

PART IB

OPERATION OF STATE GOVERNMENT

SECTION 1 - H630 - DEPARTMENT OF EDUCATION

1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. This transfer must be agreed upon by both the school district and the department. Those funds may be transferred into the department's school bus transportation operating account.

1.2. (SDE: DHEC - Comprehensive Health Assessment) All school districts shall participate, to the fullest extent possible, in the Medicaid program by seeking appropriate reimbursement for services and administration of health and social services. Reimbursements to the school districts shall not be used to supplant funds currently being spent on health and social services.

1.3. (SDE: State Aid to Classrooms) ~~To the extent possible within available funds, it is the intent of the General Assembly to provide for one hundred percent of full implementation of the Education Finance Act via an allocation from the State Aid to Classrooms appropriation. The funds appropriated for State Aid to Classrooms shall be allocated as follows: 63.60 percent must be allocated based on the Education Finance Act formula and the differentiated student weightings in this act; 28.62 percent must be allocated based on the manner of distribution of EFA employer contributions in the prior fiscal year; and 7.79 percent must be allocated to fully implement the State Minimum Teacher Salary Schedule with a minimum starting teacher salary of \$36,000. The department is authorized to adjust the percentage allocation related to EFA employer contributions to accommodate for the disbursement of the state retirement funds and any other related employee allocation sent to districts. For the current fiscal year, the total pupil count is projected to be 764,037 761,855, which includes traditional school districts, charter school authorizers, and the special school districts. For the current fiscal year, the total pupil count for traditional school districts is projected to be 714,073, the total pupil count for the charter authorizers is projected to be 47,061, and the total pupil count for the special districts is projected to be 721.~~ These funds represent an average per pupil of \$3,887 \$4,834 in State Aid to Classrooms. The average per pupil funding is projected to be \$6,902 \$7,629 state, \$1,202 \$1,274 federal, and \$7,423 \$7,859 local. This is an average total funding level of \$15,527 \$16,762 excluding revenues of local bond issues. ~~It is the intent of the General Assembly that the consolidation of the Education Finance Act and Education Finance Act Employer Contributions appropriations, and the subsequent allocation of the State Aid to Classrooms appropriation back to these categories, should not significantly alter the application of funding formulas or maintenance of effort requirements referencing the Education Finance Act and Education Finance Act Employer Contributions.~~

~~The funds allocated from State Aid to Classrooms for implementing the revised State Minimum Teacher Salary Schedule shall be distributed to school districts using the EIA Teacher Salary Supplement methodology. The resulting estimated teacher salary schedule is as follows:~~

1 As further used in this act, references to the Education Finance Act or EFA funds shall be interpreted to mean the 63.60 percent
2 of funds appropriated for State Aid to Classrooms and allocated for the Education Finance Act and, where appropriate, the 28.62
3 percent of State Aid to Classrooms allocated for Education Finance Act Employer Contributions.

4 For the purpose of maintaining consistency when calculating maintenance of effort, references to the base student cost shall be
5 interpreted as the base student cost resulting from the 63.60 percent of funds appropriated for State Aid to Classrooms and allocated
6 for the Education Finance Act and, where appropriate, the 28.62 percent of State Aid to Classrooms allocated for Education Finance
7 Act Employer Contributions, and other any other items normally included in the base student cost calculation.

8 For the purpose of maintaining consistency when calculating the Base Student Cost, the base student cost calculation shall include
9 funds from State Aid to Classrooms consisting of the 63.60% of funds appropriated for State Aid to Classrooms allocated based on
10 the Education Finance Act formula and the 7.79% that are allocated to fully implement the State Minimum Teacher Salary Schedule.

11 For the current fiscal year, the funds appropriated for State Aid to Classrooms represent the State's contribution to the Aid to
12 Classrooms program for direct instruction of students in kindergarten through grade twelve in our state, which is seventy-five percent
13 of the total cost of having a statewide student-teacher ratio of 11.2 students per teacher. The salary cost is based on a teacher having
14 a master's degree and twelve years of experience, which equates to \$52,604 on the statewide minimum salary schedule for the current
15 fiscal year. The total teacher cost is \$69,153 including fringe benefits. The state minimum salary schedule for Teacher Salaries
16 includes those teachers eligible pursuant to Section 59-20-50(4)(b), to include classroom teachers, librarians, guidance counselors,
17 psychologists, social workers, occupational and physical therapists, school nurses, orientation/mobility instructors, and audiologists
18 in the school districts of the State.

19 To allocate the funds, the department will calculate the total number of weighted pupil units (WPU) in each school district and
20 in the State. The funds appropriated for State Aid to Classrooms are seventy-five percent of the total Aid to Classrooms program,
21 and the local share is twenty-five percent of the total program. The total Aid to Classrooms for each district is the district's
22 percentage of the total statewide weighted pupils multiplied by the total Aid to Classrooms program. The district's local share is the
23 total local share multiplied by the district's imputed index of taxpaying ability, which is the district's relative fiscal capacity
24 compared to that of all other districts in the State. For Fiscal Year 2022-23, one dollar will be allocated to districts of the funding
25 received in the previous fiscal year from State Aid to Classrooms, EIA - Aid to Districts, EIA - Students at Risk of School Failure,
26 Allocations EIA – Teacher Salaries, Allocations EIA – Employer Contributions, and EIA - South Carolina Public Charter Schools
27 as its base. The remaining funding received in the previous fiscal year from State Aid to Classrooms and any additional money in
28 State Aid to Classrooms will be distributed utilizing the new funding methodology in this provision. Each district will receive either
29 the amount determined by this new methodology or the actual state funding received in Fiscal Year 2021-22 from State Aid to
30 Classrooms, EIA - Aid to Districts, EIA - Students at Risk of School Failure, Allocations EIA – Teacher Salaries, Allocations EIA –
31 Employer Contributions, and EIA - South Carolina Public Charter Schools.

32 To provide flexibility, each district may expend the funds as determined by the local school board of trustees to meet the
33 educational needs of students as defined in Section 59-1-50, Chapter 18, Title 59, and as delineated in a child's Individualized
34 Education Program (IEP). Pursuant to Section 59-20-80, each school board of trustees must make available by September first of
35 each fiscal year its annual budget that includes state, local, and federal investments in education. The budget must be available on

1 the district's website. The department, in collaboration with local school districts, will provide a template that each district must use
 2 in reporting its budget.

3 To provide transparency, the Department of Education will document annually, through an online financial dashboard, the
 4 expenditure of all state, local, and federal funds by each district in compliance with federal and state laws. To ensure that the public
 5 reporting meets the needs of educators, parents, citizens, and policymakers, the department will convene a group of educators,
 6 parents, citizens, and policymakers to approve the design of the dashboard. District expenditures for the prior fiscal year must be
 7 published on the department's website for public disclosure by January 1.

8 To ensure accountability, each district's annual audit that is submitted to the Department of Education pursuant to Section
 9 59-17-100 must be conducted using a vendor from an approved list provided by the State Auditor. The State Auditor will develop
 10 standards and criteria for determining qualifying vendors. Each district's annual audit must be available on the district's website.

11 For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring a
 12 public charter school shall receive and distribute state EFA funds to the charter school as determined by one hundred percent of the
 13 current year's base student cost, as funded by the General Assembly multiplied by the weighted pupils enrolled in the charter school,
 14 which must be subject to adjustment for student attendance. Students enrolled in charter schools authorized by the South Carolina
 15 Public Charter School District or an institution of higher education will receive in addition to the base weight of 1.00 or in addition
 16 to the disability weight of 2.60 an additional weight based upon the type of charter school that they attend. These additional funds
 17 must support the provision of educational services for children served by a charter school that does not receive local revenues. These
 18 students are also eligible to receive additional weights for personalized instruction. The department will make any necessary
 19 adjustments to account for the state share for Charter and Special Districts. District-sponsored charter schools are still required to
 20 receive allocations per Section 59-40-140 of the Code of Laws.

21 The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections,
 22 including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also,
 23 as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office,
 24 shall also post on their website the one hundred thirty-five day average daily membership for each school district and per pupil state,
 25 federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported
 26 annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a
 27 prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the
 28 projected numbers and the exact numbers.

29 For the current fiscal year, the pupil classification weightings are as follows:

30 (1) K-12 pupils or base students including homebound students 1.00

31 Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section
 32 44-7-130 of the 1976 Code shall receive a weighting of 2.10.

33 (2) Weights for students with disabilities ~~as prescribed in Section 59-20-40(1)(e) Special Programs~~ as documented by their
 34 Individualized Education Plan (IEP) 2.60

35 (3) ~~Precareer and Career Technology~~ 1.29

2	<u>(b) Enrolled in virtual charter school</u>	<u>0.65</u>

7	(d) Pupils in Poverty	0.20 <u>0.50</u>
8	(e) Dual Credit Enrollment <u>Speech Therapy</u>	0.15

9 No local match is required for the additional weightings for personalized instruction in the current school year. Charter school per
 10 pupil calculations for locally sponsored charters will continue to be calculated according to Section 59-40-140 of the 1976 Code.
 11 Students may receive multiple weights for personalized instruction; however, within each weight, students should only be counted
 12 once. These weights are defined below:

13 Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

14 Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are enrolled
 15 in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school. Districts shall
 16 set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

17 Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts, or
 18 both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve. The
 19 additional weight generates funds needed to provide additional instructional services to these students.

20 Students with limited English proficiency are students who require intensive English language instruction programs and whose
 21 families require specialized parental involvement intervention.

22 ~~Funds received by a school district pursuant to the dual credit weighting must be used to defray all possible costs of dual credit~~
 23 ~~courses for students. Students identified for dual credit enrollment must be identified in PowerSchool as taking a course that will~~
 24 ~~lead to both high school credit and post-secondary credit. Districts must utilize these funds to offset the cost of tuition, fees,~~
 25 ~~instructors, and instructional materials for qualifying courses with the local technical college or other institution of higher education.~~
 26 ~~Each school district shall report to the department the number of students participating in dual credit courses and specify the cost~~
 27 ~~borne by each entity. School districts must assist students in accessing Lottery Tuition Assistance when applicable.~~

28 Further, the Department of Education may use school district student counts for personalized instruction as collected in the same
 29 manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to calculate
 30 the school district add on weightings for the personalized instruction classifications and the determination of the school districts
 31 monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five day student average daily membership
 32 for all classifications. During the current fiscal year, the department will update PowerSchool calculations, reports, screen
 33 development, documentation, and training to incorporate the new pupil classification weightings and to make final district allocation
 34 adjustments by June 30. The department must provide districts with technical assistance with regard to student count changes in
 35 PowerSchool.

1 Up to ten percent of any funds appropriated for State Aid to Classrooms at the end of the fiscal year may be carried forward into
2 the subsequent fiscal year and allocated to school districts, the South Carolina Public Charter School District, and an institution of
3 higher education that authorizes charter schools pursuant to this provision. The additional funds must first support increases in
4 student enrollment and any balance may be allocated proportionately to districts. Any additional unexpended funds shall revert to
5 the general fund or to the EIA Fund.

6 **1.4.** (SDE: EFA - Formula) The amount appropriated in Part IA, Section 1 for “Education Finance Act” shall be the maximum
7 paid under the provisions of Act 163 of 1977 (the South Carolina Education Finance Act of 1977) to the aggregate of all recipients.
8 The South Carolina Education Department shall develop formulas to determine the state and required local funding as stipulated in
9 the South Carolina Education Finance Act of 1977. Such formulas shall require the approval of the State Board of Education and
10 the State Fiscal Accountability Authority. After computing the EFA allocations for all districts, the department shall determine
11 whether any districts’ minimum required local revenue exceeds the districts’ total EFA Foundation Program. When such instance is
12 found, the department shall adjust the index of taxpaying ability to reflect a local effort equal to the cost of the districts’ EFA
13 Foundation Program. The districts’ weighted pupil units are to be included in determination of the funds needed for implementation
14 of the Education Finance Act statewide.

15 In the event that the formulas as devised by the Department of Education and approved by the State Board of Education and the
16 State Fiscal Accountability Authority should provide for distribution to the various school districts totaling more than the amount
17 appropriated for such purposes, subject to the provisions of this proviso, the Department of Education shall reduce each school district
18 entitlement by an equal amount per weighted pupil so as to bring the total disbursements into conformity with the total funds
19 appropriated for this purpose. If a reduction is required in the state’s contribution, the required local funding shall be reduced by the
20 proportionate share of local funds per weighted pupil unit. The Department of Education shall continually monitor the distribution
21 of funds under the provisions of the Education Finance Act and shall make periodic adjustments to disbursements to ensure the
22 aggregate of such disbursements do not exceed the appropriated funds.

23 Local districts shall not be mandated or required to inflate the base number in their respective salary schedules by any percentage
24 greater than the percentage by which the appropriated base student cost exceeds the appropriated base student cost of the prior fiscal
25 year.

26 **1.5.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein
27 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district
28 employee’s salary that is federally funded.

29 State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each
30 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel
31 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service
32 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

33 The Department of Juvenile Justice and the Department of Corrections’ school districts must be allocated funds under the fringe
34 benefits program in accordance with criteria established for all school districts.

35 **1.6.** (SDE: Employer Contributions/Obligations) In order to finalize each school district’s allocations of Employer Contributions
36 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district’s allocation

1 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In
2 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover
3 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision's state funds
4 until such obligations are met.

5 ~~1.7. (SDE: Governor's School for Science & Math) Any unexpended balance on June thirtieth of the prior fiscal year of funds~~
6 ~~appropriated to or generated by the Governor's School for Science and Mathematics may be carried forward and expended in the~~
7 ~~current fiscal year pursuant to the direction of the board of trustees of the school.~~

8 **1.8.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education
9 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides
10 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness
11 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located
12 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost
13 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided
14 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by
15 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing
16 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for
17 profit entity the local district's local support per weighted pupil above the statewide average base student cost multiplied by the
18 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. Participation will be evidenced by a
19 written agreement from the IEP team or 504 team, written referral, or the school district initiating the placement process. School
20 districts providing the education shall notify the nonresident district in writing within forty-five calendar days that a student from the
21 nonresident district is receiving education services pursuant to the provisions of the proviso. The notice shall also contain the
22 student's name, date of birth, and disabling condition if available. If appropriate financial arrangements cannot be effected between
23 institutions of the state, including independent school districts under the authority of the Department of Disabilities and Special
24 Needs, and school districts, institutions receiving educational appropriations shall pay the local base student cost multiplied by the
25 appropriate pupil weighting. Children residing in institutions of state agencies shall be educated with nondisabled children in the
26 public school districts if appropriate to their educational needs. Such institutions shall determine, on an individual basis, which
27 children residing in the institution might be eligible to receive appropriate educational services in a public school setting. Once these
28 children are identified, the institution shall convene an IEP meeting with officials of the public school district in which the institution
29 is located. If it is determined by the committee that the least restrictive environment in which to implement the child's IEP is a public
30 school setting, then the school district in which the institution is located must provide the educational services. However, that school
31 district may enter into contractual agreements with any other school district having schools located within a forty-five mile radius of
32 the institution. The cost for educating such children shall be allocated in the following manner: the school district where the child
33 last resided before being placed in an institution shall pay to the school district providing the educational services an amount
34 equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section
35 59-20-40 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all
36 funding sources, both state and federal. The institution and school district, through contractual agreements, will address the special

1 education and related services to be provided to students. Should the school district wherein the institution is located determine that
2 the child cannot be appropriately served in a public school setting, then the institution may request a due process hearing pursuant to
3 the procedures provided for in the Individuals with Disabilities Education Act.

4 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local
5 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to
6 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to
7 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing
8 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the
9 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

10 The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all
11 required school records, including confidential records, are transferred from the sending to the receiving school within three working
12 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social
13 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a
14 psychological report on the child is available at the school district office) and any other records necessary for the appropriate
15 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate
16 permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure
17 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received
18 on a child. Upon discharge or release from the treatment facility, the agency placing the child in the receiving school must work
19 with the school district where the student will reside after treatment to assure continuity of the student's education.

23 that district and reimbursement by the Department of Education made accordingly.

26 the sale of Apple Tags, royalties, contributions, donations, foundation funds, special grants and contracts, brochures, photo copies,
27 listings and labels, Directory of South Carolina Schools, student health record cards, items to be recycled, and high school diplomas
28 and certificates; the collection of out-of-state and in-state investigation fees, registration fees for non-SDE employees, recurring
29 facility inspection fees, teacher certification fees; the handling of audio-visual film; the provision of contract computer services to
30 school districts and other state agencies, joint broadcast service to school districts, and education-related statistics through agreement
31 with the National Center for Education Statistics; the lease or sale of programs of television, audio or microcomputer software; the
32 lease or sale of virtual courses to other states; the collection of damage fees for instructional materials and the sale of unusable
33 instructional materials; sale of fuel; use and repair of transportation equipment; fees for Medicaid reimbursable transportation; the
34 receipt of insurance and warranty payments on Department of Education equipment and the sale of used school buses and support
35 equipment. The Department of Education is authorized to collect revenue for deposit into the State General Fund for testing material
36 purchases and test rescoring fees. The Department of Education is authorized to expend revenue collected for lost and damaged

1 instructional materials and the sale of unusable instructional materials for the purpose of contracting for the purchase and maintenance
2 of a statewide textbook inventory management system, provided that schools' newly-adopted instructional materials needs are met
3 first.

4 **1.11.** (SDE: School District Bank Accounts) Each school district in this State, upon the approval of the district's governing
5 body, may maintain its own bank account for the purpose of making disbursement of school district funds as necessary to conduct
6 school district business and each county treasurer is hereby authorized to transfer such amount as needed, upon receipt of a written
7 order certified by the district governing body or their designee. Such order shall contain a statement that such amount is for immediate
8 disbursement for the payment of correct and legal obligation of the school district.

9 **1.12.** (SDE: Travel/Outside of Continental U.S.) School District allocations from General Funds, lottery, and EIA funds shall
10 not be used for travel outside of the continental United States. The International Baccalaureate Program shall be exempt from this
11 restriction.

12 **1.13.** (SDE: Year End Closeout) The State Department of Education is authorized to expend federal and earmarked funds (not
13 including state or EIA funds) in the current fiscal year for expenditures incurred in the prior year; however, state funds appropriated
14 in Part IA, Section 1, X, Aid to School Districts, for the Children's Case Resolution System or private placements for services
15 provided to children with disabilities may be used for those expenditures in prior fiscal years. The department is also authorized to

25 self-insure state-owned buses. In no event shall the department charge local school districts for damages to the buses which are
26 commonly covered by insurance.

27 **1.16.** (SDE: Teacher Data Collection) Of the non-program funds appropriated to the Department of Education, it and the
28 Commission on Higher Education shall share data about the teaching profession in South Carolina. The data sharing should ensure
29 (1) a systematic report on teacher supply and demand information and (2) data to determine classes being taught by public school
30 teachers out of field of their preparation. The data collection should include but not be limited to: classes/subjects taught, number
31 of students taught, percentage of teacher education graduates from South Carolina colleges/universities who go into teaching,
32 percentage of teacher education graduates who teach in public schools in South Carolina, percentage of new teachers who leave the
33 South Carolina teaching profession in the first three years of public school teaching due to unsuccessful evaluations, percentage of
34 new teachers who leave the profession in the first three years of public school teaching in South Carolina who have successful
35 evaluations, turnover rate of teachers and certification areas with highest vacancies. All database items should be set up so that it
36 can be disaggregated by ethnicity, gender, geographic location, etc.

