## **AGENCY’S DISCUSSION AND ANALYSIS**

MUSC submits this FY24 Accountability Report to the Department of Administration to document that as a state-supported institution of higher education, the University is accountable for outcomes and practices sound stewardship of its resources.

The institution tracks longitudinal trends on all the outcomes identified as key performance indicators in this report. In addition to the successes related to these *a priori* outcomes, MUSC has maintained full educational, research and health care operations momentum, continuing to increase our role as a statewide educational & health care resource through presence and partnership. Over this past year, aligned with state and local leadership, MUSC continued to grow and improve the quality and depth of care and academic presence provided across the state in all 46 South Carolina counties.

MUSC educates every dimension of health care provider through its six colleges with 3189 students enrolled from 45 of the 46 SC counties. In FY24, we continued to grow our enrollment in key academic programs where workforce shortages exist across the state. Overall enrollment remained stable from Spring 2023 to Spring 2024. In addition to stable enrollment in established programs, MUSC created several new academic programs and credentials to meet the evolving needs of the health care workforce. Three new programs were approved to begin 2023 – 2024. Students can now enroll in MPH Generalist (Fall 2023), MS Genetic Counseling (Fall 2023) and the MS in Nursing as an admitting degree again starting Fall 2024. We also received approval for starting the state’s first on-line/hybrid program in physical therapy and occupational therapy which will begin in the fall of 2025, and which will allow us to more than double the number of graduates from MUSC in each of those programs.

In addition to offering academic programs that prepare graduates to meet the future health care needs of citizens of the state and nation, MUSC is also committed to lowering barriers to students to earn these degrees, which very often is the financial resources needed to attend. MUSC maintained or reduced tuition for academic year 23-24, reflecting its continued commitment to lower student indebtedness. In its second year, the Office of Student Financial Literacy has continued to expand student engagement in financial literacy. The office has continued to encourage and support students in making sound financial decisions prior to and during their enrollment to mitigate the amount of student debt they will incur. The Provost’s Office funded a special project to stand up a peer mentoring program. Out of this funding, Financial Success Mentoring was born and seven MUSC students have been trained in financial education and are currently taking one-on-one counseling sessions. Additionally, the office created a campaign to educate students on returning unneeded student loans. 12.1% of students returned unneeded student loans, up from 7.8% in the previous academic year.

Our accomplishment in meeting the needs of our students is evidenced by the fact that >90% of MUSC students graduate on time from their academic program, thus eligible to enter the health sciences workforce in South Carolina and elsewhere. Our commitment to educational excellence is reflected in the successes of our graduating students. We illustrate this with examples specifically from our MD program. In the College of Medicine (COM), 100% of the 145 graduating M.D. students who entered the match successfully matched to a residency program; our overall match rate pre-SOAP (Supplemental Offer and Acceptance Program) was 95.2%, which was above the overall national match rate of 93.5%. Forty (28%) M.D. graduates of the MUSC Class of 2024 matched to residency programs at MUSC, and 9 M.D. graduates will enter military residencies. Additionally, 50 (35%) of graduating M.D. students will complete their residency training in SC. Forty-two percent of graduating M.D. students will enter primary care (the practice area with greatest shortage

<b>AGENCY NAME:</b>	<b>Medical University of South Carolina</b>		
<b>AGENCY CODE:</b>	<b>H510 &amp; H530</b>	<b>SECTION:</b>	<b>23 &amp; 24</b>

nationwide), including Internal Medicine, Family Medicine, Pediatrics, Medicine-Pediatrics, and Obstetrics and Gynecology.

MUSC houses the largest graduate medical education operation in the state of South Carolina, training over 50% of the resident physicians in the state. This past academic year, MUSC Health Charleston sponsored 913 GME residents and fellows from 116 programs including 82 ACGME and 34 non-ACGME programs. The MUSC ACGME Sponsoring Institution ranks in the top 5% in the country by size and we are planning 10 new programs and 69 additional positions. In September 2023, we successfully achieved accreditation for the MUSC Florence Internal Medicine program from the ACGME with its first cohort of 8 residents starting July 2024. In the next 5 years, we anticipate opening approximately 160 new residency positions in 6 new primary care residency programs at the Pee Dee and Catawba areas.

MUSC has established strong collaborations with other higher education institutions in the state to encourage students to pursue careers in health care, biomedical research, and health administration. The university has formal agreements with seven undergraduate schools across the state to facilitate their students' ability to matriculate at MUSC during the equivalent of their senior year of college, thus saving the student both time and money and encouraging students to remain in South Carolina for their health care education.

In recognition of the growing mental health crisis amongst college students, MUSC has initiated and is leading the Consortium for Student Health and Wellbeing with the College of Charleston and the Citadel. This past year we held an annual conference for this consortium sharing challenges and successes in dealing with student well-being, we completed Mental Health First Aid Training for 120 faculty and staff members, and we implemented the "Wellbeing Survey for Higher Education Settings" to our students. In FY24, member organizations continued meeting to explore and create opportunities to promote education for students, faculty, and staff.

