“Section 58-31-55. (A) A director shall discharge his duties as a director, including his duties as a member of a committee:

- (1) in good faith;
- (2) with the care an ordinarily prudent person in a like position would exercise under similar circumstances; and
- (3) in a manner he reasonably believes to be in the best interests of the Public Service Authority. As used in this chapter, ‘best interests’ means a balancing of the following:

~~(b)(d)~~ the support of, economic development and job attraction and retention within the Public Service Authority’s present service area or areas within the State authorized to be served by an electric cooperative or municipally owned electric utility that is a direct or indirect wholesale customer of the Authority, provided the remaining items of this subsection have been met; and

TUESDAY, JUNE 8, 2021

(2) legal counsel, public accountants, or other persons as to matters the director reasonably believes are within the person's professional or expert competence; or

(3) a committee of the board of directors of which he is not a member if the director reasonably believes the committee merits confidence.

(C) A director is not acting in good faith if he has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (B) unwarranted.

(D) A director is not liable for any action taken as a director, or any failure to take any action, if he performed the duties of his office in compliance with this section.

(E) An action against a director for failure to perform the duties imposed by this section must be commenced within three years after the cause of action has occurred, or within two years after the time when the cause of action is discovered or should reasonably have been discovered, whichever occurs sooner. SECTION 5. Section 58-31-56 of the 1976 Code is amended to read:

"Section 58-31-56. (A) A conflict of interest transaction is a transaction with the Public Service Authority in which a director of the Public Service Authority has a direct or indirect interest. A conflict of interest transaction is not voidable by the Public Service Authority solely because of the director's interest in the transaction if any one of the following is true:

If item (1) has been accomplished, the burden of proving unfairness of any transaction covered by this section is on the party claiming unfairness. If item (1) has not been accomplished, the party seeking to uphold the transaction has the burden of proving fairness.

(B) For purposes of this section, a director of the Public Service Authority has an indirect interest in a transaction if:

TUESDAY, JUNE 8, 2021

(1) another entity in which he has a material financial interest or in which he is a general partner is a party to the transaction; or

(2) another entity of which he is a director, officer, or trustee is a party to the transaction and the transaction is or should be considered by the board of directors of the Public Service Authority.

(C) For purposes of subsection (A)(1), a conflict of interest transaction is authorized, approved, or ratified if it receives the affirmative vote of a majority of the directors on the board of directors (or on the committee) who have no direct or indirect interest in the transaction, but a transaction may not be authorized, approved, or ratified under this section by a single director. If a majority of the directors who have no direct or indirect interest in the transaction vote to authorize, approve, or ratify the transaction, a quorum is present for the purpose of taking action under this section. The presence of, or a vote cast by, a director with a direct or indirect interest in the transaction does not affect the validity of any action taken under subsection (A)(1) if the transaction is otherwise authorized, approved, or ratified as provided in that subsection.

(D) Any violation of this code section by a director shall constitute grounds for removal from office by the Governor pursuant to Section 1-3-240."

TUESDAY, JUNE 8, 2021

(e) the contents of this item must not be construed in such a manner as to prevent the Authority from extending the prescribed timelines, holding additional public meetings, holding additional meetings with customers as may be scheduled from time to time at the convenience of the Authority and the customers, or having additional representatives of staff, management, or the board of directors in attendance at such meetings;

(6) the Authority's management shall respond to reasonable questions and requests for information from customers and the Office of Regulatory Staff during the comment period regarding the rate proposal, subject to the appropriate protection of confidential information. All information provided to the Office of Regulatory Staff upon request that is not confidential or proprietary shall be made publicly available immediately following disclosure to the requesting party;

which shall be made publicly available, concerning proposed rate adjustments, the proposed rate schedules, and documentation supporting the same; and

(10) a meeting at which the board of directors votes on the proposed rate adjustment, following notice as set forth in subsection (A) and completion of the process implemented by the board of directors pursuant to subsection (B).

(C) Rates shall become effective no earlier than sixty days following board approval of proposed rate adjustments.

(D) Nothing contained in this section may be construed to limit or derogate from the state's covenants as provided in Sections 58-31-30 and 58-31-360, and those covenants are hereby reaffirmed.

(E) The board of directors shall utilize consultants independent from the Authority's management and is authorized to hire independent, outside experts and consultants as necessary to fulfill the board of directors' obligations and duties pursuant to this section.

(F) Notwithstanding the provisions of this section, the Authority may place such adjusted rates and charges into effect on an interim basis under emergency circumstances such as the avoidance of default of its obligations and to ensure proper maintenance of its system; these interim rates must not be in effect for more than eighteen months. Said adjusted rates and charges shall be subject to prospective rate adjustment in accordance with the terms of this section, provided further, that the Authority may implement experimental rates on an interim basis for the purpose of developing improved rate offerings for customers. These experimental rates will be enacted for no longer than four years and (a) for large industrial customers, no more than twelve percent of the large industrial customer class except large industrial customers with one hundred megawatts or greater load shall be excluded from any class size limit, and (b) for all other customers no more than five percent of the customers in the class. All experimental rates must be disclosed in public session of the board prior to being enacted and are subject to approval by the board only to the extent that they meet the requirements of Section 58-31-55.

