Major Accomplishments

The South Carolina Department of Probation, Parole and Pardon Services (SCDPPS) has continued to flourish during the 2019-2020 fiscal year. Agency staff has shown tremendous resiliency, and made continued strides. Under the leadership of Director Adger, SCDPPS has managed to reach new heights as well as maintain the course during an unprecedented time in our nation. In 2020 SCDPPS staff has banded together – virtually – to implement creative ways to telecommute in response to the COVID-19 pandemic. Many helpful, innovative procedures have been put into place, in particular in the Field Operations Division, the Paroles, Pardons and Release Services Section, and the Office of Administrative Hearings – to enable staff to continue to fulfill the agency's mission while in quarantine.

SCDPPPS was forced to suspend parole and pardon hearings in April 2020 in response to the COVID-19 pandemic. The established hearing protocol afforded victims, survivors, and opposing law enforcement officials the opportunity to appear before the South Carolina Board of Parole and Pardons at one of the remote videoconferencing sites across the state. In addition, the South Carolina Department of Corrections (SCDC) halted all families and other non-employees from entering correctional facilities, making it impossible for hearings to proceed safely. SCDPPPS launched technological solutions to resume hearings and created a successful virtual hearing process. Staff from SCDPPPS, SCDC and the Parole Board worked to develop, test and implement a virtual hearing room, using available web-based applications. The new process allows pardon applicants, inmates, attorneys, victims, and witnesses to appear and testify before the Board from remote locations. Board members also participate remotely. In the hearings conducted to date, the Board has observed appearances from SCDC facilities, county jails, offices, private homes, and other locations. Participants can connect to the hearings via computer, smart phone, or voice-only telephone.

To coordinate the hearings, there are a number of teams working within each agency to ensure inmates are in place at correctional facilities and that attorneys, crime victims, and witnesses are logged in and ready for each hearing. SCDPPPS resumed hearings on June 2nd and has successfully completed both parole and pardon hearings. Similarly, the Office of Administrative Hearings developed a plan for hearings to be conducted using remote communication technology, avoiding the need for a physical appearance by any party, witness or counsel.

In the Field Operations Division, agents have continued conducting face-to-face offender reports in the community rather than in the office. This major change in the way agents do business has nearly doubled the number of home visits completed each month compared to 2019 numbers. This increase in productivity and offender services was not only brought about by the agency's rapid response to the "new normal" presented by the coronavirus pandemic; this major change in procedure was also made possible in part to the now 1:1 vehicle to agent ratio.

SCDPPPS also continues to transition closer to becoming entirely digital and paperless in its daily operations. The pandemic has presented an opportunity for staff to learn to work more efficiently while working remotely, but still connected virtually. Across all divisions, particularly in the Information Technology Services Division, staff has worked diligently to ensure the necessary tools are in place to implement a smooth transition to a virtual workplace.

One such technological advancement was the 2019 implementation of the website's online 24-hour payment system that has enabled offenders to pay fees and restitution quickly and easily online. This feature has proven particularly valuable during the COVID-19 quarantine, when offenders are unable to safely travel to county offices to pay their restitution. Money order payments for nine of our largest

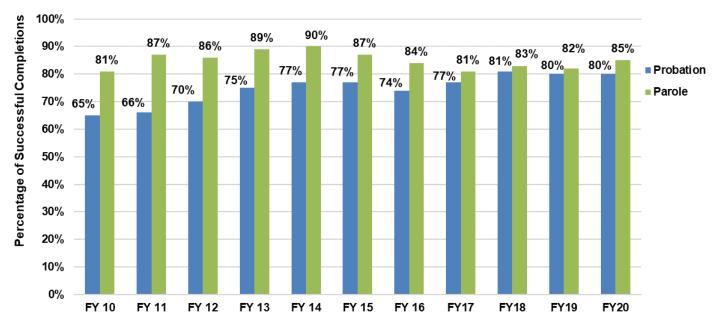

counties are being processed by our Fiscal Services Staff in Central Office. It is anticipated that additional county offices will divert payments to Fiscal Services during FY 2020-2021.

The department has maintained its intense focus on increasing rehabilitative services and the use of evidence-based supervision strategies. SCDPPS has diverted thousands of individuals from incarceration through sentencing reform by reducing the number of offenders revoked for compliance violations. Evident in this report, since the implementation of the Sentencing Reform Act of 2010, SCDPPS has created a cost avoidance to taxpayers of millions by significantly reducing compliance violation admissions to SCDC. All of this has been achieved while creating a reduction in new offense revocation rates of SCDPPPS offenders.

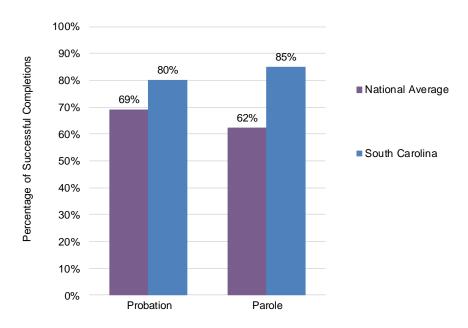

Success Rates: Since FY 2010, the rate of successful completions has increased for both probation and parole.

