AGENCY'S DISCUSSION AND ANALYSIS

Description of Agency

The South Carolina Department of Probation, Parole and Pardon Services (SCDPPPS) is the third largest state law enforcement agency in South Carolina and is charged with the supervision of offenders in the community placed on probation by the Court, granted parole by the SC Board of Pardons and Paroles, enrolled in mandatory release programs - Community Supervision Program (CSP) and Supervised Reentry Program (SRP) and on Youthful Offender Release from the South Carolina Department of Corrections (SCDC). Offenders are supervised according to a wide range of strategies that are designed to provide the opportunity to succeed while protecting public safety. The Department embraces the motto: **Prepare, Provide, Protect**. At the end of fiscal year (FY) 2020, the Department supervised a daily average of 62,421 jurisdictional offenders and 28,950 active offenders.

The Department was created on October 18, 1941 by Act 562 (amended to Act 563) with the expectation to maintain high standards of integrity, professionalism and accountability. The Department maintains a headquarters facility in Columbia along with 46 county offices and five county satellite offices (Beaufort, Berkeley, Dorchester, Marietta, and York). At the end of FY 2020, the Department was staffed with 707 employees, which included 674 classified positions and five unclassified positions, seven temporary contract positions and one temporary grant position. **The Department is comprised of the Director's office and three divisions: Administration, Field Operations, and Legals and Policy Management.**

Jerry B. Adger was appointed as Director in January 2015 by Governor Nikki Haley. Director Adger has the overall responsibility for the Department, the budget, staff functions, and development of all policies and procedures governing the agency. The Director's Office includes the Office of the Chief Deputy Director, the Office of Victim Services, the Office of Training Compliance and Professional Development, The Office of Program Planning and Development, the Office of Pardons, Paroles and Release Services, and the Office of Professional Responsibility.

Like all South Carolina state agencies, SCDPPPS quickly responded to the COVID-19 pandemic. The Department played an integral role with emergency responses and crowd control during deployments and special operations across the state. Internally, the Department developed an action plan following guidance from the Office of the Governor and the SC Department of Health and Environmental Control to keep government open and functional while ensuring the health and safety of staff and the people we interact with daily. Non-essential and high risk staff were required to work from home and Director Adger implemented onsite rotation of essential Central Office staff. Most training was suspended or converted to a virtual platform where applicable.

In response to the many business and industry closings and recognizing the financial burden placed on offenders and their families during the pandemic and economic downturn, the Department waived offender supervision fees for the months of April, May and June 2020.

Accomplishments of the South Carolina Department of Probation, Parole and Pardon Services (SCDPPPS) exhibit the agency's sustained commitment to carrying out sentencing reform. Through the use of evidence-based rehabilitative strategies, SCDPPPS saved taxpayers nearly \$14 million by diverting over 1,500 offenders from the South Carolina Department of Corrections (SCDC) in FY 2019. This represents a 6% increase since the previous year and 222% increase since the implementation of the Omnibus Crime Reduction and Sentencing Reform Act of 2010 (2020 Strategic Plan Objectives 1.1.3, 1.1.4, and 1.3.6).

The Department's supervision strategies are consistent with empirically proven practices and continue to generate positive results in the lives of offenders, as evidenced in successful closure rates. SCDPPPS touts an 80% successful probation closure rate compared to the national average of 62% and 85% successful parole closure rate compared to the national average of 59% (Bureau of Justice Statistics, *Probation and Parole in the United States, 2017-2018, August 2020*). Both of which exceed the national average.

Maintaining national accreditation from the Commission on Accreditation for Law Enforcement Agencies (CALEA) requires vigilance and a commitment to process improvement. SCDPPPS continues to review policies and procedures to improve documentation practices and training curricula, especially in the areas of use of force and mental health awareness. CALEA will continue to review accreditation files annually until the next on-site review, scheduled for 2022.

Internal Factors Affecting Agency Performance in Fiscal Year 19-20

The South Carolina Department of Probation, Parole and Pardon Services (SCDPPPS) has continued to flourish during the 2019-2020 fiscal year. Agency staff has shown tremendous resiliency, and made continued strides, while addressing the many internal factors that affect agency performance.

