2 EXECUTIVE ORDERS

Executive Order No. 2020-44

WHEREAS, the State of South Carolina has taken, and must continue to take, all necessary and appropriate actions in coping with and mitigating the significant public health threat and other impacts associated with the 2019 Novel Coronavirus (“COVID-19”), and in doing so, the State must remain flexible to account for the evolving and expanding nature of the public health emergency; and

WHEREAS, in furtherance of the foregoing, the undersigned has, *inter alia*, convened the Public Health Emergency Plan Committee (“PHEPC”), activated the South Carolina Emergency Operations Plan (“Plan”), and regularly conferred with state and federal agencies, officials, and experts, to include the White House Coronavirus Task Force, the South Carolina Department of Health and Environmental Control (“DHEC”), and the South Carolina Emergency Management Division (“EMD”); and

WHEREAS, on March 13, 2020, the undersigned issued Executive Order No. 2020-08, declaring a State of Emergency based on a determination that COVID-19 posed an imminent public health emergency for the State of South Carolina; and

WHEREAS, on March 13, 2020, the President of the United States declared the ongoing COVID-19 outbreak a pandemic of sufficient severity and magnitude to warrant an emergency declaration for all states, tribes, territories, and the District of Columbia, pursuant to Section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121–5207 (“Stafford Act”); and

WHEREAS, on March 13, 2020, the President of the United States also declared that the COVID-19 pandemic in the United States constitutes a national emergency, pursuant to Sections 201 and 301 of the National Emergencies Act, 50 U.S.C. §§ 1601 *et seq.*, and consistent with Section 1135 of the Social Security Act, 42 U.S.C. § 1320b-5, as amended, retroactive to March 1, 2020; and

WHEREAS, in addition to declaring an initial State of Emergency on March 13, 2020, the undersigned has issued various Executive Orders initiating, directing, and modifying further extraordinary measures designed to address the significant public health, economic, and other impacts associated with COVID-19 and to mitigate the resulting burdens on healthcare providers, individuals, and businesses in the State of South Carolina, certain provisions of which have been extended by subsequent and distinct emergency declarations set forth in Executive Order Nos. 2020-15, 2020-23, 2020-29, 2020-35, 2020-38, 2020-40, and 2020-42; and

WHEREAS, on March 24, 2020, the undersigned requested that the President of the United States declare that a major disaster exists in the State of South Carolina pursuant to Section 401 of the Stafford Act, and on March 27, 2020, the President of the United States granted the undersigned’s request and declared that such a major disaster exists and ordered federal assistance to supplement state, tribal, and local recovery efforts in the areas affected by the COVID-19 pandemic, with an effective date retroactive to January 20, 2020, and continuing; and

WHEREAS, on May 18, 2020, the undersigned approved and signed H. 3411, R-140, Act No. 135 of 2020, as passed by the General Assembly and ratified on May 12, 2020, which expressly acknowledged “the public health emergency associated with the 2019 Novel Coronavirus (COVID-19)” and recognized that “given the extraordinary challenges facing our State, our nation, and the world due to COVID-19, it is necessary to take emergency measures to combat the spread of this deadly virus”; and

WHEREAS, although the above-referenced and other emergency measures have helped limit and slow the spread of COVID-19, the COVID-19 pandemic represents an ongoing, evolving, and expanding public health threat, which requires that the State of South Carolina continue to take all necessary and appropriate actions in proactively preparing for and promptly responding to the current public health emergency and the significant economic impacts and other consequences associated with the same; and

WHEREAS, as of July 11, 2020, DHEC has identified at least 54,538 confirmed cases of COVID-19 in the State of South Carolina, including 940 deaths due to COVID-19; and

WHEREAS, DHEC announced 2,239 new positive cases of COVID-19 on July 11, 2020, which represents the highest number of positive cases of COVID-19 reported in a single day, as well as the State’s first pediatric death associated with COVID-19; and

WHEREAS, over the past several weeks, the State has significantly increased the availability of, and access to, COVID-19 testing, and although the expansion of testing capability and capacity was expected to produce higher daily numbers of confirmed cases of COVID-19, DHEC has also noted substantial increases in the rate or percentage of positive test results, as well as the number of hospital beds occupied by patients who have either tested positive or are under investigation for COVID-19; and

WHEREAS, as a result of South Carolina’s enhanced testing and tracing initiatives, DHEC has also identified additional “hot spots” in certain areas of the State, which warrants the implementation of further targeted outreach efforts to control the spread of COVID-19; and

WHEREAS, due to the continued spread of COVID-19 and recent increases in the number of individuals hospitalized in connection with the same, the State of South Carolina must continue to take any and all necessary and appropriate steps to address and minimize the resulting strain on healthcare facilities and resources; and

WHEREAS, section 1-3-420 of the South Carolina Code of Laws, as amended, provides that “[t]he Governor, when in his opinion the facts warrant, shall, by proclamation, declare that, because of . . . a public health emergency . . . a danger exists to the person or property of any citizen and that the peace and tranquility of the State, or any political subdivision thereof, or any particular area of the State designated by him, is threatened, and because thereof an emergency, with reference to such threats and danger, exists”; and

WHEREAS, as the elected Chief Executive of the State, the undersigned is authorized pursuant to section 25-1-440 of the South Carolina Code of Laws, as amended, to “declare a state of emergency for all or part of the State if he finds a disaster or a public health emergency . . . has occurred, or that the threat thereof is imminent and extraordinary measures are considered necessary to cope with the existing or anticipated situation”; and

WHEREAS, in accordance with section 44-4-130 of the South Carolina Code of Laws, as amended, a “public health emergency” exists when there is an “occurrence or imminent risk of a qualifying health condition,” which includes “an illness or health condition that may be caused by . . . epidemic or pandemic disease, or a novel infectious agent . . . that poses a substantial risk of a significant number of human fatalities [or] widespread illness”; and

WHEREAS, section 1-3-430 of the South Carolina Code of Laws, as amended, provides that when a state of emergency has been declared, the undersigned “may further, cope with such threats and danger, order and direct any person or group of persons to do any act which would in his opinion prevent or minimize danger to life, limb or property, or prevent a breach of the peace; and he may order any person or group of persons to refrain from doing any act or thing which would, in his opinion, endanger life, limb or property, or cause, or tend to cause, a breach of the peace, or endanger the peace and good order of the State or any section or community thereof, and he shall have full power by use of all appropriate available means to enforce such order or proclamation”; and

WHEREAS, pursuant to section 1-3-460 of the South Carolina Code of Laws, as amended, the foregoing and other emergency authority is “supplemental to and in aid of powers now vested in the Governor under the Constitution, statutory laws[,] and police powers of the State”; and

4 EXECUTIVE ORDERS

WHEREAS, in accordance with section 25-1-440 of the South Carolina Code of Laws, as amended, when an emergency has been declared, the undersigned is “responsible for the safety, security, and welfare of the State and is empowered with [certain] additional authority to adequately discharge this responsibility,” to include issuing, amending, and rescinding “emergency proclamations and regulations,” which shall “have the force and effect of law as long as the emergency exists”; and

WHEREAS, pursuant to section 25-1-440 of the South Carolina Code of Laws, when an emergency has been declared, the undersigned is further authorized to “suspend provisions of existing regulations prescribing procedures for conduct of state business if strict compliance with the provisions thereof would in any way prevent, hinder, or delay necessary action in coping with the emergency”; and

WHEREAS, in addition to the foregoing, section 25-1-440 of the South Carolina Code of Laws authorizes the undersigned, during a declared emergency, to “transfer the direction, personnel, or functions of state departments, agencies, and commissions, or units thereof, for purposes of facilitating or performing emergency services as necessary or desirable,” and to “compel performance by elected and appointed state, county, and municipal officials and employees of the emergency duties and functions assigned them in the State Emergency Plan or by Executive Order”; and

WHEREAS, the undersigned is further authorized, pursuant to section 25-1-440 of the South Carolina Code of Laws, to “direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is considered necessary for the preservation of life or other emergency mitigation, response, or recovery; to prescribe routes, modes of transportation, and destination in connection with evacuation; and to control ingress and egress at an emergency area, the movement of persons within the area, and the occupancy of premises therein”; and

WHEREAS, in the context of a public health emergency, section 25-1-440 of the South Carolina Code of Laws also “authorizes the deployment and use of any resources and personnel including, but not limited to, local officers and employees qualified as first responders, to which the plans apply and the use or distribution of any supplies, equipment, materials, and facilities assembled, stockpiled, or arranged to be made available pursuant to this act”; and

WHEREAS, in accordance with section 16-7-10(A) of the South Carolina Code of Laws, as amended, “[i]n any area designated by the Governor in his proclamation that a state of emergency exists, and during the duration of the proclamation, it is unlawful for a person to: violate a provision in the proclamation including, but not limited to, any curfew set forth by the proclamation; congregate, unless authorized or in their homes, in groups of three or more and to refuse to disperse upon order of a law enforcement officer; or wilfully fail or refuse to comply with any lawful order or direction of any law enforcement officer”; and

WHEREAS, it is axiomatic that “[t]he health, welfare, and safety of the lives and property of the people are beyond question matters of public concern, and reasonable regulations and laws designed to preserve and protect the same are clearly contained in the police power inherent in the sovereign,” 1980 S.C. Op. Att’y Gen. 142, 1980 WL 81975, at *1 (S.C.A.G. Sept. 5, 1980); and

WHEREAS, the State of South Carolina has made significant progress to date in limiting and controlling the outbreak and continued spread of COVID-19, but the extraordinary circumstances and conditions that necessitated the undersigned’s prior emergency declarations have since evolved and expanded and now present different and additional threats, which must be dealt with on their own terms; and

WHEREAS, consistent with the findings set forth in section 44-4-110 of the South Carolina Code of Laws, as amended, the different and additional public health threats posed by COVID-19, as well as the continued need to, *inter alia*, mitigate the resulting strain on healthcare facilities and resources and deploy widespread testing and tracing initiatives, “require the exercise of extraordinary government functions . . . to respond, rapidly and effectively” to the evolving emergency currently facing the entire State; and

WHEREAS, for the aforementioned and other reasons, and after consulting with various state and federal agencies, officials, and experts, the undersigned has determined based on the latest data, in accordance with section 44-4-130 of the South Carolina Code of Laws, that the current status and continued community spread and transmission of COVID-19 in the State represents the “occurrence” of a “qualifying health condition”—which includes “an illness or health condition that may be caused by . . . epidemic or pandemic disease, or a novel infectious agent . . . that poses a substantial risk of a significant number of human fatalities [or] widespread illness”—thereby warranting and necessitating the declaration of a unique and distinct public health emergency for the State of South Carolina, which must be dealt with on its own accord; and

WHEREAS, the State of South Carolina must take additional proactive action to control the spread of COVID-19 and mitigate the impacts associated with the same, particularly on healthcare facilities and resources and certain portions of the State’s population; and

WHEREAS, it is imperative that the State of South Carolina continue to utilize extraordinary measures and deploy substantial resources to meet the unprecedented threat posed by COVID-19 and the evolving nature and scope of this public health emergency, and in order to promptly and effectively do so, the State must take any and all necessary and appropriate steps to coordinate additional intergovernmental and interagency resources and response efforts to address the current and anticipated circumstances; and

WHEREAS, in addition to the foregoing, in further proactively preparing for and promptly responding to the continued spread of COVID-19, the State of South Carolina must simultaneously confront the significant economic impacts and other consequences associated with COVID-19, to include stabilizing and reinvigorating the State’s economy by addressing issues related to unemployment, facilitating the safe reopening of businesses and industries, permitting economic flexibility by reducing regulations, and accessing and utilizing federal funds and resources to assist with emergency operations; and

WHEREAS, as part of the ongoing process of facilitating economic recovery and revitalization in a safe, strategic, and incremental manner, the State of South Carolina must also continue to encourage effective “social distancing” practices and implement additional targeted and narrowly tailored measures to combat and control the spread of COVID-19; and

WHEREAS, for the aforementioned and other reasons, and in recognition and furtherance of the undersigned’s responsibility to provide for and ensure the health, safety, security, and welfare of the people of the State of South Carolina, the undersigned has determined—based on recent developments, updated data, new facts, changing conditions, and the previously unforeseen occurrence of a combination of extraordinary circumstances—that an effective response to the ongoing COVID-19 pandemic, including the different, additional, and intensifying threats cited herein, represents and requires a new and distinct emergency, which warrants further proactive action by the State of South Carolina and the implementation and enforcement of additional extraordinary measures to address the same.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and the powers conferred upon me therein, I hereby declare that a State of Emergency exists in South Carolina. Accordingly, for the foregoing reasons and in accordance with the cited authorities and other applicable law, I further order and direct as follows:

Section 1. Emergency Measures

To prepare for and respond to the evolving and expanding public health threat posed by the COVID-19 pandemic and to mitigate the other significant impacts associated with the same, including the resulting strain on healthcare facilities and resources, pursuant to the cited authorities and other applicable law, I hereby determine, order, and direct as follows:

6 EXECUTIVE ORDERS

A. The State of South Carolina must take additional proactive action and implement further extraordinary measures to prepare for, respond to, and address the ongoing and evolving public health threat posed by the COVID-19 pandemic, to include the continued utilization and coordination of intergovernmental and interagency resources, operations, and response efforts.

B. I hereby memorialize and confirm my prior activation of the Plan and direct that the Plan be further placed into effect and that all prudent preparations be taken at the individual, local, and state levels to proactively prepare for and promptly respond to the COVID-19 pandemic and the significant economic impacts and other consequences associated with the same. I further direct the continued utilization of all available resources of state government as reasonably necessary to address the current State of Emergency.

C. I hereby direct DHEC to utilize and exercise any and all emergency powers, as set forth in the Emergency Health Powers Act, codified as amended in Title 44, Chapter 4 of the South Carolina Code of Laws, deemed necessary to promptly and effectively address the current public health emergency. In accordance with section 44-4-500 of the South Carolina Code of Laws, as amended, DHEC shall continue to “use every available means to prevent the transmission of infectious disease and to ensure that all cases of infectious disease are subject to proper control and treatment.”

D. I hereby direct DHEC to restrict visitation to nursing homes and assisted living facilities, with the exception of end-of-life situations, as DHEC deems necessary and appropriate. I further direct DHEC to develop guidelines for nursing homes and assisted living facilities to allow for or facilitate limited visitation for immediate family members and to communicate the same to such facilities.

E. I hereby authorize and direct state correctional institutions and local detention facilities to suspend visitation processes and procedures, as necessary, during this State of Emergency.

F. I hereby place specified units and/or personnel of the South Carolina National Guard on State Active Duty, pursuant to section 25-1-1840 of the South Carolina Code of Laws, as amended, and direct the Adjutant General to issue the requisite supplemental orders as he deems necessary and appropriate. I further order the activation of South Carolina National Guard personnel and the utilization of appropriate equipment at the discretion of the Adjutant General, and in coordination with the Director of EMD, to take necessary and prudent actions to assist the people of this State. I authorize Dual Status Command, as necessary, to allow the Adjutant General or his designee to serve as commander over both federal (Title 10) and state forces (National Guard in Title 32 and/or State Active Duty status).

G. I hereby order that all licensing and registration requirements regarding private security personnel or companies who are contracted with South Carolina security companies in protecting property and restoring essential services in South Carolina shall be suspended, and I direct the South Carolina Law Enforcement Division (“SLED”) to initiate an emergency registration process for those personnel or companies for a period specified, and in a manner deemed appropriate, by the Chief of SLED.

H. I hereby declare that the prohibitions against price gouging pursuant to section 39-5-145 of the South Carolina Code of Laws, as amended, are in effect and shall remain in effect for the duration of this State of Emergency.

I. I hereby declare that the provisions of the following Orders shall remain in full force and effect for the duration of the State of Emergency declared herein, unless otherwise modified, amended, or rescinded below or by prior or future Order: Executive Order Nos. 2020-09, 2020-10, 2020-11, 2020-12, 2020-13, 2020-16, 2020-18, 2020-21, 2020-22, 2020-25, 2020-28, 2020-30, 2020-31, 2020-33, 2020-34, 2020-36, and 2020-37.

Section 2. Protection of First Responders

To ensure the uninterrupted performance and provision of emergency services and to maintain peace and good order during the State of Emergency, while simultaneously undertaking additional proactive measures to safeguard the health and safety of law enforcement authorities and other first responders, pursuant to the cited authorities and other applicable law, I hereby determine, order, and direct as follows:

A. The State of South Carolina must promptly undertake and implement additional proactive measures to safeguard the health and safety of law enforcement authorities and other first responders who risk potential exposure to COVID-19 while providing emergency and other essential services during the State of Emergency.

B. I hereby authorize and direct any and all 911 operators or other emergency dispatchers to ask any individual placing a call for service whether such individual or any member of their household has tested positive for COVID-19 or is exhibiting symptoms consistent with the same.

C. I hereby authorize and instruct DHEC, upon consultation with SLED, to provide any necessary and appropriate additional or supplemental guidance regarding the interpretation, application, or enforcement of this Section.

Section 3. Transportation Waivers

To expedite the State of South Carolina's continued preparation for and response to the ongoing and evolving emergency conditions related to COVID-19 and to facilitate the prompt transportation and delivery of any critical resources, supplies, and personnel identified and deemed necessary in connection with the same, pursuant to the cited authorities and other applicable law, I hereby determine, order, and direct as follows:

A. I hereby suspend certain rules and regulations, as set forth below, for commercial vehicles and operators of commercial vehicles in accordance with 49 C.F.R. § 390.23 and section 56-5-70 of the South Carolina Code of Laws, as amended.

B. WHEREAS, contemporaneously herewith, the undersigned issued Executive Order No. 2020-44, declaring an additional, distinct State of Emergency—based on new facts, changing conditions, and the previously unforeseen occurrence of a combination of extraordinary circumstances, including the aforementioned data and developments related to COVID-19—and implementing additional extraordinary measures to address the same, while also extending provisions of certain prior Orders for the duration of the State of Emergency, unless otherwise modified, amended, or rescinded; and

WHEREAS, section 1-3-430 of the South Carolina Code of Laws, as amended, provides that when a state of emergency has been declared, the undersigned “may further, cope with such threats and danger, order and direct any person or group of persons to do any act which would in his opinion prevent or minimize danger to life, limb or property, or prevent a breach of the peace; and he may order any person or group of persons to refrain from doing any act or thing which would, in his opinion, endanger life, limb or property, or cause, or tend to cause, a breach of the peace, or endanger the peace and good order of the State or any section or community thereof, and he shall have full power by use of all appropriate available means to enforce such order or proclamation”; and

WHEREAS, pursuant to section 1-3-460 of the South Carolina Code of Laws, as amended, the foregoing and other emergency authority is “supplemental to and in aid of powers now vested in the Governor under the Constitution, statutory laws[,] and police powers of the State”; and

WHEREAS, in accordance with section 25-1-440 of the South Carolina Code of Laws, as amended, when an emergency has been declared, the undersigned is “responsible for the safety, security, and welfare of the State and is empowered with [certain] additional authority to adequately discharge this responsibility,” to include issuing, amending, and rescinding “emergency proclamations and regulations,” which shall “have the force and effect of law as long as the emergency exists”; and

WHEREAS, in addition to the foregoing, section 25-1-440 of the South Carolina Code of Laws, authorizes the undersigned, during a declared emergency, to “transfer the direction, personnel, or functions of state departments, agencies, and commissions, or units thereof, for purposes of facilitating or performing emergency services as necessary or desirable,” and to “compel performance by elected and appointed state, county, and municipal officials and employees of the emergency duties and functions assigned them in the State Emergency Plan or by Executive Order”; and

Op. Att’y Gen. 142, 1980 WL 81975, at *1 (S.C.A.G. Sept. 5, 1980); and

WHEREAS, for the aforementioned and other reasons, and in recognition and furtherance of the undersigned’s authority and responsibility to provide for and ensure the health, safety, security, and welfare of the people of the State of South Carolina, the undersigned has determined that the State of South Carolina must take additional proactive action and implement further extraordinary measures designed to slow the spread of COVID-19 and limit the resulting strain on healthcare resources.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and the powers conferred upon me therein, I hereby order and direct as follows:

Section 1. Temporary Restrictions Regarding Alcoholic Beverages at Restaurants, Bars, and Other Establishments After 11:00 p.m.

To address and reduce instances of community spread and transmission of COVID-19 among individuals congregating in restaurants, bars, and other establishments, to mitigate the resulting burdens on healthcare facilities and resources, and to maintain peace and good order during the State of Emergency, pursuant to the aforementioned authorities and other applicable law, as well as the specific provisions set forth below, I hereby determine, order, and direct as follows:

A. For the foregoing reasons, and in accordance with section 61-6-4160 of the South Carolina Code of Laws, I hereby determine and proclaim that it is necessary and appropriate and “in the interest of law and order” and “public morals and decorum” to prohibit the sale of beer, wine, or alcoholic liquor under certain conditions and during certain periods, as set forth below, in connection with the State of Emergency.

14 EXECUTIVE ORDERS

B. I hereby order and direct that effective Saturday, July 11, 2020, at 11:00 p.m., the sale or consumption of beer, wine, or alcoholic liquor on the licensed premises of all persons or businesses authorized to sell beer, wine, or alcoholic liquor in the State of South Carolina (collectively, "Licensees"), as set forth below, is prohibited between the hours of 11:00 p.m. and 10:00 a.m. the following day.

C. For purposes of this Section, beer, wine, and alcoholic liquors shall refer to those alcoholic beverages as defined in Chapters 4 and 6 of Title 61 of the South Carolina Code of Laws, as amended. For purposes of this Section, Licensees include only those persons or businesses holding the following permits or licenses issued by the South Carolina Department of Revenue ("DOR") pursuant to Title 61 of the South Carolina Code of Laws:

1. On-Premises Beer and Wine Permits (PBW) or 7-Day On-Premises Beer and Wine Permit (PO7);
2. Instate Winery Permit (PWY), Domestic Winery Permit (PDW), or 7-Day Winery Permit (P7W);
3. Brewpub Beer Permit (PBB);
4. Brewery Permit (PWY);
5. Business Liquor by the Drink License (PLB);
6. Non-Profit Private Club Liquor by the Drink License (PLC); or
7. Special Event Permit or Special Non-Profit Event Permit.

This Order does not limit the hours of sales for beer, wine, or alcoholic liquors for off-premises consumption, which shall continue to be governed by existing law.

D. Pursuant to sections 1-3-430 and 1-3-440 of the South Carolina Code of Laws, the undersigned is authorized to enforce the provisions of this Order "by use of all appropriate available means," to include, *inter alia*, "[o]rder[ing] any and all law enforcement officers of the State or any of its subdivisions to do whatever may be deemed necessary to maintain peace and good order" and "order[ing] or direct[ing] any State, county[,] or city official to enforce the provisions of such proclamation in the courts of the State by injunction, mandamus, or other appropriate legal action."

E. I hereby authorize, order, and direct DOR and the South Carolina Law Enforcement Division ("SLED") to administer the provisions of this Order and enforce compliance with the same as necessary and appropriate. Noncompliance with this Section shall constitute grounds for suspension of a license or permit in accordance with the provisions of Title 61, including but not limited to sections 61-4-580, 61-6-50, and 61-6-100, as amended. Pursuant to the process established in section 1-23-370(c) of the South Carolina Code of Laws, as amended, if DOR "finds that public health, safety[,] or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings." Unless otherwise provided by DOR, any summary suspension under this Section will be effective for at least the duration of this Order and any amendments to or extensions of the same. Notwithstanding the foregoing, this Section does not prevent or prohibit DOR from seeking or imposing additional penalties as authorized by law if warranted by the Licensee's actions. I hereby further order and direct DOR, upon suspension of a license or permit for noncompliance with this Section, to promptly institute proceedings in the Administrative Law Court to review the summary suspension, as required by section 1-23-370(c).

F. In addition to the foregoing authorities, noncompliance with this Section shall be further governed by the provisions of sections 16-7-10(A) and 61-6-4160 of the South Carolina Code of Laws.

G. I hereby authorize DOR and SLED to provide or issue any necessary and appropriate additional or supplemental guidance, rules, regulations, or restrictions regarding the application of this Section or to otherwise provide clarification regarding the same, through appropriate means, without the need for further Orders.

Section 2. Enforcement

A. I hereby authorize any and all law enforcement officers of the State, or any political subdivision thereof, to do whatever may be deemed necessary to maintain peace and good order during the State of Emergency and to enforce the provisions of this Order and any prior or future Orders issued by the undersigned in connection with the present State of Emergency.

B. Pursuant to section 16-7-10(A) of the South Carolina Code of Laws, any individual who “refuse[s] to disperse upon order of a law enforcement officer,” “wilfully fail[s] or refuse[s] to comply with any lawful order or direction of any law enforcement officer,” or otherwise violates any provision of any Order issued by the undersigned in connection with the State of Emergency “is guilty of a misdemeanor and, upon conviction, must be fined not more than one hundred dollars or imprisoned for not more than thirty days.”

D. In accordance with section 1-3-440(4) of the South Carolina Code of Laws, I further authorize, order, and direct any State, county, or city official to enforce the provisions of this Order and any prior or future Orders issued in connection with the present State of Emergency, as necessary and appropriate, in the courts of the State by injunction, mandamus, or other appropriate legal action.

