

Session 108 - (1989-1990)

H 3480 Joint Resolution, By Fair

A Joint Resolution to direct Dr. Charlie G. Williams, State Superintendent of Education, to instruct the county superintendents of education to advise the public school teachers of the school districts that they have the freedom and flexibility to supplement the present science curriculum, to provide for the supplement, and to provide for the county superintendents to provide a list of certain textbooks upon request.

02/14/89 House Introduced and read first time HJ-19

02/14/89 House Referred to Committee on Education and Public Works HJ-19
