(C) For the current fiscal year, the funds appropriated for State Aid to Classrooms represent the State's contribution to the Aid to Classrooms program for direct instruction of students in kindergarten through grade twelve in our state, which is seventy-five percent of the total salary and employer contribution cost of funding one teacher for every 11.2 students. The salary used

AS RECOMMENDED BY
THE HOUSE WAYS AND MEANS COMMITTEE**

to determine the amount of funding required for the state effort is based on that of a teacher having a master's degree and twelve years of experience, which equates to ~~\$57,250~~ \$58,750 on the statewide minimum salary schedule for the current fiscal year and including fringe benefits of ~~\$18,641~~ \$19,129, for a total of ~~\$75,891~~ \$77,879. The types of teachers used in the calculation of student-teacher ratio includes those teachers eligible pursuant to Section 59-20-50(4)(b). This includes classroom teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists, school nurses, orientation/mobility instructors, and audiologists in the school districts of the State. School districts are required to meet the statewide minimum salary schedule in the current fiscal year and are required to provide the annual step increase pursuant to Section 59-20-50. No school district is required to increase teacher salaries above the amount necessary to meet the statewide minimum salary schedule as prescribed in this act. For the current fiscal year, the provisions of Section 59-20-50(3) of the 1976 Code, as amended, are suspended.

(D) To allocate the funds, the department will calculate the total number of weighted pupil units (WPU) in each school district and in the State. The funds appropriated herein for State Aid to Classrooms represent the state share of the total Aid to Classrooms program, which is seventy-five percent. The local required effort is twenty-five percent of the total program. The total Aid to Classrooms funding for each district is calculated based on the district's percentage of the total statewide weighted pupils multiplied by the total Aid to Classrooms program. The district's local share is calculated by multiplying the total local share by the district's imputed index of taxpaying ability, which is the district's relative fiscal capacity compared to that of all other districts in the State. The State Aid to Classrooms amount allocated to each district will be determined by subtracting the calculation of the district's local share from the calculation of the district's total Aid to Classrooms projected funding. The Statewide Public Charter School District and any approved institution of higher education authorizing charter schools shall receive one hundred percent of the Aid to Classrooms funding from the State. For Fiscal Year ~~2024-25~~ 2025-26, no local match is required for the State Aid to Classroom EIA distributions for the base funding rolled up from the previous fiscal year.

(E) Each district will receive either the amount determined by this new methodology or the actual state funding received in Fiscal Year 2021-22 from State Aid to Classrooms, Aid School Districts, Student Health and Fitness, Guidance/Career Specialists, Handicapped – Profoundly Mentally, EIA - Aid to Districts, EIA - Students at Risk of School Failure, Allocations EIA – Teacher Salaries, Allocations EIA – Employer Contributions, EIA – Student Health and Fitness Act - Nurses, and EIA - South Carolina Public Charter Schools.

(F) To provide flexibility, each district may expend the funds as determined by the local school board of trustees to meet the educational needs of students as defined in Section 59-1-50, Chapter 18, Title 59, and as delineated in a child's Individualized Education Program (IEP). Pursuant to Section 59-20-80, each school board of trustees must make available by September first of each fiscal year its annual budget that includes state, local, and federal investments in education. The budget must be available on the district's website. The department, in collaboration with local school districts, will provide a template that each district must use in reporting its budget.

(G) To provide transparency, Revenue and Fiscal Affairs will document annually, through an online financial dashboard, the expenditure of all state, local, and federal funds by each district and by each charter school authorizer and other relevant data to include its fund balance and average fund balance for the reporting year. The districts shall report monthly, to the Department of Education, their monthly fund balance that will be used to calculate an average. To ensure that

**SUMMARY OF PROVISO CHANGES FOR FY 2025-2026
AS RECOMMENDED BY
THE HOUSE WAYS AND MEANS COMMITTEE**

the public reporting meets the needs of educators, parents, citizens, and policymakers, the department, in conjunction with Revenue and Fiscal Affairs, will consult routinely with a group of educators, parents, citizens, and policymakers. District expenditures for the prior fiscal year must be published on the department's website for public disclosure by January 1.

(H) If a traditional school district, charter school authorizer, or special school district fails to submit expenditure data needed for the online financial dashboard, the Revenue and Fiscal Affairs Office will notify the Department of Education. Within thirty days of such notification, the Department of Education must then withhold ten percent of all state payments to the district or authorizer until the district or authorizer complies and all payments will then be made.

(I) To ensure accountability, each district's annual audit that is submitted to the Department of Education pursuant to Section 59-17-100 must be conducted using an auditing firm from an approved list provided by the State Auditor. The State Auditor will develop standards and criteria for determining qualifying auditors. Each district's annual audit must be available on the district's website.