(G) Judicial review of decisions by the board of directors under this article shall be by direct appeal to the South Carolina Supreme Court. The service of a notice of appeal from a decision of the board of directors pursuant to this article does not act to automatically stay the matters decided in the decision, in the same manner as provided by Rule 241(b)(11) of the South Carolina Appellate Court Rules. Rate

adjustments approved by the board of directors pursuant to this article have been authorized by law.

(1) The Office of Regulatory Staff, or any customer who has submitted written or oral comments as permitted under this article is considered a 'party in interest' entitled to obtain judicial review of any final decision of the board under this article by appealing in the manner provided by Rule 203(b)(6) of the South Carolina Appellate Court Rules as applicable to appeals from administrative tribunals. No right to appeal accrues unless a request for reconsideration is submitted to the board and refused as set out in S.C. Code Ann. Section 58-31-730(G)(2).

(2) Any party in interest seeking to appeal must first submit, within ten days after the decision of the board, a request for reconsideration. The board of directors shall either grant or refuse such request within twenty days of receipt. If the board grants the request for reconsideration, it must meet to consider the request within thirty days.

(3) On appeal, the South Carolina Supreme Court may not substitute its judgment for the judgment of the board of directors as to the weight of the evidence on questions of fact. The court may affirm the decision of the board of directors or remand the case to the board of directors for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the board's findings, inferences, conclusions, or decisions are:

- (a) in violation of constitutional or statutory provisions;
- (b) in excess of the statutory authority of the Authority;
- (c) made upon unlawful procedure;
- (d) affected by other error of law;
- (e) clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or
- (f) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

(H) The procedure provided in this article is the exclusive process for challenging any rate adjustments approved by the board of directors. If a party in interest successfully challenges a rate approval decision on appeal, the exclusive remedy is a prospective adjustment of a new rate by the board of directors. The board of directors possesses authority only to adjust rates prospectively and has no authority to refund amounts collected pursuant to a rate adjustment approved pursuant to this article. The filed rate doctrine protects any such rate adjustment decisions from any collateral attack, which includes, but is not limited to, any claim that a rate adjustment decision by the board of directors violates S.C. Code Ann. Sections 58-31-55, 58-31-56, or 58-31-57.

Section 58-31-740. The Authority shall submit to the Office of Regulatory Staff a pricing report each year, and its report must include an analysis of the adherence to the pricing principles required in Section 58-31-710, the current and projected electric customer pricing, a comparison of pricing to other utilities, and an analysis of the rates of return by customer class. After its review, the ORS shall issue comments on the Authority's annual pricing report to the Authority's board of directors and the Public Utility Review Committee."

SECTION 12. Chapter 31, Title 58 of the 1976 Code is amended by adding:

"Section 58-31-225. The Office of Regulatory Staff, under the provisions of this section, is hereby vested with the Authority and jurisdiction to make inspections, audits, and examinations of the Public Service Authority pursuant to the provisions of Chapter 4, Title 58, relating to the electric rates established by the Public Service Authority. Upon completion of an authorized inspection, audit, or examination, the Office of Regulatory Staff must report its findings to the management and board of the Public Service Authority and attempt to resolve with the management and board any issues that are identified. The Public Service Authority must post information regarding its electric rates on its website."

SECTION 13. Chapter 4, Title 58 of the 1976 Code is amended by adding:

"Section 58-4-51. (A) Regulatory staff shall have the following duties and responsibilities concerning the Public Service Authority to:

(1) when considered necessary by the Executive Director of the Office of Regulatory Staff, review, investigate, and make appropriate recommendations to the appropriate entity with respect to the rates charged or proposed to be charged for electric service provided by the Public Service Authority;

(2) when considered necessary by the Executive Director of the Office of Regulatory Staff, make inspections, audits, and examinations of, and to make recommendations to, the appropriate entity, regarding electric service provided by the Public Service Authority;

(3) upon request by the commission, make studies and recommendations to the commission with respect to standards, regulations, practices, or electric service provided by the Public Service Authority for matters within the commission's jurisdiction; and

(4) when considered necessary by the Executive Director of the Office of Regulatory Staff, investigate and examine the condition of

generation, transmission, or distribution electric facilities owned or operated by the Public Service Authority.

(B) Regulatory staff may participate as a party of interest, as deemed necessary by the Executive Director of the Office of Regulatory Staff, before regulatory agencies, state courts and federal courts, in matters that could affect the Public Service Authority's rates or charges for the Authority's electric service.

(C) The regulatory staff may have additional duties and responsibilities related to the Public Service Authority as otherwise provided by law."