E. B. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this Order is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining portions of this Order, as the undersigned would have issued this Order, and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

WHEREAS, on March 13, 2020, the undersigned issued Executive Order No. 2020-08, declaring a State of Emergency based on a determination that COVID-19 posed an imminent public health emergency for the State of South Carolina; and

18 EXECUTIVE ORDERS

WHEREAS, on March 13, 2020, the President of the United States declared the ongoing COVID-19 outbreak a pandemic of sufficient severity and magnitude to warrant an emergency declaration for all states, tribes, territories, and the District of Columbia, pursuant to Section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121–5207 (“Stafford Act”); and

WHEREAS, on March 13, 2020, the President of the United States also declared that the COVID-19 pandemic in the United States constitutes a national emergency, pursuant to Sections 201 and 301 of the National Emergencies Act, 50 U.S.C. §§ 1601 *et seq.*, and consistent with Section 1135 of the Social Security Act, 42 U.S.C. § 1320b-5, as amended, retroactive to March 1, 2020; and

WHEREAS, in addition to declaring an initial State of Emergency on March 13, 2020, the undersigned has issued various Executive Orders initiating, directing, and modifying further extraordinary measures designed to address the significant public health, economic, and other impacts associated with COVID-19 and to mitigate the resulting burdens on healthcare providers, individuals, and businesses in the State of South Carolina, certain provisions of which have been extended by subsequent and distinct emergency declarations set forth in Executive Order Nos. 2020-15, 2020-23, 2020-29, 2020-35, 2020-38, 2020-40, 2020-42, and 2020-44; and

WHEREAS, on March 24, 2020, the undersigned requested that the President of the United States declare that a major disaster exists in the State of South Carolina pursuant to Section 401 of the Stafford Act, and on March 27, 2020, the President of the United States granted the undersigned’s request and declared that such a major disaster exists and ordered federal assistance to supplement state, tribal, and local recovery efforts in the areas affected by the COVID-19 pandemic, with an effective date retroactive to January 20, 2020, and continuing; and

WHEREAS, on May 18, 2020, the undersigned approved and signed H. 3411, R-140, Act No. 135 of 2020, as passed by the General Assembly and ratified on May 12, 2020, which expressly acknowledged “the public health emergency associated with the 2019 Novel Coronavirus (COVID-19)” and recognized that “given the extraordinary challenges facing our State, our nation, and the world due to COVID-19, it is necessary to take emergency measures to combat the spread of this deadly virus”; and

WHEREAS, although the above-referenced and other emergency measures have helped limit and slow the spread of COVID-19, the COVID-19 pandemic represents an ongoing, evolving, and expanding public health threat, which requires that the State of South Carolina continue to take all necessary and appropriate actions in proactively preparing for and promptly responding to the public health emergency and the significant economic impacts and other consequences associated with the same; and

WHEREAS, as of July 26, 2020, DHEC has identified at least 80,856 confirmed cases of COVID-19 in the State of South Carolina, including 1,436 deaths due to COVID-19; and

WHEREAS, over the past several weeks, the State has continued to significantly increase the availability of, and access to, COVID-19 testing, and although the expansion of testing capability and capacity was expected to produce higher daily numbers of confirmed cases of COVID-19, DHEC has also noted substantial increases in the rate or percentage of positive test results, the number of newly reported cases among the 21–30 age group, and the number of hospital beds occupied by patients who have either tested positive or are under investigation for COVID-19; and

WHEREAS, as a result of South Carolina’s enhanced testing and tracing initiatives, DHEC has also identified additional “hot spots” in certain areas of the State, which warrants the implementation of further targeted outreach efforts to control the spread of COVID-19; and

WHEREAS, due to the continued spread of COVID-19 and recent increases in the number of individuals hospitalized in connection with the same, the State of South Carolina must continue to take any and

all necessary and appropriate steps to address and minimize the resulting strain on healthcare facilities and resources; and

WHEREAS, section 1-3-420 of the South Carolina Code of Laws, as amended, provides that “[t]he Governor, when in his opinion the facts warrant, shall, by proclamation, declare that, because of . . . a public health emergency . . . a danger exists to the person or property of any citizen and that the peace and tranquility of the State, or any political subdivision thereof, or any particular area of the State designated by him, is threatened, and because thereof an emergency, with reference to such threats and danger, exists”; and

WHEREAS, as the elected Chief Executive of the State, the undersigned is authorized pursuant to section 25-1-440 of the South Carolina Code of Laws, as amended, to “declare a state of emergency for all or part of the State if he finds a disaster or a public health emergency . . . has occurred, or that the threat thereof is imminent and extraordinary measures are considered necessary to cope with the existing or anticipated situation”; and

WHEREAS, in accordance with section 44-4-130 of the South Carolina Code of Laws, as amended, a “public health emergency” exists when there is an “occurrence or imminent risk of a qualifying health condition,” which includes “an illness or health condition that may be caused by . . . epidemic or pandemic disease, or a novel infectious agent . . . that poses a substantial risk of a significant number of human fatalities [or] widespread illness”; and

WHEREAS, section 1-3-430 of the South Carolina Code of Laws, as amended, provides that when a state of emergency has been declared, the undersigned “may further, cope with such threats and danger, order and direct any person or group of persons to do any act which would in his opinion prevent or minimize danger to life, limb or property, or prevent a breach of the peace; and he may order any person or group of persons to refrain from doing any act or thing which would, in his opinion, endanger life, limb or property, or cause, or tend to cause, a breach of the peace, or endanger the peace and good order of the State or any section or community thereof, and he shall have full power by use of all appropriate available means to enforce such order or proclamation”; and

WHEREAS, pursuant to section 1-3-460 of the South Carolina Code of Laws, as amended, the foregoing and other emergency authority is “supplemental to and in aid of powers now vested in the Governor under the Constitution, statutory laws[,] and police powers of the State”; and

WHEREAS, in accordance with section 25-1-440 of the South Carolina Code of Laws, as amended, when an emergency has been declared, the undersigned is “responsible for the safety, security, and welfare of the State and is empowered with [certain] additional authority to adequately discharge this responsibility,” to include issuing, amending, and rescinding “emergency proclamations and regulations,” which shall “have the force and effect of law as long as the emergency exists”; and

WHEREAS, pursuant to section 25-1-440 of the South Carolina Code of Laws, when an emergency has been declared, the undersigned is further authorized to “suspend provisions of existing regulations prescribing procedures for conduct of state business if strict compliance with the provisions thereof would in any way prevent, hinder, or delay necessary action in coping with the emergency”; and

WHEREAS, in addition to the foregoing, section 25-1-440 of the South Carolina Code of Laws authorizes the undersigned, during a declared emergency, to “transfer the direction, personnel, or functions of state departments, agencies, and commissions, or units thereof, for purposes of facilitating or performing emergency services as necessary or desirable,” and to “compel performance by elected and appointed state, county, and municipal officials and employees of the emergency duties and functions assigned them in the State Emergency Plan or by Executive Order”; and

20 EXECUTIVE ORDERS

WHEREAS, the undersigned is further authorized, pursuant to section 25-1-440 of the South Carolina Code of Laws, to “direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is considered necessary for the preservation of life or other emergency mitigation, response, or recovery; to prescribe routes, modes of transportation, and destination in connection with evacuation; and to control ingress and egress at an emergency area, the movement of persons within the area, and the occupancy of premises therein”; and

WHEREAS, in the context of a public health emergency, section 25-1-440 of the South Carolina Code of Laws also “authorizes the deployment and use of any resources and personnel including, but not limited to, local officers and employees qualified as first responders, to which the plans apply and the use or distribution of any supplies, equipment, materials, and facilities assembled, stockpiled, or arranged to be made available pursuant to this act”; and

WHEREAS, in accordance with section 16-7-10(A) of the South Carolina Code of Laws, as amended, “[i]n any area designated by the Governor in his proclamation that a state of emergency exists, and during the duration of the proclamation, it is unlawful for a person to: violate a provision in the proclamation including, but not limited to, any curfew set forth by the proclamation; congregate, unless authorized or in their homes, in groups of three or more and to refuse to disperse upon order of a law enforcement officer; or wilfully fail or refuse to comply with any lawful order or direction of any law enforcement officer”; and

WHEREAS, it is axiomatic that “[t]he health, welfare, and safety of the lives and property of the people are beyond question matters of public concern, and reasonable regulations and laws designed to preserve and protect the same are clearly contained in the police power inherent in the sovereign,” 1980 S.C. Op. Att’y Gen. 142, 1980 WL 81975, at *1 (S.C.A.G. Sept. 5, 1980); and

WHEREAS, the State of South Carolina has made significant progress to date in limiting and controlling the outbreak and continued spread of COVID-19, but the extraordinary circumstances and conditions that necessitated the undersigned’s prior emergency declarations have since evolved and expanded and now present different and additional threats, which must be dealt with on their own terms; and

WHEREAS, consistent with the findings set forth in section 44-4-110 of the South Carolina Code of Laws, as amended, the different and additional public health threats posed by COVID-19, as well as the continued need to, *inter alia*, mitigate the resulting strain on healthcare facilities and resources and deploy widespread testing and tracing initiatives, “require the exercise of extraordinary government functions . . . to respond, rapidly and effectively” to the evolving emergency currently facing the entire State; and

WHEREAS, for the aforementioned and other reasons, and after consulting with various state and federal agencies, officials, and experts, the undersigned has determined based on the latest data, in accordance with section 44-4-130 of the South Carolina Code of Laws, that the current status and continued community spread and transmission of COVID-19 in the State represents the “occurrence” of a “qualifying health condition”—which includes “an illness or health condition that may be caused by . . . epidemic or pandemic disease, or a novel infectious agent . . . that poses a substantial risk of a significant number of human fatalities [or] widespread illness”—thereby warranting and necessitating the declaration of a unique and distinct public health emergency for the State of South Carolina, which must be dealt with on its own accord; and

WHEREAS, the State of South Carolina must take additional proactive action to control the spread of COVID-19 and mitigate the impacts associated with the same, particularly on healthcare facilities and resources and certain portions of the State’s population; and

WHEREAS, it is imperative that the State of South Carolina continue to utilize extraordinary measures and deploy substantial resources to meet the unprecedented threat posed by COVID-19 and the evolving nature and scope of this public health emergency, and in order to promptly and effectively do so, the State must take

any and all necessary and appropriate steps to coordinate additional intergovernmental and interagency resources and response efforts to address the current and anticipated circumstances; and

WHEREAS, in addition to the foregoing, in further proactively preparing for and promptly responding to the continued spread of COVID-19, the State of South Carolina must simultaneously confront the significant economic impacts and other consequences associated with COVID-19, to include stabilizing and reinvigorating the State's economy by addressing issues related to unemployment, facilitating the safe reopening of businesses and industries, permitting economic flexibility by reducing regulations, and accessing and utilizing federal funds and resources to assist with emergency operations; and

WHEREAS, as part of the ongoing process of facilitating economic recovery and revitalization in a safe, strategic, and incremental manner, the State of South Carolina must also continue to encourage effective "social distancing" practices and implement additional targeted and narrowly tailored emergency measures to combat and control the spread of COVID-19; and

WHEREAS, for the aforementioned and other reasons, and in recognition and furtherance of the undersigned's responsibility to provide for and ensure the health, safety, security, and welfare of the people of the State of South Carolina, the undersigned has determined—based on recent developments, updated data, new facts, changing conditions, and the previously unforeseen occurrence of a combination of extraordinary circumstances—that an effective response to the ongoing COVID-19 pandemic, including the different, additional, and intensifying threats cited herein, represents and requires a new and distinct emergency, which warrants further proactive action by the State of South Carolina and the implementation and enforcement of additional extraordinary measures to address the same.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and the powers conferred upon me therein, I hereby declare that a State of Emergency exists in South Carolina. Accordingly, for the foregoing reasons and in accordance with the cited authorities and other applicable law, I further order and direct as follows:

I authorize Dual Status Command, as necessary, to allow the Adjutant General or his designee to serve as commander over both federal (Title 10) and state forces (National Guard in Title 32 and/or State Active Duty status).

G. I hereby order that all licensing and registration requirements regarding private security personnel or companies who are contracted with South Carolina security companies in protecting property and restoring essential services in South Carolina shall be suspended, and I direct the South Carolina Law Enforcement Division (“SLED”) to initiate an emergency registration process for those personnel or companies for a period specified, and in a manner deemed appropriate, by the Chief of SLED.

H. I hereby declare that the prohibitions against price gouging pursuant to section 39-5-145 of the South Carolina Code of Laws, as amended, are in effect and shall remain in effect for the duration of this State of Emergency.

I. I hereby declare that the provisions of the following Orders shall remain in full force and effect for the duration of the State of Emergency declared herein, unless otherwise modified, amended, or rescinded below or by prior or future Order: Executive Order Nos. 2020-09, 2020-10, 2020-11, 2020-12, 2020-13, 2020-16, 2020-18, 2020-21, 2020-22, 2020-25, 2020-28, 2020-30, 2020-31, 2020-33, 2020-34, 2020-36, 2020-37, and 2020-45.

B. I hereby authorize and direct any and all 911 operators or other emergency dispatchers to ask any individual placing a call for service whether such individual or any member of their household has tested positive for COVID-19 or is exhibiting symptoms consistent with the same.

C. I hereby authorize and instruct DHEC, upon consultation with SLED, to provide any necessary and appropriate additional or supplemental guidance regarding the interpretation, application, or enforcement of this Section.

Section 3. Transportation Waivers

To expedite the State of South Carolina's continued preparation for and response to the ongoing and evolving emergency conditions related to COVID-19 and to facilitate the prompt transportation and delivery of any critical resources, supplies, and personnel identified and deemed necessary in connection with the same, pursuant to the cited authorities and other applicable law, I hereby determine, order, and direct as follows:

In accordance with 49 C.F.R. § 390.23, "a driver who informs the motor carrier that he or she needs immediate rest must be permitted at least ten (10) consecutive hours off duty before the driver is required to return to such terminal or location." WHEREAS, in particular, preparing for and responding to Hurricane Isaias will require the transportation of vehicles bearing equipment and supplies for utility restoration and debris removal and essentials such as food, water, medicine and medical supplies, petroleum products, livestock and poultry, feed for livestock and poultry, and other agricultural products; and

WHEREAS, the uninterrupted supply of electricity, essential fuels and petroleum products, food, medicine and medical supplies, livestock and poultry, feed for livestock and poultry, and other agricultural products, to residential and commercial establishments is critical before, during, and after the impact of Hurricane Isaias, and any actual, potential, or perceived shortage or interruption in the availability, transportation, or delivery of such commodities and materials would pose a threat to the public welfare; and

WHEREAS, the Federal Motor Carrier Safety Regulations limit, *inter alia*, the hours of service for operators of commercial vehicles, 49 C.F.R. §§ 390 *et seq.*, and federal law prescribes certain weight limitations for vehicles on interstate highways, 23 U.S.C. § 127; and

WHEREAS, pursuant to 49 C.F.R. § 390.23, the governor of a state may suspend certain federal rules and regulations for commercial vehicles responding to an emergency if the governor determines that an emergency condition exists; and

WHEREAS, on July 11, 2020, the undersigned issued Executive Order No. 2020-44, declaring that a State of Emergency exists in the State of South Carolina in connection with COVID-19 and, *inter alia*, suspending certain rules and regulations for commercial vehicles and operators of commercial vehicles in accordance with 49 C.F.R. § 390.23 and section 56-5-70 of the South Carolina Code of Laws, as amended; and

26 EXECUTIVE ORDERS

WHEREAS, section 56-5-70(B) of the South Carolina Code of Laws provides that “[w]hen an emergency is declared which triggers relief from regulations pursuant to 49 C.F.R. [§] 390.23 in North Carolina or Georgia, an emergency, as referenced in the regional emergency provision of 49 C.F.R. [§] 390.23(a)(1)(A), must be declared in this State by the Governor”; and

WHEREAS, on July 31, 2020, the Governor of North Carolina declared that a state of emergency exists in the State of North Carolina and temporarily suspended certain motor vehicle and transportation regulations in connection with Hurricane Isaias; and

WHEREAS, for the aforementioned reasons, and based on the latest forecast models for Hurricane Isaias, the undersigned has determined that it is necessary and prudent to provide additional regulatory flexibility to proactively assist in facilitating and supporting the operation of critical transportation services and preventing interruptions and delays in transporting essential supplies, equipment, and persons to or from areas that may be impacted by Hurricane Isaias.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and of these United States and the powers conferred upon me therein, I hereby suspend certain rules and regulations, as set forth below, for commercial vehicles and operators of commercial vehicles in accordance with 49 C.F.R. § 390.23 and section 56-5-70 of the South Carolina Code of Laws. Accordingly, for the foregoing reasons and in accordance with the cited authorities and other applicable law, I further order and direct as follows:

Section 1. I hereby authorize and direct the South Carolina Department of Transportation (“DOT”) and the South Carolina Department of Public Safety (“DPS”), including the State Transport Police, as needed, to waive or suspend application and enforcement of the requisite state and federal rules and regulations pertaining to registration, permitting, length, width, weight, load, and hours of service for commercial vehicles and operators of commercial vehicles responding to declared emergencies in connection with Hurricane Isaias or otherwise providing direct assistance to supplement state and local efforts and capabilities to protect public health and safety in connection with Hurricane Isaias, to include commercial vehicles and operators of commercial vehicles transporting essential goods and products, such as food, water, medicine, medical supplies and equipment, fuels and petroleum products (to include fuel oil, diesel oil, gasoline, kerosene, propane, and liquid petroleum), livestock, poultry, feed for livestock and poultry, and crops and other agricultural products ready to be harvested (to include timber and wood chips). I further authorize and direct DOT and DPS to issue, provide, or promulgate any necessary and appropriate clarification, guidance, rules, regulations, or restrictions regarding the application of this Order.

This Order shall not be construed to require or allow an ill or fatigued driver to operate a commercial motor vehicle. In accordance with 49 C.F.R. § 390.23, “a driver who informs the motor carrier that he or she needs immediate rest must be permitted at least ten (10) consecutive hours off duty before the driver is required to return to such terminal or location.” Likewise, this Order shall not be construed as an exemption from the applicable controlled substances and alcohol use and testing requirements in 49 C.F.R. § 382, the commercial driver’s license requirements in 49 C.F.R. § 383, or the financial responsibility requirements in 49 C.F.R. § 387, and it shall not be interpreted to relieve compliance with any other state or federal statute, rule, order, regulation, restriction, or other legal requirement not specifically waived, suspended, or addressed herein.

Section 2. This Order is subject to any clarification, guidance, rules, regulations, or restrictions issued, provided, or promulgated, or which may be issued, provided, or promulgated, by DOT or DPS, as authorized herein or as otherwise provided by law. Notwithstanding the waiver or suspension of certain rules and regulations as set forth above, drivers in South Carolina are still subject to the following state requirements to ensure public safety:

A. Weight, height, length, and width for any such vehicle on highways or roadways maintained by the State of South Carolina shall not exceed, for continuous travel on all non-interstates, United States, and South

Carolina designated routes, maximum dimensions of twelve (12) feet in width, thirteen (13) feet six (6) inches in height, and ninety thousand (90,000) pounds in gross weight.

B. Posted bridges may not be crossed.

C. All vehicles shall be operated in a safe manner, shall not damage the highways nor unduly interfere with highway traffic, shall maintain the required limits of insurance, and shall be clearly identified as a utility vehicle or shall provide appropriate documentation indicating they are responding to the emergency.

D. Any vehicles that exceed the above dimensions, weights, or both, must obtain a permit with defined routes from the South Carolina Department of Transportation Oversized/Overweight Permit Office. To order a permit, please call (803) 737-6769 during normal business hours, 8:30 a.m. – 5:00 p.m., or (803) 206-9566 after normal business hours.

E. Transporters are responsible for ensuring they have oversize signs, markings, flags, and escorts as required by the South Carolina Code of Laws relating to oversized/overweight loads operating on South Carolina roadways.

This Order is effective immediately and shall remain in effect for thirty (30) days or until the state of emergency in the State of North Carolina is terminated, whichever is less, in accordance with 49 C.F.R. § 390.23 and section 56-5-70 of the South Carolina Code of Laws.

**GIVEN UNDER MY HAND AND THE GREAT
SEAL OF THE STATE OF SOUTH CAROLINA,
THIS 1st DAY OF AUGUST, 2020.**

**HENRY MCMASTER
Governor**

Executive Order No. 2020-50

WHEREAS, the State of South Carolina must continue to take all necessary and appropriate actions in coping with and mitigating the evolving public health threat and other impacts associated with the 2019 Novel Coronavirus (“COVID-19”), and in doing so, the State must remain focused on implementing and imposing targeted and narrowly tailored emergency measures and restrictions designed to limit community spread and transmission of COVID-19 and to mitigate the resulting strain on healthcare facilities and resources; and

WHEREAS, on March 13, 2020, the undersigned issued Executive Order No. 2020-08, declaring a State of Emergency based on a determination that COVID-19 posed an imminent public health emergency for the State of South Carolina; and

WHEREAS, on March 13, 2020, the President of the United States declared the ongoing COVID-19 outbreak a pandemic of sufficient severity and magnitude to warrant an emergency declaration for all states, tribes, territories, and the District of Columbia, pursuant to Section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121–5207 (“Stafford Act”); and

WHEREAS, on March 13, 2020, the President of the United States also declared that the COVID-19 pandemic in the United States constitutes a national emergency, pursuant to Sections 201 and 301 of the National Emergencies Act, 50 U.S.C. §§ 1601 *et seq.*, and consistent with Section 1135 of the Social Security Act, 42 U.S.C. § 1320b-5, as amended, retroactive to March 1, 2020; and

28 EXECUTIVE ORDERS

WHEREAS, on March 16, 2020, based on updated information and recommendations from the Centers for Disease Control and Prevention (“CDC”), the President of the United States and the White House Coronavirus Task Force issued new guidance—titled, “The President’s Coronavirus Guidelines for America: 15 Days to Slow the Spread of Coronavirus (COVID-19)” —to help protect Americans during the global COVID-19 outbreak; and

WHEREAS, the President’s Coronavirus Guidelines for America recommend, *inter alia*, that the American people “[w]ork or engage in schooling from home whenever possible”; “[a]void social gatherings in groups of more than 10 people”; “[a]void eating or drinking at bars, restaurants, and food courts—use drive-thru, pickup, or delivery options”; and “[a]void discretionary travel, shopping trips, and social visits”; and

WHEREAS, on March 29, 2020, the President of the United States extended and expanded the provisions of his Coronavirus Guidelines for America based on the ongoing nature and evolving scope of the global COVID-19 pandemic; and

WHEREAS, on April 16, 2020, the President of the United States issued new Guidelines on Opening Up America Again, which contemplate individual States reopening in phases using a deliberate, data-driven approach tailored to address the situation in each State; and

WHEREAS, since declaring an initial State of Emergency on March 13, 2020, the undersigned has regularly conferred with the South Carolina Department of Health and Environmental Control (“DHEC”) and other state and federal public health agencies, officials, and experts and has issued numerous Orders initiating, directing, and modifying further extraordinary measures designed to address the significant public health, economic, and other impacts associated with COVID-19 and to mitigate the resulting burdens on healthcare providers, individuals, and businesses in the State of South Carolina, certain provisions of which have been extended by subsequent and distinct emergency declarations set forth in Executive Order Nos. 2020-15, 2020-23, 2020-29, 2020-35, 2020-38, 2020-40, 2020-42, 2020-44, and 2020-48; and

WHEREAS, in addition to issuing the above-referenced Orders and directing other emergency measures, the undersigned has consistently and repeatedly urged South Carolinians to practice effective “social distancing” and wear face coverings to limit community spread and transmission of COVID-19 and has further encouraged counties and municipalities of this State to enact or implement appropriate and narrowly tailored emergency ordinances, orders, or other measures requiring individuals to wear face coverings in public settings where they are, will be, or reasonably could be located in close proximity to others who are not members of the same household and where it is not feasible to maintain six (6) feet of separation from such individuals or to otherwise practice effective “social distancing” in accordance with CDC and DHEC guidance; and

WHEREAS, although the aforementioned and other emergency measures have helped limit and slow the spread of COVID-19, the COVID-19 pandemic represents an ongoing and evolving public health threat, which requires that the State of South Carolina continue to take all necessary and appropriate actions in proactively preparing for and promptly responding to the current public health emergency and mitigating the resulting burdens on healthcare facilities and resources; and

WHEREAS, over the past several weeks, the State has significantly increased the availability of, and access to, COVID-19 testing, and although the expansion of testing capability and capacity was expected to produce higher daily numbers of confirmed cases of COVID-19, DHEC has also noted substantial increases in the rate or percentage of positive test results, as well as the number of hospital beds occupied by patients who have either tested positive or are under investigation for COVID-19; and

WHEREAS, according to recent DHEC data, younger South Carolinians continue to account for a substantial portion of positive cases of COVID-19, and since June 1, 2020, there has been a 436.5% increase in newly reported COVID-19 cases among the 21–30 age group, representing 22% of the total confirmed cases of COVID-19 in the State, which is the largest percentage of positive cases by age group; and

WHEREAS, based on the latest data and developments, and after conferring with various state and federal public health agencies, officials, and experts regarding ongoing testing and tracing initiatives and the results thereof, the undersigned is informed that congregate settings in restaurants, bars, and other establishments, as well as large indoor and outdoor public gatherings, have been identified as sources of, or contributing factors to, substantial community spread and transmission of COVID-19; and

WHEREAS, in view of the foregoing, and in an effort to provide for and protect the health and welfare of the people of this State, the undersigned has determined that it is necessary and appropriate to implement and impose certain temporary, targeted, and narrowly tailored emergency measures and restrictions designed to limit community spread and transmission of COVID-19 and to mitigate the resulting strain on healthcare resources, while also hopefully avoiding the need to resort to more restrictive means of addressing the same; and

WHEREAS, in addition to initiating additional proactive measures designed to limit community spread and transmission of COVID-19 and to mitigate the resulting strain on healthcare resources, the undersigned has determined that it is necessary and appropriate to supersede, rescind, and replace certain prior Orders and to consolidate, restate, or otherwise incorporate, in whole or in part, any remaining provisions thereof to clarify which emergency measures remain in effect; and

WHEREAS, section 1-3-430 of the South Carolina Code of Laws, as amended, provides that when a state of emergency has been declared, the undersigned “may further, cope with such threats and danger, order and direct any person or group of persons to do any act which would in his opinion prevent or minimize danger to life, limb or property, or prevent a breach of the peace; and he may order any person or group of persons to refrain from doing any act or thing which would, in his opinion, endanger life, limb or property, or cause, or tend to cause, a breach of the peace, or endanger the peace and good order of the State or any section or community thereof, and he shall have full power by use of all appropriate available means to enforce such order or proclamation”; and

WHEREAS, pursuant to section 1-3-460 of the South Carolina Code of Laws, as amended, the foregoing and other emergency authority is “supplemental to and in aid of powers now vested in the Governor under the Constitution, statutory laws[,] and police powers of the State”; and

WHEREAS, in accordance with section 25-1-440 of the South Carolina Code of Laws, as amended, when an emergency has been declared, the undersigned is “responsible for the safety, security, and welfare of the State and is empowered with [certain] additional authority to adequately discharge this responsibility,” to include issuing, amending, and rescinding “emergency proclamations and regulations,” which shall “have the force and effect of law as long as the emergency exists”; and

WHEREAS, pursuant to section 25-1-440 of the South Carolina Code of Laws, when an emergency has been declared, the undersigned is further authorized to “suspend provisions of existing regulations prescribing procedures for conduct of state business if strict compliance with the provisions thereof would in any way prevent, hinder, or delay necessary action in coping with the emergency”; and

WHEREAS, in addition to the foregoing, section 25-1-440 of the South Carolina Code of Laws authorizes the undersigned, during a declared emergency, to “transfer the direction, personnel, or functions of state departments, agencies, and commissions, or units thereof, for purposes of facilitating or performing emergency services as necessary or desirable,” and to “compel performance by elected and appointed state, county, and municipal officials and employees of the emergency duties and functions assigned them in the State Emergency Plan or by Executive Order”; and

WHEREAS, the undersigned is further authorized, pursuant to section 25-1-440 of the South Carolina Code of Laws, to “direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is considered necessary for the preservation of life or other emergency mitigation, response, or recovery; to prescribe routes, modes of transportation, and destination in connection with evacuation; and to

control ingress and egress at an emergency area, the movement of persons within the area, and the occupancy of premises therein”; and

WHEREAS, in the context of a public health emergency, section 25-1-440 of the South Carolina Code of Laws also “authorizes the deployment and use of any resources and personnel including, but not limited to, local officers and employees qualified as first responders, to which the plans apply and the use or distribution of any supplies, equipment, materials, and facilities assembled, stockpiled, or arranged to be made available pursuant to this act”; and

WHEREAS, in accordance with section 16-7-10(A) of the South Carolina Code of Laws, as amended, “[i]n any area designated by the Governor in his proclamation that a state of emergency exists, and during the duration of the proclamation, it is unlawful for a person to: violate a provision in the proclamation including, but not limited to, any curfew set forth by the proclamation; congregate, unless authorized or in their homes, in groups of three or more and to refuse to disperse upon order of a law enforcement officer; or wilfully fail or refuse to comply with any lawful order or direction of any law enforcement officer”; and

WHEREAS, in addition to the foregoing authorities, pursuant to section 61-6-4160 of the South Carolina Code of Laws, as amended, “[i]t is unlawful to sell alcoholic liquors . . . during periods proclaimed by the Governor in the interest of law and order or public morals and decorum” and “[f]ull authority to proclaim these periods is conferred upon the Governor in addition to all his other powers”; and

WHEREAS, section 61-6-4160 of the South Carolina Code of Laws further provides that “[a] person who violates a provision of this section is guilty of a misdemeanor and, upon conviction, must be punished as follows: (a) for a first offense, by a fine of two hundred dollars or imprisonment for sixty days; (b) for a second offense, by a fine of one thousand dollars or imprisonment for one year; and (c) for a third or subsequent offense, by a fine of two thousand dollars or imprisonment for two years”; and

WHEREAS, the Attorney General has previously opined that “[t]he obvious intent of [section 61-6-4160’s predecessor statute] is to afford the Governor the right to order the sale of alcoholic liquors to be discontinued during temporary periods of emergency” and that “[i]t is clear that [the Governor] ha[s] the authority . . . to order that the sale of liquors be prohibited at such places in the State in which, in [his] judgement, the interest of law and order and public morals and decorum, require such action,” 1968 WL 13075, at *1 (S.C.A.G. Apr. 27, 1968); and

WHEREAS, it is axiomatic that “[t]he health, welfare, and safety of the lives and property of the people are beyond question matters of public concern, and reasonable regulations and laws designed to preserve and protect the same are clearly contained in the police power inherent in the sovereign,” 1980 S.C. Op. Att’y Gen. 142, 1980 WL 81975, at *1 (S.C.A.G. Sept. 5, 1980); and

WHEREAS, for the aforementioned and other reasons, and in recognition and furtherance of the undersigned’s authority and responsibility to provide for and ensure the health, safety, security, and welfare of the people of the State of South Carolina, the undersigned has determined that the State of South Carolina must take additional proactive action and implement further extraordinary measures designed to slow the spread of COVID-19 and limit the resulting strain on healthcare resources.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and the powers conferred upon me therein, I hereby order and direct as follows:

Section 1. Modification, Consolidation, and Continuation of Previous Emergency Measures

A. I hereby supersede, rescind, and replace the following Orders, as previously modified or amended: Executive Order Nos. 2020-09, 2020-10, 2020-11, 2020-12, 2020-13, 2020-16, 2020-18, 2020-21, 2020-22, 2020-25, 2020-28, 2020-30, 2020-31, 2020-33, 2020-34, 2020-36, 2020-37, and 2020-45, with any remaining provisions thereof restated, in whole or in part, below or otherwise incorporated herein.