Under the leadership of Director Adger, SCDPPPS has managed to reach new heights as well as maintain the course during an unprecedented time in our nation. In 2020 SCDPPPS staff has banded together- virtually- to implement creative ways to telecommute in response to the COVID-19 pandemic. Many helpful, innovative procedures have been put into place- in particular in the Field Operations Division, the Paroles, Pardons and Release Services (PPRS) Section, and the Office of Administrative Hearings- to enable staff to continue to fulfill the agency’s mission while in quarantine.

SCDPPPS was forced to suspend parole and pardon hearings in April 2020 in response to the COVID-19 pandemic. The established hearing protocol afforded victims, survivors, and opposing law enforcement officials the opportunity to appear before the South Carolina Board of Parole and Pardons or at one of the remote videoconferencing sites across the state. In addition, SCDC halted all families and other non-employees from entering correctional facilities, making it impossible for hearings to proceed safely. SCDPPPS launched technological solutions to resume hearings and created a successful virtual hearing process. Staff from SCDPPPS, SCDC and the Parole Board worked to develop, test and implement a virtual hearing room, using available web-based applications. The new process allows pardon applicants, inmates, attorneys, victims and witnesses to appear and testify before the Board from remote locations. Board members also participate remotely. In the hearings conducted to date, the Board has observed appearances from SCDC facilities, county jails, offices, private homes, and other locations. Participants can connect to the hearings via computer, smart phone, or voice-only telephone. To coordinate the hearings, there are a number of teams working within each agency to ensure inmates are in place, correctional facilities, attorneys and crime victims, and witnesses are logged in and ready for each hearing. SCDPPPS resumed hearings on June 2nd and has successfully completed both parole and pardon hearings. Similarly, the Office of Administrative Hearings developed a plan for hearings to be conducted using remote communication technology, avoiding the need for a physical appearance by any party, witness or counsel.

In the Field Operations Division, Agents have continued conducting face-to-face offender reports in the community- rather than in the office. This major change in the way Agents do business has nearly doubled the number of home visits completed each month compared to 2019 numbers. This increase in productivity and offender services was not only brought about by the agency’s rapid response to the “new normal” presented by the coronavirus pandemic; this major change in procedure was made possible in part to the now 1:1 vehicle to Agent ratio.

SCDPPPS also continues to transition closer to becoming entirely digital and paperless in its daily operations. The pandemic has presented an opportunity for staff to learn to work more efficiently while working remotely, but still connected virtually. Across all divisions—particularly in the Information Technology Services Division—staff has worked diligently to ensure the necessary tools and technology are in place to implement a smooth transition to a virtual workplace.

One such technological advancement was the 2019 implementation of the website’s online 24-hour payment system that has enabled offenders to pay fees and restitution quickly and easily online. This feature has proven particularly valuable during the COVID-19 quarantine, when offenders are unable to safely travel to county

offices to pay their restitution. Money Order Payments for nine of our largest counties are being processed by our Fiscal Services Staff in Central Office. It is anticipated, that additional country office will divert payments to Fiscal Services during FY 2020-2021.

The Department has maintained its intense focus on increasing rehabilitative services and the use of evidence-based supervision strategies. SCDPPPS has diverted thousands of individuals from incarceration through sentencing reform by reducing the number of offenders revoked for compliance violations. Since the implementation of the Sentencing Reform Act of 2010, SCDPPPS has created a cost avoidance to taxpayers of \$65.6 million dollars by reducing compliance violation admissions to SCDC by 1,779 offenders. All of this has been achieved while creating a 49% reduction in new offense revocation rates of SCDPPPS offenders in the past fiscal year alone.

Additionally, PPP remains ahead of the curve with innovative, specialized programs for mentally ill and sex offenders. The Mental Health program continues to address offender needs through increased education, treatment, and coping mechanisms. Offenders now benefit from rehabilitative services placed directly in county offices and new, improved curriculums for the Sex Offender Program.

External Factors Affecting Agency Performance in Fiscal Year 19-20

As aforementioned, the COVID-19 pandemic has proven to be a major factor affecting internal agency procedures as well as external agency interactions with the public, victims, Courts and offenders. This unprecedented international health crisis has presented an opportunity for staff to learn to work more efficiently in a virtual environment.

