On December 13, 2023, Governor Henry McMaster together with Chief Keel met at Gilbert Elementary for the ceremonial signing of a Bill regarding the Center for School Safety and Targeted Violence. This legislative document establishes the site as the hub for active shooter training at State expense within SLED, for participants statewide. Since its inception, SLED has provided active shooter & complex coordinated terrorist attack mitigation, response and recovery training to citizens and responders--now totaling over 159,456 trained (433,564 person hours).

SLED's Homeland Security Unit conducts site security assistance visits for South Carolina Critical Infrastructure/Key Resources (CI/KR) and serves as South Carolina's state representative to the four Regional Homeland Security Advisory Councils in the state. In 2023, this unit completed the 2023 Homeland Security Strategy, the State Preparedness Report (SPR), and the Threat & Hazard Identification and Risk Assessment (THIRA).

### Regulatory Services

SLED's Regulatory Services Department oversees the investigative and regulatory enforcement matters pertaining to all licensed private security companies, private investigation businesses, registered private security officers and private investigators, the South Carolina Concealed Weapons Permit programs and instructors, and the State Constable Program. This unit coordinates the South Carolina Law Enforcement Assistance Program (SCLEAP) throughout South Carolina and facilitates SLED's enhanced Community Relations efforts.

SLED is committed to enhancing its already robust community relations and outreach efforts. The Community Relations Unit promotes SLED and SLED services to the community, including at career fairs and recruitment events.

The South Carolina Law Enforcement Assistance Program (SCLEAP) is a partnership between SLED, SCDPS, SCDPPS, SCDNR and the SC Adjutant General that provides critical incident stress management and chaplaincy services to officers and staff of member agencies as well as all requesting local law enforcement agencies and departments in South Carolina. SCLEAP employees are full-time professional staff who, along with a statewide cadre of volunteer chaplains, provides 24-hour/7-day per week statewide service for all law enforcement agencies and departments in South Carolina. The General Assembly recognizing the amazing work that SCLEAP was doing allocated additional funding in the FY 2022 budget to expand their work and scope. This additional funding has had an incredible

impact over the past two years.

The National Instant Criminal Background Check System (NICS) unit coordinates and cooperates with the FBI, the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF), state, and local law enforcement agencies related to NICS information and firearm prohibitions. In 2023, the SLED NICS Unit was responsible for entering 375 felony convictions, 16,678 indictments by local jurisdictions, three fugitives, 3,620 controlled substances warrants, 5,771 mental adjudications and 1,534 state prohibitions. That is a significant increase. One of the goals of the NICS Working Group was to have court administration provide indictment information from all counties in South Carolina. Due to the passage of the Open Carry with Training Act in May 2021, court administration was mandated to provide SLED indictment information. The unit continues to work with Team IA on automation processes to our EDMS to make it possible to receive and process 15,000 to 20,000 indictments a month. In October of 2021, the NICS Unit began receiving indictments for all counties in South Carolina from Court Administration. By the end of June 2023, 16,008 indictments had been entered into NICS.

This unit provides regulatory oversight for private investigation businesses, contract security businesses, proprietary security business licenses, and registration certificates related to such. The unit also regulates and oversees South Carolina State Constables. In 2023 SLED issued 401 Private Security Company licenses, 4,590 armed security officer registrations, 14,027 unarmed security officer registrations, 415 private investigation business licenses, 560 private investigators registrations, and 490 temporary security officer registrations. SLED initiated eight private investigative business investigations, 14 security company investigations, three CWP instructor investigations, and three security officer involved shooting investigations.

In addition, this unit manages and regulates the South Carolina Concealed Weapon Permit (CWP) program to ensure compliance with all state and federal laws. This unit oversees CWP instructor training and qualifications to ensure that South Carolina’s CWP program remains the “Gold Standard”. Currently, we have maintained over 600,000 SC CWP files in our database coupled with applicant files that have been digitally scanned in or received from applicants using the online application system. In 2023 SLED has issued 92,938 South Carolina CWP credentials. SLED revoked 1,605 permits and denied 2,977 in 2023.

In 2023 the General Assembly passed “Bond Reform” which gave regulatory authority over electronic monitoring companies and devices to SLED. SLED developed an application, review and approval process of companies and devices and began approving companies during this period.

### South Carolina Critical Infrastructure Cybersecurity Program

The South Carolina Critical Infrastructure Cybersecurity Program’s (SC CIC) mission is to serve local government and critical infrastructure/key resources (CIKR) by enhancing the cybersecurity posture throughout the State of South Carolina. These efforts enhance and strengthen information technology and criminal justice information systems to improve services and to increase security.

In 2023, SC CIC actively responded to 27 significant cyber incidents impacting critical infrastructure in South Carolina, with accounts compromised making up more than half. There was nearly a 100% increase in the number of significant cyber incident responses from the previous year. The significant

<b>AGENCY NAME:</b>	<b>South Carolina Law Enforcement Division</b>		
<b>AGENCY CODE:</b>	<b>D100</b>	<b>SECTION:</b>	<b>062</b>

increase in account compromises this year supports SC CIC’s choice to put resources into both the Active Directory assessment and Phishing & Security Awareness services as these have the best chance of protecting the state from this trending threat.

