Department of Public Safety

History

Created in 1993 as part of restructuring;
confirmed Directors since creation;
DMV and Criminal Justice Academy were under it for numerous years

Highway Safety & Justice Programs

Administers safety grants to law enforcement agencies, private non-profits, state agencies, and tribal governments

Highway Patrol

Basic Class = 50 recruits
Training = 21-week training at SC Criminal Justice Academy + 8 weeks of field training
Provided over 520 safety presentations in 2015

Immigration Enforcement

Enforce immigration laws pursuant to Federal and State statutes; develop illegal immigration training programs, including training on human trafficking

State Transport Police

Enforce state and federal laws governing commercial motor vehicles including size and weight enforcement

Bureau of Protective Services

Provide safety and security to Statehouse Complex, Governor's Mansion and other State grounds

SUCCESSES

- Consolidated 6 offices in the Upstate since 2012 resulting in tens of thousands of dollars in savings per year
- Increase in statewide safety belt usage from 74.5% in 2007 to 90% or higher in 2012, 2013, 2014, and 2015
- 22% decrease in average number traffic fatalities per year from 2003-2007 to 2010-2014
- Creation of Community Advisory Council in each of the 7 Highway Patrol geographic Troops to connect with citizens
- Fallen Trooper Memorial Wall dedicated in 2012
- Maintained status as internationally accredited by Commission on Accreditation for Law Enforcement Agencies

ISSUES

- Competitive Salary for Troopers/Officers
 - Work with the legislature on a comprehensive law enforcement salary study to help with recruitment and retention of Troopers/Officers
- Managing Civil Unrest and Terrorist Events
 - Increase training in Civil Emergency Response, Mobile Field Force and Active Shooter
- Combating Growing Problem with Drugged Drivers (legal and/or illegal)
 - Better training for all enforcement Troopers/Officers
 - Working with General Assembly on new laws to combat this problem

How Agency Uses Taxpayer Money

The agency’s goals, which should be in line with the agency’s mission and assist it in accomplishing its vision, are presented below. The goals are in order from largest to smallest, based on the percentage of total money the agency spent and budgeted toward accomplishment of each. The data in this table **highlight how the agency is investing the money it receives from the people of the state** and nation. Further details about the amounts spent on the individual objectives within each goal as well as the **performance measures, which should show the return the state is receiving on its investment**, are provided on later pages.

Mission: The Department of Public Safety’s mission is “to protect and serve the public with the highest standard of conduct and professionalism; to save lives through educating its citizens on highway safety and diligent enforcement of laws governing traffic, motor vehicles, and commercial carriers; and to ensure a safe, secure environment for the citizens of the state of South Carolina and its visitors.”³

Vision: The vision of the Department of Public Safety is to be “recognized as an exemplary law enforcement agency dedicated to providing equitable public service supported by progressive leadership, advanced technology, and a philosophy of continuous improvement.”⁴

Goal	Description	2014-15		2015-16	
		% of total	Amount Spent	% of total	Amount Budgeted
Goal 1	Enhance Public/Officer Safety	73.05%	\$113,317,291	81.14%	\$137,493,840
Unknown	Budget not associated with specified objectives	5.28%	\$8,191,384 Includes unspent funds plus BPS, Hall of Fame and Administration expenses not represented in the Goals	9.74%	\$16,497,100
Goal 2	Professional Development and Workforce Planning	1.85%	\$2,864,136	4.30%	\$7,294,500
Goal 3	The Appropriate Use of Technology	2.19%	\$3,395,513	3.09%	\$5,244,200
Goal 4	Quality Customer Service Delivery	1.75%	\$2,707,612	1.73%	\$2,930,855
Not Spent		15.88%	\$24,656,724		
TOTAL		100%	\$155,132,663	100%	\$169,460,495

Note: For 2014-15 expenditures, the agency stated in the Program Evaluation Report, “Expenditures are not tracked at the objective level at DPS. Expenditures were arrived at using actual expense and allocation methods.”

Summary of Recommendations: Opportunities to Continuously Improve

Agency’s Recommendations to the Committee

<u>Major Internal Changes</u>
→ None
<u>Legislative Changes to improve efficiency and outcomes</u>
→ None
<u>Legislative Changes to remove archaic language and/or ensure language matches with agency practices</u>
→ None

In the 2015 Annual Restructuring and Seven Year Plan Report, submitted March 2015, the agency stated it did “not have any recommendations for restructuring at this time. Our organization always works to operate efficiently and effectively in accordance with our mandate established by the General Assembly. One of the main priorities of our agency is to function at peak efficiency while fulfilling our mission.”⁶ The agency director noted some of the initiatives which have been implemented since he was appointed in 2011 are outlined in the Agency Recommendations to Improve Efficiencies and Outcomes section of this report.⁷

In the Program Evaluation Report, submitted August 2015, the agency did not indicate any laws it would recommend the committee further evaluate. While the agency included it in response to how the General Assembly could help the agency avoid potential negative impacts, the agency’s comment to “Strengthen Driving Under the Influence laws regarding requirements and exceptions in the videotaping law to enhance prosecution” could be viewed as a recommendation from the agency.

In the 2016 Annual Restructuring Report, submitted January 2016, the agency did not include any recommendations for restructuring, minor or major, at the agency.

LEGISLATIVE OVERSIGHT - OVERVIEW

Foundation

The **South Carolina State Constitution** requires the General Assembly to provide for appropriate agencies in the areas of health, welfare, and safety and to determine their activities, powers, and duties.⁸ Stated **public policy** provides that this “continuing and ongoing obligation of the General Assembly that is best addressed by periodic review of the programs of the agencies and their responsiveness to the needs of the state's citizens. . . .”⁹ The periodic reviews are accomplished through the legislative oversight process.¹⁰ Specific statutes relating to legislative oversight are included in South Carolina Code of Laws Section 2-2-5 *et seq.*

Purpose and Schedule

The stated **purpose of legislative oversight** is to determine if agency laws and programs are being implemented and carried out in accordance with the intent of the South Carolina General Assembly and whether or not they should be continued, curtailed, or even eliminated.¹¹ The South Carolina House of Representatives’ Legislative Oversight Committee (“House Oversight Committee,” “Committee,” or “LOC”) recognizes that a legislative oversight study informs the public about an agency.¹² To accomplish legislative oversight, the specific task of the Committee is to conduct a study on each agency at least once every seven years.¹³ To guide the work of the Committee in completing its task, a **seven-year study schedule** is published in the House Journal the first day of each legislative session.¹⁴

Information Considered

Oversight **studies must consider**: (1) the application, administration, execution, and effectiveness of **laws and programs**; (2) the **organization and operation of agencies**; and (3) any conditions or circumstances that may indicate the **necessity or desirability of enacting new or additional legislation**.¹⁵ **Evidence or information relating to a study may be acquired by any lawful means**, including: serving a request for information on an agency; deposing witnesses; issuing subpoenas that require the production of documents; and, with certain exceptions, requiring the agency to prepare and submit a program evaluation report by a specified date.¹⁶ Testimony given to the investigating committee must be under oath.¹⁷ All witnesses are entitled to counsel, and they shall be given the benefit of any privilege which they may claim in court as a party to a civil action.¹⁸ Certain criminal provisions are applicable during the legislative oversight process, including contempt of the General Assembly.¹⁹ Joint investigations with the South Carolina Senate (“Senate”) or with other committees in the South Carolina House of Representatives (“House”) are authorized.²⁰

AGENCY STUDY - ACTIONS

House Legislative Oversight Committee's Actions

On April 14, 2015, the Committee **approved additional agencies for study.**²¹ At this meeting, the Committee approved the Department of Public Safety (“agency,” “DPS,” or “Department”) as one of the state agencies to be studied.²²

The **Committee notified the agency** about the study in April 2015.²³ As the Committee encourages **collaboration in its legislative oversight process**, the Speaker, standing committee chairs in the House, members of the House, Clerk of the Senate, and the Governor were also notified about the agency study.²⁴

Subcommittee's Actions

The **Law Enforcement and Criminal Justice Subcommittee** (“Subcommittee”) of the House Oversight Committee is studying the agency. The Chair of the Subcommittee is the Honorable Kirkman Finlay III.²⁵ Other members include: the Honorable William K. (Bill) Bowers, the Honorable Raye Felder, and the Honorable Edward R. Tallon Sr.²⁶

Information from the Public

From September 1, 2015, until September 30, 2015, the Committee posted an **online survey to solicit comments from the public about the Department** and other agencies. These comments are not considered testimony.²⁷ As noted in the survey, “input and observations from those citizens who [chose] to provide responses are very important . . . because they may help direct the Committee to potential areas for improvement with these agencies.”²⁸ The **public may continue to submit written comments about agencies online.**²⁹

Information from the Agency

The **Committee asked the agency to conduct a self-analysis** by requiring it to complete and submit a restructuring report and program evaluation report. The agency submitted its 2015 Annual Restructuring and Seven-Year Plan Report on April 2, 2015. The agency submitted its Program Evaluation Report on August 28, 2015. The agency submitted its 2016 Annual Restructuring Report on January 11, 2016. These reports are available on the Committee's website.³⁰

Committee Staff's Actions

In the staff study, committee staff obtain, review, and provide highlights of relevant information.³¹ Relevant information may include: an agency restructuring report; an agency seven-year plan for cost savings and increased efficiencies; an agency program evaluation report; another submission to a legislative or executive entity, such as an agency accountability report; comments from the public concerning the agency; any information submitted by a legislative standing committee in the House of Representatives; and any information submitted by individual Members of the House.