MUSC academic programs are innovative in their collaborations with other entities across the state to help meet the education goals in the program while offering valuable services to the community. One such example is in the College of Health Professions. The division of Speech-Language Pathology (SLP) has partnered with Freedom Readers, a non-profit organization that provides afterschool and summer literacy programming for students and families in low-income areas. The SLP students gain important experience and practice leading literacy assessments virtually (via tele-practice), while also providing a valuable service to this important organization. Another example is the Occupational Therapy division, which partnered with the Gibbes Museum of Art to help the museum improve inclusion and accessibility for stroke survivors.

An additional area of strength and growth continues to be telehealth. Recognized as one of only two Health Resources and Service Administration (HRSA)-awarded Telehealth Centers of Excellence in the nation, the MUSC Health Center for Telehealth is charged with maintaining virtual care access in SC, with a focus on closing the gaps in health care equity. Offering over 100 unique telehealth services to over 380 sites across South Carolina, care settings include over 52 hospitals and freestanding emergency departments, over 156 schools, and over 170 community clinics and other facilities. Many sites are in partially or fully medically underserved regions, solving long-standing care access disparities.

MUSC's virtual urgent care platform remains a convenient asset to patients seeking acute care. Utilized in every county of the state, over 54,200 consults were completed during the year, a 14% increase from the year prior. Partnerships with various South Carolina colleges and universities remained valuable, successfully providing care to thousands of South Carolina students. The state's employee health insurance plan is a leading utilizer of the service- over 50% of all visits.

<b>AGENCY NAME:</b>	<b>Medical University of South Carolina</b>		
<b>AGENCY CODE:</b>	<b>H510 &amp; H530</b>	<b>SECTION:</b>	<b>23 &amp; 24</b>

A vital aspect of MUSC’s organizational vision is to create a culture that fosters continuous innovation. As a step towards that vision, MUSC dedicated the former College of Pharmacy building (“Quadrangle E & F”) as Blue Sky spaces to give a physical home to MUSC innovation. Blue Sky Labs features approximately 3,000 sq. ft. of leasable wet lab space made first available to MUSC’s many startup companies. MUSC’s vision of an “innovation district” adjacent to campus, where industry, research, health care, education and community can intentionally be co-located has the potential to solidify MUSC as a top academic health system and contribute to South Carolina’s position as a globally competitive economy. Additionally, in FY24, we broke ground on a new 70,000 sq. ft. College of Health Professions building to accommodate their enrollment growth of 37% in the last 5 years.

In early calendar year 2024, MUSC put together an enterprise strategy for artificial intelligence (AI). This plan consists of foundational commitments and two strategic goals, which will be integrated into the next OneMUSC enterprise strategy. MUSC firmly believes that our students need to be prepared to work in an environment that includes AI. To get our faculty prepared to teach students about AI, we developed and implemented the “Teaching and Learning in the Age of Artificial Intelligence” conference attended by more than 220 MUSC faculty and we have held regular seminars for faculty on artificial intelligence through-out the spring semester. This is an area that will be a primary strategic focus in the coming years.

In FY24, MUSC launched the implementation phase of an effort to replace our decades-old student information system (SIS), which handles nearly all business processes related to students, with a software-as-a-service (SaaS) system called Anthology Student and Anthology Reach. Anthology Reach and Anthology Student will help us better engage and serve prospective applicants and our current students—from recruitment through graduation—with a comprehensive and integrated system. It also will allow students to easily access information about their registration, financial aid, billing, academic record, curriculum, extracurricular activities, and more. Anthology Student is currently planned to go live early 2025.

Since the launch in February 2021 of the OneMUSC strategic plan, President Cole has spearheaded a robust strategy to reshape how we deliver our mission to successfully serve our state and each other. By design, MUSC has spread beyond geographical lines to benefit the health and well-being of communities worldwide. With such growth – and a commitment to our tripartite mission – it is more important than ever to maximize our impact. To this end, OneMUSC is rooted in three themes: Innovation, Impact, and Influence. These three themes are integral to our organizational culture and mission. OneMUSC consists of the following seven strategies, each championed by senior leaders across the enterprise:

1. Re-imagine the learning experience to optimize educational value.
2. Build a high-performing, integrated academic health system.
3. Integrate our research and clinical strengths to transform health care.
4. Create a culture of innovation.
5. Forge innovative partnerships to increase scale, scope, and impact.
6. Promote our thought-leadership to build our national presence and shape policies.
7. Become the pre-eminent model for equity, setting a national standard among academic health systems.

