AGENCY’S DISCUSSION AND ANALYSIS

Physical Location and Description

University of South Carolina Lancaster (USCL) is a regional USC Palmetto College campus. Physically, USCL consists of three sites: The main campus in the City of Lancaster, the Native American Studies Center two miles south of the main campus in downtown Lancaster, and the Indian Land location 18 miles north of the main campus.

The USCL main campus consists of eight buildings. Three buildings, Founders Hall, Hubbard Hall, and the Bradley Arts and Sciences Building, contain faculty offices and instructional spaces. Besides standard classrooms, these buildings contain large lecture halls, auditoriums, instructional computer labs, an iCarolina learning lab, an art studio and gallery, science laboratories, and a nursing simulation laboratory. USCL hosts public events in these buildings, such as theater performances, art gallery receptions, and K-12 partnership programs. The Lancaster community has access to high-speed internet and technological training in the iCarolina lab. In FY2023-2024, the front entrance to Hubbard Hall was renovated to meet ADA requirements, and IT upgraded the campus network core switch and Bundy Auditorium’s presentation technology.

Medford Library is an academic library that is open to the public. The librarians provide access to physical and digital media, teach students to conduct research using library resources, and host library-related events. The library has public access computers as well as an instructional computer lab. The library building houses the Academic Success Center (ASC) and TRiO programs. The ASC is a free tutoring lab and writing center. TRiO programs are federally funded programs designed to support students who face challenging circumstances. These include students who are first-generation college students, students with disabilities, and students from low-income households.

Starr Hall is dedicated to student services, such as Financial Aid, the Business Office, Counselling Services, Student Disability Resources Center, Student Life, the bookstore, and the Student Center.

USCL’s main campus is the home of Gregory Family YMCA. In addition to cardio and weight training equipment, the YMCA has handball, racquetball, volleyball, pickleball, and tennis courts, and an indoor swimming pool. The YMCA offers group exercise classes, swim lessons, and Livestrong programs for cancer survivors. The Carole Ray Dowling (CRD) building contains an exercise science laboratory, and a community room used for special events. In FY2023-2024 the presentation technology was upgraded in the CRD meeting room. The final building is dedicated to security and parking enforcement.

The Native American Studies Center (NASC), located downtown, is a top attraction in the Lancaster area. It consists of a large public gallery, archaeological research spaces, and faculty offices. The NASC hosts a lunch-and-learn series that attracts tourists and locals alike to downtown Lancaster. NASC also hosts special events, like Native American Studies week and Native American craft shows. In FY2023-2024

AGENCY CODE:	H370	SECTION:	20E

NASC hosted a presentation by USC First Lady Dr. Aggelopoulou-Amiridis called "Breaking Barriers: Navigating College and a Future Career as a First-Generation Student." NASC also organized the exhibit "Resurgence and Renaissance: Art of the Catawba Nation since 1973" at the Columbia Museum of Art.

The northern panhandle of Lancaster County has one of the fastest growing populations in South Carolina. USCL established a permanent location in Indian Land in Fall 2022 and regularly offers classes at that location. USCL also offers educational opportunities to residents of Sun City, an active adult community in Indian Land.

Academic Profile

The website Niche.com ranks universities based on several key criteria including academics, cost, facilities, and faculty credentials. For the past seven years USCL has been ranked the #1 community college in South Carolina and is currently in the top 2% of community colleges across the United States.

USCL offers four associate degrees: Associate of Arts, Associate of Sciences, Associate of Science in Business, and Associate of Science in Criminal Justice. Students can remain on the Lancaster campus to earn baccalaureate degrees through USCL’s partnerships. USCL partners with the USC College of Nursing to offer a Bachelor of Science in Nursing (BSN) degree, which is ranked the #1 best RN program in South Carolina by RegisteredNursing.org. USCL is a regional USC Palmetto College campus. Palmetto College offers baccalaureate degree-completion programs online. Students who enroll in Palmetto College through USCL work towards a bachelor’s degree in one of 30 majors while benefiting from student services available on the Lancaster campus.

