Indicates New Matter

The House assembled at 1:00 p.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Psalm 116:12: "How shall I repay the Lord for all the good things God has done for us?"

Let us pray. Good and gracious God, help us to see one another as members of Your family. Encourage us to care for one another and to work for the common good. Bless these Representatives as they continue to work on items that are good for the people. Protect our first responders and those who defend us at home and abroad. Heal the wounds, those seen and those hidden, of our women and men who suffer and sacrifice for our freedom. Lord, in Your mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of Tuesday, May 23, the SPEAKER ordered it confirmed.

MESSAGE FROM THE SENATE

The following was received:

Columbia, S.C., Tuesday, May 23

Mr. Speaker and Members of the House:

The Senate respectfully informs your Honorable Body that it has overridden the Veto by the Governor on S. 562 by a vote of 40 to 0:

(R. 86) S. 562 -- Senators McElveen and Johnson: AN ACT TO AMEND ACT 321 OF 2010, RELATING TO THE CONSOLIDATION OF THE SUMTER COUNTY SCHOOL DISTRICT, SO AS TO PROVIDE FOR TWO AT-LARGE MEMBERS OF THE SUMTER COUNTY SCHOOL DISTRICT BOARD OF TRUSTEES, TO PROVIDE FOR THE INITIAL APPOINTMENT AND SUBSEQUENT ELECTION OF AT-LARGE SCHOOL BOARD MEMBERS, TO ABOLISH THE AT-LARGE SEATS FOLLOWING THE NEXT REAPPORTIONMENT AND TO ASSIGN THE FORMER AT-LARGE SEATS TO NEWLY CREATED SINGLE MEMBER DISTRICTS, AND TO STAGGER THE TERMS OF THE AT-LARGE SCHOOL BOARD MEMBERS.

Very respectfully,

President

Received as information.

R. 86, S. 562--ORDERED PRINTED IN THE JOURNAL

The SPEAKER ordered the following Veto printed in the Journal:

**State of South Carolina
Office of the Governor**

May 19, 2017

The Honorable Kevin L. Bryant

President of the Senate State House, First Floor, East Wing

Columbia, South Carolina 29201

Dear Mr. President and Members of the Senate:

I am hereby vetoing and returning without my approval R. 86, S. 562 (Word version), which seeks to add two at-large members to the Board of Trustees of the Sumter County School District ("School Board") and

TUESDAY, JUNE 6, 2017

convert these newly created seats to two new single-member seats upon reapportionment. For the reasons set forth below, I must veto S. 562. Currently, the School Board consists of seven members elected from single-member districts that correspond to the districts for Sumter County Council. S. 562 attempts to add two at-large members to the School Board, who would initially be appointed by the Sumter County Legislative Delegation before standing for election to four-year terms in 2018. The Bill then provides that the two new at-large seats will subsequently be converted to single-member districts following the 2020 decennial census.

While I commend the Sumter County Legislative Delegation for their apparent efforts to provide greater oversight of a school district with well-documented financial problems, the approach outlined in this Bill is problematic. First, such a method of selection deprives the Sumter County electorate of its opportunity to duly elect representatives to fill these seats and gives undue influence to state representatives. Further, the manner in which S. 562 attempts to initiate and implement structural changes to the School Board, particularly following reapportionment, is unclear if not internally inconsistent. S. 562 requires that board members reside in both the school district and election district from which they are elected, but fails to explain how these districts -- which would differ in number following reapportionment -- be reconciled.

Although I appreciate the underlying aims of S. 562, any such efforts to increase School Board oversight and accountability by increasing representation should be implemented via clear and well-articulated means. For the foregoing reasons, I am respectfully vetoing R. 86, S. 562 and returning the same without my signature.

