Public Input

- I. First Vice-Chair Funderburk stated that the purpose of this meeting was to hear public testimony regarding the Aeronautics Commission and the Department of Corrections.

- II. Members of the public provided testimony about the Aeronautics Commission and the Department of Corrections. Constituent testimony and Committee minutes summarizing testimony are not the comments or expression of the House Legislative Oversight Committee, any of its Subcommittees, the House of Representatives, or any of these entities staff.

Before each person testifies, First Vice-Chair Funderburk or Chairman Weston Newton administered an oath to the person. Below are the names of each person who testified

and the time in the archived video at which the testimony begins. The testimony is grouped by agency.

Aeronautics Commission

Mr. James Stephens (10:00)

Mr. Stephens testified that he resides in Lexington County and is the Executive Director of the South Carolina Aeronautics Commission. Mr. Stephens provides an overview of the Commission's role and responsibilities in the state's transportation system. Mr. Stephens answers questions from the Committee members regarding the commission's operations and interactions with other state agencies.

Department of Corrections

Ms. Nancy Bloodgood (48:00)

Ms. Bloodgood testified that she is a volunteer seventh grade language arts teacher at Lieber Correctional Facility. However, she testified that she has been locked out of the facility for fifteen months. Ms. Bloodgood testified that the majority of inmates at Lieber Correctional cannot test to the seventh grade level, making the inmates ineligible for the state GED program. Ms. Bloodgood started a non-profit organization called Hope Through Literacy that aims to improve literacy among inmates.

Mr. Ralph Bell (1:00:39)

Mr. Bell testified that he is a resident of Richland County and is close to someone who was recently incarcerated. He testified that his primary concern is with the mental health of inmates, especially during lockdowns. Mr. Bell testified that addressing the mental health issues for inmates will help them reintegrate into the work force after release. He further testified that the lack of resources especially hurts inmates who don't have anyone concerned about them outside of the prison.

Ms. Ariel Bell (1:08:14)

Ms. Bell testified that she is a resident of Richland County. She testified that she was incarcerated. Ms. Bell testified that it took four months for her to leave her room in the correctional facility. She further testified that when she finally did leave her room to talk to a counselor, she felt ignored and dismissed. She further testified that more resources for mental health issues will help inmates realize their potential upon release.

Reverend Charles Pollak (1:23:40)

Reverend Pollak testified that he is a resident of Colleton County and is a former chaplain for the Department of Corrections. He testified that he retired from the Department of Corrections because he felt the Department was going downhill and he felt that he could do more good on the outside of prisons. He testified that he represents a non-profit organization called the South Carolina Prison Reform Alliance. Reverend Pollak is the

organization's President. He further testified that he believes the Department of Corrections should undergo a comprehensive independent review.

Mr. Stuart Andrews (1:47:57)

Mr. Andrews testified that he resides in Richland County and is a partner at Nelson, Mullins, Riley & Scarborough. Mr. Andrews represented a class of inmates in a lawsuit against the Department of Corrections. The lawsuit has since been settled and he is involved in seeing the settlement implemented. He testified that the Department of Corrections is facing a crisis which requires a legislative solution. Mr. Andrews testified regarding the lawsuit against the Department of Corrections and the impact that the settlement had on inmates.

Ms. Dawn Simmons (01:51 – Part 2)

Ms. Simmons testified that she works in derivative operations but has a degree in social work. She testified that she has a loved one who is an inmate on a drug trafficking charge. Ms. Simmons testified that she wrote a book, entitled *Letters to Our Sons*, in which she documented prisoner accounts regarding living conditions inside South Carolina prisons. Ms. Simmons testified that some of the problems include high prices for necessary supplies inside the prison, excessively long prison sentences, and general living conditions.

Mr. James Siegler (08:34 – Part 2)

Mr. Siegler testified that he is a resident of Sumter County and recently was released from prison. He testified that he entered prison at seventeen years old. He further testified that he was frequently on lockdown and had limited contact with visitors. He also testified that, because of his limited communication with visitors or family members, he felt as though there was no one available to hear his concerns about the prison living conditions. Mr. Siegler testified that his primary concern was being able to return to a normal life upon leaving prison.

Ms. Cathleen DeCourcy (13:41 - Part 2)

Ms. DeCourcy testified that she is a volunteer at Ridgeland Correctional Institute. She testified that volunteers are often seen as a disruption and disturbance inside the prison. She further testified that very few inmates attend their programming and the volunteers are often forced to pay for supplies. Ms. DeCourcy testified that she believes volunteers are not being utilized by the Department of Corrections in the best way.

Mr. Curtis Johnson (17:35 – Part 2)

Mr. Johnson testified that he is a resident of Greenville County and is a community activist and pastor. He testified that the incident at Lee Correctional Facility raised his level of concern for the state prison system. He testified regarding the number of deaths in South Carolina prisons and how the number of fatalities continues to increase. He cites

a number of factors that cause unrest in prisons, such as lack of medical and mental health resources and understaffed security personnel.

Ms. Traci Fant (22:30 – Part 2)

Ms. Fant testified that she is a resident of Greenville County and is a community activist with Freedom Fighters Upstate South Carolina. She testified that she became interested in the South Carolina prison system after receiving communication from an inmate indicating that was afraid for his life inside the prison. The inmate told Ms. Fant that inmates were often violent and the violence often was overlooked. Ms. Fant testified that she believes inmates do not have an adequate avenue to air their grievances. Some of the inmate grievances that Ms. Fant testified to include – sanitary concerns in the prisons, general living conditions, the number of suicides, religious discrimination, sexual abuse and misconduct, and misconduct by guards and security personnel.

Mr. Stan Burt (27:11 – Part 2)

Mr. Burt testified that he is a resident of Dorchester County and is the former warden of Lieber Correctional. He testified that he currently runs a homeless shelter. Mr. Burt testified that his primary concern is that inmates are released without the ability to work or provide for themselves. He testified that inmates often do not have the legal capacity to work upon leaving prison.

Mr. Joseph Fischer (29:30 – Part 2)

Mr. Fischer testified that he is a resident of Charleston County and has a son who is serving a prison sentence at Kirkland Correctional. Mr. Fischer testified that his concern is the educational opportunities available to inmates. He testified that college level programs are not available to inmates presently because of a prior mishap with an inmate. He further testified that a college degree is the more important than a GED in the modern economy and providing a GED does not adequately prepare inmates for post-incarceration life.

Ms. Teresa Lawson (35:10 – Part 2)

Ms. Lawson testified that she is a resident of York County and runs a pre-school for children with incarcerated parents. She testified that the effect of an incarcerated parent is very significant for young children. She testified that children visiting the prison often have limited engagement with their parents. Ms. Lawson testified that legislation is needed to provide a more stable and engaging visiting experience for children visiting their parents in prison.

Ms. Efia Nwangaza (43:02 – Part 2)

Ms. Nwangaza testified that she is a resident of Greenville County and is the Executive Director of the Malcom X Center for Self Determination. She testified that she has been an activist on prisoner issues since 1978 and has visited every prison in South Carolina. Ms. Nwangaza testified that she agreed with the prior testimony regarding problems in the South Carolina prisons. She further testified that race and class are not adequately considered in the prison system. She also testified that prisoners are not prepared to enter society again upon their release from prison.