The enterprise has embarked on the development of our next OneMUSC strategic plan with a goal of approval by the Board of Trustees by the end of calendar year 2024 so we head into 2025 prepared to execute. Pending BOT approval, the organization will be primarily focused on 3 areas for the next 5 years: (1) Empower healthy communities (2) Drive innovation and health transformation (3) Reshape the future workforce. Specific strategies, objectives, and initiatives under each focus area are being developed by a broad range of

<b>AGENCY NAME:</b>	<b>Medical University of South Carolina</b>		
<b>AGENCY CODE:</b>	<b>H510 &amp; H530</b>	<b>SECTION:</b>	<b>23 &amp; 24</b>

stakeholders across the organization. This framework will drive the achievement of two aspirational goals the organization set to achieve in the next 20 years. Those two goals are: (1) South Carolina will be top 20 in the nation for health outcomes and (2) MUSC will be a top 20 academic health system in the nation. Lofty but achievable goals inspire the MUSC family and our communities to drive change and excellence across higher education and health care.

The items discussed below and presented in the Strategic Planning component of this report reflect on the goals and objectives that align closest with **MUSC’s role as a state-supported institution of higher education**. These **goals align with the South Carolina statewide enterprise objective to provide Education, Training, and Human Development**, with the MUSC Mission goals of educating health care professional and biomedical scientists and conducting research in the health sciences, and with the OneMUSC strategic focus to harness Innovation, Impact, and Influence to carry out institutional strategies over the next five years. MUSC’s performance on the FY24 goals specified in last year’s Accountability Report also reflects our commitment to excellence and stewardship of the resources entrusted to us by the state.

**Goal 1: Preserve and optimize human life in South Carolina and beyond by effectively educating health care professionals and biomedical scientists.**

For all the available measures related to the goal of educating healthcare professionals and biomedical scientists, many outcomes in FY24 met or exceeded targets. Some notable achievements related to this goal are that MUSC’s tuition inflation rate was -0.5%, reflecting our commitment to provide affordable education to future healthcare professionals. We are also graduating more than 90% of entering students on time. These students are well prepared, both in their profession-specific skills and in teamwork skills critical to effective healthcare. A significant amount of credit for this achievement goes to our stellar faculty, 91% of whom were rated by students as effective teachers.

**Goal 2: Preserve and optimize human life in South Carolina and beyond by conducting research in the health sciences.**

For the goal reflecting our research mission, our measures showed strong results and exceeded both target and historical performance. For research funding, our outcomes remained high and above target. MUSC continues to lead the state in sponsored research awards, with a portfolio in FY24 reaching more than \$360M. MUSC rose in the NIH Blue Ridge national rankings from 53<sup>rd</sup> to 50<sup>th</sup>. MUSC is in the top quintile of all health science centers in the nation in National Institutes of Health (NIH) funding, and we are good stewards of our research dollars, demonstrating efficiency in operations. We continue to work to better incorporate cutting edge research advances into our clinical practice and into private industry solutions that touch the lives of citizens in South Carolina.

**Risk Assessment and Mitigation**

MUSC’s strategic risk management process was initiated to identify, evaluate, and mitigate risks that could prevent the enterprise from achieving its objectives. This is accomplished through the periodic creation of an extensive inventory of both industry and local risks, which is analyzed based on the likelihood a risk event will occur and the impact of the risk event if it were to materialize. Risks above a materiality threshold are assigned to risk champions, who have expertise in the risk subject matter and are responsible for facilitating mitigation strategies and evaluation standards. Risks with the most negative impact to the public are those that could

<b>AGENCY NAME:</b>	<b>Medical University of South Carolina</b>		
<b>AGENCY CODE:</b>	<b>H510 &amp; H530</b>	<b>SECTION:</b>	<b>23 &amp; 24</b>

interfere with MUSC’s ability to provide quality healthcare, impactful research, and essential education to future providers of healthcare services and scientific discovery. Plans that are developed to mitigate these risks can have both internal and external components. For example, mitigation plans for risks that materialized as a result of the COVID-19 pandemic included both internal strategies (e.g., space and staffing reconfiguration) and external strategies (e.g., external funding for testing and vaccinations).

Per the state’s request, below are three options for the General Assembly to help resolve issues before they become crises:

- Continue the commitment to funding higher education—helping to reduce student debt and providing a more robust pool of qualified applicants for all of MUSC’s degree programs;
- Optimize MUSC’s ability to respond in an expeditious and effective manner to opportunities that will allow for successful adaptation to changes in the rapidly evolving environments of both healthcare and education; and
- Invest in graduate medical education, which will help address the current shortage of healthcare providers in both South Carolina and the nation.

## Reorganization and Compliance

as submitted for the Accountability Report by:

### H510 - MEDICAL UNIVERSITY OF SOUTH CAROLINA

#### Primary Contact

First Name	Last Name	Role/Title	Email Address	Phone
Suzanne	Thomas	Associate Provost for Educational Planning and Effectiveness	thomass@musc.edu	843-792-1533

#### Secondary Contact

First Name	Last Name	Role/Title	Email Address	Phone
Ronnie	Chatterjee	Director, Office of Institutional Effectiveness	chatterr@musc.edu	843-792-2654

#### Agency Mission

Adopted in:

2021

The Medical University of South Carolina (MUSC) is South Carolina's only comprehensive academic health sciences system. Our purpose is to preserve and optimize human life in South Carolina and beyond. MUSC provides an interprofessional environment for learning, discovery, and healing through (1) education of health care professionals and biomedical scientists, (2) research in the health sciences, and (3) provision of comprehensive health care.