Yours very truly,
Henry McMaster
Governor

R. 86, S. 562--GOVERNOR'S VETO OVERRIDDEN

The Veto on the following Act was taken up:

(R. 86) S. 562 -- Senators McElveen and Johnson: AN ACT TO AMEND ACT 321 OF 2010, RELATING TO THE CONSOLIDATION OF THE SUMTER COUNTY SCHOOL DISTRICT, SO AS TO PROVIDE FOR TWO AT-LARGE MEMBERS OF THE SUMTER COUNTY SCHOOL DISTRICT BOARD OF TRUSTEES, TO PROVIDE FOR THE INITIAL APPOINTMENT AND SUBSEQUENT

The assessment program must be used for school and school district accountability purposes beginning with the 2008-2009 school year. The publication of the annual school and school district report card may be delayed for the 2008-2009 school year until no later than February 15, 2010.~~ A student's score on an end-of-year assessment may not be the sole criterion for placing the student on academic probation, retaining the student in his current grade, or requiring the student to attend summer school. Beginning with the graduating class of 2010, students are required to pass a high school credit course in science and a course in United States history in which end-of-course examinations are administered to receive the state high school diploma. Beginning with the graduating class of 2015, students are no longer required to meet the exit examination requirements set forth in this section and State Regulation to earn a South Carolina high school diploma.

(2) A person who is no longer enrolled in a public school and who previously failed to receive a high school diploma or was denied graduation solely for failing to meet the exit exam requirements pursuant to this section and State Regulation may petition the local school board to determine the student's eligibility to receive a high school diploma pursuant to this chapter. The local school board will transmit diploma requests to the South Carolina Department of Education in accordance with department procedures. Petitions under this section must be submitted to the local school district. Students receiving diplomas in accordance with this section shall not be counted as graduates in the graduation rate calculations for affected schools and districts, either retroactively or in current or future calculations. On or before January 31, 2019, the South Carolina Department of Education shall report to the State Board of Education and the General Assembly the number of diplomas granted, by school district, under the provision. The State Board of Education shall remove any conflicting requirement and promulgate conforming changes in its applicable regulations. The department shall advertise the provisions of this item in at least one daily newspaper of general circulation in the area of each school district within forty-five days after this enactment. After enactment, the department may continue to advertise the provisions of this item, but it shall not be required to advertise after December 31, 2017. At a minimum, this notice must consist of two columns measuring at least ten inches in length and measuring at least four and one-half inches combined width, and include:

- (a) a headline printed in at least a twenty-four point font that is boldfaced;
- (b) an explanation of who qualifies for the petitioning option;
- (c) an explanation of the petition process;
- (d) a contact name and phone number; and
- (e) the deadline for submitting a petition.

~~(C) To facilitate the reporting of strand level information and the reporting of student scores prior to the beginning of the next school year, beginning with the 2009 administration, multiple choice items must be administered as close to the end of the school year as possible and the writing assessment must be administered earlier in the school year.~~

~~(D)~~ While assessment is called for in the specific areas mentioned above, this should not be construed as lessening the importance of foreign languages, visual and performing arts, health, physical education, and career or occupational programs.

~~(E)~~ The State Board of Education shall create a statewide adoption list of formative assessments for grades ~~one~~ kindergarten through nine aligned with the state content standards in English/language arts and mathematics that satisfies professional measurement standards in accordance with criteria jointly determined by the Education Oversight Committee and the State Department of Education. The formative assessments must provide diagnostic information in a timely manner to all school districts for each student during the course of the school year. For use beginning with the 2009-2010 School Year, and subject to appropriations by the General Assembly for the assessments, local districts must be allocated resources to select and administer formative assessments from the statewide adoption list to use to improve student performance in accordance with district improvement plans. However, if a local district already administers formative assessments, the district may continue to use the assessments if they meet the state standards and criteria pursuant to this subsection.

~~(F)~~ The State Department of Education shall provide on-going professional development in the development and use of classroom assessments, the use of formative assessments, and the use of the end-of-year state assessments so that teaching and learning activities are focused on student needs and lead to higher levels of student performance.”

