

Amendment: TR 4

Representative COBB-HUNTER proposes the following amendment:

SECTION 117 - X900 - GENERAL PROVISIONS

New

117.si. (GP: Software Integration) Prior to the expenditure of funds by the Department of Motor Vehicles on software or hardware to integrate or update the agency's internal data systems, the agency shall affirm the expenditure includes services enabling the agency to electronically share with the State Election Commission, through an application programming interface or similar best practice for data integration, photographs, and any other identifying information the State Election Commission deems necessary for carrying out its functions, in real time, or within twenty-four hours after entry of said information into the Department of Motor Vehicles electronic records. The Department of Motor Vehicles shall take expedient action to obtain any permission or consent state or federal law require to share such information.
