**AGENCY’S DISCUSSION AND ANALYSIS**

**Overview**

The South Carolina Department of Social Services (DSS), as one of the largest public Agencies in the state, provides a vast array of services. The Child Welfare System of Services includes Child Protective Services, Foster Care, Intensive Foster Care and Clinical Services, and Adoption Services. The Agency also provides Adult Protection and Domestic Violence Services, Economic Services including the distribution of food and financial assistance to families in need, Early Care (Early Child Care) and Education Services, Child Support Services including the collection of child support for custodial parents, and the staffing of emergency shelters.

**DSS Mission**

To serve South Carolina by promoting the safety, permanency, and well-being of children and vulnerable adults, helping individuals achieve stability and strengthening families.

**Strategic Planning and Performance Measurements**

The strategic planning and performance measurements sections of this year’s Accountability Report reflect a focus on the core functions of DSS and the basic goals, strategies, and objectives needed to perform those functions with excellence. Many of these performance measurements are reported regularly to the federal government and are used by DSS for management and strategic planning purposes. During the past year, DSS adopted a new strategic plan that has been incorporated into this Accountability Report. Performance measures for the specific objectives in the strategic plan are being developed to provide additional accountability for the agency.

**Division Highlights**

**Child Welfare Services**

The Child Welfare Services programs are targeted to improve the safety, permanency, and well-being outcomes for children and families who receive these services. The Child Welfare System of Services includes Child Protective Services, Family Preservation, Foster Care, Intensive Foster Care and Clinical Services, and Adoption Services.

The South Carolina Department of Social Services (DSS) is the Agency responsible for administering Title IV-B and IV-E funded programs and the related child welfare plans and services. DSS has outlined its plan for the administration of child welfare services programs in the South Carolina Child and Family Services Plan (CFSP) for the FFYs 2015-2019. The CFSP is developed in collaboration with both internal and external agency partners. This strategic plan, which must be submitted to the United States Department of Health and Human Services, Administration for Children and Families, Children’s Bureau (Children’s Bureau), presents goals objectives, strategies, and services planned for the five-year period. DSS submitted the 2015-2019 CFSP to the Children’s Bureau on June 20, 2014. The Children’s Bureau approved the CFSP on September 30, 2014.

Each year during the five-year plan cycle, DSS is required to file a progress report (Annual Progress and Services Report) with the Children’s Bureau. Throughout the year, DSS engages internal and external partners to discuss progress and challenges in meeting plan objectives. During these meetings with Agency partners, DSS and its partners make adjustments in plan strategies as needed.

DSS submitted its FFY 2017 Annual Progress and Services Report on June 30, 2016. Many of the Goals, Strategies, and Objectives indicated in this Accountability Report reflect the updated SC Child and Family Services Plan in the APSR.

DSS continues to struggle with high caseloads, particularly in the delivery of family preservation services. More than any other challenge currently confronting DSS, heavy caseloads affect safety, permanency, and well-being outcome measures outlined in the CFSP.

DSS analyzed staff turnover data for the Agency, which decreased year-to-year, and obtained feedback from the DSS County Offices. Causes of this turnover for South Carolina, and for Child Welfare caseworkers across the nation, included low wages, high workload and insufficient supervision. To address these issues, DSS developed multiple strategies to increase staff retention. These strategies include: increase in salary for frontline workers to remain competitive with other states, development of a career ladder to provide opportunity for advancement, second and third shift pilots to distribute workload and strategies to address caseloads, a tuition reimbursement and student loan forgiveness incentive, salary increases for length of service, new supervisory ratios, and Guided Supervision of staff. In 2016, DSS received funding to hire 35 front line human services caseworkers to decrease caseloads and to improve quality in the delivery of services. Additionally, DSS received funding to hire 51 additional caseworkers to expand the second and third shift pilot program.

Twenty-two counties are currently served by the department’s regionalized intake hub system, Monday-Friday, 8:30 a.m. -5:00 p.m. To continue efforts to improve the quality and consistency of decisions at the time of intake, DSS received funding to hire 52 human services employees to complete the second phase of implementation of the regional intake hub system. In this second phase of implementation, DSS plans to bring the remaining 24 counties into the regional intake hub system. DSS will monitor the quality of the system and will recommend the provision of resources accordingly, toward the ultimate goal of having all 46 counties in the state served by a regionalized intake hub system 24 hours a day, 7 days a week, which will be the third phase.

