capacity in educators and support staff by providing training in evidence-based strategies for ASD, and collaborating with agencies and school districts in order to provide training, parent support, and opportunities for positive support in the ASD community. In order to facilitate these goals, the following programming has been implemented: The ASD Curriculum/Milo Pilot Curriculum has been implemented as a means to provide an evidence-based curriculum implemented via a humanoid robot. The pilot, implemented in 17 schools in 15 school districts is progress monitored by each participating district and from the state level to assure fidelity and to determine the learning outcomes of participating students with ASD. Funding was provided through IDEA and covered the cost of the curriculum, robot, and training for the three-year pilot. On-site visits and follow-up training are included to support the pilot districts and to monitor implementation. A professional learning opportunity (PLO) for all implementing pilot staff was provided at a central location, with two follow-up PLOs to provide training to an increased number of staff in the pilot districts in order to use the curriculum program to the fullest capacity. The ASD Task Force was created in the Spring of 2017 and consists of 30 members representing ASD agency directors from across the state, school district administrators, therapists, and teachers, as well as parent advocates. Four meetings have been held with the following outlined goals: 1) write a proposal to the Office of Educator Services for an Autism Add-On Certification; 2) create a website for educators, parents, and anyone interested in learning more about ASD; 3) create a directory of ASD statewide resources for parents to access for evaluation, support, and training opportunities. Progress on the outlined goals has been significant. The Task Force has initiated a subcommittee to write the ASD Add-On Certification proposal which is in its first draft stage. The goal for completion of the proposal is Spring of 2018. The ASD Task Force created a vetting rubric for resources and has provided the resources for the ASD Virtual Library, available via the SCDE webpage which was built in collaboration with an OSES IT Education Associate. The ASD Virtual Library provides research, training modules, printables, agency information,

and educator training opportunities in a user-friendly model. The Virtual Library is updated regularly, with new resources added to it as necessary. The documents from the ASD Virtual Library are being added to the SC State Depository and the website has been submitted for judging as a Notable Document of South Carolina by representatives of the SC State Library. The ASD Task Force has put together a draft of the ASD Directory. The team will work with other ASD teams across the state to provide a comprehensive directory for distribution and posting. In order to build capacity in knowledge and evidence-based strategies for ASD, seven district ASD PLOs have been provided, with over 400 educators being trained. Two parent meeting PLOs have also been provided. PLOs are specific to district needs and have included behavioral and academic strategies, sensory needs support, and characteristics of ASD. The Education Associate for Autism has worked in collaboration with an Education Associate for Assistive Technology to provide comprehensive support and PLOs in the area of sensory needs. Three more PLOs have been scheduled for the beginning of 2018.

- Behavioral and Positive Supports supports students, educators, parents and community stakeholders through best-practices supports on Positive Behavior Interventions and Supports (PBIS) through an evidence-based framework of design based on measurable results. We offer school-wide and district trainings to support students overall social and emotional wellbeing as well as increased academic performance. We continue to build infrastructure around supporting students and schools through relevant partnerships with various organization to systemically promote mental health, family support systems, advocacy, academics and safe schools initiatives for students with disabilities. We offer high-quality, data-driven PLOs for districts to sustain positive behavioral practices school-wide, while promoting a positive school climate. We are in continuous efforts to build systematic infrastructures around school-wide improvements. Our collaborations with state agencies and universities allow for scalable improvement and outcomes to support students with disabilities under IDEA. Funding and engagement have been aligned with initiatives to include reduction of suspension and expulsions of students as well as increased academic performance, overall graduation rates and transitions. Our support of educators through technical assistance, supports, monitoring, and accountability allows for continuous improvements. Our external partners include: Protection and Advocacy for People with Disabilities, Inc.; SC Department of Mental Health; SC Council for Exceptional Children; Law Enforcement and Schools: A Partnership for Safe Schools; South Carolina Advisory Council on the Education of Students with Disabilities; State Public Universities and Colleges; Federations of Families of SC; Family Connections SC; SC Department of Health and Environmental Control; and SC Department of Juvenile Justice.
- Special Populations of Students with Disabilities the OSES created a new position focusing on the special populations of students with disabilities. Students identified as within special populations are students who are military-connected; correctional and alternative placements; migrant students; immigrant students; English learners (EL); students in foster care; and students who fall under the McKinney-Vento Act. OSES will gather relatable data, including surveys from around the state, to learn of district challenges and barriers in order to develop policies and procedures to better serve the students with disabilities that are additionally recognized as students within special populations. Since the implementation of this focus, presentations have been provided to