(J) For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a public charter school shall receive and distribute state Aid to Classroom funds to the charter school. Students enrolled in charter schools authorized by the South Carolina Public Charter School District or an institution of higher education will receive in addition to the base weight of 1.00 or in addition to the disability weight of 2.60 an additional weight based upon the type of charter school that they attend. These additional funds must support the provision of educational services for children served by a charter school that does not receive local revenues. These students are also eligible to receive additional weights for personalized instruction. The department will make any necessary adjustments to account for the state share for Charter and Special Districts.

(K) Three and four year old students with a disability, who are eligible for services under IDEA and enrolled in brick and mortar charter schools sponsored by the South Carolina Public Charter School District or registered IHE, shall be included in student counts solely for the purposes of receiving the additional weighting for students attending a brick and mortar charter school.

(L) For Fiscal Year ~~2024-25~~ 2025-26, special districts and alternative schools will receive the amount received in the prior fiscal year from these funds.

(M) The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections, including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also, as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office, shall also post on their website the one hundred thirty-five-day average daily membership for each school district and per pupil state, federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the projected numbers and the exact numbers.

(N) For the current fiscal year, the pupil classification weightings are as follows:

(1) K-12 pupils or base students including homebound students 1.00

Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section 44-7-130 of the 1976 Code shall receive a weighting of 2.10.

**SUMMARY OF PROVISO CHANGES FOR FY 2025-2026

THE HOUSE WAYS AND MEANS COMMITTEE**

(2) Weights for students with disabilities as documented by their Individualized Education Program (IEP)	2.60
(3) Precareer and Career Technology	1.20
(4) Charter school students	
(a) Enrolled in brick and mortar school	1.25
(b) Enrolled in virtual charter school	0.65
(5) Additional weights for personalized instruction:	
(a) Gifted and Talented	0.15
(b) Academic Assistance	0.15
(c) Limited English Proficiency	0.20
(d) Pupils in Poverty	0.50

(O) The Department of Education will review the child count data for all of the districts and charter school authorizers in the State and identify any school district or charter school authorizer whose percentage of total enrolled students with IEPs is outside of the typical percentage range based on national and state data. The department will then conduct a focused review of the district's special education population and provide technical assistance, as needed, to ensure that students with disabilities are being appropriately identified and served.

(P) Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

(Q) Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school. Districts shall set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

(R) Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The additional weight generates funds needed to provide additional instructional services to these students.

(S) Students with limited English proficiency are students who require intensive English language instruction programs and whose families require specialized parental involvement intervention.

(T) Further, the Department of Education may use school district student counts for personalized instruction as collected in the same manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate the school district add on weightings for the personalized instruction classifications and the determination of the school districts monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five-day student average daily membership for all classifications. During the current fiscal year, the department will update PowerSchool calculations, reports, screen development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation adjustments by June 30. The department must provide districts with technical assistance with regard to student count changes in PowerSchool.

(U) Up to ten percent of any funds appropriated for State Aid to Classrooms at the end of the fiscal year may be carried forward into the subsequent fiscal year and allocated to school districts, the South Carolina Public Charter School District, and an institution of higher education that authorizes charter schools pursuant to this provision. The additional funds must first support increases in student enrollment and any balance may be allocated proportionately utilizing weighted pupil units to districts. Any additional unexpended funds shall revert to the general fund or to the EIA Fund.

**SUMMARY OF PROVISO CHANGES FOR FY 2025-2026
AS RECOMMENDED BY
THE HOUSE WAYS AND MEANS COMMITTEE**

(V) With the funds that the Department of Education receives for health insurance for school districts, the department shall allocate the funds to school districts proportionately utilizing weighted pupil units. The department shall allocate to districts funds received for retirement benefits through the State Aid to Classrooms formula.

(W) In the event of a mid-year across-the-board budget reduction, which reduces the total appropriation of general funds for State Aid to Classrooms, the Department of Education is directed to first reduce the amount of funds allocated to traditional school districts, charter school authorizers, and the special school districts for proportional funding under this provision.

1.47 **AMEND** (SDE: Full-Day 4K) Provides guidelines for participation in and funding for the SC Early Reading Development and Education Program (CERDEP). *Companion to EIA proviso 1A.26.*

WMC: AMEND proviso to direct the Department and First Steps to collect and share any waiting lists for the 4K program by September 1st, and to determine a process for notifying parents of eligible students available slots. Requested by the Office of First Steps.

HOU: ADOPT proviso as amended.

1.47. (SDE: Full-Day 4K) (A) Eligible students residing in any school district or attending any charter school authorized by the South Carolina Public Charter School District or an approved institution of higher education may participate in the South Carolina Early Reading Development and Education program (CERDEP) pending the availability of space and funding. Student eligibility as defined by Section 59-156-130 of the 1976 Code is an annual family income of one hundred eighty-five percent or less of the federal poverty guidelines as promulgated annually by the United States Department of Health and Human Services or a statement of Medicaid eligibility.