The **staff study is intended for the internal use and benefit of Members of the House, and it does not reflect the views of the House, House Oversight Committee, or any subcommittees.**³² The staff study is shared **with the agency.**³³ The agency has the option to provide a written response within ten business days for inclusion in the study.³⁴

Next Steps

This **staff study, and any agency response, will be shared with the Subcommittee** and legislative standing committees in the House of Representatives that share subject matter jurisdiction.³⁵

The **Subcommittee may review the staff study and, if one has been submitted, the agency's written response, in order to determine what other tools of legislative oversight should be used** to evaluate (1) the application, administration, execution, and effectiveness of the agency's laws and programs, (2) the organization and operation of the agency, and (3) any conditions or circumstances that may indicate the necessity or desirability of enacting new or additional legislation pertaining to the agency.³⁶

AGENCY STUDY - INFORMATION HIGHLIGHTS

Part I. Agency History, Legal Responsibilities and Strategic Plan

History

The following is a summary of the history of the Department of Public Safety and the South Carolina Highway Patrol, which was provided by the Department of Public Safety in March 2016.

Leadership

In the little over two decades of its existence, the Department of Public Safety has had four directors (confirmed by the Senate), and one Interim Director.

1993-1996

The modern Department of Public Safety was first established as a part of the comprehensive state government restructuring enacted in 1993. During its first few years of existence, the Department consisted of various divisions: SC Highway Patrol; SC State Transport Police; Division of Motor Vehicles (DMV); SC Criminal Justice Academy; SC Law Enforcement Officers Hall of Fame; Office of Safety and Grants, and Bureau of Protective Services. Notably, in 1995 the Multi-disciplinary Accident Investigation Team or MAIT Unit was created to conduct in-depth investigations of traffic collisions involving fatalities and/or severe injuries.

1996-1999

In 1998, the Department first obtained CALEA (Commission on Accreditation for Law Enforcement Agencies) accreditation. The Department has maintained this status to the present time.

1999-2004

In 2003, there were several changes of significance at the agency. The DMV became a separate agency. This was the first year all agency divisions were headquartered in one location, Blythewood, South Carolina. Also in 2003, there was a consolidation of telecommunication centers, and the Highway Patrol converted from districts to a troop structure consisting of seven geographic areas. Of interest, the Highway Patrol began the practice of holding a Service of Remembrance recognizing troopers who have given their lives in service to the State of South Carolina. Additionally, a new basic law enforcement student manual was developed, and the physical abilities test procedure was implemented at the Criminal Justice Academy.

2005-2008

The Law Enforcement Training Council and Criminal Justice Academy became a separate stand-alone agency in 2007.

2009-2010

With two of its original components now stand alone agencies, during this time period the Department of Public Safety consisted of the following divisions: SC Highway Patrol; SC State Transport Police; SC Law Enforcement Officers Hall of Fame; Office of Safety and Grants; and Bureau of Protective Services.

2011-Present

The current structure of the agency remains essentially the same as it did in 2009 with one addition in 2011, the Immigration Enforcement Unit. This new unit was created and tasked with targeting criminal activity by persons in the country illegally. In recent history, the State Transport Police opened a "weigh-in-motion" weigh station on I-95. Several changes of significance in recent history relating to the Highway Patrol include: dedication of a Fallen Trooper Memorial Wall; establishment of the Today's Youth...Tomorrow's Leaders mentoring program; and implementation of a vehicle change from the Ford Crown Victoria Police Interceptor to the Dodge Charger. Also, this time period saw the creation of the "Target Zero" Program focusing on the elimination of highway fatality; as well as the creation of the Community Advisory Councils to solicit input from the community and to discuss important safety initiatives, policies and programs. Additionally, there were changes to the administration of the agency in recent history including: (1) addition of the Office of Strategic Services, Accreditation, Policy and Inspections; and (2) significant changes to the Office of Professional Responsibility protocol, including the training of captains, lieutenants, and first sergeants in DI investigations.

Part I. Agency History, Legal Responsibilities and Strategic Plan

Mission, Vision and Goals

Governing Body (i.e. director, commissioners, trustees, etc.)

The Department of Public Safety is a cabinet agency. As a cabinet agency, it reports directly to the Governor.

Mission

The mission of the South Carolina Department of Public Safety is “to protect and serve the public with the highest standard of conduct and professionalism; to save lives through educating its citizens on highway safety and diligent enforcement of laws governing traffic, motor vehicles, and commercial carriers; and to ensure a safe, secure environment for the citizens of the state of South Carolina and its visitors.”³⁷

DPS cites South Carolina Code of Laws Section 23-6-20 as the basis for its mission.³⁸ Section 23-6-20 states:

(A) The Department of Public Safety is established as an administrative agency of state government which is comprised of a South Carolina Highway Patrol Division, a South Carolina State Police Division, and a Division of Training and Continuing Education.

(B) The functions, powers, duties, responsibilities, and authority statutorily exercised by the following offices, sections, departments, or divisions of the following state agencies as existing on the effective date of this act are transferred to and devolved on the department to include the South Carolina Highway Patrol and the Safety Office Section of the Division of Finance and Administration of the South Carolina Department of Highways and Public Transportation; the Safety Enforcement Officers of the Office of Enforcement within the Transportation Division of the South Carolina Public Service Commission and the Governor's Office of Public Safety, together with all assets, liabilities, records, property, personnel, unexpended appropriations, and other funds shall be transferred to the control of the department. All rules, regulations, standards, orders, or other actions of these entities shall remain in effect unless specifically changed or voided by the department in accordance with the Administrative Procedures Act, or otherwise provided.

Vision

The vision of the Department of Public Safety is to “be recognized as an exemplary law enforcement agency dedicated to providing equitable public service supported by progressive leadership, advanced technology, and a philosophy of continuous improvement.”³⁹

As for the legal standards which serve as the basis for the vision, DPS provided the same legal standard it did as the basis for its mission.⁴⁰

Part I. Agency History, Legal Responsibilities and Strategic Plan

Mission, Vision and Goals

Goals⁴¹

Note: The information below is current as of January 12, 2016, when the agency submitted its 2016 Annual Restructuring Report. Also, S.M.A.R.T. criteria are utilized in the Accountability Report the agency submits annually and is an acronym for specific, measurable, attainable, relevant, and time bound.

Goal 1 - Enhance Public/Officer Safety

- Legal Responsibilities Satisfied: Section 23-6-20; Section 23-6-30; Section 23-6-60; Section 23-6-90; Section 23-6-140; Section 23-6-500 through 530; 58-101 State Emergency Preparedness Standards (D. State Agency Emergency Preparedness Responsibilities)
- How the Goal is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Protect the public through enforcement and education and protect DPS officers through training and resource commitment. DPS will ensure effective outcomes by annually reviewing departmental data (i.e., fatality numbers, officer assaults, etc.) to national data.
- Public Benefit/Intended Outcome: Works to ensure the safety of the public through enforcement of laws, public education, and awarding of grants.
- Responsible Person: Leroy Smith, Agency Director (Responsible for more than 1 year)
 - Office Address: 10311 Wilson Boulevard Blythewood, SC 29016
 - Department or Division Summary: The Department of Public Safety works to ensure the safety of the public through enforcement of laws, public education, and awarding of grants.

Goal 2 - Professional Development and Workforce Planning

- Legal Responsibilities Satisfied: Section 23-6-30; Section 23-6-40; Section 23-6-170; Section 23-6-191
- How the Goal is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Recruit and retain a professional workforce and enhance employee and leadership development. DPS will ensure effective outcomes by reporting and reviewing quarterly trends in hiring and retention and annually reviewing training requirements and needs.
- Public Benefit/Intended Outcome: Professional development and workforce planning maximizes the productivity of DPS employees and reduces turnover.
- Responsible Person: Tosha Autry, Human Resources Director (Responsible for more than 1 year)
 - Office Address: 10311 Wilson Boulevard Blythewood, SC 29016
 - Department or Division Summary: The Office of Human Resources provides human resources services to DPS employees.