SECTION 14. Section 58-4-55 of the 1976 Code is amended to read:

"Section 58-4-55. (A) The regulatory staff, in accomplishing its responsibilities under Section 58-4-50 and Section 58-4-51, may require the production of books, records, and other information to be produced at the regulatory staff's office, that, upon request of the regulatory staff, must be submitted under oath and without the requirement of a confidentiality agreement or protective order being first executed or sought. The regulatory staff must treat the information as confidential or proprietary unless or until the commission rules such information is not entitled to protection from public disclosure or the public utility, the Public Service Authority, or the electric cooperative agrees that such information is no longer confidential or proprietary. Unless the commission's order contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Sections 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; provided, however, that, if the commission determines that it is necessary to view such documents or information, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection unless otherwise ordered by the commission. Although the Public Service Authority is subject to the Freedom of Information Act pursuant to Sections 30-4-10, et seq., the Authority, when necessary and appropriate, may indicate that documents or information provided to regulatory staff is confidential or proprietary, or otherwise exempt from disclosure in accordance with statute, and the regulatory staff must treat this information in the same manner as public utilities and cooperatives pursuant to this section.

TUESDAY, JUNE 8, 2021

If the books, records, or other information provided do not appear to disclose full and accurate information and, if such apparent deficiencies are not cured after reasonable notice, the regulatory staff may require the attendance and testimony under oath of the officers, accountants, or other agents of the parties having knowledge thereof at such place as the regulatory staff may designate and the expense of making the necessary examination or inspection for the procuring of the information must be paid by the party examined or inspected, to be collected by the regulatory staff by suit or action, if necessary. If, however, the examination and inspection and the reports thereof disclose that full and accurate information had previously been made, the expense of making the examination and inspection must be paid out of the funds of the regulatory staff.

(B) If the regulatory staff initiates an inspection, audit, or examination of a public utility, the Public Service Authority, or an electric cooperative, the public utility, the Public Service Authority, or the electric cooperative that is the subject of the inspection, audit, or examination may petition the commission to terminate or limit the scope of such inspection, audit, or examination. The commission must grant such petition if it finds that such inspection, audit, or examination is arbitrary, capricious, unnecessary, unduly burdensome, or unrelated to the regulated operations of the public utility, the Public Service Authority, or the electric cooperative.

(1) If such an inspection, audit, or examination is not part of a contested case proceeding, the public utility, the Public Service Authority or the electric cooperative may also raise objections or seek relief available under the South Carolina Rules of Civil Procedure to a party upon whom discovery is served or to a person upon whom a subpoena is served. The commission shall provide the regulatory staff reasonable notice to respond to any such objection or request. Absent the consent of the public utility, the Public Service Authority, or the electric cooperative raising such an objection or request and the Office of Regulatory Staff, the commission must rule on such an objection or request within sixty days of the date it was filed. During the pendency of the commission's ruling, the public utility, the Public Service Authority, or the electric cooperative making such an objection or request is not required to produce or provide access to any documents or information that is the subject of the objection or request.

(2) If such an inspection, audit, or examination is part of a contested case proceeding, the commission shall address objections to information sought by the regulatory staff in the same manner in which

TUESDAY, JUNE 8, 2021

it addresses objections to discovery issued by the parties to the contested case proceeding.

(C) Any public utility, the Public Service Authority, or any electric cooperative that provides the regulatory staff with copies of or access to documents or information in the course of an inspection, audit, or examination that is not part of a contested case proceeding may designate any such documents or information as confidential or proprietary if it believes in good faith that such documents or information would be entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The regulatory staff may petition the commission for an order that some or all of the documents so designated are not entitled to protection from public disclosure and it shall be incumbent on the utility to prove that such documents are entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The commission shall rule on such petition after providing the regulatory staff and the utility an opportunity to be heard. Unless the commission's order on such a petition contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Sections 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; provided, however, that, if the commission determines that it is necessary to view such documents or information in order to rule on such a petition, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection during the pendency of the petition.

(D) Nothing in this section restricts the regulatory staff's ability to serve discovery in a contested case proceeding that seeks the type of documents or information the regulatory staff has obtained in the course of any review, investigation, inspection, audit, or examination, nor does anything in this section restrict the ability of any public utility, the Public Service Authority, or electric cooperative to object to such discovery or to seek relief regarding such discovery, including without limitation, the entry of a protective order. The regulatory staff shall not be required to execute a confidentiality agreement or seek a protective order prior to accessing the documents or information of a public utility, the Public Service Authority, or an electric cooperative, and such information or documents must be treated as confidential or proprietary unless or until

TUESDAY, JUNE 8, 2021

the commission rules such information is not entitled to protection from public disclosure or the public utility, the Public Service Authority, or the electric cooperative agrees that such information is no longer confidential or proprietary. Unless the commission's order contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Section 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity. However, if the commission determines that it is necessary to view such documents or information, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection unless otherwise ordered by the commission.

(E)(1) The Office of Regulatory Staff, in order to accomplish any of the responsibilities assigned to it by Chapter 4, Title 58 or any other provision of law, may apply to the circuit court for subpoenas to be issued to entities over which the Public Service Commission does not have jurisdiction. Such subpoenas will be issued by the circuit court in the same manner as subpoenas are issued to parties to proceedings before that court, and all rules applicable to the issuance of such subpoenas, including enforcement and penalties, shall apply to subpoenas issued at the request of the regulatory staff.