4 charitable organization for purposes of the fee charged for the criminal records search.

5 **1.18.** (SDE: School Bus Purchase) Any procurement of school buses with funds appropriated in this act or any other
6 appropriation bill must meet specifications developed by the School Bus Specification Committee as established by the State
7 Superintendent of Education. The School Bus Specifications Committee shall allow for input from all school bus chassis and body
8 manufacturers. However, if it is safe, more economical, and in the public interest, the department may use the school bus
9 specifications of another state in the procurement of school buses. If the department uses the specifications of another state, the
10 department must submit a report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means
11 Committee detailing the methodology by which the alternative specifications were determined to be safe, more economical, and in
12 the public interest, when compared to the specifications set forth by the School Bus Specifications Committee.

13 **1.19.** (SDE: Buses, Parts, and/or Fuel) Funds appropriated for other operating in program VII.B. - Bus Shops and funds
14 appropriated in VII.C. - Buses may be used to purchase buses, fuel, parts, or other school bus related items. All funds appropriated

27 place the minutes of the board meeting on their website within ten days of the next regularly scheduled board meeting.

28 **1.23.** (SDE: Proviso Allocations) In the event an official General Fund revenue shortfall is declared by the Board of Economic
29 Advisors, the Department of Education may reduce any allocation in Section 1 specifically designated by proviso in accordance with
30 the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office, except the additional EFA
31 allocation to the South Carolina Public Charter School District. The reduction may not be greater than the total percentage of
32 reduction of the Section 1 appropriation. Should the department hold back funds in excess of the total percentage reduction those
33 funds must be allocated per the proviso. No allocation for teacher salaries shall be reduced as a result of this proviso.

34 **1.24.** (SDE: School Districts and Special Schools Flexibility) All school districts and special schools of this State may transfer
35 and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery Act
36 funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance, to

6 mark. The department shall report this information to the General Assembly for the ~~2021-2022~~ 2022-2023 school year.

7 In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per
8 pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food
9 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business
10 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall
11 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional
12 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June
13 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

14 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

15 School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low
16 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and
17 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and
18 expanding virtual instruction.

19 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

20 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil
21 allocation due to them for each categorical program.

22 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school
23 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.
24 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State
25 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of
26 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education
27 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,
28 and the certification must be conspicuously posted on the internet website maintained by the school district.

29 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical
30 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the
31 most economical type of bus fuel.

32 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school
33 districts based on weighted pupil units.

34 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,
35 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made
36 available for public viewing and downloading. The register must include for each expenditure:

- 1 (i) the transaction amount;
- 2 (ii) the name of the payee; and
- 3 (iii) a statement providing a detailed description of the expenditure.

4 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must
5 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete
6 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at
7 least once a month.

8 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards
9 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each
10 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the
11 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

12 The Comptroller General must establish and maintain a website to contain the information required by this section from a school
13 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate
14 between the school districts and search for the information they are seeking.

15 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
16 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
17 Education to exercise its authority to grant waivers under Regulation 43-261.

18 **1.25.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,
19 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical
20 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to
21 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because
22 of the required Hazmat endorsement to their CDL.

23 **1.26.** (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publicly recognized by the
24 School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions
25 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

26 **1.27.** (SDE: Governor's School for the Arts and Humanities Carry Forward) ~~Any unexpended balance on June thirtieth of the~~
27 ~~prior fiscal year of funds appropriated to or generated by the Governor's School for the Arts and Humanities may be carried forward~~
28 ~~and expended in the current fiscal year pursuant to the discretion of the Board of Trustees of the School.~~

29 **1.28.** (SDE: Governor's Schools' Fees) ~~The South Carolina Governor's School for the Arts and Humanities and the South~~
30 ~~Carolina Governor's School for Science and Mathematics are authorized to charge, collect, expend, and carry forward student fees~~
31 ~~as approved by their respective Board of Directors. The purpose and amount of any such fees will be to maintain program quality in~~
32 ~~both academics and residential support. No student will be denied admittance or participation due to financial inability to pay. The~~
33 ~~respective Board of Directors shall promulgate administrative policy governing the collection of all student fees. Both schools shall~~
34 ~~conspicuously publish a fee schedule on their respective websites.~~

35 **1.29.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may
36 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be

1 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General
2 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The
3 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.
4 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded
5 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

6 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent
7 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall
8 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel
9 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and
10 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on
11 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the
12 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination
13 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as
14 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have
15 their experience credit negatively impacted because of a furlough implementation.

16 During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except
17 for receiving their salaries. As to those benefits that require employer and employee contributions, including, but not limited to,
18 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making
19 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only
20 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on
21 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may
22 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within
23 which the furlough occurs.

24 Each local school district must prominently post on the district's internet website and make available for public viewing and
25 downloading the most recent version of the school district's policy manual and administrative rule manual.

26 This proviso shall not abrogate the terms of any contract between any school district and its employees.

27 **1.30.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district
28 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to
29 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance
30 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds
31 distributed to the districts within the county.

32 **1.31.** (SDE: SCGSAH Certified Teacher Designation) ~~Because of the unique nature of the South Carolina Governor's School
33 for the Arts and Humanities, the Charleston School of the Arts, and the Greenville County Fine Arts Center, the schools are authorized
34 to employ at its discretion noncertified classroom teachers teaching in the literary, visual and performing arts subject areas who are
35 otherwise considered to be appropriately qualified in a ratio of up to one hundred percent of the entire teacher staff.~~

1 **1.32.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or
2 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on
3 race or national origin.

4 **1.33.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and
5 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and
6 Human Services.

7 **1.34.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's
8 individual cumulative grade point average for grades nine through twelve on the student's report card.

9 **1.35.** (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school
10 year are due no later than December first of the current school year when invoiced by the Department of Education. The department
11 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

12 **1.36.** (SDE: Education Finance Act Reserve Fund) There is created in the State Treasury a fund separate and distinct from the
13 General Fund of the State and all other funds entitled the Education Finance Act Reserve Fund. All unexpended general funds
14 appropriated to the Department of Education for the Education Finance Act in the current fiscal year shall be transferred to the
15 Education Finance Act Reserve Fund. In the event that the amount appropriated for the Education Finance Act is insufficient to fully
16 fund the base student cost as established by this act, revenues from the Education Finance Act Reserve Fund may be used to
17 supplement the funds appropriated. By June 30th of the current fiscal year, if the department determines that the funds are not needed
18 to supplement the Education Finance Act, the department may utilize the funds for bus purchase. The General Assembly may make
19 direct appropriations to this fund. All unexpended funds in the Education Finance Act Reserve Fund and any interest accrued by the
20 fund must remain in the fund and may be carried forward into the current fiscal year.

21 **1.37.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from
22 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

23 **1.38.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school
24 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers
25 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services
26 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational
27 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is
28 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination
29 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred
30 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in
31 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education
32 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school
33 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student
34 and what is clinically indicated being considered.

35 A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility,
36 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services

1 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical
2 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in
3 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under
4 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the
5 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program,
6 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational
7 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational
8 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the
9 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational
10 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the
11 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

12 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting
13 for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this act and any eligible categorical and federal
14 funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services
15 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the
16 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a
17 resident school district for the difference between (1) the reasonable costs expended for the educational services provided directly
18 by the facility school district or the amount paid to the RTF and (2) the aggregate amount of federal and state funding received by
19 the facility school district for that student. However, the reimbursement rate may not exceed \$90 per student per day. Through a
20 joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an
21 instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities
22 Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall
23 notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational
24 services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the facility
25 district has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being
26 invoiced. Should the facility school district be unable to reach agreement with the resident school district regarding reasonable costs
27 differences, the facility school district shall notify the Department of Education's Office of General Counsel. The Department of
28 Education shall facilitate a resolution of the dispute between the facility school district and the resident school district within
29 forty-five days of the notice of dispute. If the issue of reasonable cost differences should remain unresolved, a facility school district
30 shall have the right to file a complaint in a Circuit Court. Should a resident school district fail to distribute the entitled funding to
31 the facility school district by the one hundred thirty-five day count, the Department of Education is authorized to withhold the
32 equivalent amount of EFA funds and transfer those funds to the facility school district.

33 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that
34 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost
35 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational
36 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving

1 educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided
2 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident
3 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs
4 differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall
5 facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute.
6 If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit
7 Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic
8 standards in the core content areas. All students with disabilities who are eligible for special education and related services under
9 the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as
10 amended, shall receive special education and related services in the least restrictive environment by appropriately certified personnel.
11 Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned through their
12 educational efforts. The resident school district and the RTF should develop a memorandum of understanding to outline the
13 responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district while the
14 student is housed in the RTF.

15 If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible
16 for the educational services. The facility school district may choose to provide the educational program to the child and, upon
17 choosing to do so, shall contract with the appropriate entity for payment of educational services provided to the child. Out-of-state
18 students provided educational services by a facility school district shall not be eligible for funding through the Education Finance
19 Act.

20 If a child is placed in a RTF by the child's parent or guardian and is not referred, authorized, or placed by the State, the facility
21 school district may choose to provide the educational program to the child, and upon doing so, must negotiate with the resident
22 school district for services through medical homebound procedures. A facility school district is responsible for compliance with all
23 child find requirements under Section 504 of the Rehabilitation Act of 1973 and Individuals with Disabilities Act of 2004 (IDEA).

24 All students enrolled in the facility school districts shall have access to the facility school districts' general education curriculum,
25 which will be tied to the South Carolina academic standards in the core content areas. All students with disabilities who are eligible
26 for special education and related services under the Individuals with IDEA, as amended, and the State Board of Education (SBE)
27 regulations, as amended, shall receive special education and related services in the least restrictive environment by appropriately
28 certified personnel. Students in an RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned
29 through their educational efforts.

30 With respect to students enrolled in the facility school districts, for accountability purposes, the assessment and accountability
31 measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The
32 performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate
33 line on the facility school district's report card and must not be included in the overall performance ratings of the facility school
34 district. The Department of Education shall examine the feasibility of issuing report cards for RTFs. For the current fiscal year, a
35 facility school district shall not have the district's state accreditation rating negatively impacted by deficiencies related to the delivery
36 of an educational program at a RTF.

1 RTFs shall notify the facility school district as soon as practical, and before admission to the RTF if practical, of a student's
2 admission to the RTF. RTFs, the facility school districts and the Department of Education shall use their best efforts to secure and/or
3 exchange information, including documents and records necessary to provide appropriate educational services and/or related services
4 as necessary to assist the facility school district in determining the resident school district. The Department of Education, in
5 collaboration with state placing agencies, RTFs, facility school districts, and resident school districts, shall implement a system to
6 follow the release of students from a RTF and re-enrollment in public, private, or special schools to ensure these students, when
7 appropriate, are not recorded as dropouts.

17 59-17-100, of the 1976 Code. If a district fails to meet these requirements, they must be notified in writing by the department that
18 the district has sixty days to comply with the reporting requirement. If the district does not report within sixty days, the department

9 **1.55.** (SDE: Full-Day 4K) Beginning with the current fiscal year, eligible students residing in any school district may participate
10 in the South Carolina Early Reading Development and Education program (CERDEP) pending the availability of space and funding.
11 Student eligibility as defined by Section 59-156-130 of the 1976 Code is an annual family income of one hundred eighty-five percent
12 or less of the federal poverty guidelines as promulgated annually by the United States Department of Health and Human Services or
13 a statement of Medicaid eligibility.

14 A parent or guardian may choose to enroll their child in a public school participating in the program and approved by the
15 Department of Education pursuant to Section 59-156-210 or in a private provider participating in the program and approved by the
16 Office of First Steps pursuant to Section 59-156-200. A private provider includes, but is not limited to, a child care center, a military
17 child care facility regulated by the United States Department of Defense, or a non-profit independent school. State funds appropriated
18 for the provision of CERDEP services in military child care facilities may not be used to supplant existing federal child care funds.

19 Beginning with the current fiscal year, 4K programs in public schools and non-profit independent schools participating in CERDEP
20 are not required to be approved, registered, or licensed by the Department of Social Services in order to participate in CERDEP.
21 Instead, the Department of Education and the Office of First Steps are responsible for ensuring that providers deliver high-quality
22 educational programs pursuant to Section 59-156-160.

23 Public and private providers shall be funded for instructional costs at a *minimum* rate of \$4,800 per student enrolled. Eligible
24 students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by
25 the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for a
26 reimbursement *at a minimum* of \$587 per eligible child transported. All providers who are reimbursed are required to retain records
27 as required by their fiscal agent. New providers participating for the first time in the current fiscal year and enrolling between one
28 and six eligible children shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers
29 enrolling seven or more such children eligible for funding not to exceed \$10,000. *The Department of Education and the Office of*
30 *First Steps Readiness are authorized to utilize carry forward funds and federal funds to supplement the amount expended for*
31 *materials and equipment.* Providers receiving equipment funding are expected to participate in the program and provide high-quality,
32 center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider
33 to return a portion of the equipment allocation at a level determined by the Department of Education and the Office of First Steps to
34 School Readiness. Funding to providers is contingent upon receipt of data as requested by the Department of Education and the
35 Office of First Steps. The Department of Education shall only provide funding for public school students whose complete records
36 have been entered into PowerSchool based on the one hundred and thirty-five day student average daily membership. For the current

1 fiscal year, providers may enroll pay-lunch children who score at or below the twenty-fifth national percentile on two of the three
2 DIAL-3 subscales by July 1 if at least seventy-five percent of the total number of children eligible or the Child Early Reading
3 Development and Education Program in a district or county are projected to be enrolled in that program, Head Start, or ABC Child
4 Care Program as determined by the Department of Education and the Office of First Steps, Child Early Reading Development and
5 Education Program. Providers may receive reimbursement for these children if funds are available. Funding appropriated for
6 CERDEP may be carried forward and expended for the same purpose.

7 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are
8 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,
9 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust
10 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual
11 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that
12 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations
13 for the current fiscal year to account for the findings.

14 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of
15 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by ~~January~~
16 ~~fifteenth~~ March first of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary
17 and both public and private providers are required to submit the necessary data as a condition of continued participation in and
18 funding of the program. This data shall include developmentally appropriate measures of student progress. Additionally, the
19 Department of Education shall issue a unique student identifier for each child receiving services from a private provider. The
20 Department of Education shall be responsible for the collection and maintenance of data on the public state funded full day and
21 half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection
22 and maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee
23 shall use this data and all other collected and maintained data necessary to conduct a research based review of the program's
24 implementation and assessment of student success in the early elementary grades along with information, recommendations, and a
25 timeline for how the state can increase the number of students served in high-quality programs.

26 For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as
27 allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the Department of
28 Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP. For eligible children residing in
29 school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district
30 transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in
31 CERDEP.

32 For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher
33 reimbursement rates to high-quality child care centers. The reimbursement rate for students enrolled by child care providers rated B
34 or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student
35 base following guidelines developed by the Office of First Steps; and (2) up to \$100,000 to provide one-time supplemental,
36 needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers

1 proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public,
2 private, or Head Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as
3 necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other
4 obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an
5 application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address
6 documented barriers to program participation. Providers receiving this one-time supplement shall be expected to participate in the
7 program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for
8 three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First
9 Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the
10 Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15; and (3) up
11 to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and designs necessary to
12 get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation in CERDEP
13 following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be expected to participate in
14 the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate
15 for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First
16 Steps.

17 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,
18 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a
19 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer
20 enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro
21 rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and
22 shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount
23 contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily
24 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty
25 days. Funds may also be used to provide parent engagement, professional development and quality evaluations of programs. No
26 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance
27 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following
28 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the
29 amount of money used for professional development as well as the types of professional development offered and the number of
30 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the
31 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

32 On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total
33 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional
34 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of
35 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the
36 Department of Education and the Office of First Steps.

1 The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration
2 Office to inform parents of all publicly funded full-day 4K programs including Head Start.

3 For Fiscal Year ~~2021-22~~ 2022-23, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early
4 Reading Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the
5 program during Fiscal Year ~~2021-22~~ 2022-23, subject to classroom availability and funding. Funding appropriated for CERDEP
6 may be carried forward and expended for the same purpose.

7 **1.56.** (SDE: Summer Reading Camps) For the current fiscal year, funds appropriated for summer reading camps must be
8 allocated as follows: (1) up to twenty percent to the Department of Education to provide bus transportation for students attending
9 the camps; (2) \$700,000 allocated to the department to provide grants to support community partnerships whereby community
10 organizations shall partner with local school districts to provide enrichment activities as part of after school programs or summer
11 reading camps that utilize volunteers, mentors or tutors to provide instructional support to struggling readers in elementary schools
12 that have a poverty index of forty percent or greater. All mentors and tutors that are a part of these after school programs or summer
13 reading camps must have passed a SLED criminal background check. Participant to volunteer or teacher ratio must conform to that
14 of the school district in which the program is located; and (3) the remainder on a per pupil allocation to each school district based on
15 the number of students who substantially failed to demonstrate third-grade reading proficiency as indicated on the prior year's state
16 assessment as defined by Section 59-155-120 (10) of the 1976 Code. Summer reading camps must be at least six weeks in duration
17 with a minimum of four days of instruction per week and four hours of instruction per day, or the equivalent minimum hours of
18 instruction in the summer. School transportation shall be provided. The camps must be taught by compensated teachers who have
19 at least an add-on literacy endorsement or who have documented and demonstrated substantial success in helping students
20 comprehend grade-level texts. The Department of Education shall assist districts that cannot find qualified teachers to work in the
21 summer camps. Districts may also choose to contract for the services of qualified instructors or collaborate with one or more districts
22 to provide a summer reading camp. Schools and school districts are encouraged to partner with county or school libraries, institutions
23 of higher learning, community organizations, faith-based institutions, businesses, pediatric and family practice medical personnel,
24 and other groups to provide volunteers, mentors, tutors, space, or other support to assist with the provision of the summer reading
25 camps. In the current school year, any student in third grade who substantially fails to demonstrate third-grade reading proficiency
26 by the end of the school year must be offered the opportunity to attend a summer reading camp at no cost to the parent or guardian.
27 The purpose of the reading camp is to provide students who are significantly below third-grade reading proficiency with the
28 opportunity to receive quality, intensive instructional services and support. A district may also include in the summer reading camps
29 students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading
30 camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the
31 first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency in comprehending
32 texts appropriate for his grade level must make the final decision regarding the student's participation in the summer reading camp.