Risk Assessment and Mitigation Strategies

USC Lancaster participates in the USC Enterprise Risk Management Program (ERM), which was established with the guidance of the International Standards Organization, ensuring that any and all forms of risk are managed in a systematic, transparent, and credible manner. Risk is routinely considered in long- and short-term institutional planning. USCL is the primary higher education institute in the Lancaster area, and so failing to accomplish our goals and objectives would negatively impact the statewide enterprise objective to elevate the level of educational preparedness of South Carolinians. USCL offers opportunities for a high-quality education at an affordable price. Therefore, failure to accomplish our goals would further disadvantage the most economically vulnerable citizens of our service area. Moreover, our Bachelor of Science in Nursing collaborative program is instrumental for offering high quality nursing care for our region. Failure to accomplish our goals with this community would negatively impact the health and wellbeing of South Carolinians. To mitigate such negative impacts, our agency may require state funding to the general operating funds budget, increases in the amount allocated for dual enrollment tuition for high school students, and increases to in-state scholarship money available to students. Specifically, the General Assembly could help resolve potential issues in the following three ways:

1. Increase allocations to the general operating funds.

AGENCY NAME:	University of South Carolina Lancaster		
AGENCY CODE:	H370	SECTION:	20E

2. Increase the amount of revenue provided for dual credit students.
3. Increase state scholarship funds.

State Agency Strategic Plan and Measures

1.1. Attract and retain a highly qualified, appropriately sized, and diverse student body

As a state agency, USCL primarily works towards the statewide enterprise strategic objective of Education, Training, and Human Development. The objective states that we should strive to elevate the level of educational preparedness of South Carolinians. The first step we are taking towards this objective is to attract a student body that is representative of our service area. We schedule regular recruitment efforts throughout our service area and provide outstanding admissions and enrollment support to all students. In January 2024 USCL hired two new recruiters to facilitate these efforts. One way we measure our success in recruitment is by counting the total number of applications for admission. In Fall 2023 we received 2856 applications, meeting our target of 2400 or more. We also count the total number of students who register for classes. This is called the *headcount*. In Fall 2023, our headcount was 2239, meeting our target of 1680 or more.

Our next step towards elevating the level of educational preparedness of South Carolinians is to retain registered students until they graduate or successfully transfer to a different university. The most recently calculated retention rate of first-time, full-time, degree-seeking freshmen reported by the SC Commission on Higher Education (CHE) is not from FY2023-2024; it shows the proportion of freshmen retained from Fall 2021 to Fall 2022. The rate published by CHE includes students enrolled in the Palmetto Pathways program. Pathways is a program in which students are designated as Lancaster-enrolled during their first year. After that, they transfer to Columbia as four-year degree seeking students. The number of students enrolled in this program nearly doubled in Fall 2021, which led to a low retention rate of 38.2%. Had the number of Pathways students stayed the same as in prior years, we would have met the retention goal of 46%. In FY2023-2024 USCL awarded 183 associate degrees, meeting our target of 130 or more. In fact, nine students graduated with leadership distinction, an honor bestowed to students who demonstrate extensive, purposeful engagement beyond the classroom. SC CHE's most recently reported graduation rate of first-time, full-time, degree-seeking undergraduates is for the 2019 cohort. It was 16.2%, falling short of our target of 21% or more. An unusually large proportion of the cohort transferred out before attaining a degree from USCL, with most transferring to other USC programs. USCL uses the SC CHE definition of student success, which applies to *150% of program time*: For associate degrees 150% of program time is 3 years; for bachelor's degrees it is 6 years. For each cohort of students, the *success rate* is calculated by counting the number of students who graduate or successfully transfer to a different institution within 150% of program time, as well as those who remain at the same institution the fall after 150% of program time. The total is divided by the size of the cohort. Like the retention rate, the most recently calculated success rate reported by the SC CHE is not from FY2023-2024. It is for the 2019 cohort, for whom 150% of program time ended in 2022. USCL attained a 71.3% success rate, meeting our target of 60% or more.

