Application for Accreditation of a Continuing Education Program or as a Sponsor Organization

NOTE: This certification form, together with the required information referenced therein, shall be submitted to the South Carolina Planning Education Advisory Committee. Applications are due no later than 30 days prior to the first scheduled presentation of a program or class. Once submitted, if no objections are raised by a member of the SCPEAC within 10 business days of receipt, the program shall be considered accepted. If an objection is raised, a teleconference meeting shall be scheduled with appropriate public notice, as soon as reasonably possible, to review the application. The Committee will consider extenuating circumstances where the 30-day deadline cannot be met.

Reason for Application

Choose one:

Request as a Local Official for Continuing Education Program Approval Request as an Organization for Accreditation of a Continuing Education Training Request as an Organization to be an Approved Sponsor of Continuing Education Programs

Training Program Information

Title of Planned Training or Program

Date of Training

Length of Training Session (i.e. 60 minutes, 90 minutes, 3-hours, etc.)

Training Location

Brief description of the Training or Program and its relevant content:

The Town of Pawleys Island is in the process of developing a drainage master plan for the island. A series of recommendations will be targeted to property owners within the community so that they can help alleviate the extensive tidal flooding that they town experiences periodically. This is the second of two workshops that will be focused on rainwater harvesting devices that can tie into irrigation systems for adjacent native landscaped garden beds.

Method of presentation (in-person; virtual; or other):

hands on workshop

When will materials be distributed (before or at the time of the program):

at the time of the program and via email after the event

Description of materials to be distributed:

The materials will include a summary of key findings from the Town's master drainage plan along with literature regarding best practices for rainwater harvesting devices and the importance of native landscaping

Method of Advertisement (Describe how you plan to notify local officials of the program):

The Town's website, flyers posted at Town Hall, and direct outreach to the Town's property owner email list

Additional Comments

Evaluation materials will be drafted prior to the workshop

Required Attachments

Brochure, if available:

Rainwater Harvesting Workshop Flyer.pdf

Course Presenter(s) and credentials (include brief resumes and qualifications, combine into one .pdf document):

DANIEL ANDREW NEWQUIST RESUME 2024.pdf

Copies of all handouts and course materials (combine into one .pdf document). If the course materials is a video/webinar recording include an informational sheet with video summary, links to the host site of the video, etc.:

PROFILE

Accomplished professional with fifteen years of experience in the city planning and local government administration field. Resourceful administrator with a track record of developing project concepts and following through with successful implementation. Respected supervisor who promotes professional development and assigns tasks that utilize the skillsets of each individual employee while encouraging collaboration to enhance the teamwork objectives of the organization. Excels in working with diverse stakeholder groups and fostering new partnerships. Excellent public speaking, meeting facilitation, and written communication skills. Civic-minded person with a strong commitment to volunteerism. Seeking to advance career as a local government administrator for a community that is a good fit for my background and interests.

EDUCATION

- **University of Tennessee, Knoxville, TN** **May 2009**
Master of Science in Planning. Includes post-graduate research assistance project in Yunnan Province, China
- **North Carolina State University, Raleigh, NC** **May 2003**
Bachelor of Science in Biological Sciences. Includes study abroad program at Lund University, Sweden

PROFESSIONAL CREDENTIALS

- American Institute of Certified Planners, American Planning Association
- Certified Floodplain Manager, Association of State Floodplain Managers