Goal 3 - The Appropriate Use of Technology

- Legal Responsibilities Satisfied: Section 23-6-30; 101.32 Cyber Security; Federal Information Security Management Act 2002 (Legal basis for CJIS Security Policy); S.C. Code Reg. 73-25; 58-101 State Emergency Preparedness Standards (D. State Agency Emergency Preparedness Responsibilities); Section 23-6-195
- How the Goal is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Heighten information technology security by maintaining compliance with federal, state, and other regulatory

requirements annually as mandated. Utilize technology sufficiently to support the DPS mission through timely and efficient dissemination of public information.

- Public Benefit/Intended Outcome: Department works to ensure that DPS operates within established guidelines and protocols to protect agency data.
- Responsible Person: Michael Orecchio, Chief Information Officer (Responsible for less than 1 year)
 - Office Address: 10311 Wilson Boulevard Blythewood, SC 29016
 - Department or Division Summary: The Office of Information Technology will develop and implement policies, guidelines, and procedures regarding information technology.

Goal 4 - Quality Customer Service Delivery

- Legal Responsibilities Satisfied: Section 23-1-240; Section 23-6-20; Section 23-6-30; Section 23-6-40; Section 23-6-60; Section 23-6-100; Section 23-6-140; Section 23-6-145; Section 23-6-150; Section 23-6-195; Section 23-6-500; 58-101 State Emergency Preparedness Standards (D. State Agency Emergency Preparedness Responsibilities); 101.32 Cyber Security; Federal Information Security Management Act 2002 (Legal basis for CJIS Security Policy); S.C. Code Reg. 73-25
- How the Goal is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Ensure continuous improvement of customer service by delivering fair efficient enforcement of traffic laws, providing thorough collision investigation, responding to information needs of the public, offering public education, replying to Freedom of Information requests, and disseminating grant funding among law enforcement partners.
- Public Benefit/Intended Outcome: Works to ensure the safety of the public through enforcement of laws, public education, and awarding of grants.
- Responsible Person: Leroy Smith, Agency Director (Responsible for more than 1 year)
 - Office Address: 10311 Wilson Boulevard Blythewood, SC 29016
 - Department or Division Summary: The Department of Public Safety works to ensure the safety of the public through enforcement of laws, public education, and awarding of grants.

Part I. Agency History, Legal Responsibilities and Strategic Plan

Strategies, Objectives & Potential Negative Impacts⁴²

Note: In its 2016 Annual Restructuring Report, the agency was asked to list what it considers the most potential negative impact to the public that may occur as a result of the agency not accomplishing each objective. In addition, the agency was asked to provide information on the level at which it believes it needs outside help, the entities to whom the agency would reach out if the potential negative impact rises to that level, when the agency thinks the General Assembly should be put on notice, and options for the General Assembly to consider to help resolve the issue before it became a crisis.

Goal 1 - Enhance Public/Officer Safety

- Legal Responsibilities Satisfied: Section 23-6-20; Section 23-6-30; Section 23-6-60; Section 23-6-90; Section 23-6-140; Section 23-6-500 through 530; 58-101 State Emergency Preparedness Standards (D. State Agency Emergency Preparedness Responsibilities)
- Public Benefit/Intended Outcome: DPS seeks to utilize the latest technology and training to increase law enforcement officer safety which reduces the financial and emotional factors that occur when officers are injured and unable to work.
- Responsible Person: Leroy Smith, Agency Director (Responsible for more than 1 year)

Strategy 1.1 - Protect the Public through Enforcement and Education

Objective 1.1.1 - Annually decrease traffic fatalities toward Target Zero

- Legal Responsibilities Satisfied: Section 23-6-30; Section 23-6-100; Section 23-6-140;
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department works to reduce fatalities through enforcement and education of motorists based on weekly, quarterly and annual assessment of traffic collision trends.
- Public Benefit/Intended Outcome: Decreasing traffic fatalities lowers the emotional and financial impact that traffic fatalities have on the citizens of South Carolina.
- Responsible Person: Michael Oliver, Colonel, South Carolina Highway Patrol (Responsible for more than 1 year)
- Most Potential Negative Impact: Traffic fatalities result in loss of life, emotional pain, lost income, higher insurance rates, and other economic loss. Reducing traffic fatalities reduces these burdens on the state.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Strengthen Driving Under the Influence laws regarding requirements and exceptions in the videotaping law to enhance prosecution. Changes to the Implied Consent Law to allow roadside breath testing to enhance Driving Under the Influence enforcement.

Goal 1 - Enhance Public/Officer Safety

Strategies: 1.1-Protect the Public through Enforcement and Education; 1.2-Protect DPS Officers through Training and Resource Commitment

Objective 1.1.2 - Decrease serious traffic injuries

- Legal Responsibilities Satisfied: Section 23-6-30; Section 23-6-100; Section 23-6-140;
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department works to reduce injuries through enforcement and education of motorists based on weekly, quarterly and annual assessment of traffic collision trends.
- Public Benefit/Intended Outcome: Decreasing serious traffic injuries allows our state to be safer, reduces medical and insurance costs, and reduces the emotional toll on families.
- Responsible Person: Michael Oliver, Colonel, South Carolina Highway Patrol (Responsible for more than 1 year)
- Most Potential Negative Impact: Traffic Injuries result in physical pain, emotional pain, lost work, lost income, higher insurance rates, and other economic loss. Reducing traffic injuries reduces these burdens on the state.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Strengthen Driving Under the Influence laws regarding requirements and exceptions in the videotaping law to enhance prosecution. Changes to the Implied Consent Law to allow roadside breath testing to enhance Driving Under the Influence enforcement.

Objective 1.1.3 - Decrease the number of traffic collisions

- Legal Responsibilities Satisfied: Section 23-6-30; Section 23-6-100; Section 23-6-140;
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department works to reduce collisions through enforcement and education of motorists based on weekly, quarterly and annual assessment of traffic collision trends.
- Public Benefit/Intended Outcome: Decreasing traffic collisions lowers insurance costs, reduces injuries, and makes the roadways safer.
- Responsible Person: Michael Oliver, Colonel, South Carolina Highway Patrol (Responsible for more than 1 year)
- Most Potential Negative Impact: Traffic Collisions result in fatalities, injuries, property damage and economic loss. By not reducing the number of traffic collisions, the public is subjected to these negative incidents.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Strengthen Driving Under the Influence laws regarding requirements and exceptions in the videotaping law to enhance prosecution. Changes to the Implied Consent Law to allow roadside breath testing to enhance Driving Under the Influence enforcement.

Goal 1 - Enhance Public/Officer Safety

Strategies: 1.1-Protect the Public through Enforcement and Education; 1.2-Protect DPS Officers through Training and Resource Commitment

Objective 1.1.4 - To improve the administration of justice, enhance public safety, and judiciously allocate resources to the victims of crime service provider community

- Legal Responsibilities Satisfied: Section 23-6-30; Section 23-6-50; Section 23-6-100; Section 23-6-140; Section 23-6-185; Section 23-6-187; Section 23-6-193; Section 23-6-500-530; Section 23-1-240
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department works to ensure the federal and state grants are directed to local agencies to improve public safety.
- Public Benefit/Intended Outcome: Efficiently awarding grants and resources to local agencies allows those agencies to better serve their local communities.
- Responsible Person: Phil Riley, Director, Office of Highway Safety and Justice Programs (Responsible for more than 1 year)
- Most Potential Negative Impact: By not efficiently administering grants and safety programs, agencies and service providers are less able to accomplish their missions of serving the public.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Strengthen Driving Under the Influence laws regarding requirements and exceptions in the videotaping law to enhance prosecution. Changes to the Implied Consent Law to allow roadside breath testing to enhance Driving Under the Influence enforcement.