DSS is updating its website to not only provide an updated look for the Department, but to better serve the public and our partners by making information more accessible. For the last two years, the Department has published data on its website regarding child fatalities caused by abuse or neglect. DSS is working to enhance its child fatality prevention practice by developing a new child fatality review process that begins from the time of intake, includes a rapid response review of information by a multi-disciplinary team including child abuse pediatricians, coroners, and law enforcement, and concludes with a review that will reveal “lessons learned” that can be shared with the public, and therefore, can be used to improve prevention efforts on a systemic level.

On June 3, 2016, a Settlement Agreement in the Michelle H., et.al. v. Haley, et.al. class action lawsuit was filed in federal court. The terms of the Settlement Agreement target various areas in need of improvement in the delivery of services to children who are in foster care, including, but not limited to, utilization of congregate care, placement stability, sibling placements and family visitation, and the provision of health care services. A hearing to approve the Settlement Agreement is scheduled on October 4, 2016. Once approved by the federal court, many of the Agency’s goals and strategies for reformation of the child welfare system will be influenced by the priorities outlined in the Settlement Agreement.

Finally, the Agency will undergo the third round of the federal Child and Family Services Review (CFSR) in April 2017. The CFSR measures the states’ compliance in meeting federal safety, permanency, and well-being outcomes for children and families. States that are not in compliance with these federal standards will be required to develop program improvement plans which must be successfully completed or the state faces financial penalties. The results of the CFSR will also impact the Agency’s goals and strategies

<b>AGENCY NAME:</b>	<b>Department of Social Services</b>		
<b>AGENCY CODE:</b>	<b>L04</b>	<b>SECTION:</b>	<b>038</b>

for improvement in the child welfare system.

These reforms, and the others including a business process redesign of foster home licensing and new efforts to recruit foster homes, will mean better service for the children and families under the agency’s care, and represent a major upgrade in performance.

**Adult Advocacy Services**

*Adult Protective Services*

Adult Protective Services (APS) is mandated to investigate non-criminal reports of abuse, neglect and exploitation of vulnerable adults. APS has the responsibility to provide protection to persons 18 years of age or older who resides within the community setting that has a physical or mental condition which prevents them from providing for his or her own care or protection. This includes adults who are impaired because of brain damage, advanced age, and physical, mental or emotional dysfunction.

In the quest to bring consistency in the 46 counties throughout the state, the Adult Advocacy Division continues to partner with the University of South Carolina to finalize the APS Intake Tool which was created to assist Intake workers in making an informed decision about the vulnerability of alleged victims and also to assist in determining if there is an allegation of abuse, neglect, self-neglect or exploitation. The Division plans to roll-out this Intake Tool to all the Intake Hubs throughout South Carolina. Plans also include training for Intake workers on the Intake Tool and incorporating the tool into CAPSS. Meanwhile, Intake policy is in the process of being revised and rewritten.

In collaboration with USC, the APS Basic Training program is in the process of being expanded from two weeks to four weeks. Research for on-line Training Modules has also begun.

Initiatives have been launched with various community partners to develop more resource placement alternatives for alleged victims throughout the state. The purchase of beds for emergency placement purposes will assist in minimizing the need for costly sitter services. Research on Adult Family Care better known as Adult Foster Care is ongoing as the search for a home like residential environment has become a priority for the alleged victims in need of a stable home. Dialog in support of expedited Medicaid for APS clients in DSS custody and emergency housing for mental health citizens has been started.

Reforms in the Emergency Fund service delivery system and Homemaker Services is in the process of being developed.

*Domestic Violence*

The Domestic Violence Program monitors and provides technical assistance to domestic violence providers throughout the state of South Carolina as mandated by the South Carolina Code of Law Title 20 Domestic Relations Chapter 4 Section 20-4-160. Domestic Violence Services provides support to victims of family violence and their children through a network of community based/nonprofit service providers. Programs are designed to provide crisis intervention and prevention services.