1.2. Provide the highest quality of rigorous instruction and student-centric educational experiences to all students

One approach USCL takes to increasing retention is to maintain a low student-to-faculty ratio, thereby allowing students and faculty to have meaningful interactions. The National Center for Educational Statistics recommends a student-to-faculty ratio of 18-to-1 or less. In FY2023-2024, USCL’s ratio was 16-to-1, meeting our target. Beyond interacting with their instructors, USCL students also have access to the Academic Success Center (ASC). The ASC offers free tutoring from well-qualified staff as well as a Writing Center dedicated to developing students’ writing skills. During FY2023-2024 the ASC held 789 tutoring sessions, meeting our target of 535 or more. While the ASC is available to all students, TRiO programs are federally funded programs that support first-generation college students, students who come from low-income households, and students with disabilities. TRiO programs provide qualified students with academic support including tutoring and advisement. They also host community-building activities and events that allow students to support each other and support the Lancaster community. Besides the ASC and TRiO, all USCL students have access to a wide range of support services, including disability accommodations and personal counselling.

2.1. Recruit and develop diverse faculty members who are excellent instructors and recognized scholars with a breadth of experience

In order to provide our students a first-rate education, USCL hires and retains first-rate faculty and staff. In Fall 2023, our faculty consisted of 55 full time faculty members, along with two deans who teach part time, and two retired faculty members who continue to teach full time. In August 2023 USCL hired faculty in high-demand areas of Criminal Justice, Music, and Statistics. In January 2024 USCL hired an instructor of Business who will also oversee the Associate of Science in Business reaccreditation process.

The normal teaching load for each faculty member is equivalent to 12 credit hours per semester. This typically consists of four courses per semester but may vary slightly depending on the academic discipline. Tenured or tenure-track faculty members who engage in scholarly research may request a workload reduction equivalent to a one-course reduction per year.

USCL encourages faculty to engage in professional development activities that enhance their teaching and research. These activities include off-campus opportunities through the USC Center for Teaching Excellence, as well as conferences and workshops hosted by academic societies.

3.1 Promote research excellence and innovation

To promote research, USCL increased the combined budgets for professional travel and for the Research and Productive Scholarship (RPS) award program to \$154,200. These programs support faculty research and travel to scholarly conferences. In FY2023-2024, six faculty members were awarded RPS grants in the areas of Art, English, Exercise Science, Philosophy, Physics, and Undergraduate Research.

AGENCY NAME:	University of South Carolina Lancaster		
AGENCY CODE:	H370	SECTION:	20E

Both students and the university benefit from a faculty member’s scholarly research: the faculty member and the university gain recognition by outside professional organizations; the faculty member may be awarded external funding by way of grants; and students experience cutting-edge advances in the faculty member’s area of research. The USC Office of the Vice President for Research hosts the RISE grant program, a competitive program that funds faculty research and scholarly activities during the summer months. In FY2023-2024 three USCL faculty members were awarded RISE grants in the areas of Archaeology, Art, and English. In 2023, USCL faculty disseminated their scholarship through 32 publications, 155 presentations, and 46 creative works. They were awarded 30 grants, mentored 93 students in research, and participated in 156 other scholarly activities, including peer-review of scholarly work and professional consultations.

