Fiscal Year 2020–2021 Accountability Report

SUBMISSION FORM

I have reviewed and approved the data submitted by the agency in the following online forms:

- Reorganization and Compliance
- Strategic Plan Results
- Strategic Plan Development
- Legal
- Services
- Partnerships
- Report or Review

I have reviewed and approved the financial report summarizing the agency’s budget and actual expenditures, as entered by the agency into the South Carolina Enterprise Information System.

The information submitted is complete and accurate to the extent of my knowledge.

AGENCY DIRECTOR (SIGN AND DATE):	Signature on file.
(TYPE/PRINT NAME):	Timothy Keown

BOARD/CMSN CHAIR (SIGN AND DATE):	Signature on file.
(TYPE/PRINT NAME):	Hugh Bland

Reorganization and Compliance Responses:

Agency Mission

The mission of the agency is to be the state's leader in offering a rigorous agricultural education program that will challenge motivated high school students to develop their interest in agriculture and natural resources by providing classes and hands-on-learning opportunities in one of South Carolina's largest industries, agribusiness.

Adopted in: 2019

Agency Vision

The vision of the agency is to provide quality agricultural education that will enable its students to be our state's future leaders in agribusiness, business, and education.

Adopted in: 2019

Recommendations for reorganization requiring legislative change.

No

Please list significant events related to the agency that occurred in FY 2020-2021.

Month Started	Month Ended	Description of Event	Agency Measures Impacted	Other Impacts

Does the agency intend to make any other major reorganization to divisions, departments, or programs to allow the agency to operate more effectively and efficiently in FY 2021-22?

Note: It is not recommended that agencies plan major reorganization projects every year. This section should remain blank unless there is a need for reorganization.

No

Is the agency in compliance with S.C. Code Ann. § 2-1-220, which requires submission of certain reports to the Legislative Services Agency for publication online and the State Library? See also S.C. Code Ann. § 60-2-20.

Yes

If not, please explain why.

Is the agency in compliance with various requirements to transfer its records, including electronic ones, to the Department of Archives and History? See the Public Records Act (S.C. Code Ann. § 20-1-10 through 20-1-180) and the South Carolina Uniform Electronic Transactions Act (S.C. Code Ann. § 26-6-10 through 26-10-210).

Yes

These responses were submitted for the FY 2020-2021 Accountability Report by the

JOHN DE LA HOWE SCHOOL

Does the law allow the agency to promulgate regulations?

Yes

Please list the law number(s) which gives the agency the authority to promulgate regulations.

Has the agency promulgated any regulations?

Yes

Is the agency in compliance with S.C. Code Ann. § 1-22-120(J), which requires an agency to conduct a formal review of its regulations every five years?

Yes

AGENCY’S DISCUSSION AND ANALYSIS

Established in 1797, from the bequest of Dr. John de la Howe, a physician who immigrated to South Carolina in the 1760s. Dr. de la Howe’s will provided land and resources to establish an “agricultural seminary” to help young people learn skills that would enable them to prosper for a lifetime. Guided by a 2017 Feasibility Study, the school's leaders developed the SC Governor’s School for Agriculture at John de la Howe that serves high school interested agricultural and mechanical studies. The conversion was successful and we opened our doors to students in August of 2020. Our first class had 31 students. I am excited to report that we doubled enrollment this year and have 61 residential students! This may sound small, but with Covid restrictions, ongoing student housing renovations, we should be at max capacity of 100 residential students next fall. We are now traveling the state recruiting students. Covid restrictions in some schools have hindered our outreach/recruitment, but we are finding other methods of recruiting. Our awesome students are recruited because of their heavy interest in agriculture, forestry, and natural resources. Our students must also not have discipline or attendance issues at their home school. They must also have at least a 2.5 GPA to apply.

In order for JDLH to reach its maximum potential it will be imperative to provide high quality educational programs, complete the deferred maintenance of facilities, regain National accreditation through Cognia, increase our partnerships and marketing. This past fiscal year the agency has been aggressively increasing partnerships, completing deferred maintenance of facilities, and increasing campus usage through our Education Center.