(2) In order to accomplish any of the responsibilities assigned to the Office of Regulatory Staff regarding the Public Service Authority in which the commission does not have jurisdiction, regulatory staff may request a hearing with the Administrative Law Court.

(F) The actual expenses of the Office of Regulatory Staff incurred in carrying out its duties under Section 58-4-50(A)(12) must be certified annually to the Public Utilities Review Committee in an itemized statement by the Office of Regulatory Staff, shown as a line item in the Office of Regulatory Staff budget, to be assessed directly to an audited electric cooperative by the Office of Regulatory Staff, and deposited with the State Treasurer to the credit of the Office of Regulatory Staff."

SECTION 15. Section 58-27-190 of the 1976 Code is amended to read:

"Section 58-27-190. All departments, commissions, boards, or agencies of the state government must permit an employee or agent of the Office of Regulatory Staff to inspect or make copies of all information filed by electrical utilities or the South Carolina Public Service Authority, with or otherwise obtained by the department, commission, board, or agency of the state government.”

SECTION 17. Section 58-27-210 of the 1976 Code is amended to read:

(3) The term ‘commence to construct’ means any clearing of land, excavation, or other action that would adversely affect the natural environment of the site or route of a major utility facility, but does not include surveying or changes needed for temporary use of sites or routes for nonutility purposes, or uses in securing geological data, including necessary borings to ascertain foundation conditions.

SECTION 20. Article 3, Chapter 33, Title 58 of the 1976 Code is amended by adding:

“Section 58-33-180. (A)(1) In addition to the requirements of Articles 1, 3, 5, and 7 of Chapter 33, Title 58, a certificate for the construction of a major utility facility shall be granted only if the Public Service Authority demonstrates and proves by a preponderance of the evidence and the commission finds:

(a) the construction of a major utility facility constitutes a more cost-effective means for serving direct serve and wholesale customers than other feasibly available long-term power supply alternatives and provides less ratepayer risk while maintaining safe and reliable electric service than other feasibly available long-term power supply alternatives; and

(b) energy efficiency measures; demand-side management; renewable energy resource generation; available long-term power supply alternatives, or any combination thereof, would not establish or maintain a more cost-effective and reliable generation system and that the construction and operation of the facility is in the public interest.

(2) Available long-term power supply alternatives may include, but are not limited to, power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof.

(3) The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. pooling of plants, purchase of power and other alternative methods for providing reliable, efficient, and economical electric service.

(B) The Public Service Authority shall file an estimate of construction costs in such detail as the commission may require. No certificate shall be granted unless the commission has approved the estimated construction costs and made a finding that construction will be consistent with the Authority's commission-approved plan for expansion of electric generating capacity.

Section 58-33-185. (A) The Public Service Authority may not enter into a contract for the acquisition of a major utility facility without approval of the Public Service Commission of South Carolina, provided that the approval is required only to the extent the transaction is not subject to the exclusive jurisdiction of the Federal Energy Regulatory Commission or any other federal agency.

(B)(1) In acting upon any petition by the Public Service Authority pursuant to this section, the Public Service Authority must prove by a preponderance of the evidence that the proposed transaction constitutes a more cost-effective means for serving direct serve and wholesale customers than other feasibly available long-term power supply alternatives and provides less ratepayer risk while maintaining safe and reliable electric service than other feasibly available long-term power supply alternatives. The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power and other alternative methods for providing reliable, efficient, and economical electric service.

(2) Available long-term power supply alternatives may include, but not be limited to, power purchase agreements of a different duration than proposed, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof.

(C) Application for the approval of the commission shall be made by the Public Service Authority and shall contain a concise statement of the proposed action, the reasons therefor, and such other information as may be required by the commission.

TUESDAY, JUNE 8, 2021

(D) Upon the receipt of an application, the commission shall promptly fix a date for the commencement of a public hearing, not less than sixty nor more than ninety days after the receipt, and shall conclude the proceedings as expeditiously as practicable. The commission shall establish notice requirements and proceedings shall include an opportunity for intervention, discovery, filed comments or testimony, and an evidentiary hearing.

(E) The commission shall render a decision upon the record either granting or denying the application as filed, or granting it upon such terms, conditions or modifications as the commission may deem appropriate.

(F)(1) The commission may not grant approval unless it shall find and determine that the Public Service Authority satisfied all requirements of this section and the proposed transaction is in the best interests of the retail and wholesale customers of the Public Service Authority.

(2) The commission also may require compliance with any provision of Article 3, Chapter 33, Title 58 that the commission determines necessary to grant approval.

Section 58-33-190. (1) The Public Service Authority may not enter into a contract for the purchase of power with a duration longer than ten years without approval of the Public Service Commission of South Carolina, provided that the approval is required only to the extent the transaction is not subject to the exclusive jurisdiction of the Federal Energy Regulatory Commission or any other federal agency. This section does not apply to purchases of renewable power through a commission approved competitive procurement process.

(2) The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's resource and fuel diversity, reasonably anticipated future operating costs, arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power, and other alternative methods for providing reliable, efficient, and economical electric service.