SECTION 7. Section 59-18-320(B) of the 1976 Code, as last amended by Act 282 of 2008, is further amended to read:

assessment of mathematics, English/language arts, social studies, and science will be administered for accountability purposes to all public school students in grades three through eight, to include those students as required by the federal Individuals with Disabilities Education Improvement Act and by Title 1 of the Elementary and Secondary Education Act. To reduce the number of days of testing, to the extent possible, field test items must be embedded with the annual assessments. ~~In accordance with the requirements of the federal No Child Left Behind Act, science assessments must be administered annually to all students in one elementary and one middle school grade. The State Department of Education shall develop a sampling plan to administer science and social studies assessments to all other elementary and middle school students. The plan shall provide for all students and both content areas to be assessed annually; however, individual students, except in census testing grades, are not required to take both tests. In the sampling plan, approximately half of the assessments must be administered in science and the other half in social studies in each class. To ensure that school districts maintain the high standard of accountability established in the Education Accountability Act, performance level results reported on school and district report cards must meet consistently high levels in all four core content areas. The core areas must remain consistent with the following percentage weightings established and approved by the Education Oversight Committee: in grades three through five, thirty percent each for English/language arts and math, and twenty percent each for science and social studies; and in grades six through eight, twenty five percent each for English/language arts and math, and twenty five percent each for science and social studies. For students with documented disabilities, the assessments developed by the Department of Education shall include the appropriate modifications and accommodations with necessary supplemental devices as outlined in a student's Individualized Education Program and as stated in the Administrative Guidelines and Procedures for Testing Students with Documented Disabilities."~~

SECTION 8. Section 59-18-325 of the 1976 Code, as last amended by Act 281 of 2016, is further amended to read:

~~Elementary and Secondary Education Act and~~ entrance assessment that is from a provider secured by the department. In addition, all students entering the eleventh grade for the first time in School Year ~~2014-2015~~ 2017-2018 and subsequent years must be administered a ~~WorkKeys~~ career readiness assessment. The results of the assessments must be provided to each student, their respective schools, and to the State to:

(1) assist students, parents, teachers, and guidance counselors in developing individual graduation plans and in selecting courses aligned with each student's future ambitions;

(2) promote South Carolina's Work Ready Communities initiative; and

(3) meet federal and state accountability requirements.

(B) Students subsequently may use the results of these assessments to apply to college or to enter careers. The results must be added as part of each student's permanent record and maintained at the department for at least ten years. The purpose of the results is to provide instructional information to assist students, parents, and teachers to plan for each student's course selection. This course selection might include remediation courses, dual-enrollment or dual-credit courses, advanced placement courses/International Baccalaureate, internships, career and technology courses that are aligned with appropriate industry credentials or certificates, or other options during the remaining semesters in high school.

(1) For purposes of this section, 'eleventh grade students' mean students in the third year of high school after their initial enrollment in the ninth grade.

(2) Valid accommodations must be provided according to the students' IEP or 504 plan. If a student also chooses to use the results of the college readiness assessment for post-secondary admission or placement, the student, his parent, or his guardian must indicate that choice in compliance with the testing vendor's deadline to ensure that the student may receive allowable accommodations consistent with the IEP or 504 plan that may yield a college reportable score.

(3) In the twelfth grade, and as aligned to the student's Individual Graduation Plan, if funds are available, the State shall provide all students the opportunity to take or retake a college readiness assessment, the career readiness assessment, and/or earn industry credentials or certifications at no cost to the students. The results of the assessments must be provided to each student, the respective schools, and to the State.

(4) A student with a disability, whose Individualized Education Program (IEP) team determines, and agrees in writing, that taking either

of these assessments would not be aligned with the student's program of study and the student should not be administered either assessment, must not be administered either assessment.

(C) To maintain a comprehensive and cohesive assessment system that signals a student's preparedness for the next educational level and ultimately culminates in a clear indication of a student's preparedness for postsecondary success in a college or career and to satisfy federal and state accountability purposes, the State Department of Education shall procure and maintain a summative assessment system.