Mr. Paul Palmer (50:30 – Part 2)

Mr. Palmer testified that he is a resident of Richland County and is a volunteer at the Broad River Correctional Institution. Mr. Palmer testified that he is involved in the Kairos Prison Ministry. He testified that, since the lockdown at Lee Correctional, his organization's access to Broad River Correctional has been significantly limited. He further testified that Kairos' goal is not to convert inmates to Christianity but to provide socialization training for the inmates.

Ms. Kathleen Warthen (54:20 – Part 2)

Ms. Warthen testified that she is a resident of Richland County and is the policy attorney for Protection and Advocacy for People with Disabilities. Ms. Warthen's organization was involved in the lawsuit regarding mental health resources. She testified that the Department of Corrections has done a good job in complying with the settlement on issues like tracking mental health statistics and assessing necessary treatment. However, Ms. Warthen testified that the Department of Corrections has not reached compliance on other issues such as sanitary conditions in segregated cells and providing outside recreation time for inmates in the segregated areas. She also testified that the Department of Corrections is at partial compliance for several other issues related to the settlement.

Ms. Erica Felder (1:00:00 – Part 2)

Ms. Felder testified that she is a resident of Laurens County. She testified that the families of inmates are scared to reach out to the Department of Corrections. She testified that her organization is focused on trying to connect families with the agency so that concerns can be raised. Ms. Felder testified that the inability to raise concerns and grievances creates an unstable and potentially dangerous environment in the prisons.

Ms. Susan DeMarco (1:07:21 – Part 2)

Ms. DeMarco testified that she is a resident of Richland County and has a friend incarcerated at Broad River Correctional Institute. She testified that she now runs an advocacy organization regarding prisoner rights and rehabilitation. She further testified that the lockdowns occurring in South Carolina prisons significantly affect the inmates. Ms. DeMarco testified that society must recognize that prisoners are still human beings that deserve respect and stable living conditions.

Ms. Tia Simmons (1:12:21 – Part 2)

Ms. Simmons testified that she is a resident of Richland County and has family and friends who have either been incarcerated in the past or are currently incarcerated. Ms. Simmons testified that she has volunteered with the Department of Corrections in several roles and has seen the prison system from every angle. She testified that the problems can be repeated at length, but the most important issue is action. Ms. Simmons further testified that rehabilitation should be the focus for correctional facilities in the state. She further testified that prisoners should not be forgotten and the legislature has a unique opportunity to make significant change.

Ms. Cindy Quattlebaum (1:16:30 – Part 2)

Ms. Quattlebaum testified that she is a resident of Saint Matthews and has a son who was incarcerated at one time. She testified that her son was located at a designated facility in Union County where he was provided a job that significantly helped his rehabilitation. She testified that only about three hundred inmates are provided with the opportunity that her son had. Ms. Quattlebaum further testified that the victims of crimes need to be considered in the process of reforming the prison system because the victims have a right to expect that the sentence associated with the crime is carried out.

Agency Organizational Units

During the study process the Committee asks the agency about its organization and major operating programs.⁶⁷ LLR informs the Committee it has four major programs: State Fire (also known as Fire and Life Safety), Professional and Occupational Licensing, Labor, and Elevators/Amusement Rides. These are broken down into seven organizational units, also known as divisions or offices. There are also three support units. Information about each unit is included in the tables below.

State Fire

The following three units comprise the State Fire program:

The **Office of the State Fire Marshal** conducts inspections to increase compliance with state fire safety regulations, code consultation, and plan review services. Table 2 provides additional information about the office.

Organizational Chart

Figure 4. Organizational chart provided by the agency (current as of October 2018).⁶⁸

Internal Audit Process

In the Program Evaluation Report, the Committee asks the agency to provide information about its internal audit process, if it has one. The agency provides the information below.⁶⁹

LLR is a medium-size agency that does not currently employ a full-time auditor; however, the agency regularly conducts finance, human resources, and procurement audits. Beginning in FY 14-15, the agency drafted standard operating procedures in its Administration division to improve the effectiveness of risk management, control and governance.

As a result of establishing internal auditing procedures, we have shown marked improvement with fewer and fewer audit exceptions noted in all functional areas relative to the standard audits conducted by the Office of the State Auditor (annually), Materials Management (every 3 years), and Department of Administration - HR Division (annually).

The agency also provides a table of the types and frequency of internal audits conducted by its Administration division. This table and other details about the internal auditing procedures can be found on pages 22-25 of the agency's Program Evaluation Report.

Legal Obligations

In the Program Evaluation Report, the Committee asks the agency to list the laws applicable to it. LLR's diverse duties are outlined in a number of different statutes and regulations.⁷⁰ Table 30 in Appendix B includes the laws establishing the agency's 42 licensing boards and related licensure requirements. Table 31 in Appendix C includes the other laws governing the agency's operations.

Products and Services

In the Program Evaluation Report the Committee asks the agency to provide information about the products and services it provides.⁷¹ The tables below show the products and services provided by the agency, organized by major program.

Strategic Resource Allocation and Performance

Annually, each agency submits a strategic plan.⁷⁶ Of interest in the oversight process are the total resources available to an agency and how the agency allocates those resources to the goals and objectives in its strategic plan.

Funding

The General Assembly authorizes LLR to spend just over \$41 million during FY 18-19.⁷⁷ During the study, LLR provides the Subcommittee with the following breakdown of its funding sources for this fiscal year:⁷⁸

Performance Measures

Also of interest during the study process is how the agency measures its performance in implementing its strategic plan. Tables 19 through 23 provide information on the data the agency tracks to measure its performance, sorted by agency program. Please note, since this information is from the agency's Program Evaluation Report, submitted in April 2018, the data for 2018 reflect a partial year.

STUDY PROCESS

Agency Selection

LLR is an agency subject to legislative oversight.⁸¹ On December 19, 2017, during the 122nd General Assembly, the Committee prioritizes the agency for study.⁸²

As the Committee encourages **collaboration in its legislative oversight process**, the Committee notifies the following individuals about the agency study: Speaker of the House, standing committee chairs in the House, members of the House, Clerk of the Senate, and Governor.

Subcommittee Membership

The **Economic Development, Transportation, and Natural Resources Subcommittee of the House Legislative Oversight Committee studies the agency** during the 122nd General Assembly.⁸³ Throughout the study, the Honorable Bruce W. Bannister serves as chair. Other Subcommittee Members include:

- The Honorable Neal A. Collins;
- The Honorable Mandy Powers Norrell; and
- The Honorable Robert L. Ridgeway, III.

Agency Reports to Legislative Oversight Committee

During the legislative oversight process, the **Committee asks the agency to conduct self-analysis** by requiring it to complete and submit annual Restructuring Reports, a Seven-Year Plan for cost savings and increased efficiencies, and a Program Evaluation Report. The Committee posts each report on the agency page of the Committee's website.

Restructuring Report

The Annual Restructuring Report fulfills the requirement in S.C. Code Ann. §1-30-10(G)(1) that annually each agency report to the General Assembly "detailed and comprehensive recommendations for the purposes of merging or eliminating duplicative or unnecessary divisions, programs, or personnel within each department to provide a more efficient administration of government services." The report, at a minimum, includes information in the following areas - history, mission and vision, laws, strategic plan, human and financial resources, performance measures, and restructuring recommendations.

