**Fiscal Year 2019–2020
Accountability Report**

SUBMISSION FORM

AGENCY MISSION	<p>The Union regional Palmetto College campus is a branch of the University of South Carolina Columbia. Union has as its mission to provide higher education and intellectual leadership for its service area. At the heart of this mission is a teaching faculty of high quality dedicated to excellence in instruction, scholarship, public and professional service, and creative endeavor which enrich the classroom experience. The Union regional Palmetto College campus offers a varied curriculum grounded in the liberal arts and focused on preparing students to continue their education in the University of South Carolina System and throughout life.</p> <p>[Additional information on USC Union's mission can be found at https://www.sc.edu/about/system_and_campuses/palmetto_college/internal/sacs_link_only/docs/union_mission_statement.pdf]</p>
-----------------------	---

AGENCY VISION	<p>In fulfilling the mission of the campus stated above in the USC Union Mission Statement, we look to the tenets of the USC System statement for the overarching vision for our mission to our campus' service area. USC Union aspires to be a leader among the university's Palmetto College campuses as a comprehensive learning center offering equal access to high-quality university programs and services. USC Union must be a dynamic, forward-looking, and proactive institution of higher learning that relates productively to its community and to the greater University of South Carolina. USC Union seeks to continuously enhance its intellectual environment and expand access to its academic programs.</p> <p>Several years ago, the University Board of Trustees adopted Focus Carolina 2023 as its latest strategic plan. The plan was directly applicable to the Columbia campus of the USC System. USC Union, as a regional Palmetto College campus, is accredited as part of USC Columbia. Therefore, Palmetto College created a corollary Palmetto College 2023 plan which takes the goals of the USC Columbia plan and adapts them to represent how the Palmetto College campuses and programs best serve our unique stakeholders, thus fulfilling our role in the University System. The corresponding Palmetto College linking goals for this goal are: Educating future leaders and thinkers through affordable, flexible, and quality educational opportunities; Assembling and supporting a diverse world-class faculty dedicated to teaching, scholarship, and student success; Spurring creativity and innovation, including advanced educational opportunities responsive to regional community needs; Building inclusive and inspiring communities, on-campus and online and Promoting recognized institutional excellence.</p> <p>Upon his arrival in summer, 2019, President Bob Caslen initiated a new strategic planning process to which Palmetto College representatives were actively engaged in formulating. Approved by the Board of Trustees in June</p>

2020 and entitled *For South Carolina: A Path to Excellence*, this represents the goals, objectives and developing metrics to assure forward movement by the entire University system for the next five years. With the plan having just been introduced, the campus, as part of Palmetto College, is incorporating selected goals and objectives that closely align with the 2023 plan and will utilize the 2020-2021 academic year to fully align the plan's most applicable goals with those of the campus in like manner as we aligned the 2023 plans.

Does the agency have any major or minor recommendations (internal or external) that would allow the agency to operate more effectively and efficiently?

	Yes	No
RESTRUCTURING RECOMMENDATIONS:	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Is the agency in compliance with S.C. Code Ann. § 2-1-230, which requires submission of certain reports to the Legislative Services Agency for publication online and to the State Library? See also S.C. Code Ann. § 60-2-30.

	Yes	No
REPORT SUBMISSION COMPLIANCE:	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Is the agency in compliance with various requirements to transfer its records, including electronic ones, to the Department of Archives and History? See the Public Records Act (S.C. Code Ann. § 30-1-10 through 30-1-180) and the South Carolina Uniform Electronic Transactions Act (S.C. Code Ann. § 26-6-10 through 26-10-210).

	Yes	No
RECORDS MANAGEMENT COMPLIANCE:	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Is the agency in compliance with S.C. Code Ann. § 1-23-120(J), which requires an agency to conduct a formal review of its regulations every five years?

AGENCY'S DISCUSSION AND ANALYSIS

The University of South Carolina Union is dedicated to providing a high-quality, competitive higher education that will enable students to thrive in a global, diverse, and constantly changing environment. By providing a varied curriculum, grounded in the Liberal Arts, USC Union emphasizes a close working relationship among students, faculty, staff, and the community that promotes self-reliance, freedom of thought and expression, productive citizenship, and critical thinking. Students at USC Union can obtain an Associates of Arts and an Associates of Science, in addition to having access to the baccalaureate degrees available through Palmetto College and the newly established BSN in partnership with USC Aiken.