A related significant factor affecting agency performance is the allotment of state appropriations. SCDPPPS and other state agencies have been forewarned during the previous fiscal year to prepare for a grim financial outlook. Budget experts have predicted that the majority of state surplus funding that was initially granted to various state agencies in the Governor’s and House of Representatives’ budget in February of 2020, will likely need to be directed toward COVID-19 pandemic relief. Thus, some of the programs and initiatives that the Department had hoped to fund through new funding in FY 20-21 will be resubmitted for Budget year 2022.

The current negative public attitude toward law enforcement in general is another external factor that required additional response to protest events statewide. Along with other criminal justice agencies, SCDPPPS must work to bolster the collective community trust in law enforcement. SCDPPPS staff must continue to diligently work toward maintaining an inclusive, fair and transparent workplace.

Current Efforts and Associated Results Presented Elsewhere in this Report

While the pandemic may have been the catalyst to implement the use of technology in the agency’s daily operations, current efforts are being made to explore more efficient ways to do business and save time and money. As seen in administrative hearings, parole hearings, mental health classes and victim service training, this sudden virtual shift to rely more on technology has become the impetus for managers to be reviewed and revised over business practices. The paperless, electronic pilot program in Dorchester County has epitomized the efficiency in the use of technology.

Plans Under Development to Introduce Additional Changes -

Mental Health Specialized Caseload Program

SCDPPPS aims to grow its Mental Health Program, with the goal to 1) improve access to standardized screening and assessment tools; 2) create collaborative comprehensive case management plans that address criminogenic needs; and 3) coordinate wraparound services with the goal of establishing stability for individuals living with mental illness.

Currently, only offenders with severe mental illness in Richland County are supervised by a specially trained Mental Health Agent. This plan will allow for the expansion of the program to four additional counties and will

AGENCY NAME:	South Carolina Department of Probation, Parole and Pardon Services		
AGENCY CODE:	N080	SECTION:	066

increase the number of eligible offenders supervised under the specialized program from 6% to 27%. Emphasis will be placed on treatment, medication compliance and long-term stability that will endure following the end of supervision (*2020 Strategic Plan Objective 4.4.2*). To ensure the success of specialized caseloads, Agents will have detailed, comprehensive training that is tailored directly to the needs of this population for cognitive behavioral supervision. SCDPPPS intends to request funding from the General Assembly in its FY 2022 budget to expand this valuable program.

Sworn Officer Performance-Based Pay Plan

Retaining experienced agents remains a major focus for the department. The Sworn Officer Performance-Based Pay Plan is needed to provide a milestone pay increase for Class 1 Certified law enforcement officers. This plan will provide an incentive for trained, seasoned Agents to remain with the agency. It is the Department’s continued goal to recruit and retain experienced, specialized highly qualified Agents and to offer a competitive law enforcement salary. (*2020 Strategic Plan Objectives 3.1.1*). SCDPPPS intends to request funding in the FY 2022 budget for the retention of Class 1 Certified Agents.

Expansion of Parole Board Support Services

The Division of Paroles, Pardons and Release Services (PPRS) conducts offender case investigations for submission to the Parole Board for consideration. The investigations provide relevant and objective information to assist the Board in making decisions regarding the granting of parole and pardons. The department aims to grow consistency and accuracy in the investigations process, by increasing the number of sentencing documents uploaded into the online system, the Parole Information Center (PIC), for parole consideration. To accomplish this goal, SCDPPPS intends to request funding from the General Assembly for Parole Board support and the addition of Investigations staff (*2020 Strategic Plan Objective 1.1.5*).

Expansion of Inmate Release Services

SCDPPPS endeavors to responsibly release individuals from the SCDC to our release programs. Prior to parole consideration, each inmate is interviewed by a Parole Examiner and a risk-needs assessment is conducted. Along with the investigation, the Board is also provided with information regarding the inmate’s likelihood to commit a new criminal offense and information regarding the inmate’s criminogenic needs. Currently Parole Examiners serve an average of 2,800 release documents annually. Due to SCDPPPS staff levels, only 1,000 of those inmates- just parolees- have the benefit of hands-on communication with agency staff and the benefit of pre-release case planning through the use of the Reentry risk-needs assessment. SCDPPPS is not currently equipped with the staff levels necessary to complete these important assessments on inmates who leave SCDC through mandatory release.