33 **1.57.** (SDE: Interscholastic Athletic Association Dues) (A) A public school district supported by state funds shall not use any
34 funds or permit any school within the district to use any funds to join, affiliate with, pay dues or fees to, or in any way financially
35 support any interscholastic athletic association, body, or entity unless the constitution, rules, or policies of the association, body, or
36 entity contain the following:

8 measurement identified in the amended plans and in brokering for technical assistance personnel as stipulated in the plan. In addition,
9 the department must monitor student academic achievement and progress on implementation and report their findings to the
10 Chairman of the Senate Finance Committee, the Chairman of the House Ways and Means Committee, the Chairman of the Senate
11 Education Committee, the Chairman of the House Education and Public Works Committee, the local legislative delegation, and the
12 Governor in the fall following the school or district designation as low-performing. If the school or school district does not provide
13 the evaluation information necessary to determine effective use, the principal of the school or the district superintendent may be
14 subject to receiving a public reprimand by the State Board of Education if it is determined that those individuals are responsible for
15 the failure to provide the required information.

16 Funds must be used by the department for implementation and delivery of technical assistance services. Using previous report
17 card data and monitoring reports on the status of implementation of the school renewal plan, the department shall identify priority
18 schools. Funds appropriated for technical assistance shall be used by the department to work with those schools identified as
19 low-performing and to support priority schools under the tiered system. These funds shall not be transferred to any other funding
20 category by the school district without prior approval of the State Superintendent of Education and funds are not subject to agency
21 flexibility provisions.

22 Reconstitution means the redesign or reorganization of the school, which may include the declaration that all positions in the
23 school are considered vacant. Certified staff currently employed in priority schools must undergo an evaluation in the spring
24 following the school's identification as a priority school and must meet determined goals to be rehired and continue their employment
25 at that school. Educators who were employed at a school that is being reconstituted prior to July 2009, and to whom the employment
26 and dismissal laws apply will not lose their rights in the reconstitution. If they are not rehired or are not assigned to another school
27 in the school district they have the opportunity for a hearing. However, employment and dismissal laws shall not apply to educators
28 who are employed in the district and assigned to the priority schools July 1, 2009, in the event of a reconstitution of the school in
29 which the educator is employed. Those rights are only suspended in the event of a reconstitution of the entire school staff.
30 Additionally, the rights and requirements of the employment and dismissal laws do not apply to educators who on July 1, 2009, were
31 on an induction or annual contract, that subsequently were offered continuing contract status after the effective date of this proviso,
32 and are employed at a school that is subject to reconstitution under this proviso.

33 The reconstitution of a school could take place if the school has been identified as a priority school that has failed to improve
34 satisfactorily. The decision to reconstitute a school shall be made by the State Superintendent of Education in consultation with the
35 principal the school board of trustees, and the district superintendent. The decision to reconstitute a school shall be made by April

1 first, at which time notice shall be given to all employees of the school. The department, in consultation with the district
2 superintendent, shall develop a staffing plan and a budget for each reconstituted school.

3 The State Superintendent of Education may declare a state of emergency in a district if the accreditation status is probation or
4 denied, if a majority of the schools fail to show improvement, if the district is classified as being in “high risk” status financially, or
5 for financial mismanagement resulting in a deficit. The State Superintendent of Education may declare a state of emergency in a
6 school if the accreditation status is probation or denied, or if the school fails to show improvement. Upon declaration of a state of
7 emergency, the Superintendent may take over management of the school or district. Management of the school or district may
8 include direct management, consolidation with another district, charter management, public/private management, or contracting with
9 an educational management organization or another school district.

10 **1A.13.** (SDE-EIA: Proviso Allocations) In the event an official EIA revenue shortfall is declared by the Board of Economic
11 Advisors, the Department of Education may reduce any allocation in Section 1A specifically designated by proviso in accordance
12 with the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office. No allocation for teacher
13 salaries shall be reduced as a result of this proviso.

14 **1A.14.** (SDE-EIA: School Districts and Special Schools Flexibility) All school districts and special schools of this State may
15 transfer and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery
16 Act funds, and funds received from the Children’s Education Endowment Fund for school facilities and fixed equipment assistance,
17 to ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated
18 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance
19 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for
20 Career and Technology Education, nor funds required for debt service or bonded indebtedness. All school districts must report the
21 student teacher ratio for every classroom to the Department of Education at the forty-fifth and the one hundred and thirty-fifth day
22 mark. The department shall report this information to the General Assembly for the ~~2021-2022~~ 2022-2023 school year.

23 In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district’s per
24 pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food
25 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business
26 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall
27 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional
28 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June
29 thirtieth. Salaries of on-site principals must be included in the calculation of the district’s per pupil expenditures.

30 “In\$ite” means the financial analysis model for education programs utilized by the Department of Education.

31 School districts are encouraged to reduce expenditures by means, including, but not limited to, limiting the number of low
32 enrollment courses, reducing travel for the staff and the school district’s board, reducing and limiting activities requiring dues and
33 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and
34 expanding virtual instruction.

35 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

1 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil
2 allocation due to them for each categorical program.

3 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school
4 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.
5 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State
6 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of
7 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education
8 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,
9 and the certification must be conspicuously posted on the internet website maintained by the school district.

10 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical
11 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the
12 most economical type of bus fuel.

13 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school
14 districts based on weighted pupil units.

15 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,
16 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made
17 available for public viewing and downloading. The register must include for each expenditure:

18 (i) the transaction amount;

19 (ii) the name of the payee; and

20 (iii) a statement providing a detailed description of the expenditure.

21 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must
22 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete
23 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at
24 least once a month.

25 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards
26 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each
27 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the
28 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

29 The Comptroller General must establish and maintain a website to contain the information required by this section from a school
30 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate
31 between the school districts and search for the information they are seeking.

32 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title
33 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of
34 Education to exercise its authority to grant waivers under Regulation 43-261.

35 **1A.15.** (SDE-EIA: Teacher Salary Supplement) The department is directed to carry forward prior year unobligated teacher salary
36 supplement and related employer contribution funds into the current fiscal year to be used for the same purpose. Any unexpended

1 funds in teacher salary supplement may be used to fund shortfalls in the associated employer contribution funding in the current
2 fiscal year.

3 **1A.16.** (SDE-EIA: Dropout Prevention and High Schools That Work Programs) The Department of Education must report
4 annually by December first, to the Governor, the Chairman of the Senate Finance Committee, the Chairman of the House Ways and
5 Means Committee, the Chairman of the Senate Education Committee, and the Chairman of the House Education and Public Works
6 Committee on the effectiveness of dropout prevention programs funded by the Education and Economic Development Act and on
7 the High Schools that Work Programs' progress and effectiveness in providing a better prepared workforce and student success in
8 post-secondary education. The department, school districts, and special schools may carry forward unexpended funds from the prior
9 fiscal year into the current fiscal that were allocated for High Schools That Work.

10 **1A.17.** (SDE-EIA: Assessment) The department is authorized to carry forward into the current fiscal year, prior year state
11 assessment funds for the same purpose. Reimbursements shall resume in the current fiscal year for PSAT, pre-ACT or 10th grade
12 Aspire.

13 **1A.18.** (SDE-EIA: Report Card Information) The percentage each school district expended on classroom instruction as defined
14 by the Department of Education's InSite classification for "Instruction" must be printed on the Annual School and District Report
15 Card.

16 **1A.19.** (SDE-EIA: Core Curriculum Materials) The funds appropriated in Part IA, Section 1, VIII.A.3 for instructional materials
17 for core curriculum shall be expended consistent with the requirements of Section 59-31-600 of the 1976 Code requiring the
18 development of higher order thinking skills and critical thinking which should be integrated throughout the core curriculum
19 instructional materials. Furthermore, the evaluation criteria used to select instructional materials with funds appropriated in Part IA,
20 Section 1, VIII.A.3 shall include a weight of up to ten percent of the overall criteria to the development of higher order thinking skills
21 and critical thinking.

22 **1A.20.** (SDE-EIA: Certified Staff Technology Proficiency) ~~To ensure the effective and efficient use of the funding provided by~~
23 ~~the General Assembly in Part IA, Section 1 VIII.D. for school technology in the classroom and internet access, the State Department~~
24 ~~of Education shall approve district technology plans that specifically address and incorporate certified staff technology competency~~
25 ~~standards and local school districts must require certified staff to demonstrate proficiency in these standards as part of each certified~~
26 ~~staff's Professional Development plan. District adopted technology proficiency standards and plans should be, at minimum, aligned~~
27 ~~to the International Society for Technology in Education (ISTE) teacher standards. Evidence that districts are meeting the~~
28 ~~requirement is a prerequisite to expenditure of a district's technology funds.~~

29 **1A.21.** (SDE-EIA: Accountability Program Implementation) To support implementation of the accountability program, the
30 Education Oversight Committee may carry forward unexpended Education Accountability Act funds authorized specifically for the
31 administration of the Education Oversight Committee. For the current fiscal year the Education Oversight Committee may carry forward
32 prior year EIA South Carolina Community Block Grants for Education Pilot Program funds not awarded by the grant committee. These
33 funds must be used for an independent common evaluation of each awarded grant to ensure high quality programs that maximize a
34 return on the state's investment.

35 **1A.22.** (SDE-EIA: 4K Targeting) EIA funds allocated for the provision of four-year-old kindergarten shall be utilized for the
36 provision of services to age-eligible children in poverty, as defined in Proviso 1.3 of this act. Children with developmental delays

1 documented through state approved screening assessments or children with medically documented disabilities who do not already
2 qualify for special need services should also be considered for enrollment. In the event that more students seek to enroll than available
3 space permits, districts shall prioritize students (at the time of acceptance) on the basis of family income expressed as a percentage
4 of the federal poverty guidelines, with the lowest family incomes given the highest enrollment priority.

5 **1A.23.** (SDE-EIA: Reading) The funds allocated to the Department of Education for reading shall be used to provide districts
6 with research-based strategies and professional development and to work directly with schools and districts to assist with
7 implementation of research-based strategies. When providing professional development the department and school districts must
8 use the most cost effective method and when able utilize ETV to provide such services throughout the state. The department shall
9 establish measurements for monitoring impact on student achievement.

10 **1A.24.** (SDE-EIA: Students at Risk of School Failure) ~~For the current fiscal year, EIA funds appropriated for students at academic~~
11 ~~risk of school failure, must be allocated to school districts based upon two factors: (1) poverty as determined for the poverty add-on~~
12 ~~weight in Proviso 1.3; and (2) the number of weighted pupil units identified in the prior fiscal year as in need of academic assistance.~~
13 ~~At least eighty five percent of the funds must be spent on instruction and instructional support for students at academic risk.~~
14 ~~Instructional support may include family literacy and parenting programs to students at risk for school failure and their families.~~
15 ~~Students at academic risk are defined as students who are not meeting grade level standards in English language arts/reading and~~
16 ~~mathematics as evidenced by summative state assessments in grades three through eight or students who are not on track to meeting~~
17 ~~or exceeding English language arts/reading or mathematics standards by the end of third grade. Public charter schools, the Palmetto~~
18 ~~Unified School District, and the Department of Juvenile Justice must also receive a proportionate per pupil allocation based on the~~
19 ~~number of students at academic risk of school failure served.~~

20 **1A.25.** (SDE-EIA: Professional Development) Of the funds appropriated for professional development, up to \$500,000 may be
21 expended for gifted and talented teacher endorsement and certification activities. The Department of Education must provide
22 professional development on assessing student mastery of the content standards through classroom, formative and end-of-year
23 assessments. The Department of Education also must post on the agency's website the South Carolina Professional Development
24 Standards and provide training through telecommunication methods to school leadership on the professional development standards.
25 The department is authorized to carry forward and expend professional development funds for the same purpose.

26 **1A.26.** (SDE-EIA: Assessments-Gifted & Talented, Advanced Placement, & International Baccalaureate Exams) Funds
27 appropriated and/or authorized for assessment shall be used for assessments to determine eligibility of students for gifted and talented
28 programs and for the cost of Advanced Placement, International Baccalaureate, and Cambridge International exams.

29 **1A.27.** (SDE-EIA: Adult Education) A minimum of thirty percent of the funds appropriated for adult education must be allocated
30 to school districts to serve adult education students between the ages of seventeen and twenty-one who are enrolled in programs
31 leading to a state high school diploma, state high school equivalency diploma (GED), or career readiness certificate. The remaining
32 funds will be allocated to districts based on a formula which includes factors such as target populations without a high school
33 credential, program enrollment the previous school year, number of students making an educational gain the previous school year,
34 and performance factors such as number of high school credentials and career readiness certificates awarded the previous school
35 year. Overall levels of state funding must meet the federal requirement of state maintenance of effort. Each school district must
36 collect information from both the student and the school including why the student has enrolled in Adult Education and whether or

1 not the student is pursuing a GED or Diploma. The school district must then provide a quarterly report to the Department of Education
2 and must include the unique student identifier. The department, in turn, will provide summary information to the House Ways and
3 Means Committee, the House Education and Public Works Committee, the Senate Finance Committee and the Senate Education
4 Committee on the information. Up to a maximum of \$300,000, of funds may be used to establish an initiative by which qualifying
5 adult education students may qualify for a free high school equivalency test. The Department of Education shall establish guidelines
6 for the free high school equivalency testing initiative.

7 **1A.28.** (SDE-EIA: Clemson Agriculture Education Teachers) The funds appropriated in Part IA, Section VIII.F. for Clemson
8 Agriculture Education Teachers must be transferred to Clemson University PSA to fund summer employment of agriculture teachers
9 and to cover state-mandated salary increases on that portion of the agriculture teachers' salaries attributable to summer employment.
10 If sufficient funds remain, Clemson University PSA may utilize such funds for a Regional Coordinator.

11 **1A.29.** (SDE-EIA: Full-Day 4K) Beginning with the current fiscal year, eligible students residing in any school district may
12 participate in the South Carolina Early Reading Development and Education program (CERDEP) pending the availability of space
13 and funding. Student eligibility as defined by Section 59-156-130 of the 1976 Code is an annual family income of one hundred
14 eighty-five percent or less of the federal poverty guidelines as promulgated annually by the United States Department of Health and
15 Human Services or a statement of Medicaid eligibility.

16 A parent or guardian may choose to enroll their child in a public school participating in the program and approved by the
17 Department of Education pursuant to Section 59-156-210 or in a private provider participating in the program and approved by the
18 Office of First Steps pursuant to Section 59-156-200. A private provider includes, but is not limited to, a child care center, a military
19 child care facility regulated by the United States Department of Defense, or a non-profit independent school. State funds appropriated
20 for the provision of CERDEP services in military child care facilities may not be used to supplant existing federal child care funds.

21 Beginning with the current fiscal year, 4K programs in public schools and non-profit independent schools participating in CERDEP
22 are not required to be approved, registered, or licensed by the Department of Social Services in order to participate in CERDEP.
23 Instead, the Department of Education and the Office of First Steps are responsible for ensuring that providers deliver high-quality
24 educational programs pursuant to Section 59-156-160.

25 Public and private providers shall be funded for instructional costs at a *minimum* rate of \$4,800 per student enrolled. Eligible
26 students enrolling during the school year or withdrawing during the school year shall be funded on a pro rata basis determined by
27 the length of their enrollment. Private providers transporting eligible children to and from school shall also be eligible for a
28 reimbursement *at a minimum* of \$587 per eligible child transported. All providers who are reimbursed are required to retain records
29 as required by their fiscal agent. New providers participating for the first time in the current fiscal year and enrolling between one
30 and six eligible children shall be eligible to receive up to \$1,000 per child in materials and equipment funding, with providers
31 enrolling seven or more such children eligible for funding not to exceed \$10,000. *The Department of Education and the Office of*
32 *First Steps Readiness are authorized to utilize carry forward funds and federal funds to supplement the amount expended for*
33 *materials and equipment.* Providers receiving equipment funding are expected to participate in the program and provide high-quality,
34 center-based programs as defined herein for a minimum of three years. Failure to participate for three years will require the provider
35 to return a portion of the equipment allocation at a level determined by the Department of Education and the Office of First Steps to
36 School Readiness. Funding to providers is contingent upon receipt of data as requested by the Department of Education and the

1 Office of First Steps. The Department of Education shall only provide funding for public school students whose complete records
2 have been entered into PowerSchool based on the one hundred and thirty-five day student average daily membership. For the current
3 fiscal year, providers may enroll pay-lunch children who score at or below the twenty-fifth national percentile on two of the three
4 DIAL-3 subscales by July 1 if at least seventy-five percent of the total number of children eligible or the Child Early Reading
5 Development and Education Program in a district or county are projected to be enrolled in that program, Head Start, or ABC Child
6 Care Program as determined by the Department of Education and the Office of First Steps, Child Early Reading Development and
7 Education Program. Providers may receive reimbursement for these children if funds are available. Funding appropriated for
8 CERDEP may be carried forward and expended for the same purpose.

9 Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations are
10 accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the department,
11 during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department must adjust
12 the allocations for the current fiscal year to account for the audit findings. The department must provide the results of the annual
13 audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps determines that
14 the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must adjust the allocations
15 for the current fiscal year to account for the findings.

16 Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation of
17 the South Carolina Child Development Education Pilot Program and to issue findings in a report to the General Assembly by ~~January~~
18 ~~fifteenth~~ March first of each year. To aid in this evaluation, the Education Oversight Committee shall determine the data necessary
19 and both public and private providers are required to submit the necessary data as a condition of continued participation in and
20 funding of the program. This data shall include developmentally appropriate measures of student progress. Additionally, the
21 Department of Education shall issue a unique student identifier for each child receiving services from a private provider. The
22 Department of Education shall be responsible for the collection and maintenance of data on the public state funded full day and
23 half-day four-year-old kindergarten programs. The Office of First Steps to School Readiness shall be responsible for the collection
24 and maintenance of data on the state funded programs provided through private providers. The Education Oversight Committee
25 shall use this data and all other collected and maintained data necessary to conduct a research based review of the program's
26 implementation and assessment of student success in the early elementary grades along with information, recommendations, and a
27 timeline for how the state can increase the number of students served in high-quality programs.

28 For each school district that chooses not to participate in CERDEP, the district shall receive the same amount of EIA funds as
29 allocated in the prior fiscal year for the provision of a half-day 4K program from the funds appropriated to the Department of
30 Education for CERDEP or from any funds carried forward from the prior fiscal year to CERDEP. For eligible children residing in
31 school districts that do not participate in CERDEP, the Department of Education is required to develop and implement inter-district
32 transfer policies that give parents or guardians the option of their eligible child attending an out-of-district school that participates in
33 CERDEP.

34 For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher
35 reimbursement rates to high-quality child care centers. The reimbursement rate for students enrolled by child care providers rated B
36 or higher in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student

1 base following guidelines developed by the Office of First Steps; and (2) up to \$100,000 to provide one-time supplemental,
2 needs-based incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers
3 proposing to expand service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public,
4 private, or Head Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as
5 necessary to bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other
6 obstacles currently preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an
7 application process that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address
8 documented barriers to program participation. Providers receiving this one-time supplement shall be expected to participate in the
9 program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for
10 three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First
11 Steps to School Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the
12 Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15; and (3) up
13 to \$1,000,000 may be used to provide grants to public-private partnerships to address building renovations and designs necessary to
14 get the building and classrooms into compliance with licensing regulations and other obstacles that prevent participation in CERDEP
15 following guidelines developed by the Office of First Steps. Providers participating in this pilot shall be expected to participate in
16 the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate
17 for three years shall require the provider to return a portion of the supplemental allocation at a level determined by the Office of First
18 Steps.