At USCL, faculty engage students in research through the Research Club and USC-sponsored grants, including the PURE grant programs. In FY2023-2024, three student-faculty pairs were awarded PURE grants for projects to be completed during the summer of 2024. These projects were in the areas of Exercise Science, Graphic Design, and Physics. In FY2023-2024 five students graduated with Undergraduate Research Honors, an award bestowed on students who dedicated forty or more hours to a single research project. During the academic year, USCL held several events dedicated to cultivating undergraduate research. These activities can be organized into five categories:

1. Faculty and staff held workshops to support student research. These included workshops on community-based research, research technology, and information about the GLD program.
2. Faculty members presented their own research projects to a student audience. The disciplines included Art, Music, and Criminal Justice.
3. Accomplished student-researchers gave presentations aimed at future student-researchers on their experience with undergraduate research. These included students who completed research projects in Biology, Chemistry, and Exercise Science.
4. Students presented their own faculty-guided research projects to the USCL community during the Celebration of Excellence. In its inaugural year, the USCL Celebration of Excellence was a successful event that showcased a wide array of student experiences and scholarly activities. These included presentations related to Biology, Business, Chemistry, Community Service, Creative Writing, Criminal Justice, Exercise Science, Graphic Design, Health Sciences, Native American Studies, Organizational Leadership, Professional and Civic Engagement, Speech, Theater, and Travel Study.
5. Students presented their own faculty-guided research projects at Discover USC, a competitive research conference. Twelve USCL students presented posters related to experiential learning and scholarly research. The subject areas included Community Service, Criminal Justice, Graphic Design (three students), Exercise Science (two students), Native American Studies, and Professional and Civic Engagement (four students). In addition to the competitive entry requirements for Discover USC, students may opt to have their posters and presentations judged by USC faculty. Three USCL

students were placed second in their sessions by the judges. The research topics were Native American Studies, Professional and Civic Engagement (focused on Business), and Professional and Civic Engagement (focused on Cultural Diversity).

USCL also offers several courses focused on research. These classes underwent an evaluation process and were given the *GLD: Research* attribute. In FY2023-2024 USCL offered nine *GLD: Research* courses, meeting our target of four or more. These courses were in the following subject areas: Biology, Chemistry, Criminal Justice, English, Information Technology, Psychology, Theater, and university-level research methods.

4.1 Create, promote, support and assess a campus culture/climate that embodies our Carolina Creed and makes every member of our university feel that they are valued and affirmed

It is vital to create a campus atmosphere in which students are valued and have the opportunity to give back to their local communities. USCL’s Student Life hosts two campuswide festivals, Welcome Week and Spring Fling, to give students an opportunity to network and to learn more about USCL resources and opportunities. Student Life, Medford Library, TRiO programs, and the Native American Studies Center host a variety of cultural events throughout the year. These include celebration of Black History Month, Hispanic Heritage Month, Native American Heritage Month, and Women’s History Month. They host events to uplift members of our community, including Disability Awareness Week and a celebration of first-generation college students. USCL hosts events to raise awareness of a variety of conditions such as mental health and sickle-cell anemia. Students are given ample opportunities to support the local community through Rotaract and United Way of Lancaster County. They collect nonperishable food items and warm clothing for Lancaster Area Coalition for the Homeless, as well as school supplies and Angel Tree gifts for local children.

The USCL Native American Studies Center (NASC) hosts a lunch-and-learn series, an artist-in-residence program, art gallery receptions, an archaeology lab, and craft shows that are open to the public. In FY2023-2024, NASC hosted 3112 visitors, including USCL students and members of the public.

USCL offers courses with the attributes *GLD: Diversity and Social Advocacy*, and *GLD: Global Learning*, as well as courses connected to travel-study. All GLD courses undergo a review process to earn these attributes. Students in these courses learn about cultures and social issues, as well as international differences, commonalities, and relationships. In FY2023-2024, USCL offered fourteen courses with these attributes as well as two travel-study courses, meeting our goal of offering eleven or more. These included classes in Anthropology, Art History, Criminal Justice, English, History, Philosophy, Public Health, Sociology, and Women’s Studies. Lancaster County supports USCL’s efforts to broaden students’ experiences. The Lancaster County Commission on Higher Education has allocated \$60,000 to help defray travel-study costs for eligible students.