PROFESSIONAL EXPERIENCE

- **Town of Pawleys Island, South Carolina**
July 2022-Present

Town Administrator

- Top Administrative employee that facilitates policy implementation as directed by the five-member Town Council.
 - Provides staff support to all appointed Boards including the Planning Commission, Zoning Board of Appeals, Accommodations Tax Committee, Architectural Review Board, and Events Committee.
 - Supervises the Administration and Police Departments and oversees Town Hall operations.
 - Develops and manages the annual ~\$2.25 million budget.
 - Secured approximately \$20 million in funding for numerous Capital Improvement projects including flood mitigation/drainage improvements and critical beach infrastructure.
 - Manages Town website www.townofpawleysisland.com and primary social media page on Facebook.
 - Serves as the primary liason with key external partners including Army Corps of Engineers, FEMA, Georgetown County, Georgetown County Water and Sewer District, Georgetown County Chamber of Commerce, SC Department of Transportation, SC Department of Environmental Services, SC Emergency Management Division, SC Beach Advocates, and Coastal Carolina Univeristy.
 - Co-authored the 2023-32 Town of Pawleys Island Comprehensive Plan
 - Facilitated the adoption of the 2023 FEMA FIRM Maps for Georgetown County. This process entailed a significant amendment to the Town's Unified Development Code and required a concerted outreach effort to affected property owners.
 - Assisted with the transition of Building Department services from Georgetown County to the Town of Pawleys Island at the beginning of 2023.
 - Assisted with the development and administration of the Town's tree protection ordinance which was adopted in April 2023.
 - Successfully led the Hurricane Ian recovery efforts in 2022-23 by securing funding through FEMA's Public Assistance program to assist with debris cleanup efforts, public facility repairs, and emergency beachfront improvements.
- **Waccamaw Regional Council of Governments/ Grand Strand Area Transportation Study (GSATS)**
September 2009-June 2022
Transportation and Environmental Programs Manager
 - Helped facilitate the development of the GSATS 2040 Metropolitan Transportation Plan. Reviewed document for compliance with federal FAST Act guidelines. Assisted consultant team with soliciting feedback at public meetings. Reviewed draft document for accuracy and to ensure member jurisdiction comments were addressed.

- Developed the FY20-21 and FY 22-23 Unified Planning Work Program which outlines a budget for planning activities anticipated over a two-year period.
- Helped facilitate project development for NCDOT's SPOT 5.0 and 6.0 Prioritization process. Worked closely with local jurisdictions and NCDOT Division 3 staff to develop project concepts.
- Established a Safety Committee to work with SCDOT staff and local emergency response and law enforcement officials to analyze fatal traffic incidents. The goal of the committee is to identify intersections and corridors with high frequency crash rates and recommend solutions to mitigate unsafe road conditions.
- Oversaw the selection of projects through the GSATS intersection improvement program. Developed submission guidelines and evaluation criteria. Conducted traffic count and crash analysis at each location.
- Oversaw the selection of projects through the GSATS Direct Attributable program in Brunswick County, NC. Developed submission guidelines and evaluation criteria.
- Assisted with the development of the Waccamaw Neck US 17 Corridor Study.
- Represented GSATS MPO on the committee for the Carolina Bays Parkway Environmental Merger Process.
- Led the development of the Murrells Inlet Watershed Plan, which received awards from SC Association of Counties and National Association of Development Organizations. Administered an SCDHEC 319 grant to implement stormwater demonstration projects at locations identified in the watershed plan.
- Led the development of the Hog Inlet Watershed Plan. Administered an SCDHEC 319 grant to address septic system issues, implement stormwater improvements and restore oyster reef sites in the watershed.
- Led the development of the Waccamaw Region Section 208 Water Quality Plan. Analyzed existing conditions and outlined long-term management strategies on a wide variety of water quality issues including wastewater treatment, stormwater, septic systems, groundwater, beach management, shellfish harvesting areas, public outreach needs, and water quality monitoring.
- Reviewed SCDHEC wastewater construction and NPDES permits for conformance with the Waccamaw Region Section 208 Water Quality Plan. Approximately 400 permit submittals are processed yearly.
- Established a Section 208 consortium in coordination with other Council of Governments offices in SC.
- Assisted in the development of comprehensive plans for Georgetown, SC; Kingstree, SC; Surfside Beach, SC; and Hemingway, SC. Plans met the requirements under the SC Local Government Comprehensive Planning Enabling Act of 1994.
- Facilitated planning and zoning training program required by SC state law for appointed Board and Commission members. Approximately 100 individuals receive training through the program annually.
- Coordinated the Waccamaw Region Air Quality Coalition. Organized quarterly workshops focused on air quality data trends, transportation initiatives, energy efficiency programs and other pertinent topics.
- Served on hiring/search committee reviewing resumes and conducting interviews.
- Supervisory role to multiple staff members and summer interns.

▪ **AmeriCorps* NCCC**