(3) The commission may not grant approval unless it shall find and determine that the proposed transaction is in the best interests of the retail and wholesale customers of the Public Service Authority."

SECTION 21. Section 58-37-40 of the 1976 Code is amended to read:

TUESDAY, JUNE 8, 2021

“Section 58-37-40. (A) Electrical utilities, electric cooperatives, municipally owned electric utilities, and the South Carolina Public Service Authority must each prepare an integrated resource plan. An integrated resource plan must be prepared and submitted at least every three years. Nothing in this section may be construed as requiring interstate natural gas companies whose rates and services are regulated only by the federal government or gas utilities subject to the jurisdiction of the commission to prepare and submit an integrated resource plan.

(1) Each electrical utility with one hundred thousand or more customer accounts and the Public Service Authority must submit its integrated resource plan to the commission. The integrated resource plan must be posted on the electrical utility’s website and on the commission’s website.

(2) Electric cooperatives, electric utilities with less than one hundred thousand customer accounts, and municipally owned electric utilities shall each submit an integrated resource plan to the State Energy Office. Each integrated resource plan must be posted on the State Energy Office’s website. If an electric cooperative, electric utility with less than one hundred thousand customer accounts, or municipally owned utility has a website, its integrated resource plan must also be posted on its website. For distribution, electric cooperatives that are members of a cooperative that provides wholesale service, the integrated resource plan may be coordinated and consolidated into a single plan provided that nonshared resources or programs of individual distribution cooperatives are highlighted. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to a distribution or wholesale cooperative or a municipally owned electric utility as a result of the cooperative or the municipally owned electric utility not owning or operating generation resources, the plan may state that fact or refer to the plan of the wholesale power generator. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to an electrical utility with less than one hundred thousand customer accounts as a result of its own generation resources being comprised of more than seventy-five percent renewable energy or because it purchases wholesale load balancing generation services, then the plan may state that fact or refer to the plan of the wholesale power generator. For purposes of this section, a wholesale power generator does not include a municipally created joint agency if that joint agency receives at least seventy-five percent of its electricity from a generating facility owned in partnership with an electrical utility and that electrical utility:

TUESDAY, JUNE 8, 2021

(a) generally serves the area in which the joint agency's members are located; and

(b) is responsible for dispatching the capacity and output of the generated electricity.

(3) The South Carolina Public Service Authority shall submit its integrated resource plan to the ~~State Energy Office~~ commission. The Public Service Authority shall develop a public process allowing for input from all stakeholders prior to submitting the integrated resource plan. The integrated resource plan must be developed in consultation with the electric cooperatives and municipally owned electric utilities purchasing power and energy from the Public Service Authority and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The integrated resource plan must be posted on the ~~State Energy Office's~~ commission's website and on the Public Service Authority's website.

(4)(a) In addition to the requirements of Section 58-37-40(B), the Public Service Authority's integrated resource plan shall include an analysis of long-term power supply alternatives and enumerate the cost of various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and least ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service.

(b) In addition to the requirements of Section 58-37-40(B), the commission shall review and evaluate the Public Service Authority's analysis of long-term power supply alternatives and various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and lowest ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service. The commission's evaluation shall include, but not be limited to:

(i) evaluating the cost-effectiveness and ratepayer-risk of self-build generation and transmission options compared with various long-term power supply alternatives, including power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional

transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof. In evaluating and identifying the most cost-effective and least ratepayer-risk resource portfolio, the commission shall strive to reduce the risk to ratepayers associated with any generation and transmission options while maintaining safe and reliable electric service; and

(ii) an analysis of any potential cost savings that might accrue to ratepayers from the retirement of remaining coal generation assets.

(c) The Authority's integrated resource plan must provide the information required in Section 58-37-40(B) and must be developed in consultation with the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities purchasing power and energy from the Public Service Authority, and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The Integrated Resource Plan of the South Carolina Public Service Authority shall include and evaluate at least one resource portfolio, which will reflect the closure of the Winyah Generating Station by 2028, designed to provide safe and reliable electric service while meeting a net zero carbon emission goal by the year 2050.

(B)(1) An integrated resource plan shall include all of the following:

(a) a long-term forecast of the utility's sales and peak demand under various reasonable scenarios;

(b) the type of generation technology proposed for a generation facility contained in the plan and the proposed capacity of the generation facility, including fuel cost sensitivities under various reasonable scenarios;

(c) projected energy purchased or produced by the utility from a renewable energy resource;

(d) a summary of the electrical transmission investments planned by the utility;

(e) several resource portfolios developed with the purpose of fairly evaluating the range of demand-side, supply-side, storage, and other technologies and services available to meet the utility's service obligations. Such portfolios and evaluations must include an evaluation of low, medium, and high cases for the adoption of renewable energy and cogeneration, energy efficiency, and demand response measures, including consideration of the following:

TUESDAY, JUNE 8, 2021

(i) customer energy efficiency and demand response programs;

(ii) facility retirement assumptions; and

(iii) sensitivity analyses related to fuel costs, environmental regulations, and other uncertainties or risks;

(f) data regarding the utility's current generation portfolio, including the age, licensing status, and remaining estimated life of operation for each facility in the portfolio;

(g) plans for meeting current and future capacity needs with the cost estimates for all proposed resource portfolios in the plan;

(h) an analysis of the cost and reliability impacts of all reasonable options available to meet projected energy and capacity needs; and

(i) a forecast of the utility's peak demand, details regarding the amount of peak demand reduction the utility expects to achieve, and the actions the utility proposes to take in order to achieve that peak demand reduction.