B. I hereby expressly rely upon and incorporate by reference the recitals and other specific factual findings, legal authorities, determinations, and conclusions contained in the above-referenced Orders.

Section 2. Emergency Requirements Regarding Face Coverings

A. I hereby urge counties and municipalities of this State to enact or implement appropriate and narrowly tailored emergency ordinances, orders, or other measures requiring individuals to wear a Face Covering, as set forth below and further defined herein, in public settings where they are, will be, or reasonably could be located in close proximity to others who are not members of the same household and where it is not feasible to maintain six (6) feet of separation from such individuals or to otherwise practice effective “social distancing” in accordance with CDC and DHEC guidance.

B. I hereby order and direct that effective Monday, August 3, 2020, at 5:00 p.m., individuals shall wear a Face Covering in state government offices, buildings, and facilities in accordance with guidelines and procedures developed and promulgated by the South Carolina Department of Administration (“Department of Administration”), as authorized herein, in consultation with DHEC.

C. Subject to any additional or supplemental clarification, guidance, rules, regulations, or restrictions issued, provided, or promulgated by the Department of Administration, the following persons or groups of persons shall not be required to wear a Face Covering in state government offices, buildings, and facilities:

1. A child who is two (2) years old or younger or a child whose parent, guardian, or responsible adult has been unable to place the Face Covering safely on the child’s face.
2. A person who is seeking to communicate with someone who is hearing-impaired in a manner that requires the mouth to be visible.
3. A person with a physical, mental, or behavioral health condition or disability (including, but not limited to, any person who has trouble breathing, or is unconscious or incapacitated, or is otherwise unable to put on or remove a Face Covering without assistance) that prevents wearing a Face Covering, provided that a non-employee or visitor who represents that they cannot wear a Face Covering for one or more of these reasons should not be required to produce documentation or any other form of proof of such a condition.
4. A person who is actively engaged in eating or drinking or obtaining a service that requires access to or visibility of the face.
5. A person who is engaging in strenuous exercise or physical activity.
6. A person who is operating or occupying a vehicle alone or with other persons who are members of the same household.
7. A person who is voting or assisting with the administration of an election, although wearing a Face Covering is strongly encouraged.
8. A person who must remove a Face Covering for purposes of identification or security screening or surveillance.
9. A person who is incarcerated in a correctional institution or short-term detention facility, which shall be governed by the rules and regulations of the applicable agency, institution, or facility.
10. A person for whom wearing a Face Covering would create a risk to the health or safety of the person due to their occupation, job function, or work assignment where wearing a Face Covering would be inconsistent with industry safety standards or protocols or federal, state, or local regulations or guidelines.

D. For purposes of this Order, “Face Covering” shall mean a covering of the nose and mouth that is secured to the head with ties, straps, or loops over the ears or is otherwise wrapped around the lower face. A

32 EXECUTIVE ORDERS

Face Covering can be made of natural or synthetic fabrics and can be handmade or improvised from other items. A face shield that covers the nose and mouth and extends below the chin shall satisfy the Face Covering requirements of this Order. Medical-grade masks or respirators shall satisfy the Face Covering requirements of this Order; however, according to the latest CDC guidance, these critical supplies should be reserved for use by healthcare workers and medical first responders.

E. I hereby authorize the Department of Administration to provide or issue any necessary and appropriate additional or supplemental guidance, rules, regulations, or restrictions regarding the application of this Section or to otherwise provide clarification regarding the same, through appropriate means, without the need for further Orders.

F. This Section shall not apply to buildings or structures, or portions thereof, that are occupied or controlled by agencies, departments, officials, or employees of the Legislative or Judicial Branches of the State of South Carolina, which shall be governed by their respective orders, rules, or regulations.

Section 3. Emergency Restrictions Regarding Restaurant Operations

A. I hereby order and direct that any and all restaurants or other food-service establishments (collectively, "Restaurants"), as set forth below, which prepare, produce, or otherwise offer or sell food or beverages of any kind for on-premises consumption in the State of South Carolina, shall be subject to and shall adhere to the following restrictions and conditions of operation effective Monday, August 3, 2020, at 5:00 p.m.:

1. Restaurants that elect to provide indoor or outdoor customer dining services for on-premises or dine-in consumption, as authorized herein, shall take reasonable steps to incorporate, implement, comply with, and adhere to any applicable sanitation guidelines promulgated by the CDC, DHEC, or any other state or federal public health officials, as well as relevant industry guidance, to limit exposure to, and prevent the spread of, COVID-19.

2. Restaurants shall require that all employees, customers, patrons, suppliers, vendors, and other visitors wear Face Coverings, as defined in Section 2(D) of this Order, except while actively engaged in eating or drinking, subject to any applicable exceptions set forth in Section 2(C)(1)–(10) of this Order.

3. Restaurants shall not permit the sale or consumption of beer, wine, or alcoholic liquor between the hours of 11:00 p.m. and 10:00 a.m. the following day in accordance with Section 5 of this Order.

4. Restaurants shall not permit the number of customers and patrons receiving indoor, dine-in service on the Restaurant's premises at any given time to exceed fifty percent (50%) of the Restaurant's occupancy limit as determined by the fire marshal.

5. Restaurants shall space indoor and outdoor tables at least six (6) feet apart to ensure that customers and patrons are at least six (6) feet apart from any other party or group.

6. Restaurants shall limit seating at each table to no more than eight (8) customers and patrons, exclusive of family units or members of the same household.

7. Restaurants shall adopt and enforce a process to ensure that customers and patrons are able to maintain a minimum of six (6) feet of separation from other parties while waiting to be seated. If there is any indoor or outdoor waiting area, Restaurants should use tape or other markings to help customers and patrons identify and maintain a minimum of six (6) feet of separation from other parties.

8. Restaurants shall not allow patrons and customers to stand or congregate in any bar area. Restaurants shall remove bar stools or arrange them in a manner that will ensure that customers and patrons are able to maintain a minimum of six (6) feet of separation from other parties.

9. Restaurants shall post signage at each public entrance informing customers, patrons, suppliers, vendors, and other visitors that entry is prohibited for individuals who are experiencing symptoms of COVID-19 or who have tested positive for COVID-19 within the preceding fourteen (14) days.

10. Restaurants shall conduct, prior to or at the beginning of each shift, an employee survey and screening process, which should include taking each employee's temperature before they begin their shift and inquiring about common symptoms of COVID-19.

11. Restaurants should immediately excuse and exclude any employees indicating symptoms of COVID-19 or who have tested positive for COVID-19 or have been in contact with someone who has tested positive for COVID-19 within the preceding fourteen (14) days.

12. Restaurants should actively encourage and require employees who are sick, who have symptoms of COVID-19, who have tested positive for COVID-19, or who have recently had close contact with a person who has tested positive for COVID-19 to stay at home, and should develop policies to encourage any such employees to stay at home without fear of reprisal or adverse employment action on this basis.

13. Restaurants should remove common-use condiments, such as salt, pepper, and ketchup, from tables. These items should be provided upon request and cleaned and sanitized between uses if single-use options are not available.

14. Restaurants should not place utensils on a table until after a customer or patron is seated and, if possible, should offer disposable single-use utensils.

15. Restaurants should utilize disposable paper menus if possible or sanitize menus after each use.

16. Restaurants shall use approved sanitizing solutions to clean tables, chairs, and check presenters after each table turn or seating.

17. Restaurants shall provide a cleaning station or alcohol-based hand sanitizer at all entry points.

18. Restaurants shall discontinue self-service buffets or food stations to prevent customers and patrons from reusing service utensils to avoid potential physical contamination; however, employees may be permitted to dispense food via cafeteria-style buffet service.

19. Restaurants shall discontinue services that allow customers and patrons to fill or refill their own beverage cups.

20. Restaurants shall sanitize all doorknobs and other shared or frequently touched surfaces as much as possible between newly arriving parties with approved sanitizing solutions.

21. Restaurants should only use kiosks or touch screens for customers and patrons if they can be sanitized between uses and should encourage touchless payment operations like credit cards with no signature required.

B. Notwithstanding the foregoing restrictions and conditions of operation, Restaurants are authorized and encouraged to prepare, produce, or otherwise offer or sell food or beverages for off-premises consumption to the extent currently authorized, permitted, or otherwise allowed by law, whether via delivery, carry-out or drive-thru distribution, curbside pick-up, or other alternate means.

C. For purposes of this Section, “Restaurants” are defined as “retail food establishment[s],” pursuant to citation 1-201.10(B)(106) of Regulation 61-25 of the South Carolina Code of Regulations, licensed or permitted by DHEC in accordance with section 44-1-140 of the South Carolina Code of Laws, as amended, or other applicable law, with the exception of “independent living food service operations” or “licensed healthcare facilities,” which are expressly excluded from the definition of Restaurants. This Section does not direct the closure of retail beverage venues that currently provide for the sale of alcoholic beverages for off-site consumption and does not require the closure of production operations or wholesale distribution at breweries, wineries, or distilleries. Notwithstanding the foregoing, to the extent that Restaurants are licensed or permitted by the South Carolina Department of Revenue (“DOR”) for the on-premises sale of “alcoholic liquors” or “alcoholic beverages,” as defined by section 61-6-20(1)(a) of the South Carolina Code of Laws, as amended, DOR and the South Carolina Law Enforcement Division (“SLED”) are authorized to administer the provisions of this Order, and enforce compliance with the same, as necessary and appropriate. Pursuant to section 1-23-370(c) of the South Carolina Code of Laws, as amended, “[i]f the agency finds that public health, safety[,] or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action.”

D. I hereby authorize and encourage law enforcement officials to enforce the provisions of this Section in accordance with Section 14 of this Order. In addition to the authorities set forth in Section 14 of this Order, noncompliance with this Section shall also be governed by the provisions of section 16-7-10(A) of the

34 EXECUTIVE ORDERS

South Carolina Code of Laws. I further authorize DHEC, DOR, and SLED to provide or issue any necessary and appropriate additional or supplemental guidance, rules, regulations, or restrictions regarding the application of this Section or to otherwise provide clarification regarding the same, through appropriate means, without the need for further Orders.

E. This Section shall not be interpreted, applied, implemented, or construed in a manner so as to limit the ability of Restaurants to impose additional restrictions or to prohibit law enforcement officers or local officials from enforcing trespassing laws or other applicable laws, regulations, orders, or ordinances in removing individuals at the request of businesses or property owners.

Section 4. Emergency Restrictions on Gatherings

A. I hereby urge any and all residents and visitors of the State of South Carolina to practice “social distancing” in accordance with CDC guidance and take precautions to avoid potential exposure to, and to slow the spread of, COVID-19.

B. Subject to any additional or supplemental clarification, guidance, rules, regulations, or restrictions issued, provided, or promulgated by the South Carolina Department of Commerce (“Department of Commerce”), as authorized herein, I hereby order and direct that effective Monday, August 3, 2020, at 5:00 p.m., the following categories or types of businesses, facilities, venues, services, activities, events, or mass gatherings (collectively, “Gathering”), as set forth and further defined below, shall be subject to and shall adhere to the following restrictions and conditions:

1. The total number of employees, customers, patrons, suppliers, vendors, visitors, or other persons present for or in attendance at the Gathering shall not exceed fifty percent (50%) of the location’s occupancy limit as determined by the fire marshal, if applicable, or two hundred fifty (250) persons, whichever is less.

2. All employees, customers, patrons, suppliers, vendors, visitors, or other persons in attendance at the Gathering shall wear a Face Covering, as defined in Section 2(D) of this Order, subject to any applicable exceptions set forth in Section 2(C)(1)–(10) of this Order, as a condition of entry or participation.

3. The sale or consumption of beer, wine, or alcoholic liquor shall be prohibited at any Gathering between the hours of 11:00 p.m. and 10:00 a.m. the following day in accordance with Section 5 of this Order.

4. The organizers, operators, owners, or hosts of, or other parties responsible for, a Gathering shall take reasonable steps to incorporate, implement, comply with, and adhere to any applicable sanitation, “social distancing,” and hygiene guidelines promulgated by the CDC, DHEC, or any other state or federal public health officials, as well as relevant industry guidance, to limit exposure to, and prevent the spread of, COVID-19.

C. For purposes of this Section, a “Gathering” shall be defined as a planned or spontaneous indoor or outdoor event that involves or is reasonably expected to involve a large number of people physically present, congregating together, or otherwise simultaneously in attendance at a single indoor or outdoor location and shall include, but not be limited to, the following: festivals, parades, concerts, theaters, stadiums, arenas, coliseums, auditoriums, grandstands, event venues, dance halls, concert halls, amphitheaters, gymnasiums, chambers, assemblies, nightclubs, performing arts centers, parks, racetracks, or similarly situated or operated businesses, facilities, venues, services, activities, events, or mass gatherings, the occurrence or resulting impacts of which could strain the public health, planning, and response resources of the community hosting the same. A Gathering shall not include individuals collectively performing or assisting with military, healthcare, public safety, or emergency response operations, as well as any other operations or services identified by the United States Cybersecurity and Infrastructure Security Agency in its March 28, 2020 Memorandum, or any future amendments or supplements thereto, as essential to continued critical infrastructure viability in connection with COVID-19. A Gathering shall not include the normal operations of public and private schools and higher education institutions or religious activities or services, including those conducted in churches, synagogues, or other houses of worship.

D. I hereby authorize and direct the Department of Commerce, in consultation with DHEC, to provide or issue any necessary and appropriate additional or supplemental guidance, rules, regulations, or restrictions regarding the application of this Section and to provide clarification, as necessary and appropriate and in accordance with the process set forth below, regarding the application of this Section to any particular Gathering(s), or exceptions for any particular Gathering(s).

E. The organizers, operators, owners, or hosts of, or other parties responsible for, any Gathering(s) may seek clarification regarding the application of this Section to any particular Gathering(s), or exceptions for any particular Gathering(s), from the Department of Commerce using a form provided by the Department of Commerce, which shall be available for public access and submission via the Department of Commerce's website, at www.sccommerce.com. Individuals or entities may also submit questions or requests for clarification or exceptions to the Department of Commerce by email to covid19sc@sccommerce.com or by telephone at 803-734-2873. A team from the Department of Commerce will review each request for clarification or an exception and provide a response with the Department of Commerce's determination within twenty-four (24) hours of receipt.

F. The Department of Commerce shall review any requests for clarification regarding the applicability of this Section to any particular Gathering(s) or any requests for an exception for any particular Gathering(s) and shall evaluate the same, in consultation with DHEC, and make a determination regarding whether the Gathering(s) may proceed, in whole or in part, on a normal or modified basis. The Department of Commerce shall grant exceptions only upon a thorough and satisfactory demonstration that any particular Gathering(s) will comply with, and operate according to, any applicable sanitation, "social distancing," and hygiene guidelines promulgated by the CDC, DHEC, or any other state or federal public health officials. Any determination issued by the Department of Commerce shall be deemed and considered provisional and shall be subject to revision, alteration, or revocation at any point, and in the sole discretion of the Department of Commerce, based on and to account for, *inter alia*, the evolving nature and scope of the ongoing public health emergency associated with COVID-19.

G. This Section does not apply to the conduct of official business by, or meetings of, any agency or department of the State of South Carolina or any political subdivision thereof, to include the operations of public schools and higher education institutions and the conduct of elections and related activities.

Section 5. Emergency Restrictions Regarding Alcoholic Beverages at Restaurants, Bars, and Other Establishments After 11:00 p.m.

A. I hereby determine and proclaim, pursuant to section 61-6-4160 of the South Carolina Code of Laws and other applicable law, that it is necessary and appropriate and "in the interest of law and order" and "public morals and decorum" to prohibit the sale of beer, wine, and alcoholic liquor under certain conditions and during certain periods, as set forth below, to address and reduce instances of community spread and transmission of COVID-19 among individuals congregating in restaurants, bars, and other establishments, to mitigate the resulting burdens on healthcare facilities and resources, and to maintain peace and good order during the State of Emergency.

B. I hereby order and direct that the sale or consumption of beer, wine, or alcoholic liquor on the licensed premises of all persons or businesses authorized to sell beer, wine, or alcoholic liquor in the State of South Carolina (collectively, "Licensees"), as set forth below, shall remain prohibited between the hours of 11:00 p.m. and 10:00 a.m. the following day, as previously set forth in Executive Order No. 2020-45, for the duration of the State of Emergency unless otherwise modified, amended, extended, or rescinded by subsequent Order.

C. For purposes of this Section, "beer, wine, and alcoholic liquors" shall refer to those alcoholic beverages as defined in Chapters 4 and 6 of Title 61 of the South Carolina Code of Laws, as amended. For

36 EXECUTIVE ORDERS

purposes of this Section, “Licensees” include only those persons or businesses holding the following permits or licenses issued by DOR pursuant to Title 61 of the South Carolina Code of Laws:

1. On-Premises Beer and Wine Permits (PBW) or 7-Day On-Premises Beer and Wine Permit (PO7);
2. Instate Winery Permit (PWY), Domestic Winery Permit (PDW), or 7-Day Winery Permit (P7W);
3. Brewpub Beer Permit (PBB);
4. Brewery Permit (PWY);
5. Business Liquor by the Drink License (PLB);
6. Non-Profit Private Club Liquor by the Drink License (PLC); or
7. Special Event Permit or Special Non-Profit Event Permit.

This Section does not limit the hours of sales for beer, wine, or alcoholic liquors for off-premises consumption, which shall continue to be governed by existing law.

D. Pursuant to sections 1-3-430 and 1-3-440 of the South Carolina Code of Laws, the undersigned is authorized to enforce the provisions of this Order “by use of all appropriate available means,” to include, *inter alia*, “[o]rder[ing] any and all law enforcement officers of the State or any of its subdivisions to do whatever may be deemed necessary to maintain peace and good order” and “order[ing] or direct[ing] any State, county[,] or city official to enforce the provisions of such proclamation in the courts of the State by injunction, mandamus, or other appropriate legal action.”

E. I hereby authorize, order, and direct DOR and SLED to administer the provisions of this Order and enforce compliance with the same as necessary and appropriate. Noncompliance with this Section shall constitute grounds for suspension of a license or permit in accordance with the provisions of Title 61, including but not limited to sections 61-4-580, 61-6-50, and 61-6-100, as amended. Pursuant to the process established in section 1-23-370(c) of the South Carolina Code of Laws, as amended, if DOR “finds that public health, safety[,] or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings.” Unless otherwise provided by DOR, any summary suspension under this Section will be effective for at least the duration of this Order and any amendments to or extensions of the same. Notwithstanding the foregoing, this Section does not prevent or prohibit DOR from seeking or imposing additional penalties as authorized by law if warranted by the Licensee’s actions. I hereby further order and direct DOR, upon suspension of a license or permit for noncompliance with this Section, to promptly institute proceedings in the Administrative Law Court to review the summary suspension, as required by section 1-23-370(c).

F. In addition to the foregoing authorities, noncompliance with this Section shall be further governed by the provisions of sections 16-7-10(A) and 61-6-4160 of the South Carolina Code of Laws. Pursuant to section 61-6-4160 of the South Carolina Code of Laws, “[a] person who violates a provision of this section is guilty of a misdemeanor and, upon conviction, must be punished as follows: (a) for a first offense, by a fine of two hundred dollars or imprisonment for sixty days; (b) for a second offense, by a fine of one thousand dollars or imprisonment for one year; and (c) for a third or subsequent offense, by a fine of two thousand dollars or imprisonment for two years.”

G. I hereby authorize DOR and SLED to provide or issue any necessary and appropriate additional or supplemental guidance, rules, regulations, or restrictions regarding the application of this Section or to otherwise provide clarification regarding the same, through appropriate means, without the need for further Orders.

Section 6. Regulatory Flexibility to Accelerate Emergency Preparation and Response Measures

A. I hereby authorize and direct any agency within the undersigned's Cabinet or any other department within the Executive Branch, as defined by section 1-30-10 of the South Carolina Code of Laws, as amended, through its respective director or secretary, to waive or "suspend provisions of existing regulations prescribing procedures for conduct of state business if strict compliance with the provisions thereof would in any way prevent, hinder, or delay necessary action in coping with the emergency," in accordance with section 25-1-440 of the South Carolina Code of Laws and other applicable law.

B. I hereby authorize and direct state agencies and departments to use the emergency procurement procedures set forth in section 11-35-1570 of the South Carolina Code of Laws, as amended, and any regulations issued pursuant thereto, as necessary and appropriate, to facilitate and expedite acquisition of any critical resources during the State of Emergency.

C. I hereby suspend, in accordance with section 25-1-440 of the South Carolina Code of Laws and other applicable law, any existing procurement-related regulations "if strict compliance with the provisions thereof would in any way prevent, hinder, or delay necessary action in coping with the emergency."

Section 7. Regulatory Flexibility and Other Emergency Measures to Expedite the Provision of Critical Healthcare Services

A. I hereby authorize and direct DHEC to suspend, for the duration of the State of Emergency, pursuant to Regulation 61-112 of the South Carolina Code of Regulations, any necessary and applicable provisions of Regulations 61-15 and 61-16, which restrict the use of unlicensed beds or space, the conversion of single and double occupancy patient rooms to account for higher patient capacity, or the establishment of wards, dormitories, or other spaces not designated as patient rooms.

B. I hereby suspend the monetary thresholds set forth in Section 102 of Regulation 61-15 of the South Carolina Code of Regulations for items requiring Certificate of Need Review, to the extent necessary and applicable, so as to permit healthcare facilities to make those capital expenditures and acquire medical equipment deemed necessary to prevent, diagnose, treat, or monitor the progression of COVID-19.

C. I further direct DHEC to suspend certain sections of the South Carolina Health Plan addressing health services requiring Certificate of Need Review, as DHEC deems necessary and appropriate, to allow a healthcare facility to provide temporary health services to adequately care for patients that may be affected by COVID-19. Healthcare facilities shall address any such requests pursuant to this Section to DHEC and coordinate with DHEC regarding the same.

D. I hereby direct the Adjutant General to continue implementing and overseeing efforts to coordinate with, between, and among the South Carolina National Guard and hospitals or other healthcare providers, as necessary and applicable, regarding any actual or potential requirements for, or contingency plans related to, the mobilization, utilization, or acquisition of resources; the creation, modification, or construction of mobile or temporary facilities or other critical infrastructure; or other anticipated or unanticipated matters related to the State's preparation for, and response to, the evolving public health threat posed by COVID-19. In accordance with section 25-1-1840 of the South Carolina Code of Laws, Executive Order No. 2020-48, and other applicable law, I further authorize and direct the Adjutant General to activate and utilize any and all South Carolina National Guard personnel and equipment he deems necessary and appropriate and to issue the requisite supplemental orders.

Section 8. Regulatory Flexibility to Facilitate "Social Distancing" in Restaurants and Retail Settings

A. I have determined that the State of South Carolina must continue to undertake and implement additional measures to slow the spread of COVID-19, minimize the current and future strain on healthcare providers, and mitigate the economic impacts on affected individuals and businesses. In furtherance of the

38 EXECUTIVE ORDERS

foregoing, and in accordance with the President’s Coronavirus Guidelines for America, the State must promote and facilitate effective “social distancing” practices, including “[a]void[ing] eating or drinking at bars, restaurants, and food courts—use drive-thru, pickup, or delivery options.”