19 If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed expenditures,
20 available funds may be used to fund an extended program and to increase the length of the program to a maximum of eight and a
21 half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund summer
22 enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced on a pro
23 rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per day and
24 shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated amount
25 contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily
26 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty
27 days. Funds may also be used to provide parent engagement, professional development and quality evaluations of programs. No
28 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance
29 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following
30 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the
31 amount of money used for professional development as well as the types of professional development offered and the number of
32 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the
33 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

34 On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total
35 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional
36 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of

1 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the
2 Department of Education and the Office of First Steps.

3 The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State Collaboration
4 Office to inform parents of all publicly funded full-day 4K programs including Head Start.

5 For Fiscal Year ~~2021-22~~ 2022-23, in response to the COVID-19 crisis, children who were eligible to participate in the Child Early
6 Reading Development and Education Program in the prior fiscal year but did not participate, shall be eligible to participate in the
7 program during Fiscal Year ~~2021-22~~ 2022-23, subject to classroom availability and funding. *Funding appropriated for CERDEP*
8 *may be carried forward and expended for the same purpose.*

9 **1A.30.** (SDE-EIA: Aid to Districts) ~~Funds appropriated in Part IA, Section 1, VIII.A.1. Aid to Districts shall be disbursed monthly~~
10 ~~to school districts. For the current fiscal year, the remaining funds shall be allocated to districts based on the number of weighted~~
11 ~~pupil units.~~

12 **1A.31.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the
13 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for
14 individuals who teach children of poverty through weekend college, nontraditional or alternative learning opportunities.

15 **1A.32.** (SDE-EIA: IDEA Maintenance of Effort) ~~Prior to the dispersal of funds appropriated in Section VIII.A.1. Aid to Districts~~
16 ~~according to Proviso 1A.30 for the current fiscal year, in the event that there is a reduction in state funds or there are changes in the~~
17 ~~Education Finance Act/Base Student Cost formula that would reduce support for children with disabilities, the Department of~~
18 ~~Education is authorized to utilize funds appropriated in Section VIII.A.1. Aid to Districts to ensure maintenance of state financial~~
19 ~~support for the IDEA. The department shall distribute these funds using the current fiscal year one hundred thirty five day Average~~
20 ~~Daily Membership or as directed by the United States Department of Education. Funds provided for these purposes may not be~~
21 ~~transferred to any other purpose and therefore are not subject to flexibility. For continued compliance with the federal maintenance~~
22 ~~of state financial support requirements of the IDEA, funding for children with disabilities must, to the extent practicable, be held~~
23 ~~harmless to budget cuts or reductions to the extent those funds are required to meet federal maintenance of state financial support~~
24 ~~requirements under the IDEA. In the event cuts to funds that are needed to maintain fiscal effort are necessary, when administering~~
25 ~~such cuts, the department must not reduce funding to support children with disabilities who qualify for services under the IDEA in a~~
26 ~~manner that is disproportionate to the level of overall reduction to state programs in general. By December first, the department~~
27 ~~must submit an estimate of the IDEA maintenance of state financial support requirement to the General Assembly and the Governor.~~
28 ~~For the current fiscal year, the department may carry forward IDEA Maintenance of Effort funds from the prior fiscal year and~~
29 ~~expend them in the same manner.~~

30 **1A.33.** (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000
31 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally
32 certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical
33 contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first
34 and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career
35 clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course
36 exams graded by a national industry organization and must include in their grant request how the money will be spent in direct

1 support of students to further industry-specific career technology education; a description and history of their program nationally and
2 within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August
3 first of the following year, the organization must submit to the department a report detailing how the grant increased
4 industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry
5 organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student
6 competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading
7 to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs;
8 student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors
9 about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead
10 to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service
11 learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the
12 number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may
13 not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to
14 provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified
15 in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must
16 submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first
17 that has been audited by a third party accounting firm.

18 **1A.34.** (SDE-EIA: Partnerships/Other Agencies & Entities) For the current fiscal year, agencies and other entities receiving funds
19 appropriated in Part IA, Section 1, VIII. F. will continue to report annually to the Education Oversight Committee (EOC). Any entity
20 receiving funds that must flow through a state agency will receive those funds through the EOC, unless requested in writing by the
21 entity to match federal or other funds. The EOC will make funding recommendations to the Governor and General Assembly as part
22 of the agency's annual budget request.

23 **1A.35.** (SDE-EIA: ETV Teacher Training/Support) Of the funds appropriated in Part IA, Section 1, VIII.F. South Carolina

25 districts.

26 **1A.36.** (SDE-EIA: Teacher Salaries/SE Average) The projected Southeastern average teacher salary shall be the average of the
27 average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school
28 year, the Southeastern average teacher salary is projected to be ~~\$53,426~~ \$55,898. The General Assembly remains desirous of raising
29 the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to
30 the national average teacher salary.

31 Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all
32 eligible certified teachers employed by the district by no less than one year of experience credit using *at a minimum* the district salary
33 schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for
34 all eligible certified teachers. For Fiscal Year ~~2021-22~~ 2022-23, ~~the requirement that~~ school districts *must* maintain local salary
35 supplements per teacher no less than their prior fiscal year level ~~is suspended if additional State funds fill the gap.~~

1 Furthermore, pursuant to Proviso 1.3 and funds appropriated for State Aid to Classrooms, each cell in the State Minimum Teacher
2 Salary Schedule that is used to increase salaries of those teachers eligible pursuant to Section 59-20-50(4)(b), to include classroom
3 teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists, school nurses,
4 orientation/mobility instructors, and audiologists in the districts of the state, is increased by four thousand dollars.

5 ~~Funds allocated by Proviso 1.3 for implementing a revised state minimum salary schedule for Teacher Salaries must be used to~~
6 ~~increase salaries of those teachers eligible pursuant to Section 59-20-50(4)(b), to include classroom teachers, librarians, guidance~~
7 ~~counselors, psychologists, social workers, occupational and physical therapists, school nurses, orientation/mobility instructors, and~~
8 ~~audiologists in the school districts of the state by not less than one thousand dollars. Districts must use the district salary schedule~~
9 ~~utilized the prior fiscal year as the basis for providing the increase.~~

10 For purposes of this provision, teachers shall be defined by the Department of Education using the Professional Certified Staff
11 (PCS) System.

12 **1A.37.** (SDE-EIA: PowerSchool Dropout Recovery Data) With the funds appropriated to the Department of Education for
13 PowerSchool and data collection, the department will begin in the current fiscal year to collect data from schools and school districts
14 on the number of students who had previously dropped out of school and who reenrolled in a public school or adult education to
15 pursue a high school diploma. The Education Oversight Committee working with the Department of Education will determine how
16 to calculate a dropout recovery rate that will be reflected on the annual school and district report cards. The department may carry
17 forward and expend the funds for the same purpose.

18 **1A.38.** (SDE-EIA: Assisting, Developing and Evaluating Professional Teaching -ADEPT) With funds appropriated in the current
19 fiscal year, the Department of Education, school districts, the Department of Juvenile Justice and special schools of the state may
20 continue implementation of the ADEPT program. Governing boards of public institutions of higher education may provide by policy
21 or regulation for a tuition waiver for the tuition for one three-hour course at that institution for those public school teachers who serve
22 as supervisors for full-time students completing education degree requirements. Unexpended funds appropriated for this purpose
23 may be carried forward from the prior fiscal year into the current fiscal year and expended for the same purposes.

24 **1A.39.** (SDE-EIA: Educational Partnerships) The funds provided to the Center for Educational Partnerships at the College of
25 Education at the University of South Carolina will be used to create a consortium of educational initiatives and services to schools
26 and communities. These initiatives will include, but are not limited to, professional development in writing, geography and other
27 content areas; training; research; advocacy; and practical consultancy. The Center will establish collaborative educational enterprises
28 with schools, school districts, parents, communities, and businesses while fulfilling the responsibilities of the School Improvement
29 Council Assistance. The Center will focus on connecting the educational needs and goals of communities to improve efficiency and
30 effectiveness.

31 **1A.40.** (SDE-EIA: STEM Centers SC) All EIA-funded entities that provide professional development and science programming
32 to teachers and students should be included in the state's science, technology, engineering and mathematics education strategic plan.

33 **1A.41.** (SDE-EIA: EOC Partnerships for Innovation) Of the funds appropriated or carried forward from the prior fiscal year, the
34 Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the
35 assessment of public education in South Carolina that support increased student achievement in reading and college and career
36 readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for

1 planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student
2 academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science,
3 technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to
4 students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on
5 creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based
6 methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty
7 schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like
8 the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the
9 General Assembly on the measurement results.

10 **1A.42.** (SDE-EIA: Aid to Districts Draw Down) For the current fiscal year, in order to draw down funds appropriated in Part IA,
11 Section 1, VIII.A.1, Aid to Districts, school districts, Palmetto Unified District and the Department of Juvenile Justice must work
12 with local law enforcement agencies and fire marshals, and when necessary, state law enforcement agencies and the Office of the
13 State Fire Marshal in order to ensure that the district has updated school safety and fire plans in place. The safety and fire plans must
14 include safety directives in the classroom, a safe student and staff exit strategy and necessary safety staff. Notice of completion of
15 the updated plans must be submitted to the Department of Education no later than September first, of the current fiscal year. In the
16 current fiscal year, school districts may continue to negotiate with local law enforcement for the provision of School Resource
17 Officers. The department must report to the Chairman of the House Ways and Means Committee, the Chairman of the House
18 Education and Public Works Committee, the Chairman of the Senate Finance Committee and the Chairman of the Senate Education
19 Committee by September thirtieth, of the current fiscal year, on any districts that failed to submit an updated plan.

26 districts that partner with Teach For America SC are required to provide to Teach For America SC by September first annually,
27 information on the prior year's academic achievement of students who were directly taught by Teach For America corps members.
28 The information must be in a format that protects the identity of individual students and must include state assessment data as
29 appropriate.

30 **1A.46.** (SDE-EIA: EOC-South Carolina Autism Society) Of the funds appropriated in Section 1A, VIII.F. Partnerships, Education
31 Oversight Committee (A85), \$500,000 must be transferred in quarterly installments from the Education Oversight Committee to the

33 Autism Society shall provide a quarterly accounting report to the Chairman of the Senate Finance Committee, the Chairman of the
34 House Ways and Means Committee and the Education Oversight Committee.

35 **1A.47.** (SDE-EIA: CHE/CERRA) The Center for Educator Recruitment, Retention and Advancement (CERRA) must complete
36 periodic evaluations of the institutions currently hosting a Teaching Fellows (TF) program and ensure that the TF programs at the

1 current host institutions continue to meet the requirements for a TF program as set forth by the CERRA Board of Directors. Further,
2 CERRA will continue implementing a long-range plan for approving additional TF programs at other public, four-year institutions
3 who wish to be considered to host a TF program, provided the proposed programs meet the requirements set forth by the CERRA
4 Board of Directors. CERRA will publish TF program criteria and requirements prominently on its website. Any institution who
5 applies but is not selected to host a TF program will be informed in writing of the basis for the selection decision and be offered

16 charter school to collect the following information: (1) the reason or reasons why each student enrolled in the virtual charter school
17 district from both the parent(s) and the referring school district; and (2) the reason or reasons why a student withdrew from the virtual
18 charter school district. This data must be provided to the Department of Education quarterly and must include the unique student
19 identifier. The department, in turn, will provide summary information to the House Ways and Means Committee, the House
20 Education and Public Works Committee, the Senate Finance Committee and the Senate Education Committee on the enrollment and

14 Educator Recruitment, Retention, and Advancement (CERRA) to recruit and retain classroom educators in rural and underserved
15 districts experiencing excessive turnover of classroom teachers on an annual basis.

16 (B) During the current fiscal year CERRA shall publish eligibility requirements and applications for individual educators, school
17 districts, and institutions of higher education not inconsistent with existing licensure requirements for each, but also including:

18 (1) Eligible districts identified by CERRA as experiencing greater than eleven percent average annual teacher turnover, as
19 reported on the districts' five most recent district report cards issued by the South Carolina Department of Education and are not one
20 of the fifteen wealthiest districts based on the index of taxpaying ability, may make application to participate in the program.

21 (2) Individuals eligible for incentives shall be willing to provide instructional services in an eligible district in exchange for
22 participation in an incentive detailed in item (C) of this section, pursuant to the obligations and restrictions stated for each.

23 (3) Institutions of higher education eligible to receive education funding as a component of recruiting incentives created
24 pursuant to item (C) of this section shall not be excluded from participation in Teaching Fellows Program.

25 (4) Any incentives requiring individuals to relocate into an eligible district to provide instructional services shall not be made
26 available to individuals providing instructional services in other eligible districts.

27 (C) Pursuant to item (A), CERRA shall develop a set of incentives including, but not limited to, salary supplements, education
28 subsidies, loan forgiveness, professional development, and mentorship to be provided to classroom educators that offer instructional
29 services in eligible districts and shall provide incentive options for eligible individuals at all stages of their careers, including
30 high-school and college or university students interested in entering the teaching profession and including individuals entering the
31 field through an alternative certification pathway to include, but not limited to, PACE, ABCTE, Teach for American and CATE
32 Work-Based Certification.

33 At a minimum, the incentives shall include:

34 (1) Development of a program for forgiveness of undergraduate student loans, not to exceed \$5,000 per year, for up to 7 years,

36 institution other than the South Carolina Student Loan Corporation or program other than the South Carolina Teachers Loan Program.

1 (2) Development of a forgivable loan program for individuals pursuing graduate coursework in furtherance of a teaching
2 career, including enrollment in graduate-level coursework necessary to seek additional credentialing or certification relevant to the
3 participant's teaching practice, or individuals seeking an alternative pathway to certification as a teacher.

4 (3) Support for the establishment and maintenance of a teaching mentorship program, including salary supplements for
5 teaching mentors not to exceed \$2,500 per year.

6 (4) Other technical support and recruiting incentives as developed by CERRA in conjunction with the Department of Education
7 and the Education Oversight Committee consistent with the objectives of this section.

8 (D) In addition to eligibility and application requirements, CERRA shall develop a process for recovering an amount equal to the
9 incentives given to individual participants who fail to comply with the obligations associated with a relevant incentive in which they
10 participate including, but not limited to, failure to complete a prescribed course of study, failure to obtain a relevant certification or
11 licensure upon completion of a course of study, or failure to provide instructional services in an eligible district for a prescribed
12 period of time.

13 (E) CERRA shall report by July thirty-first of the current fiscal year to the Governor, President of the Senate, and Speaker of the
14 House on the incentives developed pursuant to item (C) of this section and make recommendations for attracting and retaining high
15 quality teachers in rural and underserved districts. The report shall contain at a minimum eligibility requirements and application
16 processes for districts and individuals, descriptions of and proposed budgets for each incentive program and an analysis of the number
17 and demographics of individuals potentially eligible for each.

18 (F) Funds appropriated or transferred for use in the Rural Teacher Recruiting Incentive may be carried forward from prior fiscal
19 years and used for the same purpose.

20 **1A.52.** (SDE-EIA: Project Read) Of the funds appropriated in Section 1A. VIII.A.3. for Reading, \$500,000 must be used for
21 teacher in-service training and professional development related to Project Read. The department may set accountability guidelines
22 to ensure that funds are spent in accordance with the proviso.

23 **1A.53.** (SDE-EIA: Reading/Literacy Coaches) (A) For the current fiscal year, of the funds appropriated for Reading/Literacy
24 Coaches, the Department of Education shall retain up to \$14,000,000 to be expended for the Palmetto Literacy Project. The
25 Department shall identify schools in the Palmetto Literacy Project that have one-third or more of its third grade students scoring at
26 the lowest achievement level on the statewide summative English language arts assessment. For each school identified and
27 participating in the Palmetto Literacy Project in the prior school year, the Department of Education shall provide, at a minimum, the
28 following support: provision of reading specialists, professional learning, and curriculum resources based on the science of reading.
29 The reading specialist/coaches provided to the Palmetto Literacy Project schools shall be hired and evaluated annually by the
30 Department of Education.

31 (B) The balance of funds appropriated to the Department for Reading/Literacy Coaches shall be allocated to school districts for
32 schools not included in the Palmetto Literacy Project to support reading instruction and interventions which may include, but not be
33 limited to, hiring reading/literacy coaches, interventionists, or professional development based on the science of reading. Expenditure
34 of funding must be included in the district reading plan approved by the Department of Education.

1 (C) These funds must be allocated to school districts by the Department of Education as follows: for each primary and elementary
2 school, the school district shall be eligible to receive up to \$62,730 or the actual cost of salary and benefits for a full-time
3 reading/literacy coach.

4 (D) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,
5 except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A
6 district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or middle school or
7 a combination of these schools depending on the area of highest need in the district except in the event that the district can request
8 and receive a waiver from the Department of Education to expend the funds on interventionists who spend more than fifty percent
9 of their time providing direct support to struggling readers in grades kindergarten through grade five. The school district must align
10 the placement of coaches to the district reading plan that is approved by the department.

11 (E) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle
12 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155 of Title 59.

13 (F) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as
14 an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they
15 must withhold that districts remaining balance of funds allocated pursuant to this proviso.

16 (G) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.
17 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:

- 18 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist; or
- 19 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or
- 20 (3) holds a master's degree or higher in reading or a closely-related field.

21 Within these guidelines, the Department of Education must assist districts in identifying a reading/literacy coach in the event that
22 the school is not successful in identifying and directly employing a qualified candidate.

23 (H) The Department of Education shall require:

- 24 (1) any school district receiving funding to identify the name and qualifications of the supported reading/literacy coach; as
25 well as the school in which the coach is assigned; and
- 26 (2) any school district receiving funding to account for the specific amounts and uses of such funds.

27 (I) With the data reported by the school districts, the department shall report by January fifteenth of the current fiscal year on the
28 hiring of and assignment of reading/literacy coaches by school. The department shall also report the amount of funds that will be
29 used for Summer Reading Camps.

30 (J) Any unspent or unallocated funds may be carried forward and expended for Summer Reading Camps.

31 **1A.54.** (SDE-EIA: Digital Instructional Materials) The Department of Education shall continue to create an instructional materials
32 list composed of those items (print and/or digital) that have received State Board of Education approval through the normal adoption
33 process. The department shall continue to work with the publishers of instructional materials to ensure that districts have options for
34 print/digital student materials to include class sets of print student editions, if needed. Funds appropriated for the purchase of
35 instructional materials (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on
36 the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook

1 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the
2 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs,
3 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional
4 Materials may be carried forward from the prior fiscal year into the current fiscal year to be expended for the same purposes by the
5 department, school districts, and special schools. These funds are not subject to flexibility.