The Domestic Violence Program has recently hired a new Program Coordinator who will also serve as the Family Violence Prevention and Services Act State Administrator. Highlights for the coming months include the expansion of training services. The Domestic Violence Program will coordinate with the University of South Carolina, College of Social Work to incorporate the dynamics of domestic violence into basic and other specialized trainings. We will also coordinate with the South Carolina Coalition Against Domestic Violence and

<b>AGENCY NAME:</b>	<b>Department of Social Services</b>		
<b>AGENCY CODE:</b>	<b>L04</b>	<b>SECTION:</b>	<b>038</b>

Sexual Assault and USC to train on the assessment tool. Community partnerships will be enhanced as more attention will be given to creating partnerships with service providers and monitoring contracts.

**Economic Services**

The Office of Economic Services seeks to effectively and efficiently serve the citizens of South Carolina by helping individuals and families achieve stability through financial and other temporary benefits while transitioning into employment. This encompasses multiple programs and divisions, including the Temporary Assistance for Needy Families program (known in South Carolina as Family Independence, or “FI”), the Supplemental Nutritional Assistance Program (SNAP), the Division of Employment Services, the Division of Early Care and Education, and others. Several recent efforts and initiatives are discussed below.

*Disaster SNAP*

DSS operated a Disaster Supplemental Nutrition Assistance Program (DSNAP) in each of the 24 counties declared eligible for individual assistance in the October 2015 Presidential Disaster Declaration. Between October and December 2015, approximately 1,100 DSS staff helped provide disaster food assistance to more than 179,000 households. The U.S. Department of Agriculture’s Food & Nutrition Service (FNS) requires states to complete a post-implementation Quality Control review of no more than 500 DSNAP cases, focusing on whether the agency followed procedure. FNS does not require a review or audit of recipient fraud. In an effort to ensure program integrity, the Department conducted a post-DSNAP case review of approximately five percent of the approved DSNAP applications (9,029 cases). Of the cases reviewed, 297 (3.2 percent), indicated an Intentional Program Violation, or “fraud”.

*Federal Time Limit for SNAP Able-Bodied Adults without Dependents (ABAWDs)*

Under the federal food stamp regulations, Supplemental Nutrition Assistance Program (SNAP) eligibility for recipients who are designated as Able-Bodied Adults without Dependents, or “ABAWD”, is limited to three months in a 36-month period unless the individual meets ABAWD work requirements. In order to meet the work requirements, an ABAWD must be working and/or participating in a work program at least 80 hours each month.

This is not a new requirement. However, beginning October 2015, most states who were previously operating under a federal waiver of the time limit policy no longer qualify because of lower unemployment rates. South Carolina’s waiver expired March 31, 2016. Due to declining unemployment rates in the state, DSS did not seek another waiver, and reinstated the time limits established by federal law on April 1, 2016.

ABAWDs who exhaust their three months of benefits and do not comply with the work requirement lose their SNAP benefits for the remainder of the 36-month time period. An ABAWD can regain eligibility during this time period by meeting the work requirement for 30 days, after which they remain eligible to receive SNAP for as long as they continue to meet work requirements.

*SNAP Employment and Training (E&T) Program*

On April 1, 2016, the SNAP E&T program moved to a statewide, voluntary model. The SNAP E&T program now includes specific components to assist ABAWDs by providing educational, training, and volunteer opportunities that allow them to remain eligible for SNAP benefits while pursuing self-sufficiency. SNAP E&T has expanded the agency’s existing partnership with the Workforce Innovation and Opportunity Act (WIOA) by working to co-locate SNAP E&T staff in the State’s SC Works Centers to provide participants with direct access to resources and partner agencies through the State’s One-Stop system. The Pathways Scholarship Program was also initiated to provide SNAP recipients with scholarships for short term training and certification programs where they have the opportunity to gain valuable training and receive industry-recognized competencies and credentials. These

<b>AGENCY NAME:</b>	<b>Department of Social Services</b>		
<b>AGENCY CODE:</b>	<b>L04</b>	<b>SECTION:</b>	<b>038</b>

scholarships are available statewide, however, priority is given to SNAP recipients residing in federally-designated Promise Zone areas.

*Workforce Innovation and Opportunity Act (WIOA)*

Over the course of 2015, DSS has sought to further expand the agency’s existing partnerships and to establish new relationships with collaborative agencies and specifically, organizations that can assist with our goals of providing more efficient services to both jobseekers and employers. One of the ways DSS has worked toward these goals is to participate in the State’s planning for the requirements of the Workforce Innovation and Opportunity Act (WIOA). DSS has participated in the discussions and planning for the State’s four-year, Unified State Plan. As a required WIOA partner, the TANF program has been a specific focus and DSS has also strategically incorporated SNAP E&T as a recommended partner.