LLR submits its Annual Restructuring Reports on May 1, 2015, and February 12, 2016.⁸⁴ Starting in September 2016, the Annual Accountability Reports the agency has submitted to the Governor and General Assembly serve as its Annual Restructuring Reports.⁸⁵

Seven-Year Plan for Cost Savings and Increased Efficiencies

S.C. Code Ann. §1-30-10 requires agencies to submit "a seven year plan that provides initiatives and/or planned actions that implement cost savings and increased efficiencies of services and responsibilities within the projected seven-year period."⁸⁶ LLR submits its plan on May 1, 2015.⁸⁷

Program Evaluation Report

When an agency is selected for study, the Committee may acquire evidence or information by any lawful means, including, but not limited to, "requiring the agency to prepare and submit to the investigating committee a program evaluation report by a date specified by the investigating committee." S.C. Code Ann. §2-2-60 outlines what an investigating committee's request for a program evaluation report must contain. It also provides a list of information an investigating committee may request. The Committee sends guidelines for LLR's Program Evaluation Report (PER) on January 23, 2018. The agency submits its report on April 20, 2018.⁸⁸

The PER includes information in the following areas: agency successes and challenges, legal directives, strategic plan, resources, performance, agency ideas/recommendations, agency organization, and additional documents submitted by the agency. The **Program Evaluation Report serves as the base document for the Subcommittee's study of the agency.**

Information from the Public

Public input is a cornerstone of the House Legislative Oversight Committee's process. There are a variety of opportunities for public input during the legislative oversight process. Members of the public have an opportunity to participate anonymously in a public survey, provide comments anonymously via a link on the Committee's website, and appear in person before the Committee.⁸⁹ During the study, media articles related to the agency are compiled for member review.

Public Survey

From January 23 - March 1, 2018, the Committee posts an **online survey to solicit comments from the public about LLR** and five other agencies. The Committee sends information about this survey to all House members to forward to their constituents. Additionally, in an effort to communicate this public input opportunity widely, the Committee issues a statewide media release.⁹⁰

There are 501 responses to the survey, with 114 of these relating to the agency. The responses relating to the agency come from 23 of South Carolina's 46 counties.⁹¹ These comments are not considered testimony.⁹² As the survey notes, "input and observations from those citizens who [chose] to provide responses are very important . . . because they may help direct the Committee to potential areas for improvement with these agencies."⁹³ The Committee posts the survey results on the Committee's website. The **public is informed it may continue to submit written comments about agencies online** after the public survey closes.⁹⁴

Over three-quarters of respondents report a **positive or very positive opinion of LLR.**⁹⁵

Figure 8. January 2018 public survey respondent opinion of LLR.

Over three-quarters of respondents report basing their opinions on personal or business experience with the agency. A majority of those responding about LLR indicate that they are state employees. Responses include comments on **the usefulness of the agency’s website, employee responsiveness to licensees and the public, placement of the Division of Fire and Life Safety, OSHA, and physician medication dispensing.**⁹⁶

Public Input via Committee Website

Throughout the course of the study, people are able to submit comments anonymously on the Committee website. The Committee posts comments verbatim to the website, but they are not the comment or expression of the House Legislative Oversight Committee, any of its Subcommittees, or the House of Representatives.⁹⁷ The Committee receives two comments about LLR in this manner, both of which are positive.⁹⁸

Public Input via In-Person Testimony

During the study, the Committee offers the opportunity for the public to appear and provide sworn testimony.⁹⁹ A press release announcing this opportunity is sent to media outlets statewide on February 9, 2018.¹⁰⁰ The Committee holds a meeting dedicated to public input about LLR and other agencies on March 1, 2018.¹⁰¹ Further detail on the public input meeting is in the meetings section of this report.

Meetings Regarding the Agency

The Committee meets with, or about, the agency on two occasions, and the Subcommittee meets with, or about, the agency on four occasions. All meetings are open to the public and stream live online; also, the videos are archived and the minutes are available online. A timeline of meetings is set forth in Figure 2.

Once the Committee Chair receives written notice from the Subcommittee Chair, the Committee Chair, pursuant to Committee Standard Practice 13.1, includes the Subcommittee Study on the agenda for a full committee meeting. During a full Committee meeting at which the Subcommittee Study is discussed, the Committee may vote, pursuant to Committee Standard Practice 13.2, to (1) refer the study and investigation back to the Subcommittee for further evaluation; (2) approve the Subcommittee's study; or (3) further evaluate the agency as a full Committee, utilizing any of the resources of legislative oversight available.

When the Committee approves a study, **any member of the Committee may provide a written statement for inclusion with the study.** The study, and written statements, are published online and the agency, as well as all House Standing Committees, receive a copy. The Committee shall offer at least one briefing to members of the House about the contents of the final oversight study approved by the Committee.¹⁰⁸ The Committee Chair may provide briefings to the public about the final oversight study.¹⁰⁹

To support the Committee's ongoing oversight by maintaining current information about the agency, the agency may receive an annual Request for Information.

RECOMMENDATIONS

The following **recommendations include areas** the Subcommittee identifies **for potential improvement**. The Subcommittee recognizes these recommendations will not address every issue or potential area of improvement at the agency. These recommendations are based on the agency’s self-analysis requested by the Committee, discussions with the agency during multiple meetings, and analysis of the information obtained by the Subcommittee. This information, including, but not limited to, the Program Evaluation Report, Accountability Report, Restructuring Report and videos of meetings with the agency, is available on the Committee’s website.

Continue

The Subcommittee does not have any specific recommendations with regards to continuance of agency programs.

Revise

The Subcommittee has 36 recommendations for revisions. All of the Subcommittee recommendations are adopted at its November 1, 2018, meeting; all members present at the meeting vote to approve the recommendations.¹¹⁰ Most involve statutory changes and are directed to the General Assembly. Two recommendations are directed to state agencies. An overview of these recommendations is provided in Table 1. Details about the recommendations are listed below, sorted by the related agency division or program.

Occupational Safety and Health Administration (OSHA)

The Subcommittee has four recommendations for statutory changes related to the agency’s OSHA division.

Table 24. Recommendations to the General Assembly related to OSHA.

Occupational Safety and Health Administration (OSHA)	<ol style="list-style-type: none">1. Allow the required notice of hearings about employee health and safety regulations to be published in newspapers with electronic circulation by amending S.C. Code Ann. § 41-15-220(A).2. Clarify the process through which LLR issues citations and penalties for violations of employee health and safety regulations by amending S.C. Code Ann. § 41-15-280 and repealing § 41-15-300.4. Ensure LLR’s ability to maximize federal funding for its labor programs by codifying Proviso 81.7 from the 2018-19 General Appropriations Act.
--	--

1. The Subcommittee recommends the General Assembly allow the required notice of hearings about employee health and safety regulations to be published in newspapers with electronic circulation by amending S.C. Code Ann. § 41-15-220(A), as proposed by the agency. This proposed change may increase effectiveness by enhancing the accessibility of notices for the public and employers.¹¹¹ See the recommended draft language in [Appendix A](#).
2. The Subcommittee recommends the General Assembly provide a compliance mechanism for warrants and subpoenas related to OSHA investigations and authorize sanctions for non-compliance by amending S.C. Code Ann. § 41-15-260 and § 41-15-270, as proposed by the agency. This change may address circumstances in which an employer refuses to comply with a warrant and deter employers from ignoring subpoenas.¹¹² See the recommended draft language in [Appendix A](#).
3. The Subcommittee recommends the General Assembly clarify the process through which LLR issues citations and penalties for violations of employee health and safety regulations by amending S.C. Code Ann. § 41-15-280 and repealing § 41-15-300, as proposed by the agency. The proposed amendments update terminology, clarify that citations and penalties for these violations are issued at the same time, and allow the agency additional time to investigate violations when employers have concealed them. LLR asserts that clearly outlining the process in statute protects the public while providing due process to employers.¹¹³ See the recommended draft language in [Appendix A](#).
4. The Subcommittee recommends the General Assembly ensure LLR’s ability to maximize federal funding for its labor programs by codifying Proviso 81.7 from the 2018-19 General Appropriations Act. This proviso, which has been included in the last ten general appropriations acts, allows LLR to use earmarked and restricted funds to maintain its OSHA programs.¹¹⁴ Director Farr testifies that LLR annually uses about \$1 million of licensing and permitting funds to supplement OSHA and other labor programs, ensuring that it can meet the match requirements for its federal grants.¹¹⁵

Wages and Child Labor

The Subcommittee has three recommendations for statutory changes related to LLR’s Wages and Child Labor division.