6 **1A.55.** (SDE-EIA: 4K Early Literacy Competencies Assessments) Of the funds carried forward from the full-day 4K program
7 from the previous fiscal year, the Department of Education is authorized to expend up to \$800,000 on assessments and professional
8 development to analyze the early literacy competencies of children in publicly funded prekindergarten. If these funds are not
9 available, funds appropriated and/or authorized for assessment shall be used to administer the prekindergarten assessments. The
10 department shall manage the administration of assessments that analyze the early literacy and language development of children in
11 publicly funded prekindergarten as done in the prior fiscal year. Each school district and private provider participating in a publicly
12 funded prekindergarten program will administer one of the formative assessments selected by the department to each child eligible
13 for and enrolled in a publicly funded prekindergarten program during the first forty-five days of the school year and during the last
14 forty-five days of the school year. Accommodations that do not invalidate the results of these assessments must be provided in the
15 manner set forth by the student's Individualized Education Program or 504 Accommodations Plan and for students who are Limited
16 English Proficient according to their LEP Plan. The department will provide the assessment data to the Education Oversight
17 Committee. The results of the assessment and the developmental intervention strategies recommended or services needed to address
18 the child's identified needs must also be provided, in writing, to the parent or guardian. The assessment may not be used to deny a
19 student to admission to prekindergarten.

20 Furthermore, up to \$2,000,000 of the funds appropriated for half-day programs for four-year-olds and funds carried forward from
21 assessment must be expended by the Department of Education to administer the Kindergarten Readiness Assessment (KRA) to each
22 child entering kindergarten in the public schools. The assessment of kindergarten students must be administered at a minimum of
23 once during the first forty-five days of the school year with the results collected by the department. The results of the assessments
24 and the developmental intervention strategies recommended or services needed to address each child's identified needs must also be
25 provided, in writing, to the parent or guardian. The assessment may not be used to deny a student admission to kindergarten.
26 Accommodations that do not invalidate the results of these assessments must be provided in the manner set forth by the student's
27 Individualized Education Program, 504 Accommodations Plan, or LEP Plan. Districts are given the option of designating up to two
28 days of the one hundred eighty day school calendar to administer the assessment to kindergarten students. The department will also
29 provide the results of the assessment of kindergarten students to the Education Oversight Committee. With available funds, the
30 department will also provide or secure training for appropriate educators in how to administer the assessment.

31 For all students assessed with the Kindergarten Readiness Assessment (KRA), the Department of Education is required to collect
32 data from schools and school districts on the prior early learning experience of each student. The data would include whether the
33 kindergartener had attended in the prior school year a Head Start program, a South Carolina Early Reading Development and
34 Education Program in a public school or a private center, a half-day 4K program in a public school, a full-day 4K program in a public
35 school, a child care center (registered faith-based, registered family home, group home, or exempt provider) or informal child care.

1 **1A.56.** (SDE-EIA: Industry Certifications/Credentials) Of the funds appropriated for Industry Certifications/Credentials,
2 \$3,000,000 must be allocated to school districts based upon the number of national industry exams administered in the prior school
3 year with each district receiving a base amount of \$10,000. The department will identify the national industry exams that will be
4 funded based upon the job availability in the state. School districts may carry forward funds from the prior fiscal year into the current

29 If the lottery revenue received from certified unclaimed prizes for Fiscal Year 2021-22 is less than the amounts appropriated, the
 30 projects and programs receiving appropriations for any such year shall have their appropriations reduced on a pro rata basis.

31 Fiscal Year 2021-22 funds appropriated to the Commission on Higher Education and the State Board for Technical and
 32 Comprehensive Education for Tuition Assistance must be distributed to the technical colleges and two-year institutions as provided
 33 in Section 59-150-360. Annually the State Board for Technical and Comprehensive Education and the Commission on Higher
 34 Education shall develop the Tuition Assistance distribution of funds.

35 The provisions of Section 2-75-30 of the 1976 Code regarding the aggregate amount of funding provided for the Centers of
 Excellence Matching Endowment are suspended for the current fiscal year.

1 The Commission on Higher Education is authorized to temporarily transfer funds between appropriated line items in order to
2 ensure the timely receipt of scholarships and tuition assistance. It is the goal of the General Assembly to fund the Tuition Assistance
3 program at such a level to support at least \$996 per student per term for full-time students.

4 ~~Fiscal Year 2021-22 net lottery proceeds and investment earnings in excess of the certified net lottery proceeds and investment~~
5 ~~earnings for this period are appropriated and must be used to ensure that all LIFE, HOPE, and Palmetto Fellows Scholarships for~~
6 ~~Fiscal Year 2021-22 are fully funded.~~

7 ~~If the lottery revenue received for Fiscal Year 2021-22 certified net lottery proceeds and investment earnings for the current fiscal~~
8 ~~year, Fiscal Year 2020-21 certified surplus, and Fiscal Year 2019-20 certified surplus are less than the amounts appropriated, the~~
9 ~~projects and programs receiving appropriations for any such year shall have their appropriations reduced on a pro rata basis, except~~
10 ~~that a reduction must not be applied to the funding of LIFE, HOPE, and Palmetto Fellows Scholarships.~~

11 ~~The Commission on Higher Education is authorized to use up to \$400,000 of the funds appropriated in this provision for LIFE,~~
12 ~~HOPE, and Palmetto Fellows scholarships to provide the necessary level of program support for the scholarship award process and~~
13 ~~to provide for a Scholarship Compliance Auditor.~~

14 ~~The Higher Education Tuition Grants Commission is authorized to use up to \$70,000 of the funds appropriated in this provision~~
15 ~~for Tuition Grants to provide the necessary level of program support for the grants award process.~~

16 ~~The funds appropriated to the State Board for Technical and Comprehensive Education (SBTCE) for Workforce Scholarships and~~
17 ~~Grants shall be used to provide grants for tuition, fees, transportation, or textbook expenses to South Carolina residents enrolled in a~~
18 ~~career education program that meets all eligibility guidelines promulgated by the SBTCE in consultation with the Department of~~
19 ~~Education. Funds shall not be used for continuing education courses that do not lead to a degree, professional certificate, or~~
20 ~~industry-recognized credential (IRC).~~

21 ~~(A) Prior to disbursement of funds and no later than July 30, SBTCE must provide the colleges with a Board-approved list,~~
22 ~~compiled based on regional and statewide industry needs of the programs and credentials for which the colleges are allowed to award~~
23 ~~grants for the current fiscal year.~~

24 ~~(B) Grants shall be awarded from the fund in an amount not exceeding five thousand dollars or the total cost of attendance,~~
25 ~~whichever is less, for students to attend the program of their choice, including a professional certification program, at a South Carolina~~
26 ~~public technical college. Priority for grant awards shall be given to students seeking a degree, professional certificate, or~~
27 ~~industry-recognized credential (IRC) in an industry sector with critical workforce needs as identified and recommended by the~~
28 ~~SBTCE and ratified by the Coordinating Council for Workforce Development.~~

29 ~~(C) By April fifteenth, the SBTCE shall provide a report to the Chairman of House Ways and Means Committee and the Chairman~~
30 ~~of the Senate Finance Committee detailing use of funds received in the prior fiscal year. The report must include at minimum for~~
31 ~~each technical college: a list of programs that received funding, amount spent per program, number of students that received grants,~~
32 ~~grant amount per student, names of credentials completed by students receiving grants, amount of each type of credential completed,~~
33 ~~and job placement rates for students who completed programs and/or credentials.~~

34 ~~Of the funds appropriated to the State Board for Technical and Comprehensive Education for the South Carolina Workforce~~
35 ~~Industry Needs Scholarship, the board shall administer the South Carolina Workforce Industry Needs Scholarship as outlined below:~~

1 (A) (1) ~~In the current fiscal year, a student attending a two year public technical college and majoring in a critical workforce~~
2 ~~area program, as defined and recommended by the State Board for Technical and Comprehensive Education (SBTCE) and ratified~~
3 ~~by the South Carolina Coordinating Council for Workforce Development, and who is receiving a Lottery Tuition Assistance Program~~
4 ~~Scholarship (LTAP) for the current fiscal year, shall receive an additional South Carolina Workforce Industry Needs Scholarship~~
5 ~~(SC WINS). A student who is attending a two year public technical college, who meets the income eligibility guidelines for free and~~
6 ~~reduced priced meals as established by the United States Department of Agriculture (USDA) and who is receiving a LTAP~~
7 ~~scholarship for the current fiscal year, shall receive a SC WINS scholarship regardless of the student's major. The SC WINS~~
8 ~~scholarship is equal to the cost of tuition and mandatory fees after applying all other scholarships or grants, not to exceed two thousand~~
9 ~~five hundred dollars.~~

10 (2) ~~If the student is a freshman, the student must be enrolled in at least six credit hours of instruction each semester,~~
11 ~~including at least three credit hours of instruction in one of the critical workforce areas defined by the SBTCE. A student who meets~~
12 ~~the income guidelines for free and reduced priced meals as established by the USDA, must be enrolled in at least six credit hours of~~
13 ~~instruction each semester for the purpose of meeting the required minimum level of instruction in the student's major courses. To~~
14 ~~receive the additional SC WINS scholarship, the student must receive the underlying LTAP scholarship for that fiscal year and must~~
15 ~~be making acceptable progress towards receiving a degree in one of the majors pursuant to this proviso. For purposes of meeting this~~
16 ~~required minimum level of instruction in the freshman's major courses, dual enrollment courses taken in high school in these critical~~
17 ~~workforce area programs count toward the fulfillment of the minimum requirement.~~

18 (B) ~~The SBTCE shall adopt rules to define what constitutes a critical workforce program area. Nothing herein prevents a student~~
19 ~~from changing majors within the acceptable disciplines. Additionally, the SBTCE shall communicate with high school guidance~~
20 ~~counselors regarding the list of qualifying majors. Critical workforce program additions or deletions must be ratified by the South~~
21 ~~Carolina Coordinating Council for Workforce Development.~~

22 (C) ~~If the additional SC WINS scholarship is lost, it may be regained in the same manner the underlying LTAP scholarship is~~
23 ~~regained.~~

24 (D) ~~In order for a student to be eligible after attempting twenty four academic credit hours, the student must have earned a~~
25 ~~grade point average of 2.0 or better on a 4.0 grading scale.~~

26 (E) ~~A student may not be eligible to receive the SC WINS scholarship for more than one certificate, diploma, or degree unless~~
27 ~~the additional certificate, diploma, or degree constitutes progress in the same field of study.~~

28 (F) ~~A dual enrollment student in high school who is majoring in one of the critical workforce areas at a technical college~~
29 ~~qualifies for the SC WINS scholarship. A dual enrollment student in high school who receives a LTAP scholarship at a technical~~
30 ~~college and qualifies for free and reduced priced meals, also qualifies for the SC WINS scholarship regardless of the student's major.~~

31 (G) ~~Additionally, an up to three hundred dollar book allowance is applied to a SC WINS recipient's account, who is majoring~~
32 ~~in one of the critical workforce areas, for expenses towards the cost of textbooks.~~

33 (H) ~~If a critical workforce area program is placed on suspension during the SBTCE's program evaluation process, that program~~
34 ~~no longer qualifies for SC WINS funds at that specific college. Students must be advised on how to complete their program by~~
35 ~~transferring to another technical college or serving as a transient student at another technical college to complete specified courses.~~

1 Of the funds appropriated to the Commission on Higher Education for College Transition Scholarships, the commission shall
2 provide scholarships to South Carolina resident students enrolled at a public institution of higher education in an established College

14 budget demonstrating how the state funds will be spent in the fiscal year in which funds are received; (b) goals to be accomplished
15 and a proposed timeline for reaching the goals; and (c) proposed measures to evaluate success in implementing and meeting the
16 goals. For accountability purposes, by March first, the university shall submit a final report to the Commission on Higher Education
17 that details: (a) final expenditures and any remaining funds in the operating budget; (b) achieved goals and the timeline detailing
18 when the goals were achieved; and (c) specific measures demonstrating success in implementing and meeting the stated goals. By
19 April fifteenth, the Commission on Higher Education shall report this information to the Chairman of the Senate Finance Committee
20 and the Chairman of the House Ways and Means Committee.

21 Of the funds appropriated to the Commission on Higher Education for Carolina Career Clusters Grant, upon application by an
22 eligible institution as defined in this paragraph, the commission shall disburse \$300,000 to Allen University and \$50,000 each to
23 Benedict College, Claflin University, and Voorhees College provided that each were recipients of a single competitive grant from a
24 private sector endowment of not less than \$1,000,000 within the immediately two prior fiscal years. The proceeds of \$300,000 to
25 Allen University must be expended on the statewide expansion of the Institute for Civility and supportive services directly related to
26 the private sector donor's initiatives. The proceeds of \$50,000 each to Benedict College, Claflin University, and Voorhees College
27 must be expended on students and/or student support services directly related to the private sector grantor's initiative to better prepare
28 students for employment in high paying job clusters across the state and for no other purpose. Prior to disbursement, the commission
29 shall verify that an eligible institution shall provide no less than a 1 to 1 match of the funds to be disbursed. Notwithstanding other
30 requirements of this paragraph, the commission shall also disburse \$100,000 to a non-profit, four-year comprehensive institution of
31 higher learning in South Carolina, first established as a college in 1908, is SACS accredited, and offers baccalaureate degrees and at
32 least one master's or graduate degree.

33 3.5. (LEA: FY 2022-23 Lottery Funding) There is appropriated from the Education Lottery Account for the following education
34 purposes and programs and funds for these programs and purposes shall be transferred by the Executive Budget Office as directed
35 below. These appropriations must be used to supplement and not supplant existing funds for education. For cash flow purposes, the
36 Executive Budget Office may facilitate limited transfers from the general deposits of the state for the exclusive purpose of ensuring

1 the timely distribution of scholarships and tuition assistance payments as provided below. Any use of this transfer allowance must

1 The funds appropriated to the State Board for Technical and Comprehensive Education (SBTCE) for Workforce Scholarships and
2 Grants shall be used to provide grants for tuition, fees, transportation, or expenses for required course related materials to South
3 Carolina residents enrolled in a career education program that meets all eligibility guidelines promulgated by the SBTCE in
4 consultation with the Department of Education. Funds shall not be used for continuing education courses that do not lead to a
5 degree, professional certificate, or industry-recognized credential (IRC).

6 (A) Prior to disbursement of funds and no later than July 30, SBTCE must provide the colleges with a Board approved list,
7 compiled based on regional and statewide industry needs of the programs and credentials for which the colleges are allowed to
8 award grants for the current fiscal year.

9 (B) Grants shall be awarded from the fund in an amount not exceeding five thousand dollars or the total cost of attendance,
10 whichever is less, for students to attend the program of their choice, including a professional certification program, at a South
11 Carolina public technical college. Priority for grant awards shall be given to students seeking a degree, professional certificate, or
12 industry-recognized credential (IRC) in an industry sector with critical workforce needs as identified and recommended by the
13 SBTCE and ratified by the Coordinating Council for Workforce Development.

14 (C) By April fifteenth, the SBTCE shall provide a report to the Chairman of House Ways and Means Committee and the Chairman
15 of the Senate Finance Committee detailing use of funds received in the prior fiscal year. The report must include at minimum for
16 each technical college: a list of programs that received funding, amount spent per program, number of students that received grants,
17 grant amount per student, names of credentials completed by students receiving grants, amount of each type of credential completed,
18 and job placement rates for students who completed programs and/or credentials.

19 Of the funds appropriated to the State Board for Technical and Comprehensive Education for the South Carolina Workforce
20 Industry Needs Scholarship, the board shall administer the South Carolina Workforce Industry Needs Scholarship as outlined below:

21 (A)(1) In the current fiscal year, a student attending a two year public technical college and majoring in a critical workforce area
22 program, as defined and recommended by the State Board for Technical and Comprehensive Education (SBTCE) and ratified by the
23 South Carolina Coordinating Council for Workforce Development, and who is receiving a Lottery Tuition Assistance Program
24 Scholarship (LTAP) for the current fiscal year, shall receive an additional South Carolina Workforce Industry Needs Scholarship
25 (SC WINS). A student who is attending a two-year public technical college, who meets the income eligibility guidelines for free and
26 reduced-priced meals as established by the United States Department of Agriculture (USDA) and who is receiving a LTAP
27 scholarship for the current fiscal year, shall receive a SC WINS scholarship regardless of the student's major. The SC WINS
28 scholarship is equal to the cost of tuition and mandatory fees after applying all other scholarships or grants, not to exceed two
29 thousand five hundred dollars.

30 (2) If the student is a freshman, the student must be enrolled in at least six credit hours of instruction each semester, including
31 at least three credit hours of instruction in one of the critical workforce areas defined by the SBTCE. A student who meets the income
32 guidelines for free and reduced-priced meals as established by the USDA, must be enrolled in at least six credit hours of instruction
33 each semester for the purpose of meeting the required minimum level of instruction in the student's major courses. To receive the
34 additional SC WINS scholarship, the student must receive the underlying LTAP scholarship for that fiscal year and must be making
35 acceptable progress towards receiving a degree in one of the majors pursuant to this proviso. For purposes of meeting this required

1 minimum level of instruction in the freshman's major courses, dual enrollment courses taken in high school in these critical
2 workforce area programs count toward the fulfillment of the minimum requirement.

3 (B) The SBTCE shall adopt rules to define what constitutes a critical workforce program area. Nothing herein prevents a student
4 from changing majors within the acceptable disciplines. Additionally, the SBTCE shall communicate with high school guidance
5 counselors regarding the list of qualifying majors. Critical workforce program additions or deletions must be ratified by the South
6 Carolina Coordinating Council for Workforce Development.

7 (C) If the additional SC WINS scholarship is lost, it may be regained in the same manner the underlying LTAP scholarship is
8 regained.

9 (D) In order for a student to be eligible after attempting twenty-four academic credit hours, the student must have earned a grade
10 point average of 2.0 or better on a 4.0 grading scale.

11 (E) A student may not be eligible to receive the SC WINS scholarship for more than one certificate, diploma, or degree unless
12 the additional certificate, diploma, or degree constitutes progress in the same field of study.

13 (F) A dual-enrollment student in high school who is majoring in one of the critical workforce areas at a technical college qualifies
14 for the SC WINS scholarship. A dual enrollment student in high school who receives a LTAP scholarship at a technical college and
15 qualifies for free and reduced-priced meals, also qualifies for the SC WINS scholarship regardless of the student's major.

16 (G) Additionally, an up to three-hundred-dollar book allowance is applied to a SC WINS recipient's account, who is majoring in
17 one of the critical workforce areas, for expenses towards the cost of required course related materials.