B. I hereby suspend Regulation 7–702.5 of the South Carolina Code of Regulations, which provides, in pertinent part, that “[a] permit holder, employee of a permit holder, or agent of a holder must not sell or deliver beer or wine to anyone who remains in a motor vehicle during the transaction.”

C. I hereby authorize and direct DOR to implement, interpret, and apply the provisions of this Order, as necessary and appropriate and in accordance with and to the extent allowed by state and federal law, in a manner that will facilitate current holders of a valid Beer and Wine Permit (“Permit”), as set forth below, selling or delivering beer and wine in a sealed container for curbside delivery or pickup and off-premises consumption.

D. Subject to any further clarification, guidance, or regulations issued or promulgated by DOR, Permit holders electing to offer curbside delivery or pickup shall be subject to the following definitions, conditions, and restrictions:

1. For purposes of this Section, “Permit” is defined as an on- or off-premises permit issued by DOR in accordance with Title 61, Chapter 4 of the South Carolina Code of Laws, with the exception of “special event” permits, for use at fairs and special functions, issued pursuant to section 61-4-550 of the South Carolina Code of Laws, as amended.

2. A retailer shall have a clearly designated delivery or pickup area abutting or adjacent to the retailer’s place of business.

3. A customer who purchases beer or wine must prove at the time of curbside delivery or pickup that he is twenty-one (21) years of age or older by providing a valid government-issued identification.

4. A retailer shall not allow curbside delivery of beer or wine to, or pickup of beer or wine by, an intoxicated person or a person who is under twenty-one (21) years of age.

5. Any Permit holder’s employee or agent who is responsible for delivering beer or wine in sealed containers for off-premises consumption to a customer’s vehicle shall be eighteen (18) years of age or older.

6. Curbside delivery or pickup of “alcoholic liquors,” as defined by section 61-6-20 of the South Carolina Code of Laws, as amended, shall be prohibited.

Section 9. Emergency Measures to Ensure the Continuity of Essential Government Operations and Emergency Services and to Provide for the Health and Safety of State Employees

A. I hereby direct that all non-essential employees and staff of the State of South Carolina, as described below, shall not report to work, physically or in-person, until further notice. For purposes of this Section, essential employees and staff are those designated by, and in the sole discretion of, the corresponding Agency Head, or their designee, as essential or mission-critical to the State’s ongoing preparation for and response to emergency conditions related to COVID-19 or otherwise necessary to serving the State of South Carolina by ensuring the continuity of critical operations of state government. Essential employees and staff may still be required to report to work as determined by, and in the sole discretion of, the corresponding Agency Head or their designee. Notwithstanding the foregoing or any previous event-specific employment classifications or designations, for purposes of this emergency, essential may be defined differently than it has been defined or applied in the context of hazardous weather events. In accordance with prior directives, as well as related guidance issued by the Department of Administration, state agencies and departments shall utilize, to the maximum extent possible, telecommuting or work-from-home options for non-essential employees and staff. This Section shall apply to state government agencies, departments, and offices under the authority of the undersigned. I further direct the Department of Administration to continue to provide any necessary and

appropriate supplemental guidance to such agencies, departments, and offices and to any additional agencies, departments, and offices so as to facilitate and expedite implementation of these initiatives.

B. I hereby prohibit any county, municipality, or other political subdivision of the State of South Carolina from closing any location or facility that is occupied or utilized, in whole or in part, by any agency, department, official, or employee of the State. Accordingly, pursuant to sections 1-3-410, 25-1-440, and 25-1-450 of the South Carolina Code of Laws, as well as other applicable law, I hereby direct that any such county, municipality, or other political subdivision of this State shall authorize, allow, and provide access to such locations or facilities by any state agency or department, and the officials and employees thereof, as deemed necessary and appropriate and in the manner prescribed by the state agency or department so as to ensure the uninterrupted performance and provision emergency, essential, or otherwise mission-critical government functions and services during the State of Emergency.

Section 10. Emergency Restrictions Regarding Public Beach Access Points

A. I hereby authorize any agency, department, county, municipality, or political subdivision of the State owning, operating, managing, or otherwise having jurisdiction and control over any public beach access points to close, in whole or in part, or otherwise restrict the use of any such public beach access points, to include any adjacent or associated public parking lots or facilities, if it is determined that such action is necessary to preserve or protect public health. This authorization shall remain in effect for the duration of the State of Emergency, unless otherwise modified, amended, extended, or rescinded by subsequent Order.

B. I hereby authorize DHEC to provide or issue any necessary and appropriate additional or supplemental guidance, rules, regulations, or restrictions regarding the application of this Section or to otherwise provide clarification regarding the same, through appropriate means, without the need for further Orders.

Section 11. Extension of Emergency Measures for Unemployment Claims and Benefits

A. The State of South Carolina must continue to undertake and implement additional measures to prepare for and respond to the economic impacts associated with COVID-19 and to mitigate the resulting burdens on individuals and businesses. In recognition of the complexities posed by the existing and anticipated emergency circumstances, the United States Department of Labor (“DOL”) issued Unemployment Insurance Program Letter No. 10-20 on March 12, 2020 (“DOL Letter No. 10-20”), providing guidance to states and state workforce agencies on various matters regarding unemployment benefits and “flexibilities related to COVID-19,” and in doing so, recommended, *inter alia*, that “states should consider temporarily waiving” state-specific requirements related to waiting periods for individuals who are otherwise eligible for unemployment benefits. Accordingly, to facilitate and expedite the processing of claims submitted by eligible individuals whose employment has been impacted a result of COVID-19, and in response to DOL Letter No. 10-20’s recommendation, the undersigned issued Executive Order No. 2020-11 on March 19, 2020, directing, *inter alia*, the South Carolina Department of Employment and Workforce (“DEW”) to waive application of the one-week waiting period for individuals who are otherwise eligible to receive unemployment benefits or to determine that otherwise eligible individuals submitting claims between March 15, 2020, and April 18, 2020, in response to the unique circumstances and public health threat presented by COVID-19 “cannot pursue other employment for the usual one week’s waiting period and that the terms of the [applicable] statute cannot be met in such an unusual and limited circumstance,” 1989 S.C. Op. Att’y Gen. 286 (Oct. 3, 1989). Subsequently, on March 27, 2020, the President of the United States signed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), Public Law No. 116–136, Title II, Subtitle A of which provides, *inter alia*, temporary full federal funding of the first week of state unemployment insurance benefits for states that do not have a waiting week or have waived any waiting-week requirement.

B. I hereby direct DEW to waive, on a temporary basis and consistent with the aforementioned DOL guidance, application of the one-week waiting period for individuals who are otherwise eligible to receive unemployment benefits, pursuant to section 41-35-110(4) of the South Carolina Code of Laws, as amended, or

40 EXECUTIVE ORDERS

alternatively, to determine that otherwise eligible individuals submitting claims in response to or associated with the unique circumstances and public health threat presented by COVID-19 “cannot pursue other employment for the usual one week’s period and that the terms of the statute cannot be met in such an unusual and limited circumstance.” 1989 S.C. Op. Att’y Gen. 286 (Oct. 3, 1989). If and to the extent allowed by state and federal law, I further instruct DEW to implement, interpret, and apply the foregoing directives, as necessary and appropriate, in a manner that will facilitate and expedite the processing of claims submitted by eligible individuals who have suffered an unanticipated separation from employment or reduction of hours. Subject to any additional or supplemental guidance, rules, regulations, or restrictions issued, provided, or promulgated, or which may be issued, provided, or promulgated, by DEW, and to the maximum extent permitted by state and federal law, this Section shall apply to claims submitted on or after April 19, 2020, and for the duration of the State of Emergency unless otherwise modified, amended, extended, or rescinded. Notwithstanding the foregoing, this Section shall not be construed to limit DEW’s authority, to the extent allowed by state and federal law, to extend the period of any such temporary waivers or determinations to account for exigent circumstances.

Section 12. Extension of Prior Authorization for COVID-19 Support Payments by Employers

A. I have determined that the State of South Carolina must continue to undertake and implement additional measures to prepare for and respond to the economic impacts associated with COVID-19 and to mitigate the resulting burdens on individuals and businesses in the State of South Carolina. Many South Carolina employers have been financially strained by the significant economic impacts associated with COVID-19, which will negatively affect the ability of many employers to sustain operations at current levels. As a result of such operational reductions, businesses in this State may be required to furlough current employees. For purposes of this Section, a “furlough” shall mean and refer to a temporary period of time during which an employee performs no personal services for the employer as a result of a layoff caused by the economic impacts of COVID-19. Employers have stated that furloughs may be necessary to sustain an adequate level of working capital and to maintain a ready workforce in preparation for resuming operations when the risks associated with COVID-19 have dissipated. In acknowledging that employees may need to be furloughed due to the ongoing and anticipated economic impacts associated with COVID-19, some employers have indicated a desire to offset the financial impacts of such furloughs by making voluntary COVID-19-related support payments (“COVID-19 Support Payments”), as set forth below, to certain employees.

B. For purposes of this Section, “COVID-19 Support Payments” shall mean a voluntary payment, or series of payments, made by an employer to an employee in response to furloughing the employee, which is for services rendered by the employee in the past, which the employee or the employee’s estate is not obligated to repay, which is provided without obligation for the employee to perform or not perform any act in connection with the individual’s status as an employee, and which is made pursuant to a plan provided to DEW on a form that DEW shall prepare and publish on its website (“COVID-19 Support Payments Plan”), as set forth below and further defined herein. COVID-19 Support Payments shall be classified as a form of severance pay. South Carolina courts have interpreted severance pay as a form of payment for services previously rendered and, thus, not “wages” as that term is currently defined in section 41-27-380 of the South Carolina Code of Laws. *See S. Bell Tel. & Tel. Co. v. S.C. Employment Sec. Comm’n*, 240 S.C. 40, 45, 124 S.E.2d 505, 507 (1962). Classification of COVID-19 Support Payments as non-wages will ensure that such payments do not reduce the unemployment benefits an otherwise eligible individual would be entitled to receive, in accordance with the terms of prior Orders and as otherwise provided by law.

C. A COVID-19 Support Payments Plan submitted to DEW must detail the anticipated length of the furlough, state the amount of the COVID-19 Support Payments, identify the names of the employees receiving the COVID-19 Support Payments, and include an attestation that the employer is not making the COVID-19 Support Payments as a form of remuneration for the employees’ performance of personal services during the furlough and that employees are not required to return or repay the COVID-19 Support Payments. Further, employers shall file employer-filed unemployment insurance claims, according to guidance provided by DEW, for each employee receiving COVID-19 Support Payments. A COVID-19 Support Payments Plan that

satisfies the requirements set forth herein is not required to be approved by DEW prior to an employer making COVID-19 Support Payments.

D. I hereby authorize and direct DEW to interpret furloughed recipients of COVID-19 Support Payments as unemployed, pursuant to section 41-27-370 of the South Carolina Code of Laws and Regulation 47-20 of the South Carolina Code of Regulations, in response to or associated with the unique circumstances and public health threat presented by COVID-19. I further authorize and instruct DEW to implement, interpret, and apply the foregoing directives, as necessary and appropriate, in a manner such that an employee will not be considered as having been overpaid unemployment insurance benefits solely because the employee received COVID-19 Support Payments pursuant to a COVID-19 Support Payments Plan. Subject to any further clarification or guidance issued by DEW, and to the maximum extent permitted by state and federal law, this Section shall apply to any COVID-19 Support Payments paid by an employer for the duration of the State of Emergency unless otherwise modified, amended, extended, or rescinded.

Section 13. Emergency Measures to Facilitate Law Enforcement Assistance and Support

A. I hereby authorize law enforcement agencies or departments in this State to enter into mutual aid agreements in connection with the State of Emergency, pursuant to Title 23, Chapter 20 of the South Carolina Code of Laws, “for the purpose of providing the proper and prudent exercise of public safety functions across jurisdictional lines, including, but not limited to, multijurisdictional task forces, criminal investigations, patrol services, crowd control, traffic control and safety, and other emergency service situations.”

B. In accordance with section 23-20-60 of the South Carolina Code of Laws, as amended, I hereby waive the requirement for a written mutual aid agreement for law enforcement services for the duration of the State of Emergency.

Section 14. Enforcement

A. I hereby authorize any and all law enforcement officers of the State, or any political subdivision thereof, to do whatever may be deemed necessary to maintain peace and good order during the State of Emergency and to enforce the provisions of this Order and any prior or future Orders issued by the undersigned in connection with the State of Emergency.

B. I hereby authorize, order, and direct any and all law enforcement officers of the State, or any political subdivision thereof, in accordance with section 16-7-10 of the South Carolina Code of Laws and other applicable law, to prohibit or disperse any congregation or gathering of people, unless authorized or in their homes, in groups of three (3) or more people, if any such law enforcement official determines, in their discretion, that any such congregation or gathering of people poses, or could pose, a threat to public health. Pursuant to section 16-7-10(A) of the South Carolina Code of Laws, any individual who “refuse[s] to disperse upon order of a law enforcement officer,” “wilfully fail[s] or refuse[s] to comply with any lawful order or direction of any law enforcement officer,” or otherwise violates any provision of any Order issued by the undersigned in connection with the State of Emergency “is guilty of a misdemeanor and, upon conviction, must be fined not more than one hundred dollars or imprisoned for not more than thirty days.” I further authorize and instruct SLED, in consultation with the Attorney General of South Carolina, to provide any necessary and appropriate additional or supplemental guidance to law enforcement agencies, departments, or officers of the State, or any political subdivision thereof, regarding the interpretation, application, or enforcement of section 16-7-10 of the South Carolina Code of Laws.

C. In accordance with section 1-3-440(4) of the South Carolina Code of Laws, I further authorize, order, and direct any State, county, or city official to enforce the provisions of this Order and any prior or future Orders issued in connection with the State of Emergency, as necessary and appropriate, in the courts of the State by injunction, mandamus, or other appropriate legal action.

42 EXECUTIVE ORDERS

D. In addition to the foregoing, I further authorize, order, and direct DHEC to exercise and utilize any and all necessary and appropriate emergency powers, as set forth in the Emergency Health Powers Act, codified as amended in Title 44, Chapter 4 of the South Carolina Code of Laws, to implement and enforce the provisions of this Order. In accordance with section 44-4-500 of the South Carolina Code of Laws, as amended, DHEC shall continue to “use every available means to prevent the transmission of infectious disease and to ensure that all cases of infectious disease are subject to proper control and treatment.”

Section 15. General Provisions

A. This Order is not intended to create, and does not create, any individual right, privilege, or benefit, whether substantive or procedural, enforceable at law or in equity by any party against the State of South Carolina, its agencies, departments, political subdivisions, or other entities, or any officers, employees, or agents thereof, or any other person.

B. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this Order is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining portions of this Order, as the undersigned would have issued this Order, and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

C. If or to the extent that any political subdivision of this State seeks to adopt or enforce a local ordinance, rule, regulation, or other restriction that conflicts with this Order, this Order shall supersede and preempt any such local ordinance, rule, regulation, or other restriction.

D. I hereby expressly authorize the Office of the Governor to provide or issue any necessary and appropriate additional or supplemental guidance, rules, regulations, or restrictions regarding the application of this Order or to otherwise to provide clarification regarding the same, through appropriate means, without the need for further Orders.

E. This Order is effective immediately and shall remain in effect for the duration of the State of Emergency unless otherwise modified, amended, extended, or rescinded by subsequent Order. Further proclamations, orders, and directives deemed necessary to ensure the fullest possible protection of life and property during this State of Emergency shall be issued orally by the undersigned and thereafter reduced to writing and published for dissemination within the succeeding 24-hour period.

44 EXECUTIVE ORDERS

Executive Order No. 2020-53

WHEREAS, the State of South Carolina has taken, and must continue to take, all necessary and appropriate actions in coping with the significant public health threat and other impacts associated with the 2019 Novel Coronavirus (“COVID-19”), and in doing so, the State must remain flexible to account for evolving conditions and focus on implementing targeted and narrowly tailored emergency measures designed to limit community spread and transmission of COVID-19 and to mitigate the resulting strain on healthcare facilities and resources; and

WHEREAS, in furtherance of the foregoing, the undersigned has, *inter alia*, convened the Public Health Emergency Plan Committee (“PHEPC”), activated the South Carolina Emergency Operations Plan (“Plan”), and regularly conferred with state and federal agencies, officials, and experts, to include the White House Coronavirus Task Force, the South Carolina Department of Health and Environmental Control (“DHEC”), and the South Carolina Emergency Management Division (“EMD”); and

WHEREAS, on March 13, 2020, the undersigned issued Executive Order No. 2020-08, declaring a State of Emergency based on a determination that COVID-19 posed an imminent public health emergency for the State of South Carolina; and

WHEREAS, on March 13, 2020, the President of the United States declared the ongoing COVID-19 outbreak a pandemic of sufficient severity and magnitude to warrant an emergency declaration for all states, tribes, territories, and the District of Columbia, pursuant to Section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121–5207 (“Stafford Act”); and

WHEREAS, on March 13, 2020, the President of the United States also declared that the COVID-19 pandemic in the United States constitutes a national emergency, pursuant to Sections 201 and 301 of the National Emergencies Act, 50 U.S.C. §§ 1601 *et seq.*, and consistent with Section 1135 of the Social Security Act, 42 U.S.C. § 1320b-5, as amended, retroactive to March 1, 2020; and

WHEREAS, in addition to declaring an initial State of Emergency on March 13, 2020, the undersigned has issued various Executive Orders initiating, directing, and modifying further extraordinary measures designed to address the significant public health, economic, and other impacts associated with COVID-19 and to mitigate the resulting burdens on healthcare providers, individuals, and businesses in the State of South Carolina, certain provisions of which have been extended by subsequent and distinct emergency declarations set forth in Executive Order Nos. 2020-15, 2020-23, 2020-29, 2020-35, 2020-38, 2020-40, 2020-42, 2020-44, and 2020-48; and

WHEREAS, on March 24, 2020, the undersigned requested that the President of the United States declare that a major disaster exists in the State of South Carolina pursuant to Section 401 of the Stafford Act, and on March 27, 2020, the President of the United States granted the undersigned’s request and declared that such a major disaster exists and ordered federal assistance to supplement state, tribal, and local recovery efforts in the areas affected by the COVID-19 pandemic, with an effective date retroactive to January 20, 2020, and continuing; and

WHEREAS, on May 18, 2020, the undersigned approved and signed H. 3411, R-140, Act No. 135 of 2020, as passed by the General Assembly and ratified on May 12, 2020, which expressly acknowledged “the public health emergency associated with the 2019 Novel Coronavirus (COVID-19)” and recognized that “given the extraordinary challenges facing our State, our nation, and the world due to COVID-19, it is necessary to take emergency measures to combat the spread of this deadly virus”; and

WHEREAS, on August 2, 2020, the undersigned issued Executive Order No. 2020-50, initiating additional proactive emergency actions designed to limit community spread and transmission of COVID-19, while also superseding, rescinding, and replacing specific prior Executive Orders and consolidating, restating,

or otherwise incorporating, in whole or in part, certain provisions thereof to clarify which emergency measures remain in effect; and

WHEREAS, although the above-referenced and other emergency measures have helped limit and slow the spread of COVID-19, the COVID-19 pandemic represents an ongoing, evolving, and expanding public health threat, which requires that the State of South Carolina continue to take all necessary and appropriate actions in proactively preparing for and promptly responding to the public health emergency and the significant economic impacts and other consequences associated with the same; and

WHEREAS, as of August 10, 2020, DHEC has identified at least 100,431 confirmed cases of COVID-19 in the State of South Carolina, including 1,966 deaths due to COVID-19; and

WHEREAS, over the past several weeks, the State has significantly increased the availability of, and access to, COVID-19 testing, and although the expansion of testing capability and capacity was expected to produce higher daily numbers of confirmed cases of COVID-19, DHEC has continued to report a substantial number of confirmed cases of COVID-19, particularly among the 21–30 age group, as well as a large number of hospital beds utilized or occupied by patients who have either tested positive or are under investigation for COVID-19; and

WHEREAS, as a result of South Carolina’s enhanced testing and tracing initiatives, DHEC has also identified additional “hot spots” in certain areas of the State, which warrants the implementation of further targeted outreach efforts to control the spread of COVID-19; and

WHEREAS, due to the continued spread of COVID-19 and the significant number of individuals hospitalized in connection with the same, the State of South Carolina must continue to take any and all necessary and appropriate steps to address and minimize the resulting strain on healthcare facilities and resources; and

WHEREAS, section 1-3-420 of the South Carolina Code of Laws, as amended, provides that “[t]he Governor, when in his opinion the facts warrant, shall, by proclamation, declare that, because of . . . a public health emergency . . . a danger exists to the person or property of any citizen and that the peace and tranquility of the State, or any political subdivision thereof, or any particular area of the State designated by him, is threatened, and because thereof an emergency, with reference to such threats and danger, exists”; and

WHEREAS, as the elected Chief Executive of the State, the undersigned is authorized pursuant to section 25-1-440 of the South Carolina Code of Laws, as amended, to “declare a state of emergency for all or part of the State if he finds a disaster or a public health emergency . . . has occurred, or that the threat thereof is imminent and extraordinary measures are considered necessary to cope with the existing or anticipated situation”; and

WHEREAS, in accordance with section 44-4-130 of the South Carolina Code of Laws, as amended, a “public health emergency” exists when there is an “occurrence or imminent risk of a qualifying health condition,” which includes “an illness or health condition that may be caused by . . . epidemic or pandemic disease, or a novel infectious agent . . . that poses a substantial risk of a significant number of human fatalities [or] widespread illness”; and

WHEREAS, section 1-3-430 of the South Carolina Code of Laws, as amended, provides that when a state of emergency has been declared, the undersigned “may further, cope with such threats and danger, order and direct any person or group of persons to do any act which would in his opinion prevent or minimize danger to life, limb or property, or prevent a breach of the peace; and he may order any person or group of persons to refrain from doing any act or thing which would, in his opinion, endanger life, limb or property, or cause, or tend to cause, a breach of the peace, or endanger the peace and good order of the State or any section or community thereof, and he shall have full power by use of all appropriate available means to enforce such order or proclamation”; and

46 EXECUTIVE ORDERS

WHEREAS, pursuant to section 1-3-460 of the South Carolina Code of Laws, as amended, the foregoing and other emergency authority is “supplemental to and in aid of powers now vested in the Governor under the Constitution, statutory laws[,] and police powers of the State”; and

WHEREAS, in accordance with section 25-1-440 of the South Carolina Code of Laws, as amended, when an emergency has been declared, the undersigned is “responsible for the safety, security, and welfare of the State and is empowered with [certain] additional authority to adequately discharge this responsibility,” to include issuing, amending, and rescinding “emergency proclamations and regulations,” which shall “have the force and effect of law as long as the emergency exists”; and

WHEREAS, pursuant to section 25-1-440 of the South Carolina Code of Laws, when an emergency has been declared, the undersigned is further authorized to “suspend provisions of existing regulations prescribing procedures for conduct of state business if strict compliance with the provisions thereof would in any way prevent, hinder, or delay necessary action in coping with the emergency”; and

WHEREAS, in addition to the foregoing, section 25-1-440 of the South Carolina Code of Laws authorizes the undersigned, during a declared emergency, to “transfer the direction, personnel, or functions of state departments, agencies, and commissions, or units thereof, for purposes of facilitating or performing emergency services as necessary or desirable,” and to “compel performance by elected and appointed state, county, and municipal officials and employees of the emergency duties and functions assigned them in the State Emergency Plan or by Executive Order”; and

WHEREAS, the undersigned is further authorized, pursuant to section 25-1-440 of the South Carolina Code of Laws, to “direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is considered necessary for the preservation of life or other emergency mitigation, response, or recovery; to prescribe routes, modes of transportation, and destination in connection with evacuation; and to control ingress and egress at an emergency area, the movement of persons within the area, and the occupancy of premises therein”; and

WHEREAS, in the context of a public health emergency, section 25-1-440 of the South Carolina Code of Laws also “authorizes the deployment and use of any resources and personnel including, but not limited to, local officers and employees qualified as first responders, to which the plans apply and the use or distribution of any supplies, equipment, materials, and facilities assembled, stockpiled, or arranged to be made available pursuant to this act”; and

WHEREAS, in accordance with section 16-7-10(A) of the South Carolina Code of Laws, as amended, “[i]n any area designated by the Governor in his proclamation that a state of emergency exists, and during the duration of the proclamation, it is unlawful for a person to: violate a provision in the proclamation including, but not limited to, any curfew set forth by the proclamation; congregate, unless authorized or in their homes, in groups of three or more and to refuse to disperse upon order of a law enforcement officer; or wilfully fail or refuse to comply with any lawful order or direction of any law enforcement officer”; and

WHEREAS, it is axiomatic that “[t]he health, welfare, and safety of the lives and property of the people are beyond question matters of public concern, and reasonable regulations and laws designed to preserve and protect the same are clearly contained in the police power inherent in the sovereign,” 1980 S.C. Op. Att’y Gen. 142, 1980 WL 81975, at *1 (S.C.A.G. Sept. 5, 1980); and

WHEREAS, the State of South Carolina has made significant progress to date in limiting and controlling the outbreak and continued spread of COVID-19, but the extraordinary circumstances and conditions that necessitated the undersigned’s prior emergency declarations have since evolved and expanded and now present different and additional threats, which must be dealt with on their own terms; and

WHEREAS, consistent with the findings set forth in section 44-4-110 of the South Carolina Code of Laws, as amended, the different and additional public health threats posed by COVID-19, as well as the continued need to, *inter alia*, mitigate the resulting strain on healthcare facilities and resources and deploy widespread testing and tracing initiatives, “require the exercise of extraordinary government functions . . . to respond, rapidly and effectively” to the evolving emergency currently facing the entire State; and

WHEREAS, for the aforementioned and other reasons, and after consulting with various state and federal agencies, officials, and experts, the undersigned has determined based on the latest data, in accordance with section 44-4-130 of the South Carolina Code of Laws, that the current status and continued community spread and transmission of COVID-19 in the State represents the “occurrence” of a “qualifying health condition”—which includes “an illness or health condition that may be caused by . . . epidemic or pandemic disease, or a novel infectious agent . . . that poses a substantial risk of a significant number of human fatalities [or] widespread illness”—thereby warranting and necessitating the declaration of a unique and distinct public health emergency for the State of South Carolina, which must be dealt with on its own accord; and

WHEREAS, the State of South Carolina must take additional proactive action to control the spread of COVID-19 and mitigate the impacts associated with the same, particularly on healthcare facilities and resources and certain portions of the State’s population; and

WHEREAS, it is imperative that the State of South Carolina continue to utilize extraordinary measures and deploy substantial resources to meet the unprecedented threat posed by COVID-19 and the evolving nature and scope of this public health emergency, and in order to promptly and effectively do so, the State must take any and all necessary and appropriate steps to coordinate additional intergovernmental and interagency resources and response efforts to address the current and anticipated circumstances; and

WHEREAS, in addition to the foregoing, in further proactively preparing for and promptly responding to the continued spread of COVID-19, the State of South Carolina must simultaneously confront the significant economic impacts and other consequences associated with COVID-19, to include stabilizing and reinvigorating the State’s economy by addressing issues related to unemployment, facilitating the safe reopening of businesses and industries, permitting economic flexibility by reducing regulations, and accessing and utilizing federal funds and resources to assist with emergency operations; and

WHEREAS, as part of the ongoing process of facilitating economic recovery and revitalization in a safe, strategic, and incremental manner, the State of South Carolina must also continue to encourage effective “social distancing” practices and implement additional targeted and narrowly tailored emergency measures to combat and control the spread of COVID-19; and

WHEREAS, for the aforementioned and other reasons, and in recognition and furtherance of the undersigned’s responsibility to provide for and ensure the health, safety, security, and welfare of the people of the State of South Carolina, the undersigned has determined—based on recent developments, updated data, new facts, changing conditions, and the previously unforeseen occurrence of a combination of extraordinary circumstances—that an effective response to the ongoing COVID-19 pandemic, including the different, additional, and intensifying threats cited herein, represents and requires a new and distinct emergency, which warrants further proactive action by the State of South Carolina and the implementation and enforcement of additional extraordinary measures to address the same.