Table 25. Recommendations to the General Assembly related to Wages and Child Labor.

Wages and Child Labor	<ol style="list-style-type: none"> 5. Increase penalties for violations of laws related to payment of wages by amending S.C. Code Ann. § 41-10-80. 6. Authorize employers to make use of current technology related to providing employee wage statements by updating S.C. Code Ann. § 41-10-30 and § 41-10-40.
-----------------------	---

5. The Subcommittee recommends the General Assembly increase penalties for violations of laws related to payment of wages by amending S.C. Code Ann. § 41-10-80, as proposed by the agency. This proposed change may enhance compliance mechanisms for violations.¹¹⁶ See the recommended draft language in [Appendix A](#).

6. The Subcommittee recommends the General Assembly clarify penalty options for first-time violations of child labor regulations by amending S.C. Code Ann. § 41-13-25, as proposed by the agency. This statutory change may provide better information to the public and assist those employers wishing to avoid such penalties.¹¹⁷ See the recommended draft language in Appendix A.
7. The Subcommittee recommends the General Assembly authorize employers to make use of current technology related to providing employee wage statements by updating S.C. Code Ann. § 41-10-30 and § 41-10-40, as proposed by the agency. These proposed amendments recognize the ability of employers to provide electronic pay statements to employees and to pay wages in forms other than the standard check, such as by electronic funds transfer.¹¹⁸ See the recommended draft language in Appendix A.

Elevators and Amusement Rides

The Subcommittee has one recommended statutory change related to the agency’s Elevators and Amusement Rides division.

Table 26. Recommendation to the General Assembly related to Elevators and Amusement Rides.

Elevators and Amusement Rides	8. Clarify which amusement rides are subject to LLR permitting by defining “open to the public” in S.C. Code Ann. § 41-18-40.
-------------------------------	---

8. The Subcommittee recommends the General Assembly clarify which amusement rides are subject to LLR permitting by defining “open to the public” in S.C. Code Ann. § 41-18-40, as proposed by the agency. The South Carolina Amusement Rides Safety Code, S.C. Code Ann. § 41-18-10 *et seq.*, applies to amusement rides at places “open to the public,” but that phrase is not defined. LLR defines the term in S.C. Code Ann. Regs. 71-4000(F), but asserts it is still facing questions from the public and the legislature regarding whether the agency’s definition includes church camps.¹¹⁹

State Fire

The Subcommittee has eleven recommendations for statutory changes related to State Fire, also known as the Division of Fire and Life Safety.

Table 27. Recommendations to the General Assembly related to State Fire.

State Fire	<ol style="list-style-type: none"> 9. Authorize the Office of State Fire Marshal to issue fines up to \$1,000 for repeated fire code violations (i.e., those that remain uncorrected after provision of notice and time to correct) creating life safety issues for the public. 10. Revise statutes to reflect duties and powers of the Office of State Fire Marshal by amending S.C. Code Ann. § 23-9-20 and repealing § 23-9-40, § 23-9-60, § 23-9-110, and § 23-9-130. 11. 9. **The Subcommittee recommends the General Assembly authorize the Office of State Fire Marshal to issue fines up to \$1,000 for repeated fire code violations (i.e., those that remain uncorrected after provision of notice and time to correct) creating life safety issues for the public.** In a January 2018 audit, the Legislative Audit Council (LAC) reports only about half of the fire code violations the Office of State Fire Marshal identifies in buildings such as state facilities and public schools are corrected.¹²⁰ The LAC cites a number of troubling examples of longstanding violations, such as emergency lighting in a school not working for three years and an outdated fire alarm system in a prison for seven years.¹²¹

The LAC notes the enforcement mechanisms currently in statute, which include seeking a court order from the Administrative Law Court and causing a building to be demolished, may be unclear or impractical and recommends the agency have the ability to issue fines.¹²² LLR staff recommend a \$1,000 maximum for such fines.¹²³

Public buildings and businesses are subject to inspection by authorities of the city, town, or county in which they are located, and LLR representatives testify local fire authorities may have the ability to issue fines for violations through local ordinances.¹²⁴ However, S.C. Code Ann. § 23-9-50(b) also gives the State Fire Marshal the authority to inspect buildings that are public or used for public purposes. State Fire Marshal Jonathan Jones indicates the office inspects state-owned buildings, prisons and detention facilities, consumer fireworks retailers, pyrotechnic display operators, public

schools (mostly in cooperation with the Department of Education's Office of School Facilities for new construction or renovation projects), propane gas facilities, and public fireworks displays.¹²⁵

In response to questions from Subcommittee members, LLR representatives note the Office of State Fire Marshal inspects foster homes and Department of Disabilities and Special Needs (DDSN) facilities through contractual relationships with the Department of Social Services and DDSN, as part of those agencies' licensing processes. Consequences for code violations in these locations are imposed by the licensing agencies. Therefore, LLR believes foster homes and DDSN facilities would not be subject to fines for violations even if the Office of State Fire Marshal is granted the authority to issue fines for violations in public buildings.¹²⁶

10. **The Subcommittee recommends the General Assembly revise statutes to reflect duties and powers of the Office of State Fire Marshal by amending S.C. Code Ann. § 23-9-20 and repealing § 23-9-40, § 23-9-60, § 23-9-110, and § 23-9-130, as proposed by the agency.** Combining Sections 23-9-20, 23-9-40, 23-9-60, 23-9-110, and 23-9-130 of the S.C. Code of Laws would allow the complete authority of the State Fire Marshal to be set forth in a single statutory section. This recommendation also adds duties not currently in statute. Further, clarifying the enforcement authority of the State Fire Marshal would implement part of a recommendation made by the Legislative Audit Council in January 2018.¹²⁷ See the recommended draft language in [Appendix A](#).
11. **The Subcommittee recommends the General Assembly clarify the authority of those acting on behalf of the Office of State Fire Marshal and allow the Office of State Fire Marshal to establish procedures to discipline certified fire marshals by amending S.C. Code Ann. § 23-9-30, as proposed by the agency.** The Legislative Audit Council notes resident fire marshals, who serve by virtue of their employment as chief of a fire department or county fire marshal, are not required to be certified by the State Fire Marshal, but may choose to seek certification. When local fire marshals are certified, there is no provision allowing the State Fire Marshal to revoke those certificates for cause. The Legislative Audit Council notes instances in which serious violations were missed during inspections by local fire marshals. This statutory change has been recommended by the Legislative Audit Council as well as LLR.¹²⁸ See the recommended draft language in [Appendix A](#).
12. **The Subcommittee recommends the General Assembly allow LLR's Division of Fire and Life Safety to receive donations of equipment by amending S.C. Code Ann. § 23-49-120, as proposed by the agency.** Current law allows the South Carolina Forestry Commission to accept donations of fire protection, control, and rescue equipment and exempts the donors from liability related to the use of the donated equipment. LLR asserts its Division of Fire and Life Safety, also known as State Fire, can utilize direct donations or distribute them to the appropriate local departments in need. However, the agency states many entities are not willing to donate to LLR without immunity from liability.¹²⁹ This change is also recommended by the Legislative Audit Council in its January 2018 audit of the Division of Fire and Life Safety.¹³⁰ See the recommended draft language in [Appendix A](#).
13. **The Subcommittee recommends the General Assembly simplify the grant award process for the Volunteer Strategic Assistance and Fire Equipment (V-SAFE) Program and designate a revenue stream to support administration of the program by amending S.C. Code Ann. § 23-9-25, as proposed by the agency.** LLR representatives testify this proposed change mirrors practices that have worked well in federal grant processes. It allows the peer-review panel selecting grant recipients to set annual funding priorities and permits the panel to consider grant amendments after an award. It