(1) The summative assessment must be administered to all students in grades three through eight. The summative assessment must assess students in English/language arts and mathematics, including those students as required by the federal Individuals with Disabilities Education Act and by Title I of the Elementary and Secondary Education Act. For purposes of this subsection, 'English/language arts' includes English, reading, and writing skills as required by existing state standards. The assessment must be a rigorous, achievement assessment that measures student mastery of the state standards, that provides timely reporting of results to educators, parents, and students, and that measures each student's progress toward college and career readiness. Therefore, the assessment or assessments must meet all of the following minimum requirements:

(a) compares performance of students in South Carolina to other students' performance on comparable standards in other states with the ability to link the scales of the South Carolina assessment to the scales from other assessments measuring those comparable standards;

(b) be a vertically scaled, benchmarked, standards-based system of summative assessments;

(c) measures a student's preparedness for the next level of their educational matriculation and individual student performance against the state standards in English/language arts, reading, writing, mathematics, and student growth;

(d) documents student progress toward national college and career readiness benchmarks derived from empirical research and state standards;

(e) establishes at least four student achievement levels;

(f) includes various test questions including, but not limited to, multiple choice, constructed response, and selected response, that require students to demonstrate their understanding of the content;

(g) be administered to all students in a computer-based format except for students with disabilities as specified in the student's IEP or

504 plan, and unless the use of a computer by these students is prohibited due to the vendor's restrictions on computer-based test security, in which case the paper version must be made available; and

(h) assists school districts and schools in aligning assessment, curriculum, and instruction.

(2)(a) Beginning in the 2017-2018 School Year, each school district shall administer the statewide summative assessment, with the exception of alternate assessments, for grades three through eight during the last twenty days of school as determined by the district's regular instructional calendar, not including make-up days. If an extension to the twenty-day time period is needed, the school district or charter school may submit a request for an extension to the State Board of Education before December first of the school year for which the waiver is requested. The request must clearly document the scope and rationale for the extension. The request also must be accompanied by an action plan showing how the district or charter school will be able to comply with the twenty-day time frame for the following school year.

(b) Statewide summative testing for each student may not exceed eight days each school year, with the exception of students with disabilities as specified in their IEPs or 504 plans.

(c) The State Board of Education shall promulgate regulations outlining the procedures to be used during the testing process to ensure test security, including procedures for make-up days, and to comply with federal and state assessment requirements where necessary.

(d) In the event of school closure due to extreme weather or other disruptions that are not the fault of the district, or significant school or district technology disruptions that impede computer-based assessment administration, the school district or charter school may submit a request to the department to provide a paper-based administration to complete testing within the last twenty days of school. The request must clearly document the scope and cause of the disruption.

(3) ~~The department must procure and administer assessments in English/language arts and mathematics in grades three through eight, and administer assessments in science and social studies to all students in grades four through eight~~ Beginning with the 2017-2018 School Year, the department shall procure and administer the standards-based assessments of mathematics and English/language arts to students in grades three through eight. The department also shall procure and administer the standards-based assessment in science to students in grades four, six, and eight, and the standards based assessment in social studies to students in grades five and seven.

TUESDAY, JUNE 6, 2017

~~(4)(a) For the 2016-2017, 2017-2018, and 2018-2019 School Years, the department is responsible for ensuring the procurement and administration of the ACT Plus Writing assessment. Following the 2018-2019 School Year, the department shall procure and administer a standardized national test that meets the requirements of subsection (A) that documents student progress toward national college and career readiness benchmarks derived from empirical research, and is widely accepted by higher education institutions for admissions purposes. The department is responsible for continuing to procure and administer the WorkKeys assessments.~~