*Jobs Upfront Mean More Pay (JUMMP)*

The JUMMP program is in its final contractual year, and changes have been made to further improve the program’s operations and client outcomes. JUMMP vendors have implemented new, short term training programs designed to provide participants with additional skills while simultaneously seeking employment; executed call center training and basic computer training to make JUMMP participants more marketable and to meet local labor demands; and strategically placed offices in SC Works Centers to reduce costs while concurrently expediting client services with partner agencies.

*Project HOPE*

In the fall of 2015, DSS was awarded a new, five-year Health Profession Opportunity Grant by the Administration of Children and Families which became fully operational February 2016. Project HOPE (Healthcare Occupations Preparation for Employment) seeks to build upon the experiences of the first five-year grant by expanding services and enrolling more participants who are interested in careers in the healthcare field.

*Division of Early Care and Education*

The Division of Early Care and Education (DECE) administers multiple programs, including ABC Voucher, ABC Quality, the Center for Child Care Career Development, Child Care Licensing, the Child and Adult Care Food Program, and the Head Start Collaboration Office. Examples of current activities/initiatives are discussed below.

DECE provides oversight for all legally operating child care facilities in the state. The Child Care Licensing regulations serve as the basis for the protection of children’s health and safety while in care. ABC Quality, the state’s voluntary quality rating improvement system (QRIS), is a broad five tier quality structure that includes Levels A+, A, B+, B, and C. The QRIS is based on comprehensive standards to assist child care providers to enhance their program beyond licensing standards.

Through several contractual agreements DECE provides support for the provision of specialized guidance to all types of child care providers across the state which build and enhance knowledge and skills that are critically important to providing high quality care for young children. These initiatives include the SC Inclusion Collaborative, SC Child Care Resource and Referral Network, SC Beginnings, and SC Program for Infant and Toddler Care.

In 2016, one-time grants were offered to child care providers to support flood recovery efforts, assure compliance with health and safety requirements, and for overall quality improvement efforts. DECE also provided support for a free online health and safety pre service course for all child care providers. As of June 30, 2016, 127,734 courses have been taken and 5,022 students have completed the 26 hour course.

<b>AGENCY NAME:</b>	<b>Department of Social Services</b>		
<b>AGENCY CODE:</b>	<b>L04</b>	<b>SECTION:</b>	<b>038</b>

In January 2016 DECE implemented a policy prioritizing homeless children and providing subsidy voucher slots to homeless families. Other enhancements to the child care subsidy program implemented in 2016 include:

- Restoring the second year of transitional child care from half-time to full time for families meeting the eligibility requirements.
- Expanding foster care child care policy to allow foster parents to work, be in school, training or have a verified disability.
- Increasing payment rates to progressively compensate providers based on their performance in meeting increasing quality criteria that exceed regulatory requirements and providing the opportunity for more children with child care subsidies to have access to higher quality care.

The Center for Child Care Career Development (CCCCD) is a multi-faceted system designed to manage professional development for the state’s ECE system. CCCCCD maintains a strong working relationship with the technical college system that fosters advance professional development opportunities for the child care workforce. In addition, CCCCCD administers the Teacher Education and Compensation Helps (T.E.A.C.H) scholarship program to provide an educational career path for caregivers and directors. South Carolina’s T.E.A.C.H program is one of the largest in the nation.

DECE continues to implement a broad based consumer and community awareness campaign about quality child care. Parents are provided information on how to judge the quality of available child care choices and communities are made aware of quality programs in their town or county. 2016 accomplishments include television PSAs, print and online ads focusing on quality child care, and sponsoring a health and fitness game with the University of South Carolina Women’s Basketball team for the 3rd straight year.

**Child Support Services**

The Child Support Services Division (CSSD) establishes and enforces orders for child support, establishes paternity for children when paternity is an issue, locates absent parents when whereabouts are unknown, and collects and distributes child support payments. CSSD also provides enhanced fatherhood initiatives and new linkages to child welfare services and employment-related services to improve the capability of both custodial and non-custodial parents to provide their children with the financial, physical and emotional support they deserve and need to be safe and to thrive.