Goal #1: Educate the Thinkers and Leaders of Tomorrow

In the President's new strategic plan, this goal is most closely associated with the strategic priorities of "The Best Students" and "Affordability and Accessibility." On the USC Union campus, these goals are addressed by focusing specifically on increasing student enrollment and retention. Student enrollment, in terms of headcount, increased in 2019-2020 from 1,081 in fall 2018 to 1,153 in fall 2019. This represented the highest enrollment at USC Union up to that point in time, with enrollment for fall 2020 projected to hold steady. This growth has been facilitated by new academic offerings, new dual enrollment partnerships, support of study abroad opportunities, and increased student life opportunities on campus, including the cultivation of NJCAA level athletics. In addition to the existing partnership with USC Aiken for our Pacer Pathway program there, our new partnership with USC Aiken to offer the BSN degree to students on the Union campus is into its second year in fall 2020, including a substantial number of new freshmen attending in order to pursue this degree here. Associated with this BSN, is the Science & Nursing Building on campus in Union, which features a state of the art virtual reality biology lab for students to enjoy. The campus has continued to support study abroad, having partially funded travel costs for six Union students to Costa Rica in early 2020. New and growing partnerships with high schools in our service area have also helped facilitate increases in headcount for USC Union. One of the biggest sources of recruitment of new enrollment on campus, especially in attracting students from out of county/state, has been the growing athletics program at USC Union, which now includes NJCAA level men's soccer, baseball, and softball; in addition to club level bass fishing and e-sports; with a new rifle team also recently formed for the 2019-2020 academic year. Additionally, women's volleyball will enter NJCAA competition in fall 2021. Support from the county has been extremely helpful towards the growth of the student body as well, particularly in the form of the scholarships furnished by Union and Laurens counties, with Union covering the tuition/fees for any in-county high school graduate who finished with at least a 3.0 GPA, and Laurens having a parallel program for any in-county high school graduate who finished with at least a 2.0 GPA. Given the influx in out of county/state students who have been recruited to campus, the other critical component of the growth in Union has been the recent construction of student housing by private entities around campus. There are three separate developments that are exclusively for students, with more units/developments on the horizon as the campus continues to grow. With growing enrollments, USC Union has also worked to increase success in terms of retention of these students. The retention rate for full-time degree-seeking freshmen from fall 2018 to fall 2019 was 48%, which is an increase over the prior year's retention rate of 41%. A number of factors likely contributed to that increase in retaining students into their sophomore year here. In addition to the efforts described already above, there has also been a concerted effort to increase the impact of the Academic Success Center on campus and other aspects of student life. The Academic Success Center continues to connect with students and the community to put on events and assist students, with increased involvement of more faculty on campus. There has also been an increase in student activities in general, particularly via the formation of multiple new student organizations on campus in recent years, such as the Research Club, the Rotaract Club, the Sustainable Garden and Botany Club, Bantam Gazette student newspaper, and the Art Club, among others, as well as encouraging and supporting students in pursuit of Graduation with Leadership Distinction that is awarded by the Center for Integrative and Experiential Learning (formerly USC Connect) office on the Columbia campus.

