

Session 110 - (1993-1994)

S 1184 General Bill, By H.S. Stilwell, Courtney, T.W. Mitchell, Peeler, Reese and Waldrep

A Bill to amend Section 58-5-30, Code of Laws of South Carolina, 1976, relating to exemption of municipal utilities from regulation by the Public Service Commission, so as to provide that if any gas utility in extending its lines interferes or is about to interfere with the service or system of another gas utility, then to the extent necessary to prevent duplication of services and facilities of natural gas utilities, the Commission may regulate and order and prescribe such terms or conditions relating to the line extensions as are just and reasonable, and to provide that the provisions of this Section only apply to public utilities engaged in the business of furnishing natural gas to the public, including utilities owned or operated by or on behalf of any municipality to the extent that the extension is outside its service area as that area is provided by statute.