~~(b) For the 2016-2017, 2017-2018, and 2018-2019 School Years, all public high schools and, where necessary, career centers, annually shall administer the WorkKeys assessment and the ACT Plus Writing college readiness assessment procured by the department to all eleventh grade students. Following the 2018-2019 School Year, all public high schools and, where necessary, career centers, annually shall administer the college readiness and WorkKeys assessments procured by the department to all eleventh grade students. For the purposes of this section, 'eleventh grade students' means students in the third year of high school after their initial enrollment in the ninth grade.~~

~~(c) Valid accommodations must be provided according to the students' IEP or 504 plan. If a student also chooses to use the results of the college readiness assessment for post-secondary admission or placement, the student, his parent, or his guardian must indicate that choice in compliance with the testing vendor's deadline to ensure that the student may receive allowable accommodations consistent with the IEP or 504 plan that may yield a college reportable score.~~

~~(5) If funds are available, the State shall provide a two-year college or four-year college readiness assessment or the WorkKeys assessment to twelfth grade students who did not meet benchmarks on the eleventh grade assessment for college and career readiness at no cost to the students. The State Department of Education shall reimburse districts for the administration of the college entrance and career readiness assessments.~~

~~(65) Formative assessments must continue to be adopted, selected, and administered pursuant to Section 59-18-310.~~

~~(76) Within thirty days after providing student performance data to the school districts as required by law, the department must provide to the Education Oversight Committee student performance results on assessments authorized in this subsection and end-of-course assessments in a format agreed upon by the department and the Oversight Committee.~~

TUESDAY, JUNE 6, 2017

~~The Education Oversight Committee must use the results of these assessments in School Years 2014-2015, 2015-2016, and 2016-2017 to report on student academic performance in each school and district pursuant to Section 59-18-900. The committee may not determine state ratings for schools or districts, pursuant to Section 59-18-900, using the results of the assessments required by this subsection until after the conclusion of the 2016-2017 School Year; provided, however, state ratings must be determined by~~ The results of these assessments must be included in state ratings for each school beginning in the 2017-2018 School Year. The Oversight Committee also must develop and recommend a single accountability system that meets federal and state accountability requirements by the Fall of 2017. While developing the single accountability system that will be implemented in the 2017-2018 School Year, the Education Oversight Committee shall determine the format of a transitional report card released to the public in the Fall of 2016 and 2017 that will also identify underperforming schools and districts. These transitional reports will, at a minimum, include the following: (1) school, district, and statewide student assessment results in reading and mathematics in grades three through eight; (2) high school and district graduation rates; and (3) measures of student college and career readiness at the school, district, and statewide level. These transitional reports will inform schools and districts, the public, and the Department of Education of school and district general academic performance and assist in identifying potentially underperforming schools and districts and in targeting technical assistance support and interventions in the interim before ratings are issued.

(87) When standards are subsequently revised, the Department of Education, the State Board of Education, and the Education Oversight Committee shall approve assessments pursuant to Section 59-18-320.”

SECTION 9. Section 59-18-340 of the 1976 Code, as last amended by Act 282 of 2008, is further amended to read:

“Section 59-18-340. High schools shall offer state-funded PSAT ~~or PLAN, pre-ACT, or tenth grade Aspire~~ tests to each tenth grade student in order to assess and identify curricular areas that need to be strengthened and ~~reenforced~~ reinforced. Schools and districts shall use these assessments as diagnostic tools to provide academic assistance to students whose scores reflect the need for such assistance. Schools and districts shall use these assessments to provide guidance and direction for parents and students as they plan for postsecondary experiences.”

SECTION 10. Section 59-18-360 of the 1976 Code, as last amended by Act 282 of 2008, is further amended to read:

TUESDAY, JUNE 6, 2017

“Section 59-18-360. Beginning with the 2010 assessment administration, the Department of Education is directed to provide assessment results annually on individual students and schools by August first, except when assessments are being updated and new achievement standards are being set, in a manner and format that is easily understood by parents and the public. In addition, the school assessment results must be presented in a format easily understood by the faculty and in a manner that is useful for curriculum review and instructional improvement. The department is to provide longitudinally matched student data from the standards based assessments and include information on the performance of subgroups of students within the school. The department must work with the Division of Accountability in developing the formats of the assessment results. Schools and districts are responsible for disseminating this information to parents.”