- the state McKinney-Vento liaisons and to the South Carolina Association of School Administrators disseminating information and understanding of our focus on special populations at OSES.
- Statewide Pyramid Model Implementation South Carolina is a new Pyramid Partner and has begun implementing the Pyramid model of supporting social-emotional development at a state level. A cross-sector leadership team, including parents, Head Start, Department of Mental Health, the Office of the Child Care Administrator, the Office of Early Learning and Literacy, Institutions of Higher Education, and partnerships with other task forces and initiatives including the Autism Task Force and the Infant-Early Childhood Mental Health workgroup collaborates to scale up evidence-based practice related to young children's social-emotional development. A master cadre of trainers and behavior specialists is being developed to actualize the vision of the state leadership team that all South Carolina early childhood practitioners, in partnership with families, will have the knowledge, skills, attitudes, and supports necessary to nurture infants and young children's social-emotional well-being within their family, culture, and community. The mission of the state leadership team is to develop, evaluate, and sustain a statewide collaborative process that utilizes the Pyramid framework. The integration of the Pyramid framework with other related promotion, prevention, intervention, and treatment efforts in the state will assure South Carolinians learn to promote the social-emotional development of infants, young children, and their families beginning at birth to foster lifelong success. Goals of the implementation of the Pyramid model at the state level include: Achieve community- and state-level commitment to support the social-emotional well-being of all infants, young children, and families; Promote the social-emotional well-being of infants and young children and address challenging behavior; Foster and sustain statewide high fidelity use of the Pyramid framework integrated with other relevant SC efforts; and Align policies with the Pyramid framework to build systems with capacity to support young children's social-emotional development. Expected results from actions to meet these goals are: High-quality early childhood workforce across tiers prepared to support social-emotional development and address challenging behavior; Reduction in preschool suspension and expulsion with increased access to high-quality learning environments; Children have social and emotional foundation to promote their learning and development; Work informed by data and Pyramid framework embedded into existing data systems; and Families engaged as partners and supported in acquiring confidence and competence to support young children ages birth through five.
- Preschool Services to prepare highly qualified staff to create appropriate environments for, and work with, young children with disabilities in all settings, OSES staff provide extensive training in the area of preschool services to children with disabilities. Training on preparing for adding-on the Special Education Early Childhood Certification is provided annually, generally at the Research to Practice Institute. A presentation regarding the new special education early childhood certification was made to the South Carolina Association of School Administrators (SCASA) and School Personnel Administrators. Communications to superintendents are being developed so educators can be supported to meet new certification requirements. Partnership with the CREATE personnel preparation program funded by the OSES, to expand their efforts to include teachers who would not meet the criteria for being grandfathered under the new certification, but were currently working in the field. To improve the opportunity for

preschool children with disabilities to attend a regular early childhood program as part of their educational environment, a number of initiatives were undertaken to prepare wellqualified staff to create appropriate environments for and to work with young children with disabilities in all settings. South Carolina Partnerships for Inclusion (SCPI) is OSES sponsored technical assistance and support for districts to use data for strategic planning to increase inclusive opportunities for young children. While there is a state level steering committee, the majority of this work is completed by the district level teams of administrators, special educators and early childhood educators who review their Least Restrictive Environment (LRE) data and make a strategic plan to increase inclusion. This includes a PATH plan and needs analysis, and the SCPI technical assistance providers train on topics needed via webinar, conference and face-to-face. The SCPI technical assistance providers will also collect feedback from participants regarding inhibitors to inclusion of young students and report that to the 619 coordinator who collaborates with other early childhood agencies internal and external to SCDE, to provide guidance around these challenges. To improve performance in the three early child outcomes for preschool children with disabilities in various regular early childhood and special education educational environments, a number of trainings were undertaken by OSES staff. The training opportunities involved preschool special education teachers, early childhood education teachers, Head Start personnel, childcare workers, para-educators, administrators, and individuals working with young children with disabilities. The 2017 Champions for Young Children Symposium is held in August to provide training on language and literacy, inclusion of children with disabilities in the general education classroom, social-emotional development and appropriate mechanisms to increase desired behavior while decreasing undesired behavior. Keynotes speakers presented on cultural responsive practice in the early childhood classroom and trauma-informed relationship building to recognize when children have experienced toxic stress.