NOW, THEREFORE, by virtue of the authority vested in me as Governor of the State of South Carolina and pursuant to the Constitution and Laws of this State and the powers conferred upon me therein, I hereby declare that a State of Emergency exists in South Carolina. Accordingly, for the foregoing reasons and in accordance with the cited authorities and other applicable law, I further order and direct as follows:

Section 1. Emergency Measures

48 EXECUTIVE ORDERS

To prepare for and respond to the evolving public health threat posed by the COVID-19 pandemic and to mitigate the other significant impacts associated with the same, including the resulting strain on healthcare facilities and resources, pursuant to the cited authorities and other applicable law, I hereby determine, order, and direct as follows:

A. The State of South Carolina must take additional proactive action and implement further extraordinary measures to prepare for, respond to, and address the ongoing and evolving public health threat posed by the COVID-19 pandemic, to include the continued utilization and coordination of intergovernmental and interagency resources, operations, and response efforts.

B. I hereby memorialize and confirm my prior activation of the Plan and direct that the Plan be further placed into effect and that all prudent preparations be taken at the individual, local, and state levels to proactively prepare for and promptly respond to the COVID-19 pandemic and the significant economic impacts and other consequences associated with the same. I further direct the continued utilization of all available resources of state government as reasonably necessary to address the current State of Emergency.

C. I hereby direct DHEC to utilize and exercise any and all emergency powers, as set forth in the Emergency Health Powers Act, codified as amended in Title 44, Chapter 4 of the South Carolina Code of Laws, deemed necessary to promptly and effectively address the current public health emergency. In accordance with section 44-4-500 of the South Carolina Code of Laws, as amended, DHEC shall continue to “use every available means to prevent the transmission of infectious disease and to ensure that all cases of infectious disease are subject to proper control and treatment.”

D. I hereby direct DHEC to restrict visitation to nursing homes and assisted living facilities, with the exception of end-of-life situations, as DHEC deems necessary and appropriate. I further direct DHEC to develop guidelines for nursing homes and assisted living facilities to allow for or facilitate limited visitation for immediate family members and to communicate the same to such facilities.

E. I hereby authorize and direct state correctional institutions and local detention facilities to suspend visitation processes and procedures, as necessary, during this State of Emergency.

F. I hereby place specified units and/or personnel of the South Carolina National Guard on State Active Duty, pursuant to section 25-1-1840 of the South Carolina Code of Laws, as amended, and direct the Adjutant General to issue the requisite supplemental orders as he deems necessary and appropriate. I further order the activation of South Carolina National Guard personnel and the utilization of appropriate equipment at the discretion of the Adjutant General, and in coordination with the Director of EMD, to take necessary and prudent actions to assist the people of this State. I authorize Dual Status Command, as necessary, to allow the Adjutant General or his designee to serve as commander over both federal (Title 10) and state forces (National Guard in Title 32 and/or State Active Duty status).

G. I hereby order that all licensing and registration requirements regarding private security personnel or companies who are contracted with South Carolina security companies in protecting property and restoring essential services in South Carolina shall be suspended, and I direct the South Carolina Law Enforcement Division (“SLED”) to initiate an emergency registration process for those personnel or companies for a period specified, and in a manner deemed appropriate, by the Chief of SLED.

H. I hereby declare that the prohibitions against price gouging pursuant to section 39-5-145 of the South Carolina Code of Laws, as amended, are in effect and shall remain in effect for the duration of this State of Emergency.

I. I hereby declare that the provisions of Executive Order No. 2020-50 are hereby extended and shall remain in full force and effect for the duration of the State of Emergency declared herein, unless otherwise modified, amended, or rescinded below or by future Order.

Section 2. Protection of First Responders

To ensure the uninterrupted performance and provision of emergency services and to maintain peace and good order during the State of Emergency, while simultaneously implementing proactive measures to safeguard the health and safety of law enforcement authorities and other first responders, pursuant to the cited authorities and other applicable law, I hereby determine, order, and direct as follows:

A. The State of South Carolina must promptly undertake and implement additional proactive measures to safeguard the health and safety of law enforcement authorities and other first responders who risk potential exposure to COVID-19 while providing emergency and other essential services during the State of Emergency.

B. I hereby authorize and direct any and all 911 operators or other emergency dispatchers to ask any individual placing a call for service whether such individual or any member of their household has tested positive for COVID-19 or is exhibiting symptoms consistent with the same.

C. I hereby authorize and instruct DHEC, upon consultation with SLED, to provide any necessary and appropriate additional or supplemental guidance regarding the interpretation, application, or enforcement of this Section.

Section 3. Transportation Waivers

To expedite the State of South Carolina's continued preparation for and response to the ongoing and evolving emergency conditions related to COVID-19 and to facilitate the prompt transportation and delivery of any critical resources, supplies, and personnel identified and deemed necessary in connection with the same, pursuant to the cited authorities and other applicable law, I hereby determine, order, and direct as follows:

A. I hereby suspend certain rules and regulations, as set forth below, for commercial vehicles and operators of commercial vehicles in accordance with 49 C.F.R. § 390.23 and section 56-5-70 of the South Carolina Code of Laws, as amended.

B. I hereby authorize and direct the South Carolina Department of Transportation ("DOT") and the South Carolina Department of Public Safety ("DPS"), including the State Transport Police, as needed, to waive or suspend application and enforcement of the requisite state and federal rules and regulations pertaining to registration, permitting, length, width, weight, load, and hours of service for commercial vehicles and operators of commercial vehicles operating in accordance with the provisions of the Federal Motor Carrier Safety Administration's July 13, 2020 Extension of the Modified Expanded Emergency Declaration No. 2020-002 Under 49 C.F.R. § 390.25, or any future amendments or supplements thereto; responding to the declared emergency in the State of South Carolina or providing direct assistance to supplement state and local efforts and capabilities to protect public health and safety in connection with COVID-19; or otherwise assisting with the public health threat posed by COVID-19, to include commercial vehicles and operators of commercial vehicles transporting essential goods and products, such as food, water, medicine, medical supplies and equipment, fuels and petroleum products (to include fuel oil, diesel oil, gasoline, kerosene, propane, and liquid petroleum), livestock, poultry, feed for livestock and poultry, and crops and other agricultural products ready to be harvested (to include timber and wood chips). I further authorize and direct DOT and DPS to issue, provide, or promulgate any necessary and appropriate clarification, guidance, rules, regulations, or restrictions regarding the application of this Section.

C. This Section shall not be construed to require or allow an ill or fatigued driver to operate a commercial motor vehicle. In accordance with 49 C.F.R. § 390.23, "a driver who informs the motor carrier that he or she needs immediate rest must be permitted at least ten (10) consecutive hours off duty before the driver is required to return to such terminal or location." Likewise, this Section shall not be construed as an exemption from the applicable controlled substances and alcohol use and testing requirements in 49 C.F.R. § 382, the

D. This Section is subject to any clarification, guidance, rules, regulations, or restrictions issued, provided, or promulgated, or which may be issued, provided, or promulgated, by DOT or DPS, as authorized herein or as otherwise provided by law. Notwithstanding the waiver or suspension of certain rules and regulations as set forth above, drivers in South Carolina are still subject to the following state requirements to ensure public safety:

1. Weight, height, length, and width for any such vehicle on highways or roadways maintained by the State of South Carolina shall not exceed, for continuous travel on all non-interstates, United States, and South Carolina designated routes, maximum dimensions of twelve (12) feet in width, thirteen (13) feet six (6) inches in height, and ninety thousand (90,000) pounds in gross weight.

5. Transporters are responsible for ensuring they have oversize signs, markings, flags, and escorts as required by the South Carolina Code of Laws relating to oversized/overweight loads operating on South Carolina roadways.

E. This Section is effective immediately and shall remain in effect for thirty (30) days or the duration of the State of Emergency, whichever is less, in accordance with 49 C.F.R. § 390.23 and section 56-5-70(D) of the South Carolina Code of Laws, except that requirements relating to registration, permitting, length, width, weight, and load are suspended for commercial and utility vehicles travelling on non-interstate routes for up to one hundred twenty (120) days, pursuant to the provisions of section 56-5-70(A) of the South Carolina Code of Laws, unless otherwise modified, amended, or rescinded by subsequent Order.

Section 4. Enforcement

A. I hereby authorize any and all law enforcement officers of the State, or any political subdivision thereof, to do whatever may be deemed necessary to maintain peace and good order during the State of Emergency and to enforce the provisions of this Order and any prior or future Orders issued by the undersigned in connection with the present State of Emergency.

B. Pursuant to section 16-7-10(A) of the South Carolina Code of Laws, any individual who “refuse[s] to disperse upon order of a law enforcement officer,” “wilfully fail[s] or refuse[s] to comply with any lawful order or direction of any law enforcement officer,” or otherwise violates any provision of any Order issued by the undersigned in connection with the State of Emergency “is guilty of a misdemeanor and, upon conviction, must be fined not more than one hundred dollars or imprisoned for not more than thirty days.”

In accordance with section 44-4-500 of the South Carolina Code of Laws, as amended, DHEC shall continue to “use every available means to prevent the transmission of infectious disease and to ensure that all cases of infectious disease are subject to proper control and treatment.”

Section 5. General Provisions

A. This Order is not intended to create, and does not create, any individual right, privilege, or benefit, whether substantive or procedural, enforceable at law or in equity by any party against the State of South Carolina, its agencies, departments, political subdivisions, or other entities, or any officers, employees, or agents thereof, or any other person.

B. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this Order is for any reason held to be unconstitutional or invalid, such holding shall not affect the constitutionality or validity of the remaining portions of this Order, as the undersigned would have issued this Order, and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

Document No. 4978

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL CHAPTER 61

Statutory Authority: 1976 Code Sections 48-1-10 et seq.

61-62. Air Pollution Control Regulations and Standards.

Preamble:

Pursuant to the South Carolina Pollution Control Act, S.C. Code Sections 48-1-10 et seq., and the federal Clean Air Act, 42 U.S.C. Sections 7410, 7413, and 7416, the Department of Health and Environmental Control (Department) must ensure national primary and secondary ambient air quality standards are achieved and maintained in South Carolina. No state may adopt or enforce an emission standard or limitation less stringent than these federal standards or limitations pursuant to 42 U.S.C. Section 7416.

The United States Environmental Protection Agency (EPA) promulgates amendments to the Code of Federal Regulations (CFR) throughout each calendar year. Recent federal amendments at 40 CFR Parts 60, 63, and 68 include revisions to New Source Performance Standards (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories, and Chemical Accident Prevention Provisions.

The Department proposes amending R.61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards; R.61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories; and R.61-62.68, Chemical Accident Prevention Provisions, to incorporate federal amendments promulgated from January 1, 2019, through December 31, 2019.

The Department also proposes amending R.61-62.60 to add Subpart UUUUa, which will include provisions for facilitating implementation of the EPA's "Performance Standards and Compliance Times for Greenhouse Gas Emissions from Existing Electric Utility Generating Units," also known as the Affordable Clean Energy (ACE) rule, as published in the *Federal Register* on July 8, 2019 (84 FR 32520). This proposed amendment is to ensure compliance with federal law.

The Department also proposes amending R.61-62.60 to delete Subpart B - "Adoption and Submittal of State Plans for Designated Facilities." This subpart incorporates by reference EPA implementing regulations found at 40 CFR Part 60, Subpart B, which is directly applicable to EPA and states. These implementing regulations have been updated through EPA's promulgation of 40 CFR Part 60, Subpart Ba, which is also directly applicable to EPA and states and need not be incorporated by reference by the Department. The Department therefore proposes to delete R.61-62.60, Subpart B for simplicity and to maintain compliance with federal law.

The Department also proposes other changes to R.61-62, Air Pollution Control Regulations and Standards, as deemed necessary to maintain compliance with federal law. These changes include corrections or other changes for internal consistency, clarification, reference, punctuation, codification, formatting, spelling and overall improvement of the text of R.61-62 as necessary.

South Carolina industries are already subject to national air quality standards and NSPS, NESHAP, and Chemical Accident Prevention Provisions as a matter of federal law. The Department must incorporate amendments to the federal regulations because the EPA has delegated South Carolina authority for implementation and enforcement of these federal regulations. Federal law also requires South Carolina's adoption of a state plan for compliance with EPA's ACE rule. Thus, there will be no increased cost to the state or its political subdivisions resulting from adoption of these federal amendments beyond those mandated by federal law. South Carolina is already reaping the environmental benefits of these amendments.

The Administrative Procedures Act, S.C. Code Section 1-23-120(H)(1), exempts these amendments from General Assembly review because the Department proposes promulgating the amendments to maintain compliance with federal law. As such, neither a preliminary assessment report nor a preliminary fiscal impact statement is required.

The Department had a Notice of Drafting published in the February 28, 2020, *South Carolina State Register*.

Statement of Need and Reasonableness:

The following presents an analysis of the factors listed in 1976 Code Sections 1-23-115(C)(1)-(3) and (9)-(11):

DESCRIPTION OF REGULATION: Amendment of R.61-62, Air Pollution Control Regulations and Standards, and the South Carolina Air Quality Implementation Plan (SIP).

Purpose: The EPA promulgated amendments to national air quality regulations in 2019. The recent federal amendments include clarification, guidance, and technical revisions to requirements for NSPS mandated by 42 U.S.C. Section 7411, and for federal NESHAP for Source Categories mandated by 42 U.S.C. Section 7412. The Department, therefore, proposes amending R.61-62 to incorporate these amendments to federal standards promulgated from January 1, 2019, through December 31, 2019. Additionally, the Department proposes amending R.61-62.60 to add Subpart UUUUa, "Performance Standards and Compliance Times for Greenhouse Gas Emissions from Existing Electric Utility Generating Units," to facilitate implementation of the federal ACE rule and ensure compliance with federal law. The Department also proposes amending R.61-62.68 to adopt amendments to the corresponding federal regulations at 40 CFR Part 68 to ensure compliance with those regulations. The Department proposes to make corrections for internal consistency, clarification, and codification, to improve the overall text as necessary to maintain compliance with federal law.

Legal Authority: 1976 Code Sections 48-1-10 et seq.

Plan for Implementation: Upon taking legal effect, Department personnel will take appropriate steps to inform the regulated community of the amendments and any associated information. The DHEC Regulation Development Update (accessible at <http://www.scdhec.gov/Agency/RegulationsAndUpdates/RegulationDevelopmentUpdate/>) provides a summary of and link to these proposed amendments. Additionally, printed copies are available for a fee from the Department's Freedom of Information Office.

DETERMINATION OF NEED AND REASONABLENESS OF THE PROPOSED REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The EPA promulgates amendments to its air quality regulations throughout each calendar year. Federal amendments in 2019 included revised NSPS rules and NESHAPs for Source Categories. South Carolina is mandated by law to adopt these federal amendments. These amendments are reasonable as they promote consistency and ensure compliance with both state and federal regulations. The proposed amendments also include amending R.61-62.60 to add Subpart UUUUa, "Performance Standards and Compliance Times for Greenhouse Gas Emissions from Existing Electric Utility Generating Units," to facilitate implementation of the federal ACE rule and ensure compliance with federal law. The proposed revisions also include amending R.61-62.68 to adopt amendments to the corresponding federal regulations at 40 CFR Part 68, to ensure compliance with those regulations. The Department also proposes to make corrections for internal consistency, clarification, and codification, to improve the overall text as necessary to maintain compliance with federal law.

DETERMINATION OF COSTS AND BENEFITS:

There is no anticipated increase in costs to the state or its political subdivisions resulting from these proposed revisions. The NSPS, NESHAP, and Chemical Accident Prevention standards to be adopted are already in effect and applicable to the regulated community as a matter of federal law, thus the amendments do not present a new cost to the regulated community. The Department must incorporate amendments to the federal regulations because the EPA has delegated South Carolina authority for implementation and enforcement of these federal regulations. Federal law also requires South Carolina's adoption of a state plan for compliance with EPA's ACE rule. The Department proposes the addition of Subpart UUUUa to R.61-62.60 to facilitate required implementation of the ACE rule. Costs to the regulated community resulting from this amendment attributable to and required by the federal ACE rule.

82 PROPOSED REGULATIONS

The proposed amendments incorporate revisions to the EPA regulations, which the Department implements pursuant to the authority granted by Section 48-1-50 of the Pollution Control Act. The proposed amendments will benefit the regulated community by clarifying and updating the regulations and increasing their ease of use.

UNCERTAINTIES OF ESTIMATES:

There are no uncertainties of estimates relative to the costs to the state or its political subdivisions.

EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH:

Adoption of the recent changes in federal regulations through the proposed amendments to R.61-62 will provide continued protection of the environment and public health.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATION IS NOT IMPLEMENTED:

The state's authority to implement federal requirements, which are beneficial to the public health and environment, would be compromised if these amendments are not adopted.

Document No. 4975

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL CHAPTER 61

Statutory Authority: 1976 Code Sections 44-56-10 et seq.

61-79. Hazardous Waste Management Regulations.

Preamble:

The Department of Health and Environmental Control ("Department") proposes amending R.61-79 to adopt two Environmental Protection Agency ("EPA") rules published in the Federal Register. The EPA has given authorized states, including South Carolina, the discretion to adopt these rules as they will make existing standards less stringent and provide more flexibility to the regulated community. The "Safe Management of Recalled Airbags" interim final rule, published on November 30, 2018, at 83 FR 61552-61563 will create a conditional exemption from Resource Conservation and Recovery Act ("RCRA") requirements for certain entities that collect airbag waste from automobiles. The "Universal Waste Regulations: Addition of Aerosol Cans" final rule published on December 9, 2019, at 84 FR 67202-67220 will reduce regulatory burdens on businesses that generate, manage, and dispose of aerosol cans. The Department also proposes corrections for clarity and readability, grammar, punctuation, codification, and other such regulatory text improvements.

The Administrative Procedures Act, S.C. Code Section 1-23-120(A), requires General Assembly review of these proposed rules.

The following presents an analysis of the factors listed in 1976 Code Sections 1-23-115(C)(1)-(3) and (9)-(11):

DESCRIPTION OF REGULATION: 61-79, Hazardous Waste Management Regulations.

Purpose: The purpose of these amendments is to realize the benefits of and maintain state consistency with the following EPA regulations published in the Federal Register: “Universal Waste Regulations: Addition of Aerosol Cans,” published on December 9, 2019, at 84 FR 67202-67220, and “Safe Management of Recalled Airbags,” published on November 30, 2018, at 83 FR 61552-61563.

Legal Authority: 1976 Code Sections 44-56-10 et seq.

Plan for Implementation: The Department’s Regulation Development Update (accessible at <http://www.scdhec.gov/Agency/RegulationsAndUpdates/RegulationDevelopmentUpdate/>) provides a summary of and link to this proposed amendment. Additionally, printed copies are available for a fee from the Department’s Freedom of Information Office. Upon taking legal effect, Department personnel will take appropriate steps to inform the regulated community of the amendments and any associated information.

DETERMINATION OF NEED AND REASONABLENESS OF THE PROPOSED REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The Department proposes amending R.61-79, Hazardous Waste Management Regulations, to adopt EPA interim final rule “Safe Management of Recalled Airbags,” published on November 30, 2018, at 83 FR 61552-61563. This rule provides a conditional exemption from the RCRA hazardous waste requirements for entities, including

86 PROPOSED REGULATIONS

but not limited to, automobile dealerships, automotive salvage and scrapyards, independent repair facilities, and collision centers that collect airbag modules and inflators (“airbag waste”) from automobiles as long as certain conditions are met. This rule enables expedited removal of defective airbag inflators.

The Department further proposes amending R.61-79 to adopt the EPA final rule “Universal Waste Regulations: Addition of Aerosol Cans,” published on December 9, 2019, at 84 FR 67202-67220. This rule adds hazardous waste aerosol cans to the universal waste program under the federal RCRA regulations. Adopting the rule will reduce regulatory burdens on retail stores and other establishments that generate, manage, and dispose of aerosol cans by providing a clear, protective system for handling waste aerosol cans. This will promote the collection and recycling of aerosol cans and encourage the development of municipal and commercial programs to reduce the amount of aerosol can waste going to municipal solid waste landfills or combustors.

DETERMINATION OF COSTS AND BENEFITS:

There is no anticipated increased cost to the state or its political subdivisions resulting from this proposed revision. The EPA estimates that the “Safe Management of Recalled Airbags” interim final rule will result in industry savings between \$1.7 million and \$13 million (Federal Register, Vol 83, No. 231, page 61561). Similarly, the EPA estimates annual industry cost savings for the “Universal Waste Regulations: Addition of Aerosol Cans” final rule to be between \$5.3 million and \$47.8 million (Federal Register Vol. 84, No. 236, page 67203).

UNCERTAINTIES OF ESTIMATES:

There are no uncertainties of estimates regarding costs to the state or its political subdivisions.

EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH:

The proposed revisions to R.61-79 will provide continued protection of the environment and public health, as indicated above.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATION IS NOT IMPLEMENTED:

If the regulation is not implemented, there will be detrimental effects on the environment and public health because South Carolina would not be implementing or realizing the benefits of the EPA’s “Universal Waste Regulations: Addition of Aerosol Cans” final rule and the “Safe Management of Recalled Airbags” interim final rule described above.

Statement of Rationale:

Below is the Statement of Rationale pursuant to S.C. Code Section 1-23-110(h):

The Department proposes amending R.61-79 to adopt two EPA rules published in the Federal Register. The EPA has given authorized states, including South Carolina, the discretion to adopt these rules as they will make existing standards less stringent and provide more flexibility to the regulated community. The “Safe Management of Recalled Airbags” interim final rule, published on November 30, 2018, at 83 FR 61552-61563 will create a conditional exemption from RCRA requirements for certain entities that collect airbag waste from automobiles. The “Universal Waste Regulations: Addition of Aerosol Cans” final rule published on December 9, 2019, at 84 FR 67202-67220 will reduce regulatory burdens on businesses that generate, manage, and dispose of aerosol cans.

**DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
CHAPTER 61**

Statutory Authority: 1976 Code Sections 44-56-10 et seq.

61-79. Hazardous Waste Management Regulations.

Preamble:

The Department of Health and Environmental Control (“Department”) proposes amending R.61-79, Hazardous Waste Management Regulations, to adopt the Environmental Protection Agency (“EPA”) final rule “Management Standards for Hazardous Waste Pharmaceuticals and Amendment to the P075 Listing for Nicotine,” published on February 22, 2019, at 84 FR 5816-5950. The rule creates new standards for the management of hazardous waste pharmaceuticals by healthcare facilities and reverse distributors in lieu of the existing generator regulations and reduces regulatory burdens for over-the-counter Food and Drug Administration (“FDA”)-approved nicotine replacement therapies.

The Administrative Procedures Act, S.C. Code Ann. Section 1-23-120(H)(1), exempts these amendments from General Assembly review, as the Department proposes the amendments for compliance with federal law.

The Department had a Notice of Drafting published in the April 24, 2020, *South Carolina State Register*.

Section-by-Section Discussion of Proposed Amendments:

261.4(a)(1)(ii). Amend to clarify that discharging pharmaceuticals into a sewer system does not qualify for being excluded as a solid waste.

261.7(c). Add language to reference Part 266.507 for determining when containers of hazardous waste pharmaceuticals are considered empty with exceptions provided for in 266.507(c) and (d).

261.33(c). Amend to include a reference to 266.507 in defining when a container is “empty,” and amend the comment to modify “reuse” to “re-use.”

261.33(e). Table. Add language that states patches, gums, and lozenges that are FDA-approved are not included under the listing of “Nicotine & Salts” and “Pyridine.”

262.10(m). Add language that stipulates reverse distributors are subject to Part 266, subpart P.

262.10(n). Add language that clarifies which healthcare facilities are subject to Part 266, subpart P or 262.14 based on the quantity of hazardous waste it generates per calendar month.

262.13(c)(9). Add language that excludes hazardous waste pharmaceuticals managed in accordance with Part 266, subpart P and Drug Enforcement Administration controlled substances from being counted in monthly quantity-based determinations.

88 PROPOSED REGULATIONS

262.14(a)(5)(ix). Add language that allows small quantity generators of hazardous waste to treat or dispose of potentially creditable hazardous waste pharmaceuticals generated by healthcare facilities in off-site reverse distributors.

262.14(a)(5)(x). Add language that allows small quantity generators of hazardous waste to treat or dispose of non-creditable and potentially creditable hazardous waste pharmaceuticals in healthcare facilities that meet the conditions in sections 266.502(l) and 266.503(b).

264.1(g)(12). Add and reserve.

264.1(g)(13). Add language that clarifies that reverse distributors that accumulate potentially creditable and evaluated hazardous waste pharmaceuticals are subject to the regulations under Part 266, subpart P.

265.1(c)(15). Add and reserve.

265.1(c)(16). Add language that clarifies reverse distributors that accumulate potentially creditable and evaluated hazardous waste pharmaceuticals are subject to the regulations under Part 266, subpart P.

266 Table of Contents. Revise the Table of Contents to add new Subpart P.

266.500. Add new section for definitions.

266.504. Add new section that establishes guidelines for healthcare facilities that generate very small numbers of pharmaceutical and non-pharmaceutical hazardous waste. This section establishes standards on where one of these facilities can send their potentially creditable hazardous waste pharmaceuticals. This language also establishes standards for long-term care facilities that are very small quantity generators and those with twenty or fewer beds.

266.505. Add new section that establishes a prohibition on healthcare facilities discharging hazardous waste pharmaceuticals into a sewer system that passes through to a publicly owned treatment works.