SECTION 11. Section 59-18-900 of the 1976 Code, as last amended by Act 289 of 2014, is further amended to read:

“Section 59-18-900. (A) The Education Oversight Committee, working with the State Board of Education, is directed to establish the format of a comprehensive, web-based, annual report card, ~~its format, and an executive summary of the report card~~ to report on the performance for the State and ~~for the~~ individual primary, elementary, middle, high schools, career centers, and school districts of the State. The comprehensive report card must be in a reader-friendly format, using graphics whenever possible, published on the state, district, and school website, and, upon request, printed by the school districts. The school’s ~~ratings on academic performance~~ rating must be emphasized and an explanation of ~~their~~ its meaning and significance for the school ~~and the district~~ also must be reported. The annual report card must serve at least ~~five~~ six purposes:

- (1) inform parents and the public about the school’s performance including, but not limited to, that on the home page of the report there must be each school’s overall performance rating in a font size larger than twenty-six and the total number of points the school achieved on a zero to one hundred scale;
- (2) assist in addressing the strengths and weaknesses within a particular school;

(6) document the preparedness of high school graduates for college and career.

(B)(1) The Education Oversight Committee, working with the State Board of Education and a broad-based group of stakeholders, including, but not limited to, parents, business and industry persons, community leaders, and educators, shall determine the criteria for and establish ~~five~~ academic performance ratings of excellent, good, average, below average, and ~~school/district at risk~~ unsatisfactory for schools to increase transparency and accountability as provided below:

(a) Excellent – School performance substantially exceeds the criteria to ensure all students meet the Profile of the South Carolina Graduate;

(b) Good – School performance exceeds the criteria to ensure all students meet the Profile of the South Carolina Graduate;

(c) Average – School performance meets the criteria to ensure all students meet the Profile of the South Carolina Graduate;

(d) Below Average – School performance is in jeopardy of not meeting the criteria to ensure all students meet the Profile of the South Carolina Graduate; and

(e) Unsatisfactory – School performance fails to meet the criteria to ensure all students meet the Profile of the South Carolina Graduate.

~~Schools and districts shall receive a rating for absolute and growth performance.~~

(2) The same categories of performance ratings also must be assigned to individual indicators used to measure a school's performance including, but not limited to, academic achievement, student growth or progress, graduation rate, English language proficiency, and college and career readiness.

(3) Only the scores of students enrolled continuously in the school ~~at from~~ the time of the forty-five-day enrollment count ~~shall be used to determine the absolute and growth ratings to the first day of testing must be included in calculating the rating.~~ Graduation rates must be used as an additional accountability measure for high schools and school districts.

(4) The Oversight Committee, working with the State Board of Education, shall establish ~~three~~ student performance indicators which will be those considered to be useful for ~~assessing~~ inclusion as a component of a school's overall performance and appropriate for the grade levels within the school.

TUESDAY, JUNE 6, 2017

~~The student performance levels are: Not Met, Met, and Exemplary. 'Not Met' means that the student did not meet the grade level standard. 'Met' means the student met the grade level standard. 'Exemplary' means the student demonstrated exemplary performance in meeting the grade level standard. For purposes of reporting as required by federal statute, 'proficiency' shall include students performing at Met or Exemplary.~~

(C) In setting the criteria for the academic performance ratings and the performance indicators, the Education Oversight Committee shall report the performance by subgroups of students in the school and schools similar in student characteristics. Criteria must use established guidelines for statistical analysis and build on current data-reporting practices.