The Lancaster community benefits from USCL student participation in the arts and athletics. There are art exhibits on the main campus as well as the Native American Studies Center. The Lancaster Players

AGENCY NAME:	University of South Carolina Lancaster		
AGENCY CODE:	H370	SECTION:	20E

perform public plays throughout the year that are very well received. USCL has five NJCAA athletic teams: baseball, eSports, men’s soccer, women’s soccer, and women’s volleyball. In FY2023-2024 USCL worked to boost our athletics program: We began livestreaming select home baseball games and hired a student-athlete success coordinator.

5.1 Leverage the university system to provide accelerated, lower cost multi-degree options for students

Although USCL is primarily a two-year college, our students can earn baccalaureate degrees through our partnerships with USC College of Nursing and Palmetto College. In Fall 2023, the Bachelor of Science in Nursing (BSN) program, offered through the College of Nursing, enrolled 56 students in their upper-division program, meeting their goal of 50 or more. Lancaster students can enroll in any one of 30 degree-completion programs through Palmetto College. Two of these degrees, the Bachelor of Liberal Studies (BLS) and the Bachelor of Organizational Leadership (BOL), are accredited through Palmetto College. The remaining degrees are accredited through other USC campuses. In Fall 2023, 62 Lancaster students were enrolled in the BLS and BOL programs, meeting the goal of 60 or more.

6.1 Expand community partnerships to create business opportunities, develop new relationships, and increase experiential learning

To aid in student success in a job or career, USCL hosts two career-oriented lecture series: Careers in Science and Careers in Business. These series allow current students to make connections with people working in their chosen career. In FY2023-2024, USCL hosted a career fair to connect students with 32 employers and community organizations. The fair provided internship and job opportunities for students.

USCL also offers many courses with the attributes of *Experiential Learning*, *GLD: Internship*, *GLD: Community Service*, and *GLD: Professional and Civic Engagement*. These courses underwent an evaluation process in order to earn their attributes. Students in these courses learn about non-profit, governmental, and humanitarian support and services related to meeting community needs. They also learn to apply leadership skills to positively change their community. In FY2023-2024 we met our goal of offering 17 or more courses with these attributes. We offered 23 courses in the subject areas of Anthropology, Biology, Criminal Justice, Educational Psychology, English, Geography, Information Technology, Management, Internships, Service-Learning, Leadership, Philosophy, Psychology, Sociology, Speech, and Women’s Studies.

USCL provides support services for students pursuing employment. USCL’s Career Services offers career coaching, help in writing resumes, and mock interviews. USCL’s Internship Director uses Handshake, a database that provides access to internships and jobs. In FY2023-2024, 19 students were accepted to internship positions through this tool, meeting our target of 12 or more.

7.1 Provide a physical campus that supports the academic and student life needs of the modern and future university while ensuring safety of the university community

Besides education, USCL also contributes to the statewide enterprise objective of Public Infrastructure and Economic Development. The objective states, in part, that we should build a world-class and safe public infrastructure to enhance the quality of life of our citizens. One way we achieve this goal is to strengthen the campus’ financial condition. We measure this in two ways. The first is to consider the USCL reserve-fund carry-forward amount. Our target is to increase this reserve so that we maintain an amount equal to or greater than three months of our operating cost. During FY2023-2024 USCL increased the reserve fund by \$545,197 to \$5,888,858.00, meeting our target of \$5,343,661.00 or more. Another measure we use is the expenses-to-budget ratio. This shows the relative size of the total expenses incurred compared to the total budget resources. A small ratio is desirable. In FY2023-2024 our expenses-to-budget ratio was 97%.

USCL also strives to grow fundraising and external funding activities to enhance the campus’ scholarship and academic programs. In FY2023-2024 there were 179 endowed scholarship and special purposes funds held by the Educational Foundation of USC Lancaster, meeting our target of 172 or more. USCL also participated in four major fundraising events that benefitted the USCL Educational Foundation: Big Thursday, Give Local Lancaster, Give 4 Garnet, and an ongoing commemorative brick fundraiser.

