Scholarships shall be awarded to each South Carolina resident student enrolled in an established public CTP in an amount of at least \$2,500 per semester, not to exceed \$10,000 per academic year (including summer semester), and no student may receive a scholarship for more than eight semesters in total. In addition, the limitations of Proviso 11.10 notwithstanding, individual CTPs shall have the discretion to allocate a portion of their aggregate funding provided pursuant to this provision for need-based grants to eligible students. This discretion is allowable only to the extent that the funding for need-based grants for eligible CTP students provided pursuant to Proviso 11.10 has first been fully exhausted. The commission, in cooperation with the CTPs, shall collect and report the number of scholarship recipients and other information determined necessary to evaluate the effectiveness of these scholarships in assisting students with intellectual disabilities in college transition programs. The commission shall provide this report to the Governor, the Chairman of the House Education and Public Works Committee, the Chairman of the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the Senate Finance Committee no later than September 30. Unexpended funds may be carried forward and used for the same purpose, except that up to \$250,000 may be used by the CTP consortium (known as The South Carolina Inclusive Post-Secondary Education Consortium) to be used collaboratively by the consortium to promote better awareness of CTP programs statewide as an option for youth with intellectual disabilities after high school through dedicated support for activities such as, but not necessarily limited to, student recruitment, development and maintenance of a consortium website and associated materials, and the provision of strategic informational events for prospective students and families across the State.

Of the funds appropriated to the Commission on Higher Education for Need-Based Grants, public colleges and universities must submit requests to carry forward Need-Based Grants to the Commission on Higher Education by June 30, 2026, and final invoices for Need-based Grants by a date determined by the commission. For Fiscal Year 2025-26, all eligible students must be awarded up to the maximum allowable amount prior to any Need-Based Grant funds being carried forward. Funds only shall be carried forward if all eligible Need-based Grant students at the public colleges and universities

are fully funded with financial aid that does not require student repayment. Funds allocated for Fiscal Year 2025-26 must be distributed in the same academic year.

Of the funds appropriated to the Commission on Higher Education for the Nursing Initiative, the commission shall use the funds to address the nursing shortage. Funds shall be allocated accordingly to the state's public colleges and universities, including technical colleges and two-year institutions of the University of South Carolina, that have accredited nursing programs accredited by a national accrediting agency recognized by the United States Department of Education. For purposes of this provision, two-year institutions of the University of South Carolina System shall be eligible if their programs are accredited by and/or through the accreditation of a comprehensive or research institution within the University of South Carolina system. The first \$5 million shall be used to provide bonuses or supplement the salaries of existing full-time faculty and the hourly rates of part-time faculty, or the salaries of clinical nursing faculty, which includes adjunct faculty. The funds shall be allocated to each public college or university, including technical colleges, based on the number of students enrolled in nursing programs as defined by the Commission on Higher Education. The second five million shall be used to provide tuition reimbursement or scholarships for students enrolled in regionally accredited, not-for-profit, South Carolina based, public and private institution's graduate-level Master of Science (MSN) programs, Doctor of Nursing Practice, Ph.D., or other like programs appropriate to prepare individuals for faculty roles. The recipient must agree to assume a faculty role in a public South Carolina nursing program after graduation for a minimum of two years for each year they receive the scholarship. Annually by February 1, the Commission shall report on the Nursing Initiative, at a minimum, the following: (1) total number of students receiving tuition reimbursements or scholarships; (2) total number of students receiving tuition reimbursements or scholarships subsequently hired as faculty; (3) total number of students receiving tuition reimbursements or scholarships not hired as faculty; (4) amount of funding allocated to each institution with eligible nursing programs; (5) expenditures and encumbrances of Nursing Initiative funds for eligible faculty for each program; and (6) retention rates, new hires and vacancies for full-time, part-time (including adjunct), and clinical faculty for each eligible program. The Commission may also request institutions to provide other information related to nursing workforce development. This report shall be submitted to the House Education and Public Works Committee, House Ways and Means Committee, Senate Education Committee, and Senate Finance Committee.