AGENCY NAME:	University of South Carolina Union		
AGENCY CODE:	H40	SECTION:	20H

Goal #2: Assemble and Support a World Class Faculty

In the President’s new strategic plan, this goal is most closely associated with the strategic priority of “World Class Faculty and Staff.” On the Union campus, these goals are addressed by focusing on efforts to expand the faculty and the academic offerings available to our students. For the upcoming 2020-2021 academic year, we have two new full-time faculty, including in Biology and in Nursing. We have also brought on a number of new adjunct faculty who will offer new courses to our students that we didn’t already have existing faculty approved to teach, such as in African-American Studies, business writing, and industrial psychology. In looking ahead, with the growth of enrollment, we will seek to secure additional full-time faculty in the areas of sciences and humanities. As detailed in the most recent campus Blueprint, USC Union faculty reported producing 3 books/chapters, 4 book reviews, 7 peer-reviewed academic journal articles, 8 international/national conference presentations, 9 regional conference presentations, 13 local/invited talks, 10 pieces of creative writing or visual arts work, 9 scholarly journal reviews, and 7 funded grants during the FY 2019-2020. Support of their scholarly work, which informs their teaching and opens up opportunities for scholarly involvement of students outside the classroom, will continue to be available from Palmetto College and from the Union campus. The Union campus in particular will continue to support faculty travel to present their work, and will continue attempts to re-establish funding for a USC Union Research and Productive Scholarship fund to locally support faculty scholarly activity over the summer months. Additionally, there are many opportunities for faculty to engage in professional development through the campus or system at large. For example, during summer 2020, faculty engaged in series of virtual Blackboard training sessions to improve their online teaching skills and prepare for the possibility of online instruction in the future.

Goal #3: Spur Innovation, Creative Expression, and Community Engagement

In the President’s new strategic plan, this goal is most closely associated with the strategic priorities of “Community Partnerships” and “Outstanding Research.” On the Union campus, these goals are addressed by focusing on finding ways to enhance the educational experience. Full-time faculty at USC Union carry a normal teaching load of 12 contact hours per semester, with the opportunity for a course reduction to pursue scholarship over the academic year. In both domains, teaching and scholarship, faculty receive significant support from the campus and Palmetto College. A variety of teaching workshops, webinars, and trainings are made available to faculty throughout the year, in large part by the Center for Teaching Excellence in Columbia. Multiple grants are made available through Palmetto College for online course development and training. Faculty scholarship is supported by a healthy travel budget provided by the Union campus, allowing faculty to present their work at conferences all over the country, and even internationally. In supporting faculty in these ways, it helps to enhance the students’ experiences in the classroom and creates more opportunities for faculty to involve students in original research in a collaborative way as well. Students have benefited from this collaborative approach over the past few years. This past year, six students were set to attend and present original research at the annual Southeastern Psychological Association’s conference in New Orleans; however, due to COVID-19, that conference was canceled and instead made content available online. Although, these students were still able to upload their findings online for dissemination. Students have also recently collaborated with faculty on projects such as verification of a Tsantsa. The Research Club on campus in Union aims to facilitate these collaborations even further. USC Union also supports USC’s Graduation with Leadership Distinction (GLD) pathways, which are housed in the USC Center for Integrative and Experiential Learning (formerly USC Connect Office) as part of USC Columbia’s QEP. We have had 11 students earn this distinction over the past five years (1 in spring 2015, 1 in spring 2016, 3 in spring 2017, 2 in spring 2018, 3 in summer 2019, and 1 in summer 2020), and continue to work with more students on pursuing that goal at both the Associates level and the Bachelors level via Palmetto College. GLD helps enhance students’ education experience by getting them to connect what they are learning in the classroom with meaningful experiences they are having outside of the classroom. In completing the requirements for the GLD, students have made presentations on their experiences and created e-portfolios that they can direct future potential employers to as a testament to everything that they gained from their time at USC. Finally, we also look to enhance students’ educational experiences through increasing campus events sponsored by the Academic Success Center, including workshops and career focused programming. Student organizations are another critical source of student life on campus, which includes the Student Government Association, African-American Alliance, Research Club, Rotaract, Sustainable Garden and Botany Club, Art Club, Bantam Gazette student newspaper, and a group of faculty organized around providing a campus film series. The recent growth in student organizations and faculty interest in these, along with the increasing enrollments, inspired the hiring of a full-

AGENCY NAME:	University of South Carolina Union		
AGENCY CODE:	H40	SECTION:	20H

time position responsible for student life on campus. The Union campus will also continue to financially support as many students as possible in study abroad and domestic study experiences as part of courses over spring and summer breaks once it is deemed safe to do so amidst the current COVID-19 pandemic. In early Spring 2020, this included support for six students to spend a week in Costa Rica, and previously in Summer 2019, this included support for five students to visit Ireland to learn more about the culture there as part of a Sociology course.