Over the past year, the Child Support Services Division continued to improve its internal workflow and the workflow between the Division and the 46 county Clerks of Court regarding case scheduling, income withholding, and service of process. Past due notices are now generated automatically at a central location, license revocation is centralized and automatic, and reporting on performance metrics has been routinized and distributed to child support staff and Clerks of Court. This has resulted in a continuous increase in collections over the last three fiscal years – from \$250 million in SFY13 to \$263 million in SFY 14 to \$286 million in SFY15 and \$295 million in SFY 16. These represent increases of more than three times the national average.

The Child Support Services Division continued its increased efforts to establish partnerships with others to improve the program. With Clemson University, CSSD has begun planning the creation of a Child Support Institute, using the Rutgers University partnership with the New Jersey Child Support program as a model. Key trainings included customer service training, leadership development, trauma informed care, and active shooter training, among others.

The Child Support Services Division also partnered with Clemson and SNAP to deliver the NCP Connections Program in six counties – Aiken, Chesterfield, Florence, Richland, Spartanburg, and Sumter. Through the intensive case management of this program, two hundred forty-nine SNAP recipients who also had child support

<b>AGENCY NAME:</b>	<b>Department of Social Services</b>		
<b>AGENCY CODE:</b>	<b>L04</b>	<b>SECTION:</b>	<b>038</b>

cases were placed in jobs, resulting in collections of \$299,314.61 in child support, an increase of \$119,035.64 from the same group of individuals for the fifteen months prior to Connections program involvement. Due to organizational changes, this program has been retired and staff been re-tasked to an Early Intervention Child Support project.

The Child Support Division also partnered with the Child Welfare Division and the Division of Economic Services to procure state-wide fatherhood services in each region of the state. The South Carolina Center for Fathers and Families and its local fatherhood affiliates were awarded the contracts. The program curriculum comprises employment training, job finding, and job retention, as well as relationship skills building, parenting skills, and financial management. At the end of FY16, fatherhood and employment services were available to eighty-five percent of the state’s population – with larger, more populous counties receiving a full range of services, and those with the smallest populations receiving telephone and periodic one-on-one support for the individuals enrolled. Rollout and expansion will continue through FY17. As of June 30, 2016, 1,156 individuals were enrolled and receiving services.

CSSD is in the final year of the Child Support Parent Employment Demonstration (CSPED) grant. As of June 30, 2016, in the three grant counties – Horry, Charleston, and Greenville – 849 individuals were enrolled in Operation Work, the grant’s local name. Eighty percent had secured employment, seven were enrolled in or had completed GED courses, five have obtained a CDL, two had enrolled in a culinary arts class, and several more had enrolled in various other educational programs. A final, detailed evaluation of the program will be prepared by the Federal OCSE Evaluation Team in 2017.

