Page 2: About Agencies Scheduled for Study

Q1 Please share any comments, suggestions or concerns you may have about these agencies, including any observations about the way the agency shares information online. Please note your responses will be posted online and may be included in a Committee report.

Corrections, Department of

Just finished watching the video from last meeting.. found it interesting the topic of Victims ..I myself was on even the victim notification list and 2 months prior to my attacker getting released Broadriver caseworker called and asked me if i was picking my attacker up the day he was released. July of 2018 i had contacted Turboville when my attacker was there and the warden assured me that my aattcker would not contact me again as i have requested it. The letter was suppose to follow him in his inmate file to other instiitutions evidently it did not. I am appalled that Stirling still focusing on cell phones ..his guards bring them in not all comes from family members.. I hope the guards that did nothing when inmate was attacked is terminated as well as the other staff members that were present at Lieber the cell phones record footage and is proof of all the corruption inside SCDC. by the way maggots take 9 to 14 days to hatch that was a current video ... there are no flies in the cells or is there? need time frame when metal covering coming off these prsions blocking light... one inmate 150 days since he has been outside is this not inhumane and cruel punishment ..all SCDC does is stand and lie to the board members and stumble over their words to save their jobs.. new campaigne there are so many families and friends that have loved ones inside and we all are going to register to vote .. tired of people being in the office that support Hitler style punishment we the people are here to make a difference and to be heard our votes count ..please look past the lies and put a person in that job position that can do better then focus on cell phones