For JDLH, the agency strategic plan is a comprehensive long-term plan with goals that address identified-critical areas that will allow a blueprint in accomplishing the mission and vision of the agency.

- **Goal 1:** Complete deferred maintenance on facilities
- **Goal 2:** Enhance Coordination with Admissions and Recruiting with our Marketing Plan
- **Goal 3:** Gain National School Accreditation through Cognia
- **Goal 4:** Manage People and Physical Resources

AGENCY NAME:	JOHN DE LA HOWE		
AGENCY CODE:	L120	SECTION:	007

- **Goal 5:** Further Develop the Education Center and Summer Camping Programs

Goal 1 Update: Complete deferred maintenance on facilities

The *Complete Deferred Maintenance on Facilities* has been a major element for Goal 1 as JDLH has worked diligently to address the residential halls, roofing placement on facilities, and upgrade the aged Information Technology and Phone System. Through completion of review of the Legislative Oversight Committee and near completion of the Senate Oversight Committee, the agency is striving to continue its improvements in our accountability and performance measures.

In 2019-2020, six residential halls were fully remodeled, three for males and three for females. The Education Center was fully remodeled. Shiflett Hall had a new roof installed and the bottom floor was renovated for classroom space. The President’s home was renovated to serve as administration offices. LS Brice School building was lightly renovated for student use and to increase social distancing. Three staff houses were remodeled and are rented by staff members. The cafeteria was lightly renovated. Fire suppression system was installed all over campus.

In 2020-2021, three additional residential halls were completely renovated for new students. LS Brice had some additional light renovations so that we could use that building for classroom space.

Roof replacements have been completed on 7 residential properties, 4 barns, and Shiflett Hall. The Administration Building (De la Howe Hall) roof was completed.

The new Welcome Center (Security Gate) was completed in December 2020.

Goal 2 Update: Enhance Coordination with Admissions and Recruiting with our Marketing Plan

The Marketing Plan was 100% fully developed and implemented. Our new Public Relations Director has done an outstanding job creating all new logos, a school mascot, color branding for the agency, etc. We have created merchandise such as tee shirts, masks with our logo for students and staff, hats with our logo, and other promotional items to totally rebrand our agency and school. With the negative history of the agency, we had an uphill battle the entire year rebranding our school. Between July of 2020 and July of 2021, we were the guest speaker for 32 different programs across the state. We spoke at Young Farmer meetings, FFA meetings, Lions Club meetings, VFW meetings, School Superintendent meetings, Ag. Ed. classrooms, CFarm Bureau meetings, Cattleman’s meetings, etc. We ended up with a total of 91 applications the first year and 80 last year. The data clearly shows that we will have a good problem in the next two years as we grow. We believe we will run out of living space in the next two school years which will create a waiting list.

Goal 3 Update: Gain National School Accreditation through Cognia

Goal 3 focuses on obtaining National School Accreditation through Cognia. Last year, we opened the school with hiring an all-new staff while also recruiting students. This year, we are

AGENCY NAME:	JOHN DE LA HOWE		
AGENCY CODE:	L120	SECTION:	007

focused on obtaining the school accreditation while also providing the best agricultural educational experience in the country!

Goal 4 Update: Manage People and Physical Resources

With a 1,310-acre property, the campus of JDLH is a huge undertaking. With that being said, it is also the perfect outdoor laboratory for our students. Our students have four pathways to become a completer in.