(B) A parent or guardian may choose to enroll their child in a public school participating in the program and approved by the Department of Education pursuant to Section 59-156-210 or in a private provider participating in the program and approved by the Office of First Steps pursuant to Section 59-156-200. A private provider includes, but is not limited to, a child care center, a military child care facility regulated by the United States Department of Defense, or a non-profit independent school. State funds appropriated for the provision of CERDEP services in military child care facilities may not be used to supplant existing federal child care funds. No school district can be denied participation in CERDEP or be denied CERDEP funding pursuant to the terms of this provision.

(C) 4K programs in public schools and non-profit independent schools participating in CERDEP are not required to be approved, registered, or licensed by the Department of Social Services in order to participate in CERDEP. Instead, the Department of Education and the Office of First Steps are responsible for ensuring that providers deliver high-quality educational programs pursuant to Section 59-156-160.

(D) Public and private providers shall be funded for instructional costs at a minimum rate of \$5,100 per student enrolled. Eligible students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for reimbursement at a minimum of \$620 per eligible child transported. First Steps and the Department of Education must provide an equitable distribution above the minimum between public and private providers. First Steps and the Department of Education must provide a quarterly report beginning October 1 detailing funding above the minimum made to any provider

THE HOUSE WAYS AND MEANS COMMITTEE**

to the Governor, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee. All providers who are reimbursed are required to retain records as required by their fiscal agent. New providers participating for the first time in the current fiscal year and enrolling between one and six eligible children shall be eligible to receive at a minimum of \$1,000 per child in materials and equipment funding, with providers enrolling seven or more such children eligible for funding at a minimum of \$10,000. The Department of Education and the Office of First Steps Readiness are authorized to utilize carry forward funds and federal funds to supplement the amount expended for materials and equipment. Providers receiving equipment funding are expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider to return a portion of the equipment allocation at a level determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public school students whose complete records have been entered into PowerSchool based on the one hundred and thirty-five day student average daily membership. For the current fiscal year, providers may enroll pay-lunch children who score at or below the twenty-fifth national percentile on two of the three DIAL-3 subscales by July 1 if at least seventy-five percent of the total number of children eligible or the Child Early Reading Development and Education Program in a district or county are projected to be enrolled in that program, Head Start, or ABC Child Care Program as determined by the Department of Education and the Office of First Steps, Child Early Reading Development and Education Program. Providers may receive reimbursement for these children if funds are available. By September 1, the Department of Education and the Office of First Steps must collect the documented waiting lists, share the lists, and determine a process to notify parents of eligible students of available slots in all approved providers. The Department of Education is required to offer waivers allowing students with disabilities to be served in multi-categorical classroom settings based on similar cognition and abilities. Funding appropriated for CERDEP may be carried forward and expended for the same purpose.

(E) Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department, during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations for the current fiscal year to account for the findings.

(F) Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of the South Carolina Early Reading Development and Education Program (CERDEP) and to issue findings in a report to the General Assembly by March first of each year. To aid in this evaluation, the Education Oversight Committee shall determine and obtain the data necessary and both public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program, including average daily attendance data, so that consistent enrollment may be determined. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall issue a unique student identifier for each child receiving services from a public or private provider including those funded by CERDEP, Head Start, SC Child Care

Scholarships, EIA, Title I, district-funded, and all other federal, state, or local public sources. The Department of Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number of students served in high-quality programs. To aid in the accurate reporting of four-year-olds in poverty served in formal education programs in public schools in South Carolina, the Department of Education must provide to the EOC data related to four-year-olds served in formal education programs funded with other state, local, or federal funds, including Title 1 and EIA-District-funded programs, denoting full- or partial-day status.

(G) For eligible children residing in school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in CERDEP.

(H) For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher reimbursement rates to high-quality providers. The reimbursement rate for students enrolled by child care providers rated B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student base following guidelines developed by the Office of First Steps; and (2) up to \$250,000 to provide one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15.

The Department of Education is required to offer waivers allowing students with disabilities to be served in multi-categorical classroom settings based on similar cognition and abilities. Funding appropriated for CERDEP may be carried forward and expended for the same purpose.

Likewise, in the event the Office of First Steps determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations for the current fiscal year to account for the findings.

(F) Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of the South Carolina Early Reading Development and Education Program (CERDEP) and to issue findings in a report to the General Assembly by March first of each year. (H) For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher reimbursement rates to high-quality providers. These grants are designed to address building renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15.

(I) If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures, available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty days. Funds may also be used to provide parent engagement, professional development, and quality evaluations of programs. No later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money used for professional development as well as the types of professional development offered and the number of participants. If available appropriations exceed the instructional costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the Department of Education and the Office of First Steps.

(K) The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration Office to inform parents of all publicly funded full-day 4K programs including Head Start by participating in PalmettoPreK and First5SC.