#### Agency Vision

Adopted in:

2015

Leading health innovation for the lives we touch.

#### Recommendations for reorganization requiring legislative change:

None

#### Agency intentions for other major reorganization to divisions, departments, or programs to allow the agency to operate more effectively and efficiently in the succeeding fiscal year:

None

#### Significant events related to the agency that occurred in FY2024

Description of Event	Start	End	Agency Measures Impacted	Other Impacts
No significant events affected performance measures.				

Is the agency in compliance with S.C. Code Ann. § 2-1-220, which requires submission of certain reports to the Legislative Services Agency for publication online and the State Library? (See also S.C. Code Ann. § 60-2-20).

Yes

Reason agency is out of compliance: (if applicable)

Is the agency in compliance with various requirements to transfer its records, including electronic ones, to the Department of Archives and History? See the Public Records Act (S.C. Code Ann. § 30-1-10 through 30-1-180) and the South Carolina Uniform Electronic Transactions Act (S.C. Code Ann. § 26-6-10 through 26-10-210).

Yes

Does the law allow the agency to promulgate regulations?

No

Law number(s) which gives the agency the authority to promulgate regulations:

Has the agency promulgated any regulations?

No

Is the agency in compliance with S.C. Code Ann. § 1-23-120 (J), which requires an agency to conduct a formal review of its regulations every five years?

Yes

(End of Reorganization and Compliance Section)

# FY2024

## Strategic Plan Results

Goal 1 Preserve and optimize human life in SC and beyond by effectively educating health care professionals and biomedical scientists

Goal 2 Preserve and optimize human life in SC and beyond by effectively educating health care professionals and biomedical scientists

as submitted for the Accountability Report by:

H510 - MEDICAL UNIVERSITY OF SOUTH CAROLINA

Perf. Measure Number	Description	Base	Target	Actual	Value Type	Desired Outcome	Time Applicable	Calculation Method	Data Source	Data Location	Stakeholder Need Satisfied	Primary Stakeholder	State Funded Program Number Responsible	Notes
<b>1.1 Ensure students receive the education they need to enter the health sciences workforce</b>														
<b>State Objective: Education, Training, and Human Development</b>														
1.1.1	On-time graduation rate	90.40%	90%	91.60%	Percent	Equal to or greater than	Calendar Year	Percent enrollees graduating within 150% of program length	Internal Records	Registrar	high quality education	students	0200.010100.000; 0200.050100.000; 9500.050000.000	
1.1.2	Percentage of faculty rated as effective teachers	90%	90%	91%	Percent	Equal to or greater than	State Fiscal Year	N educators meeting quality benchmark/N educators	Internal Records	Office Inst Effectiveness	high quality education	students	0200.010100.000; 0200.050100.000; 0200.050300X000; 0201.010500X000	
1.1.3	Percentage of all MUSC licensing exams for which MUSC's first time pass rate ≥ national first time pass rate	70%	80%	79%	Percent	Equal to or greater than	Calendar Year	N licensing exams meeting standard/N licensing exams for which national first time pass rates are available	Internal Records	Colleges	high quality education	students	0200.010100.000; 0200.050100.000; 0200.050300X000; 0201.010500X000	There are 14 key licensing exams that are included in the calculation for performance measure 1.1.3. In FY24, MUSC students had higher first-time pass rates than the national first-time pass rate on 11 of these 14 exams. On three exams, MUSC students had slightly lower (~3-6%) first-time pass rates compared to their respective national rates, resulting in a measure value of 79%. Thus, based on how we measure this outcome (11/14=79%), MUSC failed to meet target by 1%. The Program Directors of the three programs have, as all Program Directors do, used these data to engage in ongoing quality improvement. They have made changes to their programs to better support students being excellently prepared to pass their licensing exams
1.1.4	Percentage of graduating students with employment secured or optimistic about offers to come	89%	85%	NA	Percent	equal to or greater than	State Fiscal Year	N graduating students endorsing/N graduating students completing survey	Internal Records	Office Inst Effectiveness	high value education	students	0200.010100.000; 0200.050100.000; 0200.050300X000; 0201.010500X000	
<b>1.2 Provide students a high value education</b>