1. Plant and Animal Science: with our pasture land, hay land, cropland, beef cattle herd, goat herd, poultry flock, and horses, our students have the premium experience envied by other high school programs in country. We have added a row crop experimental field this year partnering with Dyna Grow Seed Company. We are renovating our arena to attract more equine events here and to allow a great place for our students to practice their equine events.
2. Environmental and Natural Resources: those students enrolled in this pathway utilize the forest land for dendrology studies, timber cruising and estimation, control burn studies, chemical control studies, aquaculture management in the ponds and on Lake Thurmond. They also learn wildlife management with the vast property and how wildlife and agriculture must coincide. We planted a dove field this year where we also hosted a legislative dove hunt. We also partner with SCDNR to host TOMO hunts.
3. Horticulture: our students have multiple buildings around campus to design and install landscapes. We hosted our first plant sale for the spring that brought in hundreds of people to our campus! We will have a spring and fall plant sale this year.
4. Agricultural Mechanics: our students have modern farming equipment to learn how to operate, maintain, repair, etc. Our students in this pathway are highly recruited by John Deere who is a strong partner with our Foundation.

Goal 5: Further Develop the Education Center and Summer Camping Programs

Our Education Center programs were a huge success last year – even during the pandemic. We hosted multiple evening adult education workshops, summer camps, and field trips. Our Education Center is helping us tremendously to get our name out within the entire state.