266.506. Add new section that offers conditional exemptions for hazardous waste pharmaceuticals if they are also controlled substances and household waste pharmaceuticals collected in a take-back event or program.

266.507. Add new section that defines what it means for containers, syringes, intravenous (IV) bags, and other containers such as delivery devices to be considered "empty."

Department of Health and Environmental Control, 2600 Bull Street, Columbia, S.C. 29201; bowersjb@dhec.sc.gov. To be considered, the Department must receive the comment(s) by 5:00 p.m. on September 28, 2020, the close of the comment period.

The S.C. Board of Health and Environmental Control will conduct a public hearing on the proposed amendment during its November 12, 2020, 10:00 a.m. meeting. Interested persons may make oral and/or submit written comments at the public hearing. Persons making oral comments should limit their statements to five (5) minutes or less. The meeting will take place in the Board Room of the DHEC Building, located at 2600 Bull Street, Columbia, S.C. 29201. Due to admittance procedures, all visitors must enter through the main Bull Street entrance and register at the front desk. The Department will publish a meeting agenda twenty-four (24) hours in advance indicating the order of its scheduled items at: <http://www.scdhec.gov/Agenda>.

The Department publishes a Monthly Regulation Development Update tracking the status of its proposed new regulations, amendments, and repeals and providing links to associated State Register documents at <http://www.scdhec.gov/Agency/RegulationsAndUpdates/RegulationDevelopmentUpdate/>.

Statement of Need and Reasonableness:

The following presents an analysis of the factors listed in 1976 Code Sections 1-23-115(C)(1)-(3) and (9)-(11):

DESCRIPTION OF REGULATION: 61-79, Hazardous Waste Management Regulations.

Purpose: The purpose of these amendments is to maintain state consistency with the following EPA regulation published in the Federal Register: “Management Standards for Hazardous Waste Pharmaceuticals and Amendment to the P075 Listing for Nicotine” rule, published on February 22, 2019, at 84 FR 5816-5950.

Legal Authority: 1976 Code Sections 44-56-10 et seq.

Plan for Implementation: The Department’s Regulation Development Update (accessible at <http://www.scdhec.gov/Agency/RegulationsAndUpdates/RegulationDevelopmentUpdate/>) provides a summary

90 PROPOSED REGULATIONS

of and link to this proposed amendment. Additionally, printed copies are available for a fee from the Department's Freedom of Information Office. Upon taking legal effect, Department personnel will take appropriate steps to inform the regulated community of the amendment and any associated information.

DETERMINATION OF NEED AND REASONABLENESS OF THE PROPOSED REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The Department proposes adopting the "Management Standards for Hazardous Waste Pharmaceuticals and Amendment to the P075 Listing for Nicotine" rule, published on February 22, 2019, at 84 FR 5816-5950. This rule creates new standards for the management of hazardous waste pharmaceuticals by healthcare facilities and reverse distributors in lieu of the existing generator regulations and reduces regulatory burdens for over-the-counter FDA-approved nicotine replacement therapies. Adoption of this rule is required to comply with federal law and will bring R.61-79 into conformity with the federal regulations.

DETERMINATION OF COSTS AND BENEFITS:

The EPA estimates that the annualized cost to industry to comply with the requirements will be off-set by the cost-savings resulting from streamlined management standards for healthcare facilities and regulatory relief with regards to FDA-approved over-the-counter nicotine replacement therapy products (Federal Register, Vol. 84, No. 36, page 5818). The provisions of the final rule are expected to improve regulatory clarity and reduce regulatory burden. Additionally, to the extent that the rule reduces concentrations of hazardous waste pharmaceuticals in surface and drinking waters, this rule may result in improved ecosystems and human health outcomes.

UNCERTAINTIES OF ESTIMATES:

There are no uncertainties of estimates relative to the costs to the state or its political subdivisions.

EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH:

The proposed revisions to R.61-79 will provide continued protection of the environment and human health in accordance with updates to federal law.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATION IS NOT IMPLEMENTED:

If the Department does not adopt these amendments, the EPA's delegation of authority to the state to implement environmental protection programs would be compromised. As a delegated state program, the EPA requires South Carolina's regulations be at least as stringent as the federal regulations. Adoption of these proposed revisions will ensure equivalency with federal requirements.

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

CHAPTER 61

Statutory Authority: 1976 Code Sections 44-1-140(11), 44-1-150, 44-55-825, 44-55-827, and 48-1-10 et seq.

61-55. Septic Tank Site Evaluation Fees.

61-56. Onsite Wastewater Systems.

61-56.1. License to Construct or Clean Onsite Sewage Treatment and Disposal Systems and Self-Contained Toilets.

61-56.2. Licensing of Onsite Wastewater Systems Master Contractors.

Preamble:

Pursuant to R.61-56, the Department provides oversight for safe treatment and disposal of domestic wastewater to protect the health of families and communities. In accordance with R.61-55, R.61-56, R.61-56.1, and R.61-56.2, the Department issues onsite wastewater contractor licenses, permits to construct, and approvals to operate for individual onsite wastewater treatment systems (septic systems).

The Department proposes amending R.61-56, Onsite Wastewater Systems, to add new system standards, clarify and amend definitions, and clarify and update selected sections. The amendments will modernize the regulation and streamline permitting procedures to address needed updates in administering the Onsite Wastewater program.

The Department also proposes amending provisions of R.61-56.1 and R.61-56.2 and merging R.61-56.1 and R.61-56.2 into R.61-56 to improve efficiency and clarity for regulated entities and the public. This will entail repealing R.61-56.1 and R.61-56.2 and simultaneously adding their provisions, as amended, to R.61-56. The proposed amendments include changes to licensing requirements for pumpers and haulers currently under R.61-56.1. The proposed amendments will revise provisions currently contained in R.61-56.2 to implement a tiered licensing program to establish improved competency of onsite wastewater system contractors/installers. This approach includes new requirements for examination and continuing education. In addition, because R.61-56.1 and R.61-56.2 are being combined with R.61-56, previously separate enforcement provisions will also be consolidated and updated for clarity and to improve administration of the Onsite Wastewater program.

The proposed revisions would expand existing site evaluation options and allow more streamlined permit processing by allowing an applicant to submit a proposed system layout from a licensed Professional Soil Classifier ("PSC"). Under the proposal, applicants desiring to install systems for a subdivision would be required to submit third-party soils work from a PSC. The PSC would then have the option to either submit a proposed system layout under one of the system standards established within R.61-56 or give the soils report to a Registered Professional Engineer to design a specialized septic system through the 610 Standard. Subdivision permit applicants may incur additional costs for the third-party work performed by a PSC under this process. Outside of the subdivision context, applicants for conventional systems will retain the option to use a PSC or allow the Department to conduct a soil evaluation and prepare a system layout. The expanded options and enhanced involvement of third-party PSCs will serve to streamline and expedite the permit process for the Department and the regulated community.

In the interest of efficiency, the Department also proposes repealing R.61-55 and adding its provisions to R.61-56. The proposed amendments related to R.61-55 include amendments to definitions and other changes as necessary to facilitate merging this regulation into R.61-56.

The Department also proposes other corrections for clarity and readability, grammar, punctuation, codification, and regulation text improvement.

The Administrative Procedures Act, S.C. Code Section 1-23-120(A), requires General Assembly review of these proposed amendments and repeals.

The Department had a Notice of Drafting published in the March 27, 2020, *South Carolina State Register*.

Section-by-Section Discussion of Proposed Amendments and Repeals:

R.61-55

Repealed R.61-55 and combined it, as amended, with R.61-56 for simplification purposes.

R.61-56

Preliminary Fiscal Impact Statement:

There is no anticipated additional cost to the Department or state government due to any requirements of this amendment.

Statement of Need and Reasonableness:

The following presents an analysis of the factors listed in 1976 Code Sections 1-23-115(C)(1)-(3) and (9)-(11):

DESCRIPTION OF REGULATION: 61-55, Septic Tank Site Evaluation Fees; 61-56, Onsite Wastewater Systems; 61-56.1, License To Construct Or Clean Onsite Sewage Treatment And Self-Contained Toilets; and 61-56.2, Licensing Of Onsite Wastewater Systems Master Contractors.

Purpose: The Department proposes amending R.61-56, Onsite Wastewater Systems, to add new system standards, clarify and amend definitions, and clarify and update selected sections. The amendments will modernize the regulation and streamline permitting procedures to address needed updates in administering the Onsite Wastewater program. The Department also proposes amending provisions of R.61-56.1 and R.61-56.2 and merging R.61-56.1 and R.61-56.2 into R.61-56 to improve efficiency and clarity for regulated entities and the public. This will entail repealing R.61-56.1 and R.61-56.2 and simultaneously adding their provisions, as amended, to R.61-56. The proposed amendments include changes to licensing requirements for pumpers and haulers currently under R.61-56.1. The proposed amendments will revise provisions currently contained in R.61-56.2 to implement a tiered licensing program to establish improved competency of onsite wastewater system contractors/installers. This approach includes new requirements for examination and continuing education. In addition, because R.61-56.1 and R.61-56.2 are being combined with R.61-56, previously separate enforcement provisions will also be consolidated and updated for clarity and to improve administration of the Onsite Wastewater program. In the interest of efficiency, the Department also proposes repealing R.61-55 and adding its provisions to R.61-56. The proposed amendments related to R.61-55 include amendments to definitions and other changes as necessary to facilitate merging this regulation into R.61-56. The Department also proposes other corrections for clarity and readability, grammar, punctuation, codification, and regulation text improvement.

Legal Authority: 1976 Code Section(s) 44-1-140(11), 44-1-150, 44-55-825, 44-55-827, and 48-1-10 et seq.

Plan for Implementation: Upon taking legal effect, Department personnel will take appropriate steps to inform the regulated community of the new amendments and repeals and any associated information. The DHEC Regulation Development Update (accessible at <http://www.scdhec.gov/Agency/RegulationsAndUpdates/RegulationDevelopmentUpdate/>) provides a summary of and link to these proposed amendments and repeals. Additionally, printed copies are available for a fee from the Department's Freedom of Information Office.

DETERMINATION OF NEED AND REASONABLENESS OF THE PROPOSED REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The proposed amendments and repeals are needed and reasonable, as they will provide clarification regarding the requirements and standards contained in R.61-56 and consistency with the latest scientific, industrial, and technological changes in onsite wastewater system design, construction, and installation. Furthermore, the proposed amendments will simplify the licensure of those operators that clean or pump sewage treatment and disposal systems and, for organization and clarity, provide a tiered structure for the licensure of operators that construct or install these systems. The proposed amendments will also serve to modernize the regulation and streamline permitting procedures to improve overall effectiveness of the Department's administration of the regulation.

DETERMINATION OF COSTS AND BENEFITS:

Internal Costs: Implementation of these amendments will not require additional resources. There is no anticipated additional cost to the Department or state government due to any inherent requirements of these revisions.

External Costs: The proposed revisions do not increase any fees charged by the Department under the current regulations. The proposed revisions would expand existing site evaluation options and allow more streamlined permit processing by allowing an applicant to submit a proposed system layout from a licensed Professional Soil Classifier ("PSC"). Under the proposal, applicants desiring to install systems for a subdivision would be required to submit third-party soils work from a PSC. The PSC would then have the option to either submit a proposed system layout under one of the system standards established within R.61-56 or give the soils report to a Registered Professional Engineer to design a specialized septic system through the 610 Standard. Subdivision permit applicants may incur additional costs for the third-party work performed by a PSC under this process. Outside of the subdivision context, applicants for conventional systems will retain the option to use a PSC or allow the Department to conduct a soil evaluation and prepare a system layout. The expanded options and enhanced involvement of third-party PSCs will serve to streamline and expedite the permit process for the Department and the regulated community.

Benefits: These amendments upgrade overall quality and practicality, improve clarity and consistency, reflect changes in design, construction, and installation of onsite wastewater system nomenclature and technology, separate the licensing of pumper/haulers and installers, provide for tiered licensure, streamline permitting, clarify existing definitions, and add new definitions and standards for site and system requirements.

UNCERTAINTIES OF ESTIMATES:

None.

EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH:

There is no anticipated negative environmental or public health effect resulting from the proposed amendments and repeals of these regulations. Positive benefits include fostering increased installer competency through new

114 PROPOSED REGULATIONS

continuing education requirements and the tiered system of licensure according to system complexity. The additions also enable the Department to focus efforts on ensuring installations are performed in accordance with the issued permit while allowing additional input in the soil evaluation and system layout stages from professionally certified persons.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATION IS NOT IMPLEMENTED:

The negative effect on the environment and public health if the proposed amendment of this regulation is not implemented would be less efficiency and clarity for industry and reduced effectiveness and efficiency in the Department's oversight of the disposal of septage and sewage.

Statement of Rationale:

Here below is the Statement of Rationale pursuant to S.C. Code Section 1-23-110(A)(3)(h):

The Department proposes amending R.61-56, Onsite Wastewater Systems, to add new system standards, clarify and amend definitions, and clarify and update selected sections. The amendments will modernize the regulation and streamline permitting procedures to address needed updates in administering the Onsite Wastewater program. The Department also proposes amending provisions of R.61-56.1 and R.61-56.2 and merging R.61-56.1 and R.61-56.2 into R.61-56 to improve efficiency and clarity for regulated entities and the public. This will entail repealing R.61-56.1 and R.61-56.2 and simultaneously adding their provisions, as amended, to R.61-56. The proposed amendments include changes to licensing requirements for pumpers and haulers currently under R.61-56.1. The proposed amendments will revise provisions currently contained in R.61-56.2 to implement a tiered licensing program to establish improved competency of onsite wastewater system contractors/installers. This approach includes new requirements for examination and continuing education. In addition, because R.61-56.1 and R.61-56.2 are being combined with R.61-56, previously separate enforcement provisions will also be consolidated and updated for clarity and to improve administration of the Onsite Wastewater program. In the interest of efficiency, the Department also proposes repealing R.61-55 and adding its provisions to R.61-56. The proposed amendments related to R.61-55 include amendments to definitions and other changes as necessary to facilitate merging this regulation into R.61-56. The Department also proposes other corrections for clarity and readability, grammar, punctuation, codification, and regulation text improvement.

Should a hearing be requested pursuant to Section 1-23-110(A)(3) of the 1976 Code, as amended, such a hearing will be conducted at the Administrative Law Court at 10:00 a.m. on October 20, 2020. Written comments may be directed to Meredith Buttler, Administrator, Board of Long Term Health Care Administrators, South Carolina Department of Labor, Licensing and Regulation, Post Office Box 11329, Columbia, South Carolina 29211-1289, no later than 5:00 p.m., on September 28, 2020. If qualifying requests pursuant to Section 1-23-110(A)(3) are not timely received, the hearing will be canceled.

Preliminary Fiscal Impact Statement:

There will be no cost incurred by the State or any of its political subdivisions for these regulations.

Statement of Need and Reasonableness:

The South Carolina Board of Long Term Health Care Administrators proposes to amend R.93-80 to allow Administrator-in-Training (AIT) preceptors to supervise up to two AIT candidates concurrently. Presently, the regulation only allows a preceptor to supervise one AIT candidate. Allowing for supervision of two candidates is necessary to encourage more applicants to enter the profession as the long-term health care industry is growing exponentially and there is a shortage of qualified applicants to manage the facilities.

DESCRIPTION OF REGULATION:

Purpose: The proposed regulation would allow Administrator-in-Training (AIT) preceptors to supervise up to two AIT candidates concurrently, amending R.93-80F.

Legal Authority: 1976 Code Sections 40-1-70 and 40-35-60.

Plan for Implementation: The revised regulations will take effect upon approval by the General Assembly and upon publication in the *State Register*. LLR will notify licensees of the revised regulation and post the revised regulations on the agency's website.

DETERMINATION OF NEED AND REASONABLENESS OF THE PROPOSED REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The proposed regulation is both reasonable and necessary in that it ensures that AIT candidates are appropriately supervised but also allows preceptors to supervise more than one candidate at a time.

DETERMINATION OF COSTS AND BENEFITS:

There is no cost incurred by the state for the promulgation of these regulations.

UNCERTAINTIES OF ESTIMATES:

There are no uncertainties of estimates concerning the regulations.

EFFECT ON ENVIRONMENT AND PUBLIC HEALTH:

These regulations will have no effect on the environment.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATION IS NOT IMPLEMENTED:

There will be no detrimental effect on the environment and public health of this State if these regulations are not implemented.

Statement of Rationale:

The South Carolina Board of Long Term Health Care Administrators proposes to amend R.93-80 to allow Administrator-in-Training (AIT) preceptors to supervise up to two AIT candidates concurrently. This will both ensure adequate supervision and additional opportunities for qualified individuals to receive the training necessary to enter the profession.

Preliminary Fiscal Impact Statement:

The Commission anticipates utilizing its existing resources to implement the proposed regulation. Other than the costs the Commission will incur to retain and compensate a qualified independent third-party consultant, the Commission anticipates utilizing its existing resources to execute or effectuate the provisions of the proposed regulation.

Statement of Need and Reasonableness:

This statement of need and reasonableness was determined pursuant to S.C. Code Ann. Section 1-23-115(C)(1) through (3) and (9) through (11).

DESCRIPTION OF REGULATION:

103-811.5. Role of the Qualified Independent Third-Party Consultant and Expert and the Commissioners' Reliance on the Contents of the Qualified Independent Third-Party Consultant and Expert's Report.

Purpose: Act 62 of 2019, or the South Carolina Energy Freedom Act, was signed by Governor Henry McMaster on May 16, 2019. S.C. Code Ann. Section 58-41-20 (I) states, "The commission is authorized to employ, through contract or otherwise, third-party consultants and experts in carrying out its duties under this section, including, but not limited to, evaluating avoided cost rates, methodologies, terms, calculations, and

conditions under this section. The commission is exempt from complying with the State Procurement Code in the selection and hiring of a third-party consultant or expert authorized by this subsection. The commission shall engage, for each utility, a qualified independent third party to submit a report that includes the third party's independently derived conclusions as to that third party's opinion of each utility's calculation of avoided costs for purposes of proceedings conducted pursuant to this section. The qualified independent third party is subject to the same ex parte prohibitions contained in Chapter 3, Title 58 as all other parties. The qualified independent third party shall submit all requests for documents and information necessary to their analysis under the authority of the commission and the commission shall have full authority to compel response to the requests. The qualified independent third party's duty will be to the commission. Any conclusions based on the evidence in the record and included in the report are intended to be used by the commission along with all other evidence submitted

during the proceeding to inform its ultimate decision setting the avoided costs for each electrical utility. The utilities may require confidentiality agreements with the independent third party that do not impede the third-party analysis. The utilities shall be responsive in providing all documents, information, and items necessary for the completion of the report. The independent third party shall also include in the report a statement assessing the level of cooperation received from the utility during the development of the report and whether there were any material information requests that were not adequately fulfilled by the electrical utility. Any party to this proceeding shall be able to review the report including the confidential portions of the report upon entering into an appropriate confidentiality agreement. The commission and the Office of Regulatory Staff may not hire the same third-party consultant or expert in the same proceeding or to address the same or similar issues in different proceedings.”

The proposed regulation provides, in part, further guidance on the consultant and expert’s role to the Commission; the consultant and expert’s acknowledgement of ex parte communications law; the consultant and expert’s proposed procedural schedule for the timing of the development and issuance of its report; and the weight each Commissioner may give the consultant and expert’s report.

Legal Authority: S.C. Code Ann. Sections 58-3-60, 58-3-140, and 58-41-20.

Plan for Implementation: The proposed regulation will take effect upon approval by the General Assembly and publication in the *State Register*. The Commission, upon the effective date of the proposed regulation, will enforce the provisions of it.

DETERMINATION OF NEED AND REASONABLENESS OF THE PROPOSED REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

DETERMINATION OF COSTS AND BENEFITS:

The Commission opines that it can absorb the administrative process expenditures related to accomplishing the provisions of the proposed regulation. The Commission initially expended \$175,000 to execute its first qualified independent third-party consultant and expert contract hired pursuant to S.C. Code Ann. Section 58-41-20 (I) which requires the Commission to engage such consultants and experts.

UNCERTAINTIES OF ESTIMATES:

None.

EFFECT ON ENVIRONMENT AND PUBLIC HEALTH:

None.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATION IS NOT IMPLEMENTED:

The regulation will have no detrimental effect on the environment or public health if the regulation is not implemented.

Statement of Rationale:

The purpose for Regulation 103-811.5 is to document the role of qualified independent third-party consultants and experts and the Commissioners’ reliance on the contents of the qualified independent third-party consultant and expert’s report. 62-1200.1 - 62-1200.75. Legislative Incentives for Future Excellence (LIFE) Scholarship Program and Legislative Incentives for Future Excellence (LIFE) Scholarship Enhancement.

Emergency Situation:

During Spring 2020 the United States experienced the beginning of the COVID-19 pandemic. Because of this pandemic, South Carolina, along with the rest of the nation, saw cancellations of various educational testing opportunities for students. This included the cancellation of standardized tests such as the SAT and ACT examinations. In addition, many students will need to sit out the upcoming Fall 2020 academic semester for various COVID-19 related reasons. This emergency regulation seeks to assist affected high school students by providing them with an opportunity to take the ACT test examination through the July 2020, and to use the earned scores to meet the qualifications for state scholarships. In addition, the emergency regulation also provides students with the opportunity to take a break in enrollment during the Fall 2020 academic term and still maintain their remaining terms of LIFE Scholarship and LIFE Scholarship Enhancement eligibility. CHE is refiling the emergency regulation due to the continuation of exigent circumstances.

140 EMERGENCY REGULATIONS

Pursuant to Act 418, which was initially established in 1998 as Title 59 of the 1976 code and amended by Act 162 during the 2005 legislative session, the Commission on Higher Education shall promulgate regulation and establish procedures for administration of the LIFE Scholarship Program. The General Assembly established the LIFE Scholarship Program in order to increase the access to higher education, improve the employability of South Carolina's students so as to attract business to the State, provide incentives for students to be better prepared for college, and to encourage students to graduate from college on time.

With Act 115, which was established in 2007 as Title 59 of the 1976 code during the 2007 legislative session, the General Assembly established the LIFE Scholarship Enhancement in order to increase the number of students in the State majoring in mathematics and science and to increase the access to higher education, improve the employability of South Carolina's students so as to attract business to the State, provide incentives for students to be better prepared for college, and to encourage students to graduate from college on time. Students enrolled at two-year institutions are not eligible to receive a LIFE Scholarship Enhancement. In order to receive a LIFE Scholarship Enhancement, all students must qualify for the LIFE Scholarship as stipulated herein.

Independent and public institutions of higher learning in this, or any other state in the U.S., outside the U.S. or abroad, are prohibited from using the Legislative Incentive for Future Excellence or "LIFE" Scholarship in programs that promote financial aid incentives or packages. Any mention of the Legislative Incentive for Future Excellence or "LIFE" Scholarship in these financial aid packages must indicate the scholarship to be separate from the University that is offering the financial aid package, and reference the Legislative Incentive for Future Excellence or "LIFE" Scholarship as a separate financial aid award, provided to the student by the State of South Carolina.

All eligible independent and public institutions that participate in the program must verify the lawful presence of any student who receives a LIFE Scholarship and LIFE Scholarship Enhancement prior to awarding the Scholarship to the student. When verifying the lawful presence of an individual, institutional personnel shall not attempt to independently verify the immigration status of any alien, but shall verify any alien's immigration status with the federal government pursuant to 8 USC Section 1373(c).

For the Fall 2020 term, students may take a break in enrollment. Students who break enrollment for the Fall 2020 term may not attempt college coursework or earn college credit during this term. Students who are eligible to receive the LIFE Scholarship for the 2020-21 academic year, but who break enrollment for the Fall 2020 term may receive the maximum award amount allotted for a semester upon return to school in the Spring 2021 term. Students who take a break in enrollment during Fall 2020 will be expected to meet all scholarship requirements, including credit hour requirements, to be eligible for the award in 2021-22.

62-1200.5. Program Definitions.

A. "Academic year" is defined as the twelve month period during which a full-time student is expected to earn thirty credit hours. The period of time used to measure the academic year will consist of the fall, spring and summer terms (or its equivalent).

62-1200.10. Student Eligibility: LIFE Scholarship and LIFE Scholarship Enhancement.

A. To be eligible for a LIFE Scholarship, students must:

1. Be a U.S. citizen or a legal permanent resident that meets the definition of an eligible non-citizen under State Residency Statutes whose lawful presence has been verified at the time of enrollment at the institution; and

2. Be a South Carolina resident for in-state purposes at the time of high school graduation and at the time of enrollment at the institution, as set forth by Section 59-112-10, and be either a member of a class graduating from a high school located in this State, or a student who has successfully completed at least three of the final four years of high school within this State, or a home school student who has successfully completed a high school home school program in this State in the manner required by law, or a student graduating from a preparatory high school outside this State, while a dependent of a parent or guardian who is a legal resident of this State and has custody of the dependent according to State Statute, Section 59-149-50A or a student whose parent or guardian has served in or has retired from one of the United States Armed Forces within the last four years, paid income taxes in this State for a majority of the years of service, and is a resident of this State. A student must be a legal permanent resident of the United States before being considered to be a South Carolina resident;

3. Meet two of the following three criteria if a first-time entering freshman at an eligible four-year institution:

a. Earn a cumulative 3.0 grade point average (GPA) based on the Uniform Grading Policy (UGP) upon high school graduation. No other grading policy will be allowed to qualify for the LIFE Scholarship. Grade point averages must be reported to two decimal places (minimum) and may not be rounded. For example, a student who earns a 2.99 GPA is not eligible. Institutions shall use the final GPA as reported on the official transcript.

b. Score at least an 1100 on the Scholastic Assessment Test (SAT) or an equivalent ACT score of 24.