Law number	Jurisdiction	Type	Description	Purpose the law serves:	Notes:	Changes made during FY2023
Age Discrimination in Employment Act	Federal	Statute	The Age Discrimination in Employment Act of 1967, Pub. L. No. 90-202, codified at 29 U.S.C. § 621 through 29 U.S.C. § 634 (ADEA), forbids employment discrimination against anyone at least 40 years of age	Requires a service		No Change
Americans with Disabilities Act (and amendments such as ADAA)	Federal	Statute	The Americans with Disabilities Act (ADA) became law in 1990. The ADA is a civil rights law that prohibits discrimination against individuals with disabilities in all areas of public life, including jobs, schools, transportation, and all public and private places that are open to the general public.	Requires a service		No Change
Animal Welfare Act 7 U.S.C. § 2131 et seq.	Federal	Statute	The Animal Welfare Act of 1966 regulates the transport, sale and handling of dogs, cats, guinea pigs, nonhuman primates, hamsters and rabbits intended to use for research or other purposes.	Not related to agency deliverable		No Change
CFR Title 9, Chapter 1, Subchapter A, Parts 1-3	Federal	Statute	Governs the care and use of animals in biomedical research (exceptions are mice, rats and birds)	Not related to agency deliverable		No Change
Clery Act, 20 U.S.C. § 1092(f)	Federal	Statute	The Clery Act requires all colleges and universities that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campuses.	Report our agency must/may provide		No Change
COBRA (Comprehensive Omnibus Reconciliation Act)	Federal	Statute	The Consolidated Omnibus Budget Reconciliation Act (COBRA) gives workers and their families who lose their health benefits the right to choose to continue group health benefits provided by their group health plan for limited periods of time under certain circumstances such as voluntary or involuntary job loss, reduction in the hours worked, transition between jobs, death, divorce, and other life events.	Requires a service		No Change
Drug Free Workplace Act of 1988	Federal	Statute	The Drug-Free Workplace Act of 1988 requires some federal contractors and all federal grantees to agree that they will provide drug-free workplaces as a condition of receiving a contract or grant from a federal agency.	Report our agency must/may provide		No Change
Employee Retirement Income Security (ERISA)	Federal	Statute	The Employee Retirement Income Security Act or ERISA is a Federal law that sets standards of protection for individuals in most voluntarily established, private-sector retirement plans.	Not related to agency deliverable		No Change

Law number	Jurisdiction	Type	Description	Purpose the law serves:	Notes:	Changes made during FY2023
Equal Employment Opportunity Act	Federal	Statute	The Equal Employment Opportunity Act of 1972 is the act which gives the Equal Employment Opportunity Commission (EEOC) authority to sue in federal courts when it finds reasonable cause to believe that there has been employment discrimination based on race, color, religion, sex, or national origin.	Requires a service		No Change
Equal Pay Act	Federal	Statute	Prohibits sex-based wage discrimination between men and women in the same establishment who perform jobs that require substantially equal skill, effort and responsibility under similar working conditions. Cross references to the EPA as enacted appear in italics following the section heading. Additional provisions of the Equal Pay Act of 1963, as amended, are included as they appear in volume 29 of the United States Code.	Requires a service		No Change
E-Verify	Federal	Statute	E-Verify is an Internet-based system that allows businesses to determine the eligibility of their employees to work in the United States.	Report our agency must/may provide		No Change

## Partnerships Data

as submitted for the Accountability Report by:

### H510 - MEDICAL UNIVERSITY OF SOUTH CAROLINA

Type of Partner Entity	Name of Partner Entity	Description of Partnership	Change to the partnership during the past fiscal year
Private Business Organization	CHS Development Corporation	MUSC partners with the CHS Development Corporation (CHS), a non-profit corporation established in 2003, to obtain financing for the University to acquire and develop real property.	No Change
Higher Education Institute	Clemson University	MUSC partners with Clemson to offer the joint Ph.D. in Biomedical Data Science and Informatics. MUSC & Clemson have also developed nine accelerated pathway programs, reducing time to professional degree for Clemson students. MUSC and Clemson collaborate closely on research initiatives in key areas of health sciences. The organizations have also teamed up with the goal of creating a national model for student health care and well-being initiatives, focused not only on the immediate needs of the community during the COVID-19 pandemic but also the ongoing health demands of the Clemson student population. Finally, MUSC and Clemson launched Healthy Me - Healthy SC, a statewide program created to improve health care access and combat health disparities. MUSC's Chief Physician Executive, Dr. Eugene Hong, serves as the Chief Medical Officer and advisor for Clemson athletics.	No Change
Higher Education Institute	Coker University	MUSC partners with Coker University to offer accelerated pathways in which students are eligible to receive credits towards their undergraduate degree for completing their first year at MUSC. These pathways allow students to reduce time in school and educational debt.	No Change
Higher Education Institute	College of Charleston	MUSC partners with the College of Charleston to offer accelerated pathways in which students are eligible to receive credits towards their undergraduate degree for completing their first year at MUSC. These pathways allow students to reduce time in school and educational debt. The College of Charleston and the Medical University of South Carolina (MUSC) joined forces in 2020 to provide enhanced student health care, including psychiatric services, to CoC students.	No Change
Federal Government	Department of Education	MUSC receives Title IV funds to support its education mission.	No Change
Federal Government	Federal Research Support Entities (NIH, NSF)	MUSC receives federal grant support to achieve its research mission.	No Change
Higher Education Institute	Francis Marion University	MUSC partners with Francis Marion University to offer accelerated pathways in which students are eligible to receive credits towards their undergraduate degree for completing their first year at MUSC. These pathways allow students to reduce time in school and educational debt.	No Change