Objective 1.1.5 - Annually decrease commercial motor vehicle fatality collisions per 100 million vehicle miles traveled

Goal 1 - Enhance Public/Officer Safety

Strategies: 1.1-Protect the Public through Enforcement and Education; 1.2-Protect DPS Officers through Training and Resource Commitment

Objective 1.1.10 - Informing the public of important traffic/safety matters through proactive media interviews and messaging

- Legal Responsibilities Satisfied: Section 23-6-20; Section 23-6-30; Section 23-6-40
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department makes extensive use of all current social media outlets to inform the public of highway safety issues. The effect of social media is measured on a quarterly basis.
- Public Benefit/Intended Outcome: DPS utilizes social media and traditional media to better inform and serve the public by making them more aware and safer.
- Responsible Person: Sherri Iacobelli, Communications Director, Communications and Media Office (Responsible for more than 1 year)
- Most Potential Negative Impact: Public is not informed of traffic safety initiatives and is unable to make prudent decisions.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Strategy 1.2 - Protect DPS Officers through Training and Resource Commitment

Objective 1.2.1 - Increase law enforcement officer safety

- Legal Responsibilities Satisfied: Section 23-6-500 through 530; Section 23-1-240
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department works to reduce injuries and deaths among law enforcement officers through training and education at the basic and in-service levels. Training programs are reviewed and updated annually to ensure up-to-date and state-of-the-art methodology.
- Public Benefit/Intended Outcome: DPS seeks to utilize the latest technology and training to increase law enforcement officer safety which reduces the financial and emotional factors that occur when officers are injured and unable to work.
- Responsible Person: Michael Oliver, Colonel, South Carolina Highway Patrol (Responsible for more than 1 year)
- Most Potential Negative Impact: Reductions in officer safety place DPS officers in danger, inflict emotional and physical pain, and induce financial inefficiencies through turnover.

Goal 1 - Enhance Public/Officer Safety

Strategies: 1.1-Protect the Public through Enforcement and Education; 1.2-Protect DPS Officers through Training and Resource Commitment

Objective 1.2.2 - Improve the quality of Tele-Communications Office applicants

- Legal Responsibilities Satisfied: Section 23-6-40
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Through a comprehensive recruiting, employment, and training program, the department works to maintain tele-communication centers that efficiently serve the public and the agency's employees. Department conducts annual reviews of employment trends and training methods.
- Public Benefit/Intended Outcome: Improving Tele-Communications Operator Applicants allows the agency to hire well trained employees who will provide better service to citizens when calling the agency with emergency situations.
- Responsible Person: Richard Ray, Captain, Tele-Communications Office (Responsible for more than 1 year)
- Most Potential Negative Impact: Not improving the quality of Tele-Communications Office applicants results in poor service to the public in emergency situations and higher costs for the state.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Objective 1.2.3 - Assist South Carolina law enforcement and governmental agencies obtain a broader understanding of immigration laws and application

- Legal Responsibilities Satisfied: Section 23-6-60
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Department works to ensure public safety by annually researching, developing and delivering training programs that address Immigration, Human Trafficking, Fraudulent Document Recognition, and Identity Fraud to be delivered to state and local law enforcement agencies in South Carolina.
- Public Benefit/Intended Outcome: Educate other state and local agencies of the proper procedures in enforcing immigration laws.
- Responsible Person: Eddie Johnson, Lieutenant, Illegal Immigration Enforcement Unit (Responsible for more than 1 year)
- Most Potential Negative Impact: Local agencies will not have a complete understanding of enforcement of immigration laws in their communities.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Goal 1 - Enhance Public/Officer Safety

Strategies: 1.1-Protect the Public through Enforcement and Education; 1.2-Protect DPS Officers through Training and Resource Commitment

Objective 1.2.4 - Reduce trooper trainee turnover

- Legal Responsibilities Satisfied: Section 23-6-40
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Department works to reduce trooper trainee turnover by recruiting and identifying suitable candidates as determined through a comprehensive selection process and by providing pre-academy training that emphasizes proficiency in critical training areas.
- Public Benefit/Intended Outcome: Reducing trooper trainee turnover saves the state money by allowing the agency an efficient return on investment in training new troopers.
- Responsible Person: E. J. Talbot, Captain, Highway Patrol Training Unit (Responsible for more than 1 year)
- Most Potential Negative Impact: By not reducing trooper trainee turnover, more state funds are being spent to attract, hire and train troopers.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Objective 1.2.5 - Train BPS officers on current emergency response plans

- Legal Responsibilities Satisfied: 58-101 State Emergency Preparedness Standards (D. State Agency Emergency Preparedness Responsibilities); Section 23-6-195
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Department ensures the safety of all visitors and employees to the State House Complex and other state facilities by conducting a quarterly comprehensive review of security and operational procedures.
- Public Benefit/Intended Outcome: Ensuring the safety of employees and visitors to the statehouse by ensuring all Bureau of Protective Services employees are proficient on emergency response plans.
- Responsible Person: Zackary Wise, Chief, Bureau of Protective Services (Responsible for more than 1 year)
- Most Potential Negative Impact: BPS not being trained on current emergency response plans places employees and visitors to state facilities at risk.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Goal 2 - Professional Development and Workforce Planning

Strategies: 2.1-Attract, Recruit and Retain a Professional Workforce; 2.2-Enhance Employee Development; 2.3-Enhance Leadership Development

Goal 2 - Professional Development and Workforce Planning

- Legal Responsibilities Satisfied: Section 23-6-30; Section 23-6-40; Section 23-6-170; Section 23-6-191
- Public Benefit/Intended Outcome: Professional development and workforce planning maximizes the productivity of DPS employees and reduces turnover.
- Responsible Person: Tosha Autry, Human Resources Director (Responsible for more than 1 year)

Strategy 2.1 - Attract, Recruit and Retain a Professional Workforce

Objective 2.1.1 - Increase the applicant pool of minorities

- Legal Responsibilities Satisfied: Section 23-6-40
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Department works to attain a quality workforce that is similar to South Carolina's population by developing and implementing an effective agency-wide Plan for outreach and recruitment that focuses on identifying qualified minority candidates within the higher education system.
- Public Benefit/Intended Outcome: Increasing the applicant pool of minorities allows the agency to hire professional and diverse employees to serve South Carolina.
- Responsible Person: Tosha Autry, Human Resources Director, Office of Human Resources (Responsible for more than 1 year)
- Most Potential Negative Impact: Failing to increase the applicant pool of minorities could create a workforce that is not reflective of the community in which it serves.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Objective 2.1.2 - Offer free to low cost health screenings to agency employees

- Legal Responsibilities Satisfied: Section 23-6-191
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Department works to increase health and wellness by annually providing low to no-cost screening to agency employees.
- Public Benefit/Intended Outcome: Increasing the wellness and health opportunities of DPS employees as well as reducing medical and insurance costs to the state and employees.
- Responsible Person: Tosha Autry, Human Resources Director, Office of Human Resources (Responsible for more than 1 year)
- Most Potential Negative Impact: Failing to offer free to low cost health screenings causes employees to spend more of their salaries on health care needs which can affect their morale and personal budgets. By offering discounted screenings, the state saves on insurance costs and employees are happier and more productive.
 - Level Requires Outside Help: Agency did not provide response.

Goal 2 - Professional Development and Workforce Planning

Strategies: 2.1-Attract, Recruit and Retain a Professional Workforce; 2.2-Enhance Employee Development; 2.3-Enhance Leadership Development

- Legal Responsibilities Satisfied: Section 23-6-40
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department actively recruits at state colleges and universities by participating in career fairs throughout the region.
- Public Benefit/Intended Outcome: Increasing the applicant pool with more college graduates allows the agency to hire more professional employees to serve South Carolina and reduce the costs associated with training and turnover.
- Responsible Person: Tosha Autry, Human Resources Director, Office of Human Resources (Responsible for more than 1 year)
- Most Potential Negative Impact: Failing to increase an applicant pool to include college graduates limits the amount of qualified applicants to select from when filling positions.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Objective 2.1.4 - Increase law enforcement/civilian applicant pool

- Legal Responsibilities Satisfied: Section 23-6-40
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department works to increase the applicant pool through use of diverse media, recruiting at institutions of higher learning, and educating applicants on the benefits of working for the state's largest law enforcement agency.
- Public Benefit/Intended Outcome: Increasing the applicant pool allows the agency to hire professional employees to serve South Carolina and reduce the costs associated with training and turnover.
- Responsible Person: Tosha Autry, Human Resources Director, Office of Human Resources (Responsible for more than 1 year)
- Most Potential Negative Impact: Failing to increase an applicant pool limits the amount of qualified applicants to select from when filling positions.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Objective 2.1.5 - Retain current Law Enforcement personnel

Goal 2 - Professional Development and Workforce Planning

Strategies: 2.1-Attract, Recruit and Retain a Professional Workforce; 2.2-Enhance Employee Development; 2.3-Enhance Leadership Development