- OSES Initiatives SC Alternate Assessment Portal The South Carolina Alternate
   Assessment Portal is the gateway to all systems, instructional resources, and guides to
   support the administration of the South Carolina Alternate Assessment. It includes FAQs
   and resources for Test Coordinators, Test Administrators, Technology Coordinators, and
   families.
- SC Centers for the Re-education and Advancement of Teachers in Special Education and Related Services Personnel (CREATE) CREATE was designed to address an anticipated special education teacher shortage by preparing a highly qualified special education teacher and related services workforce in South Carolina LEAs and SOPs. The program, currently in its fifteenth year of operation, includes a partnership between the SCDE, LEA/SOPs, and fourteen of the State's leading colleges and universities. CREATE assists qualified individuals in obtaining (a) add-on, alternative, or initial licensure in special education, (b) advanced certification in speech-language pathology, or (c) national certification as a board certified behavior analyst. This initiative provides scholarships that cover financial obligations for tuition and textbook costs.
- South Carolina Educational Interpreting Center (SCEIC) the OSES, Clemson
  University, and the South Carolina School for the Deaf and the Blind created the South
  Carolina Educational Interpreting Center (SCEIC) which opened in January 2017.
  Through the SCEIC, a coordinated system of professional learning opportunities is
  offered to improve the quality of educational interpreters in South Carolina who serve

- children who are deaf and hard-of-hearing. To date, 102 full-time interpreters, 10 substitutes, and 16 cued-language transliterators have registered. The SCEIC has provided 132 hours of professional education, 51 hours of direct mentoring, and technical assistance to 20 districts.
- Pyramid Model Consortium this year South Carolina will begin work as a Pyramid Model Consortium Partner State. South Carolina is proud to be the newest state to work with the Pyramid Consortium using the evidence-based model to promote social development in young children. Throughout this technical assistance over three years the OSES will participate and assume a role in 1. A cross-sector leadership team, 2. Development of a master cadre of trainers and technical assistance providers, 3. Development of model demonstration sites, 4. Development of data and evaluation systems to determine impact, 5. Development of state benchmarks of quality. By using implementation science to create a sustainable, evidence-based model of social-emotional development to work for young children across systems, preschool children with IEPs will be better served and included in communities.
- Virtual Toolkit to Support Educators and Parents of Young Children with Hearing Loss-as part of OSES efforts to meet our SIMR goal of decreasing the reading achievement gap between children with and without disabilities, professionals from Part C and Part B 619, early childhood partners and experts in audiology and deaf education convened a workgroup to identify gaps and needs across the state in screening and supporting children with hearing loss so that they may have access to language, background knowledge, and literacy. As a result of these conversations, a proposal was made to the Deaf and Hard of Hearing Education Partnership that a virtual toolkit be created so that educators, parents, audiologists, speech-language pathologists, and others who work with young children who experience hearing loss have access to resources so that appropriate screening, evaluation, and service delivery are achieved. This work is in progress with an engaged group seeking feedback from external stakeholders in Spring 2018.
- Early Childhood Personnel Center Intensive Technical Assistance South Carolina is a recipient of intensive TA support from the Early Childhood Personnel Center (ECPC) to support our strategic planning and implementation of a comprehensive system of early childhood personnel so that all young children in South Carolina have high-quality interactions with early childhood professionals and early interventionists. A core team of the Part B 619 coordinator, Part C coordinator, a UCEDD partner, Family Connection SC, our Parent Training and Information Center (PTI), and an early childhood partner from the Office of the Child Care Administrator meet to identify the various structures that exist for early childhood professional development, where there are gaps and opportunities for collaboration, and which partners need to be included in strategic development and implementation of action steps. We anticipate a visit from ECPC TA providers in February or March 2018 to facilitate a full team launch of our CSPD work.
- Child Outcome Summary Form (COSF) support OSES has developed an online collection of supports for districts to improve inter-rater reliability of the COSF and improve data quality on Indicator 7.
- Transition from Part C to Part B 619 Guidance and Supports in partnership with Part C and the PTI, OSES has developed a preschool parent guide to support families as they navigate the transition, eligibility determination, and IEP development from Part C to Part B 619. This guide outlines what families should expect, the differences between

Parts C and B619, and what can be done if parents disagree with educators at any point in the process. This work is part of a series of supports that serve to inform parents, educators, early interventionists, and administrators about the policies and procedures that guide transition.

Fiscal and Grants Management Team: The Fiscal and Grants Management Team (FGM) provides professional development and guidance to grant recipients of Individuals with Disabilities Education Act (IDEA) Part B formula and discretionary funds. Applicants electing to accept IDEA Part B formula and discretionary funding must comply with all the applicable requirements set forth in the guidelines of the U.S. Office of Management and Budgets (OMB) circulars and Education Department General Administration Regulations (EDGAR) requirements, state statutes, rules, policies and guidance, assurances and certifications as prescribed by SCDE.