RISK ASSESSMENT AND MITIGATION STRATEGIES

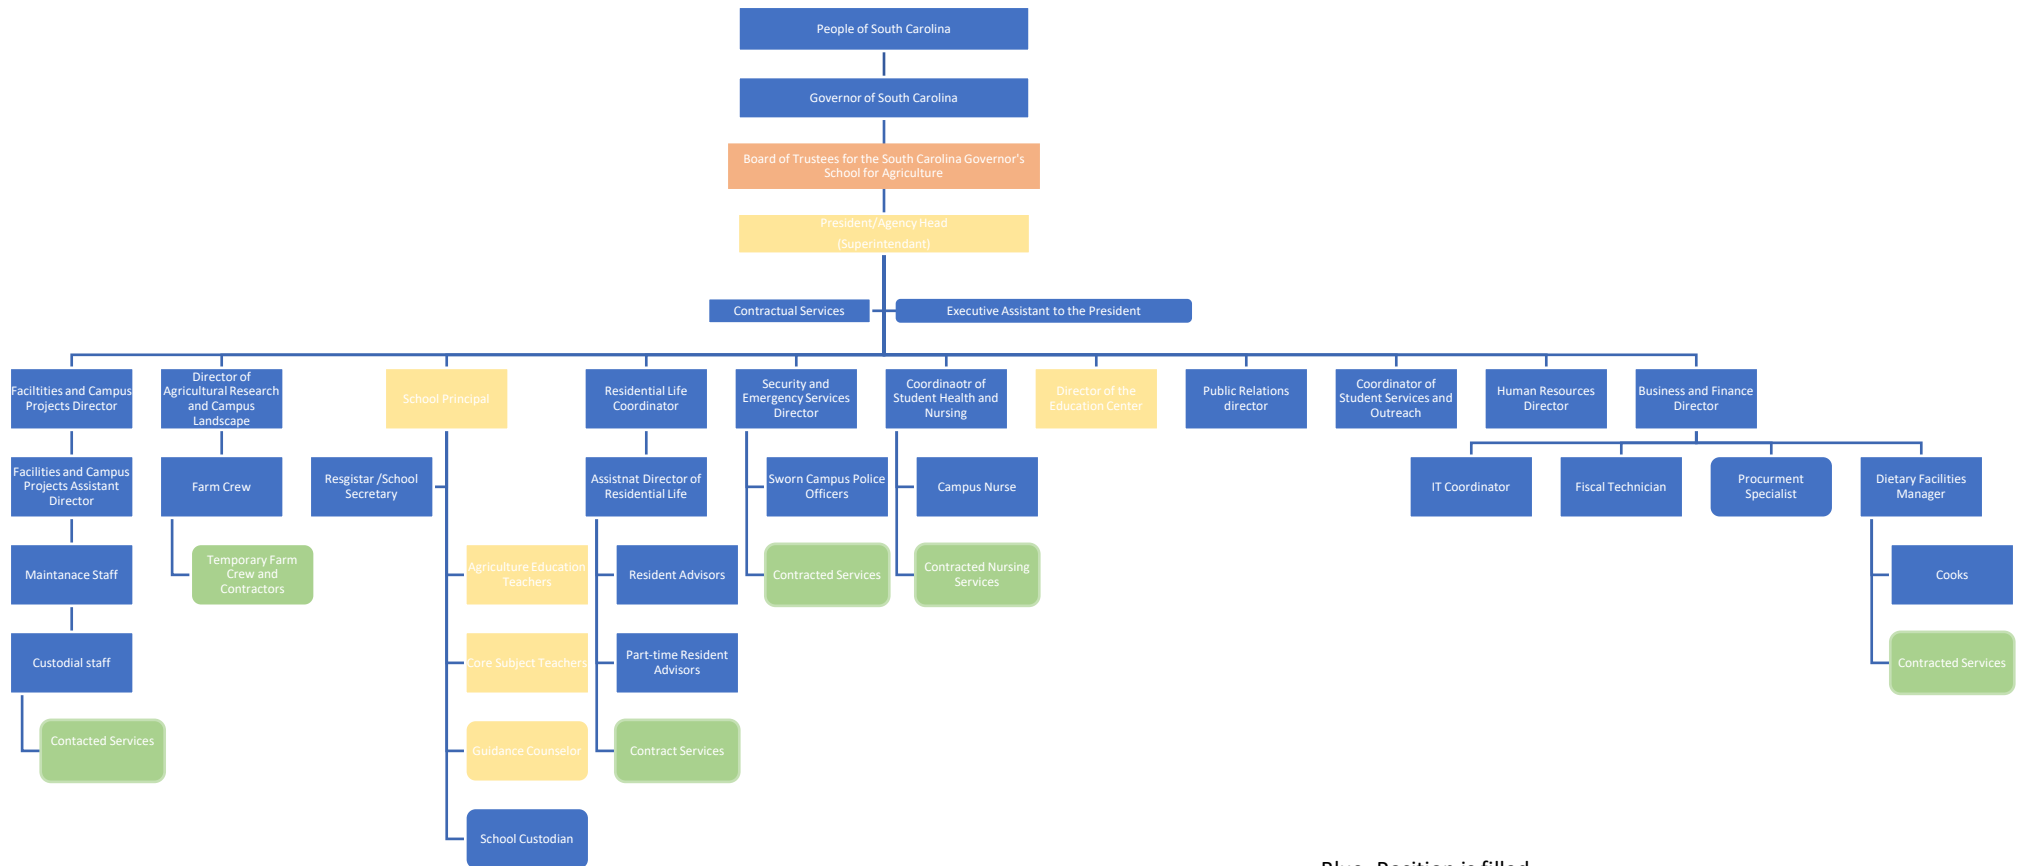

JDLH has hired all highly qualified teachers and administration staff. Our principal is working directly with Cognia to become accredited this year.

The second mitigation strategy is the use of our Education Center (formerly called the Wilderness Center). We hosted a 4H Forestry Camp with 20 students. We hosted the Boy Scouts for a weekend of camping. We hosted the McCormick Cattlemen’s multiple times as well as a regional Cattlemen’s meeting with almost 100 farmers on our campus! We hosted the SC Farm Bureau Youth Leadership Camp with 38 campers. We also hosted eight of our own day camps or overnight camps. We would like the Education Center to become income generating. The data proves the interest is strong for the usage of our Education Center.

AGENCY NAME:	JOHN DE LA HOWE		
AGENCY CODE:	L120	SECTION:	007

Finally, to maintain with our fiscal success, continued support from the General Assembly and realignment of savings from operational salaries and fringe to sustain the deferred facilities maintenance without the need for new funding.

South Carolina Governor's School for Agriculture Organizational Chart

Blue- Position is filled

Green- Outside contractors, not agency employees

Yellow- Position required certification as an educator

Orange- Appointed by Governor