Goal #4: Build Inclusive and Inspiring Communities

In the President's new strategic plan, this goal is most closely associated with the strategic priorities of "Increase Diversity" and "Community Partnerships." On the Union campus, these goals are addressed by focusing on strengthening community ties, infrastructure, and campus resources. The campus hosts a wide variety of community events and activities each year. This includes annual events like the Upcountry Literary Festival, the National Chemistry Day activities, Miss USC Union pageant, blood drives, and walk for Alzheimers awareness. In spring 2020, many of these events had to be canceled or modified due to the COVID-19 pandemic, which is also the case for the coming fall 2020 semester. One of the new events in fall 2019, aimed at expanding on inclusiveness and awareness, was the first ever Fresh Check Day on the Union campus. Fresh Check Day is an event that is facilitated by a national organization committed to increasing mental health awareness through a variety of interactive and informative activities over the course of this one-day event. The organization of the event was spearheaded by the Academic Success Center, but also inspired the assistance of many faculty, staff, and students on campus to put it together. This event was extremely well attended, in fact the highest attendance of students for an on-campus event in recent memory, and received very positive feedback. The campus looks forward to the next Fresh Check Day once it becomes safe to host such a large in-person gathering again, given the COVID-19 pandemic. The Academic Success Center also plans on increasing inclusivity on campus this year by planning a week of events and activities in November during national first-generation college students' week. For both Fresh Check Day and first-gen college students' week, the goal is for these to become annual events on the Union campus, once it is safe to hold large in-person gatherings on campus again, given the COVID-19 pandemic. Regarding mental health, the Union campus also renewed a license through the end of the 2020-2021 academic year for TAO Self-Enroll/Self-Help mental health online resources, free and unlimited use to all USC Union faculty, staff, and students. Finally, the Disability Services Office on the Union campus works closely with the faculty and administration, and with the corresponding office on the Columbia campus, to ensure appropriate accommodations with students who register with their office. We are also connected to the community through internships that our students take on as part of work-study assignments or as part of internships in fulfillment of degree requirements for BOL/BLS via Palmetto College. As our sports teams become more established they will also find new ways to engage with the community, as they play their home games in Union and in Jonesville, and occupy much of the privately run student housing options around campus. The Union campus also continues to make improvements to the infrastructure and campus resources to increase access for students in our degree programs locally and throughout Palmetto College. For fall 2019, all three distance education delivery rooms received newly updated technology, both in Union and in Laurens, enhancing the two-way broadcasting experience for faculty and students in that format across locations. For fall 2020, the other classrooms on campus in Union were upfitted with new Promethean Boards to replace the aging projector classroom technology. Additionally, the catalog of online course offerings continues to expand to accommodate students who cannot attend classes in person, particularly during the current COVID-19 pandemic, due to a variety of reasons such as geography, work schedules, or other limiting factors. For students who are on campus, improvements to existing facilities continue to make for a more enjoyable experience and one that makes it easier to focus on their learning inside and outside of the classroom.

Goal #5: Achieve Recognized Institutional Excellence

In the President's new strategic plan, this goal is most closely associated with the strategic priorities of "Excellent Infrastructure." For the Union campus, in its recent 2020 rankings of Best Community Colleges in South Carolina, Niche.com ranked USC Union at #3. The faculty and staff work hard to elevate the student experience, which is reflected by these recent rankings. Through prudent financial management, USC Union has been able to address deferred maintenance needs, improve the campus environment, and enhance its educational programs, while maintaining a stable financial position. In turn, these expenditures for improvements have aided in the recruitment and retention of students, as demonstrated by the trending

AGENCY NAME:	University of South Carolina Union		
AGENCY CODE:	H40	SECTION:	20H

enrollment increases for the past 3 years. For FY20, the campus achieved a general operating carryforward fund balance of \$1,402,169. The goal is to maintain a 3 month operating reserve in the event there is a crucial and immediate need or severe reduction in funding. USC Union continually strives to provide exceptional student services, innovative and engaging educational experiences, and a safe, secure and aesthetically pleasing environment. The campus is able to accomplish this through conservative and strategic budget planning.