also designates 3% of the total grant funding to remain with the State Fire Marshal to support the administration of the program.¹³¹ See the recommended draft language in [Appendix A](#).

14. **The Subcommittee recommends the General Assembly identify all classes of fire equipment permits and licenses that are regulated by the Office of State Fire Marshal, allow for promulgation of regulations regarding requirements, and correct terminology by amending S.C. Code Ann. § 23-9-45, as proposed by the agency.** This proposed change identifies all classes of equipment and allows the agency to promulgate regulations to ensure the competence of licensees. It also amends the statute to reflect the correct title of the office.¹³² See the recommended draft language in [Appendix A](#).
15. **The Subcommittee recommends the General Assembly allow the Office of State Fire Marshal to enter fire or explosion sites without permission in cases of fatalities or serious injuries by amending S.C. Code Ann. § 23-9-50, as proposed by the agency.** Current statute allows entry into premises or dwellings without consent only in particular situations. This change would clarify those situations and expand them to include cases of fatality or serious injury resulting from a fire, explosion, or arson.¹³³ See the recommended draft language in [Appendix A](#).
16. **The Subcommittee recommends the General Assembly reflect appropriate fees for duplication and documentation of files and the correct title of the Office of State Fire Marshal by updating S.C. Code Ann. § 40-80-30, as proposed by the agency.** LLR asserts the proposed fees match current practice and fair rates for the process.¹³⁴ See the recommended draft language in [Appendix A](#).
17. **The Subcommittee recommends the General Assembly eliminate an antiquated statutory reference to historical movement of the Office of State Fire Marshal and reflect current terminology by updating S.C. Code Ann. § 23-9-10, as proposed by the agency.** This change would eliminate antiquated information and reflect the commonly-used name for the division.¹³⁵ See the recommended draft language in [Appendix A](#).
18. **The Subcommittee recommends the General Assembly ensure consistent use of terminology related to the State Fire Academy by amending S.C. Code Ann. § 23-10-10, as proposed by the agency.** This proposed change reflects the title used in the field, State Fire Academy, as well as correct names of associated institutions and titles of personnel, committees, and divisions.¹³⁶ These updates are also recommended by the Legislative Audit Council in its January 2018 report.¹³⁷ See the recommended draft language in [Appendix A](#).
19. **The Subcommittee recommends the General Assembly eliminate an unnecessary statute relating to wheelchair access ramps, S.C. Code Ann. § 23-9-35, as proposed by the agency.** This section allows the Office of State Fire Marshal to build wheelchair access ramps without paying fees or obtaining permits. Agency representatives assert the section is unnecessary because LLR does not build ramps.¹³⁸

Professional and Occupational Licensing (POL)

The Subcommittee has fifteen recommendations for statutory changes related to the agency's POL division.

Table 28. Recommendations to the General Assembly related to Professional and Occupational Licensing.

Professional and Occupational Licensing	<ol style="list-style-type: none">20. Require the Legislative Audit Council to assess, every 10 years, the need for continued regulation of each of the professions and occupations licensed by the boards administered by LLR.21. Eliminate the requirement for the LLR director to recommend professions and occupations for de-regulation by amending S.C. Code Ann. § 40-1-50(A).22. Clarify that LLR, not the professional and occupational licensing boards, selects and hires agency employees by amending S.C. Code Ann. § 40-1-50(A).23. Task licensing boards with advising LLR on statutory revisions and other matters by amending S.C. Code Ann. § 40-1-70.24. Amend disciplinary procedures for the Board of Chiropractic Examiners in S.C. Code Ann. § 40-9-31 to conform to current agency practices.25. Require the LLR attorney representing the state, rather than officers of the professional and occupational licensing boards, to sign and provide notice of formal accusations filed by several boards by amending S.C. Code Ann. § 40-15-180, § 40-55-130, and § 40-75-9026. Allow the Manufactured Housing Board, rather than an administrative hearing officer, to hear a case against a licensee of the board by amending S.C. Code Ann. § 40-29-60.27. Clarify the procedures for service of notice for disciplinary hearings and the role of disciplinary counsel in licensing investigations by amending S.C. Code Ann. § 40-1-90.28. Clarify that a nondisciplinary letter of caution issued by a licensing board is a private order by amending S.C. Code Ann. § 40-1-120.29. Clarify the difference between voluntary surrender and permanent relinquishment of a license by amending S.C. Code Ann. § 40-1-150.30. Clarify the confidentiality standards to be used during different stages of licensing investigations by amending S.C. Code Ann. § 40-1-190.31. Update the list of professional and occupational licensing boards administered by LLR by amending S.C. Code Ann. § 40-1-40(B).32. Authorize the Perpetual Care Cemetery Board to make use of current technology (e.g., email) by amending S.C. Code Ann. § 40-8-160.33. Remove outdated types of optometry licenses from S.C. Code Ann. § 40-37-20 and § 40-37-420.34. Correct a typographical error, an incorrect statutory citation, and a reference to a definition that does not exist in statute by amending S.C. Code Ann. § 40-11-20, § 40-29-100, and § 40-59-270.
---	---

20. **The Subcommittee recommends the General Assembly require the Legislative Audit Council to assess, every 10 years, the need for continued regulation of each of the professions and occupations licensed by the boards administered by LLR.** LLR currently administers 42 professional and occupational licensing boards, and the agency notes in its Program Evaluation Report (PER) that many other professions lobby to become regulated.¹³⁹ No licensing board under LLR has been permanently sunsetted since the agency's creation in 1993.¹⁴⁰ However, as noted by a Committee member at the meeting on March 1, 2018, as well as in the agency's PER, occupational licensure can present a barrier to entry into a profession for those who may be disqualified due to finances, education, experience, or criminal history.¹⁴¹ It also affects those relocating from other states, such as military spouses.¹⁴²

The agency identifies the lack of a formal mechanism for the General Assembly to consider the continued need to regulate programs as an emerging issue that will have an impact on the agency in the next five years.¹⁴³ Currently, S.C. Code Ann. § 40-1-10(B) lays out four criteria for a profession or occupation to qualify for regulation, and S.C. Code Ann. § 40-1-50(A) requires the LLR director to notify the General Assembly of industries that should be deregulated. However, LLR notes this requirement presents a conflict of interest between the agency and the boards it supports.¹⁴⁴ Regular, independent reviews by the Legislative Audit Council could ensure the General Assembly has the information it needs to make informed policy decisions about this issue.