18 (H) If a critical workforce area program is placed on suspension during the SBTCE's program evaluation process, that program
19 no longer qualifies for SC WINS funds at that specific college. Students must be advised on how to complete their program by
20 transferring to another technical college or serving as a transient student at another technical college to complete specified courses.
21 Of the funds appropriated to the Commission on Higher Education for College Transition Scholarships, the commission shall provide
22 scholarships to South Carolina resident students enrolled at a public institution of higher education in an established College
23 Transition Program (CTP) that serves students with intellectual disabilities. The commission, in consultation with the CTPs, shall
24 develop guidelines establishing scholarship eligibility, retention, and/or renewal requirements in accordance with this paragraph.
25 Scholarships shall be awarded to each South Carolina resident student enrolled in an established public CTP in an amount of at
26 least \$2,500 per semester, not to exceed \$10,000 per academic year (including summer semester), and no student may receive a
27 scholarship for more than eight semesters in total. In addition, the limitations of Proviso 11.12 notwithstanding, individual CTPs
28 shall have the discretion to allocate a portion of their aggregate funding provided pursuant to this provision for need-based grants
29 to eligible students. This discretion is allowable only to the extent that the funding for need-based grants for eligible CTP students
30 provided pursuant to Proviso 11.12 has first been fully exhausted. The commission, in cooperation with the CTPs, shall collect and
31 report the number of scholarship recipients and other information determined necessary to evaluate the effectiveness of these
32 scholarships in assisting students with intellectual disabilities in college transition programs. The commission shall provide this
33 report to the Governor, the Chairman of the House Education and Public Works Committee, the Chairman of the Senate Education
34 Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the Senate Finance Committee no later
35 than September 30. Unexpended funds may be carryforward and used for the same purpose, except that up to \$250,000 may be used
36 by the CTP consortium (known as The South Carolina Inclusive Post-Secondary Education Consortium) to be used collaboratively

1 by the consortium to promote better awareness of CTP programs statewide as an option for youth with intellectual disabilities after
2 high school through dedicated support for activities such as, but not necessarily limited to, student recruitment, development and
3 maintenance of a consortium website and associated materials, and the provision of strategic informational events for prospective
4 students and families across the State.
5 Of the funds appropriated to the Commission on Higher Education for Need-Based Grants, public colleges and universities must
6 submit requests to carry forward Need-Based Grants to the Commission on Higher Education by June 30, 2023, and final invoices
7 for Need-based Grants by a date determined by the commission. For Fiscal Year 2022-23, all eligible students must be awarded up
8 to the maximum allowable amount prior to any Need-Based Grant funds being carried forward. Funds only shall be carried forward
9 if all eligible Need-based Grant students at the public colleges and universities are fully funded with financial aid that does not
10 require student repayment. Funds allocated for Fiscal Year 2022-23 must be distributed in the same academic year.

30 reimbursement adequate to ensure effective assistance of counsel and reimbursement in excess of the limit is appropriate because
31 the services to be provided are reasonable and necessary. If prior approval by written order of the court is not obtained, no additional
32 fees shall be paid under any circumstances.

33 Upon a finding in ex parte proceedings that investigative, expert, or other services are reasonable and necessary for the

16 **61.6.** (INDEF: Public Defender Fee) Every person placed on probation on or after July 1, 2003, who was represented by a public
17 defender or appointed counsel, shall be assessed a fee of five hundred dollars. The revenue generated from this fee must be collected
18 by the clerk of court and sent on a monthly basis to the Commission on Indigent Defense. However, if a defendant fails to pay this
19 fee, this failure alone is not sufficient basis for incarceration for a probation violation. This assessment shall be collected and paid
20 over before any other fees.

21 **61.7.** (INDEF: Defense of Indigents Civil Action Application Fee) (A) A person requesting appointment of counsel in any
22 termination of parental rights (TPR), abuse and neglect, or any other civil court action in this state shall execute an affidavit that the
23 person is financially unable to employ counsel and that affidavit shall set forth all of the person's assets. This affidavit must be

31 or reduced to the trial judge and the trial judge shall order the remainder of the fee paid by a time payment method or such method
32 as the trial judge deems appropriate. The clerk of court or other appropriate official shall collect the application fee imposed by this
33 section and remit the proceeds to the Commission on Indigent Defense on a monthly basis. The monies must be deposited in an
34 interest-bearing account separate from the general fund and used only to provide for indigent defense services. The monies shall be
35 administered by the Commission on Indigent Defense. The clerk of court or other appropriate official shall maintain a record of all

2 Indigent Defense on a monthly basis as well as reporting the amount of funds collected or waived.

3 (C) In matters in which a juvenile is brought before a court, the parents or legal guardian of such juvenile shall execute the above
4 affidavit based upon their financial status and shall be responsible for paying any fee. In matters concerning juveniles, the parents
5 or legal guardians of said juvenile, shall be advised in writing of this requirement at the earliest stage of the proceedings against said
6 juvenile.

7 (D) Nothing contained above shall restrict or hinder a court from appointing counsel in any emergency proceedings or where
8 existing statutes do not provide sufficient time for an individual to complete the application process.

9 (E) The appointment of counsel, as herein before provided, creates a claim against the assets and estate of the person who is
10 provided counsel or the parents or legal guardians of a juvenile in an amount equal to the costs of representation as determined by a
11 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

12 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing
13 of a claim shall not constitute a lien against real or personal property of the person unless, in the discretion of the court, part or all of
14 such claim is reduced to judgment by appropriate order of the court, after serving the person with at least thirty days' notice that
15 judgment will be entered. When a claim is reduced to judgment, it shall have the same effect as judgments, except as modified by
16 this provision.

17 **61.8.** (INDEF: Exemption for Pass Through Funding) The funds distributed by the Commission on Indigent Defense to the
18 Legal Services Corporation in accordance with Section 14-1-204 of the 1976 Code shall not be considered part of the commission's

35 **61.12.** (INDEF: Court Case Contract Attorneys) Of the funds appropriated to the Commission on Indigent Defense for court

15 (flat) fee will be determined by the Commission on Indigent Defense. Attorney fees shall not exceed three thousand five hundred
16 dollars.

17 Reimbursement in excess of the hourly rate and limit set forth herein is authorized only if the court certifies, in a written order
18 with specific findings of fact, prior to the fees being incurred, that reimbursement in excess of the rates or limit is necessary to
19 provide reimbursement adequate to ensure effective assistance of counsel and reimbursement in excess of the limit is appropriate
20 because the services to be provided are reasonable and necessary. If prior approval by written order of the court is not obtained, no
21 additional fees shall be paid under any circumstances.

22 Upon a finding in ex parte proceedings that investigative, expert, or other services are reasonable and necessary for the
23 representation of the defendant, the court shall authorize the defendant's attorney to obtain such services on behalf of the defendant
24 and shall authorize the payment, from funds available to the Commission on Indigent Defense, of fees and expenses not to exceed
25 five hundred dollars as the court considers appropriate. Payment in excess of the five-hundred-dollar limit is authorized only if the

3 of the agency. This requirement shall not affect additional appropriation requests for public assistance payments or aid to entities.
4 This section does not apply to those agencies that have been exempted from the reporting requirements of the Human Affairs
5 Commission.

6 **117.14.** (GP: FTE Management) In order to provide the necessary control over the number of employees, the Executive Budget

11 the total number of authorized full-time equivalent positions by agency for state and total funding sources.

12 (a) That within thirty days of the passage of the Appropriation Act or by August first, whichever comes later, each agency of
13 the State must have established on the Executive Budget Office records all positions authorized in the Act. Each agency may, upon
14 notification to the Executive Budget Office, change the funding source of state FTE positions established on the Executive Budget
15 Office records as necessary to expend federal and other sources of personal service funds to conserve or stay within the state
16 appropriated personal service funds. No agency shall change funding sources that will cause the agency to exceed the authorized
17 number of state or total full-time equivalent positions. Each agency may transfer FTEs between programs as needed to accomplish
18 the agency mission.

19 (b) That by September thirtieth, the office shall prepare a FTE analysis, by agency, which shows the number of authorized,
20 filled, and vacant positions by source of funds for the current and two previously completed fiscal years. The office shall provide a
21 copy of each agency's FTE analysis to the Senate Finance and House Ways and Means Committees.

22 (3) That full-time equivalent (FTE) positions shall be determined under the following guidelines:

23 (a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.

24 (b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for that
25 position.

26 (c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty with
27 a duration of nine months.

28 The FTE method of accounting shall be utilized for all authorized positions.

29 (4) That the number of positions authorized in this act shall be reduced in the following circumstances:

30 (a) Upon request by an agency.

32 (c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions in
33 any state agency.

34 (5) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but
35 temporary positions may be so funded.

1 (6) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation Plan
2 under item I of Section 8-11-260 of the 1976 Code.

3 The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of
4 personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one
5 hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new
6 positions).

7 **117.15.** (GP: Allowance for Residences & Compensation Restrictions) That salaries paid to officers and employees of the State,
8 including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office or of
9 employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged for
10 at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The charge
11 for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each agency
12 maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal
13 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical
14 care at the MUSC Medical Center, nor to the Superintendent and staff of the Governor's School for Agriculture at John de la Howe,

16 working hours in the SLED Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science
17 and Mathematics and the Governor's School for Arts and Humanities who are required to stay on campus by the institution because
18 of job requirements or program participation. Any state institution of higher learning may provide complimentary membership
19 privileges to employees who work at their wellness centers. The presidents of those state institutions of higher learning authorized
20 to provide on-campus residential facilities for students may be permitted to occupy residences on the grounds of such institutions
21 without charge.

22 Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the amount
23 to be approved by the State Fiscal Accountability Authority.

24 That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm Director,
25 Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State Commission of

1 officials, the fair market rental value of any residence furnished to a state employee shall be reported by the state agency furnishing
2 the residence to the Agency Head Salary Commission, and the Department of Administration by October first of each fiscal year.

3 All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan, approved
4 by the Department of Administration, applicable to all personnel of the State Government whose compensation is not specifically
5 fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal service is
6 drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and unclassified
7 employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary adjustment
8 shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire. Academic
9 personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered by the

19 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the
20 Department of Administration.

21 In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply if
22 the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet
23 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average
24 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging
25 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent
26 paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the
27 close of the calendar year in which the taxable year begins, or, in the case of a rental period not greater than one year, at any time

5 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head
6 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry
7 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per
8 incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

9 **117.18.** (GP: Business Expense Reimbursement) Agency heads and deputy commissioners or deputy directors designated by
10 agency heads may receive reimbursements for business expenses incurred while performing their official duties, provided that

26 by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the
27 obtaining of meals except that such costs shall not exceed \$35 per day within the State of South Carolina. For travel outside of South

23 reimbursed up to \$1,000 for payments made in the prior calendar year on outstanding law school loans. Reimbursements for law
24 school loan payments may be increased by up to \$1,000 for each additional year of continuous service; however, such reimbursements
25 shall not exceed \$5,000 in any year. The amount of law school loan payment reimbursement in any calendar year shall not exceed
26 the amount of principal and interest paid on the loan in the prior calendar year. Reimbursements under the program may continue
27 until all outstanding law school loans are satisfied; however, such reimbursements shall not exceed \$40,000 per qualifying attorney.
28 Reimbursements shall be adjusted if necessary so as not to exceed appropriations for the program.

29 The Prosecutors and Defenders Public Service Incentive Program must be administered by the Commission on Prosecution

6 **117.62.** (GP: Critical Employee Recruitment and Retention) State agencies are allowed to spend state, federal, and other sources
7 of revenue to provide lump sum bonuses to aid in recruiting and retaining workers in critical needs jobs which provide services that
8 directly impact the health, safety, and welfare of the public. The employee bonus amount shall be approved by the State Human
9 Resources Director based on State Human Resources guidelines, and shall not exceed \$10,000 per year. Payment of these bonuses
10 is not a part of the employee's base salary and is not earnable compensation for purposes of employee and employer contributions
11 to respective retirement systems. These bonuses shall, however, be considered earnings for determining if an employee who has
12 returned to work after retirement is subject to the earning limitation imposed in either Section 9-1-1790(A)(1) or Section
13 9-11-(4)(a)(i).

14 These agencies may also provide paid educational leave for any employee in a FTE position deemed critical by the Department of
15 Administration to attend class while enrolled in degree programs that are related to the agency's mission. All such leave is at the
16 agency head's discretion.

17 These agencies may enter into an agreement with individuals employed in critical needs positions to repay them for their
18 outstanding student loans associated with completion of a relevant degree. Agencies may pay these employees up to twenty percent
19 or \$7,500, whichever is less, of their outstanding student loan each year over a five-year period. Payments will be made directly to
20 the employee at the end of each year of employment. The agency will be responsible for verifying the principal balance of the
21 employee's student loan prior to issuing payments.

22 Agencies are also authorized to allow tuition reimbursement from a maximum of ten credit hours per semester; allow probationary
23 employees to participate in tuition programs; and provide tuition prepayment instead of tuition reimbursement for employees willing
24 to pursue a degree in a healthcare program. An agency may pay up to fifty percent of an employee's tuition through tuition
25 prepayment. The remaining tuition could be reimbursed to the employee after successful completion of the class.

26 The Department of Administration shall approve of the designation of critical needs positions applicable to this provision using
27 guidelines that include, but are not limited to: 1) the difficulty recruiting for the positions as reflected by data such as the vacancy
28 rate maintained, the average time to fill, the lack of sufficient qualified applicants, and other objective factors; 2) the difficulty
29 retaining employees in the positions as shown by turnover data; 3) justification by the state agency that the position is critical to the
30 core mission of the agency and directly impacts the health, safety and welfare of the public; and 4) assurances from the state agency
31 that there are sufficient existing funds available to pay for items under this provision.

32 Healthcare employees in approved critical needs positions working on a practicum or required clinical experience towards
33 completion of a healthcare degree may be allowed to complete these requirements at their state agency or another state agency at the
34 discretion of the agency head. This field placement at another state agency may be considered work time for participating employees.

1 State agencies must report to the Department of Administration by August 31st of each year any expenditure under this provision.
2 The Department of Administration shall compile a report of the responses and submit them to the Chairman of the Senate Finance
3 Committee and the Chairman of the House Ways and Means Committee by October 1st of each year.

4 **117.63.** (GP: Governor's Budget Certification) The annual Executive Budget proposed by the Governor must be certified by the

6 Finance Committee versions of the budget bill are certified.

7 **117.64.** (GP: Voluntary Furlough) Agency heads may institute a voluntary employee furlough program of not more than ninety
8 days per fiscal year. During this voluntary furlough, the state employees shall be entitled to participate in the same state benefits as
9 otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee
10 contributions, the state agencies, institutions and departments will be responsible for making both employer and employee
11 contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the
12 employee remains solely responsible for making those contributions. In the event an agency's reduction is due solely to the General
13 Assembly transferring or deleting a program, this provision does not apply.

14 **117.65.** (GP: Governor's Security Detail) The State Law Enforcement Division, the Department of Public Safety, and the
15 Department of Natural Resources shall provide a security detail to the Governor in a manner agreed to by the State Law Enforcement
16 Division, the Department of Public Safety, the Department of Natural Resources, and the Office of Governor. Reimbursement to the
17 State Law Enforcement Division, the Department of Public Safety, and the Department of Natural Resources to offset the cost of the
18 security detail for the Governor shall be made in an amount agreed to by the State Law Enforcement Division, the Department of
19 Public Safety, the Department of Natural Resources, and the Office of Governor from funds appropriated to the Office of Governor
20 for this purpose. Law enforcement officers assigned to security detail for the Governor shall only perform services related to security
21 and shall not provide any unrelated service during the assignment.

22 **117.66.** (GP: Reduction in Force Antidiscrimination) In the event of a reduction in force implemented by a state agency or
23 institution, the state agency or institution must comply with Title VII of the Civil Rights Act of 1964 or any other applicable federal
24 or state antidiscrimination laws.

25 **117.67.** (GP: Reduction in Force/Agency Head Furlough) In the event a reduction in force is implemented by a state agency or
26 institution of higher learning, the agency head shall be required to take five days furlough in the current fiscal year. If more than one
27 reduction in force plan is implemented in a fiscal year, the mandatory agency head furlough is only required for the initial plan. The
28 agency head will retain all responsibilities and authority during the furlough. All monies saved from this furlough may be retained
29 by that agency and expended at the discretion of the agency head. During this furlough, the agency head shall be entitled to participate
30 in the same state benefits as otherwise available to them except for receiving their salaries. As to those benefits which require
31 employer and employee contributions, the state agency will be responsible for making both employer and employee contributions if
32 coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the agency head
33 remains solely responsible for making those contributions.

34 Placement of an agency head on furlough under this provision does not constitute a grievance or appeal under the State Employee
35 Grievance Procedure Act. In the event the reduction for the state agency or institution of higher learning is due solely to the General
36 Assembly transferring or deleting a program, this provision does not apply. Agencies may allocate the agency head's reduction in

1 pay over the balance of the fiscal year for payroll purposes regardless of the pay period within which the furlough occurs. The
2 Department of Administration shall promulgate guidelines and policies, as necessary, to implement the provisions of this proviso.
3 State agencies shall report information regarding furloughs to the Department of Administration.

4 For purposes of this provision, agency head includes the president of a technical college as defined by Section 59-103-5 of the
5 1976 Code.

6 The agency head of the State Board for Technical and Comprehensive Education shall not be required to take this mandatory
7 furlough based solely on the implementation of a reduction in force plan by a technical college.

8 An agency head shall not be required to take this mandatory furlough based solely on reductions in force implemented as a result
9 of federal budget cuts or reorganization to accomplish organizational efficiencies.

10 **117.68.** (GP: Printed Report Requirements) (A) For the current fiscal year, state supported institutions of higher learning shall
11 not be required to submit printed reports mandated by Sections 2-47-40, 2-47-50, and 59-103-110 of the 1976 Code, and shall instead
12 only submit the documents electronically.

13 Submission of the plans or reports required by Sections 59-101-350, 59-103-30, 59-103-45(4), and 59-103-160(D) shall be waived
14 for the current fiscal year, except institutions of higher learning must continue to report student pass rates on professional
15 examinations, and data elements otherwise required for the Commission on Higher Education Management Information System.
16 The commission, in consultation with institutions, shall take further action to reduce data reporting burdens as possible.

17 (B) For the current fiscal year, the Department of Agriculture shall not be required to submit printed reports mandated by Section

23 (D) For the current fiscal year, the Department of Transportation shall not be required to submit printed reports or publications
24 mandated by Sections 1-11-58, 2-47-55, and 58-17-1450 of the 1976 Code.

25 The Department of Transportation may combine their Annual Report and Mass Transit Report into their Annual Accountability
26 Report.

27 **117.69.** (GP: IMD Operations) The Department of Health and Human Services shall produce an annual report on
28 Medicaid-funded out-of-home placements and associated expenditures which shall be provided to the Chairman of the Senate
29 Finance Committee, Chairman of the House Ways and Means Committee, and the Governor no later than November first each year.

30 **117.70.** (GP: Fines and Fees Report) In order to promote accountability and transparency, each state agency must provide and
31 release to the public via the agency's website, a report of all aggregate amounts of fines and fees that were charged and collected by
32 that state agency in the prior fiscal year. The report shall include, but not be limited to: (1) the code section, regulation, or proviso
33 that authorized the fines and fees to be charged, collected, or received; (2) the amount of the fine or fee; (3) the amount received by
34 source; (4) the purpose for which the funds were expended by the agency; (5) the amount of funds transferred to the general fund, if
35 applicable, and the authority by which the transfer took place; and (6) the amount of funds transferred to another entity, if applicable,
36 and the authority by which the transfer took place, as well as the name of the entity to which the funds were transferred. The report

1 must be posted online by September first. Additionally, the report must be delivered to the Chairman of the Senate Finance
2 Committee and the Chairman of the House Ways and Means Committee by September first. Funds appropriated to and/or authorized
3 for use by each state agency shall be used to accomplish this directive.

4 **117.71.** (GP: Mandatory Furlough) In a fiscal year in which the general funds appropriated for a state agency are less than the
5 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office
6 implements a midyear across-the-board budget reduction, and agency heads institute a mandatory employee furlough program, in
7 determining which employees must participate in the program, agency heads should give consideration to furloughs for contract
8 employees, post-TERI employees, and TERI employees before other employees. During this mandatory furlough, the state
9 employees shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries.
10 As to those benefits which require employer and employee contributions, the state agencies, institutions, and departments will be
11 responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those
12 benefits which require only employee contributions, the employee remains solely responsible for making those contributions. In the
13 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

14 **117.72.** (GP: Reduction In Force) In a fiscal year in which the general funds appropriated for a state agency are less than the
15 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office
16 implements a midyear across-the-board budget reduction, and agency heads must make reductions in force, agency heads should
17 give consideration to reductions of contract employees, post-TERI employees, and TERI employees before other employees. In the
18 event an agency's reduction is due solely to the General Assembly transferring or deleting a program, this provision does not apply.

19 **117.73.** (GP: Cost Savings When Filling Vacancies Created by Retirements) During the current fiscal year, whenever classified
20 FTEs become vacant because of employee retirements, it is the intent of the General Assembly that state agencies should realize
21 personnel costs savings of at least twenty-five percent in the aggregate when managing these vacant positions. Prior to filling a
22 classified FTE which has become vacant because of a retirement, an agency must review and determine the appropriate salary for
23 the position as well as determine whether the agency can manage without filling the position or by delay in filling the position. Prior
24 to filling the vacant FTE, agencies must follow all laws and regulations concerning posting and competitive solicitation and
25 consideration of applicants. No agency shall enter into any agreement with any employee that violates the terms of this proviso.

26 **117.74.** (GP: Information Technology for Health Care) From the funds appropriated and authorized to the Department of Health
27 and Human Services, the department shall advance the use of health information technology and health information exchange to
28 improve quality and efficiency of health care and to decrease the costs of health care as follows:

29 (A) In order to facilitate the qualification of Medicare and/or Medicaid eligible providers and hospitals for incentive payments
30 for meaningful health information technology (HIT) use, a health care organization participating in the South Carolina Health

32 exchange (HIE) that participates in SCHIE may release patient records and medical information, including the results of any
33 laboratory or other tests ordered or requested by an authorized health care provider within the scope of his or her license or practice
34 act, to another health information organization that requests the information via a HIE for treatment purposes with or without express
35 written consent or authorization from the patient. A health information organization that receives or views this information from a
36 patient's electronic health record or incorporates this information into the health information organization's electronic medical record

1 for the patient in providing treatment is considered an authorized person for purposes of 42 C.F.R. 493.2 and the Clinical Laboratory
2 Improvement Amendments.

3 ~~(B) There is established the Health Information Exchange Strategy Development Committee to make recommendations on the~~
4 ~~development of a statewide HIE strategy that is intended to promote interoperability for purposes of improving patient safety,~~

6 ~~other states' approaches to governing, financing, and implementing their statewide HIE efforts, including enhanced funding made~~
7 ~~available through the Centers for Medicare and Medicaid Services or other relevant agencies, and shall report its findings and~~
8 ~~recommendations to the Governor, the Chairman of the House Ways and Means Committee, and the Chairman of the Senate Finance~~
9 ~~Committee no later than November 15, 2021. The committee shall consider and leverage the capabilities of existing exchanges and~~

- 20 ~~(8) an individual with substantial HIE experience, who shall be appointed by the Governor.~~

21 ~~(C) The department shall be authorized to use any of its available and uncommitted funds to develop, submit, or implement any~~
22 ~~advance planning documents or other similar plans in furtherance of a statewide HIE strategy, and to secure any available federal~~
23 ~~funding. The department shall expeditiously prepare and submit any such documents or plans, particularly if necessary to meet any~~
24 ~~federal deadlines.~~

25 *(B) The department is authorized to award any grants, contracts, and/or other agreements that it deems to be in furtherance of*
26 *the recommendations of the Health Information Exchange Strategy Development Committee established pursuant to Act 94 of 2021.*

27 **117.75.** (GP: Broadband Spectrum Lease) The General Assembly must approve any exercise of the Middle Band Segment
28 Channel recapture provisions contained in the Educational Broadband Service Spectrum Lease Agreements if the exercise of the
29 recapture provisions would result in a decrease in payments received by the State. The Educational Television Commission assumes
30 management and administration of the lease and receives lease payments directly. The Educational Television Commission shall
31 retain and expend funds received pursuant to the lease for agency operations. The commission shall be authorized to carry forward
32 unexpended funds from the prior fiscal year into the current fiscal year. In the event of a default by the current lease holder, the
33 Educational Television Commission is authorized to use contingent funds up until such time as a new lease can be negotiated by the
34 State and the Educational Television Commission.

35 **117.76.** (GP: Reduction in Compensation) For the current fiscal year, no state agency or political subdivision of this state may
36 decrease the compensation of an employee, including dismissal, suspension, or demotion, solely because the employee gave sworn

1 testimony regarding alleged wrongdoing to a standing committee, subcommittee of a standing committee, or study committee of the
2 Senate or the House of Representatives. This proviso shall apply regardless of when the alleged wrongdoing occurred.

3 **117.77.** (GP: Deficit Monitoring) It is the responsibility of each state agency, department, and institution to operate within the
4 limits of its authorized appropriations. All agencies, departments, and institutions are to budget, allocate and manage its authorized
5 appropriations in a way to avoid an operating deficit for the fiscal year.

6 If at the end of each quarterly deficit monitoring review by the Executive Budget Office, it is determined by either the Executive
7 Budget Office or a state agency, department, or institution that the likelihood of a deficit for the current fiscal year exists, the state
8 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget
9 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the
10 Executive Budget Office shall either request the General Assembly to recognize the deficit if it determines the deficit avoidance plan
11 will not be sufficient to avoid a deficit or notify the General Assembly of how the deficit will be avoided based on the deficit
12 avoidance plan if the Executive Budget Office determines the plan will be sufficient to avoid a deficit.

13 Upon notification from the Executive Budget Office that an agency will run a deficit and requesting that it be recognized, the
14 General Assembly, by joint resolution, may make a finding that the cause of, or likelihood of, a deficit is unavoidable due to factors
15 which are outside the control of the state agency, department, or institution, and recognize the deficit. Any legislation to recognize
16 a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency,
17 department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

18 If the General Assembly recognizes the deficit, then the actual deficit at the close of the fiscal year must be reduced as necessary
19 from surplus revenues or surplus funds available at the close of the fiscal year in which the deficit occurs and from funds available
20 in the General Reserve Fund and the Capital Reserve Fund, as required by the Constitution of this State.

21 Once a deficit has been recognized by the General Assembly, the state agency, department, or institution shall limit travel and
22 conference attendance to that which is deemed essential by the director of the agency, department, or institution. In addition, the
23 General Assembly, when recognizing a deficit may direct that any pay increases and purchases of equipment and vehicles must be
24 approved by the Executive Budget Office.

25 **117.78.** (GP: Commuting Costs) State government employees who use a permanently assigned agency or state-owned vehicle
26 to commute from their permanently assigned work location to and from the employee's home must reimburse the agency in which
27 they are employed for commuting use in accordance with IRS regulations based on guidance from the Office of Comptroller General
28 which must use the Cents per mile Rule, unless they are exempted from such reimbursement by applicable IRS regulations. These
29 permanently assigned vehicles must be clearly marked as a state or agency vehicle through the use of permanent state-government
30 license plates and either state or agency seal decals unless the vehicle is used primarily in undercover operations. This requirement
31 does not apply to a vehicle used by an employee for the purpose of a special travel assignment, for active certified law enforcement
32 officers authorized to carry firearms, execute warrants, and make arrests, for Constitutional Officers, or for Department of
33 Transportation employees on call for emergency maintenance.

1 account in the prior fiscal year. The report shall be submitted to the State Fiscal Accountability Authority by October first of each
2 fiscal year. The report shall include the name(s) and title(s) of each person authorized to sign checks or make withdrawals from each
3 account, the name and title of each person responsible for reconciling each account, the beginning and year-end balance of funds in
4 each account, and data related to both deposits and expenditures of each account. The report shall include, but not be limited to, the
5 date, amount, and source of each deposit transaction and the date, name of the payee, the transaction amount, and a description of
6 the goods or services purchased for each expenditure transaction. To facilitate review, the State Fiscal Accountability Authority
7 shall prescribe a common format for the report which agencies must use. In order to promote accountability and transparency, a link
8 to the report shall be posted on the Comptroller General's website as well as the agency's homepage.

9 When the State Auditor conducts or contracts for an audit of a state agency, accounts of the agency subject to this proviso must be
10 included as part of the review.

11 If an agency determines that the release of the information required in this provision would be detrimental to the state or the
12 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting
13 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.
14 However, the exemption may only be granted upon a majority vote of the State Fiscal Accountability Authority in a public meeting.

15 **117.80.** (GP: Websites) All agencies, departments, and institutions of state government shall be responsible for providing on its
16 Internet website a link to the Internet website of any agency, other than the individual agency, department, or institution, that posts
17 on its Internet website that agency, department, or institution's monthly state procurement card statements or monthly reports
18 containing all or substantially all the same information contained in the monthly state procurement card statements. The link must
19 be to the specific webpage or section on the website of the agency where the state procurement card information for the state agency,
20 department, or institution can be found. The information posted may not contain the state procurement card number. Any
21 information that is expressly prohibited from public disclosure by federal or state law or regulation must be redacted from any posting
22 required by this section.

23 **117.81.** (GP: Regulations) For the current fiscal year, if a state agency proposes a regulation that levies or increases a fee, fine,
24 or that otherwise generates revenues, the title to the Joint Resolution which proposes the regulation must indicate that a fee, fine, or
25 revenue source is being proposed.

26 **117.82.** (GP: Joint Children's Committee) For the current fiscal year, the Department of Revenue is directed to reduce the rate
27 of interest paid on eligible refunds by one percentage point. Of the revenue resulting from this reduction, \$300,000 shall be
28 transferred to the Senate for the Joint Citizens and Legislative Committee on Children to provide the report, research, and other
29 operating expenses as directed in Section 63-1-50 of the 1976 Code. Funds transferred to the University of South Carolina for the
30 Joint Citizens and Legislative Committee on Children shall be maintained in a separate and distinct account. A detailed report of all
31 expenditures shall be made to the Executive Budget Office within thirty days of the close each fiscal quarter, and the Executive
32 Budget Office shall distribute this information to the Chairman of the Senate Finance Committee and the Chairman of the House
33 Ways and Means Committee. The remaining revenue resulting from this reduction shall be transferred to the Department of Juvenile
34 Justice to be used for mentoring or alternatives to incarceration programs. Unexpended funds authorized by this provision may be
35 retained and carried forward by the Senate or the Department of Juvenile Justice, respectively, and used for the same purposes. The
36 rate of reduction authorized in this provision shall be in addition to the reduction authorized in Proviso 41.2.

3 **117.112.** (GP: State Employee Leave Donation) In the event of a medical emergency, a state employee may make a written
4 request to the employing agency that a specified number of hours of his accrued annual and/or sick leave be transferred from his

6 director. An employee with less than fifteen days in his sick leave account may not transfer any sick leave to the recipient, and an
7 employee with more than fifteen days in his sick leave account may transfer sick leave to the recipient if he retains a minimum of
8 fifteen days in his own sick leave account. Once leave of an employee has been transferred to the recipient, it may not be restored
9 or returned to the leave donor. For purposes of this provision, a medical emergency is defined under IRS Revenue Ruling 90-29 as
10 a medical condition of the employee or a family member that will require the prolonged absence of the employee from duty and will
11 result in a substantial loss of income to the employee because the employee will have exhausted all paid leave available apart from
12 the leave-sharing plan.

3 opportunity to meaningfully participate in the development of any annual refining to the initiative's strategic plan. Working with
4 the department, the MUSC Hospital Authority shall collaborate with Palmetto Care Connections to pursue this goal. No less than
5 \$1,000,000 of these funds shall be allocated toward support of Palmetto Care Connections and other hospitals in South Carolina.

24 participating employers in SCRS and PORS for Fiscal Year ~~2021-22~~ 2022-23. Each employer's credit shall be determined at the
25 same rate as calculated by PEBA for the pension funding allocation credit for Fiscal Year 2017-18. A participating employer shall
26 not receive a credit that exceeds the employer contributions due from the employer.

35 (2) ~~The department may also use these funds to expand its program to contract with psychiatric and acute care hospitals to~~
 36 ~~place indigent patients who need hospital level care in hospitals' general or psychiatric beds on a temporary basis during a crisis.~~

1 (3) formalizing and expanding the coverage of claims-based mobile crisis stabilization services that offer rapid and intensive
2 interventions intended to stabilize individuals at the sites of behavioral health crises;

3 (4) developing one or more regional dedicated psychiatric emergency departments, operating twenty-four hours per day, seven
4 days per week to effectively evaluate and triage patients experiencing acute behavioral health emergencies;

5 (5) developing effective referral and discharge strategies and engaging with existing community providers to ensure that
6 sufficient outpatient services, case management services, and standards of care are in place;

7 (6) leveraging and building upon existing telehealth capacity to support and extend outpatient services; and

8 (7) promoting the development of in-state treatment options for specific behavioral health conditions for which patients are
9 routinely placed out-of-state due to an insufficiency of treatment options or settings in South Carolina.

10 (C) After consulting with the Director of the Department of Mental Health, the Director of the Department of Health and Human
11 Services shall establish such coverage and reimbursement policies for mobile crisis stabilization, and/or intensive outpatient services
12 as he deems necessary and appropriate to fulfill the intent of this provision. These policies shall facilitate the claiming of matching
13 funds where feasible. Any state funds saved through this effort shall remain committed to the provision of care to patients with
14 behavioral health needs. With funds available to the department, the Department of Health and Human Services shall be authorized
15 to provide as much as one hundred thousand dollars per bed towards the initial capital costs of establishing crisis stabilization units
16 pursuant to this provision. The Department of Mental Health shall supply information in the format specified by the Department of
17 Health and Human Services for this purpose. The Executive Director of the Public Employee Benefit Authority shall be encouraged
18 to consult with the Director of the Department of Mental Health and Human Services to make appropriate coverage and
19 reimbursement policy changes to ensure proper access to mobile crisis and crisis stabilization behavioral health services for covered
20 beneficiaries.

21 (D) The Data Oversight Council, established pursuant to Section 44-6-170 of the 1976 Code, shall undertake whatever rulemaking
22 is necessary to ensure that the data on the utilization of crisis stabilization units are collected in a manner generally consistent with
23 the requirements for general acute care hospitals and specialized hospitals, so that the effectiveness of these services may be properly
24 evaluated. The Data Oversight Council, Department of Health and Environmental Control, and any other state agency shall, upon
25 the request of and in the format specified by the Department of Health and Human Services, furnish information on behavioral health
26 service demand, utilization, or financing needed to facilitate the implementation of this provision.

27 (E) With the support of the Director of the Department of Mental Health, the Director of the Department of Alcohol and Other
28 Drug Abuse Services, and any other identified agency head, the Director of the Department of Health and Human Services shall
29 evaluate opportunities to improve and/or coordinate treatment capacity for individuals diagnosed with substance use disorder and/or
30 serious mental illness including, but not limited to, options established pursuant to Sections 1es115, 1915(l), and/or 1947 of the
31 Social Security Act or made available to states by the Centers for Medicare and Medicaid Services through State Medicaid Director
32 Letters 17-003, 18-011, or 19-0003. ~~These options shall be evaluated based substantially upon criteria such as their relative abilities~~
33 ~~to:~~

34 ~~(1) increase behavioral health treatment capacity at the inpatient, partial hospitalization, intensive outpatient, and/or outpatient~~
35 ~~levels of care;~~

1 ~~(2) obtain federal matching funds to help offset the costs of state-funded treatment for substance use and/or mental health~~
2 ~~treatment; and~~

3 ~~(3) convert indigent care to a sustainable reimbursement model that improves access to behavioral health and/or substance use~~
4 ~~treatment while potentially alleviating pressure on the state general fund and reducing levels of uncompensated care.~~

5 ~~(F) After or while completing the evaluation required by subsection (E), the Director of the Department of Health and Human~~
6 ~~Services shall be authorized to apply for a state planning grant pursuant to Section 1947(e) of the Social Security Act and pursue any~~
7 ~~necessary implementing state plan amendments and/or waivers. Copies of the public notices accompanying these actions shall be~~
8 ~~furnished to the Chairman of the House Ways and Means Committee and the Chairman of the Senate Finance Committee. *In*~~
9 ~~*consultation with the Department of Juvenile Justice and the Department of Mental Health, the Department of Health and Human*~~
10 ~~*Services shall ensure that access to “no eject, no reject” services is restored for children and adolescents requiring care in a private*~~
11 ~~*residential treatment facility.*~~

12 ~~(G) To ensure that individuals requiring behavioral health services are protected from unexpected or excessive billings, the~~
13 ~~Department of Mental Health shall examine ways to convert state-funded or DSH-funded indigent care to a sustainable~~
14 ~~reimbursement model that improves access to behavioral health treatment while potentially reducing uncompensated care levels and~~
15 ~~the department’s reliance on state funds. In the current fiscal year, the department shall report to the Chairmen of the Senate~~
16 ~~Finance Committee and the House Ways and Means Committee on the results of this examination and the actions taken to address~~
17 ~~any findings. The department also shall:~~

18 ~~(1) contract for an exhaustive independent review of its entire revenue cycle, to eliminate inefficiencies and improve business~~
19 ~~processes, ensure that bills are produced on a timely and accurate basis, and assess and maximize the proportion of the time during~~
20 ~~which the department’s clinicians and providers are rendering chargeable treatment services to the State’s citizens; and~~

21 ~~(2) ensure its immediate and ongoing compliance with the hospital price transparency rules established at 45 C.F.R. Part 180,~~
22 ~~and also meet its obligation to provide certain patients with good faith estimates as required by the No Surprises Act, P.L. 116-260,~~
23 ~~and subsequent regulation.~~

24 ~~(H) With the support and participation of the Department of Education and the Department of Mental Health, and with the intent~~
25 ~~of assuring access to behavioral health services to every student in the State through either a public or private provider, the~~
26 ~~Department of Health and Human Services must lead a comprehensive effort to improve access to and the quality of school-based~~
27 ~~behavioral health services in South Carolina, while identifying and taking steps to address community-level disparities in the~~
28 ~~availability of this care. This effort shall include, but not be limited to:~~

29 ~~(1) the performance of a comprehensive review of Medicaid and non-Medicaid school-based behavioral health services in~~
30 ~~South Carolina, including an assessment of the availability of such services and the identification of any barriers to access, such as~~
31 ~~coverage and reimbursement rules, billing practices, other insurer policies, state agency, school district rules or procedures, or~~
32 ~~provider shortages;~~

33 ~~(2) a revisitation of existing coverage policies for medically necessary services provided to children, including those with or~~
34 ~~without a disability determination, and whether those services are or are not required by a child’s individualized education plan or~~
35 ~~individualized family services plan, whether they do or do not arise from a referral under the Early and Periodic Screening,~~
36 ~~Diagnostic, and Treatment program, and in the context of State Medicaid Director Letter 14-006;~~

- 1 (3) the rescission of any Medicaid or PEBA policies that deny coverage, solely on the basis that those services are being
2 provided within a school or through a telehealth encounter that originates in a school, of medically necessary outpatient services
3 that have been furnished to eligible children by enrolled and qualified providers;
- 4 (4) the issuance of any new Medicaid policies needed to durably enshrine any appropriate telehealth coverage that had been
5 authorized on a temporary basis during the public health emergency;
- 6 (5) a review of statewide and school district-level policies and practices relating to suicide risk referral protocols and
7 behavioral health training for student-facing personnel in schools; and
- 8 (6) reporting to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee
9 on any other relevant potential policy changes that the Director of the Department of Health and Human Services believes would
10 advance the intent of this provision, but which would have a fiscal impact that is sufficiently substantial to require the General
11 Assembly's direct consideration in the future.
- 12 (I) The Department of Health and Human Services is authorized to establish programs and/or fund in whole or in part, including
13 through the potential use of CHIP Health Services Initiatives, various pilot projects or other initiatives that are intended to develop
14 the health care workforce in South Carolina. Such efforts must be targeted toward current or future providers who demonstrate, by
15 whatever means is selected by the department, commitments to remaining in-state and including Medicaid beneficiaries among their
16 patients. The development of the behavioral health workforce shall be prioritized, although the department may also address other
17 provider classes, such as respiratory therapists, for which shortages have been highlighted and/or exacerbated by the public health
18 emergency. Further consideration also should be given to attracting additional qualified preceptors and increasing opportunities
19 for clinical rotations. The department may partner with or enlist the support of the Technical College System, Area Health Education
20 Centers, and/or Student Loan Corporation in designing or administering these programs and, where appropriate, is encouraged to
21 structure them as public-private partnerships in conjunction with the state's hospital and health systems and other key employers of
22 health providers.
- 23 (G)(J) If either the Director of the Department of Mental Health or the Director of the Department of Health and Human Services
24 finds that state personnel and/or procurement rules are limiting his ability to fulfill the intent of this provision, he shall notify the
25 State Fiscal Accountability Authority of this in writing and request whatever exemptions are necessary to ensure that clinical staff
26 may be recruited, retained, and/or contracted for so as to provide greater access to behavioral health treatment.
- 27 (H)(K) In consultation with the Department of Mental Health, the Department of Health and Human Services shall assess the
28 feasibility of, and if warranted, take steps to establish or obtain through grant, contract, subscription, or other procurement, a
29 statewide system for the near-real time tracking of in-patient psychiatric hospital beds and crisis stabilization beds. This system
30 should be generally designed to draw data from providers' existing electronic medical record systems and make summary-level data
31 available to authorized users within state agencies, participating provider organizations, and any others to be specified by the
32 Department of Health and Human Services, for the purposes of managing critical resources and ensuring that patients may be
33 promptly treated in the most effective and clinically appropriate setting. To protect patient privacy and ensure HIPAA compliance,
34 the system may only collect information on the types, counts, and availability of beds, or other categorical or aggregated information,
35 as opposed to individually identifying patient details. In partnership with the following named agencies, the Department of Health
36 and Human Services may also explore and pursue the use of such a system:

1 (1) to meet the emergency preparedness and disaster recovery requirements of the Department of Health and Environmental
2 Control and the Emergency Management Division that are currently met by the Bed Availability Report Tracking system; and/or

3 (2) to augment or replace the capabilities of the Department on Aging's GetCareSC website.

4 (L) From the funds appropriated to or otherwise made available to it, the Department of Health and Human Services is authorized
5 to procure, enter into contracts and agreements, offer grants, and otherwise expend funds as well as establish demonstration projects
6 in one or more areas of the state to encourage and promote necessary infrastructure and investment to achieve the objectives set out
7 in this provision. The department shall develop policies and procedures as necessary to assure accountability in the expenditure of
8 these funds and apply for federal matching funds when appropriate and available. The department shall report annually to the
9 Senate Finance Committee and the House Ways and Means Committee on all expenditures made under this provision.

10 (M) A crisis stabilization unit facility established or funded pursuant to this provision shall be deemed to have met the operation
11 or partnership terms of Section 101.K. and Section 102.G. of Regulation 61-125. Such a facility and any other facility funded or
12 established pursuant to this provision is a DMH facility for purposes of Section 44-7-170(B)(2), even if it is constructed and/or
13 operated by one or more private entities.

14 (N) Funds appropriated for Behavioral Health Capacity may be retained by the Department of Health and Human Services and
15 carried forward to be expended for any purpose specified in this provision.

20 the Division of Procurement Services of the State Fiscal Accountability Authority in the development and issuance of a Request for
21 Proposals (RFP) for an Alternative Transportation Program that provides transportation services for nonviolent individuals requiring

24 the RFP, the Division of Procurement Services shall provide relevant stakeholders with an opportunity to provide recommendations
25 on the scope and structure of the Alternative Transportation Program, subject to the following provisions:

26 (1) The program shall initially be made available within a pilot region to be identified by the authority in consultation with the
27 Department of Mental Health. Subject to the authority's judgment, the RFP shall be structured so as to accommodate subsequent

29 region, but a single vendor may be selected to provide services in multiple or all regions.

30 (2) In structuring the initial pilot, the authority shall endeavor to provide the availability of the Alternate Transportation

34 For purposes of this provision, the term 'job order contract' means a contract that provides for the issuance of job orders for the
35 performance of construction, renovation, and repair work, where contractors propose an adjustment factor or factors to be applied
36 to a catalog of preset unit prices calculated using local prevailing wage rates, local equipment, and local material costs, and where

1 individual job orders are issued to the awarded contractors on an as-needed basis and the price paid for the work is a lump sum of

 9 a fixed-price basis. All job orders must be issued within the period of the contract and must be within the scope and maximum value
 10 of the contract. Each job order shall provide an itemized list of each construction tasks required to complete the work with the task's

 16 purposes of the services to be procured under the contract in a manner that will enable a prospective bidder to decide whether to
 17 submit a bid; (5) the procedures that the governmental body will use for issuing job orders for the pilot program; (6) if applicable,
 18 the geographic area to which the job order contract applies; ordinarily, a geographically contiguous area should not be subdivided;

17 fund of the State and all other funds. Earnings on this fund must be credited to it. Revenues credited to this fund in a fiscal year
18 must be used in that fiscal year to operate a grant program that provides financial assistance to farmers.

19 To be eligible for a grant, the person must have:

20 (1) experienced a verifiable loss of agricultural commodities of at least thirty percent as a result of the flooding occurring in the
21 aftermath of Hurricanes Michael and Florence for which:

22 (a) the Governor declared a state of emergency in the State for the county in which the farm is located; and

23 (b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm is
24 located;

25 (2) a farm number issued by the Farm Service Agency;

26 (3) signed an affidavit, under penalty of perjury, certifying that each fact of the loss presented by the person is accurate; and

27 (4) a signed affidavit, under penalty of perjury, certifying that no federal funds have been received for these specific disasters,
28 and in the event that federal funds are received, the person will return all state monies received under this program.

29 The Department of Agriculture (department) shall administer the grant program authorized by this proviso. The Department of
30 Revenue shall assist the Department of Agriculture in the administration of the grant program by providing auditing services,
31 accounting services, and review and oversight of all financial aspects of the grant program. There is created the Farm Aid Advisory
32 Board to make recommendations to the department regarding the duties of the department in administering the grant program. The
33 Commissioner of Agriculture, or his designee, shall serve ex officio, as chairman of the board. Also, the Director of the Department
34 of Revenue, or his designee, the Vice President for Public Service and Agriculture of Clemson Public Service Activities, or his
35 designee, and the Vice President for Land Grant Services of South Carolina State Public Service Activities, or his designee, shall
36 serve on the board. The following additional members shall be appointed to the board:

- 1 (1) the Commissioner of Agriculture shall appoint one member representing the South Carolina Farm Bureau;
- 2 (2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;
- 3 (3) the Director of the Department of Revenue shall appoint one member representing the crop insurance industry; and
- 4 (4) the Director of the Department of Revenue shall appoint one member who is an agricultural commodities producer.

5 By July twentieth of the current fiscal year, the board shall hold its initial meeting to recommend an application process by which
6 a person with a loss resulting from the flooding occurring in the aftermath of Hurricanes Michael and Florence may apply for a grant.
7 Upon adoption of an application process, the Department of Agriculture shall provide the Chairman of the House Ways and Means
8 Committee and the Chairman of the Senate Finance Committee with a written copy of its application process within ten days after
9 its adoption. A person shall apply not later than forty-five days after the adoption of the application process. The department must
10 ensure every person interested in applying for a grant has access to adequate resources to submit his application in a timely manner,
11 and upon request, the department must assist a person with the preparation of his application.

12 Each grant awarded by the department may not exceed twenty percent of the person's verifiable loss of agricultural commodities.
13 However, a person, including any grant made to a related person, may not receive grants aggregating more than one hundred thousand
14 dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined with losses covered
15 by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount to be included in the
16 limits set by this proviso must be the amount of the grant multiplied by the person's ownership interest in the related person.
17 However, a person who shares an ownership interest with another person or entity may not be refused a grant solely because the
18 other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant amount is
19 limited by the person's ownership interest.

20 If the total amount of grants allowed pursuant to this proviso exceeds the monies in the fund, then each person's grant must be
21 reduced proportionately.

22 To determine loss, the department:

23 (1) must measure the person's cumulative total loss of all affected agricultural commodities for the year in which the flooding
24 occurred against the person's expected production of all agricultural commodities affected by the flooding occurring in the aftermath
25 of Hurricanes Michael and Florence;

26 (2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance Corporation,
27 to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities, the department
28 shall use the most recent year's county price and county yield, as applicable, as determined by the National Agriculture Statistics
29 Service, United States Department of Agriculture; and

30 (3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the
31 ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the department
32 shall require the submission of dated, signed, and continuous records. These records may include, but are not limited to, commercial
33 receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements, truck scale
34 tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape, invoices for
35 custom harvesting, u-pick records, and insurance documents.

1 Grant awards must be used for agricultural production expenses and losses due to the flooding which demonstrate an intent to
2 continue the agricultural operation; however, awards may not be used to purchase new equipment. The department shall develop
3 guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may require any
4 documentation it determines necessary to verify the appropriate use of grant awards including receipts.

5 If the department determines that a person who received a grant provided inaccurate information, then the person shall refund the
6 entire amount of the grant. If the department determines that a person who received a grant used the funds for ineligible expenses,
7 then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate amount, the
8 Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.

9 The department shall coordinate the exchange of information between the USDA and the Department of Revenue to identify any
10 person that received a Farm Aid grant for the flooding occurring in the aftermath of Hurricanes Michael and Florence and also
11 received federal aid relief for the same disaster. Any person that is determined to have received grant funds from both the state and
12 federal government, must immediately repay the state grant they received.

13 If the department determines that a person knowingly provided false information to obtain a grant pursuant to this proviso or
14 knowingly used funds for ineligible expenses, the person shall be subject to prosecution pursuant to Section 16-13-240.

15 Within forty-five days of the completion of the awarding of grants, but no later than the end of the fiscal year, the Farm Aid
16 Advisory Board is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

17 The department may accept private funds, grants, and property to be used to make financial awards from the grant program.

18 The Department of Agriculture must administer the grant program authorized by this proviso using existing resources and funds.

19 If federal funds are allocated for persons that are otherwise eligible for a grant pursuant to this proviso before the current fiscal
20 year begins, then the provisions of this proviso are not effective and no funds may be credited to the South Carolina Farm Aid Fund.

21 For purposes of this proviso:

17 **118.16.** (SR: Expenditure of Federal Funds) Any funds received from the Federal Government that are not allocated directly to
 18 a state agency must be expended through the legislative budgeting process.

19 **118.17.** (SR: State Ports Authority Projects) Any funds appropriated or authorized for the State Ports Authority by Proviso
 20 118.15 (Nonrecurring Revenue) for the intermodal container transfer facility and waterborne cargo infrastructure must be deposited
 21 into a separate and distinct account and shall only be used for costs directly related to those two projects. Funds shall not be used
 22 for salaries, bonuses, or any kind of normal administrative costs. Funds shall not be used for personnel expenses not directly related
 23 to the implementation of the two projects. In addition, the State Ports Authority shall provide quarterly progress reports on the
 24 implementation of each facility to the Joint Bond Review Committee, the President of the Senate, the Speaker of the House of
 25 Representatives, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee.
 26 These quarterly reports shall include, but are not limited to, financial results, operating plans, budgets, capital plans, and performance
 27 objectives and results for the projects. The Joint Bond Review Committee must review and provide comment on expenditures, and
 28 may prescribe the reporting format and such other informational requirements and reports as it deems useful and necessary, to ensure
 29 the financial integrity, accountability, and stewardship of the funds and the ongoing operations of the project. To the extent permitted
 30 by federal law, if federal funds become available to the State that can be used for the Intermodal Container Transfer Facility or for
 31 Waterborne Cargo Infrastructure, those federal funds must first be used to complete the project. Any remaining state funds
 32 appropriated for these projects shall be transferred to a restricted account at the Department of Administration.

33 **118.18.** (SR: Tax Credits) ~~For the income tax year that begins in the current fiscal year, rehabilitation expenses made at a~~
 34 ~~property that is located within half a mile of a public university with an enrollment of at least 30,000 students in a business district~~

of notice of intent to rehabilitate for the tax credit, and the estimated rehabilitation expenses are in excess of \$25,000,000 with respect to the entire abandoned building, without regard to any subdivision of the abandoned building into separate units or parcels. To qualify under this provision, a notice of intent to rehabilitate for the abandoned building site shall be filed during the current fiscal year, and the municipality or county in which the building site is located shall certify the building site pursuant to Section 12-67-160(A) of the 1976 Code making appropriate adjustments to such certification to be consistent with this provision. Qualifying rehabilitation expenses incurred with respect to such a property shall be eligible for the credit when placed in service; provided, however, that construction must begin on the property prior to the end of the current fiscal year. For purposes of this provision, construction shall be deemed to begin when the building permit is issued for the property. Except as provided herein, the Act shall remain unchanged.

118.19. (SR: Nonrecurring Revenue) (A) The source of revenue appropriated in subsection (B) is nonrecurring revenue generated from the following sources:

- (1) \$1,203,777,259 from Fiscal Year 2020-21 Contingency Reserve Fund;
- (2) \$1,901,589,014 from Fiscal Year 2021-22 Projected Surplus;
- (3) \$16,832,497 from Fiscal Year 2021-22 Debt Service in Excess Obligation; and
- (4) \$53,898,508 from Litigation Recovery Account;
- (5) \$525,000,000 from Savannah River Site Litigation; and
- (6) \$100,000,000 from Estimated Excess Debt Service above Projected Expenditures.

Any restrictions concerning specific utilization of these funds are lifted for the specified fiscal year. The above agency transfers shall occur no later than thirty days after the close of the books on Fiscal Year 2021-22 and shall be available for use in Fiscal Year 2022-23.

This revenue is deemed to have occurred and is available for use in Fiscal Year 2022-23 after September 1, 2022, following the Comptroller General's close of the state's books on Fiscal Year 2021-22.

(B) The appropriations in this provision are listed in priority order. Item (1) must be funded first and each remaining item must be fully funded before any funds are allocated to the next item. Provided, however, that any individual item may be partially funded in the order in which it appears to the extent that revenues are available.

The State Treasurer shall disburse the following appropriations by September 30, 2022, for the purposes stated:

- (1) Comprehensive Tax Cut for 2022 (S.1087)..... \$ 1;
- (2) F310 - General Reserve Fund
 - (a) General Reserve Fund Contribution \$ 64,024,852;

(3.1) From the funds appropriated to Statewide Employee Benefits for Bonus Pay, effective on the first pay date that occurs on or after October 17, 2022, the Department of Administration shall allocate to state agencies \$45,793,437 to provide for a one-time

1 lump sum bonus. Each permanent state employee, in a full-time equivalent position, who has been in continuous state service for at
2 least six months prior to July 1, 2022, shall receive an \$1,500 one-time lump sum payment. This payment is not a part of the state
3 employee's base salary and is not earnable compensation for purposes of employer or employee contributions to respective
4 retirement systems. This appropriation may be used for payments to employees only in the same ratio as the employee's base salary
5 is paid from appropriated sources and the employing agency shall pay the bonus for federal and other funded full-time equivalent
6 positions employees from federal or other funds available to the agency in the proportion that such funds are the source of the
7 employee's salary. The earnings limitation on bonuses in Proviso 117.52 of this Act does not apply to this bonus. For institutions
8 of higher education, the funds received for this bonus may be used without uniformity. Unexpended funds appropriated pursuant to
9 this provision may be carried forward to succeeding fiscal years and expended for the same purposes.

8 Emergency Services Fund for the purpose of funding projects that increase a local government’s emergency services capacity and
9 capability. Every project must involve investment and participation by both private companies and local governments in order to be
10 eligible for funding. The Department of Commerce will provide an annual update by January 15 of each year to the Chairmen of
11 the Senate Finance Committee and Ways and Means Committee until all funds are expended. Any unexpended funds at the end of
12 the fiscal year shall be carried forward and expended in the current fiscal year for the same purposes.

13 (44.2) From the funds appropriated to the Department of Commerce (Department) for Strategic Economic Development
14 Infrastructure, one dollar shall be transferred to the South Carolina Quantum Association (Association) for the purposes of
15 procuring and operating a quantum computing system for the benefit of the State of South Carolina. Prior to the transfer of funds,
16 the Department must enter into a memorandum of understanding (MOU) with the Association which, at a minimum, will include the
17 following:

- 18 (a) the makeup of the Association board of directors (board), which, at a minimum, must include a private sector
19 appointed representative of the state's three research universities;
- 20 (b) the size and appointing authorities of the board cannot be changed without prior written consent from the
21 department;
- 22 (c) a stipulation as to where the Association and the quantum computer will be housed;
- 23 (d) how the Association will utilize the quantum computer to benefit South Carolina both in economic development
24 and academic research; and
- 25 (e) how ownership of the quantum computer will be handled and under what circumstances the department may take
26 possession of the computer.

27 Prior to signing of the MOU and transfer of the funds, the department must submit the MOU and the Association must submit their
28 bylaws to the Joint Bond Review Committee for review and comment.