- Legal Responsibilities Satisfied: Section 23-6-170
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department works to maintain a successful and productive relationship with applicants and employees. All divisions are required to develop and implement a retention plan.
- Public Benefit/Intended Outcome: Retaining incumbent personnel allows the agency to better serve South Carolina and reduce the costs associated with training and turnover.
- Responsible Person: Michael Oliver, Colonel, SC Highway Patrol (Responsible for more than 1 year)
- Most Potential Negative Impact: By not increasing retention the number of troopers on the road will continue to decline and the agency will spend more funds trying to attract, hire and retain troopers.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Strategy 2.2 - Enhance Employee Development

Objective 2.2.1 - Identify/host training opportunities in Human Trafficking, Fraudulent Document Recognition and Identity Fraud

- Legal Responsibilities Satisfied: Section 23-6-30; Section 23-6-60
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department responds to local, state, and federal law enforcement agencies' needs associated with immigration or foreign national issues.
- Public Benefit/Intended Outcome: Immigration Enforcement Unit assists state and local agencies by teaching related classes. This allows these agencies to become more efficient in the process and allows the state to save money by combining resources.
- Responsible Person: Eddie Johnson, Lieutenant, Illegal Immigration Enforcement Unit (Responsible for more than 1 year)
- Most Potential Negative Impact: Local agencies will not have a complete understanding of enforcement of immigration laws in their communities.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Goal 2 - Professional Development and Workforce Planning

Strategies: 2.1-Attract, Recruit and Retain a Professional Workforce; 2.2-Enhance Employee Development; 2.3-Enhance Leadership Development

Objective 2.2.2 - Develop training programs by utilizing PowerDMS and partnering with other agencies

- Legal Responsibilities Satisfied: Section 23-6-30; Section 23-6-60
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Department utilizes PowerDMS for the delivery of annual in-service training and partners with South Carolina Criminal Justice Academy in the delivery of both basic and in-service training.
- Public Benefit/Intended Outcome: Utilizing training programs by PowerDMS saves the state money by allowing online training and increasing productivity.
- Responsible Person: E. J. Talbot, Captain, Highway Patrol Training Unit (Responsible for more than 1 year)
- Most Potential Negative Impact: Agency did not provide response.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Objective 2.2.3 - Provide semi-annual collision reconstruction training; host collision reconstruction accreditation examinations

- Legal Responsibilities Satisfied: Section 23-6-30; Section 23-6-100; Section 23-6-187
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Department delivers advanced collision investigation training to law enforcement officers and evaluates officers according to accreditation standards. Department hosts and proctors accredited reconstruction examinations.
- Public Benefit/Intended Outcome: Enhancing the Multi-Disciplinary Accident Investigation Team product ensures that the public is serviced through and accurate investigations of complex collisions.
- Responsible Person: Michael Dangerfield, Captain, Multi-Disciplinary Accident Investigation Team (Responsible for more than 1 year)
- Most Potential Negative Impact: Complex collision investigations do not receive the proper investigation that could be conducted.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Goal 2 - Professional Development and Workforce Planning

Strategies: 2.1-Attract, Recruit and Retain a Professional Workforce; 2.2-Enhance Employee Development; 2.3-Enhance Leadership Development

Objective 2.2.4 - Conduct training for troopers on victim services and victims' rights

- Legal Responsibilities Satisfied: Section 23-6-30
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Department, in coordination with the Victim's Advocate from the Solicitor's office, provides all law enforcement personnel with appropriate training concerning the Victim's Bill of Rights and appropriate requirements.
- Public Benefit/Intended Outcome: Ensures that crime victims are properly serviced and receive all victim services required by law.
- Responsible Person: E. J. Talbot, Captain, Highway Patrol Training Unit (Responsible for more than 1 year)
- Most Potential Negative Impact: Victims of crime will not receive the proper services that they need.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Objective 2.2.5 - Conduct training for civilian employees

- Legal Responsibilities Satisfied: Section 23-6-30
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Department works to offer free to low cost training opportunities to employees for career development and self-improvement. Managers and supervisors seek out training opportunities for their employees year round. The Department partners with the State Division of Human Resources and other agencies for training opportunities.
- Public Benefit/Intended Outcome: Training improves DPS employees to provide better public service and make their interactions more efficient.
- Responsible Person: Zackary Wise, Chief, Bureau of Protective Services (Responsible for more than 1 year)
- Most Potential Negative Impact: BPS not being trained on current emergency response plans places employees and visitors to state facilities at risk.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Goal 2 - Professional Development and Workforce Planning

Strategies: 2.1-Attract, Recruit and Retain a Professional Workforce; 2.2-Enhance Employee Development; 2.3-Enhance Leadership Development

Objective 2.2.6 - Conduct training on police tactics and protocols

- Legal Responsibilities Satisfied: Section 23-6-30
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department works to ensure the delivery of professional law enforcement services through training and education at the basic and in-service levels. Training programs are reviewed and updated annually to ensure up-to-date and state-of-the-art methodology.
- Public Benefit/Intended Outcome: Training improves DPS officer interactions with the public increasing safety for the officer and the public.
- Responsible Person: E. J. Talbot, Captain, Highway Patrol Training Unit (Responsible for more than 1 year)
- Most Potential Negative Impact: Failing to provide training to employees makes it harder for employees to learn and perform their job duties which could affect the mission of the department.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Strategy 2.3 - Enhance Leadership Development

Objective 2.3.1 - Increase the number of managers/supervisors trained in leadership and professionalism practices

- Legal Responsibilities Satisfied: Section 23-6-30
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): Department provides professional training opportunities for supervisors and management through DPS and State Office of Human Resources (OHR).
- Public Benefit/Intended Outcome: Increasing training for managers creates a better work environment where DPS employees are more productive and efficient.
- Responsible Person: Tosha Autry, Human Resources Director, Office of Human Resources (Responsible for more than 1 year)
- Most Potential Negative Impact: Failing to provide proper training to managers and supervisors can cause morale issues and put them in a position to not be successful and prepared for higher level positions.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Goal 2 - Professional Development and Workforce Planning

Strategies: 2.1-Attract, Recruit and Retain a Professional Workforce; 2.2-Enhance Employee Development; 2.3-Enhance Leadership Development

Objective 2.3.2 - Provide training to managers and supervisors on employment law matters affecting the agency

- Legal Responsibilities Satisfied: Section 23-6-30
- How it is S.M.A.R.T. (*Specific, Measurable, Attainable, Relevant, and Time Bound*): Department provides annual training opportunities regarding the proper application of state and federal employment laws for supervisors and management through DPS and State Office of Human Resources (OHR).
- Public Benefit/Intended Outcome: Increasing training for managers on employment matters creates a better work environment where DPS employees are more productive and efficient. It also allows DPS managers to perform their job functions within established state and federal guidelines.
- Responsible Person: Tosha Autry, Human Resources Director, Office of Human Resources (Responsible for more than 1 year)
- Most Potential Negative Impact: Failing to provide proper training to managers and supervisors on employment law matters can put them in a position to face litigation in the event employment laws are violated.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Goal 3 - The Appropriate Use of Technology

Strategies: 3.1-Achieve and maintain documented/assessed compliance with known information security requirements;

3.2-Utilize Technology Sufficiently to Support DPS's Mission

Goal 3 - The Appropriate Use of Technology

- Legal Responsibilities Satisfied: Section 23-6-30; 101.32 Cyber Security; Federal Information Security Management Act 2002 (Legal basis for CJIS Security Policy); S.C. Code Reg. 73-25; 58-101 State Emergency Preparedness Standards (D. State Agency Emergency Preparedness Responsibilities); Section 23-6-195
- Public Benefit/Intended Outcome: Department works to ensure that DPS operates within established guidelines and protocols to protect agency data.
- Responsible Person: Michael Orecchio, Chief Information Officer (Responsible for less than 1 year)

Strategy 3.1 - Heighten Information Technology Security

Objective 3.1.1 - Achieve and maintain documented/assessed compliance with known information security requirements

- Legal Responsibilities Satisfied: 101.32 Cyber Security; Federal Information Security Management Act 2002 (Legal basis for CJIS Security Policy); S.C. Code Reg. 73-25
- How it is S.M.A.R.T. (Specific, Measurable, Attainable, Relevant, and Time Bound): The ISO continually conducts assessments of the agency's information security posture to identify and implement security policies, standards, guidelines, processes, and procedures.
- Public Benefit/Intended Outcome: Ensure that all information used by DPS employees is protected and the public's data is not compromised.
- Responsible Person: Ari Teal, Information Security Officer, Office of Audits and Accreditation (Responsible for less than 1 year)
- Most Potential Negative Impact: DPS increased dependence on computerized information systems to carry out its operations and to process, maintain, and report essential information. DPS relies on computer systems to transmit proprietary and other sensitive information, develop and maintain intellectual capital, conduct operations, process business transactions, transfer funds, and deliver services. In addition, the Internet has grown increasingly important, developing into an extended information and communications infrastructure that supports the DPS services to the public. Ineffective protection of these information systems and networks can result in a failure to deliver these vital services, and result in loss or theft of computer resources, assets, and funds; inappropriate access to and disclosure, modification, or destruction of sensitive information, such as Criminal Justice Information (CJI), PII, and proprietary business information; disruption of essential operations supporting critical infrastructure and emergency services; undermining of agency missions due to embarrassing incidents that erode the public's confidence in DPS; use of computer resources for unauthorized purposes or to launch attacks on other systems; damage to networks and equipment; and high costs.
 - Level Requires Outside Help: Agency did not provide response.
 - Outside Help to Request: Agency did not provide response.
 - Level Requires Inform General Assembly: Agency did not provide response.
 - General Assembly Options: Agency did not provide response.