21. **The Subcommittee recommends the General Assembly eliminate the requirement for the LLR director to recommend professions and occupations for de-regulation by amending S.C. Code Ann. § 40-1-50(A), as proposed by the agency.** The LLR director is currently required to submit an annual report to the legislature and the governor that identifies any professions or occupations currently regulated by LLR's licensing boards that do not meet the criteria for regulation outlined in S.C. Code Ann. § 40-1-10. LLR asserts that this provision has the potential to put the director in an adversarial relationship with a board she is statutorily bound to administer, and that deregulation is a policy decision best left to the legislature.¹⁴⁵ See the recommended draft language in [Appendix A](#).
22. **The Subcommittee recommends the General Assembly clarify that LLR, not the professional and occupational licensing boards, selects and hires agency employees by amending S.C. Code Ann. § 40-1-50(A), as proposed by the agency.** LLR employs the staff that provide administrative support to the professional and occupational licensing (POL) boards. Current statute outlines a procedure in which the appropriate licensing board chooses a short list of candidates for a position from those deemed qualified by the agency's human resources department. However, most POL staff members work with multiple boards. This change would reflect the agency's current practice of following the hiring laws that apply to all state agencies.¹⁴⁶ See the recommended draft language in [Appendix A](#).
23. **The Subcommittee recommends the General Assembly task licensing boards with advising LLR on statutory revisions and other matters by amending S.C. Code Ann. § 40-1-70, as proposed by the agency.** LLR notes that although some boards have this authority in statute, many do not.¹⁴⁷ See the recommended draft language in [Appendix A](#).
24. **The Subcommittee recommends the General Assembly amend disciplinary procedures for the Board of Chiropractic Examiners in S.C. Code Ann. § 40-9-31 to conform to current agency practices, as proposed by the agency.** This proposed change reflects the current agency practice of the Office of General Counsel, rather than the Attorney General's office, prosecuting cases. Also, this change

clarifies allegations of misconduct are brought against a licensee by the state, not for a complainant. Additionally, the change brings procedures for a stay pending appeal into line with court rules, statutes relating to other boards, and S.C. Code Ann. § 40-1-160.¹⁴⁸ The Office of the Attorney General has no objection to this change.¹⁴⁹ See the recommended draft language in [Appendix A](#).

25. **The Subcommittee recommends the General Assembly require the LLR attorney representing the state, rather than officers of the professional and occupational licensing boards, to sign and provide notice of formal accusations filed by several boards by amending S.C. Code Ann. § 40-15-180, § 40-55-130, and § 40-75-90, as proposed by the agency.** This recommendation applies to the Board of Dentistry, the Board of Examiners in Psychology, and the Board of Examiners for the Licensure of Professional Counselors, Marriage and Family Therapists, and Psycho-educational Specialists. This change would protect the board president from having access to the allegations against a respondent before the hearing.¹⁵⁰ See the recommended draft language in [Appendix A](#).
26. **The Subcommittee recommends the General Assembly allow the Manufactured Housing Board, rather than an administrative hearing officer, to hear a case against a licensee of the board by amending S.C. Code Ann. § 40-29-60, as proposed by the agency.** This change would conform statute to the current board practice.¹⁵¹ See the recommended draft language in [Appendix A](#).
27. **The Subcommittee recommends the General Assembly clarify the procedures for service of notice for disciplinary hearings and the role of disciplinary counsel in licensing investigations by amending S.C. Code Ann. § 40-1-90, as proposed by the agency.** This proposed change sets forth the law regarding service of notice, which is not currently included in statute for every board.¹⁵² See the recommended draft language in [Appendix A](#).
28. **The Subcommittee recommends the General Assembly clarify that a nondisciplinary letter of caution issued by a licensing board is a private order by amending S.C. Code Ann. § 40-1-120, as proposed by the agency.** An LLR representative testifies it is unclear to the agency whether these letters should be subject to release under the Freedom of Information Act; the proposed change is to clearly state they are not.¹⁵³ See the recommended draft language in [Appendix A](#).
29. **The Subcommittee recommends the General Assembly clarify the difference between voluntary surrender and permanent relinquishment of a license by amending S.C. Code Ann. § 40-1-150, as proposed by the agency.** The current statute uses these two terms interchangeably, but there is a difference: a surrender may be temporary and a relinquishment is described as permanent in the statutes for some boards.¹⁵⁴ See the recommended draft language in [Appendix A](#).
30. **The Subcommittee recommends the General Assembly clarify the confidentiality standards to be used during different stages of licensing investigations by amending S.C. Code Ann. § 40-1-190, as proposed by the agency.** Initial complaints are confidential to maintain privacy for licensees/respondents found to be compliant with the law. Once the threshold of a formal complaint has been crossed, matters are presumed to be public, but still subject to reasonable protections pursuant to controlling law. The proposed change clarifies a respondent has access to the complaint and evidence.¹⁵⁵ See the recommended draft language in [Appendix A](#).

31. The Subcommittee recommends the General Assembly update the list of professional and occupational licensing boards administered by LLR by amending S.C. Code Ann. § 40-1-40(B), as proposed by the agency. This proposed change updates board names, removes titles of programs subsumed under other boards, and lists all boards currently administered by the agency.¹⁵⁶ See the recommended draft language in Appendix A.
32. The Subcommittee recommends the General Assembly authorize the Perpetual Care Cemetery Board to make use of current technology (e.g., email) by amending S.C. Code Ann. § 40-8-160, as proposed by the agency. This change would allow the agency to send final orders electronically to local and state professional associations. This would reduce mailing costs and further public protection by ensuring board orders are disseminated quickly. It would not change the means of disseminating a final order to a respondent.¹⁵⁷ See the recommended draft language in Appendix A.
33. The Subcommittee recommends the General Assembly remove outdated types of optometry licenses from S.C. Code Ann. § 40-37-20 and § 40-37-420, as proposed by the agency. The basic certified optometrist and diagnostic certified optometrist licenses were phased out in 2008, as outlined in S.C. Code Ann. § 40-37-420. Optometrists are now required to be therapeutic certified optometrists. This proposed change removes both the definitions of the old license types and the description of the period in which they were phased out.¹⁵⁸ See the recommended draft language in Appendix A.
34. The Subcommittee recommends the General Assembly correct a typographical error, an incorrect statutory citation, and a reference to a definition that does not exist in statute by amending S.C. Code Ann. § 40-11-20, § 40-29-100, and § 40-59-270, as proposed by the agency. LLR proposes these changes to the Committee in its PER.¹⁵⁹ See the recommended draft language in Appendix A.

Recommendations to State Agencies

The Subcommittee directs one recommendation to LLR’s OSHA division, and one jointly to LLR and the Department of Health and Environmental Control.

Table 29. Recommendations to state agencies.

Division/ Program	Recommendation to...	Recommendations
OSHA	LLR’s OSHA division	35. Partner with insurance companies to increase opportunities to educate employers about health and safety and encourage voluntary compliance.
Professional and Occupational Licensing	LLR and the Department of Health and Environmental Control	36. Jointly make a recommendation to the Committee as to which agency should administer the Commission of Hearing Aid Specialists.