SCDPPPS aims to increase the number of inmates released to supervision with completed risk-needs assessments by hiring additional Examinations and Release Coordination staff. The approval of new staff in this area will enable the agency to operate additional parole hearing videoconferencing sites to include every institution in SCDC. This improvement would greatly reduce- if not eliminate- the need to transport inmates to parole hearings. In order to increase public and staff safety, and to streamline the release process - per LAC SCDC recommendations- SCDPPPS intends to request funding in the FY 2022 budget for the expansion of Release Services (*2020 Strategic Plan Objective 1.1.3*).

Agency Fleet Replacement Plan

Through support from the State Legislature, SCDPPPS achieved its goal of reducing the vehicle to Agent ratio to 1:1 in FY 2018. The fleet has proven invaluable for increased productivity in daily operations, including community contacts, non-custody transports, in- and out-of-state extraditions, warrant teams, court appearances, response to global positioning system (GPS) alerts, as well as special assignments and emergency deployments.

AGENCY NAME:	South Carolina Department of Probation, Parole and Pardon Services		
AGENCY CODE:	N080	SECTION:	066

The Agency currently has 145 vehicles in its fleet at an average base monthly lease rate of \$57.35. Most of these vehicles were purchased prior to the Master Lease Program in 2018. Of these vehicles, 118 were purchased in 2014 under an MOU between State Fleet Management (SFM) and the Department and included administrative and insurance costs. Through this transfer, SCDPPPS consolidated all vehicles used by the agency into the SFM Lease Program in July 2016. However, with the new Master Lease Program’s five-year rotation, these rates will increase to a new average monthly base rate of \$502.00, which is an average increase of \$445.00 per vehicle, per month. To that end, SCDPPPS is requesting funding to replace these vehicles whose lifespan have ended or will end in Fiscal Year 2021. Five vehicles met requirements in 2018; 132 met replacement requirements in 2019; eight will meet replacement requirements in 2021. SCDPPPS intends to request recurring state funding from the General Assembly to annually replace 13% of its fleet, once vehicles have reached their end-of-life (2020 Strategic Plan Objective 1.1.5).

I. Risk Assessment and Mitigation Strategies

The Agency’s strategic plan and its’ goals continue to support the department’s mission and values. Nonfeasance to meet these goals has the potential to have a negative impact of varying degrees on the public and in particular its major stakeholders, offenders and victims.

a. Potential Most Negative Impact on the Public if Goals Are Not Accomplished

Goal 1: The first goal, “To Promote Public Safety for the Residents of South Carolina”, is the central purpose for SCDPPPS. The strategies for this goal address increasing the use of efficacious practices to supervise offenders, implement processes to assist victims of crime and the Parole Board and increase community and Agent safety. Examples of such objectives that support these strategies are 1.3.3 which reads, “Increase the ratio of caseload carrying agents with body worn cameras from 7:1 to 1:1 by December 2021” and 1.3.4 which reads “Review 15% of body camera videos monthly using a quality contact standard checklist beginning January 2020.” This use of technology will allow the Department to ensure that proper processes are being applied to offenders, that safety practices are being adhered to, and provide concrete evidence towards any accusations of improper behavior. Failing to meet this goal would significantly damage the core basis from which SCDPPPS operates and have an adverse effect on the Department’s other three goals. The probability of recidivism would increase which could result in a decline in public safety.

Goal 2: This goal, “To Continuously Improve Our Processes within Secure Systems” uses strategies that examine and evaluate the Department’s current security plans, financial accountability, data integrity and confidentiality and customer satisfaction. Objectives 2.3.1 and 2.4.1 are examples which focus efforts to improve data entry and restitution collection through comprehensive training. These objectives provide opportunities to enhance productivity, and correct any legitimate deficiencies. The consequence of not meeting this goal would be a lack of data integrity and a failure to impact victim recompense.