Test scores will be accepted through the ~~June~~ July national test administration of the SAT and ACT during the year of high school graduation. The student must use the highest SAT Math score combined with the highest SAT Critical Reading score (formerly known as the Verbal score). It is permissible to select scores from different test administrations in order to obtain the qualifying composite score. Students cannot use the Writing subsection score to obtain the qualifying composite score. The composite ACT score must be based upon one test administration.

c. Rank in the top thirty percent of the graduating class consisting of high school diploma candidates only. The rank must also be based on the UGP only. Ranking percentages must be reported to two decimal places (minimum) and may not be rounded. For example, a student who has a class rank of 13 of 43 ($13/43 \times 100 = 30.23\%$) will not rank in the top thirty percent of the class since 30.23% is not within thirty percent. To determine the top thirty percent for graduating classes with three or less students, the student who is ranked number one in the class would be considered in the top thirty percent for LIFE Scholarship eligibility. Institutions shall use the final ranking as reported by the high school on the official transcript. If a student is a member of an approved home school association that ranks, a ranking report must be attached to the official transcript. High schools or home school associations that do not rank as a policy; or high schools whose grading policy deviates from the current SC Uniform Grading Policy and that do not convert the graduating class to the current SC UGP to determine class rank, must use the GPA and SAT or ACT criteria when attempting to meet the academic requirements for the LIFE Scholarship. High schools or home school associations shall not use ranking for the sole purpose of obtaining eligibility for the state scholarships.

d. For the purposes of meeting the rank criterion, the existing high school rank of a South Carolina resident attending an out-of-state high school may be used provided it is calculated pursuant to a state-approved, standardized grading scale at the respective out-of-state high school. If the eligible South Carolina institution determines that a state-approved standardized grading scale substantially deviates from the S.C. Uniform Grading Policy (UGP), the institution must submit the grading scale to CHE for further review. If CHE confirms the out-of-state grading scale substantially deviates from the S.C. UGP, the state-approved, standardized grading scale shall not be used to meet the eligibility requirements for the LIFE Scholarship. When converting scores to the SC UGP, weighting must adhere to the SC UGP (i.e. honors no more than .50 and AP/IB no more than 1.0). In addition, scores/grades must correspond to the SC UGP. For example, if a student earned a 90 in an honors class, the conversion of the score/grade must be equivalent to the points assigned according to the current SC UGP. The guidance counselor from the out-of-state preparatory school also has the option of converting the cumulative GPAs of all students in the applicant's class to the S.C. UGP to determine if the student ranks within the top thirty percent of the class. To be considered equivalent to the SC UGP, the out-of-state school's grading scale must adhere to the following minimum requirements:

(1) Must include all courses carrying Carnegie units, including units earned at the middle school and high school level;

(2) To be equivalent to an "A" letter grade, the numerical average must be ≥ 93 ; to be equivalent to a "B" letter grade the numerical average must be between 85 and 92; to be equivalent to a "C" letter grade the numerical average must be between 77 and 84; to be equivalent to a "D" letter grade the numerical average must be between 70 and 76; and to be equivalent to a "F" letter grade the numerical average must be between 62 and 69 (if a course with a numerical average of < 62 is considered passing by the high school the student earned the grade, then a 73 numerical average should be given);

(3) Cannot add more than one half (.50) additional quality point for honors courses; cannot add more than one additional quality point for dual enrollment (DE) courses, Advanced Placement (AP) courses, and standard level International Baccalaureate (IB) courses; and, cannot add more than two additional quality points for higher level IB courses;

148 EMERGENCY REGULATIONS

(4) Must classify all other courses as College Preparatory if they are not already classified as honors, DE, AP or IB. For a class to be classified as honors, the course must be in English, mathematics, science or social studies or be the third/fourth level for all other content areas; and,

(5) If no numerical average is available, all letter grades must be converted to the equivalent numerical average based on the following: all "A" letter grades must be converted to a 96 numerical average, all "B" letter grades must be converted to a 88 numerical average, all "C" letter grades must be converted to a 80 numerical average, all "D" letter grades must be converted to a 73 numerical average, and all "F" numerical averages must be converted a 61 numerical average.

4. Earn a cumulative 3.0 grade point average (GPA) on the Uniform Grading Policy upon high school graduation and score at least an 1100 on the Scholastic Assessment Test (SAT I) or an equivalent ACT score of 24 if a first-time entering freshman graduates from a non-ranking South Carolina high school, non-ranking South Carolina approved home school association or out-of-state preparatory high school and attends an eligible four-year institution;

5. Earn a cumulative 3.0 grade point average (GPA) upon high school graduation on the Uniform Grading Policy if a first-time entering freshman at an eligible two-year or technical institution. No other grading policy will be allowed to qualify for the LIFE Scholarship. Grade point ratios must be reported to two decimal places (minimum) and may not be rounded. For example, a student who earns a 2.99 GPA is not eligible. Institutions shall use the final GPA as reported by the high school on the official transcript;

6. Be admitted, enrolled full-time, and classified as a degree-seeking student at a public or independent institution in South Carolina;

7. Certify that he/she has never been adjudicated delinquent, convicted, or pled guilty or *nolo contendere* to any felonies or any second or subsequent alcohol/drug related offenses under the laws of this or any other state or under the laws of the United States in order to be eligible for a LIFE Scholarship, except that a high school or college student otherwise qualified who has been adjudicated delinquent or has been convicted or pled guilty or *nolo contendere* to a second or subsequent alcohol or drug-related misdemeanor offense nevertheless shall be eligible or continue to be eligible for such scholarships after the expiration of one academic year from the date of the adjudication, conviction, or plea by submitting an affidavit each academic year to the institution. However, a high school or college student who has been adjudicated delinquent, convicted, or pled guilty or *nolo contendere* to a second alcohol/drug related misdemeanor offense is ineligible for the next academic year of enrollment at an eligible institution after the date of the adjudication, conviction or plea. If the adjudication, conviction, or plea occurs during the academic year after the student has already submitted a signed affidavit to the institution, the student will be eligible to receive the Scholarship the remainder of the academic year. However, the student will be ineligible for the Scholarship the following entire academic year of enrollment. If a student completes a pretrial intervention program and has his/her record expunged the conviction will not affect Scholarship eligibility; and

8. Certify that he/she has not defaulted and does not owe a refund or repayment on any federal or state financial aid. If a student has an Institutional Student Information Record (ISIR) or its equivalent on file, the ISIR information will be used to verify default status or refund/repayment owed on any Federal or State financial aid. Students who have not completed a Free Application for Federal Student Aid (FAFSA) must have an affidavit on file to verify that he/she is not in default and does not owe a refund or repayment on any Federal or State financial aid including, state grants/scholarships, Federal Pell Grant, Supplemental Educational Opportunity Grant, Perkins Loan and Federal Stafford Loan.

B. Any credit hours attempted or earned before high school graduation, hours exempted by examination, International Baccalaureate (IB) or Advanced Placement (AP) credit hours do not count against the terms of eligibility as provided in State Statute, Section 59-149-60. The credit hours earned before high school graduation

can be used toward the credit hour requirement. Credit hours earned through CLEP, IB or AP will be used toward the credit hour requirement.

C. Service members of the United States Armed Forces will not be penalized for any credit hours earned while on active duty. The credit hours earned on active duty will not count against the terms of eligibility, but will be used towards the annual credit hour requirement.

D. First-time entering freshmen will not be penalized for any credit hours earned during the summer session immediately prior to the student's initial college enrollment. The credit hours earned will not count against the terms of eligibility. The credit hours may be used toward the annual credit hour requirement.

E. Students who complete their high school graduation requirements prior to the official graduation date reported on the final high school transcript may be eligible to receive the LIFE Scholarship dependent on the approval of the Commission on Higher Education (CHE). The student must complete and submit an Early Graduation Application, an official high school transcript, an official letter from the high school principal verifying that he/she has met all graduation requirements, and SAT/ACT scores (if attending a four-year institution) by the established deadline. Early graduates cannot use class rank in order to qualify for the LIFE Scholarship at four-year institutions for the spring semester since the class has not officially graduated. A student may use class rank to receive the Scholarship after the class officially graduates. Early graduates who enroll mid-year (spring term) and are awarded the LIFE Scholarship through the Early Graduation process will officially begin their initial college enrollment. In order to receive the LIFE Scholarship the next academic year, the student must earn a minimum of fifteen credit hours and a 3.0 "LIFE GPA" at the end of the academic year. The student will be eligible to receive the maximum number of terms of eligibility based on initial college enrollment. If a student does not submit an early graduation application for the spring term and has not officially graduated, the student should not have received the LIFE Scholarship and that term will not count against his/her terms of Scholarship eligibility.

F. First-time entering freshmen who enroll mid-year (spring semester) are eligible for the LIFE Scholarship if they qualified upon high school graduation.

G. LIFE Scholarship funds may not be applied to the cost of continuing education, remedial/developmental or non-degree credit courses for an associate's degree or higher. Twelve credit hours of the course load must be non-remedial/developmental, non-continuing education or degree-credit courses for an associate's degree or higher in order to receive LIFE Scholarship funds. Continuing education, non-degree credit for an associate's degree or higher and remedial/developmental courses will not be included in the "LIFE GPA" or credit hour calculations.

H. Non-degree credit hours shall be used to meet the full-time eligibility criteria for a diploma or certificate program only. Students must sign an affidavit certifying that they understand that non-degree credit hours will not be used in calculating the "LIFE GPA" or credit hour requirements if they are enrolled in an Associate's degree or higher.

I. Credit hours earned during the student's first two term(s) of remedial/developmental enrollment will not be used to determine remaining Scholarship eligibility at the completion of remediation unless the student has completed at least twelve credit hours of non-remedial/developmental coursework each term of enrollment. First-time entering freshmen attending an eligible two-year institution or technical college who enroll in fewer than twelve credit hours of non-remedial/developmental, including at least three hours of remedial/developmental courses during the first term(s) will not be eligible for Scholarship funds during this period. The student's initial college enrollment will begin after a maximum of two terms of remediation at an eligible two-year or technical college only. The student will be eligible for the Scholarship for the term following completion of remediation if the student was eligible to receive the LIFE Scholarship upon high school graduation. If the student requires more than one academic year of remedial/developmental coursework, then he/she will not be eligible for the LIFE Scholarship the term after completion of remediation. If the student was

150 EMERGENCY REGULATIONS

not eligible for the Scholarship upon high school graduation, the student must meet the conditions set forth in Section J below in order to gain the LIFE Scholarship.

J. Students who do not meet the scholarship eligibility requirements upon high school graduation and enroll in remedial/developmental courses during a maximum of two terms at an eligible two-year institution or technical college, and who enroll in fewer than twelve credit hours of non-remedial/developmental courses, must meet the scholarship eligibility requirements (earn a 3.0 "LIFE GPA" and earn an average of thirty credit hours for the academic year) at the end of the first year of enrollment in non-remedial/developmental courses to be eligible to receive the scholarship for the second year of enrollment in non-remedial/developmental courses. Credit hours earned during the student's first two term(s) of remedial/developmental enrollment will not be used to determine remaining Scholarship eligibility at the completion of remediation unless the student has completed at least twelve credit hours of non-remedial/developmental coursework each term of enrollment.

K. Students receiving a LIFE Scholarship are not eligible to receive a Palmetto Fellows Scholarship, SC HOPE Scholarship or Lottery Tuition Assistance in the same academic year.

L. Students who have already been awarded their first bachelor's degree or graduate degree are not eligible to receive the LIFE Scholarship. In cases where students are enrolled in a program of study that is structured so as not to require a bachelor's degree for acceptance into the program and leads to a graduate degree, which will be the students' first academic degree awarded, the students must maintain their undergraduate status in order to receive a LIFE Scholarship and a LIFE Scholarship Enhancement each academic term, with the exception of students majoring in the Doctor of Pharmacy Program at South University, the Doctor of Pharmacy Program at Presbyterian College, the Master's of Science in Physician Assistant Studies Program, Master's of Science in Cytology and Biosciences Program and the Doctor of Pharmacy Program at the University of South Carolina-Columbia and the Medical University of South Carolina.

M. All documents required for determining LIFE Scholarship eligibility must be submitted to the institution by their established deadline(s). Students must submit official transcripts from all previous and current institutions, which provide evidence to calculate the "LIFE GPA," determine initial college enrollment and earned annual credit hour requirement. Students that complete coursework at another institution at any time during the academic year (fall, spring, summer) must submit an official transcript to the home institution at the end of the academic year to determine eligibility for the LIFE Scholarship.

N. First-time entering freshmen who attended out-of-state preparatory high schools or graduated from a SC high school prior to the full implementation of the Uniform Grading Policy must have their high school transcript converted to the UGP in order to qualify for the LIFE Scholarship.

F. Service members of the United States Armed Forces will not be penalized for any credit hours earned while on military mobilization. The credit hours earned will not count against the terms of eligibility, but will be used toward the annual credit hour requirement for the LIFE Scholarship and towards the minimum fourteen credit hour course level requirement for the LIFE Scholarship Enhancement.

62-1200.50. LIFE Scholarship Refunds and Repayments.

A. In the event a student who has been awarded a LIFE Scholarship and LIFE Scholarship Enhancement withdraws, is suspended from the institution, or drops below full-time enrollment status during any term of the academic year, institutions must reimburse the LIFE Scholarship Program for the amount of the LIFE Scholarship and LIFE Scholarship Enhancement for the term in question pursuant to the refund policies of the institution. Collection is the responsibility of the institution.

B. In the event a student withdraws or drops below full-time status after the institution's refund period and therefore must pay tuition and fees for full-time enrollment, the LIFE Scholarship and LIFE Scholarship Enhancement may be retained pursuant to the refund policies of the institution.

62-1200.55. Appeals Procedures: LIFE Scholarship and LIFE Scholarship Enhancement.

A. The Commission on Higher Education shall define the appeals procedures.

B. Students who did not meet the continued eligibility requirements for the LIFE Scholarship at the end of the academic year due to an extenuating circumstance may request an appeal with the Commission on Higher Education.

C. The Commission on Higher Education will allow a student to submit only one appeal each academic year based on an extenuating circumstance.

D. A completed appeal's application must be filed with the Commission on Higher Education by the established deadline of the academic year the scholarship is requested. The student must provide a completed application for appeal, a letter requesting an appeal describing the extenuating circumstance, official transcripts from all prior institutions, and any other supporting documentation to substantiate the basis for the appeal. It is the responsibility of the student to ensure that all documents necessary to file an appeal are received at the Commission by the established deadline. Commission staff will not contact the student regarding missing or incomplete appeals documentation. Failure to submit a completed appeal's application by the required deadline(s) will result in forfeiture of the scholarship.

E. The LIFE Scholarship shall be suspended during the appeal period, but will be awarded retroactively if the appeal is granted.

F. Appeal Guidelines apply only to the LIFE Scholarship, not the LIFE Scholarship Enhancement. Students cannot appeal solely on the basis of a loss of a LIFE Scholarship Enhancement. However, students who appeal

and are awarded the LIFE Scholarship under this section may be eligible to receive the LIFE Scholarship Enhancement.

G. The Appeals Committee’s decision is final.

62-1200.60. Institutional Policies and Procedures for Awarding: LIFE Scholarship and LIFE Scholarship Enhancement.

A. All eligible institutions are responsible for ensuring that each student has met the criteria based on state law and regulation to determine eligibility for the LIFE Scholarship and the LIFE Scholarship Enhancement as stipulated in Section 62-1200.10 and Section 62-1200.15.

B. Each institution is responsible for reviewing all students based on the “LIFE GPA” calculation below to determine eligibility for the LIFE Scholarship. Institutions must use official transcripts from all eligible institutions for each student and the steps in Section E below.

C. The institution must use grades earned at all eligible institutions during any term (fall, spring, and/or summer) for calculating a “LIFE GPA” at the end of the academic year.

D. The student must certify by submitting a signed affidavit that he/she is responsible for submitting transcripts from all previous and current eligible institutions. Students who complete coursework at another institution at anytime during the academic year (fall, spring, summer) must submit an official transcript to the home institution at the end of the academic year to determine eligibility for the LIFE Scholarship.

E. Steps for calculating a “LIFE GPA:”

1. Convert all grades earned at an eligible institution to a 4.0 scale based on each institution’s grading policy where the grades were earned = Grade Points

2. Multiply the grade points by attempted credit hours = Quality Points (QP)

3. Divide the total quality points by the total number of attempted credit hours = LIFE GPA

4. “LIFE GPA” Formula: $(\text{Grade Points} \times \text{Attempted Credited Hours} = \text{QP}) = \text{LIFE GPA}$
Total Attempted Credit Hours

F. The “LIFE GPA” must include all grades earned at eligible institutions, including courses that do not transfer based on the institution’s policy and college courses taken while in high school.

G. The “LIFE GPA” must not include attempted credit hours earned for continuing education courses, non-degree credit courses for an associate’s degree or higher and remedial/developmental courses.

H. The student must meet the annual credit hour requirement at the end of the academic year based on initial college enrollment as defined in the “Continued Eligibility,” “Regaining or Earning Eligibility” or “Transfer Students” Sections.

I. LIFE Scholarship awards are to be used only for payment toward the cost-of-attendance as established by Title IV Regulations. Eligible four-year public and independent institutions shall identify award amounts up to the cost-of-tuition for thirty credit hours, not to exceed four thousand seven hundred dollars, plus a three hundred dollar book allowance (maximum \$5,000 including cost-of-tuition plus book allowance) per academic year. Eligible two-year public or technical institutions shall identify award amounts, which cannot exceed the cost-of-tuition for thirty credit hours plus a three hundred dollar book allowance (maximum \$5,000 including cost-of-tuition plus book allowance) per academic year. For students enrolled at eligible two-year independent i

nstitutions, the award amount shall not exceed the maximum cost-of-tuition at the two-year USC regional institutions plus a three hundred dollar book allowance (not to exceed a maximum award amount of \$5,000 including cost-of-tuition plus book allowance) per academic year. Half shall be awarded during the fall term and half during the spring term (or its equivalent), assuming continued eligibility. The LIFE Scholarship in combination with all other gift aid, including Federal, State, private and institutional funds, shall not exceed the cost-of-attendance as defined in Title IV regulations for any academic year.

J. The LIFE Scholarship Enhancement is an annual award. Half of the funds are to be disbursed in the fall term and half to be disbursed in the spring term. Students who change their major from an ineligible degree program to an eligible degree program during the same academic year shall not receive the LIFE Scholarship Enhancement until the beginning of the next academic year (i.e., fall term). Students who change their major from an eligible degree program to an ineligible degree program during the same academic year may continue to receive the LIFE Scholarship Enhancement during the current academic year; however, the student cannot be awarded the LIFE Scholarship Enhancement the next academic year of enrollment in an ineligible degree program.

Students enrolled in an eligible 3 plus 2 program shall receive a LIFE Scholarship for no more than four years of instruction and a LIFE Scholarship Enhancement for no more than three years of instruction. Half of the LIFE Scholarship Enhancement funds shall be awarded in the fall term and half during the spring term (or its equivalent), assuming continued eligibility. The LIFE Scholarship Enhancement in combination with all other gift aid, including Federal, State, private and institutional funds, shall not exceed the cost-of-attendance as defined in Title IV Regulations for any academic year.

L. In determining the amount awarded for the LIFE Scholarship Enhancement, all other sources of gift aid, including federal, State, private and institutional funds and the base LIFE Scholarship must be applied to the unmet total cost of attendance in accord with Title IV Regulations before calculating the LIFE Scholarship Enhancement amount and receiving the funds. Adjustments to the financial aid package will be made to the LIFE Scholarship Enhancement in accordance with prescribed Title IV Regulations in order to prevent an over award.

M. Students who have already been awarded a first bachelor's degree or graduate degree are not eligible to receive a LIFE Scholarship or a LIFE Scholarship Enhancement. Students enrolled in a program of study that is structured so as not to require a bachelor's degree and leads to a graduate degree as defined in the "Program Definitions" Section must maintain their undergraduate status in order to receive a LIFE Scholarship and a LIFE Scholarship Enhancement each academic term, with the exception of students majoring in the Doctor of Pharmacy Program at South University, the Doctor of Pharmacy Program at Presbyterian College, the Master's of Science in Physician Assistant Studies Program, Master's of Science in Cytology and Biosciences Program and the Doctor of Pharmacy Program at the University of South Carolina-Columbia and the Medical University of South Carolina.

8. Institutional Student Information Record (ISIR) or affidavit documenting that the student is not in default or does not owe a refund or repayment on any state or federal financial aid
9. High school transcript(s) verifying graduation or home school completion date, grade point averages and class ranks (first-time entering freshmen) or GED or Adult Education High School Diploma
10. SAT or ACT scores (first-time entering freshmen)
11. Verification of student's disability from Institutional Disability Service Provider and verification of reduced course-load requirement (if appropriate)
12. Military mobilization orders (if appropriate)
13. Beginning with the 2007-08 freshman class and thereafter, all institutions must retain documentation verifying that students met the minimum fourteen credit hour course level requirement by the end of the first year of college enrollment for the LIFE Scholarship Enhancement.
14. Verification from academic department of enrollment in a declared major in an eligible degree program (LIFE and Palmetto Fellows Scholarship Enhancement purposes only)

P. It is the institution's responsibility to ensure that only eligible students receive a LIFE Scholarship and LIFE Scholarship Enhancement award.

Q. Any student who has attempted to obtain or has obtained a LIFE Scholarship and a LIFE Scholarship Enhancement award through means of a willfully false statement or failure to reveal any material fact, condition, or circumstances affecting eligibility will be subject to applicable civil or criminal penalties, including loss of the LIFE Scholarship and the LIFE Scholarship Enhancement.

The institution must submit a request for LIFE Scholarship and LIFE Scholarship Enhancement funds and/or return of funds by the established deadline each term. In addition, a listing of all eligible recipients by identification numbers with award amounts for the term must be sent to the Commission on Higher Education. 62-1200.75. Suspension or Termination of Institutional Participation: LIFE Scholarship and LIFE Scholarship Enhancement.

COMMISSION ON HIGHER EDUCATION
CHAPTER 62
Statutory Authority: 1976 Code Section 59-104-20

62-300 through 62-375. Palmetto Fellows Scholarship Program.

Emergency Situation:

During Spring 2020 the United States experienced the beginning of the COVID-19 pandemic. Because of this pandemic, South Carolina, along with the rest of the nation, saw cancellations of various educational testing opportunities for students. This included the cancellation of standardized tests such as the SAT and ACT examinations. In addition, many students will need to sit out the upcoming Fall 2020 academic semester for

various COVID-19 related reasons. This emergency regulation seeks to assist affected high school students by providing them with an opportunity to take the ACT examination through July 2020, and to use the earned scores to meet the qualifications for state scholarships. In addition, the emergency regulation also provides students with the opportunity to take a break in enrollment during the Fall 2020 academic term and still maintain their remaining terms of Palmetto Fellows Scholarship and Palmetto Fellows Scholarship Enhancement eligibility. CHE is refiling the emergency regulation due to the continuation of exigent circumstances

62-300. Purpose of the Palmetto Fellows Scholarship and Scholarship Enhancement.

A. Pursuant to Act 458 and amended by Act 95 and Act 162 in 2005, the Commission on Higher Education shall promulgate regulation and establish procedures to administer the Palmetto Fellows Scholarship Program. The General Assembly established the Palmetto Fellows Scholarship Program to foster scholarship among the State's postsecondary students and retain outstanding South Carolina high school graduates in the State through awards based on scholarship and achievement. The purpose of the Palmetto Fellows Scholarship Program is to recognize the most academically talented high school seniors in South Carolina and to encourage them to attend eligible colleges or universities in the State. A secondary purpose is to help retain talented minority students who might otherwise pursue studies outside the State.

B. Pursuant to Act 115 and amended by Act 235 in 2008, the Commission on Higher Education shall promulgate regulation and establish procedures for administration of the Palmetto Fellows Scholarship Enhancement. The General Assembly established the Palmetto Fellows Scholarship Enhancement in order to foster scholarship among the State's postsecondary students through awards based on scholarship and achievement. The purpose of the Palmetto Fellows Scholarship Enhancement Program is to recognize the most academically talented college students throughout the state of South Carolina in the areas of mathematics and science and encourage them to attend eligible colleges or universities in the State. In order to receive a Palmetto Fellows Scholarship Enhancement, all students must qualify for a Palmetto Fellows Scholarship as stipulated herein.

168 EMERGENCY REGULATIONS

C. Independent and public institutions of higher learning in this or any other state in the U.S., outside the U.S. or abroad are prohibited from using the Palmetto Fellows Scholarship in programs that promote financial aid incentives or packages. Any mention of the Palmetto Fellows Scholarship in these financial aid packages must indicate the scholarship to be separate from the University that is offering the financial aid package, and reference the Palmetto Fellows Scholarship as a separate financial aid award, provided to the student by the State of South Carolina.

62-305. Allocation of Program Funds.

A. Funds made available for higher education grants and scholarships under Chapter 143 of Title 59 of the 1976 Code, as amended under Act 458, South Carolina Children First: Resources for Scholarship and Tuition Act of 1996, shall be included in the annual appropriation to the Commission on Higher Education. Fifty percent of the appropriation shall be designated for the Palmetto Fellows Scholarship Program and the remaining fifty percent shall be for the Need-based Grants Program. However, in instances where the equal division of the appropriated funds between the Palmetto Fellows Scholarship and Need-based Grants Programs exceeds the capacity to make awards in either program, the Commission on Higher Education has the authority to re-allocate the remaining funds between the two programs.

B. Under the South Carolina Education Lottery Act, a designated amount shall be allocated for Palmetto Fellows Scholarships and shall be included in the annual appropriation to the Commission on Higher Education.

C. After expending funds appropriated for Palmetto Fellows Scholarships from all other sources, there is automatically appropriated from the general fund of the State whatever amount is necessary to provide Palmetto Fellows Scholarships to all students meeting the requirements of Section 59-104-20.

D. The Palmetto Fellows Scholarship Enhancement is contingent upon the availability of funds appropriated by the General Assembly each academic year.

62-310. Definitions.

A. "Academic year" is defined as the twelve-month period of time during which a full-time student is expected to earn thirty credit hours. The period of time used to measure the academic year consists of the fall, spring and immediately succeeding summer terms.

B. "Annual credit hour requirement" is defined for the Palmetto Fellows Scholarship as a minimum of thirty (30) credit hours taken and earned at the end of each academic year based on the date of initial college enrollment. Credit hours cannot include remedial, continuing education, exempted credit hours (such as AP, CLEP, IB, etc.), credit hours earned before high school graduation (dual enrollment) and credit hours earned the summer term immediately following high school graduation. Credit hours earned before high school graduation, including Advanced Placement (AP) credit hours, International Baccalaureate (IB) credit hours, exempted credit hours as well as credit hours earned on active duty, must be placed on the student's official college transcript by the institution at which they are earned, and be counted toward the annual credit hour requirement for the purposes of the Palmetto Fellows Scholarship Enhancement. Eligible Palmetto Fellows may prorate their award amount for the term of graduation (see section 62-330.B.).

C. "Approved five-year bachelor's degree program" is defined as a five-year bachelor's program that is defined and approved by the Commission on Higher Education to receive the Palmetto Fellows Scholarship for a maximum of ten terms and the Scholarship Enhancement for a maximum of eight terms at the same eligible independent or public institution in order to complete the requirements for a bachelor's degree. An approved five-year bachelor's degree program does not include institutional and cooperative "3 plus 2" programs.

D. "Bachelor's degree program" is defined as an undergraduate program of study leading to the first bachelor's degree as defined by the U.S. Department of Education.

E. “CIP (Classification of Instructional Program) Code” is defined as the U.S. Department of Education’s standard for federal surveys and state reporting for institutional data (majors, minors, options and courses). For the purpose of receiving the Palmetto Fellows Scholarship Enhancement, CIP Codes have been approved by the Commission on Higher Education for eligible degree programs in the fields of mathematics and science.