35. The Subcommittee recommends LLR’s division of Occupational Safety and Health Administration (OSHA) partner with insurance companies to increase opportunities to educate employers about

health and safety and encourage voluntary compliance. During the study, agency representatives testify the OSHA division works with school districts and employers to educate employees and employers about health and safety, but does not currently have formal partnerships with insurance companies.¹⁶⁰ Insurance companies that have close relationships with either employers or employees and share an interest in promoting employee health and safety could provide unique ways for OSHA to communicate information about regulations, programs, and best practices.

36. **The Subcommittee recommends LLR and the Department of Health and Environmental Control jointly make a recommendation to the Committee as to which agency should administer the Commission of Hearing Aid Specialists.** S.C. Code Ann. § 40-25-10 *et seq.* authorize the Department of Health and Environmental Control (DHEC), with advice from the Commission of Hearing Aid Specialists, to license qualified persons to engage in the practice of specializing in hearing aids; oversee the examination of persons seeking licensure; conduct periodic inspections of persons, facilities, and equipment; and take enforcement action as authorized by statute. In response to member questioning during the study of DHEC by the Healthcare and Regulatory Subcommittee, DHEC representatives testify their responsibilities related to this licensure program are administrative, such as tracking licensees' continuing education, and are very similar to LLR's responsibilities related to its professional and occupational licensing boards.¹⁶¹

The Committee made a recommendation similar to this as a result of the DHEC study, which was completed in December 2017.¹⁶² The Subcommittee requests the agencies' recommendation be delivered in the form of a letter to the Committee.

Eliminate

The Subcommittee does not have any specific recommendations with regards to elimination of agency programs.

INTERNAL CHANGES IMPLEMENTED BY AGENCY RELATED TO STUDY PROCESS

LLR Director Farr testifies during the study process that the agency has expedited the formalization of its records retention policy and has taken further steps to protect private information due in part to Committee questioning about records retention.¹⁶³

APPENDICES

Appendix A. Draft Language for Recommended Statutory Changes

Recommendation 1

Allow the required notice of hearings about employee health and safety regulations to be published in newspapers with electronic circulation by amending S.C. Code Ann. § 41-15-220(A).

§ 41-15-220

(A) Before the promulgation, modification, or revocation of a regulation issued pursuant to this article, the commissioner shall conduct a public hearing at which all interested persons, including employer and employee representatives, must be provided an opportunity to appear and present their comments orally or written, or both. Notice of the hearing must be published in the State Register and may be published in at least three newspapers, at least one of which has circulation in upper, lower, and middle South Carolina, or through electronic means, once a week for three weeks. The notice must contain the date, time, and place of the hearing and a brief description of the proposed regulation.

[remainder of statute unchanged]

Recommendation 2

Provide a compliance mechanism for warrants and subpoenas related to OSHA investigations and authorize sanctions for non-compliance by amending S.C. Code Ann. § 41-15-260 and § 41-15-270.

§ 41-15-260

(B)(3) A warrant issued pursuant to this section shall be served within ten days and returned within thirty days of its date of issue. A person authorized by the Director of the Department of Labor, Licensing and Regulation or designee may seek contempt and/or sanctions, in the event of noncompliance with a warrant. Assistance may also be sought by law enforcement during the service of the warrant. The circuit judge who has issued a warrant under this section shall attach to the warrant a copy of the return and all papers filed in connection therewith and shall cause them to be filed with the court which issued such warrant.

[remainder of statute unchanged]

§ 41-15-270

(A) The Director of the Department of Labor, Licensing and Regulation or his designee may subpoena witnesses, documents, take and preserve testimony, examine witnesses, administer oaths and, upon proper presentation of credentials to the owner, manager or agent of the employer, enter any place, site or areas where employment comes under the jurisdiction of the Commissioner and interrogate any person employed therein or connected therewith or the proper officers of a corporation or employer, or he may file a written or printed list of interrogatories and require full and complete answers to them to be returned under oath within fifteen days of the receipt of such list. In the event of non-compliance, the Director or his designee may seek contempt and/or sanctions by the circuit judge having jurisdiction where the inspection and investigation is being conducted.

(B) Upon proper presentation of credentials to the owner, manager or agent of the employer, the Director of the Department of Labor, Licensing and Regulation or his designee may enter any place, site or area where employment comes under the jurisdiction of the Director and interrogate any person employed therein or connected therewith or the proper officers of a corporation or employer. In the event of non-compliance, the Director of the Department of Labor, Licensing and Regulation or his designee may seek a warrant pursuant to the provisions in Section 41-15-260.

Recommendation 3

Clarify the process through which LLR issues citations and penalties for violations of employee health and safety regulations by amending S.C. Code Ann. § 41-15-280 and repealing § 41-15-300.

§ 41-15-280. Citation and notification of penalty for violation; notice in lieu of citation.

If, upon inspection or investigation, the ~~Commissioner~~ Director or his authorized representative ascertains that an employer has violated a requirement of any rule or regulation promulgated pursuant to this article, he shall with reasonable promptness issue a citation and notification of penalty to the employer. Each citation and notification of penalty shall be in writing and shall describe with particularity the nature of the violation or violations, including a reference to any statute or rule or regulation alleged to have been violated. The citation and notification of penalty shall fix a reasonable time for the abatement of the violation. The ~~Commissioner~~ Director may prescribe procedures for the issuance of a notice in lieu of a citation with respect to de minimis violations which have no direct or immediate relationship to safety or health. Such notice shall have the effect of a recommendation to the employer; compliance will not be required.

Each citation and notification of penalty issued under this section, or a copy or copies thereof, shall be prominently posted, as prescribed in regulations issued by the ~~Commissioner~~ Director, at or near each place a violation referred to in the citation occurred.

No citation may be issued under this section after the expiration of six months following the occurrence of any violation. Where the actions or omissions of the employer or its designee conceal the existence of the violation or conditions leading to the violation, this limitation is tolled until such time as the agency learns or could have learned of the violation or conditions.

§ 41-15-300. Notice of penalties.

~~If, after an inspection or investigation, the Commissioner issues a citation, he shall within a reasonable time after the termination of such inspection or investigation notify the employer by certified mail of the penalty, if any, assessed under Section 41-15-320.~~

Recommendation 5

Allow the Manufactured Housing Board, rather than an administrative hearing officer, to hear a case against a licensee of the board by amending S.C. Code Ann. § 40-29-60.

§ 40-29-60.

(A) A licensee who violates a provision of this chapter or regulation pertaining to warranty requirements, deposits, or rescission of contracts shall appear upon citation by the board before an agent of the board appointed to act as administrative hearing officer for a hearing or shall appear before the full board upon issuance of a formal complaint by the State. Upon the finding of a violation, the hearing officer:

(1) may for a first offense, impose a fine of not more than five hundred dollars or suspend the license for not more than thirty days, or both;

(2) may for a second offense, impose a fine of not more than one thousand dollars or suspend the license for not more than sixty days, or both;

(3) may for a third offense, impose a fine of not more than two thousand dollars or suspend the license for not more than ninety days, or both;

(4) shall for a fourth or subsequent offense, present the violation to the board for disciplinary action pursuant to this chapter.

If the full board hears the case, it may impose such sanctions as are allowable under the law.

(B) The licensee must be given at least thirty days' notice of the time and place of the hearing and of the charges. A person aggrieved by a ruling of the administrative hearing officer may appeal to the board within fifteen days after the ruling. The request for appeal must be in writing. The board shall state in writing its findings and determinations in its decision in the matter on appeal.