Type of Partner Entity	Name of Partner Entity	Description of Partnership	Change to the partnership during the past fiscal year
Private Business Organization	Greenwood Genetic Center	The Greenwood Genetic Center (GGC) and the Medical University of South Carolina (MUSC) partner to improve access to high-quality, coordinated and cost-effective genetic services and drive innovation in the genetics field. The deeper relationship between GGC and MUSC Health presents opportunities to further improve access and enhance patient care, increase access to a broader range of educational opportunities for MUSC students, and position the organizations to take advantage of future strategic research initiatives. The two entities have worked together on clinical consultations, provider education, and research for more than a decade. The partnership relationship adds depth and breadth of the almost two-year old formal affiliation.	No Change
Private Business Organization	Medical University Facilities Corporation	MUSC partners with the Medical University Facilities Corporation (MUFC), a non-profit corporation established in 1992, to obtain financing from the University to acquire real property.	No Change
State Government	Medical University Hospital Authority (MUHA)	MUSC partners with the Medical University Hospital Authority (Private, non-profit 501c3) to form the only comprehensive academic medical center in the state of SC. This partnership facilitates MUSC's mission to provide comprehensive health care.	No Change
Private Business Organization	Medtronic	Medtronic and the Medical University of South Carolina (MUSC) announced a five-year value-based health care partnership in 2019 intended to transform and improve care for patients in South Carolina. The collaboration focuses on developing solutions that improve the health outcomes and care experiences for patients while also reducing costs. Health services research resources at MUSC have been key to the partnership's success. Currently they are in negotiations to extend the partnership for another 5 years.	Amend
Private Business Organization	Modern Minds	MUSC Health and Modern Minds, a new Charleston-based adult mental health and wellness clinic, have launched a collaboration to offer a one-stop holistic approach to mental, emotional and physical wellness. The fully integrative health model engages with clients experiencing stress, depression and/or anxiety and leverages a team of psychologists, psychiatrists, licensed social workers and wellness mentors who work together to provide a comprehensive care solution. The effort seeks to move more people toward balanced wellness in all areas of their lives, addressing physical activity, nutrition, mindfulness, relationships, family and work. The clinic incorporates faculty from MUSC and fellows which furthers the education and research mission.	No Change
Private Business Organization	MUSC Foundation	MUSC partners with the MUSC Foundation (MUSCF), a non-profit corporation established in 1966, to support education, research, patient care and other programs at the Medical University.	No Change
Private Business Organization	MUSC Foundation for Research Development	MUSC partners with the MUSC Foundation for Research Development (d/b/a Zucker Institute for Innovation Commercialization, "ZI"), a non-profit corporation established in 1995, in order to evaluate all intellectual assets the enterprise owns and generates, extracting value, and forging industry and other relationships resulting in products and services that provide real-life solutions to the world's medical needs.	No Change

Type of Partner Entity	Name of Partner Entity	Description of Partnership	Change to the partnership during the past fiscal year
Private Business Organization	MUSC Physicians (University Medical Associates or UMA)	MUSC partners with MUSC Physicians (UMA), a non-profit corporation, to facilitate the clinical responsibilities and clinical compensation for College of Medicine faculty whose contracts stipulate clinical practice.	No Change
Private Business Organization	MUSC Strategic Ventures	MUSC partners with MUSC Strategic Ventures (MSV), a non-profit formed in 2015 to allow affiliation with tax-exempt entities to support the missions and programs of the Medical University of South Carolina, UMA, and MUHA.	No Change
State Government	SC Area Health Education Consortium (AHEC)	SC AHEC facilitates the Statewide Family Practice Residency System, the Graduate Doctor Education Program, and the Area Health Education Center Program.	No Change
Private Business Organization	Siemens Healthineers	The Medical University of South Carolina (MUSC) and Siemens Healthineers formed a first-of-its-kind strategic partnership in 2018 with the mutual goal of advancing the quality of health care in South Carolina. The partnership capitalizes on the coupling of MUSC's clinical care, research and education expertise with Siemens Healthineers' engineering innovations and workflow-improvement capabilities.	No Change
State Government	South Carolina (state grants & contacts)	MUSC receives state grants and contract support to achieve its tripartite mission of education, research, and health care.	No Change
Private Business Organization	Synaptive	The MUSC - Synaptive affiliation means clinicians and researchers have access to groundbreaking technologies to improve patient care and encourages collaboration to co-develop uses for novel clinical tools.	No Change
Higher Education Institute	The Citadel	MUSC partners with The Citadel to offer accelerated pathways in which students are eligible to receive credits towards their undergraduate degree for completing their first year at MUSC. These pathways allow students to reduce time in school and educational debt. The Citadel and MUSC have also joined forces to provide enhanced health care services for members of the South Carolina Corps of Cadets. Services offered by The Citadel's Mary Bennett Murray Infirmary have been expanded to include counseling, additional sports medicine offerings and on-site physical therapy.	No Change
Private Business Organization	Helix	MUSC and Helix have a strategic collaboration to develop a first-of-its kind population genomics initiative in South Carolina called In Our DNA SC. The large-scale program is designed to improve health care outcomes by integrating genetic insights into clinical care and research. The statewide initiative will enroll 100,000 patients in genetic testing over the next four years at no cost to the patient.	No Change
Private Business Organization	Notable	In partnership with Notable, MUSC Health creates a digital experience for patients throughout their care journey. MUSC Health will leverage the Notable platform to power a digital front door for every patient interaction, automating scheduling, registration, clinical intake workflows, and more.	No Change

Type of Partner Entity	Name of Partner Entity	Description of Partnership	Change to the partnership during the past fiscal year
Private Business Organization	Butterfly	Together with Butterfly, MUSC aims to transform patient care, health education and medical research by empowering its clinicians, students and researchers with point-of-care access to AI-powered, handheld ultrasound.	No Change
Federal Government	Fetter	In collaboration with Fetter, MUSC works to increase access to care and address health equity in South Carolina.	Amend
Private Business Organization	Boeing	MUSC and Boeing engage in enterprise-wide collaborations to serve South Carolina, including the MUSC Boeing Center For Children's Wellness.	No Change
Private Business Organization	Vision to Learn	Vision to Learn and MUSC Health combine efforts to provide vision screenings, eye exams, and if needed, a new pair of glasses to Charleston County School District students who struggle with vision all free of charge.	No Change
Private Business Organization	Everfi from Blackbaud	MUSC has announced a new collaboration with Blackbaud (NASDAQ: BLKB) to deploy digital education programs focused on preventive behavioral health for K-12 students. In coordination with EVERFI from Blackbaud, the company's social impact division, these courses will be activated in approximately 70 schools in Charleston, Berkeley, Dorchester, Orangeburg, Bamberg and Calhoun counties. Activation includes teacher training and classroom launches for participating schools	No Change
Private Business Organization	General Catalyst	General Catalyst partnered with MetroHealth, Banner Health, MUSC and 6 others on digital innovation. General Catalyst is partnering with nine more hospitals and health systems as the venture capital firm aims to drive healthcare's digital transformation. The organizations span 43 states and include academic, children's, for-profit and nonprofit institutions that make up about 12 percent of U.S. healthcare revenue and 13 percent of the country's hospital beds. The partnerships could yield new companies, joint investments, further development of existing technologies at the health systems, or partnerships with General Catalyst's digital health portfolio companies. They may focus on virtual care, telemental healthcare, process automation, data analytics, artificial intelligence and machine learning, and workforce transformation.	No Change
K-12 Education Institute	Charleston County School District/Trident Technical College	Charleston County School District (CCSD) announce a partnership with MUSC and Trident Technical College that will expand opportunities for Charleston area students to explore and become certified in health sciences careers. This new partnership creates career readiness pathways for students while supporting community development and workforce engagement to address shortages in a plethora of critical roles in health care, including but not limited to phlebotomists and certified nursing assistants, registered nurses, and physicians	No Change
Higher Education Institute	Clafin	A pilot pipeline program between the Medical University of South Carolina and Clafin University, South Carolina's oldest historically Black college, is seeking to introduce more underrepresented minority undergraduates to lesser known healthcare career paths.	No Change

Type of Partner Entity	Name of Partner Entity	Description of Partnership	Change to the partnership during the past fiscal year
Higher Education Institute	SC State	South Carolina State and the Medical University of South Carolina (MUSC) joined forces to provide student health care. The center is staffed one day per week with an APP and virtual urgent care services are offered 24/7.	No Change
Non-governmental Organization	Pee Dee Medical and Health Sciences Education Consortium (PDMHSEC)	PDMHSEC is composed of the University of South Carolina, the Medical University of South Carolina, and Francis Marion University. The nonprofit purpose of the PDMHSEC is to increase the presence and scope of health care providers across the northeastern quadrant of South Carolina	No Change
Private Business Organization	EdVenture	In collaboration with Richland School District Two's STEAMM Med Pro 21 Initiative, EdVenture Children's Museum worked with MUSC to highlight local healthcare professionals.	No Change
Non-governmental Organization	Shriners Hospital	MUSC and Shriners Hospitals for Children (Shriners Children's) have announced an affiliation to elevate pediatric burn care and research at the MUSC Shawn Jenkins Children's Hospital. This is a component of the comprehensive South Carolina Burn Center.	No Change
Private Business Organization	AnMed	AnMed announced a new affiliation with MUSC to provide enhanced access to leading medical treatment while optimizing the care already in place. AnMed Health and the Medical University of South Carolina College of Medicine have partnered to create an innovative Clinical Education Program at AnMed Health for medical students. Through the partnership, selected third- and fourth-year MUSC students will complete their final two years of education at AnMed Health in a curriculum designed to emphasize patient-centered primary care.	No Change
State Government	SC Department of Corrections	MUSC Health, the clinical health system of the Medical University of South Carolina, and the South Carolina Department of Corrections (SCDC) have begun a first-of-its kind partnership to consolidate health care services for incarcerated people within South Carolina. The agreement establishes a dedicated, secure (prison-standard) hospital wing with about 35 beds for SCDC patients inside MUSC Health Chester Medical Center, instead of sending them to various health care facilities across the state for the treatment of acute conditions, such as appendicitis or pneumonia.	No Change
Private Business Organization	Andor	Andor Health, the company that harnesses open AI and healthcare-trained ChatGPT models to orchestrate the way care teams collaborate, is working with Medical University of South Carolina Health to leverage this technology in a decentralized care delivery model. MUSC Health, one of the country's leading telehealth centers, will leverage ThinkAndor enterprise-wide to build a next generation virtual care ecosystem. By leveraging ThinkAndor, MUSC Health will continue its transition from a one-size-fits-most care delivery model to a decentralized approach to care delivery. This will create a more accessible care model that increases access to care and expands care to schools across the state.	Add

Type of Partner Entity	Name of Partner Entity	Description of Partnership	Change to the partnership during the past fiscal year
K-12 Education Institute	Orangeburg County School District	MUSC Health now serves as OCSD's complete physician, medical and athletic training support provider. The partnership includes seven high schools and will extend to the summer months for off-season conditioning. Injured or ill athletes and coaches will receive expedited access to the vast services provided by MUSC Health as well as injury prevention education. The partnership also grants OCSD access to additional services, such as MUSC Health's Sports Concussion Program, enhanced access to MUSC Health's referral network and clinical trials if necessary. "Partnerships, such as this one, allow us the opportunity to bring high-quality care directly into the communities we serve. Our team's goal is not only to provide the best treatment for injured athletes but also to educate students and staff on injury prevention and healthy habits for athletes," said Echo McAlhany, MUSC Health-Orangeburg's executive director of Ambulatory Services	Add
K-12 Education Institute	Orangeburg High School for Health Professions	MUSC Health Orangeburg, in partnership with the High School for Health Professions and MUSC Health's Office of Workforce Development, launched "Wednesdays at MUSC Health," an after-school program offering students weekly encounters in critical healthcare occupations led by Care Team Members. MUSC Health has committed to twelve sessions run through the end of Spring Semester 2024 with intent to renew and expand the program for the full 2024-25 Academic Year.	Add
Local Government	Pee Dee Regional Transit Authority	For both the Lake City and Williamsburg County communities the top barrier for accessing services is transportation. MUSC Health Black River partnered with Pee Dee Regional Transit Authority, Williamsburg County Transit Authority, and Hope Health to ensure reliable public transportation is available to all patients traveling to and from the hospital with the establishment of new bus routes.	Add
Local Government	Williamsburg County Transit Authority	For both the Lake City and Williamsburg County communities the top barrier for accessing services is transportation. MUSC Health Black River partnered with Pee Dee Regional Transit Authority, Williamsburg County Transit Authority, and Hope Health to ensure reliable public transportation is available to all patients traveling to and from the hospital with the establishment of new bus routes.	Add
Federal Government	Hope Health	For both the Lake City and Williamsburg County communities the top barrier for accessing services is transportation. MUSC Health Black River partnered with Pee Dee Regional Transit Authority, Williamsburg County Transit Authority, and Hope Health to ensure reliable public transportation is available to all patients traveling to and from the hospital with the establishment of new bus routes.	Add
Non-Government Organization	LowCountry Food Bank	MUSC health Black River Medical Center in partnership with the LowCountry Food Bank provides food boxes to patients who screen positive for food insecurity. The food boxes are each 25 lbs and provide a week's worth of non-perishable foods.	Add
Private Business Organization	Aris Foundation	MUSC and Aris Foundation have partnered to create a health information center in the Lancaster Area. Also involved are York Tech	Add
K-12 Education Institute	Lancaster County School District	MUSC Health now serves as Lancaster School District and Chester County School Districts complete physician, medical and athletic training support provider. The partnership includes seven high schools and will extend to the summer months for off-season conditioning. Injured or ill athletes and coaches will receive expedited access to the vast services provided by MUSC Health as well as injury prevention education. The partnership also grants access to additional services, such as MUSC Health's Sports Concussion Program, enhanced access to MUSC Health's referral network and clinical trials if necessary.	Add