Goal 3 - The Appropriate Use of Technology

Strategies: 3.1-Achieve and maintain documented/assessed compliance with known information security requirements;

3.2-Utilize Technology Sufficiently to Support DPS's Mission

Objective 3.1.2 - Compliance with federal, state, and other requirements for information security

- Legal Responsibilities Satisfied: 101.32 Cyber Security; Federal Information Security Management Act 2002 (Legal basis for CJIS Security Policy); S.C. Code Reg. 73-25

Objective 4.2.2 - Respond to 100% of all "Request for Data Reviews"

- Current Partner Entities and Ways Agency Works with Current Partners:
 - **S.C. DOT** - Increase traffic safety awareness, identify traffic safety trends, partner on solutions, coordinate traffic law enforcement, and fund traffic safety initiatives.
 - **National Highway Traffic Safety Administration** - Increase traffic safety awareness, identify traffic safety trends, partner on solutions, coordinate traffic law enforcement, and fund traffic safety initiatives.
 - **Local Law Enforcement Agencies** - Increase traffic safety awareness, identify traffic safety trends, partner on solutions, coordinate traffic law enforcement, fund traffic safety initiatives.
 - **S.C. Trucking Association** - Increase traffic safety awareness, identify traffic safety trends, partner on solutions, coordinate traffic law enforcement, and fund traffic safety initiatives.
 - **Solicitors' Offices** - Increase traffic safety awareness, identify traffic safety trends, partner on solutions, coordinate traffic law enforcement, and fund traffic safety initiatives.

Objective 4.2.3 - Utilize social media (Facebook and Twitter) to transmit valuable traffic and safety information to the public

- Current Partner Entities and Ways Agency Works with Current Partners:
 - **The motoring public** - Distribute important safety information regarding traffic safety issues as well as crimes such as hit- and-runs; we ask the public to partner with us by sharing this important information. One post can be seen by tens of thousands as people share and re-post.
 - **News media outlets** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.
 - **S.C. DOT** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.
 - **S.C. DMV** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.
 - **S.C. Emergency Management Division** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.
 - **Local law enforcement agencies** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.
 - **S.C. gov** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.

Objective 4.2.4 - Conduct safety events, fairs, presentations, and community outreach. Communication Resource Officers (CRO's) also distribute safety materials, use the driving simulator, rollover simulator, and golf cart goggles

- Current Partner Entities and Ways Agency Works with Current Partners:
 - **S.C. DOT** - Increase traffic safety awareness, identify traffic safety trends, partner on solutions, coordinate traffic law enforcement, and fund traffic safety initiatives.
 - **National Highway Traffic Safety Administration** - Increase traffic safety awareness, identify traffic safety trends, partner on solutions, coordinate traffic law enforcement, and fund traffic safety initiatives.
 - **Local Law Enforcement Agencies** - Increase traffic safety awareness, identify traffic safety trends, partner on solutions, coordinate traffic law enforcement, fund traffic safety initiatives.
 - **Solicitors' Offices** - Increase traffic safety awareness, identify traffic safety trends, partner on solutions, coordinate traffic law enforcement, and fund traffic safety initiatives.

Objective 4.2.5 - Conduct proactive media interviews with Community Relations Officers and DPS Communications to promote highway safety and traffic issues

- Current Partner Entities and Ways Agency Works with Current Partners:
 - **News Media Outlets** - Information is promoted and shared with others through the use of social media to educate the public on highway safety issues and initiatives.
 - **Operation Life Saver** - Information is promoted and shared with others through the use of social media to educate the public on highway safety issues and initiatives related to railroad crossing and railway safety.

- **Safe Kids** - Information is promoted and shared with others through the use of social media to educate the public on highway safety issues and initiatives related to child passenger safety.
- **National Safety Council** - Information is promoted and shared with others through the use of social media to educate the public on highway safety issues and initiatives related to teen driving.
- **First Steps** - Information is promoted and shared with others through the use of social media to educate the public on highway safety issues and initiatives related to child passenger safety.
- **Buckle Buddies** - Information is promoted and shared with others through the use of social media to educate the public on highway safety issues and initiatives related to child passenger safety.
- **S.C. DOT** - Information is promoted and shared with others through the use of social media to educate the public on highway safety issues and initiatives.
- **S.C. DMV** - Information is promoted and shared with others through the use of social media to educate the public on highway safety issues and initiatives.
- **S.C. Emergency Management Division** - Information is promoted and shared with others through the use of social media to educate the public on highway safety issues and traffic issues related to weather and other natural disasters.

Objective 4.2.6 - Utilize the S.C. DPS web page to disseminate important traffic and safety information to the media and public

- Current Partner Entities and Ways Agency Works with Current Partners:
 - **News Media Outlets** - Information is promoted and shared with others through the use of social media to educate the public on highway safety issues and initiatives.
 - **S.C. DOT** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.
 - **S.C. DMV** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.
 - **S.C. Emergency Management Division** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.
 - **Local law enforcement agencies** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.
 - **S.C. gov** - Coordinate sharing of DPS.gov web site links that provide pertinent information regarding public safety issues.

Part II. Agency Relationships and Public Input

Public Comments about the Agency

In the Committee's September 2015 public survey, the opinions of 411 participants who chose to provide their opinion about the agency were a majority positive.⁴⁷ Of those who expressed an opinion, 59.61% had a positive (50.36% - 207) or very positive opinion (9.25% - 38) of the agency, while 36.01% had a negative (22.63% -93) or very negative opinion (13.38% - 55) of the agency, and while a few expressed no opinion (4.38% - 18).⁴⁸ Notably, many participants answered that they had personal experience with the agency (203) or that they had heard about the agency from media coverage (103).⁴⁹

Written comments about the agency were provided by 164 survey participants; often, those comments addressed more than one topic. Some of the topics addressed in the written comments are listed in Table 3.⁵⁰ The complete verbatim comments can be found online.⁵¹ Responses to online surveys posted on the Committee's webpage are provided verbatim as they were received by the Committee. They are not the comments or expression of the House Legislative Oversight Committee, any of its Subcommittees, or the House of Representatives.

Part III. Resources: Availability and Allocation

Financial Capital

Strategic Allocation - Amount budgeted to, and spent on, each Objective in the Strategic Plan

Note: There is only one year of information available for allocation of funding by objective as this is a new process for state agencies.

Information on how the agency spent the money available to it by objective and, if applicable, unrelated purpose, is set forth in Table 7.