• Federal Grant Financial Management and Administrative Requirements - the FGM Team conducts a variety of professional development activities throughout the year to Special Education Directors and School Business Officials. Professional development sessions concentrate on one or more guiding principles, OMB Circular A-87 and the EDGAR Title 34 CFR – Part 80 and Part 76 which governs the administration of IDEA Part B formula and discretionary funds. 2 CFR 225 establishes principles and standards for determining costs for Federal awards carried out through grants, cost reimbursement contracts, and other agreements with State and local governments and federally recognized Indian tribal governments (governmental units). EDGAR Title 34 (Education), CFR Part 76 Regulations that Apply to State-Administered Programs apply to each State-administered program of the Department of Education. EDGAR Title 34 (Education), CFR, Part 80 Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments establishes uniform administrative rules for Federal grants and cooperative agreements and sub-awards to State, local and Indian tribal governments.

OSES Evaluation Process for Professional Development: OSES utilizes a variety of evaluation tools to measure the effectiveness of professional development offerings, such as, online surveys required to receive teacher certification credits and tools used during OSES onsite team visits. The evaluation component of Professional Development captures both immediate, self-report feedback from participants as well as follow-up feedback gathered from participants and appropriate administrators once the new learning has been implemented. Professional development activities are consistently evaluated according to standardized expectations for high-quality implementation. Through systematic information gathering and analysis as a central component of all professional development activities, the success of professional development efforts through continuous program improvement and accountability efforts is enhanced.

The SCDE is reviewing and revising the manner in which professional development and other technical assistance is provided to ensure not only that offices within the agency are using common, evidence-based methods, but also are adequately evaluating the effectiveness of the process.

#### **Stakeholder Involvement:**

The South Carolina Department of Education (SCDE), Office of Special Education Services (OSES), continues to gain broad stakeholder input into its SPP/APR. In Fall 2018, at the Special Education Leadership Meeting, over 300 stakeholders received information and updates about the SPP/APR. In addition, through a number of other meetings, the OSES received input and information, including recommendations from the South Carolina Advisory Council on the Education of Students with Disabilities. This meeting was designed to authentically engage stakeholders in collaborative activities that were directly aligned with educational results and functional outcomes for children with disabilities in South Carolina. The leadership meeting provided opportunities for breakout sessions designated to petition recommendations from stakeholders relating to each SPP Indicator. Based on OSES commitment to improving results for all children, systemic accountability, and genuine stakeholder involvement, all breakout sessions were mission-oriented and data-driven.

The stakeholders in attendance represented administrators from every local educational agency (LEA) and state-operated program in South Carolina. These administrators included local special education directors, coordinators, school psychologists, speech-language pathologists, and other LEA-level administrators. In addition, faculty from numerous state institutes of higher education (IHEs) attended, along with representatives from many of the state's partner nonprofit organizations. Finally, advocates, such as mediators, due process hearing officers, and representatives from the state's parent training organization were present.

During breakout sessions, stakeholders were given copies of the South Carolina's Part B State Annual Performance Report (APR) for FFY 2012 as a point of reference for the small group discussion. In addition to a copy of each indicator of the report, stakeholders were given a note-taking document to record suggested reinforcements and/or refinements during the overview discussion portion of the breakout session. It was important that the OSES staff provide a transparent overview of indicator reporting and allow participating stakeholders to record their individual input to be used for the small group discussion and feedback.

After the question and answer portion of the breakout session, stakeholders were asked to engage in small group discussions regarding the indicator and targeted goals. Stakeholders were divided into small groups and asked to respond to targeted questions and to complete one collaborative summary document each. The small stakeholder groups used the data source materials provided by MidSouth Regional Resource Center to review data and provide recommendations for establishing new measurable and rigorous targets for each and all indicators. These groups submitted to OSES their collaborative thoughts, observations, and notes from their small groups related to the target data. The breakout session concluded with a whole group discussion focused around what recommendations and/or suggestions are needed to establish measurable criteria that bridge the gap between stakeholders to produce positive outcomes and sustainability for children with disabilities in South Carolina schools.

In addition, the OSES provided information and overviews regarding the SPP and APR during the last three meetings of the State's Advisory Council, The South Carolina Council on the Education of Students with Disabilities (the Council). The Council provided additional feedback to the OSES regarding the indicators and targets.