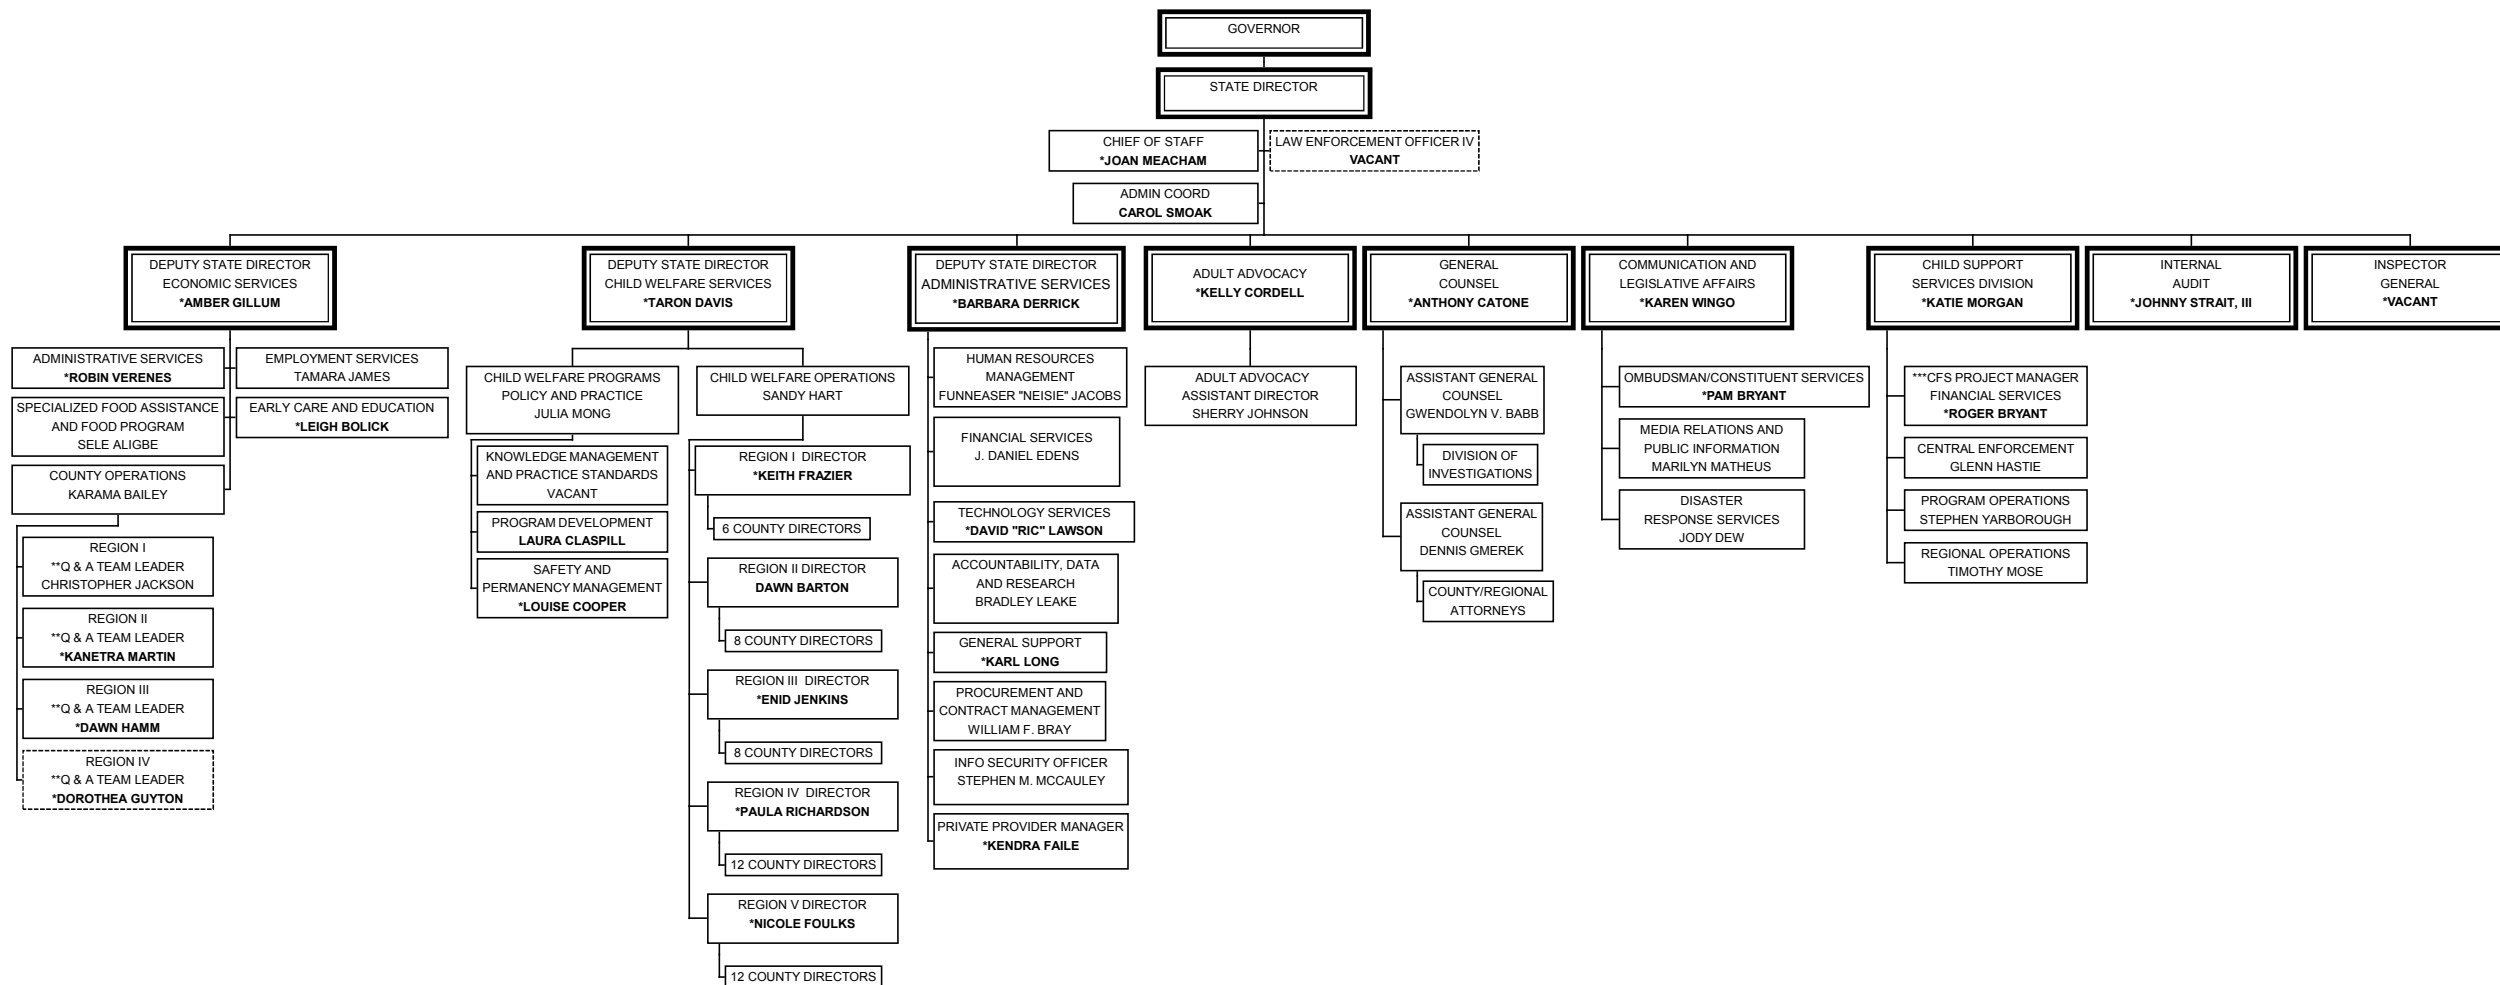

CSSD continues to work with Xerox to transfer the Delaware child support system, known locally as Palmetto Automated Child Support System (PACSS). Implementation is scheduled to be complete by July 2019. CSSD staff are participating in requirement and design sessions, testing, data clean-up and data conversion efforts which are critical for the successful implementation of PACSS.

**Risk Assessment and Mitigation Strategies**

DSS provides services to families throughout South Carolina and plays an important role in the lives of children and adults who find themselves in difficult and challenging situations. Every year, DSS strives to improve on past performance and build a knowledgeable workforce that is prepared to face any situation that presents itself. The agency works closely with and relies on other state agencies, non-profit organizations, and others in the delivery of these services. If the agency were unable to carry out its goals and objectives, the public would not receive timely or quality services at their point of need. From delivering employment assistance, child support enforcement services, child protective services, food assistance, vulnerable adult services, and much more, DSS plays an important role in the array of services provided by the state government. DSS works closely with the General Assembly to ensure that the agency is able to fulfill its goals and objectives, including presenting budget requests to fund the agency’s efforts, proposing improvements to state law and regulation that will enable DSS to better serve families, and adjusting agency practice and policy to address concerns raised by the public and our oversight bodies.

Department of Mental Health (DMH)	State Government	DMH provides the initial mental health assessment and trauma screenings through the Out of Home Protocol agreement for a large portion of children coming into care. Provide clinical and psychiatric services for child welfare population. Serves as financial partner with Interagency System of Care for Emotionally Disturbed Children (ISCEDC) .
Department of Vocational Rehabilitation	State Government	Provides vocational rehabilitation services for SNAP and TANF participants
Foster Care Review Board (FCRB)	State Government	DSS currently contracts with the South Carolina Children's Foster Care Review Board that was created in 1974 by the General Assembly to monitor the progress in achieving permanent placements for children in foster care.  Citizens from each community become involved in the child welfare system by participating in case reviews of all children who spend longer than four consecutive months in foster care. The objectives of these reviews are to ensure that permanent plans are being made for children and families; and, to promote community awareness about these issues. There are currently 42 Local Review Boards across the state that conduct semi-annual case reviews. There is at least one Local Review Board in each of the sixteen judicial circuits.