(2) An integrated resource plan may include distribution resource plans or integrated system operation plans.

(C)(1) The commission shall have a proceeding to review each electrical ~~utility's~~ utility subject to subsection (A)(1) and the Public Service Authority's integrated resource plan. As part of the integrated resource plan filing, the commission shall allow intervention by interested parties. The commission shall establish a procedural schedule to permit reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. No later than three hundred days after an electrical utility files an integrated resource plan, the commission shall issue a final order approving, modifying, or denying the plan filed by the electrical utility or the Public Service Authority.

(2) The commission shall approve an electrical utility's or the Public Service Authority's integrated resource plan if the commission determines that the proposed integrated resource plan represents the most reasonable and prudent means of meeting the electrical utility's or the Public Service Authority's energy and capacity needs as of the time the plan is reviewed. To determine whether the integrated resource plan is the most reasonable and prudent means of meeting energy and capacity needs, the commission, in its discretion, shall consider whether the plan appropriately balances the following factors:

TUESDAY, JUNE 8, 2021

- (a) resource adequacy and capacity to serve anticipated peak electrical load, and applicable planning reserve margins;
- (b) consumer affordability and least cost;
- (c) compliance with applicable state and federal environmental regulations;
- (d) power supply reliability;
- (e) commodity price risks;
- (f) diversity of generation supply; and
- (g) other foreseeable conditions that the commission determines to be for the public interest.

(3) If the commission modifies or rejects an electrical utility's or the Public Service Authority's integrated resource plan, the electrical utility or the Public Service Authority, within sixty days after the date of the final order, shall submit a revised plan addressing concerns identified by the commission and incorporating commission-mandated revisions to the integrated resource plan to the commission for approval. Within sixty days of the electrical utility's or the Public Service Authority's revised filing, the Office of Regulatory Staff shall review the electrical utility's or the Public Service Authority's revised plan and submit a report to the commission assessing the sufficiency of the revised filing. Other parties to the integrated resource plan proceeding also may submit comments. No later than sixty days after the Office of Regulatory Staff report is filed with the commission, the commission at its discretion may determine whether to accept the revised integrated resource plan or to mandate further remedies that the commission deems appropriate.

(4) The submission, review, and acceptance of an integrated resource plan by the commission, or the inclusion of any specific resource or experience in an accepted integrated resource plan, shall not be determinative of the reasonableness or prudence of the acquisition or construction of any resource or the making of any expenditure. ~~The~~ An electrical utility shall retain the burden of proof to show that all of its investments and expenditures are reasonable and prudent when seeking cost recovery in rates.

(D)(1) An electrical utility and the Public Service Authority shall each submit annual updates to its integrated resource plan to the commission. An annual update must include an update to the electric utility's or the Public Service Authority's base planning assumptions relative to its most recently accepted integrated resource plan, including, but not limited to: energy and demand forecast, commodity fuel price inputs, renewable energy forecast, energy efficiency and demand-side management forecasts, changes to projected retirement dates of existing

units, along with other inputs the commission deems to be for the public interest. The electrical utility's or Public Service Authority's annual update must describe the impact of the updated base planning assumptions on the selected resource plan.

(2) The Office of Regulatory Staff shall review each ~~electric~~ electrical utility's or the Public Service Authority's annual update and submit a report to the commission providing a recommendation concerning the reasonableness of the annual update. After reviewing the annual update and the Office of Regulatory Staff report, the commission may accept the annual update or direct the electrical utility or the Public Service Authority to make changes to the annual update that the commission determines to be in the public interest.

(E) The commission is authorized to promulgate regulations to carry out the provisions of this section."

SECTION 22. Article 1, Chapter 31, Title 58 of the 1976 Code is amended by adding:

"Section 58-31-227. (A) The Public Service Authority shall file for commission approval of a program for the competitive procurement of energy, capacity, and environmental attributes from renewable energy facilities to meet needs for new generation resources identified by the Authority in its Integrated Resource Plans or other planning processes. The commission may not grant approval unless the commission finds and determines that the Public Service Authority satisfied all requirements of this section and the proposed program is in the best interests of the customers of the Public Service Authority. The commission may adopt procedures to implement the requirements of this section and shall retain continuing oversight and approval authority over all aspects of an approved program to ensure any approved program complies with this section and is in the best interests of the customers of the Public Service Authority.

(B) The Public Service Authority shall procure renewable energy resources subject to the following requirements:

(1) Renewable energy resources procured by the Public Service Authority shall be procured via a competitive solicitation process open to all independent market participants that meet minimum eligibility requirements.

(2) The Public Service Authority shall issue public notification of its intention to issue a competitive renewable solicitation at least ninety days prior to the release of each solicitation, including the proposed procurement volume, process, and timeline.