The Information Security Unit implemented consistent server vulnerability testing which resulted in an improved operating system patch application that has decreased attack vectors and vulnerabilities on critical servers. Additionally, enhanced logging of servers and workstations has resulted in improved incident response and forensic capabilities, thus reducing the response time following a cyber-event. 20,376 simulated phishing emails were sent out to participating organizations resulting in an average of 47.8% of users opening the email, 14.1% clicking on links and 10.1% entering credentials into fake login portals. This means SC CIC participants performed worse than the national average on both clicks (12% national average) and entered credentials (4% national average) during phishing simulation campaigns.

The SC Critical Infrastructure Cybersecurity (SC CIC) program now has 410 Cyber Liaison Officers representing all 16 CIKR sectors. Additionally, the SC CIC monitoring/detection capability has 247 CIKR participants including many local elections infrastructure networks. This program has seen significant year-to-year growth since its inception. Just from 2020 to 2021 the number of CIKR participating organizations grew by 100% and the number of cyber liaison officers grew by 124%. In 2022, the total number of SC CIC organizations rose to 230, an increase of 29 from the previous year.

**Risk Assessment and Mitigation Strategies:**

**Challenge:**

SLED’s primary challenge is the need for additional manpower and resources to meet the ever-expanding need for SLED’s services throughout the state of South Carolina. While down, violent crime continues to be a major challenge in South Carolina. In the current budget, SLED received additional sworn and non-sworn personnel in an attempt to meet the increased demand, however, the demand continues to rise.

The safety, integrity, and security of statewide public resources, special events, tourism industry, infrastructure, data, and citizens in South Carolina would be adversely affected if SLED were not provided the necessary manpower and resources to meet the ever-growing law enforcement and public safety needs in South Carolina.

During Chief Keel’s tenure, SLED has experienced tremendous necessary growth supported by trust from the Governor and General Assembly. The need for additional manpower, technology, and specialized equipment still exists as SLED is tasked with additional traditional and non-traditional duties and ever-increasing requests for SLED resources by local departments.

The search and arrest of Jeriod Price. Jeriod Price was subsequently charged with murder on March 19, 2003, after a thorough investigation by the Richland County Sheriff's Department (RCSD). Price was found guilty on December 29, 2003, and was sentenced to 35 years in prison. On December 30, 2022, an order for Price's early release from prison was signed by a retiring circuit court judge, the 5th Circuit Solicitor, and Price's attorney. Because of certain security concerns, Price was serving his sentence at a prison in New Mexico. Price was released from prison in New Mexico on March 15, 2023. He boarded a bus and traveled back to North Carolina/South Carolina. After an appeal from the South Carolina Attorney General's office (SCAG), the South Carolina Supreme Court issued a writ ordering Price back to prison on April 26, 2023. After months of searching and many interviews of family and associates, Price was ultimately arrested and etradited back to SCDC. <p>On March 15, 2024, at approximately 9:00 AM, the South Carolina Law Enforcement Division (SLED) Fusion Center was requested to assist Marion County Sheriff's Office with a missing person investigation of a female Florence County EMT, after the missing person's vehicle, a white 2011 BMW 335 with SC tag, was located in New Mexico after it was involved in the murder of a New Mexico State Trooper earlier that morning. SLED, along with the FBI, the ATF, the Marion County Sheriff's Office, and the New Mexico State Police jointly assisted with investigating the murder of the NM State Trooper, the missing person, and eventually the missing person's murder. A command post was set up in the SLED Powell Room and consisted of the Missing Person Information Center (MPIC) agents, SSI Team 3, FBI, and SLED Fusion Center command staff, communicating with SSI Team 2 and 3 members in the field who were with the local and federal agencies, and the SLED Pee Dee Region. Multiple bulletins and updates were disseminated throughout the investigation (Friday-Sunday) as new leads were received. Over the course of the weekend and into the following week, SLED worked with the above-mentioned agencies to locate the missing person's body, track the BMW's movement across the country, identify an unknown person of interest, and ensure information was shared with all agencies.</p>	<p>March</p>	<p>March</p>	<p>Participate in federal task force investigations as needed</p>	
<p>On 04/23/2023, Sr. Special Agent Marc Simmons was contacted by the Dillon Police Department (DPD) in reference to fugitive George Michael TURNER. The DPD informed that TURNER was wanted for Murder and Weapons Violations stemming from a shooting incident that had recently occurred. The DPD explained that TURNER was a career criminal, was known to be violent, and was likely gang affiliated. TURNER had access to multiple vehicles and his family/friends were helping him avoid law enforcement. Multiple agents worked the case over several months constantly re-engaging with known associates and running down various intelligence leads. After an agent was able to develop a rapport with an associate, information was gathered that led to the apprehension of TURNER in early July 2023.</p>	<p>April</p>	<p>July</p>	<p>Ensure investigations are initiated in a timely manner (&lt;48 hours)</p>	

<p>On Saturday, April 20, 2024, agents from numerous units at SLED responded to a tip regarding a possible dogfight that was planned for later that night. Through intelligence and assistance from SLED Aviation, agents determined that the dogfight was going to be in a wooded area in Eastover (Richland Co). Once SLED Aviation reported that the dogfight was in progress, agents descended upon the property. The crowd, which was estimated at approximately 40 people, rapidly dispersed; however, agents were able to detain thirteen of them. As a result of the operation, two dogs were rescued from a life of misery, 13 individuals were arrested for Animal Fighting, approximately \$84,000 in cash was seized, and multiple firearms were recovered.</p>	<p>April</p>	<p>July</p>	<p>Ensure investigations are initiated in a timely manner (&lt;48 hours)</p>