Table 7. Agency funds available to spend in 2015-16 and where the agency budgeted to spend those funds.⁵⁷

Part III. Resources: Availability and Allocation

Employees

*Strategic Allocation*⁶²

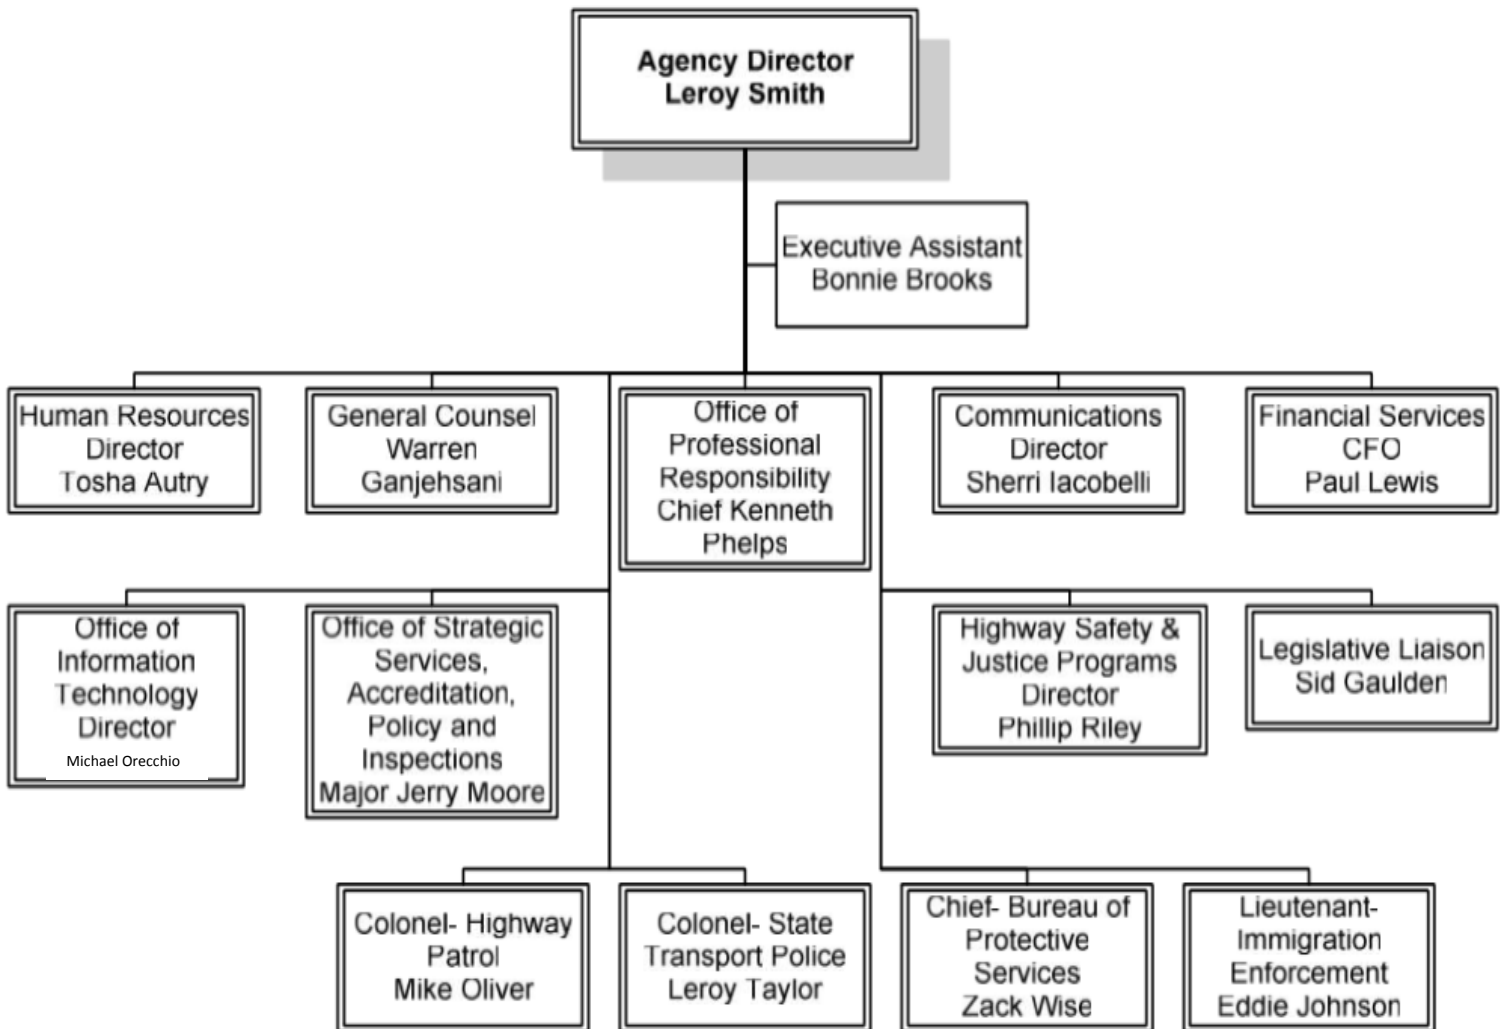

Figure 6. Agency's 2015-16 Organizational Chart.⁶³

Note: The “number of different physical employees working on this goal or objective” is the number of different employees whose job responsibilities include activities that help the agency accomplish the goal or objective. An employee may spend 100% of the employee’s time working on activities related to that goal or objective, but another employee may only spend 25% or 50% of the time working on that goal or objective and the other 75% or 50% of the time working on activities related to other goals. To account for these situations, information on the “Number of employee equivalents working on this goal or objective,” is also included. The agency calculates this number by adding up the percentage of each employee’s time that goes to the goal or objective and divides the total percentage by 100%. This shows how many employees work on the goal or objective if each employee spent 100% of their time on activities related to that goal or objective.

Part IV. Agency Performance and Recommendations

Types of Measures Utilized⁶⁴ & Targets and Results of Measures⁶⁵

Note: There are four types of performance measures, which are explained below. The subcommittee indicated it is looking for efficiency and outcome measures.

- **Inputs** are human or material resources used, such as number of staff hours or classroom space used to conduct welfare-to-work programs.
- **Outputs** are the amount of service, effort, or activity produced or delivered, such as number of clients receiving job training or number of students in AP courses.
- **Efficiency** measures are the amount of output or outcome achieved in terms of input, such as cost per participant in welfare-to-work programs, or cost per student.
- **Outcomes** are results or the effectiveness of a service or effort, such as the number of clients employed for at least half time within six months of job training or the percentage of students who graduate from high school.

While the agency may assert a performance measure is a certain type (e.g., efficiency, outcome, etc.), the Subcommittee may or may not agree. Information about the performance measure targets and actual results are also included in this section.

Actual results for the performance measures are as of June 30 each year, the end of the fiscal year. In addition, a bold line is drawn to indicate where information for the most current two years begins. Also, the bold line indicates where the information shown for each year goes from only results to targets, results and minimum acceptable results. The targets and minimum acceptable result levels are set by the agency. Lastly, additional performance measures tracked by the agency, which the agency did not associate with a specific objective, are included at the end of this section of the study.

Under the description of the performance measure in the “Performance Measure” column, is the type of measure the agency indicated it considered the measure in its 2016 Annual Restructuring Report. An explanation of the type of measures are on the previous page. Also, in the “Why Chosen?” column, there is the one of the following in parenthesis, “State,” “Federal,” or “Agency Selected.” In the 2016 Annual Restructuring Report, for each performance measure, the agency was asked to indicate whether the state or federal government required the agency to track the measure or whether it was a measure the agency selected.

Goal 1 - Enhance Public/Officer Safety

- Total amount budgeted to goal (i.e. sum of the amounts budgeted to each objective under this goal) in 2015-16:

Part IV. Agency Performance and Recommendations

Agency Recommendations to Improve Efficiency and Outcomes

Note: The agency's recommendations are summarized in Visual Summary Table 2 on page 6.

In the 2015 Annual Restructuring and Seven Year Plan Report, submitted March 2015, the agency stated it did “not have any recommendations for restructuring at this time. Our organization always works to operate efficiently and effectively in accordance with our mandate established by the General Assembly. One of the main priorities of our agency is to function at peak efficiency while fulfilling our mission.” The agency director did note that some of the initiatives which have been implemented since he was appointed in 2011 include:

- The agency **merged the offices of Highway Safety and Justice Programs**. The merger created a more efficient unit to service other agencies in the areas of highway safety and law enforcement grants. Administrative costs were reduced and service to customers was improved.
- The law enforcement **telecommunications centers that the agency operates were consolidated from seven centers to four**. This consolidation reduced costs related to facilities, equipment, and personnel required to operate this function.
- An **electronic traffic collision reporting system was implemented**. This system eliminated the need for officers to produce written collision reports. All of the agency's reports are now processed electronically. This reduces reporting time, reduces costs, and allows officers to spend more of their time on enforcement activity.
- The agency **recently implemented a mobile data program** for the agency. This program allows officers to have computers and data/internet service in their vehicles. Mobile data creates the opportunity for agency employees to work more effectively while better serving the citizens of the state.

In the 2015 Annual Restructuring and Seven Year Plan Report, submitted March 2015, the agency stated it did “not have any recommendations for restructuring at this time. Our organization always works to operate efficiently and effectively in accordance with our mandate established by the General Assembly. One of the main priorities of our agency is to function at peak efficiency while fulfilling our mission.”⁷⁰ The agency director noted some of the initiatives which have been implemented since he was appointed in 2011 are outlined in the Agency Recommendations to Improve Efficiencies and Outcomes section of this report.⁷¹

In the Program Evaluation Report, submitted August 2015, the agency did not indicate any laws it would recommend the committee further evaluate. While the agency included it in response to how the General Assembly could help the agency avoid potential negative impacts, the agency's comment to “Strengthen Driving Under the Influence laws regarding requirements and exceptions in the videotaping law to enhance prosecution” could be viewed as a recommendation from the agency. In the 2016 Annual Restructuring Report, submitted January 2016, the agency did not include any recommendations for restructuring, minor or major, at the agency.

