Dear Chairman Clary,

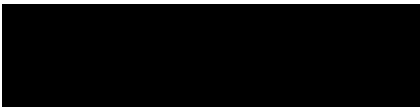

I appreciate the Committee's respectful treatment of subject matter that, as Rep. Ballentine noted during the hearing, is emotionally charged and difficult to handle objectively.

A few hours after concluding my presentation, I met with key staff to discuss the Committee's follow-up questions and to establish the approach and the timeline for obtaining the answers. Several of these questions required that the Department contact the managed care plans and also KEPRO, the Department's contracted quality improvement organization, in order to obtain additional records. We initiated that outreach on the following day.

Unfortunately, this week's historic flooding not only forced the closure of the Department's headquarters in Columbia, but has also seriously impacted the managed care plans and the individual providers who must supply additional information as we prepare our response for the Committee.

Given these obstacles and in the hopes that we will be able to return to our offices on Monday, I respectfully request that the Committee extend its original deadline to the end of the following week: Friday, October 23rd. I appreciate your consideration of this request.

Sincerely,

Christian L. Soura
Director