Appeals from ~~the~~ decision of the board may be made to an administrative law judge pursuant to the Administrative Procedures Act.

(C) A licensee who violates any provision of this chapter or regulations promulgated by its authority or accumulates three or more warranty or contract violations which have not been corrected within the prescribed time upon citation of the board shall appear before the board for a hearing. The licensee must be given at least thirty days' notice of the time and place of the hearing and of the charges. A person aggrieved by a ruling of the board may appeal to an administrative law judge pursuant to the Administrative Procedures Act. Upon the finding of such a violation, the board may:

(1) impose a fine of not more than two thousand five hundred dollars or suspend or revoke the license or any combination thereof; and

(2) order an increase in surety bonding or other approved security requirements.

(D) The board may conduct hearings and presentations of views consistent with regulations adopted by the United States Department of Housing and Urban Development and adopt regulations necessary to carry out this function.

Recommendation 27

Clarify the procedures for service of notice for disciplinary hearings and the role of disciplinary counsel in licensing investigations by amending S.C. Code Ann. § 40-1-90.

§ 40-1-90. Disciplinary action proceedings; service of notice.

(A) The results of an investigation must be presented to the board. If from these results it appears that a violation has occurred or that a licensee has become unfit to practice the profession or occupation, the board, in accordance with the Administrative Procedures Act, may take disciplinary action authorized by Section 40-1-120. No disciplinary action may be taken unless the matter is presented to and voted upon by the board. The board may designate a hearing officer or hearing panel to conduct hearings or take other action as may be necessary under this section.

(B) For the purpose of a proceeding under this article, the department may administer oaths and issue subpoenas for the attendance and testimony of witnesses and the production and examination of books, papers, and records on behalf of the board or, upon request, on behalf of a party to the case. Upon failure to obey a subpoena or to answer questions propounded by the board or its hearing officer or panel, the board may apply to an administrative law judge for an order requiring the person to comply with the subpoena.

(C) Service of notices conclusively must be presumed thirty days after mailing by first class or certified mail to the respondent to the last address provided to a board by the respondent.

(D) When provision is made for the service of any notice, order, report, or other paper or copy of these upon any person in connection with any proceeding, service may be made upon counsel of record for the person, either personally or by first class or certified mail.

(E) Service of notice upon a respondent who cannot be found at the last known address provided by the respondent or after due diligence cannot be found at his usual abode or place of business in this State or outside of the State, may be made by leaving with the director or her designee a copy of the notice and any accompanying documents along with proof of attempted service at the last known address. This provision does not remove a licensee's obligation to inform a board of a proper address for communication by mail.

Recommendation 28

Clarify that a nondisciplinary letter of caution issued by a licensing board is a private order by amending S.C. Code Ann. § 40-1-120.

§ 40-1-120. Sanctions.

(A) Upon a determination by a board that one or more of the grounds for discipline exists, in addition to the actions the board is authorized to take pursuant to its respective licensing act, the board may:

(1) issue a public reprimand;

(2) impose a fine not to exceed five hundred dollars unless otherwise specified by statute or regulation of the board;

(3) place a licensee on probation or restrict or suspend the individual's license for a definite or indefinite time and prescribe conditions to be met during probation, restriction, or suspension including, but not limited to, satisfactory completion of additional education, of a supervisory period, or of continuing education programs;

(4) permanently revoke the license.

(B) A decision by a board to discipline a licensee as authorized under this section must be by a majority vote of the total membership of the board serving at the time the vote is taken.

(C) A final order of a board disciplining a licensee under this section is public information.

(D) Upon a determination by a board that discipline is not appropriate, the board may issue a nondisciplinary letter of caution: that is not subject to disclosure under the Freedom of Information Act.

(E) A board may establish a procedure to allow a licensee who has been issued a public reprimand to petition the board for expungement of the reprimand from the licensee's record.

Recommendation 29

Clarify the difference between voluntary surrender and permanent relinquishment of a license by amending S.C. Code Ann. § 40-1-150.

§ 40-1-150. Voluntary surrender or relinquishment of authorization to practice.

A licensee who is under investigation for a violation provided for in Section 40-1-110 or the licensing act of the applicable board for which disciplinary action may be taken may voluntarily surrender authorization to practice to the board. The voluntary surrender invalidates the authorization to practice at the time of its ~~relinquishment~~ surrender, and no person whose authorization to practice is surrendered voluntarily may practice the profession or occupation unless the board, by a majority vote, reinstates the license. A person practicing a regulated profession or occupation during the period of voluntary surrender is considered an illegal practitioner and is subject to the penalties provided by this article. The surrender of an authorization to practice may not be considered an admission of guilt in a proceeding under this article and does not preclude the board from taking disciplinary action against the licensee as provided for in this article or the board's licensing act including, but not limited to, imposing conditions that must be met before the board reinstates the license. A voluntary surrender of a license is public information.

A licensee may also decide voluntarily to permanently relinquish the authorization to practice to the board. This relinquishment invalidates the authorization to practice at the time of its relinquishment, and no person whose authorization to practice is permanently relinquished may practice the profession or occupation at any time thereafter. A person practicing a regulated profession or occupation after relinquishment is considered an illegal practitioner and is subject to the penalties provided by this article. The permanent relinquishment of an authorization to practice stops disciplinary action before a board as to the relinquished license, and is a public document which shall be made available on the department's website.

Recommendation 30

Clarify the confidentiality standards to be used during different stages of licensing investigations by amending S.C. Code Ann. § 40-1-190.

§ 40-1-190. Privileged communications; confidentiality of initial investigations; formal complaints open to public; respondent's due process rights preserved.

(A) A communication, whether oral or written, made by or on behalf of a person, to the director or board or a person designated by the director or board to investigate or hear matters relating to discipline of a licensee, whether by way of complaint or testimony, is privileged and no action or proceeding, civil or criminal, may be brought against the person, by or on whose behalf the communication is made, except upon proof that the communication was made with malice.

(B) Except as otherwise provided by law, all initial complaints, investigations, proceedings, records, and information relating to allegations of misconduct or incapacity are confidential and must not be disclosed to the public. While the matter remains confidential, the members and staff of the department and the board must not reveal in any way the nature of the initial complaint except to persons directly involved in the matter and then only to the extent necessary for proper investigation and disposition of the matter.

(C) When a formal complaint is filed regarding an allegation of misconduct, the formal complaint and any answer become open to the public after the filing of the answer or if no answer is filed, thirty days after the service of the charges upon the licensee. If an allegation of incapacity is raised during the misconduct proceedings, all records, information, and proceedings relating to the allegation are confidential.

(D) However, the department or the board may disclose information to another government agency, including law enforcement officials, at any stage of the proceedings in order to protect the public or for the administration of justice. The department may provide any information it considers necessary or appropriate to a substance abuse treatment program facility or monitoring program approved by a board, and this information must continue to be kept confidential and privileged from disclosure, except as provided by law.

(E) Nothing in this article may be construed as prohibiting the respondent or the respondent's legal counsel from exercising the respondent's constitutional right of due process under the law or as prohibiting the respondent from normal access to the charges and evidence filed against the respondent as part of due process under the law. The respondent may have access to the initial complaint at the beginning of the investigative process.

(F) Notwithstanding the provisions of this section, a final order of a board disciplining a licensee is public.

All final orders which are made public must be mailed or emailed to local and state professional associations, all firms and facilities with which the respondent is associated, states where the person has a license known to the board, and to any other source to which the board wishes to furnish this information.