Goal 3: In Goal 3, SCDPPPS seeks “To Efficiently Develop the Organization and Workforce While Delivering Quality Services”. The Department’s executive management recognizes that its employees are the mainstay of the organization and therefore are resolute in the pursuit of fostering an environment of opportunity and growth. These strategies focus on leadership, employee retention, creating a blueprint for knowledge continuity and improving project governance and practices. Objectives under this goal include, 3.3.2 “document and revise standard operating procedures for all agency processes beginning January 2020 and completed December 2020 and review annually”, which will improve consistency and perceived discontinuity. Failing to meet this goal would result in an underqualified workforce not capable of providing services at the highest level to stakeholders.

Goal 4: The last goal “To Create a Structure to Provide Effective Rehabilitative Services to Offenders” concentrates efforts on identifying offender needs and developing comprehensive plans to modify behavior. From ensuring certification and recertification of personnel providing risk and need assessments to the implementation of a specialized mental health program, these strategies promote quality interactions and

AGENCY NAME:	South Carolina Department of Probation, Parole and Pardon Services		
AGENCY CODE:	N080	SECTION:	066

accountability which in turn provides opportunities for effective rehabilitation services. Reducing recidivism, is intrinsic to Goals 1 and 4. An objective supporting this goal includes 4.4.2., “Implement a multi-disciplined mental health specialized supervision program and increase the number of mental health Agents from one to five by June 2021”, will help the Department to focus resources on populations with specialized needs. Failing to accomplish this goal would have multiple effects. The offender may not be in an advantageous position to maintain pro-social behavior or contribute to society as a productive, law abiding citizen. Additionally, there could be direct and residual impacts to crime victims.

b. Nature and Level of Outside Help to Mitigate Negative Impact in Public if Goals Aren’t Accomplished

Goal 1: “Promote public safety for the residents of South Carolina”

There are many ways in which outside agencies can aid SCDPPPS in its efforts to increase public safety, assist crime victims and utilizing evidence-based practices for offender supervision. Victim service agencies and Mental Health organizations can further assist SCDPPPS in delivering applicable training. If Goal 1 is not achieved, SCDPPPS must work to maintain its vital partnerships with SLED, SCDC and other law enforcement agencies to mitigate negative impacts. These agencies can also offer guidance to SCDPPPS leadership on the regular maintenance required for the successful and continued full implementation of a body worn camera program.

Goal 2: “To continuously improve our processes within secure systems”

This goal requires the department to evaluate its security plans, financial accounting systems, data privacy procedures and client commentary. If the objectives of this goal are not met, SCDPPPS will need to further rely on the positive relationships it has developed with its counterparts at the Department of Administration to further assist with its overall document retention and privacy policies and practices. As technology demands continue to grow for state government, it will become increasingly important for SCDPPPS Information Technology Staff to sustain a synergistic, collaborative workflow between not only the internal divisions at SCDPPPS, but also between multiple state agencies.

Goal 3: “Efficiently develop the organization and workforce while delivering quality services”

The Department remains focused on increasing employee retention, stellar staff performance and consistent updating of succession plans. If SCDPPPS fails to accomplish these objectives, the agency may need to seek the counsel of the State Division of Human Resources (SDHR) to assist with the goals for retention and consistently renewed succession planning. The SDHR would prove helpful in addressing any negative impacts caused by staff turnover. Additionally, when conducting an annual review of all standard operating procedures, SCDPPPS staff of all divisions may find it helpful to research and analyze the procedures of similar law enforcement agencies.

Goal 4: “Create a structure to provide effective rehabilitative services to offenders”

This Department goal identifies the importance of developing detailed offender plans and the procurement of experienced mental health providers. If SCDPPPS fails to expand its mental health trainings and offender programs within the department, it has several partnerships in place with other agencies (i.e.: DSS, DEW, DAODAS), service providers and nonprofit organizations to help bolster public programming. Providing wraparound offender services and creating innovative ways to galvanize the agency’s community partnerships remains a major focus of SCDPPPS.

c. 3 Options for What the General Assembly Could Do to Resolve the Issue Before it Becomes a Crisis