Data Entry Online Form

USC Union has responded using the new data entry web form to the question concerning manual entry of data, which is intended to identify redundant data entry processes across state agencies. It was ascertained that because the Palmetto College campuses data-entry systems are internal within the larger University of South Carolina system, none of our data-entry processes move across agencies as the intent of this question suggests. This includes the following:

- Student data such as transcripts, admissions, enrollment, which is available across all USC system campuses through our Banner enterprise student data system;
- Employee data such as personal actions, benefits and payroll processing, tax documents and time entry, which are managed system-wide through the university's PeopleSoft HR/Payroll (HCM) system; and
- Financial data such as employee travel, payment requests, procurement requisitions and accounts payable, etc., which are also managed through PeopleSoft Finance system.

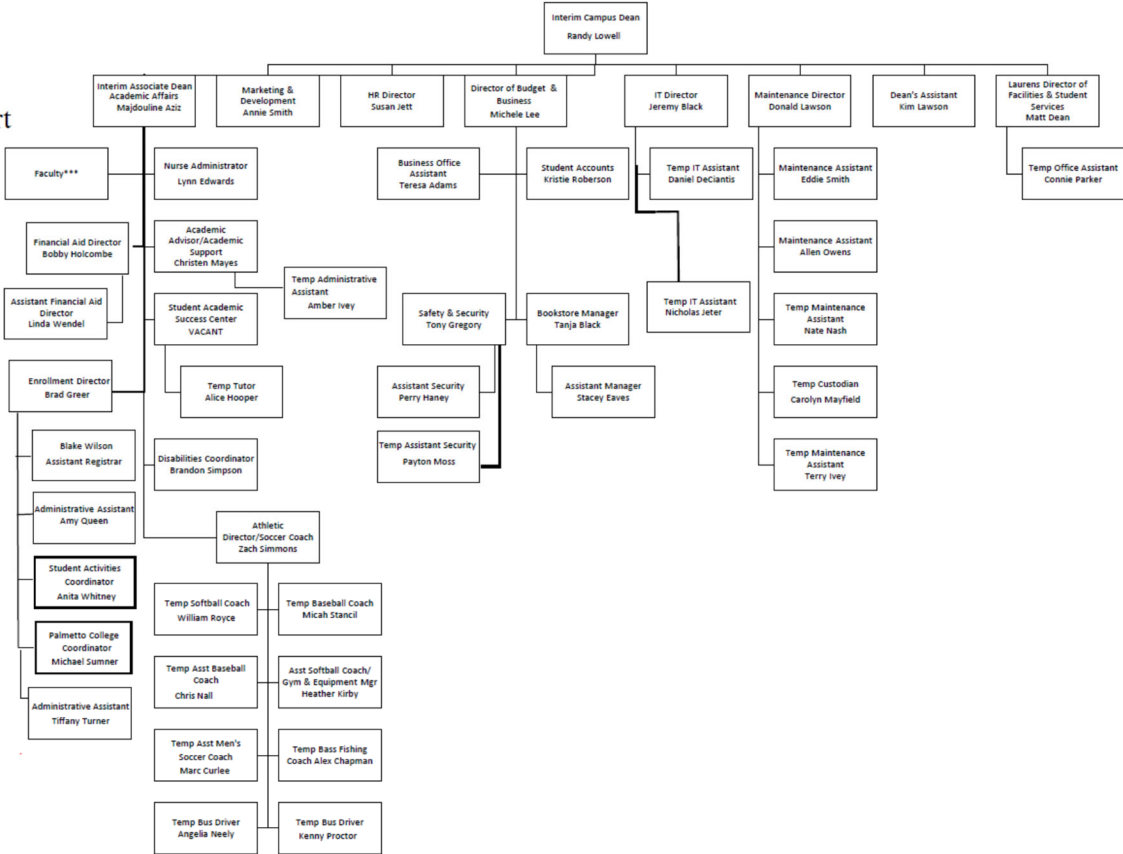

Data in the larger University of South Carolina system may move across agencies in the way this report requests, and those data-entry processes will be addressed by the University of South Carolina Columbia.

- I. Risk Assessment and Mitigation Analysis: While a separately funded state agency, our membership in the USC System assures appropriate resources and strategies are in place to address failure to attain goals and objectives.