Conclusion: USCL and the community

University of South Carolina Lancaster is a vital part of our community. We provide accessible and affordable higher education led by staff and faculty who are experts in their fields. Beyond the classroom, we strive to develop the student as a whole person through co-curricular and extracurricular activities. As an institution and as individuals, we work to enhance our community socially and economically. In FY2023-2024, USCL faculty participated in 477 service activities. USCL faculty and staff led students in fundraisers and supplies drives that benefitted community service organizations and K12 schools. Members of our service area value our work: our enrollments and finances are growing. The Lancaster community has invested in our campus: Lancaster County reimburses the cost of textbooks and supplies for County residents attending USCL. The Lancaster County Commission on Higher Education provides scholarship funding for travel study. We’re recognized by external reviewers as the #1 ranked community college in South Carolina, one of the top community colleges in the United States, and, in partnership with USC, providers of the #1 ranked nursing program in South Carolina.

Agency Mission

Adopted in:

2023

The Lancaster regional Palmetto College campus is a branch campus of the University of South Carolina Columbia. Lancaster has as its mission to provide higher education and intellectual leadership, contributing to the primary mission of the University of South Carolina System so stated as “the outstanding education, research, creative activity, community engagement, and service that drives community and economic impact or the benefit of the state, nation, and world.” At the heart of this mission is a teaching faculty of high quality dedicated to excellence in instruction, scholarship, public and professional service, and creative endeavor which enrich the classroom experience. The Lancaster regional Palmetto College campus offers a varied curriculum grounded in the liberal arts and focused on preparing students to continue their education in the University of South Carolina System and throughout life. The Lancaster regional Palmetto College campus recruits students prepared to succeed in completing a baccalaureate-level education. While the institution does not offer remedial instruction, it is nonetheless able to admit most students who apply due to the close working relationship between students and faculty. The original design of the institution incorporated a flexibility that has allowed changes in institutional capability with increasing educational demands of constituents. Through classroom and laboratory instruction delivered in a variety of face-to-face and distance learning formats and modalities, the institution awards the Associate in Arts and Associate in Science degrees and provides for the completion of selected bachelor’s degrees on campus through cooperative agreements and delivery structures with other University of South Carolina System institutions. The Lancaster regional Palmetto College campus also provides general education and upper division coursework applicable to baccalaureate degree programs offered through colleges and universities nationwide. In addition to academic coursework, the mission of the campus includes noncredit courses, seminars, and workshops made available to the community for cultural enrichment and professional development. The traditions of cultural diversity and freedom of thought are valued at the Lancaster regional Palmetto College campus. In a learning environment that develops respect for racial, geographical, intellectual, and economic diversity and an awareness of individual, societal, and global responsibilities, Lancaster promotes courses, activities, and attitudes that instills in students a thirst to continue learning throughout life. The Lancaster regional Palmetto College campus emphasizes the development of the whole person and especially seeks to foster in students the disciplines essential to an educated citizenry. Core competencies, including the ability to communicate through effective writing and articulate speech; computational and quantitative mastery; creative and critical thinking; and the duties of citizenship are strategically integrated within the curriculum. Classroom experiences, student activities, and physical education programs also provide opportunities for cultural enrichment, leadership development, intellectual growth and interpersonal relationships, all contributing to a sense of self-reliance and a joy of learning.

Agency Vision

Adopted in:

2023

University of South Carolina Lancaster's vision is to impact the world from home. To achieve this vision, USCL is focusing on the following goals. --To offer affordable higher education in our service area. --To expand course offerings in Indian Land. --To promote and maintain a learning environment that addresses issues of diversity, equity, and inclusion for everyone. --To prepare increasing numbers of thoughtful, capable students to benefit those whose lives they touch. --To strengthen investment in our physical campuses as community hubs for education, culture, and wellbeing. --To expand programs and activities that contribute to the economic, cultural, and civic wellbeing of the region. --To increase access to experiential learning, such as undergraduate research, travel study, and community-based projects. --To establish partnerships with the public and private sectors that increase student employability through internship and mentorship programs. --To reflect regularly as a body on our efforts to realize this vision.
