AGENCY'S DISCUSSION & ANALYSIS

HIGHLIGHTS OF THE S.C. TRANSPORTATION INFRASTRUCTURE BANK

The funding sources dedicated to the South Carolina Transportation Infrastructure Bank (SCTIB / the Bank) by the General Assembly, such as truck registration fees, motor vehicle registration fees, electric wholesale power tax and one cent equivalent of the gasoline fuel fees, have been used to provide financial assistance to more than \$7.1 billion in highway road and bridge projects since 1997. Issuing bonds for major road construction completes the projects much sooner than with pay-as-you-go funding, thus increasing safety and mobility to the motoring public and improving economic development opportunities. The success of the Bank is due to partnerships with counties, municipalities, and the South Carolina Department of Transportation (SCDOT). These entities are the applicants to the Bank, and often provide a significant amount of funding to the projects.

The accomplishments of the SCTIB comprise the following:

- The Bank's \$7.1 billion in projects has a tremendous effect on the economy of the state.
- Important role in economic development that includes:
 - Clemson University International Center for Automotive Research (ICAR);
 - Distribution Center in Berkeley County;
 - New infrastructure to encourage tourism in Charleston, Beaufort and Horry Counties;
 - Truckers now have a 4-lane Highway 17 from 1-95 to Charleston; and
 - Financing for the back-up dam at Lake Murray and 2 additional lanes of traffic - helping to protect Columbia from a disaster.
- Installation of cable barriers on interstate medians. The Bank provided \$30 million, and the barriers have experienced over 45,496 hits, saving hundreds of lives and preventing many serious injuries.
- Catalyst for over 100 projects in 29 counties and 5 municipalities.
- By law, the Bank reviews applications for major projects with local participation.
- Evaluation Committee uses criteria in line with Act 114 to grade applications in consultation with SCDOT.
- Every project and bond issue reviewed and approved by Joint Bond Review Committee.
- In addition to the JBRC approval, Act 275, which sets the minimum eligible costs of a project that the Bank may consider for financial assistance at \$25 million, requires the Bank to submit the potential applicants to the SCDOT Commission for its consideration and approval.
- Major contributions to SC economic development.
- Built strong relationships with credit rating agencies and investment industry.
- In FY 2020:
 - Twelve potential applicants submitted applications for financial assistance with the following seven unanimously approved for financial assistance by the Bank Board in July 2020 that totaled \$362.1 million:
 - Beaufort County – US 278 Corridor - Up to \$120 million (grant)
 - Charleston County – Main Road (Segment A) - Up to \$40.8 million (grant)
 - City of Charleston – US 17 Septima Clark - Up to \$21.5 million (grant)
 - Greenville County – Woodruff Road Parallel - Up to \$49 million (grant)
 - Jasper County/City of Hardeeville – I 95 Exit 3 - Up to \$56.2 million (½ grant, ½ loan)
 - York County – I 77 Exit 85 – Up to \$42.2 million (grant)
 - York County – I 77 Exit 82 (A-C) – Up to \$32.5 million (grant).
 - The Bank Board approved a twentieth series revenue bond resolution authorizing the issuance of a par amount of \$179.030 million, Revenue Bonds, Series 2019A.
- In FY 2021:
 - Fitch upgraded the SCTIB's outstanding revenue bonds to 'A+' from 'A', affecting approximately \$1.2 billion in outstanding debt. The Rating Outlook was revised to Positive from Stable.
 - Increased staff size from three to five employees.

- The General Obligation Series 2021A Transportation Infrastructure Bonds were issued at a par amount of \$8.970 million.
- In FY 2022:
 - The Bank’s financial assistance capacity has grown over time due to: actual revenues coming in higher than forecast; project costs sometimes coming in below preliminary estimates; project expenditures being slower than originally estimated; revenue bond principal being paid down annually; and interest rates lower than projected.
 - On July 7, 2021 the Bank closed on the issuance of Series 2021 Revenue Refunding Bonds in the amount of \$370.445 million. The 2021 Series was a combination of Series 2021A (\$52.645 million) and Series 2021B (\$317.800 million) bonds. Series 2021A proceeds were used to refund the outstanding Bank Revenue Refunding Bonds, Series 2012A and related costs of issuance. The 2021A bonds were issued to refund \$65.53 million of the 2012A revenue bonds, which mature in the year 2033. Series 2021B proceeds were used to refund the Bank’s Revenue Refunding Bonds, Series 2003B, pay interest rate swap termination fees, and costs of issuance. The 2021B bonds were issued to refund \$341.940 million of the 2003B revenue bonds, which mature in 2031.
 - In December 2021 the South Carolina Department of Transportation (SCDOT) defeased the U.S. 17, Cooper River Bridge, and Multi-Project outstanding loans in advance of their stated maturity date, and SCDOT deposited into an irrevocable escrow the amount of money deemed necessary to fully repay all of the remaining payments.
- In FY 2023:
 - On September 8, 2022:
 - The Bank Board approved the implementation of the Rural Application Process that included the option to set aside a certain dollar amount or establish a specific percentage to be awarded to “rural” projects. A Rural project was defined as a county with a population of less than 115,000. Senator Leatherman and the members of the Evaluation Committee supported this definition. They authorized additional flexibility for the bundling of projects if they have common attributes.
 - The Bank Board approved the following four projects for financial assistance that totaled \$185.4 million:
 - City of Aiken – Whiskey Road Connector - Up to \$20.8 million (grant)
 - Charleston County – SC 41 - Up to \$62.2 million (grant)
 - Greenwood County – SC Hwy 246 – Up to \$38 million (grant)
 - York County – I-77, Exit 90 - Up to \$64.4 million (grant)
- In FY 2024:
 - On October 6, 2023: Moody’s reported the SCTIB bond rating has stayed the same (Aa3) remaining a stable outlook which is consistent with the state's outlook and is supported by the likelihood the state will continue to ensure that pledged revenue provides adequate debt service coverage, in view of SCTIB's pivotal role in financing large transportation infrastructure projects.
 - On October 17, 2023:
 - The Board approved a revised Rural Application Process and committed \$250 million over the next ten years to the Rural Project Program.
 - The Bank Board approved Pickens County – SC 183 Widening project for financial assistance up to \$44.7 million (grant)
 - On October 24, 2023: Fitch upgraded the SCTIB's outstanding revenue bonds to 'A+' from 'A', affecting approximately \$1.2 billion in outstanding debt. The Rating Outlook was revised to Positive from Stable.
 - On February 21, 2024: The Board recommended and approved to offer the position of Chief Operating Officer to Mr. Charles Cannon. Mr. Cannon accepted and began his employment on May 2.

RISK ASSESSMENT AND MITIGATION STRATEGIES

The Bank is unique in that it has the ability to issue Revenue Bonds as well as General Obligation bonds subject to certain approvals. General Obligation bonds are backed by the "full faith and credit" and subject to the State's constitutional general obligation debt ceiling. The Bank's Revenue Bonds are not backed by the "full faith and credit" and do not count against the State's general obligation debt ceiling. The legislatively dedicated revenue sources received by the Bank, certain loan repayments and some local project contributions are also considered revenue that qualify to be pledged to the repayment of the Bank's Revenue Bonds.

RESTRUCTURING RECOMMENDATIONS

The Bank has no restructuring recommendations at this time.