Final Law Analysis to Remove Archaic Language

The agency did not recommend that any statutes, regulations or provisos (laws) be revised or eliminated to remove archaic language or ensure the law matches with current agency practices.

APPENDIX A - STATE BUDGET

Budget Background Information⁷³

State government’s **total budget**, which is found each year in the appropriations act, is **made up of three funds: federal, general, and other**. The General Assembly does not spend federal and other funds in the annual appropriations act. The annual appropriations act authorizes a maximum amount that agencies may spend for the fiscal year. The General Assembly may adjust the agencies’ authorizations. The state’s general fund, on the other hand, is South Carolina’s bank account; those are the taxes and fees that are available to the General Assembly to appropriate every year.

Table 10. Background on the budget process.

Federal Funds (Fund Code 5000)	<ul style="list-style-type: none"> • Authorization • Examples: Medicaid; Education; Higher Education – Research and financial aid grants; Federal gas tax
Other Funds (State Earmarked = Fund Code 3000) (State Restricted = Fund Code 4000)	<ul style="list-style-type: none"> • Authorization • State Earmarked (a.k.a. Fund Code 3000 or Other Funds) - Special revenues which are to be used for a specific use; typically the revenue is from the agency providing some type of service for which it earns fees and the earmarked funds are those portion of fees that are kept by the agency (i.e. tuition and fees for universities; DNR license fees; etc.) • State Restricted (a.k.a. Fund Code 4000 or Other Funds) - Special deposits, primarily debt service and trust funds; these funds earn interest and the interest goes back into the account (i.e. bonds, trusts, etc.)
General Funds (Fund Code 1000)	<ul style="list-style-type: none"> • Appropriated • South Carolina’s Bank Account

When the funds are authorized or appropriated, it can be **recurring or non-recurring**. Non-recurring dollars are money available to spend on a one-time expense. Examples of funds that are authorized or appropriated on a non-recurring basis include (a) excess money (e.g. projected year end surplus not included in recurring estimate; cash in the bank that exceeded previous year’s estimate; vetoed items sustained by the General Assembly); (b) money from lawsuits where the State is a plaintiff; and (c) capital reserve funds.

The **Annual Appropriations Act** generally consists of three main parts. These parts are as follows:

<ul style="list-style-type: none"> • Establishes funding levels for state agencies • Looks like a “budget” • Also known as the “Dollars” section of the Act 	<ul style="list-style-type: none"> • Temporary laws effective for the fiscal year • Regulates the expenditure of funds appropriated to agencies in Part 1A and may make provisions for the operation of state government • Also known as “provisos” 	<ul style="list-style-type: none"> • Permanent provisions of law • Not included in the annual appropriations act since fiscal year 2000-2001

In previous years, there have also been Part III and even Part IV to the Appropriations Act, which were utilized for various purposes.

The budget process includes three main phases in its **timeline**. These phases are illustrated in Figure 7.

APPENDIX B - STATE EMPLOYEES

Type of State Employees⁷⁴

The main entity who keeps track of employees is the Division of State Human Resources within the Department of Administration. Their website is <http://admin.sc.gov/humanresources>.

There are four main types of state employees which are as follows:

(1) **Temporary** - These positions are full-time or part-time positions created for a period of time not to exceed one year.

(2) **Time-Limited** - These positions are positions established to perform work directly associated with a time-limited project. The main difference between a temporary employee and a time-limited employee is the time-limited employee is employed to work on a particular project, and is employed only until the goals are met or the funding ends for that project.

(3) **Temporary Grant** - These positions are positions established to perform work directly associated with federal grants, public charity grants, private foundation grants, or research grants.

(4) **Full-time Equivalent (FTE)** - Within the full time type of employment (FTE), there are two main groupings, classified and unclassified. Agencies are granted a specific number of classified and unclassified FTE positions as part of the budget process, which must be kept in balance throughout the fiscal year.

(a) **Classified FTE** - In the classified system, each position is assigned to a class. A class is a group of positions sufficiently similar in the duties performed; degree of supervision exercised or received; minimum requirements of education or experience; and the knowledge, skills, and abilities required that the Division of State Human Resources applies the same State class title and the same State salary range to each position in the group. The State class titles are grouped into the following categories: Administrative, Information Services, Education, Health Services, Human Services, Technical Services, Law Enforcement and Regulatory Services, Trade Services, and Agricultural and Natural Resources. Each State class title is assigned to one of 10 State salary ranges, or pay bands. The classified system is governed by sections 19-702 and 19-705 of the State Human Resources Regulations, Classification Plan and Classified Employee Pay Plan.

(b) **Unclassified FTE** - In the unclassified system, each position is assigned to an unclassified State title. Unlike the classified system, however, unclassified titles do not have class specifications, which outline examples of the duties performed; degree of supervision exercised or received; minimum requirements of education or experience; the knowledge, skills, and abilities required; and a State salary range for the position. Therefore, State agencies are afforded greater flexibility with unclassified positions than with classified positions. The unclassified system is governed by applicable portions of section 19-706 of the State Human Resources Regulations, Establishment of Unclassified Positions and Unclassified Employee Pay Plan. There are four distinct groups of unclassified positions:

(b) **Unclassified FTE** (cont.) - There are four distinct groups of unclassified positions:

(1) **Agency heads covered by the Agency Head Salary Commission,**

The compensation of agency heads covered by the Agency Head Salary Commission is governed by the Commission.

(2) **Executive compensation system,**

In the Executive Compensation System, each position is evaluated by the State Division of Human Resources based on the Hay Method of Job Evaluation. Through this evaluation process, each position is assigned a given number of points based on the three attributes of Know-How, Problem-Solving, and Accountability. The sum of these points is then used to calculate a salary range for the specific position. The position is assigned an unclassified title; however, the salary range is tied to the evaluation of the specific position, not the title assigned to the position. Therefore, different positions with the same title may have different Hay evaluations and salary ranges. The Executive Compensation System is primarily utilized for deputy directors or other high level management positions within State agencies.

(3) **Academic personnel,** and

(4) **Unclassified other,** which includes teachers, agency heads not covered by the Agency Head Salary Commission, and other positions exempted from the State Classification and Compensations Plan by the General Assembly.

The compensation of academic personnel and unclassified other positions are governed by the agencies within the provisions the State Human Resources Regulations and other applicable state laws.

RE: HLOC Final Staff Study Report

Signature Redacted

I am writing in response to the email I received on April 15, 2016 from the House Legislative Oversight Committee. The email contained a final version of the Staff Study Report for the SC Department of Public Safety. As you know, our agency was given ten (10) days to provide an official response if desired.

Although we do not have any formal comments concerning the final report, I would respectfully like to ask that the following corrections (which are highlighted) be made if at all possible.

- 1) Our **Vision** statement on page 12 should read: **The vision of the Department of Public Safety is setting the standard for public safety excellence as a cohesive team by making South Carolina a safer place to live, work, and visit through protection, education, and service.**
- 2) On page 4, the diagram under History, please correct as follows: Created in 1993 as part of restructuring; **four** confirmed Directors since creation; DMV and Criminal Justice Academy were under it for numerous years.
- 3) On page 4, the diagram under Highway Safety & Justice Programs, please correct as follows: Administers **highway safety, criminal justice, juvenile justice, and victims grants** to law enforcement agencies, private non-profits, state agencies, **tribal and local governments.**
- 4) On page 11 concerning the agency history, please correct as follows:

2009-2010

With two of its original components now stand alone agencies, during this time period the Department of Public Safety consisted of the following divisions: SC Highway Patrol; SC State Transport Police; SC Law Enforcement Officers Hall of Fame; **Office of Highway Safety; Office of Justice Programs;** and Bureau of Protective Services.

2011-Present

The current structure Also, this time period saw the merging of the **Office of Justice Programs and the Office of Highway Safety to the Office of Highway Safety and Justice Programs;** the creation of the "Target Zero" Program focusing on the elimination of highway fatality; as well as the creation of the Community Advisory Councils to solicit input from the community and to discuss important safety initiatives, policies and programs...

- 5) On page 138, please correct the contact phone number for the Immigration Enforcement Unit to read: **(803) 896-7954**

Please know we appreciate the opportunity to review and comment on the HLOC Staff Study.