Name of Partner Entity	Type of Partner Entity	Description of Partnership
Greenville Technical College	Higher Education Institute	State Agency Contract to provide ongoing coursework for early care and education workforce (AA degree programs).
Judicial Department	State Government	Clerk's Unit Cost and Incentives Contracts
Medical University of South Carolina-MUSC / Medical University Hospital Authority-MUHA	Higher Education Institute	Comprehensive services are provided by a multi-disciplinary care team (Pediatricians, Nurse Practitioner, PT/OT/Speech Therapist, social worker) for bio-families, foster families and adoptive families in the low country region of the state. Services also encompass medical care coordination to support children and their families in scheduling for primary care appointments, sub specialist appointments, therapies, counseling and other training. Social work and counseling services are also provided directly to the child and family. Other services include one on one education and training with the child, training with the parent and child, classes for parents and child's school, etc.
MUSC-Division of Pediatrics	Higher Education Institute	State Agency Contract to provide training for child care providers on caring for infants and toddlers.
Revenue and Fiscal Affairs Office	State Government	State Agency Contract to improve efficiency in electronic data collection and reporting to assess impact of quality initiatives and link with other agencies.
S. C. Labor Licensing and Regulations (LLR)	State Government	DSS contracts LLR to conduct initial and annual fire and life safety inspections for foster homes and group care facilities licensed by DSS.
S.C. Dept. of Health and Environmental Control (DHEC)	State Government	DSS contracts DHEC to provide lead and risk assessments for potential foster care and adoptive homes The State Child Fatality Advisory Committee (SCFAC) was enacted in 1993. The SCFAC is mandated by S.C. Code 63-11-1950 to identify patterns in child fatalities that will guide efforts by agencies, communities and individuals to decrease the number of preventable child deaths. DSS contracts with SC Department of Health and Environmental Control (DHEC) for a child fatality and injury prevention program specialist to coordinate and facilitate child fatality review processes at the state and local levels through an established State Child Fatality Advisory Committee (SCFAC). The SCFAC is assembled through a collaboration with the State Law Enforcement Division (SLED), SC DSS, and the Department of Health and Environmental Control (DHEC). The purpose of the SCFAC is to decrease child deaths in South Carolina. A multidisciplinary approach is used to investigate the causes of deaths of children from birth to 18 years old to gain a better understanding of the circumstances surrounding each death. Recognizing risk factors for child death will enable the better use of existing resources and the creation of new practices to protect our children in South Carolina.
S.C. Dept. of Health and Environmental Control (DHEC)	State Government	Data Sharing - Birth and Paternity Statistics

Name of Partner Entity	Type of Partner Entity	Description of Partnership
State Law Enforcement Division (SLED)	State Government	<p>The SCDSS has recognized the important role law enforcement can play in supporting the safety and well-being of a child involved with the Department. The SCDSS seeks to enhance its communication and partnership partner with Law Enforcement. In May 2014, the SCDSS updated its policy to include contact with Law Enforcement when the child and family cannot be located within 72 hours or sooner if safety of the child is of concern.</p> <p>Through a statute change, the SCDSS seeks to enhance screenings to include collaboration with the SLED on use of the National Crime Information Center (NCIC) FBI checks of adults involved with child welfare investigations. DSS has dedicated staff from the SCDSS Division of Investigations to the SLED Fusion Center to improve access to information as appropriate through an MOU.</p>
The Cass Elias McCarter Guardian ad Litem (GAL)	State Government	DSS contracts with the Cass Elias McCarter Guardian ad Litem program to recruit, train and supervise volunteers who advocate for abused/neglected children in South Carolina. GAL volunteers get to know the child and everyone involved in the child's life, including family, teachers, doctors, social workers and others. They gather information about the child and what the child needs. Their recommendations to the court help the judge make an informed decision about a child's future. GAL volunteers provide a stable presence in a child's life, remaining on each case until the child finds a safe, permanent home.
Richland County CASA	Local Government	Regular collaboration and planning with the SC DSS leadership and other staff regarding planning for contracted training activities. Timely sharing of case file information especially physical and behavioral health information, permanency, placement movements in care. Timely support and communication from County Offices.