Finally, South Carolina has been continually meeting, discussing and reviewing not only the SSIP, but the SPP/APR as well to contextualize the improvement results desired. Starting in the 2013-14 school year, over twenty-six stakeholder meetings have taken place involving dozens of various stakeholders. These stakeholders include parents, IHEs, nonprofit organizations, LEAs/SOPs, other SCDE offices, other state agencies serving children and families, and additional community representatives. Furthermore, South Carolina has participated in national stakeholder feedback via a regional conference sponsored by MidSouth Regional Resource Center. These efforts to gather authentic stakeholder involvement continue with support from other TA centers. Stakeholder input continues to guide the work done in a meaningful manner.

#### **Reporting to the Public:**

In 2004, the U.S. Congress reauthorized the Individuals with Disabilities Education Improvement Act (IDEA). This legislation was intended to improve educational outcomes for students with disabilities by continuing to ensure that each student is provided a free appropriate public education. To accomplish this task, this legislation authorized funding to states and local education agencies (LEAs), along with outlining specific ways of measuring students' progress in special education.

As part of this effort, states were required to develop a six-year State Performance Plan (SPP) to establish a foundation for gauging the progress of students with disabilities at the state and LEA levels. In the SPP, states were required to establish baseline data, along with rigorous targets for improving student outcomes in special education. South Carolina's SPP for 2005 through 2017 can be accessed at <a href="http://ed.sc.gov/districts-schools/special-educationservices/fiscal-and-data-management-fdm/data-collection-and-reporting/state-performance-plan-and-state-determinations/">http://ed.sc.gov/districts-schools/special-educationservices/fiscal-and-data-management-fdm/data-collection-and-reporting/state-performance-plan-and-state-determinations/</a>.

According to the IDEA, the state (South Carolina Department of Education) is required to report annually to the public on the progress made by all LEAs and state-operated school programs against state targets. This Annual Performance Report (APR) describes the state's progress through the SPP indicators, as well as whether or not the state achieved the rigorous targets established in the SPP. South Carolina's APR for preceding years may be found at <a href="http://ed.sc.gov/districts-schools/special-education-services/fiscal-and-data-management-fdm/data-collection-and-reporting/state-performance-plan-andstate-determinations/">http://ed.sc.gov/districts-schools/special-education-services/fiscal-and-data-management-fdm/data-collection-and-reporting/state-performance-plan-andstate-determinations/</a>.

Each state is required to publicly report its SPP and APR, and is required to report the performance of each LEA with regards to the special education indicators described in the SPP and APR. The Special Education LEA Profile provides a summary of indicators against which each LEA is measured. Collectively, these indicators compare each LEA's performance against the state's targets for educational programs for students with disabilities. Individually, these indicators can help identify areas where improvements are needed and provide a measure of progress toward the goals established in the SPP. The Special Education LEA Profiles for the preceding year may be found at <a href="http://ed.sc.gov/districts-schools/special-education-services/fiscaland-data-management-fdm/data-collection-and-reporting/district-lea-profiles/">http://ed.sc.gov/districts-schools/special-education-services/fiscaland-data-management-fdm/data-collection-and-reporting/district-lea-profiles/</a>. Within 120 twenty days of the submission of the state's FFY 2017 SPP/APR, updated Special Education LEA Profiles will be accessible from this webpage as well.

The Special Education LEA Profiles are broken down into four zones of clustered indicators in which local school LEA's outcomes are compared against the state established targets (outlined in the SPP). Additionally, each indicator reports the source of the data used, the regulatory citations, the date the data were obtained and indicates whether or not the LEA met or exceeded the state targets. Beginning with the 2013-2014 reporting year, South Carolina revised its state performance plan and annual performance report, which are now one document. The new SPP/APR have revised indicators that number 1 through 17. While 16 of these measurements are carried over from preceding SPPs and APRs, an additional indicator is being crafted, with an aim of improving results for children with disabilities. The three most recent SPP/APRs may be found on GRADS360 at <a href="https://osep.grads360.org/#report/apr/publicView">https://osep.grads360.org/#report/apr/publicView</a>. Reports from years prior to that may be found on the State's website at <a href="https://ed.sc.gov/districts-schools/special-education-services/data-and-technology-d-t/data-collection-and-reporting/state-performance-plan-and-statedeterminations/">https://ed.sc.gov/districts-schools/special-education-services/data-and-technology-d-t/data-collection-and-reporting/state-performance-plan-and-statedeterminations/</a>.