Option 1: Goal 1 encompasses many aspects of the agency’s mission including both Field Operations and Parole Board support services. In regard to offender supervision, Goal 1 addresses critical objectives outlined by the department such as applying proper processes to offenders and adhering to safety practices. To help ensure department staff members are meeting these objectives when interacting with offenders and the public and to minimize the risk that any such interaction becomes the source of a crisis, the General Assembly can include SCDPPPS as it begins considering overall law enforcement funding for body worn cameras. In regard to inmate releases, one of the FY 21-22 funding priorities of SCDPPPS is to expand Parole Board support and inmate

AGENCY NAME:	South Carolina Department of Probation, Parole and Pardon Services		
AGENCY CODE:	N080	SECTION:	066

release services. To prevent reentry services from reaching a crisis level, the General Assembly can support the SCDPPPS request for funding of new FTEs to increase the number of Parole Examiners and Investigators.

Option 2: Goal 3 of the SCDPPPS Strategic Plan places increased emphasis on improved knowledge continuity and project governance and practices, as well as employee retention. In order to resolve concerns regarding employee turnover and continuity, and to enable the Department to keep experienced Agents capable of providing quality services to stakeholders, the General Assembly can fund the SCDPPPS FY 21-22 budget request for the Recruitment and Retention Plan and the Sworn Officer Performance-Based Pay Plan.

Option 3: Goal 4 of the Strategic Plan refers to the need to bolster offender rehabilitative services. To ensure that mentally ill offenders on the SCDPPPS caseload are properly supervised with individual attention to unique offender needs, the Legislature can support funding for specialized caseload development and staff including mental health caseloads. This sorely needed funding would provide comprehensive programming specifically tailored for this growing population to emphasize treatment, medication compliance and long-term stability.

II. Restructuring Recommendations for Internal/Law Changes and Supporting Data and Implementation Plan

The Department has submitted ten specific recommended law changes to the House Legislative Oversight Committee which seeks to improve internal and external efficiency and consistency.

- (1) Repeal section 22-5-580. Enacted in 1995, the project appears to have been abandoned by the Department and Court Administration. Research reveals that nothing has been done with the statute since enactment. Instead, section 22-5-510 now provides magistrates with a long list of information to consider when admitting defendants for bail and mandates that all relevant information be provided to the magistrates by the arresting law enforcement agency. In other words, Section 22-5-580 has effectively been replaced by section 22-5-510.
- (2) Strike the last sentence of Subsection (H) of section 23-3-540 in compliance with the S.C. Supreme Court’s ruling in *State v. Dykes*, 744 S.E.2d 505 (2013).
- (3) Add language to section 24-21-610 to expand the pool of people who can provide the required mental report by allowing the use of licensed professional counselors when a psychiatrist or psychologist is unavailable.
- (4) Amend section 24-21-35 by adding a specific reference which clarifies that these “administrative recommendations” are in fact the “recommendations” described in section 24-21-620. As it currently stands, Section 24-21-35 makes it appear as if the Board relies on “administrative recommendations” in all parole consideration cases, which can be confusing to victims and is not accurate.
- (5) Amend section 24-21-220 by changing the language to allow for this report to be made electronically accessible to the Board, Governor, and the General Assembly, without requiring that the Department provide an actual written report to the three named entities.
- (6) Amend section 24-21-430 to require that no person on probation may possess a firearm.
- (7) Repeal sections 24-21-480 and 24-21-485. First passed in 1986 and last substantively amended in 1993, these two laws authorize something that no longer exists. The Department ceased operating restitution centers in 2018 and has no plans to exercise this discretionary authority to reestablish restitution centers in South Carolina.
- (8) Repeal sections 24-21-510 and 24-21-540. Enacted in 1993 and last substantively amended in 1995, these two laws authorize something that no longer exists. The Department ceased operating the lone community control center, in 2002, after the General Assembly stopped appropriating funds for its operation. The Department also has no plans to seek funding for community control centers or to reestablish them in South Carolina.
- (9) Repeal Chapter 22 of Title 24: the “Offender Management System Act,” which includes sections 24-22-10 through 24-22-170. First passed in 1992, the Act terminated July 1, 1995, because it was not extended by the General Assembly. See Section 24-22-170.
- (10) Amend section 9-11-40 by adding a provision that would allow a law enforcement officer, with a certain number of years of line duty experience, but who has moved to an administrative position, to retain PORS membership and benefits.
