Since March 2011. We started payroll in ADP under our firm in January 2012. They were with our previous company from 2003 to 2010, but we no longer have contact with the partner Mrs. Chandler worked with.

Barb and Company switched payroll platforms in January 2024 to Dominion. In the switch Law Office of Shannon D Matthews had an incorrect EIN entered in the system. Causing the federal and state taxes to be misallocated to another company. All taxes were paid by the Law Office of Shannon D Matthews in a timely manner. Both the IRS and SCDOR have been contacted via a letter from Dominion to get the tax payments reallocated to the correct EIN. Law Office of Shannon D Matthews and Mrs. Shannon M Chandler should not be held responsible for the mistake made by Dominion and Barb and Company's missing the incorrect EIN. We are working diligently on our side to get everything straightened out with the IRS and SCDOR.