- In FY 2010, probation had a success rate of 65% and parole had a success rate of 81%.
- In FY 2020, the rate of successful completion increased to 80% for probation and 85% for parole. This reflects a 15% increase for probation and 4% increase for parole since FY 2010.
- SCDPPPS' successful completion rates are above the national average.

Cost Avoidance

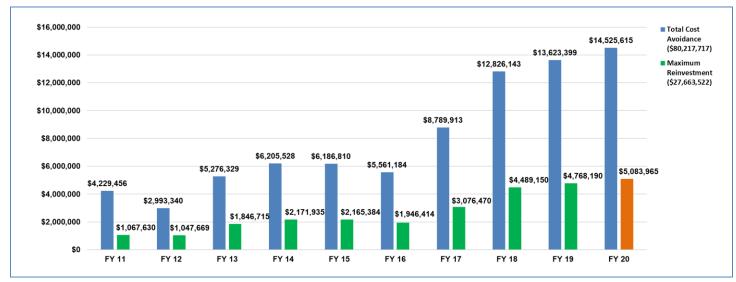

For the tenth year in a row, the department has achieved its goal of reducing the impact to SCDC through the reduction in the number of offenders revoked for compliance violations and subsequently admitted to SCDC. This year's cost avoidance is \$14,525,615. This is a 243% increase since FY 2010 and a 7% increase since FY 2019.

FY 2020 – Cost Avoidance Calculations for the Sentencing Reform Act*

FY 2020 SCDPPPS avoided bed-days	760,720
Variable cost avoidance	\$7,135,554
Step-fixed cost avoidance	\$7,390,061
Total cost avoidance for FY 2020	\$14,525,615
Maximum reinvestment (\$14,525,615 X 35%)	\$5,083,965

^{*} Numbers are rounded.

2,059 – Total reduction in compliance revocation admissions to SCDC from FY 2010 through 2020. **\$80,217,717** – SCDPPPS' total cost avoidance for Sentencing Reform from FY 2011 through 2020. **\$27,663,522** – SCDPPPS' total proposed maximum reinvestment from FY 2011 through 2020.

Cost Avoidance Methodology

- In FY 2012, the Sentencing Reform Oversight Committee (SROC) received technical assistance from the VERA Institute of Justice to design a model to calculate the cost avoidance to SCDC.
- The cost avoidance model with FY 2020 data is located on page 21 of the appendix. The model provides a description of all variables used to generate the total cost avoidance.

Funding Priority 1: Expansion of Mental Health Specialized Caseload Program

Background:

SCDPPPS aims to expand its Mental Health Program so 100% of eligible offenders are supervised under the specialized program. The goals of the program are to 1) improve access to standardized screening and assessment tools, 2) create collaborative comprehensive case management plans that address criminogenic needs, and 3) coordinate wraparound services with the goal of establishing stability for individuals living with mental illness. Emphasis is placed on treatment, medication compliance, and long-term stability that will endure following the end of supervision (2020 Strategic Plan Objective 4.4.2). To ensure the success of specialized caseloads, program staff will have comprehensive training that is tailored to the needs of this population.

Potential use of funding:

52 positions are needed to expand the Mental Health Program statewide:

- (30 FTES) Mental Health Agents
- (5 FTEs) Department of Mental Health Liaisons
- (5 FTEs) Administrative Hearing Officers
- (6 FTEs) Mental Health Unit Supervisors
- (5 FTEs) Mental Health Offender Supervision Specialists
- (1 FTE) Mental Health Unit Manager

Estimated Cost: \$4,047,696

Funding Priority 2: Expansion of Inmate Release Services

Background:

Currently parole examiners only conduct pre-release interviews for inmates who are being considered for parole. Parole examiners also facilitate hearings at eight designated SCDC facilities. Increasing the number of parole examiners and supporting management will allow the parole examiner position to expand duties to include pre-release interviews of inmates who are being released to the agency's mandatory release programs (i.e., Community Supervision, Supervised Re-entry, and Supervised Furlough II). This will also allow SCDPPPS to facilitate hearings at each of the SCDC facilities, minimizing the need for inmate transport for parole hearings.

Potential Use of Funding:

13 positions are needed to expand the Inmate Release Services:

- (1 FTE) Manager in Charge of Investigations and Examinations
- (3 FTEs) Examination Managers
- (9 FTES) Parole Examiners

Estimated Cost: \$1,036,269

Cost Avoidance Methodology

- In FY 2012, the SROC received technical assistance from the VERA Institute of Justice's Cost Benefit Analysis Unit to prepare a calculation of the cost avoidance to SCDC and to develop a methodology that would allow for this calculation to be used in the future.
- SCDPPPS and SCDC agreed that the calculation would include both variable and stepfixed costs. Step-fixed costs would be calculated by using the ratio of inmates to correctional officers.
- The step-fixed cost avoidance model developed in FY 2012 did not take into account prison closures.
- A template was developed and the FY 2012 cost avoidance calculation was approved on December 14, 2012.
- In FY 2017, the model was modified to take into account prison closures.
- The template of methodology located on page 21 was used for the FY 2020 cost avoidance and provides a description of all variables used to generate the total cost avoidance for FY 2020.