TUESDAY, JUNE 8, 2021

(3) Renewable energy facilities eligible to participate in a competitive procurement are those that have a valid interconnection request on file and that use renewable energy resources identified in Section 58-39-120(F) and may include battery storage devices charged exclusively by renewable energy.

(C) The Public Service Authority shall make publicly available at least forty-five days prior to each competitive solicitation:

(1) A pro forma contract to inform market participants of the procurement terms and conditions. The pro forma contract will (i) include standardized and commercially reasonable requirements for contract performance security consistent with market standards; (ii) define limits and compensation for resource dispatch and curtailments that limit uncompensated curtailment to a specified portion of estimated annual output.

(2) A bid evaluation methodology that ensures all bids are treated equitably, including price and nonprice evaluation criteria. Nonprice criteria will at minimum include consideration of diversity in resource size and geographic location.

(3) Interconnection requirements and study methodology, including how bids without existing interconnection studies will be treated for purposes of evaluation.

(D) After bids are submitted and evaluated, winning bids will be selected based upon the published evaluation methodology.

(E) The Public Service Authority shall issue a public report summarizing the results of each competitive solicitation within sixty days of the award notifications. The report will include, at minimum, a summary of the submitted bids and an anonymized list of the project awards, including their size, location, average award price and tenor, and award price range.”

SECTION 23. As part of the process of retiring its coal units, the Public Service Authority shall develop and implement a plan, with community engagement and participation, that: (a) allows employees in good standing who would be directly affected by the closure of the unit to be retained by the Public Service Authority, or provides training opportunities for related employment to affected employees in good standing who are not retained; and (b) provides an opportunity for economic development and job attraction in the communities where the retired coal stations are located. Annual written status reports shall be provided to the South Carolina Public Utilities Review Committee.

SECTION 24. Section 11 of Act 135 of 2020 is hereby extended through December 31, 2021, except that:

TUESDAY, JUNE 8, 2021

(1) The Office of Regulatory Staff shall no longer be required to conduct monthly reviews of Santee Cooper.

(3) Nothing contained in the language of Act 135 of 2020 shall prohibit Santee Cooper from entering financial transactions for the purpose of obtaining lower interest rates on existing debts, provided that overall debt load may not be increased by any such transaction.

SECTION 25. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this act is for any reason held to be unconstitutional or invalid, then such holding shall not affect the constitutionality or validity of the remaining portions of this act, the General Assembly hereby declaring that it would have passed this act and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

SECTION 26. SECTIONS 1 through 10 and SECTION 24 take effect upon approval by the Governor. The remaining SECTIONS of this act take effect January 1, 2022. /

STATEMENT FOR THE JOURNAL

Had I been present during the vote on H. 3194, I would have voted against the Bill as it does not contain language providing a procedure for when/if a potential buyer shows interest in the state-owned utility. It's my opinion, the General Assembly needs to be proactive, not reactive, in these matters and others.

~~Indicates Matter Stricken~~

Indicates New Matter

The House assembled at 10:00 a.m.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Jeremiah 23:3: "Then I myself will gather the remnant of my flock out of the lands where I have driven them. I will bring them back to their fold and they shall be fruitful and multiply."

Let us pray. Loving and grateful God, You care for these people who give of themselves for the people of this State. Grant them peace and faithfulness as they do their work. Make them strong with all the glorious power, as they joyfully give thanks to You, our Father. Bless our defenders of freedom and first responders as they protect us. Make Your face shine upon our World, Nation, President, State, Governor, Speaker, staff, and all who serve. Heal the wounds, those seen and those hidden, of our brave men and women who suffer and sacrifice for our freedom. Lord, in Your Mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of yesterday, the SPEAKER ordered it confirmed.

WEDNESDAY, JUNE 9, 2021

PROVISIONS FOR YEARS 2022 AND 2023, AND TO PROVIDE THAT BEGINNING IN 2024, THE BAMBERG COUNTY CONSOLIDATED SCHOOL DISTRICT SHALL HAVE TOTAL FISCAL AUTONOMY.

Rep. BAMBERG proposed the following Amendment No. 1 to S. 771 (COUNCIL\ZW\771C001.BH.ZW21), which was adopted:

Amend the bill, as and if amended, by striking SECTION 2 and inserting:

/ SECTION 2. (A) The Bamberg County School District must be governed initially by a board of trustees of nine members to be appointed by a majority of the Bamberg County Legislative Delegation. The nine members initially appointed by the legislative delegation after the effective date of this act must be qualified electors of either Bamberg-Ehrhardt School District One or Denmark-Olar School District Two, and these appointed members shall serve on the Bamberg County School District Board of Trustees until four trustees have been duly elected and qualify in school district elections held at the same time as the 2024 General Election pursuant to the provisions of this section. These four trustees must be elected from defined single-member election districts to be established in subsequent legislation enacted after the release of pertinent demographic data obtained in the 2020 decennial census, but prior to the opening of the filing period for the 2024 school district elections.