F. “Continuing education coursework” is defined as postsecondary courses designed for personal development and that cannot be used as credit toward a degree.

G. “Continuously enrolled” is defined as enrollment without an interruption that would require the student to pursue a formal process of readmission to that institution. Formal petitions or applications for change of degree level shall be considered readmissions with the exception of students changing degree level within the programs cited in paragraphs L and HH of this section and students who have been granted preapproved leave status for no longer than one semester by their institution. Continuously enrolled includes summer terms, military mobilization, or students who transfer from a four-year institution only to return to a four-year institution. Students who are enrolled in internships, cooperative work programs, travel study programs, or National or International Exchange Programs that are approved by the home institution are considered continuously enrolled. Any student who has been suspended, expelled, does not attend subsequent (or consecutive semesters) that does not require a formal process of readmission to that institution, or voluntarily withdraws from a four-year institution and/or enrolls at a two-year institution during the interruption is considered to be no longer continuously enrolled. For the Fall 2020 term only, students will not be required to maintain continuous enrollment. Students who take a break in enrollment for the Fall 2020 term must meet all eligibility requirements prior to the break in enrollment in order to receive the Palmetto Fellows Scholarship upon return for the Spring 2021 term. Students who utilize the break in enrollment shall not enroll at any institution of higher education during the Fall 2020 term.

H. “Cost-of-attendance” is defined by Title IV regulations and may include tuition, fees, books, room and board, and other expenses related to transportation, disability or dependent care.

I. “Cumulative grade point average (GPA)” is defined as the cumulative institutional GPA used for graduation purposes, which includes dividing the total number of quality points earned in all courses by the total credit hours in all courses attempted at the student’s home institution. The cumulative GPA must be at least a 3.0 at the home institution for graduation purposes at the end of each academic year based on the date of initial college enrollment.

J. “Date of initial college enrollment” is defined as the first time a student matriculates into a postsecondary degree-granting institution after high school graduation or completion of an approved home school program, excluding the summer term immediately prior to the student’s enrollment in the first regular academic year. Students must remain continuously enrolled as any break in enrollment (excluding summer) will count toward the student’s terms of eligibility with the exception of eligible students who wish to break enrollment for the Fall 2020 term only. Students who utilize the break in enrollment, shall not enroll in any institution of higher education during the Fall 2020 term.

K. For the purposes of the Scholarship Enhancement, “declared major” is defined as an eligible degree program in which a student is enrolled as a full-time, degree-seeking student. The student must meet all requirements as stipulated by the policies established by the institution and the academic department the student is enrolled in a declared major in an eligible degree program. Students cannot take courses related to a specific program without meeting institutional and departmental policies and be considered enrolled in a declared major. Students must be enrolled in a declared major in an eligible degree program that is approved and assigned a CIP code by the Commission. Eligible degree programs are those listed as such on the Commission’s Web site. Students who change their declared major from an ineligible degree program to an eligible degree program within the same academic year shall not receive the Palmetto Fellows Scholarship Enhancement for that academic year. Additionally, students who change their declared major from an eligible degree program to an ineligible degree program within the same academic year will not lose eligibility until the next academic year.

170 EMERGENCY REGULATIONS

L. "Degree-seeking student" is defined as a student enrolled full-time in a program of study that leads to the first bachelor's degree, first approved five-year bachelor's degree or a program of study that is structured so as not to require a bachelor's degree at an eligible independent or public institution. Students must maintain their undergraduate status in order to receive the Palmetto Fellows Scholarship and the Scholarship Enhancement each academic year, with the exception of students enrolled in the following programs: 1) Master of Science in Physician Assistant Studies at the Medical University of South Carolina; 2) Doctor of Pharmacy at the Medical University of South Carolina; 3) Doctor of Pharmacy at the University of South Carolina; and 4) Doctor of Pharmacy at Presbyterian College.

M. "Eligible degree program" is defined for the purposes of the Palmetto Fellows Scholarship Enhancement as a degree program in mathematics or science as approved by the SC Commission on Higher Education. These programs include science or mathematics disciplines, computer science or informational technology, engineering, health care and health care related disciplines (including nursing, pre-medicine and pre-dentistry) as defined by the Commission on Higher Education. Enrollment in a minor does not meet the requirements of an eligible degree program for the Palmetto Fellows Scholarship Enhancement. Students must be enrolled in a declared major in an eligible degree program that is approved and assigned a CIP Code by the Commission. Eligible degree programs are those listed as such on the Commission's Web site.

N. 62-320. Palmetto Fellows Scholarship Application.

A. The Commission on Higher Education will send information regarding the application process to all South Carolina high schools, home school associations and district superintendents. High schools and/or home school associations that do not receive information regarding the application process from the Commission on Higher Education by the beginning of each application process must contact the Commission for information. It is the sole responsibility of the high schools, home schools, home school associations, and district superintendents to contact CHE regarding the Palmetto Fellows Scholarship program including the application process. High school officials will identify students who meet the specified eligibility criteria by each established deadline. High school officials must submit applications (both electronic and paper documentation) no later than the established deadline(s) along with the appropriate signatures, official transcripts and test score verification to the Commission on Higher Education. High school officials must certify each eligible applicant's signature form. Students who are enrolled at out-of-state high schools are personally responsible for contacting the Commission on Higher Education about the application process and must adhere to the same established deadline(s).

B. The high schools and home school associations must submit a list to the Commission on Higher Education indicating the names of all students who meet the eligibility criteria at their high school. The list should indicate whether the student is submitting a completed application or declining the opportunity to apply. If the student declines the opportunity to apply, the high school will submit a form for each of these students, signed by both the student and the parent/guardian and indicating the reason(s) for not submitting an application. Students who decline to apply for the Scholarship forfeit any future eligibility under this Program.

C. Applications for early awards must be submitted to the Commission on Higher Education for the Palmetto Fellows Scholarship by the date established each academic year. Students must meet one of the following set of academic criteria in order to be eligible to apply for the early awards (students cannot use the early awards criteria to apply during the late awards):

2. The alternate criteria of a score at least 1400 on the SAT or 32 on the ACT through the March test administration of the senior year and earn a minimum 4.00 cumulative GPA on the UGP at the end of the junior year, without regard to class rank.

176 EMERGENCY REGULATIONS

3. High schools or home school associations that do not rank as an official policy; or high schools whose grading policy deviates from the current SC Uniform Grading Policy and do not convert the graduating class grades to the current SC UGP to determine class rank, must use the alternate criteria of meeting the academic requirements for the Palmetto Fellow Scholarship.

4. High schools or home school associations shall not use ranking for the sole purpose of obtaining eligibility for the state scholarships.

D. Applications for late awards must be submitted to the Commission on Higher Education for the Palmetto Fellows Scholarship by the date established in June each academic year. Students must meet one of the following set of academic criteria in order to be eligible to apply for the late awards:

1. Score at least 1200 on the SAT or 27 on the ACT through the ~~June~~ July test administration of the senior year; earn a minimum 3.50 cumulative GPA on the UGP at the end of the senior year; and rank in the top six percent of the class at the end of the sophomore, junior or senior year; or

2. Score at least 1400 on the SAT or 32 on the ACT through the ~~June~~ July test administration of the senior year and earn a minimum 4.00 cumulative GPA on the UGP at the end of the senior year, without regard to class rank.

3. High schools or home school associations that do not rank as a policy; or high schools whose grading policy deviates from the current SC Uniform Grading Policy and that do not convert the graduating class grades to the current SC UGP to determine class rank, must use the alternate criteria of meeting the academic requirements for the Palmetto Fellow Scholarship.

4. High schools or home school associations shall not use ranking for the sole purpose of obtaining eligibility for the state scholarships.

E. Students must have official verification that they earned the requisite score on the SAT or an equivalent ACT score. In order to determine the minimum composite score for the SAT, students must use the highest Math score combined with the highest Evidence-Based Reading and Writing score. However, students cannot use the Essay subsection score to meet the minimum SAT score requirement. In order to determine the minimum composite score for the ACT, students must use the highest composite score based upon one test administration.

F. Grade point averages must be based on the current SC Uniform Grading Policy, reported with at least two decimal places, and may not be rounded up. The SC UGP GPA and class rank (if school/association officially ranks as a policy) must be printed on an official final end of year high school transcript, which must also include a uniform date of calculation as determined by the Commission on Higher Education. The graduation date must also be printed on the final end of senior year high school transcript.

G. Class rank must be based on the SC Uniform Grading Policy using diploma candidates only. Class rank is determined at the end of the sophomore, junior and senior years (not the beginning of the next school year) before including any summer school coursework or including any students who transfer into your high school after the school year ended in May/June. Students cannot be removed from the class because they did not meet the eligibility criteria to apply, declined to apply, are not residents of the State, do not meet citizenship requirements, plan to attend college out-of-state, etc. The class rank information must include all students who attended your high school that school year. The rank policy and rank policy information must be available to parents, students, colleges, and universities, and the Commission on Higher Education in publication form to include a school's website, student/parent handbook, and/or school profile. This language must include the ranking policy in place at the school/association. The ranking policy should be consistent in all places where the rank policy is published and is the same information disseminated to parents, students, colleges/universities, and the Commission. The SC UGP GPA and class rank (if school/association officially ranks as a policy) must be printed on an official final end of year high school transcript, which must also include a uniform date of

calculation as determined by the Commission on Higher Education. The graduation date must also be printed on the final end of senior year high school transcript.

H. The number of students included in the top six percent of the class will be the next whole number if the top six percent is not already a whole number. For example, a class size of 185 students would include the top twelve students since 11.1 rounds up to twelve. For those high schools that officially rank as a policy (see section 62-320.G.) with fewer than twenty students in the class, the top two students (students ranked as number one and two) shall be considered for the Scholarship regardless of whether they rank in the top six percent of the class. These students must meet all other eligibility criteria.

I. In order to apply for the Palmetto Fellows Scholarship using rank as one of the eligibility criteria, home school students must be a member of an approved home school program (as defined in relevant State Statute) that provides an official class rank for their members. All high schools (see section 62-310.N.) and home school associations must submit a rank report on official school/association letterhead that includes the class rank and GPA based on the current SC Uniform Grading Policy for all students in the applicant's class. If a student is unable to obtain rank verification, he/she may also be eligible to apply using the alternative criteria of scoring at least 1400 on the SAT (or 32 on the ACT) and earning a minimum 4.00 cumulative GPA on the SC UGP, without regard to class rank. These students must meet all other eligibility criteria.

J. For schools or home school associations that do not rank as an official policy, students must use the alternate criteria to meet eligibility requirements for the Palmetto Fellows Scholarship.

K. For the purposes of meeting the rank criterion, the existing high school rank of a South Carolina resident attending an out-of-state high school may be used, provided it is calculated pursuant to a state-approved, standardized grading scale at the respective out-of-state high school. If the Commission on Higher Education determines that a state-approved standardized grading scale substantially deviates from the S.C. Uniform Grading Scale, the state-approved, standardized grading scale shall not be used to meet the eligibility requirements for the Palmetto Fellows Scholarship. The school counselor from the out-of-state preparatory school also has the option of converting the cumulative GPAs of all students in the applicant's class to the current SC UGP to determine if the student ranks within the top six percent of the class and must provide a ranking report that identifies all students in the applicant's class and their respective GPA's based on the SC UGP. When converting scores to the SC UGP, weighting must adhere to the SC UGP (i.e. honors no more than .50 and AP/IB no more than 1.0). In addition, scores/grades must correspond to the SC UGP. For example, if a student earned a 90 in an honors class, the conversion of the scores/grades must be equivalent to the points assigned according to the current SC UGP. To be considered equivalent, the out-of-state school's grading scale must adhere to the following minimum requirements:

1. Must include all courses carrying Carnegie units, including units earned at the middle school and high school level;

2. To be equivalent to an "A" letter grade, the numerical average must be ≥ 90 ; to be equivalent to a "B" letter grade the numerical average must be between 80 and 89; to be equivalent to a "C" letter grade the numerical average must be between 70 and 79; to be equivalent to a "D" letter grade the numerical average must be between 60 and 69; and to be equivalent to a "F" letter grade the numerical average must be between 51 and 59 (if a course with a numerical average of < 51 is considered passing by the high school the student earned the grade, then a 65 numerical average should be given);

3. Cannot add more than one half (.50) additional quality point for honors courses; cannot add more than one additional quality point for dual enrollment (DE) courses, Advanced Placement (AP) courses, and standard level International Baccalaureate (IB) courses; and, cannot add more than two additional quality points for higher level IB courses;

178 EMERGENCY REGULATIONS

4. Must classify all other courses as College Preparatory if they are not already classified as honors, DE, AP or IB. For a class to be classified as honors, the course must be in English, mathematics, science or social studies or be the third/fourth level for all other content areas; and

5. If no numerical average is available, all letter grades must be converted to the equivalent numerical average based on the following: all "A" letter grades must be converted to a 95 numerical average, all "B" letter grades must be converted to a 85 numerical average, all "C" letter grades must be converted to a 75 numerical average, all "D" letter grades must be converted to a 65 numerical average, and all "F" letter grades must be converted a 50 numerical average.

L. Students who attend out-of-state preparatory high school may also be eligible to apply by using the alternative criteria of scoring at least 1400 on the SAT (or 32 on the ACT) and earning a minimum 4.00 cumulative GPA on the current SC Uniform Grading Policy. The student's school counselor must convert the student's grades to the UGP to determine if the student meets the GPA requirement. These students must meet all other eligibility criteria, including South Carolina residency requirements.

M. Students submitted for the late award will need to make arrangements for tuition and fee payments as a student will not be notified of their PFS status in enough time to meet any institutionally established payment deadlines.

62-325. Palmetto Fellows Scholarship Selection Process.

A. The Commission on Higher Education will notify students of their selection as a Palmetto Fellow along with the terms and conditions of the award.

B. Students who have met the academic requirements of the Scholarship must return a form to the Commission that designates an eligible four-year independent or public institution in which they plan to enroll by the date established by the Commission on Higher Education. The Palmetto Fellows Scholarship will only be awarded to those students who have a lawful presence in the United States and have been identified as a SC resident at the time of initial college enrollment.

C. Visually impaired, hearing impaired or multi-handicapped students who qualify for the Scholarship may use the Palmetto Fellows Scholarship to attend a four-year out-of-state institution that specializes in educating students with their impairment upon receiving prior approval from the Commission on Higher Education. The Commission on Higher Education shall make the final decision whether an out-of-state institution specializes in the postsecondary education of visually impaired, hearing impaired or multi-handicapped students.

D. The Commission on Higher Education shall ensure that there is equitable minority participation in the Program.

62-330. Policies and Procedures for Awarding the Palmetto Fellows Scholarship and the Palmetto Fellows Scholarship Enhancement.

A. The institution will identify award amounts, which cannot exceed:

1. \$6,700 the first/freshman year and \$7,500 for the second year, third year, fourth year and fifth year (if applicable) for the Palmetto Fellows Scholarship; Eligible Palmetto Fellows may prorate their award amount for the term of graduation (See Section 62-330.B).

2. \$2,500 for the second year, third year, fourth year and fifth year (if applicable) year for the Palmetto Fellows Scholarship Enhancement. Eligible Palmetto Fellows may prorate their award amount for the term of graduation (See Section 62-330.B).

Beginning the second academic year (i.e. the fall term) a student may receive up to \$7,500 for the second year, third year, fourth year and fifth academic year (if applicable) for the Palmetto Fellows Scholarship; Eligible Palmetto Fellows may prorate their award amount for the term of graduation.

B. Half shall be awarded during the fall term and half during the spring term. Palmetto Fellows Scholarships and Palmetto Fellows Scholarship Enhancements are to be used only toward payment for cost-of-attendance as established by Title IV Regulations with modifications set forth in D below for the academic year the award is made at the designated independent or public institution. The maximum amount awarded shall not exceed the cost-of-attendance as established by Title IV Regulations for any academic year. During the seventh or eighth term of attendance, the institution may prorate the Palmetto Fellow Scholarship and the Palmetto Fellows Scholarship Enhancement award amount, for the number of credit hours attempted for the current term of attendance, which must be the term of graduation for the student. Proration will be based on 12 credit hours.

C. Students who change their major from an ineligible degree program to an eligible degree program during the same academic year cannot be awarded the Palmetto Fellows Scholarship Enhancement until the next academic year. Additionally, students who change their major from an eligible degree program to an ineligible degree program during the same academic year will retain their Palmetto Fellows Scholarship Enhancement eligibility for the remainder of the current academic year.

D. Charges for room and board are to be limited as follows:

1. Room charges shall not exceed the average cost of on-campus residential housing; and
2. Board charges shall not exceed the cost of the least expensive campus meal plan that includes 21 meals per week.

E. In determining the amount awarded for the Palmetto Fellows Scholarship and the Palmetto Fellows Scholarship Enhancement, all other sources of gift aid, including federal, State, private and institutional funds, must be applied to the unmet cost-of-attendance before calculating the Scholarship and Enhancement amounts and making the award. Adjustments to the financial aid package will be made to the Palmetto Fellows Scholarship and the Palmetto Fellows Scholarship Enhancement in accordance with prescribed Title IV regulations in order to prevent an over-award.

F. Although a student may be named a Palmetto Fellow, the student may not receive a monetary award, if the award when combined with all other sources of gift aid would cause the student to receive financial assistance in excess of the student's cost-of-attendance as defined by Title IV regulations and the guidelines contained herein.

G. Eligible four-year independent and public institutions will notify students of their award along with the terms and conditions.

H. Effective Fall 2008, Section 59-101-430 (A), Chapter 101, Title 59 of the 1976 Code states that unlawful aliens are prohibited from attending SC Public institutions of higher learning. In accordance of this law, institutions must institute a process that verifies an individual's lawful presence in the United States. This process must verify any alien's immigration status with the federal government. Students receiving the Palmetto Fellows Scholarship and the Palmetto Fellows Scholarship Enhancement must be verified. Any student that is not verified and documented by the institution will not receive the Scholarship.

62-335. Duration and Renewal of Awards.

A. The Palmetto Fellows Scholarship and Palmetto Fellows Scholarship Enhancement where applicable shall be initially awarded for one academic year. The institution shall adjust the amount of the Scholarship and Enhancement awards during the academic year in the event of a change in the student's eligibility.

B. Students selected as Palmetto Fellows must enter an eligible four-year independent or public institution no later than the fall term one year immediately following high school graduation. Students must be continuously enrolled at an eligible four-year institution, with the exception of eligible students who wish to break enrollment for the Fall 2020 term only. Students with a break in continuous full-time enrollment at a four-year institution or enrolling as a degree-seeking student at a two-year institution will forfeit the scholarship. Students who utilize the break in enrollment, shall not enroll in any institution of higher education during the Fall 2020 term.

C. A Palmetto Fellows Scholarship may be renewed annually for no more than a total of eight terms (based on the date of initial college enrollment) toward the first bachelor's degree or a program of study that is structured so as not to require a bachelor's degree and leads to a graduate degree or for no more than a total of ten terms (based on the date of initial college enrollment) toward the first approved five-year bachelor's degree. Students who have already been awarded their first bachelor or graduate degree are not eligible to receive the Palmetto Fellows Scholarship or the Palmetto Fellows Scholarship Enhancement. During the seventh or eighth term of attendance, the institution may prorate the Palmetto Fellow Scholarship and the Palmetto Fellows Scholarship Enhancement award amount, for the number of credit hours attempted for the current term of attendance, which must be the term of graduation for the student. Proration will be based on 12 credit hours (see section 62-330.B).

D. The institution is responsible for obtaining institutional certification of each recipient's cumulative grade point average and annual credit hours for the purposes of determining eligibility for award renewal. For the Palmetto Fellows Scholarship Enhancement, the institution must also obtain verification from the academic department of enrollment in a declared major in an eligible degree program.

E. By the end of the spring term each academic year, the institution must notify all Palmetto Fellows who have not met the continued eligibility requirements for the next academic year. The notification should include information regarding the student's ability to attend summer school in order to meet the continued eligibility requirements.

F. The eligible four-year independent or public institution is responsible for reporting to the Commission on Higher Education credit hours earned at the home institution only. Transfer credit hours cannot be reported by the home institution.

1. Enroll and be continuously enrolled at an eligible four-year public or independent institution as a full-time, degree-seeking student at the time of Scholarship disbursement, with the exception of eligible students who wish to break enrollment for the Fall 2020 term only. However, a high school or college student who has been adjudicated delinquent, convicted, or pled guilty or *nolo contendere* of a second or subsequent alcohol or drug-related misdemeanor offense is only ineligible for the next academic year of enrollment at an eligible independent or public institution after the date of the adjudication, conviction or plea. If the adjudication, conviction or plea occurs during the academic year after the student has already submitted a signed affidavit to the institution, the student will continue to be eligible for the remainder of the academic year. However, the student will be ineligible for the Scholarship for the following academic year of enrollment. If a student completes a pretrial intervention program and his/her record is subsequently expunged, the charge will not affect Scholarship eligibility.

H. In order to retain eligibility for the Palmetto Fellows Scholarship Enhancement, a student must:

1. Be a Palmetto Fellow at the time the Scholarship Enhancement is disbursed;

2. Be enrolled and continuously enrolled at an eligible four-year public or independent institution as a full-time, degree-seeking student in a declared major in an eligible degree program, with the exception of eligible students who wish to break enrollment for the Fall 2020 term only. 3. Be making satisfactory academic progress toward completion of his/her declared major;

4. Be enrolled in the second year, third year, fourth year or fifth year (if enrolled in a Commission approved five-year bachelor's degree) at an eligible four-year independent or public institution; and

Successfully complete at least fourteen credit hours of instruction in mathematics or life and physical science or a combination of both at the end of the first year for the 2007 freshman class and thereafter. For the purpose of meeting the fourteen credit hour requirement at the end of the student's first year, exempted credit hours (AP, CLEP, IB, etc), credit hours earned while in high school (dual enrollment), and credit hours earned during the summer session immediately prior to the student's date of initial college enrollment may be used. However, remedial coursework and continuing education coursework cannot be used to meet the fourteen credit hour requirement. Palmetto Fellows who were already enrolled in at least their second year in the 2007-2008 academic year only are not required to meet the fourteen credit hour requirement at the end of their first/freshman year.

I. Any student who attempts to obtain or obtains a Palmetto Fellows Scholarship or Palmetto Fellows Scholarship Enhancement through means of a willfully false statement or failure to reveal any material fact, condition, or circumstances affecting eligibility will be subject to applicable civil or criminal penalties, including loss of the Palmetto Fellows Scholarship and Palmetto Fellows Scholarship Enhancement.

62-340. Transfer of or Reapplication for the Palmetto Fellows Scholarship and the Palmetto Fellows Scholarship Enhancement.

B. Service members who are enrolled in college and are mobilized for a minimum of one academic year may be eligible the next academic year, if they met the continued eligibility requirements at the end of the last academic year of attendance. Failure to submit a completed appeal's application by the required deadline(s) will result in forfeiture of the scholarship.

E. A student who fails to submit an appeal by the required deadline will result in forfeiture of the award.

F. The Palmetto Fellows Scholarship shall be suspended during the appeal period, but will be awarded retroactively if the appeal is granted.

G. Students cannot appeal solely on the loss of the Palmetto Fellows Scholarship Enhancement.

E. The institution shall provide each Palmetto Fellow with an award notification for each academic year, which will contain the terms and conditions of the Scholarship and other financial aid awarded. Students will be notified of adjustments in financial aid due to changes in eligibility and/or over-award issues. The Commission on Higher Education, for documentation purposes, requires that each institution obtain verification of acceptance of the Palmetto Fellows Scholarship and the Palmetto Fellows Scholarship Enhancement and terms for the awards.

F. After the last day to register for each term of the academic year, the institution will verify enrollment of each recipient as a South Carolina resident who is a full-time degree-seeking student.

G. The institution must submit a request for funds and/or return of funds by the established deadline each term. The Commission will disburse funds to eligible independent and public institutions to be placed in each eligible student's account. In addition, a listing of eligible recipients by identification number with the award amounts must be sent to the Commission on Higher Education by the established deadline each term. At this time, any unused funds must be returned to the Commission immediately.

H. The Commission will disburse awards to the eligible four-year independent and public institutions to be placed in each eligible student's account.

I. The student shall be required to provide a state recognized unique identifier in order for the institution to award, disburse, and/or transfer the student's state scholarship and/or grant to an eligible institution.

62-365. Refunds and Repayments.

A. In the event a student who has been awarded the Palmetto Fellows Scholarship and Palmetto Fellows Scholarship Enhancement withdraws, is suspended from the institution, or drops below full-time status during any regular term of the academic year, institutions must reimburse the Program for the amount of the Palmetto Fellows Scholarship and Palmetto Fellows Scholarship Enhancement for the term in question pursuant to refund policies of the institution. Collection is the responsibility of the institution.

B. In the event a student withdraws or drops below full-time status after the institution's refund period and therefore must pay tuition and fees for full-time enrollment, the award may be retained by the student pursuant to the refund policies of the institution.

C. In the event a student who has been awarded the Palmetto Fellows Scholarship and the Palmetto Fellows Scholarship Enhancement and has been identified as not being a SC resident at any time, the institution must reimburse funds to CHE for the time period the student was no longer a SC resident.

62-370. Program Administration and Audits.

E. The participating institution shall identify to the Commission on Higher Education an institutional representative who will be responsible for determining residency and lawful presence classification for the purposes of awarding the Palmetto Fellows Scholarship.

F. Independent and public institutions of higher learning in this, or any other state in the U.S., are prohibited from using the Palmetto Fellows Scholarship in programs that promote financial aid incentives or packages. Any mention of the Palmetto Fellows Scholarship in these financial aid packages must indicate the scholarship to be separate from the University that is offering the financial aid package, and reference the Palmetto Fellows Scholarship as a separate financial aid award, provided to the student by the State of South Carolina.

62-375. Suspension or Termination of Institutional Participation.

A. The Commission on Higher Education may review institutional administrative practices to determine compliance with pertinent statutes, guidelines, rules or regulations. If such a review determines that an institution has failed to comply with Program statutes, guidelines, rules or regulations, the Commission on Higher Education may suspend, terminate, or place certain conditions upon the institution's continued participation in the Program and require reimbursement to the Program for any funds lost or improperly awarded.

B. Upon receipt of evidence that an institution has failed to comply, the Commission on Higher Education shall notify the institution in writing of the nature of such allegations and conduct an audit.

C. If an audit indicates that a violation(s) may have occurred or are occurring at any eligible independent or public institution, the Commission on Higher Education shall secure immediate reimbursement from the institution in the event that any funds were expended out of compliance with the provisions of the Act, any relevant statutes, guidelines, rules, and regulations.