(D) The comprehensive report card must include a comprehensive set of performance indicators with information on comparisons, trends, needs, and performance over time which is helpful to parents and the public in evaluating the school. In addition, the comprehensive report card must include indicators that meet federal law requirements. Special efforts are to be made to ensure that the information contained in the report card is provided in an easily understood manner and a reader-friendly format. This information should also provide a context for the performance of the school. Where appropriate, the data should yield disaggregated results to schools and districts in planning for improvement. The report card should include information in such areas as programs and curriculum, school leadership, community and parent support, faculty qualifications, evaluations of the school by parents, teachers, and students. In addition, the report card must contain other criteria including, but not limited to, information on promotion and retention ratios, disciplinary climate, dropout ratios, dropout reduction data, dropout retention data, access to technology, student and teacher ratios, and attendance data.

(E) After reviewing the school's performance on statewide assessments and results of other report card criteria, the principal, in conjunction with the School Improvement Council established in Section 59-20-60, must write an annual narrative of a school's progress in order to further inform parents and the community about the school and its ~~operation~~ efforts to ensure that all students graduate with the knowledge, skills, and opportunity to be college ready, career ready, and life ready for success in the global, digital, and knowledge-based world of the twenty-first century as provided in Section 59-1-50. The narrative must be reviewed by the district superintendent or appropriate body for

a local charter school. The narrative must cite factors or activities supporting progress and barriers which inhibit progress. The school's report card must be furnished to parents and the public no later than November fifteenth for the 2016-2017 and 2017-2018 School Years. To further increase transparency and accountability, for the 2018-2019 School Year, the school's report card must be furnished to parents and the public no later than October first. For the 2019-2020 School Year, and every subsequent year, the school's report card must be furnished to parents and the public no later than September first.

(F) The percentage of new trustees who have completed the orientation requirement provided in Section 59-19-45 must be reflected on the school district website.

(G) The State Board of Education shall promulgate regulations outlining the procedures for data collection, data accuracy, data reporting, and consequences for failure to provide data required in this section.

(H) The Education Oversight Committee, working with the State Board of Education, is directed to establish a comprehensive annual report concerning the performance of military-connected children who attend primary, elementary, middle, and high schools in this State. The comprehensive annual report must be in a reader-friendly format, using graphics whenever possible, published on the state, district, and school websites, and, upon request, printed by the school districts. The annual comprehensive report must address at least attendance, academic performance in reading, math, and science, and graduation rates of military-connected children.”

Beginning in ~~2013~~2020, the Education Oversight Committee, working with the State Board of Education and a broad-based group of stakeholders, selected by the Education Oversight Committee, shall conduct a comprehensive cyclical review of the accountability system at least every five years and shall provide the General Assembly with a report on the findings and recommended actions to improve the accountability system and to accelerate improvements in student and school performance. The stakeholders must include the State Superintendent of Education and the Governor, or the Governor's designee. The other stakeholders include, but are not limited to, parents, business and industry persons, community leaders, and educators. A charter school established pursuant to Chapter 40, Title 59 shall report the data requested by the Department of Education necessary to generate a report card and a rating. ~~The Department of Education shall utilize this data to issue a report card with performance ratings to parents and the public containing the ratings and explaining its significance and providing other information similar to that required of other schools in this section.~~ The performance of students attending charter schools sponsored by the South Carolina Public Charter School District must be included in the overall performance ratings of each school in the South Carolina Public Charter School District. The performance of students attending a charter school authorized by a local school district must be reflected on a separate line on the school district’s report card ~~and must not be included in the overall performance ratings of the local school district, unless there is a mutual agreement to include the scores in the local school district ratings.~~ An alternative school is included in the requirements of this chapter; however, the purpose of an alternative school must be taken into consideration in determining its performance rating. The Education Oversight Committee, working with the State Board of Education and the School to Work Advisory Council, shall develop a report card for career and technology schools.”

SECTION 14. Section 59-18-930(A) of the 1976 Code, as last amended by Act 34 of 2009, is further amended to read:
