

PART IB**OPERATION OF STATE GOVERNMENT****SECTION 1 - H630 - DEPARTMENT OF EDUCATION**

1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: DHEC - Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

1.3. (SDE: State Aid to Classrooms) To the extent possible within available funds, it is the intent of the General Assembly to provide for one hundred percent of full implementation of the Education Finance Act via an allocation from the State Aid to Classrooms appropriation. The funds appropriated for State Aid to Classrooms shall be allocated as follows: 63.60 percent must be allocated based on the Education Finance Act formula and the differentiated student weightings in this Act; 28.62 percent must be allocated based on the manner of distribution of EFA employer contributions in the prior fiscal year; and 7.79 percent must be allocated to fully implement the State Minimum Teacher Salary Schedule with a minimum starting teacher salary of \$36,000. The department is authorized to adjust the percentage allocation related to EFA employer contributions to accommodate for the disbursement of the state retirement funds and any other related employee allocation sent to districts. For the current fiscal year, the total pupil count is projected to be 764,037. These funds represent an average per pupil of \$3,887 in State Aid to Classrooms. The average per pupil funding is projected to be \$6,902 state, \$1,202 federal, and \$7,423 local. This is an average total funding level of \$15,527 excluding revenues of local bond issues. It is the intent of the General Assembly that the consolidation of the

Education Finance Act and Education Finance Act - Employer Contributions appropriations, and the subsequent allocation of the State Aid to Classrooms appropriation back to these categories, should not significantly alter the application of funding formulas or maintenance of effort requirements referencing the Education Finance Act and Education Finance Act - Employer Contributions.

The funds allocated from State Aid to Classrooms for implementing the revised State Minimum Teacher Salary Schedule shall be distributed to school districts using the EIA Teacher Salary Supplement methodology. The resulting estimated teacher salary schedule is as follows:

As further used in this act, references to the Education Finance Act or EFA funds shall be interpreted to mean the 63.60 percent of funds appropriated for State Aid to Classrooms and allocated for the Education Finance Act and, where appropriate, the 28.62 percent of State Aid to Classrooms allocated for Education Finance Act Employer Contributions.

For the purpose of maintaining consistency when calculating maintenance of effort, references to the base student cost shall be interpreted as the base student cost resulting from the 63.60 percent of funds appropriated for State Aid to Classrooms and allocated for the Education Finance Act and, where appropriate, the 28.62 percent of State Aid to Classrooms allocated for Education Finance Act Employer Contributions, and other any other items normally included in the base student cost calculation.

For the purpose of maintaining consistency when calculating the Base Student Cost, the base student cost calculation shall include funds from

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

State Aid to Classrooms consisting of the 63.60% of funds appropriated for State Aid to Classrooms allocated based on the Education Finance Act formula and the 7.79% that are allocated to fully implement the State Minimum Teacher Salary Schedule.

For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a public charter school shall receive and distribute state EFA funds to the charter school as determined by one hundred percent of the current year's base student cost, as funded by the General Assembly multiplied by the weighted pupils enrolled in the charter school, which must be subject to adjustment for student attendance.

The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections, including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also, as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office, shall also post on their website the one hundred thirty-five day average daily membership for each school district and per pupil state, federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the projected numbers and the exact numbers.

For the current fiscal year, the pupil classification weightings are as follows:

- (1) K-12 pupils or base students including homebound students 1.00

Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section 44-7-130 of the 1976 Code shall receive a weighting of 2.10.

- (2) Weights for students with disabilities as prescribed in Section 59-20-40(1)(c) Special Programs

- (3) Precareer and Career Technology 1.29

- (4) Additional weights for personalized instruction:

- | | |
|---------------------------------|------|
| (A) Gifted and Talented | 0.15 |
| (B) Academic Assistance | 0.15 |
| (C) Limited English Proficiency | 0.20 |
| (D) Pupils in Poverty | 0.20 |
| (E) Dual Credit Enrollment | 0.15 |

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

No local match is required for the additional weightings for personalized instruction in the current school year. Charter school per pupil calculations for locally sponsored charters will continue to be calculated according to Section 59-40-140 of the 1976 Code. Students may receive multiple weights for personalized instruction; however, within each weight, students should only be counted once. These weights are defined below:

Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school. Districts shall set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The additional weight generates funds needed to provide additional instructional services to these students.

Students with limited English proficiency are students who require intensive English language instruction programs and whose families require specialized parental involvement intervention.

Funds received by a school district pursuant to the dual credit weighting must be used to defray all possible costs of dual credit courses for students. Students identified for dual credit enrollment must be identified in PowerSchool as taking a course that will lead to both high school credit and post-secondary credit. Districts must utilize these funds to offset the cost of tuition, fees, instructors, and instructional materials for qualifying courses with the local technical college or other institution of higher education. Each school district shall report to the department the number of students participating in dual credit courses and specify the cost borne by each entity. School districts must assist students in accessing Lottery Tuition Assistance when applicable.

Further, the Department of Education may use school district student counts for personalized instruction as collected in the same manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate the school district add on weightings for the personalized instruction classifications and the

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

determination of the school districts monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five day student average daily membership for all classifications. During the current fiscal year, the department will update PowerSchool calculations, reports, screen development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation adjustments by June 30. The department must provide districts with technical assistance with regard to student count changes in PowerSchool.

1.4. (SDE: EFA - Formula) The amount appropriated in Part IA, Section 1 for "Education Finance Act" shall be the maximum paid under the provisions of Act 163 of 1977 (the South Carolina Education Finance Act of 1977) to the aggregate of all recipients. The South Carolina Education Department shall develop formulas to determine the state and required local funding as stipulated in the South Carolina Education Finance Act of 1977. Such formulas shall require the approval of the State Board of Education and the State Fiscal Accountability Authority. After computing the EFA allocations for all districts, the department shall determine whether any districts' minimum required local revenue exceeds the districts' total EFA Foundation Program. When such instance is found, the department shall adjust the index of taxpaying ability to reflect a local effort equal to the cost of the districts' EFA Foundation Program. The districts' weighted pupil units are to be included in determination of the funds needed for implementation of the Education Finance Act statewide.

In the event that the formulas as devised by the Department of Education and approved by the State Board of Education and the State Fiscal Accountability Authority should provide for distribution to the various school districts totaling more than the amount appropriated for such purposes, subject to the provisions of this proviso, the Department of Education shall reduce each school district entitlement by an equal amount per weighted pupil so as to bring the total disbursements into conformity with the total funds appropriated for this purpose. If a reduction is required in the state's contribution, the required local funding shall be reduced by the proportionate share of local funds per weighted pupil unit. The Department of Education shall continually monitor the distribution of funds under the provisions of the Education Finance Act and shall make periodic adjustments to disbursements to ensure the aggregate of such disbursements do not exceed the appropriated funds.

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

Local districts shall not be mandated or required to inflate the base number in their respective salary schedules by any percentage greater than the percentage by which the appropriated base student cost exceeds the appropriated base student cost of the prior fiscal year.

1.5. (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein for "Public School Employee Benefits" shall not be utilized to provide employer contributions for any portion of a school district employee's salary that is federally funded.

State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service revenues to fund a proportionate share of fringe benefits costs for food service personnel.

The Department of Juvenile Justice and the Department of Corrections' school districts must be allocated funds under the fringe benefits program in accordance with criteria established for all school districts.

1.6. (SDE: Employer Contributions/Obligations) In order to finalize each school district's allocations of Employer Contributions funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district's allocation in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision's state funds until such obligations are met.

1.7. (SDE: Governor's School for Science & Math) Any unexpended balance on June thirtieth of the prior fiscal year of funds appropriated to or generated by the Governor's School for Science and Mathematics may be carried forward and expended in the current fiscal year pursuant to the direction of the board of trustees of the school.

1.8. (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides in a foster home, group home, orphanage, or a state operated health care

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

facility including a facility for treatment of mental illness or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. Participation will be evidenced by a written agreement from the IEP team or 504 team, written referral, or the school district initiating the placement process. School districts providing the education shall notify the nonresident district in writing within forty-five calendar days that a student from the nonresident district is receiving education services pursuant to the provisions of the proviso. The notice shall also contain the student's name, date of birth, and disabling condition if available. If appropriate financial arrangements cannot be effected between institutions of the state, including independent school districts under the authority of the Department of Disabilities and Special Needs, and school districts, institutions receiving educational appropriations shall pay the local base student cost multiplied by the appropriate pupil weighting. Children residing in institutions of state agencies shall be educated with nondisabled children in the public school districts if appropriate to their educational needs. Such institutions shall determine, on an individual basis, which children residing in the institution might be eligible to receive appropriate educational services in a public school setting. Once these children are identified, the institution shall convene an IEP meeting with officials of the public school district in which the institution is located. If it is determined by the committee that the least restrictive environment in which to implement the child's IEP is a public school setting, then the school district in which the institution is located must provide the educational services. However, that school district may enter into contractual agreements with any other school district having schools located within a forty-five mile radius of the institution. The

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

cost for educating such children shall be allocated in the following manner: the school district where the child last resided before being placed in an institution shall pay to the school district providing the educational services an amount equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all funding sources, both state and federal. The institution and school district, through contractual agreements, will address the special education and related services to be provided to students. Should the school district wherein the institution is located determine that the child cannot be appropriately served in a public school setting, then the institution may request a due process hearing pursuant to the procedures provided for in the Individuals with Disabilities Education Act.

The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all required school records, including confidential records, are transferred from the sending to the receiving school within three working days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a psychological report on the child is available at the school district office) and any other records necessary for the appropriate placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received on a child.

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

Upon discharge or release from the treatment facility, the agency placing the child in the receiving school must work with the school district where the student will reside after treatment to assure continuity of the student's education.

1.9. (SDE: Instruction in Juvenile Detention Centers) It shall be the responsibility of the school district where a local juvenile detention center is located to provide adequate teaching staff and to ensure compliance with the educational requirements of this State. Students housed in local juvenile detention centers are to be included in the average daily membership count of students for that district and reimbursement by the Department of Education made accordingly.

1.10. (SDE: Revenue Authorization) The State Department of Education is hereby authorized to collect, expend, and carry forward revenues in the following areas to offset the cost of providing such services: the sale of publications, manuals and forms, the sale of Apple Tags, royalties, contributions, donations, foundation funds, special grants and contracts, brochures, photo copies, listings and labels, Directory of South Carolina Schools, student health record cards, items to be recycled, and high school diplomas and certificates; the collection of out-of-state and in-state investigation fees, registration fees for non-SDE employees, recurring facility inspection fees, teacher certification fees; the handling of audio-visual film; the provision of contract computer services to school districts and other state agencies, joint broadcast service to school districts, and education-related statistics through agreement with the National Center for Education Statistics; the lease or sale of programs of television, audio or microcomputer software; the lease or sale of virtual courses to other states; the collection of damage fees for instructional materials and the sale of unusable instructional materials; sale of fuel; use and repair of transportation equipment; fees for Medicaid reimbursable transportation; the receipt of insurance and warranty payments on Department of Education equipment and the sale of used school buses and support equipment. The Department of Education is authorized to collect revenue for deposit into the State General Fund for testing material purchases and test rescoring fees. The Department of Education is authorized to expend revenue collected for lost and damaged instructional materials and the sale of unusable instructional materials for the purpose of contracting for the purchase and maintenance of a statewide textbook inventory management system, provided that schools' newly-adopted instructional materials needs are met first.

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.11. (SDE: School District Bank Accounts) Each school district in this State, upon the approval of the district's governing body, may maintain its own bank account for the purpose of making disbursement of school district funds as necessary to conduct school district business and each county treasurer is hereby authorized to transfer such amount as needed, upon receipt of a written order certified by the district governing body or their designee. Such order shall contain a statement that such amount is for immediate disbursement for the payment of correct and legal obligation of the school district.

No portion of the seventy-five percent may be used for facilities, business services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

"In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and memberships, reducing transportation costs for extracurricular and academic

competitions, restructuring administrative staffing, and expanding virtual instruction.

School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil allocation due to them for each categorical program.

Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken. The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting, and the certification must be conspicuously posted on the internet website maintained by the school district.

For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the most economical type of bus fuel.

For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school districts based on weighted pupil units.

School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars, from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made available for public viewing and downloading. The register must include for each expenditure:

- (i) the transaction amount;
- (ii) the name of the payee; and
- (iii) a statement providing a detailed description of the expenditure.

The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must not include any information that can be used to identify an individual

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

employee. The register must be accompanied by a complete explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at least once a month.

Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

The Comptroller General must establish and maintain a website to contain the information required by this section from a school district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate between the school districts and search for the information they are seeking.

The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of Education to exercise its authority to grant waivers under Regulation 43-261.

1.26. (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1, VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because of the required Hazmat endorsement to their CDL.

1.27. (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publically recognized by the School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

1.28. (SDE: Governor's School for the Arts and Humanities Carry Forward) Any unexpended balance on June thirtieth of the prior fiscal year of funds appropriated to or generated by the Governor's School for the Arts and Humanities may be carried forward and expended in the

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

current fiscal year pursuant to the discretion of the Board of Trustees of the School.

1.29. (SDE: Governor's Schools' Fees) The South Carolina Governor's School for the Arts and Humanities and the South Carolina Governor's School for Science and Mathematics are authorized to charge, collect, expend, and carry forward student fees as approved by their respective Board of Directors. The purpose and amount of any such fees will be to maintain program quality in both academics and residential support. No student will be denied admittance or participation due to financial inability to pay. The respective Board of Directors shall promulgate administrative policy governing the collection of all student fees. Both schools shall conspicuously publish a fee schedule on their respective websites.

1.30. (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit. The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination shall be made based upon whether the individual performs the functions

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

outlined in position codes identified by the department as administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have their experience credit negatively impacted because of a furlough implementation.

During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to, contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within which the furlough occurs.

Each local school district must prominently post on the district's internet website and make available for public viewing and downloading the most recent version of the school district's policy manual and administrative rule manual.

This proviso shall not abrogate the terms of any contract between any school district and its employees.

1.31. (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds distributed to the districts within the county.

1.32. (SDE: SCGSAH Certified Teacher Designation) Because of the unique nature of the South Carolina Governor's School for the Arts and Humanities, the Charleston School of the Arts, and the Greenville County Fine Arts Center, the schools are authorized to employ at its discretion noncertified classroom teachers teaching in the literary, visual and performing arts subject areas who are otherwise considered to be appropriately qualified in a ratio of up to one hundred percent of the entire teacher staff.

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.33. (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or participates with or is a member of an association with policies that discriminate or afford different treatment of students based on race or national origin.

1.34. (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and Human Services.

1.35. (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's individual cumulative grade point average for grades nine through twelve on the student's report card.

1.36. (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school year are due no later than December first of the current school year when invoiced by the Department of Education. The department may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

1.37. (SDE: Education Finance Act Reserve Fund) There is created in the State Treasury a fund separate and distinct from the General Fund of the State and all other funds entitled the Education Finance Act Reserve Fund. All unexpended general funds appropriated to the Department of Education for the Education Finance Act in the current fiscal year shall be transferred to the Education Finance Act Reserve Fund. In the event that the amount appropriated for the Education Finance Act is insufficient to fully fund the base student cost as established by this act, revenues from the Education Finance Act Reserve Fund may be used to supplement the funds appropriated. By June 30th of the current fiscal year, if the department determines that the funds are not needed to supplement the Education Finance Act, the department may utilize the funds for bus purchase. The General Assembly may make direct appropriations to this fund. All unexpended funds in the Education Finance Act Reserve Fund and any interest accrued by the fund must remain in the fund and may be carried forward into the current fiscal year.

1.38. (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.39. (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student and what is clinically indicated being considered.

A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility, provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the educational services including enrolling the student, approving the student's entry into a medical homebound instructional program, if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational programs and services by contracting with the RTF provided that the RTF agrees to provide

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

educational services to the student at the RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational services provided. If the facility school district determines the educational program being offered by the RTF does not meet the educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this Act and any eligible categorical and federal funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by the facility school district for that student. However, the reimbursement rate may not exceed \$90 per student per day. Through a joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the facility district has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being invoiced. Should the facility school district be unable to reach agreement with the resident school district regarding reasonable costs differences, the facility school district shall notify the Department of Education's Office of General Counsel. The Department of Education shall facilitate a resolution of the dispute between the facility school district and the resident school district within forty-five days of the notice of dispute. If the issue of reasonable cost differences should remain unresolved, a facility school district shall have the right to file a

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

complaint in a Circuit Court. Should a resident school district fail to distribute the entitled funding to the facility school district by the one hundred thirty-five day count, the Department of Education is authorized to withhold the equivalent amount of EFA funds and transfer those funds to the facility school district.

RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute. If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic standards in the core content areas. All students with disabilities who are eligible for special education and related services under the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as amended, shall receive special education and related services in the least restrictive environment by appropriately certified personnel. Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned through their educational efforts. The resident school district and the RTF should develop a memorandum of understanding to outline the responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district while the student is housed in the RTF.

If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible for the educational services. The facility school district may choose to provide

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

the educational program to the child and, upon choosing to do so, shall contract with the appropriate entity for payment of educational services provided to the child. Out-of-state students provided educational services by a facility school district shall not be eligible for funding through the Education Finance Act.

If a child is placed in a RTF by the child's parent or guardian and is not referred, authorized, or placed by the State, the facility school district may choose to provide the educational program to the child, and upon doing so, must negotiate with the resident school district for services through medical homebound procedures. A facility school district is responsible for compliance with all child find requirements under Section 504 of the Rehabilitation Act of 1973 and Individuals with Disabilities Act of 2004 (IDEA).

All students enrolled in the facility school districts shall have access to the facility school districts' general education curriculum, which will be tied to the South Carolina academic standards in the core content areas. All students with disabilities who are eligible for special education and related services under the Individuals with IDEA, as amended, and the State Board of Education (SBE) regulations, as amended, shall receive special education and related services in the least restrictive environment by appropriately certified personnel. Students in an RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned through their educational efforts.

With respect to students enrolled in the facility school districts, for accountability purposes, the assessment and accountability measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate line on the facility school district's report card and must not be included in the overall performance ratings of the facility school district. The Department of Education shall examine the feasibility of issuing report cards for RTFs. For the current fiscal year, a facility school district shall not have the district's state accreditation rating negatively impacted by deficiencies related to the delivery of an educational program at a RTF.

RTFs shall notify the facility school district as soon as practical, and before admission to the RTF if practical, of a student's admission to the RTF. RTFs, the facility school districts and the Department of Education shall use their best efforts to secure and/or exchange information, including documents and records necessary to provide appropriate

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

educational services and/or related services as necessary to assist the facility school district in determining the resident school district. The Department of Education, in collaboration with state placing agencies, RTFs, facility school districts, and resident school districts, shall implement a system to follow the release of students from a RTF and re-enrollment in public, private, or special schools to ensure these students, when appropriate, are not recorded as dropouts.

School districts shall provide an electronic copy of this report to the Department of Education in conjunction with the financial audit report required by Section 59-17-100, of the 1976 Code. If a district fails to meet these requirements, they must be notified in writing by the department that the district has sixty days to comply with the reporting requirement. If the district does not report within sixty days, the department is authorized to reduce the district's base student cost by one percent until such time as the requirement is met. Once in compliance, any funds withheld will be returned to the district.

1.44. (SDE: Governor's Schools Residency Requirement) Of the funds appropriated, the Governor's School for the Arts and the Humanities and the Governor's School for Science and Mathematics are to ensure that a parent(s) or guardian(s) of a student attending either the Governor's School for the Arts and the Humanities or the Governor's School for Science and Mathematics must prove that they are a legal resident of the state of South Carolina at the time of application and must remain so throughout time of attendance. New providers participating for the first time in the current fiscal year and enrolling between one and six eligible children shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers enrolling seven or more such children eligible for funding not to exceed \$10,000. Providers receiving equipment funding are expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider to return a portion of the equipment allocation at a level determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public school students whose complete records have been entered into PowerSchool based on the one hundred and thirty-five day student average daily membership. For the current fiscal year, providers may enroll pay-lunch children who score at or below the twenty-fifth national percentile on two of the three DIAL-3 subscales by July 1 if at least seventy-five percent of the total number of children eligible or the Child Early Reading Development and Education Program in a district or county are projected to be enrolled in that program, Head Start, or ABC Child Care Program as determined by the Department of Education and the Office of First Steps, Child Early Reading Development and Education Program. Providers may receive reimbursement for these children if funds are available.

Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department, during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual audit findings to the General Assembly no later than

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

December first. Likewise, in the event the Office of First Steps determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations for the current fiscal year to account for the findings.

Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by January fifteenth of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall issue a unique student identifier for each child receiving services from a private provider. The Department of Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number of students served in high-quality programs.

For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the Department of Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP. For eligible children residing in school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in CERDEP.

For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher reimbursement rates to high-quality child care centers. The reimbursement rate for students enrolled by child care providers rated B or higher in the ABC

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student base following guidelines developed by the Office of First Steps; and (2) up to \$100,000 to provide one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15; and (3) up to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and designs necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation in CERDEP following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps.

If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures, available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer enrollment, the program funding shall

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

conform to the funding in this act for full year programs; however, it shall be reduced on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount contained in this Act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty days. Funds may also be used to provide parent engagement, professional development and quality evaluations of programs. No later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money used for professional development as well as the types of professional development offered and the number of participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the Department of Education and the Office of First Steps.

The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration Office to inform parents of all publicly funded full-day 4K programs including Head Start.

For Fiscal Year 2021-22, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early Reading Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the program during Fiscal Year 2021-22, subject to classroom availability and funding.

In the current school year, any student in third grade who substantially fails to demonstrate third-grade reading proficiency by the end of the school year must be offered the opportunity to attend a summer reading camp at no cost to the parent or guardian. The purpose of the reading camp is to provide students who are significantly below third-grade reading proficiency with the opportunity to receive quality, intensive

(SDE-EIA: EOC) The Education Oversight Committee may collect, retain and expend revenue from conference registration and fees; charges for materials supplied to local school districts or other entities not otherwise mandated to be provided by state law; and from other activities or functions sponsored by the committee including public awareness campaign activities. Any unexpended revenue from these sources may be carried forward into the current fiscal year and expended for the same purposes.

1A.12. (SDE-EIA: Technical Assistance) In order to best meet the needs of underperforming schools, funds appropriated for technical assistance must be used to provide intensive support to schools and districts with an absolute rating of below average or at-risk on the most recent annual school report card or with the lowest percentages of students meeting state standards on state assessments on the most recent state assessments or with the lowest high school graduation rates. The department will create a system of tiers of technical assistance for low-performing schools and districts that will receive technical assistance. The tiers will be determined by factors that include, but are not limited to, length of time performance of the school or district has been at-risk/below average, annual achievement ratings, annual growth ratings, school or district accreditation, and/or financial risk status. The tiers of technical assistance may include a per student allocation, placement of a principal mentor, transformation coach, instructional leader, replacement of the principal, reconstitution of a school, and declaration of a state of emergency. Low-performing schools and districts shall be placed within the tiered technical assistance framework not later than December fifteenth.

Low-performing schools shall receive a diagnostic review through the department. In addition, newly identified low-performing schools and districts must be reviewed by an External Review Team in the year of designation, and every third year thereafter. Based upon the recommendations in the review(s), low-performing schools and districts must develop and

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

submit to the Department of Education an updated school renewal or district strategic plan outlining goals for improvements. The amended plans must address specific strategies designed to increase student achievement and must include measures to evaluate the success of implementation of the plan.

With the funds appropriated to the Department of Education, and any experts placed in the school or district for technical assistance services, the department will assist low-performing schools and districts in designing and implementing the strategies and measurement identified in the amended plans and in brokering for technical assistance personnel as stipulated in the plan. In addition, the department must monitor student academic achievement and progress on implementation and report their findings to the Chairman of the Senate Finance Committee, the Chairman of the House Ways and Means Committee, the Chairman of the Senate Education Committee, the Chairman of the House Education and Public Works Committee, the local legislative delegation, and the Governor in the fall following the school or district designation as low-performing. If the school or school district does not provide the evaluation information necessary to determine effective use, the principal of the school or the district superintendent may be subject to receiving a public reprimand by the State Board of Education if it is determined that those individuals are responsible for the failure to provide the required information.

Funds must be used by the department for implementation and delivery of technical assistance services. Using previous report card data and monitoring reports on the status of implementation of the school renewal plan, the department shall identify priority schools. Funds appropriated for technical assistance shall be used by the department to work with those schools identified as low-performing and to support priority schools under the tiered system. These funds shall not be transferred to any other funding category by the school district without prior approval of the State Superintendent of Education and funds are not subject to agency flexibility provisions.

Reconstitution means the redesign or reorganization of the school, which may include the declaration that all positions in the school are considered vacant. Certified staff currently employed in priority schools must undergo an evaluation in the spring following the school's identification as a priority school and must meet determined goals to be rehired and continue their employment at that school. Educators who were employed at a school that is being reconstituted prior to July 2009,

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

and to whom the employment and dismissal laws apply will not lose their rights in the reconstitution. If they are not rehired or are not assigned to another school in the school district they have the opportunity for a hearing. However, employment and dismissal laws shall not apply to educators who are employed in the district and assigned to the priority schools July 1, 2009, in the event of a reconstitution of the school in which the educator is employed. Those rights are only suspended in the event of a reconstitution of the entire school staff. Additionally, the rights and requirements of the employment and dismissal laws do not apply to educators who on July 1, 2009, were on an induction or annual contract, that subsequently were offered continuing contract status after the effective date of this proviso, and are employed at a school that is subject to reconstitution under this proviso.

The reconstitution of a school could take place if the school has been identified as a priority school that has failed to improve satisfactorily. The decision to reconstitute a school shall be made by the State Superintendent of Education in consultation with the principal the school board of trustees, and the district superintendent. The decision to reconstitute a school shall be made by April first, at which time notice shall be given to all employees of the school. The department, in consultation with the district superintendent, shall develop a staffing plan and a budget for each reconstituted school.

The State Superintendent of Education may declare a state of emergency in a district if the accreditation status is probation or denied, if a majority of the schools fail to show improvement, if the district is classified as being in "high risk" status financially, or for financial mismanagement resulting in a deficit. The State Superintendent of Education may declare a state of emergency in a school if the accreditation status is probation or denied, or if the school fails to show improvement. Upon declaration of a state of emergency, the Superintendent may take over management of the school or district. Management of the school or district may include direct management, consolidation with another district, charter management, public/private management, or contracting with an educational management organization or another school district.

1A.13. SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

Budget Office. No allocation for teacher salaries shall be reduced as a result of this proviso.

1A.14. (SDE-EIA: School Districts and Special Schools Flexibility)

In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food service, and safety within non-instruction pupil services. For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the most economical type of bus fuel.

For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school districts based on weighted pupil units.

School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars, from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made available for public viewing and downloading. The register must include for each expenditure:

- (i) the transaction amount;

The Comptroller General must establish and maintain a website to contain the information required by this section from a school district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate between the school districts and search for the information they are seeking.

The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of Education to exercise its authority to grant waivers under Regulation 43-261.

1A.15. (SDE-EIA: Teacher Salary Supplement) The department is directed to carry forward prior year unobligated teacher salary supplement and related employer contribution funds into the current fiscal year to be used for the same purpose. The department, school districts, and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal that were allocated for High Schools That Work.

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

1A.18. (SDE-EIA: Report Card Information) The percentage each school district expended on classroom instruction as defined by the Department of Education's InSite classification for "Instruction" must be printed on the Annual School and District Report Card.

1A.19. (SDE-EIA: Core Curriculum Materials) The funds appropriated in Part IA, Section 1, VIII.A.3 for instructional materials for core curriculum shall be expended consistent with the requirements of Section 59-31-600 of the 1976 Code requiring the development of higher order thinking skills and critical thinking which should be integrated throughout the core curriculum instructional materials. Furthermore, the evaluation criteria used to select instructional materials with funds appropriated in Part IA, Section 1, VIII.A.3 shall include a weight of up to ten percent of the overall criteria to the development of higher order thinking skills and critical thinking.

1A.20. (SDE-EIA: Certified Staff Technology Proficiency) To ensure the effective and efficient use of the funding provided by the General Assembly in Part IA, Section 1 VIII.D. for school technology in the classroom and internet access, the State Department of Education shall approve district technology plans that specifically address and incorporate certified staff technology competency standards and local school districts must require certified staff to demonstrate proficiency in these standards as part of each certified staff's Professional Development plan. District adopted technology proficiency standards and plans should be, at minimum, aligned to the International Society for Technology in Education (ISTE) teacher standards. Evidence that districts are meeting the requirement is a prerequisite to expenditure of a district's technology funds.

1A.21. (SDE-EIA: Accountability Program Implementation) To support implementation of the accountability program, the Education Oversight Committee may carry forward unexpended Education Accountability Act funds authorized specifically for the administration of the Education Oversight Committee. For the current fiscal year the Education Oversight Committee may carry forward prior year EIA South Carolina Community Block Grants for Education Pilot Program funds not awarded by the grant committee. These funds must be used for an

independent common evaluation of each awarded grant to ensure high quality programs that maximize a return on the state's investment.

1A.22. (SDE-EIA: 4K Targeting) EIA funds allocated for the provision of four-year-old kindergarten shall be utilized for the provision of services to age-eligible children in poverty, as defined in Proviso 1.3 of this Act. Children with developmental delays documented through state approved screening assessments or children with medically documented disabilities who do not already qualify for special need services should also be considered for enrollment. In the event that more students seek to enroll than available space permits, districts shall prioritize students (at the time of acceptance) on the basis of family income expressed as a percentage of the federal poverty guidelines, with the lowest family incomes given the highest enrollment priority.

1A.23. (SDE-EIA: Reading) The funds allocated to the Department of Education for reading shall be used to provide districts with research-based strategies and professional development and to work directly with schools and districts to assist with implementation of research-based strategies. When providing professional development the department and school districts must use the most cost effective method and when able utilize ETV to provide such services throughout the state. The department shall establish measurements for monitoring impact on student achievement.

1A.24. (SDE-EIA: Students at Risk of School Failure) For the current fiscal year, EIA funds appropriated for students at academic risk of school failure, must be allocated to school districts based upon two factors: (1) poverty as determined for the poverty add on weight in Proviso 1.3; and (2) the number of weighted pupil units identified in the prior fiscal year as in need of academic assistance. At least eighty-five percent of the funds must be spent on instruction and instructional support for students at academic risk. Instructional support may include family literacy and parenting programs to students at-risk for school failure and their families. Students at academic risk are defined as students who are not meeting grade level standards in English language arts/reading and mathematics as evidenced by summative state assessments in grades three through eight or students who are not on track to meeting or exceeding English language arts/reading or mathematics standards by the end of third grade. Public charter schools, the Palmetto Unified School District, and the Department of Juvenile Justice must also receive a proportionate per pupil allocation based on the number of students at academic risk of school failure served.

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

1A.25. (SDE-EIA: Professional Development) Of the funds appropriated for professional development, up to \$500,000 may be expended for gifted and talented teacher endorsement and certification activities. The Department of Education must provide professional development on assessing student mastery of the content standards through classroom, formative and end-of-year assessments. The Department of Education also must post on the agency's website the South Carolina Professional Development Standards and provide training through telecommunication methods to school leadership on the professional development standards. The department is authorized to carry forward and expend professional development funds for the same purpose.

1A.26. (SDE-EIA: Assessments-Gifted & Talented, Advanced Placement, & International Baccalaureate Exams) Funds appropriated and/or authorized for assessment shall be used for assessments to determine eligibility of students for gifted and talented programs and for the cost of Advanced Placement, International Baccalaureate, and Cambridge International exams.

1A.27. (SDE-EIA: Adult Education) A minimum of thirty percent of the funds appropriated for adult education must be allocated to school districts to serve adult education students between the ages of seventeen and twenty-one who are enrolled in programs leading to a state high school diploma, state high school equivalency diploma (GED), or career readiness certificate. The remaining funds will be allocated to districts based on a formula which includes factors such as target populations without a high school credential, program enrollment the previous school year, number of students making an educational gain the previous school year, and performance factors such as number of high school credentials and career readiness certificates awarded the previous school year. Overall levels of state funding must meet the federal requirement of state maintenance of effort. Each school district must collect information from both the student and the school including why the student has enrolled in Adult Education and whether or not the student is pursuing a GED or Diploma. The school district must then provide a quarterly report to the Department of Education and must include the unique student identifier. The department, in turn, will provide summary information to the House Ways and Means Committee, the House Education and Public Works Committee, the Senate Finance Committee and the Senate Education Committee on the information. Up to a maximum of \$300,000, of funds may be used to establish an initiative

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

by which qualifying adult education students may qualify for a free high school equivalency test. The Department of Education shall establish guidelines for the free high school equivalency testing initiative.

1A.28. (SDE-EIA: Clemson Agriculture Education Teachers) The funds appropriated in Part IA, Section VIII.F. for Clemson Agriculture Education Teachers must be transferred to Clemson University PSA to fund summer employment of agriculture teachers and to cover state-mandated salary increases on that portion of the agriculture teachers' salaries attributable to summer employment. If sufficient funds remain, Clemson University PSA may utilize such funds for a Regional Coordinator.

1A.29. (SDE-EIA: Full-Day 4K) Beginning with the current fiscal year, eligible students residing in any school district may participate in the South Carolina Early Reading Development and Education program (CERDEP) pending the availability of space and funding. Student eligibility as defined by Section 59-156-130 of the 1976 Code is an annual family income of one hundred eighty-five percent or less of the federal poverty guidelines as promulgated annually by the United States Department of Health and Human Services or a statement of Medicaid eligibility.

A parent or guardian may choose to enroll their child in a public school participating in the program and approved by the Department of Education pursuant to Section 59-156-210 or in a private provider participating in the program and approved by the Office of First Steps pursuant to Section 59-156-200. A private provider includes, but is not limited to, a child care center, a military child care facility regulated by the United States Department of Defense, or a non-profit independent school. State funds appropriated for the provision of CERDEP services in military child care facilities may not be used to supplant existing federal child care funds.

Beginning with the current fiscal year, 4K programs in public schools and non-profit independent schools participating in CERDEP are not required to be approved, registered, or licensed by the Department of Social Services in order to participate in CERDEP. Instead, the Department of Education and the Office of First Steps are responsible for ensuring that providers deliver high-quality educational programs pursuant to Section 59-156-160.

Public and private providers shall be funded for instructional costs at a rate of \$4,800 per student enrolled. Eligible students enrolling during the school year or withdrawing during the school year shall be funded

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

on a pro rata basis determined by the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for a reimbursement of \$587 per eligible child transported. All providers who are reimbursed are required to retain records as required by their fiscal agent. New providers participating for the first time in the current fiscal year and enrolling between one and six eligible children shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers enrolling seven or more such children eligible for funding not to exceed \$10,000. Providers receiving equipment funding are expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider to return a portion of the equipment allocation at a level determined by the Department of Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public school students whose complete records have been entered into PowerSchool based on the one hundred and thirty-five day student average daily membership. For the current fiscal year, providers may enroll pay-lunch children who score at or below the twenty-fifth national percentile on two of the three DIAL-3 subscales by July 1 if at least seventy-five percent of the total number of children eligible or the Child Early Reading Development and Education Program in a district or county are projected to be enrolled in that program, Head Start, or ABC Child Care Program as determined by the Department of Education and the Office of First Steps, Child Early Reading Development and Education Program. Providers may receive reimbursement for these children if funds are available.

Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department, during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that the annual allocations of the prior fiscal year to private

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

providers are not accurate, the Office of First Steps must adjust the allocations for the current fiscal year to account for the findings.

Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by January fifteenth of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary and both public and private providers are required to submit the necessary data as a condition of continued participation in and funding of the program. This data shall include developmentally appropriate measures of student progress. Additionally, the Department of Education shall issue a unique student identifier for each child receiving services from a private provider. The Department of Education shall be responsible for the collection and maintenance of data on the public state funded full day and half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection and maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee shall use this data and all other collected and maintained data necessary to conduct a research based review of the program's implementation and assessment of student success in the early elementary grades along with information, recommendations, and a timeline for how the state can increase the number of students served in high-quality programs.

For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the Department of Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP. For eligible children residing in school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in CERDEP.

For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher reimbursement rates to high-quality child care centers. The reimbursement rate for students enrolled by child care providers rated B or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student base following guidelines

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

developed by the Office of First Steps; and (2) up to \$100,000 to provide one-time supplemental, needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15; and (3) up to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and designs necessary to get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation in CERDEP following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be expected to participate in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps.

If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures, available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro rata basis to conform with the length of the

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

program. A summer program shall be no more than eight and a half hours per day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount contained in this Act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty days. Funds may also be used to provide parent engagement, professional development and quality evaluations of programs. No later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the amount of money used for professional development as well as the types of professional development offered and the number of participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the Department of Education and the Office of First Steps.

The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration Office to inform parents of all publicly funded full-day 4K programs including Head Start.

For Fiscal Year 2021-22, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early Reading Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the program during Fiscal Year 2021-22, subject to classroom availability and funding.

1A.30. (SDE-EIA: Aid to Districts) Funds appropriated in Part IA, Section 1, VIII.A.1. Aid to Districts shall be disbursed monthly to school

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

districts. For the current fiscal year, the remaining funds shall be allocated to districts based on the number of weighted pupil units.

1A.31. (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for individuals who teach children of poverty through weekend college, nontraditional or alternative learning opportunities.

1A.32. (SDE-EIA: IDEA Maintenance of Effort) Prior to the dispersal of funds appropriated in Section VIII.A.1. Aid to Districts according to Proviso 1A.30 for the current fiscal year, in the event that there is a reduction in state funds or there are changes in the Education Finance Act/Base Student Cost formula that would reduce support for children with disabilities, the Department of Education is authorized to utilize funds appropriated in Section VIII.A.1. Aid to Districts to ensure maintenance of state financial support for the IDEA. The department shall distribute these funds using the current fiscal year one hundred thirty-five day Average Daily Membership or as directed by the United States Department of Education. Funds provided for these purposes may not be transferred to any other purpose and therefore are not subject to flexibility. For continued compliance with the federal maintenance of state financial support requirements of the IDEA, funding for children with disabilities must, to the extent practicable, be held harmless to budget cuts or reductions to the extent those funds are required to meet federal maintenance of state financial support requirements under the IDEA. In the event cuts to funds that are needed to maintain fiscal effort are necessary, when administering such cuts, the department must not reduce funding to support children with disabilities who qualify for services under the IDEA in a manner that is disproportionate to the level of overall reduction to state programs in general. By December first, the department must submit an estimate of the IDEA maintenance of state financial support requirement to the General Assembly and the Governor. For the current fiscal year, the department may carry forward IDEA Maintenance of Effort funds from the prior fiscal year and expend them in the same manner.

1A.33. (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally certified programs in career and technology education representing the automotive,

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

construction, engineering, healthcare, mechanical contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course exams graded by a national industry organization and must include in their grant request how the money will be spent in direct support of students to further industry-specific career technology education; a description and history of their program nationally and within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August first of the following year, the organization must submit to the department a report detailing how the grant increased industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs; student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first that has been audited by a third party accounting firm.

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

1A.34. (SDE-EIA: Partnerships/Other Agencies & Entities) For the current fiscal year, agencies and other entities receiving funds appropriated in Part IA, Section 1, VIII. F. will continue to report annually to the Education Oversight Committee (EOC). Any entity receiving funds that must flow through a state agency will receive those funds through the EOC, unless requested in writing by the entity to match federal or other funds. The EOC will make funding recommendations to the Governor and General Assembly as part of the agency's annual budget request.

1A.35. (SDE-EIA: ETV Teacher Training/Support) Of the funds appropriated in Part IA, Section 1, VIII.F. South Carolina Educational Television must provide training and technical support on the educational resources available to teachers and school districts.

1A.36. (SDE-EIA: Teacher Salaries/SE Average) The projected Southeastern average teacher salary shall be the average of the average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school year the Southeastern average teacher salary is projected to be \$53,426. The General Assembly remains desirous of raising the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to the national average teacher salary.

Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all eligible certified teachers employed by the district by no less than one year of experience credit using the district salary schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for all eligible certified teachers. For Fiscal Year 2021-22, the requirement that school districts maintain local salary supplements per teacher no less than their prior fiscal year level is suspended if additional State funds fill the gap.

Funds allocated by Proviso 1.3 for implementing a revised state minimum salary schedule for Teacher Salaries must be used to increase salaries of those teachers eligible pursuant to Section 59-20-50(4)(b), to include classroom teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists, school nurses, orientation/mobility instructors, and audiologists in the school districts of the state by not less than one thousand dollars. Districts must use the district salary schedule utilized the prior fiscal year as the basis for providing the increase.

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

For purposes of this provision teachers shall be defined by the Department of Education using the Professional Certified Staff (PCS) System.

1A.37. (SDE-EIA: PowerSchool Dropout Recovery Data) With the funds appropriated to the Department of Education for PowerSchool and data collection, the department will begin in the current fiscal year to collect data from schools and school districts on the number of students who had previously dropped out of school and who reenrolled in a public school or adult education to pursue a high school diploma. The Education Oversight Committee working with the Department of Education will determine how to calculate a dropout recovery rate that will be reflected on the annual school and district report cards. The department may carry forward and expend the funds for the same purpose.

1A.38. (SDE-EIA: Assisting, Developing and Evaluating Professional Teaching -ADEPT) With funds appropriated in the current fiscal year, the Department of Education, school districts, the Department of Juvenile Justice and special schools of the state may continue implementation of the ADEPT program. Governing boards of public institutions of higher education may provide by policy or regulation for a tuition waiver for the tuition for one three-hour course at that institution for those public school teachers who serve as supervisors for full-time students completing education degree requirements. Unexpended funds appropriated for this purpose may be carried forward from the prior fiscal year into the current fiscal year and expended for the same purposes.

1A.39. (SDE-EIA: Educational Partnerships) The funds provided to the Center for Educational Partnerships at the College of Education at the University of South Carolina will be used to create a consortium of educational initiatives and services to schools and communities. These initiatives will include, but are not limited to, professional development in writing, geography and other content areas; training; research; advocacy; and practical consultancy. The Center will establish collaborative educational enterprises with schools, school districts, parents, communities, and businesses while fulfilling the responsibilities of the School Improvement Council Assistance. The Center will focus on connecting the educational needs and goals of communities to improve efficiency and effectiveness.

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

and students should be included in the state's science, technology, engineering and mathematics education strategic plan.

1A.41. (SDE-EIA: EOC Partnerships for Innovation) Of the funds appropriated or carried forward from the prior fiscal year, the Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the assessment of public education in South Carolina that support increased student achievement in reading and college and career readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science, technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the General Assembly on the measurement results.

1A.42. (SDE-EIA: Aid to Districts Draw Down) For the current fiscal year, in order to draw down funds appropriated in Part IA, Section 1, VIII.A.1, Aid to Districts, school districts, Palmetto Unified District and the Department of Juvenile Justice must work with local law enforcement agencies and fire marshals, and when necessary, state law enforcement agencies and the Office of the State Fire Marshal in order to ensure that the district has updated school safety and fire plans in place. The safety and fire plans must include safety directives in the classroom, a safe student and staff exit strategy and necessary safety staff. Notice of completion of the updated plans must be submitted to the Department of Education no later than September first, of the current fiscal year. In the current fiscal year, school districts may continue to negotiate with local law enforcement for the provision of School Resource Officers. The department must report to the Chairman of the

1A.44. (SDE-EIA: EEDA Regional Education Centers) Funds appropriated from the EEDA for Regional Education Centers must not be less than \$108,500.

1A.45. (SDE-EIA: Teach for America SC) Because Teach For America SC receives EIA funds in the current fiscal year, school districts that partner with Teach For America SC are required to provide to Teach For America SC by September first annually, information on the prior year's academic achievement of students who were directly taught by Teach For America corps members. The information must be in a format that protects the identity of individual students and must include state assessment data as appropriate.

1A.46. (SDE-EIA: EOC-South Carolina Autism Society) Of the funds appropriated in Section 1A, VIII.F. Partnerships, Education Oversight Committee (A85), \$500,000 must be transferred in quarterly installments from the Education Oversight Committee to the South Carolina Autism Society for the Autism Parent-School Partnership Program. Further, CERRA will continue implementing a long-range plan for approving additional TF programs at other public, four-year institutions who wish to be considered to host a TF program, provided the proposed programs meet the requirements set forth by the CERRA Board of Directors. CERRA

SECTION 1A - H630 - DEPARTMENT OF EDUCATION-EIA

will publish TF program criteria and requirements prominently on its website. Any institution who applies but is not selected to host a TF program will be informed in writing of the basis for the selection decision and be offered technical support if the institution elects to reapply. Any institution that applies but is not selected to host a TF program may appeal to the Commission on Higher Education.

1A.48. (SDE-EIA: Public Charter Pupil Counts) With funds appropriated to charter schools sponsored by either the South Carolina Public Charter School District or a registered Institution of Higher Education, the sponsor must require each charter school to submit a student attendance report for the 5th, 45th, 90th and 135th days. The Commission on Higher Education is authorized to temporarily transfer funds between appropriated line items in order to ensure the timely receipt of scholarships and tuition assistance. The Higher Education Tuition Grants Commission is authorized to use up to \$70,000 of the funds appropriated in this provision for Tuition Grants to provide the necessary level of program support for the grants award process.

The funds appropriated to the State Board for Technical and Comprehensive Education (SBTCE) for Workforce Scholarships and Grants shall be used to provide grants for tuition, fees, transportation, or textbook expenses to South Carolina residents enrolled in a career education program that meets all eligibility guidelines promulgated by the SBTCE in consultation with the Department of Education. Funds shall not be used for continuing education courses that do not lead to a degree, professional certificate, or industry-recognized credential (IRC).

(A) Prior to disbursement of funds and no later than July 30, SBTCE must provide the colleges with a Board approved list, compiled based on

SECTION 3 - H660 - LOTTERY EXPENDITURE ACCOUNT

regional and statewide industry needs of the programs and credentials for which the colleges are allowed to award grants for the current fiscal year.

(B) Grants shall be awarded from the fund in an amount not exceeding five thousand dollars or the total cost of attendance, whichever is less, for students to attend the program of their choice, including a professional certification program, at a South Carolina public technical college. Priority for grant awards shall be given to students seeking a degree, professional certificate, or industry-recognized credential (IRC) in an industry sector with critical workforce needs as identified and recommended by the SBTCE and ratified by the Coordinating Council for Workforce Development.

(C) By April fifteenth, the SBTCE shall provide a report to the Chairman of House Ways and Means Committee and the Chairman of the Senate Finance Committee detailing use of funds received in the prior fiscal year. The report must include at minimum for each technical college: a list of programs that received funding, amount spent per program, number of students that received grants, grant amount per student, names of credentials completed by students receiving grants, amount of each type of credential completed, and job placement rates for students who completed programs and/or credentials.

Of the funds appropriated to the State Board for Technical and Comprehensive Education for the South Carolina Workforce Industry Needs Scholarship, the board shall administer the South Carolina Workforce Industry Needs Scholarship as outlined below:

(A) (1) In the current fiscal year, a student attending a two year public technical college and majoring in a critical workforce area program, as defined and recommended by the State Board for Technical and Comprehensive Education (SBTCE) and ratified by the South Carolina Coordinating Council for Workforce Development, and who is receiving a Lottery Tuition Assistance Program Scholarship (LTAP) for the current fiscal year, shall receive an additional South Carolina Workforce Industry Needs Scholarship (SC WINS). A student who is attending a two-year public technical college, who meets the income eligibility guidelines for free and reduced-priced meals as established by the United States Department of Agriculture (USDA) and who is receiving a LTAP scholarship for the current fiscal year, shall receive a SC WINS scholarship regardless of the student's major. The SC WINS scholarship is equal to the cost of tuition and mandatory fees after applying all other scholarships or grants, not to exceed two thousand five hundred dollars.

SECTION 3 - H660 - LOTTERY EXPENDITURE ACCOUNT

(2) If the student is a freshman, the student must be enrolled in at least six credit hours of instruction each semester, including at least three credit hours of instruction in one of the critical workforce areas defined by the SBTCE. A student who meets the income guidelines for free and reduced-priced meals as established by the USDA, must be enrolled in at least six credit hours of instruction each semester for the purpose of meeting the required minimum level of instruction in the student's major courses. To receive the additional SC WINS scholarship, the student must receive the underlying LTAP scholarship for that fiscal year and must be making acceptable progress towards receiving a degree in one of the majors pursuant to this proviso. For purposes of meeting this required minimum level of instruction in the freshman's major courses, dual enrollment courses taken in high school in these critical workforce area programs count toward the fulfillment of the minimum requirement.

(B) The SBTCE shall adopt rules to define what constitutes a critical workforce program area. Nothing herein prevents a student from changing majors within the acceptable disciplines. Additionally, the SBTCE shall communicate with high school guidance counselors regarding the list of qualifying majors. Critical workforce program additions or deletions must be ratified by the South Carolina Coordinating Council for Workforce Development.

(C) If the additional SC WINS scholarship is lost, it may be regained in the same manner the underlying LTAP scholarship is regained.

(D) In order for a student to be eligible after attempting twenty-four academic credit hours, the student must have earned a grade point average of 2.0 or better on a 4.0 grading scale.

(E) A student may not be eligible to receive the SC WINS scholarship for more than one certificate, diploma, or degree unless the additional certificate, diploma, or degree constitutes progress in the same field of study.

(F) A dual-enrollment student in high school who is majoring in one of the critical workforce areas at a technical college qualifies for the SC WINS scholarship. A dual enrollment student in high school who receives a LTAP scholarship at a technical college and qualifies for free and reduced-priced meals, also qualifies for the SC WINS scholarship regardless of the student's major.

SECTION 3 - H660 - LOTTERY EXPENDITURE ACCOUNT

(G) Additionally, an up to three-hundred-dollar book allowance is applied to a SC WINS recipient's account, who is majoring in one of the critical workforce areas, for expenses towards the cost of textbooks.

(H) If a critical workforce area program is placed on suspension during the SBTCE's program evaluation process, that program no longer qualifies for SC WINS funds at that specific college. Students must be advised on how to complete their program by transferring to another technical college or serving as a transient student at another technical college to complete specified courses.

Of the funds appropriated to the Commission on Higher Education for College Transition Scholarships, the commission shall provide scholarships to South Carolina resident students enrolled at a public institution of higher education in an established College Transition Program (CTP) that serves students with intellectual disabilities. Scholarships shall be awarded to each South Carolina resident student enrolled in an established public CTP in an amount of \$2,500 per semester, not to exceed \$5,000 per academic year (including summer semester), and no student may receive a scholarship for more than eight semesters in total. The commission, in cooperation with the CTPs, shall collect and report the number of scholarship recipients and other information determined necessary to evaluate the effectiveness of these scholarships in assisting students with intellectual disabilities in college transition programs. The commission shall provide this report to the Governor, the Chairman of the House Education and Public Works Committee, the Chairman of the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the Senate Finance Committee no later than September 30.

Of the funds appropriated to the Commission on Higher Education for Carolina Career Clusters Grant, upon application by an eligible institution as defined in this paragraph, the commission shall disburse \$300,000 to Allen University and \$50,000 each to Benedict College, Claflin University, and Voorhees College provided that each were recipients of a single competitive grant from a private sector endowment of not less than \$1,000,000 within the immediately two prior fiscal years. The proceeds of \$300,000 to Allen University must be expended on the statewide expansion of the Institute for Civility and supportive services directly related to the private sector donor's initiatives. The proceeds of \$50,000 each to Benedict College, Claflin University, and Voorhees College must be expended on students and/or student support services directly related to the private sector grantor's initiative to better prepare students for employment in high paying job clusters across the state and for no other purpose. Prior to disbursement, the commission shall verify that an eligible institution shall provide no less than a 1 to 1 match of the funds to be disbursed. Notwithstanding other requirements of this paragraph, the commission shall also disburse \$100,000 to a non-profit, four-year comprehensive institution of higher learning in South Carolina, first established as a college in 1908, is SACS accredited, and offers baccalaureate degrees and at least one master's or graduate degree.

institutions of higher learning, as defined by Section 59-107-10 of the 1976 Code, and report his findings to the General Assembly. The intent is to identify those obligations which are long-term debt or tantamount to long-term debt, or those which, if not honored, might result in a negative rating action on the institution's or the State's credit rating. Such obligations would not include either general obligation debt or bonded indebtedness issued directly by an institution.

(B) "Long-term obligation" means:

(1) an arrangement to acquire an interest in or a right to use, or have others use, any type of property if all or a portion of the money required to pay for the acquisition is secured through fare, toll, or user charges;

(2) an arrangement to acquire an interest in or a right to use, or have others use, any type of property if (a) the arrangement is financed, directly or indirectly, with indebtedness undertaken by another for that purpose; (b) the state institution knows or should know the acquisition is financed by indebtedness; and, (c) the state institution is obligated to make, or undertakes to have others make, recurring payments on, or that another will use to make payments on, the indebtedness; or,

(C) The report should include long-term obligations irrespective of the source of funds involved, if any, and whether or not the obligation is subject to the availability or appropriation of funds. The report should exclude the following: (1) general obligation debt authorized under Section 13, Article X of the Constitution of South Carolina, 1895, and debt issued by the state institution under Section 13, Article X of the Constitution of South Carolina, 1895, but not debt issued under Section 13 or 14 of Article X on its behalf or for its benefit; and (2) an institution's obligation to make payments when the total amount of

SECTION 105 - F270 - SFAA, OFFICE OF STATE AUDITOR

money needed for the obligation is committed for that purpose, authorized for expenditure, and in hand.

(D) The report should be adequate to catalog the type, extent, and prevalence of long-term obligations by state institutions. Without limitation, the report should include the following information for each obligation identified, if applicable: (1) the interest or right acquired; (2) the initial, maximum, and then outstanding amount of indebtedness involved; (3) whether a credit rating was obtained for such indebtedness; (4) the amount and frequency of payments involved, and who makes the payments; (5) the total amount of payments remaining to be made; (6) the initial and remaining duration of the obligation; (7) the source of funds used to make payments; (8) the parties to the arrangement and any associated borrowing, including without limitation, the entity lending the funds or assets associated with the financed acquisition; and (9) any counterparty or intermediary involved.

State institutions must fully respond within forty-five days to any formal request for information from the State Auditor. If, in the State Auditor's judgment, a state institution does not timely submit a complete and accurate report, he may obtain the service of independent professionals to audit the institution's records and charge the institution for the associated cost. Sections 11-7-30, 11-7-35, and 11-7-45 of the 1976 Code shall apply to this special study as though it were an audit.

105.6. (SFAA-AUD: Audited Financial Statements) The Office of the State Auditor is directed to work with the State Fiscal Accountability Authority to issue a statewide contract for Fiscal Year 2021-22 for the performance of audited financial statements which municipalities could use for audits required by Section 5-7-240 of the 1976 Code.

If a county is participating in the State Health and Dental Insurance Plan, magistrates and their eligible dependents are eligible to participate in the State Health and Dental Insurance Plan, upon the magistrate paying the full premium costs as determined by the Public Employee Benefit Authority.

108.2. (PEBA: Adoption Assistance Program) The Employee Adoption Assistance Program is established to provide grants to eligible employees to assist them with the direct costs of adoption. adoptions. Should the total amount needed to fund grants at the maximum level exceed the amount authorized, the amount of a grant to an eligible employee shall be determined by dividing the authorized amount evenly among qualified program applicants, with the adoption of a special needs child qualifying for two times the benefit of a non-special needs child.

108.3. (PEBA: Health Plan Tobacco User Differential) For health plans adopted under the authority of Section 1-11-710 of the 1976 Code by the Public Employee Benefit Authority during the current fiscal year, the board is authorized to differentiate between tobacco or e-cigarette users and nonusers regarding rates charged to enrollees in its health plans by imposing a surcharge on enrollee rates based upon tobacco or e-cigarette use. The surcharge for tobacco or e-cigarette use may not exceed \$40 per month per subscriber or \$60 per month per subscriber and dependent(s).

108.4. (PEBA: Funding Abortions Prohibited) No funds appropriated for employer contributions to the State Health Insurance Plan may be expended to reimburse the expenses of an abortion, except in cases of rape, incest or where the mother's medical condition is one which, on the basis of the physician's good faith judgment, so complicates the pregnancy as to necessitate an immediate abortion to avert the risk of her death or for which a delay will create serious risk of substantial and irreversible impairment of major bodily function, and the State Health Plan may not offer coverage for abortion services, including ancillary services provided contemporaneously with abortion services. The Public Employee Benefit Authority must determine the amount of the total premium paid for health coverage necessary to cover the risks associated with reimbursing participants in the plan for obtaining an abortion in the circumstances covered by this provision. The determination must be based on actuarial data and empirical study in the same manner and by the same method that other risks are adjusted for in similar circumstances. The plan must report this determination annually to the respective Chairmen of the Senate Finance Committee and the House Ways and Means Committee.

108.5. (PEBA: TRICARE Supplement Policy) The Public Employee Benefit Authority (PEBA) shall offer a group TRICARE Supplement policy or policies to its TRICARE-eligible subscribers through its flexible benefits program to provide that subscribers may pay premiums for such policies on a pretax basis, in accordance with federal law and

(PEBA: State Health Plan) Of the funds authorized for the State Health Plan pursuant to Section 1-11-710(A)(2) of the 1976 Code, an employer premium increase of 0.8 percent and a subscriber premium increase of zero percent will result for the standard State Health Plan for Plan Year 2022. Copayments for participants of the State Health Plan shall remain the same in Plan Year 2022 as in Plan Year 2021. Notwithstanding the foregoing, pursuant to Section 1-11-710(A)(3), the Public Employee Benefit Authority may adjust the plan, benefits, or contributions of the State Health Plan during Plan Year 2022 to ensure the fiscal stability of the Plan.

108.7. (PEBA: Exempt National Guard Pension Fund) In the calculation of any across-the-board cut mandated by the Executive Budget Office or General Assembly, the amount of the appropriation for the National Guard Pension Fund shall be excluded.

Notwithstanding other provisions of this act, funds at state institutions of higher learning derived wholly from athletic or other student contests, from the activities of student organizations, and from the operations of canteens and bookstores, and from approved Private Practice plans at institutions and affiliated agencies may be retained at the institution and expended by the respective institutions only in accord with policies established by the institution's Board of Trustees. Such funds shall be audited annually by the State but the provisions of this act concerning unclassified personnel compensation, travel, equipment purchases and other purchasing regulations shall not apply to the use of these funds.

117.9. (GP: Transfers of Appropriations) Agencies and institutions shall be authorized to transfer appropriations within programs and within the agency with notification to the Executive Budget Office and Comptroller General. No such transfer may exceed twenty percent of the program budget. Upon request, details of such transfers may be provided to members of the General Assembly on an agency by agency basis. SECTION 117 - X900 - GENERAL PROVISIONS

other operating accounts or from other operating accounts to personal service accounts may be restricted to any established standard level set by the State Fiscal Accountability Authority upon formal approval by a majority of the members of the State Fiscal Accountability Authority.

117.10. 117.11. (GP: Fixed Student Fees) During the current fiscal year, student fees at the state institutions of higher learning shall be fixed by the respective Boards of Trustees as follows:

(1) Fees applicable to student housing, dining halls, student health service, parking facility, laundries and all other personal subsistence expenses shall be sufficient to fully cover the total direct operating and capital expenses of providing such facilities and services over their expected useful life except those operating or capital expenses related to the removal of asbestos.

(2) Student activity fees may be fixed at such rates as the respective Boards shall deem reasonable and necessary.

117.12. (GP: Tech Educ. Colleges Student Activity Fees) Notwithstanding any other provisions of this act, funds at technical education colleges derived wholly from the activities of student organizations and from the operations of canteens and bookstores may be retained by the college and expended only in accord with policies established by the respective college's area commission and approved by the State Board for Technical and Comprehensive Education.

117.13. (GP: Discrimination Policy) It is the policy of the State of South Carolina to recruit, hire, train, and promote employees without discrimination because of race, color, sex, national origin, age, religion or physical disability. This policy is to apply to all levels and phases of personnel within state government, including but not limited to recruiting, hiring, compensation, benefits, promotions, transfers, layoffs, recalls from layoffs, and educational, social, or recreational programs. It is the policy of the State to take affirmative action to remove the

SECTION 117 - X900 - GENERAL PROVISIONS

disparate effects of past discrimination, if any, because of race, color, sex, national origin, age, religion or physical disability.

Each state agency shall submit to the State Human Affairs Commission employment and filled vacancy data by race and sex by October thirty-first, of each year.

In accordance with Section 1-13-110 of the 1976 Code, as amended, the Human Affairs Commission shall submit a report on the status of state agencies' Affirmative Action Plans and Programs to the General Assembly by February first each year. This report shall contain the total number of persons employed in each job group, by race and sex, at the end of the preceding reporting period, a breakdown by race and sex of those hired or promoted from within the agency during the reporting period, and an indication of whether affirmative action goals were achieved. For each job group referenced in the Human Affairs report, where the hiring of personnel does not reflect the percentage goals established in the agency's affirmative action plan for the year in question, the state agency shall submit a detailed explanation to the Human Affairs Commission by February fifteenth, explaining why goals were not achieved.

The Human Affairs Commission shall review the explanations and notify the Department of Administration of any agency not in satisfactory compliance with meeting its stated goals.

The Department of Administration shall notify any agency not in compliance that their request for additional appropriations for the current appropriation cycle, may not be processed until such time as the Department of Administration, after consultation with the Human Affairs Commission, is satisfied that the agency is making a good faith effort to comply with its affirmative action plan, and that the compliance must be accomplished within a reasonable length of time to be determined by the mission and circumstances of the agency. This requirement shall not affect additional appropriation requests for public assistance payments or aid to entities. This section does not apply to those agencies that have been exempted from the reporting requirements of the Human Affairs Commission.

117.14. (GP: FTE Management) In order to provide the necessary control over the number of employees, the Executive Budget Office is hereby directed to maintain close supervision over the number of state employees, and to require specifically the following:

(1) That no state agency exceed the total authorized number of full-time equivalent positions and those funded from state sources as

SECTION 117 - X900 - GENERAL PROVISIONS

provided in each section of this act except by majority vote of the State Fiscal Accountability Authority.

(2) That the Executive Budget Office shall maintain and make, as necessary, periodic adjustments thereto, an official record of the total number of authorized full-time equivalent positions by agency for state and total funding sources.

(a) That within thirty days of the passage of the Appropriation Act or by August first, whichever comes later, each agency of the State must have established on the Executive Budget Office records all positions authorized in the Act. Each agency may, upon notification to the Executive Budget Office, change the funding source of state FTE positions established on the Executive Budget Office records as necessary to expend federal and other sources of personal service funds to conserve or stay within the state appropriated personal service funds. No agency shall change funding sources that will cause the agency to exceed the authorized number of state or total full-time equivalent positions. Each agency may transfer FTEs between programs as needed to accomplish the agency mission.

(b) That by September thirtieth, the office shall prepare a FTE analysis, by agency, which shows the number of authorized, filled, and vacant positions by source of funds for the current and two previously completed fiscal years. The office shall provide a copy of each agency's FTE analysis to the Senate Finance and House Ways and Means Committees.

(3) That full-time equivalent (FTE) positions shall be determined under the following guidelines:

(a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.

(b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for that position.

(c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty with a duration of nine months.

The FTE method of accounting shall be utilized for all authorized positions.

(4) That the number of positions authorized in this act shall be reduced in the following circumstances:

(a) Upon request by an agency.

(b) When anticipated federal funds are not made available.

SECTION 117 - X900 - GENERAL PROVISIONS

(c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions in any state agency.

(5) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but temporary positions may be so funded.

(6) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation Plan under item I of Section 8-11-260 of the 1976 Code.

The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new positions).

117.15. (GP: Allowance for Residences & Compensation Restrictions) That salaries paid to officers and employees of the State, including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office or of employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The charge for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each agency maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical care at the MUSC Medical Center, nor to the Superintendent and staff of the Governor's School for Agriculture at John de la Howe, nor to the cottage parents and staff of Wil Lou Gray Opportunity School, nor to full-time or part-time staff who work after regular working hours in the SLED Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science and Mathematics and the Governor's School for Arts and Humanities who are required to stay on campus by the institution because of job requirements or program participation. Any state institution of higher learning may provide complimentary membership privileges to employees who work at their wellness centers. The presidents of those state institutions of higher learning authorized to

SECTION 117 - X900 - GENERAL PROVISIONS

provide on-campus residential facilities for students may be permitted to occupy residences on the grounds of such institutions without charge.

Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the amount to be approved by the State Fiscal Accountability Authority.

That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm Director, Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State Commission of Forestry fire tower operators, forestry aides, and caretaker at central headquarters; the Department of Natural Resources' Wildlife Management Area Personnel, Fish Hatchery Personnel, and Heritage Trust Personnel; Director of Wil Lou Gray Opportunity School; President of the School for the Deaf and the Blind; houseparents for the Commission for the Blind; South Carolina Department of Health and Environmental Control personnel at the State Park Health Facility and Camp Burnt Gin; Residence Life Coordinators at Lander University; Residence Life Directors, temporary and transition employees, student interns, and emergency personnel at Winthrop University; Farm Superintendent at Winthrop University; Residence Hall Directors at the College of Charleston; the Department of Disabilities and Special Needs' physicians and other professionals at Whitten Center, Clemson University Off-Campus Agricultural Staff and Housing Area Coordinators; and TriCounty Technical College's Bridge to Clemson Resident and Area Directors; and housing maintenance night supervisors, residence life directors, temporary and transition employees, and emergency medical personnel occupying residences owned by the University of South Carolina. Except in the case of elected officials, the fair market rental value of any residence furnished to a state employee shall be reported by the state agency furnishing the residence to the Agency Head Salary Commission, and the Department of Administration by October first of each fiscal year.

All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan, approved by the Department of Administration, applicable to all personnel of the State Government whose compensation is not specifically fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal service is drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and unclassified employees who perform temporary duties

SECTION 117 - X900 - GENERAL PROVISIONS

which are limited by time and/or funds. When approved, a temporary salary adjustment shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire. Academic personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered by the plan may be excluded therefrom but their compensations as approved by the Department of Administration shall, nevertheless, be subject to review by the State Fiscal Accountability Authority. Salary appropriations for employees fixed in this act shall be in full for all services rendered, and no supplements from other sources shall be permitted or approved by the State Fiscal Accountability Authority. With the exception of travel and subsistence, legislative study committees shall not compensate any person who is otherwise employed as a full-time state employee. Salaries of the heads of all agencies of the State Government shall be specifically fixed in this act and no salary shall be paid any agency head whose salary is not so fixed. As long as there is no impact on appropriated funds, state agencies and institutions shall be allowed to spend public funds and/or other funds for designated employee award programs which shall have written criteria approved by the agency governing board or commission. For purposes of this section, monetary awards, if any, shall not be considered a part of an employee's base salary, a salary supplement, or a perquisite of employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the Department of Administration.

In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply if the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the close of the calendar year in which the taxable year begins, or, in the case of a rental period not greater than one year, at any time during the calendar year in which the period begins.

Reimbursements may be made to the presidents from funds available to their respective institutions for any personal expenses incurred provided that all requests for reimbursement are supported by properly documented vouchers processed through the normal accounting procedures of the institutions.

117.17. (GP: Replacement of Personal Property) The Department of Juvenile Justice, Department of Corrections, Department of Probation, Parole and Pardon Services, Department of Mental Health, Department of Disabilities and Special Needs, Continuum of Care, Department of Social Services and School for the Deaf and the Blind may replace the personal property of an employee which has been damaged or destroyed by a client while in custody of the agency. The replacement of personal property may be made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

117.18. (GP: Business Expense Reimbursement) Agency heads and deputy commissioners or deputy directors designated by agency heads may receive reimbursements for business expenses incurred while performing their official duties, provided that receipts are presented when seeking reimbursement and justification is submitted to document the time, place, and purpose of the expense as well as the names of the individuals involved. The Department of Administration shall promulgate regulations governing these expenses.

The lodging reimbursement for employees of a school district must also conform to these rates when that employee's travel reimbursement is paid by state funds that are transferred to the school district. Agencies may contract with lodging facilities to pay on behalf of an employee. Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the obtaining of meals except that such costs shall not exceed \$35 per day within the State of South Carolina. For travel outside of South Carolina the maximum daily reimbursement for meals shall not exceed \$50. Agencies may contract with food or dining facilities to pay for meals on behalf of employees in accordance with rules and regulations established by the Office of Comptroller General. It shall be the responsibility of the agency head to monitor the charges for lodging which might be claimed by his employees in order to determine that such charges are following maximum lodging rates as established by the U.S. General Services Administration. Any exceptions must have the written approval of the agency head, taking into consideration location, purpose of travel or other extenuating circumstances. The provisions of this item shall not apply to Section 42-3-40 of the 1976 Code, and when pertaining to institutions of higher learning, for travel paid with funds other than General Funds.

(B) That employees of the State, when traveling outside the United States, Canada, and Puerto Rico upon promotional business for the State of South Carolina shall be entitled to actual expenses for both food and lodging.

Members of such committees may opt to receive actual expenses incurred for lodging and actual expenses incurred in the obtaining of meals in lieu of the allowable subsistence expense.

(E) Members of the state boards, commissions, or committees whose duties are not full-time and who are paid on a per diem basis, shall be allowed reimbursement for actual expenses incurred at the rates provided in paragraph A and I of this section while away from their places of residence on official business of the State. (I) No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by which he is employed except as provided in paragraph E, of this section. When an employee is assigned to work a particular territory or district, and such territory or district and his official headquarters are in different localities or sections of the State, expenses may be allowed for the necessary travel to his official headquarters. The members of the Workers' Compensation Commission may be reimbursed at the regular mileage rate of one round trip each week from their respective homes to Columbia. The members of the Appellate Panel of the Department of Employment and Workforce shall be allowed subsistence allowance in the amount as provided in this act for members of the General Assembly when the member is on official business fifty miles or more outside of Columbia.

(J) When an employee of the State shall use his or her personal automobile in traveling on necessary official business, a charge to equal the standard business mileage rate as established by the Internal Revenue Service will be allowed for the use of such automobile and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the Internal Revenue Service. Whenever state provided motor pool vehicles are reasonably available and their use is practical and an employee of the State shall request for his own benefit to use his or her personal vehicle in traveling on necessary official business, a charge of four cents per mile less than the standard business mileage rate as established by the Internal Revenue Service will be allocated for the use of such vehicle and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the Internal Revenue Service. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep thereof but no mileage will be allowed. Agencies and employees are directed to use state fueling facilities to the maximum extent possible, when such use is cost beneficial to the State. When using commercial fueling facilities, operators of State-owned vehicles are directed to use self-service pumps. In traveling on the business of the State, employees are required to use the most economical mode of transportation, due consideration being given to urgency, schedules and like factors.

Mileage between an employee's home and his/her place of employment is not subject to reimbursement. However, when an employee leaves on a business trip directly from his/her home, and does

SECTION 117 - X900 - GENERAL PROVISIONS

not go by the employee's headquarters, the employee shall be eligible for reimbursement for actual mileage beginning at his/her residence.

(K) That a state agency may advance travel and subsistence expense monies to employees of that agency for the financing of ordinary and necessary travel required in the conducting of the business of the agency. The Office of Comptroller General is directed to develop and publish rules and regulations pertaining to the advancing of travel expenses and no state agency shall make such advances except under the rules and regulations as published. All advances for travel and subsistence monies shall be repaid to the agency within thirty days after the end of the trip or by July fifteenth, whichever comes first.

(L) That the state institutions of higher learning are authorized to reimburse reasonable relocation expenses for new employees when such reimbursements are considered by the agency head to be essential to successful recruitment of professionally competent staff members.

(M) The Office of Comptroller General is authorized to promulgate and publish rules and regulations governing travel and subsistence payments.

(N) No state funds may be used to purchase first class airline tickets.

117.21. (GP: Organizations Receiving State Appropriations Report) Each organization receiving a contribution in this act shall render to the state agency making the contribution by November first of the fiscal year in which funds are received, an accounting of how the state funds will be spent, goals to be accomplished, proposed measures to evaluate success in implementing and meeting the goals, a copy of the adopted budget for the current year, and also a copy of the organization's most recent operating financial statement. The funds appropriated in this act for contributions shall not be expended until the required financial statements are filed with the appropriate state agency. No funds in this act shall be disbursed to organizations or purposes which practice discrimination against persons by virtue of race, creed, color or national origin. The State Auditor shall review and audit, if necessary, the financial structure and activities of each organization receiving contributions in this act and make a report to the General Assembly of such review and/or audit, when requested to do so by the State Fiscal Accountability Authority. From the funds an organization receives from a state agency, for accountability purposes, by June thirtieth organizations receiving contributions in this act shall submit a report to the state agency making the contribution that includes an accounting of

SECTION 117 - X900 - GENERAL PROVISIONS

how the funds were spent and the outcome measures used to determine the success of the stated goals. State agencies receiving such data from organizations shall forward the information to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

117.22. (GP: State-Owned Aircraft - Flight Logs) Each agency having in its custody one or more aircraft shall maintain a continuing log on all flights, which in order to promote accountability and transparency shall be open for public inspection and shall also be posted online. Any and all aircraft owned or operated by agencies of the State Government shall be used only for official business. The Division of Aeronautics and other agencies owning and operating aircraft may furnish transportation to the Governor, Constitutional Officers, members of the General Assembly, members of state boards, commissions, and agencies and their invitees for official business only; no member of the General Assembly, no member of a state board, commission, or committee, and no state official shall use any state-owned or operated aircraft unless the member or official files within twenty-four hours after the completion of the flight with the agency that provided the flight a sworn statement certifying and describing the official nature of his trip; and no member of the General Assembly, no member of a state board, commission or committee, and no state official shall be furnished air transportation by a state agency unless such agency prepares and maintains in its files a sworn statement from the highest ranking official of the agency or its designee certifying that the member's or state official's trip was in conjunction with the official business of the agency. Official business shall not include routine transportation to and from meetings of the General Assembly or committee meetings for which mileage is authorized. Official business also does not include attending a press conference, bill signing, or political function.

All logs shall be signed by the parties using the flight and the signatures shall be maintained as part of the permanent record of any agency. All passengers shall be listed on the flight log by their legal name; passengers flying with an appropriate official of SLED or the Department of Commerce whose confidentiality must, in the opinion of SLED or the department, be protected shall be listed in writing on the flight log as "Confidential Passenger SLED or the Department of Commerce (strike one)" and the appropriate official of SLED or the department shall certify to the agency operating the aircraft the necessity

SECTION 117 - X900 - GENERAL PROVISIONS

for such confidentiality. The Division of Aeronautics shall post its flight logs on its website within one working day of completion of trips.

Violation of the above provisions of this section is prima facie evidence of a violation of Section 8-13-700(A) of the 1976 Code and shall subject a violating member of the General Assembly to the ethics procedure of his appropriate house and shall subject a violating member of a state board, commission or committee, or a state official to the applicable ethics procedure relating to them as provided by law. The above provisions do not apply to state-owned or operated aircraft when used by the Medical University of South Carolina, nor to aircraft of the athletic department or the educational foundations of any state-supported institution of higher education, nor to law enforcement officers when flying on state-owned aircraft in pursuit of fugitives, missing persons, or felons or for investigation of gang, drug, or other violent crimes.

Aircraft owned by agencies of state government shall not be leased to individuals for their personal use.

117.23. (GP: Carry Forward) Each agency is authorized to carry forward unspent general fund appropriations from the prior fiscal year into the current fiscal year, up to a maximum of ten percent of its original general fund appropriations less any appropriation reductions for the current fiscal year. Agencies shall not withhold services in order to carry forward general funds.

This provision shall be suspended if necessary to avoid a fiscal year-end general fund deficit. For purposes of this proviso, the amount of the general fund deficit shall be determined after first applying the Capital Reserve Fund provisions in Section 11-11-320(D) of the 1976 Code, and before any transfers from the General Reserve. The amount of general funds needed to avoid a year-end deficit shall be reduced proportionately from each agency's carry forward amount.

Agencies which have separate general fund carry forward authority must exclude the amount carried forward by such separate authority from their base for purposes of calculating the ten percent carry forward authorized herein. Any funds that are carried forward as a result of this provision are not considered part of the base of appropriations for any succeeding years.

117.24. (GP: TEFRA-Tax Equity and Fiscal Responsibility Act) It is the intent of the General Assembly that the State Medicaid Plan be amended to provide benefits for disabled children as allowed by the Tax Equity and Fiscal Responsibility Act (TEFRA) option. Such funds shall be used effective January 1, 1995 to implement TEFRA option benefits. Agencies providing services under the provisions of this paragraph must not spend less in the current fiscal year than expended in the previous fiscal year.

117.25. (GP: Prison Industries) All agencies funded in this act, when procuring goods and services, shall first consider contracting for services or purchasing goods and services through the Department of Corrections' Prison Industries Program. The Department of Corrections shall furnish, upon request, to all agencies a catalogue of goods and services provided by Prison Industries. The department is hereby directed to develop and market a catalogue of Prison Industries products for nationwide circulation.

117.26. (GP: Travel Report) Annually on November first, the Comptroller General shall issue a report on travel expenditures for the prior fiscal year which shall be distributed to the Senate Finance Committee, the House Ways and Means Committee, and the Statehouse Press Room. The Comptroller General may use up to \$500 of general fund appropriations for the purpose of providing copies to the media or the public upon request. The report must contain a listing for every agency receiving an appropriation in the annual General Appropriations Act. The listing must show at a minimum the top ten percent of employees for whom travel expenses and registration fees were paid within each agency, not to exceed twenty-five employees per agency. Agencies should include position titles for each of the top twenty-five travelers for each agency. Expenditures must include state, federal and other sources of funds. Expenditures for in-state and out-of-state registration fees (fees to attend conferences, teleconferences, workshops, or seminars for training on a per person basis) must be shown as a separate subtotal within the grand total for the individual employees and the agency as a whole. The list for each agency must be in rank order with the largest expenditure first and the name of the employee must be shown with each amount. Agencies should include a brief summary of the type of travel the agency incurs. The Comptroller General may provide additional information as deemed appropriate. The Comptroller General shall provide no exceptions to this report in that the information

Payment of these bonuses is not a part of the employee's base salary and is not earnable compensation for purposes of employee and employer contributions to respective retirement systems. Employees earning \$100,000 or more shall not be eligible to receive bonuses under this provision. The employing agency must report this information on or before August thirty-first of each year and must include the total amount and source of the bonus received by the employee during the preceding fiscal year (July first through June thirtieth). The Human Resources Division of the Department of Administration shall formulate policies and procedures to ensure compliance with the reporting provisions of this proviso. Copies of the reports shall be made available to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee, upon request.

The amount of law school loan payment

SECTION 117 - X900 - GENERAL PROVISIONS

reimbursement in any calendar year shall not exceed the amount of principal and interest paid on the loan in the prior calendar year. Reimbursements under the program may continue until all outstanding law school loans are satisfied; however, such reimbursements shall not exceed \$40,000 per qualifying attorney. Reimbursements shall be adjusted if necessary so as not to exceed appropriations for the program.

The Prosecutors and Defenders Public Service Incentive Program must be administered by the Commission on Prosecution Coordination, which shall pay for the cost of administration within the funds appropriated.

The Office of Attorney General, the Commission on Prosecution Coordination, and the Commission on Indigent Defense shall each compile a report that includes, but is not limited to, the number of applicants and the impact of the program on attracting and retaining attorneys. The employee bonus amount shall be approved by the State Human Resources Director based on State Human Resources guidelines, and shall not exceed \$10,000 per year. Payment of these bonuses is not a part of the employee's base salary and is not earnable compensation for purposes of employee and employer contributions to respective retirement systems. These bonuses shall, however, be considered earnings for determining if an employee who has returned to work after retirement is subject to the earning limitation imposed in either Section 9-1-1790(A)(1) or Section 9-11-(4)(a)(i).

SECTION 117 - X900 - GENERAL PROVISIONS

These agencies may also provide paid educational leave for any employee in a FTE position deemed critical by the Department of Administration to attend class while enrolled in degree programs that are related to the agency's mission. All such leave is at the agency head's discretion.

These agencies may enter into an agreement with individuals employed in critical needs positions to repay them for their outstanding student loans associated with completion of a relevant degree. Agencies may pay these employees up to twenty percent or \$7,500, whichever is less, of their outstanding student loan each year over a five-year period. Payments will be made directly to the employee at the end of each year of employment. The agency will be responsible for verifying the principal balance of the employee's student loan prior to issuing payments.

Agencies are also authorized to allow tuition reimbursement from a maximum of ten credit hours per semester; allow probationary employees to participate in tuition programs; and provide tuition prepayment instead of tuition reimbursement for employees willing to pursue a degree in a healthcare program. An agency may pay up to fifty percent of an employee's tuition through tuition prepayment. The remaining tuition could be reimbursed to the employee after successful completion of the class.

The Department of Administration shall approve of the designation of critical needs positions applicable to this provision using guidelines that include, but are not limited to: 1) the difficulty recruiting for the positions as reflected by data such as the vacancy rate maintained, the average time to fill, the lack of sufficient qualified applicants, and other objective factors; 2) the difficulty retaining employees in the positions as shown by turnover data; 3) justification by the state agency that the position is critical to the core mission of the agency and directly impacts the health, safety and welfare of the public; and 4) assurances from the state agency that there are sufficient existing funds available to pay for items under this provision.

Healthcare employees in approved critical needs positions working on a practicum or required clinical experience towards completion of a healthcare degree may be allowed to complete these requirements at their state agency or another state agency at the discretion of the agency head. This field placement at another state agency may be considered work time for participating employees.

SECTION 117 - X900 - GENERAL PROVISIONS

State agencies must report to the Department of Administration by August 31st of each year any expenditure under this provision. The Department of Administration shall compile a report of the responses and submit them to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee by October 1st of each year.

117.64. (GP: Governor's Budget Certification) The annual Executive Budget proposed by the Governor must be certified by the Director of the Revenue and Fiscal Affairs Office or his designee in the same manner as the House Ways and Means and Senate Finance Committee versions of the budget bill are certified.

117.65. (GP: Voluntary Furlough) Agency heads may institute a voluntary employee furlough program of not more than ninety days per fiscal year. During this voluntary furlough, the state employees shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee contributions, the state agencies, institutions and departments will be responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the employee remains solely responsible for making those contributions. In the event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

117.66. (GP: Governor's Security Detail) The State Law Enforcement Division, the Department of Public Safety, and the Department of Natural Resources shall provide a security detail to the Governor in a manner agreed to by the State Law Enforcement Division, the Department of Public Safety, the Department of Natural Resources, and the Office of Governor. Reimbursement to the State Law Enforcement Division, the Department of Public Safety, and the Department of Natural Resources to offset the cost of the security detail for the Governor shall be made in an amount agreed to by the State Law Enforcement Division, the Department of Public Safety, the Department of Natural Resources, and the Office of Governor from funds appropriated to the Office of Governor for this purpose. Law enforcement officers assigned to security detail for the Governor shall only perform services related to security and shall not provide any unrelated service during the assignment.

SECTION 117 - X900 - GENERAL PROVISIONS

117.67. (GP: Reduction in Force Antidiscrimination) In the event of a reduction in force implemented by a state agency or institution, the state agency or institution must comply with Title VII of the Civil Rights Act of 1964 or any other applicable federal or state antidiscrimination laws.

117.68. (GP: Reduction in Force/Agency Head Furlough) In the event a reduction in force is implemented by a state agency or institution of higher learning, the agency head shall be required to take five days furlough in the current fiscal year. If more than one reduction in force plan is implemented in a fiscal year, the mandatory agency head furlough is only required for the initial plan. The agency head will retain all responsibilities and authority during the furlough. All monies saved from this furlough may be retained by that agency and expended at the discretion of the agency head. During this furlough, the agency head shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee contributions, the state agency will be responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the agency head remains solely responsible for making those contributions.

Placement of an agency head on furlough under this provision does not constitute a grievance or appeal under the State Employee Grievance Procedure Act. In the event the reduction for the state agency or institution of higher learning is due solely to the General Assembly transferring or deleting a program, this provision does not apply. Agencies may allocate the agency head's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within which the furlough occurs. The Department of Administration shall promulgate guidelines and policies, as necessary, to implement the provisions of this proviso. State agencies shall report information regarding furloughs to the Department of Administration.

For purposes of this provision, agency head includes the president of a technical college as defined by Section 59-103-5 of the 1976 Code.

The agency head of the State Board for Technical and Comprehensive Education shall not be required to take this mandatory furlough based solely on the implementation of a reduction in force plan by a technical college.

SECTION 117 - X900 - GENERAL PROVISIONS

An agency head shall not be required to take this mandatory furlough based solely on reductions in force implemented as a result of federal budget cuts or reorganization to accomplish organizational efficiencies.

117.69. (GP: Printed Report Requirements) (A) For the current fiscal year, state supported institutions of higher learning shall not be required to submit printed reports mandated by Sections 2-47-40, 2-47-50, and 59-103-110 of the 1976 Code, and shall instead only submit the documents electronically.

Submission of the plans or reports required by Sections 59-101-350, 59-103-30, 59-103-45(4), and 59-103-160(D) shall be waived for the current fiscal year, except institutions of higher learning must continue to report student pass rates on professional examinations, and data elements otherwise required for the Commission on Higher Education Management Information System. The commission, in consultation with institutions, shall take further action to reduce data reporting burdens as possible.

(B) For the current fiscal year, the Department of Agriculture shall not be required to submit printed reports mandated by Section 46-49-10 of the 1976 Code. The department shall provide these reports electronically and shall use any monetary savings for K5-12 agricultural education programs.

(C) For the current fiscal year, the Department of Health and Human Services shall not be required to provide printed copies of the Medicaid Annual Report required pursuant to Section 44-6-80 of the 1976 Code and shall instead only submit the documents electronically.

(D) For the current fiscal year, the Department of Transportation shall not be required to submit printed reports or publications mandated by Sections 1-11-58, 2-47-55, and 58-17-1450 of the 1976 Code.

117.70. (GP: IMD Operations) The Department of Health and Human Services shall produce an annual report on Medicaid-funded out-of-home placements and associated expenditures which shall be provided to the Chairman of the Senate Finance Committee, Chairman of the House Ways and Means Committee, and the Governor no later than November first each year.

117.74. (GP: Cost Savings When Filling Vacancies Created by Retirements) During the current fiscal year, whenever classified FTEs become vacant because of employee retirements, it is the intent of the General Assembly that state agencies should realize personnel costs savings of at least twenty-five percent in the aggregate when managing these vacant positions. Prior to filling a classified FTE which has become vacant because of a retirement, an agency must review and determine the appropriate salary for the position as well as determine whether the agency can manage without filling the position or by delay in filling the position. Prior to filling the vacant FTE, agencies must follow all laws and regulations concerning posting and competitive solicitation and consideration of applicants. No agency shall enter into any agreement with any employee that violates the terms of this proviso.

The Educational Television Commission assumes management and administration of the lease and receives lease payments directly. The Educational Television Commission shall retain and expend funds received pursuant to the lease for agency operations. The commission shall be authorized to carry forward unexpended funds from the prior fiscal year into the current fiscal year. In the event of a default by the current lease holder, the Educational Television Commission is authorized to use contingent funds up until such time as a new lease can be negotiated by the State and the Educational Television Commission.

117.77. (GP: Reduction in Compensation) For the current fiscal year, no state agency or political subdivision of this state may decrease the compensation of an employee, including dismissal, suspension, or demotion, solely because the employee gave sworn testimony regarding alleged wrongdoing to a standing committee, subcommittee of a standing committee, or study committee of the Senate or the House of Representatives. This proviso shall apply regardless of when the alleged wrongdoing occurred.

Any legislation to recognize a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency, department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

If the General Assembly recognizes the deficit, then the actual deficit at the close of the fiscal year must be reduced as necessary from surplus revenues or surplus funds available at the close of the fiscal year in which the deficit occurs and from funds available in the General Reserve Fund and the Capital Reserve Fund, as required by the Constitution of this State.

118.15. (SR: Farm Aid) There is created the 'South Carolina Farm Aid Fund'. This fund is separate and distinct from the general fund of the State and all other funds. Earnings on this fund must be credited to it. Revenues credited to this fund in a fiscal year must be used in that fiscal year to operate a grant program that provides financial assistance to farmers.

To be eligible for a grant, the person must have:

(1) experienced a verifiable loss of agricultural commodities of at least thirty percent as a result of the flooding occurring in the aftermath of Hurricanes Michael and Florence for which:

(a) the Governor declared a state of emergency in the State for the county in which the farm is located; and

(b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm is located;

(2) a farm number issued by the Farm Service Agency;

SECTION 118 - X910 - STATEWIDE REVENUE

event that federal funds are received, the person will return all state monies received under this program.

The Department of Agriculture (department) shall administer the grant program authorized by this proviso. The Department of Revenue shall assist the Department of Agriculture in the administration of the grant program by providing auditing services, accounting services, and review and oversight of all financial aspects of the grant program. There is created the Farm Aid Advisory Board to make recommendations to the department regarding the duties of the department in administering the grant program. The Commissioner of Agriculture, or his designee, shall serve ex officio, as chairman of the board. Also, the Director of the Department of Revenue, or his designee, the Vice President for Public Service and Agriculture of Clemson Public Service Activities, or his designee, and the Vice President for Land Grant Services of South Carolina State Public Service Activities, or his designee, shall serve on the board. The following additional members shall be appointed to the board:

- (1) the Commissioner of Agriculture shall appoint one member representing the South Carolina Farm Bureau;
- (2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;
- (3) the Director of the Department of Revenue shall appoint one member representing the crop insurance industry; and
- (4) the Director of the Department of Revenue shall appoint one member who is an agricultural commodities producer.

By July twentieth of the current fiscal year, the board shall hold its initial meeting to recommend an application process by which a person with a loss resulting from the flooding occurring in the aftermath of Hurricanes Michael and Florence may apply for a grant. Upon adoption of an application process, the Department of Agriculture shall provide the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee with a written copy of its application process within ten days after its adoption. A person shall apply not later than forty-five days after the adoption of the application process. The department must ensure every person interested in applying for a grant has access to adequate resources to submit his application in a timely manner, and upon request, the department must assist a person with the preparation of his application.

Each grant awarded by the department may not exceed twenty percent of the person's verifiable loss of agricultural commodities. However, a

SECTION 118 - X910 - STATEWIDE REVENUE

person, including any grant made to a related person, may not receive grants aggregating more than one hundred thousand dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined with losses covered by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount to be included in the limits set by this proviso must be the amount of the grant multiplied by the person's ownership interest in the related person. However, a person who shares an ownership interest with another person or entity may not be refused a grant solely because the other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant amount is limited by the person's ownership interest.

If the total amount of grants allowed pursuant to this proviso exceeds the monies in the fund, then each person's grant must be reduced proportionately.

To determine loss, the department:

(1) must measure the person's cumulative total loss of all affected agricultural commodities for the year in which the flooding occurred against the person's expected production of all agricultural commodities affected by the flooding occurring in the aftermath of Hurricanes Michael and Florence;

(2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance Corporation, to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities, the department shall use the most recent year's county price and county yield, as applicable, as determined by the National Agriculture Statistics Service, United States Department of Agriculture; and

(3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the department shall require the submission of dated, signed, and continuous records. These records may include, but are not limited to, commercial receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements, truck scale tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape, invoices for custom harvesting, u-pick records, and insurance documents.

SECTION 118 - X910 - STATEWIDE REVENUE

Grant awards must be used for agricultural production expenses and losses due to the flooding which demonstrate an intent to continue the agricultural operation; however, awards may not be used to purchase new equipment. The department shall develop guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may require any documentation it determines necessary to verify the appropriate use of grant awards including receipts.

If the department determines that a person who received a grant provided inaccurate information, then the person shall refund the entire amount of the grant. If the department determines that a person who received a grant used the funds for ineligible expenses, then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate amount, the Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.

The department shall coordinate the exchange of information between the USDA and the Department of Revenue to identify any person that received a Farm Aid grant for the flooding occurring in the aftermath of Hurricanes Michael and Florence and also received federal aid relief for the same disaster. Any person that is determined to have received grant funds from both the state and federal government, must immediately repay the state grant they received.

If the department determines that a person knowingly provided false information to obtain a grant pursuant to this proviso or knowingly used funds for ineligible expenses, the person shall be subject to prosecution pursuant to Section 16-13-240.

Within forty-five days of the completion of the awarding of grants, but no later than the end of the fiscal year, the Farm Aid Advisory Board is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

The department may accept private funds, grants, and property to be used to make financial awards from the grant program.

The Department of Agriculture must administer the grant program authorized by this proviso using existing resources and funds.

If federal funds are allocated for persons that are otherwise eligible for a grant pursuant to this proviso before the current fiscal year begins, then the provisions of this proviso are not effective and no funds may be credited to the South Carolina Farm Aid Fund.

For purposes of this proviso:

(C) Unexpended funds appropriated pursuant to this provision may be carried forward to succeeding fiscal years and expended for the same purposes.

118.19. (SR: Expenditure of Federal Funds) Any funds received from the Federal Government that are not allocated directly to a state agency must be expended through the legislative budgeting process.

118.20. (SR: State Ports Authority Projects) Any funds appropriated or authorized for the State Ports Authority by Proviso 118.18 (Nonrecurring Revenue) for the intermodal container transfer facility and waterborne cargo infrastructure must be deposited into a separate and distinct account and shall only be used for costs directly related to those two projects. Funds shall not be used for salaries, bonuses, or any kind of normal administrative costs. Funds shall not be used for personnel expenses not directly related to the implementation of the two projects. In addition, the State Ports Authority shall provide quarterly progress reports on the implementation of each facility to the Joint Bond Review Committee, the President of the Senate, the Speaker of the House of Representatives, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee. These quarterly reports shall include, but are not limited to, financial results, operating plans, budgets, capital plans, and performance objectives and results for the projects. The Joint Bond Review Committee must review and provide comment on expenditures, and may prescribe the reporting format and such other informational requirements and reports as it deems useful and necessary, to ensure the financial integrity, accountability, and stewardship of the funds and the ongoing operations of the project. To the extent permitted by federal law, if federal funds become available to the State that can be used for the Intermodal Container Transfer Facility or for Waterborne Cargo Infrastructure, those federal funds must first be used to complete the project. Any remaining state funds appropriated for these projects shall be transferred to a restricted account at the Department of Administration.

SECTION 118 - X910 - STATEWIDE REVENUE

118.21. (SR: Tax Credits) For the income tax year that begins in the current fiscal year, rehabilitation expenses made at a property that is located within half a mile of a public university with an enrollment of at least 30,000 students in a business district that has a commercial vacancy rate of at least ten percent qualify for the tax credit provided under the South Carolina Abandoned Buildings Revitalization Act, Title 12, Chapter 67, if the building has been unoccupied for at least one year at the time of the filing of notice of intent to rehabilitate for the tax credit, and the estimated rehabilitation expenses are in excess of \$25,000,000 with respect to the entire abandoned building, without regard to any subdivision of the abandoned building into separate units or parcels. To qualify under this provision, a notice of intent to rehabilitate for the abandoned building site shall be filed during the current fiscal year, and the municipality or county in which the building site is located shall certify the building site pursuant to Section 12-67-160(A) of the 1976 Code making appropriate adjustments to such certification to be consistent with this provision. Qualifying rehabilitation expenses incurred with respect to such a property shall be eligible for the credit when placed in service; provided, however, that construction must begin on the property prior to the end of the current fiscal year. For purposes of this provision, construction shall be deemed to begin when the building permit is issued for the property. Except as provided herein, the Act shall remain unchanged.