(B)(1) Beginning in 2024, four members of the Bamberg County School District Board of Trustees must be elected from single-member districts provided for by the General Assembly in nonpartisan elections to be conducted at the same time as the general election and every four years thereafter, except as may be provided to stagger the members' terms. The four candidates elected in the 2024 school district elections must be elected from election districts 2, 4, 6, and 8 and shall serve four-year terms and until their successors are elected and qualify. Each of these four members and their successors must be a qualified elector of the election district from which he is elected. Beginning in 2026, five additional members of the Bamberg County School District Board of Trustees must be elected from election districts 1, 3, 5, 7, and 9 in nonpartisan elections to be conducted at the same time as the general election and every four years thereafter, except as may be provided to stagger the members' terms. The five candidates elected in the 2026 school district elections shall serve four-year terms and until their successors are elected and qualify. Each of these five members and their

WEDNESDAY, JUNE 9, 2021

successors must be a qualified elector of the election district from which he is elected. In order to provide continuity of experienced leadership to the district, when the four duly elected trustees from election districts 2, 4, 6, and 8 take office following the 2024 school district elections, a majority of the Bamberg County Legislative Delegation shall select five members from the initial nine-member appointed board of trustees to serve as school district trustees together with the four elected members, and the terms of the remaining appointed trustees not selected to serve with the four elected members must be terminated. The five members of the initial nine-member appointed board selected to serve alongside the four elected members shall serve until their successors are elected in school district elections conducted at the same time as the 2026 General Election and qualify.

(2)(a) The four trustees elected from districts 2, 4, 6, and 8 in the 2024 school district elections shall serve four-year terms and until their successors are elected and qualify, and the successors to these members must be elected in nonpartisan school district elections to be conducted at the same time as the 2028 General Election. The trustees elected in the 2028 school district election and their successors shall serve four-year terms and until their successors are elected and qualify.

(b) Pursuant to item (1) of this subsection, the five members of the initial nine-member appointed board selected by the Bamberg County Legislative Delegation to serve alongside the four elected members shall serve until their successors are elected from districts 1, 3, 5, 7, and 9 in school district elections conducted at the same time as the 2026 General Election and qualify. At such time, the terms of the five appointed members shall terminate. The five trustees elected from districts 1, 3, 5, 7, and 9 in the 2026 school district elections and their successors shall serve four-year terms and until their successors are elected and qualify. Thereafter, members of the Bamberg County School District Board of Trustees must be elected in nonpartisan school district elections to be conducted at the same time as the general election for terms of four years and until their successors are elected and qualify.

(3) Whenever a vacancy occurs in office, by reason of death, resignation, or removal, the vacancy in office shall be filled by a special election to complete the term of office, which special election shall be held in accordance with Section 7-13-190.

(C) All persons desiring to qualify as a candidate for the Bamberg County School District Board of Trustees shall file written notice of candidacy with the Bamberg County Board of Voter Registration and Elections on forms furnished by the board. The filing period shall open

WEDNESDAY, JUNE 9, 2021

at 12:00 p.m. on August first or, if August first falls on Saturday or Sunday, then 12:00 p.m. on the following Monday and shall run until 12:00 p.m. on August fifteenth or, if August fifteenth falls on Saturday or Sunday, no later than 12:00 p.m. on the following Monday. This notice of candidacy must be a sworn statement and shall include the candidate's name, age, address, voting precinct, period of residence in the county, and other information that the board requires. The Bamberg County Board of Voter Registration and Elections shall conduct and supervise the elections for members of the Bamberg County School District Board of Trustees in the manner governed by the election laws of this State, mutatis mutandis. The board shall prepare the necessary ballots, appoint managers for the voting precincts, and do all things necessary to carry out the elections, including the counting of ballots and declaring the results. The board shall publish notices of the elections pursuant to Section 7-13-35. The results of the elections must be determined by the nonpartisan plurality method contained in Section 5-15-61. The members of the Bamberg County School District Board of Trustees elected in these nonpartisan elections shall take office one week following certification of their election pursuant to Section 59-19-315. /

Amend the bill further, as and if amended, by striking SECTION 5 and inserting:

/ SECTION 5. (A) For purposes of determining the 2022 property tax millage levy of the Bamberg County School District upon its creation, the millage levy for the district must be determined and calculated by the Department of Revenue based on the 2021 levy of the two present school districts and the value of a mill in each district. Thereafter, the millage levy for property tax years 2023, 2024, 2025, and 2026 must be the millage levy for the previous year. To the allowed millage levy may be added any millage determined by the Department of Revenue necessary to comply with educational mandates imposed by federal or state law.

(B) Beginning in 2027, the Bamberg County School District is vested with total fiscal autonomy. In order to obtain funds for school purposes the board of trustees is authorized to impose an annual tax levy, exclusive of any millage imposed for bond debt service. Upon certification by the board of trustees to the county auditor of the tax levy to be imposed, the auditor shall levy and the county treasurer shall collect the millage so certified upon all taxable property in the district. The consolidated school district may raise its millage by no more than two mills over that levied for the previous year, in addition to any millage needed to adjust for the EFA inflation factor and sufficient to meet the

WEDNESDAY, JUNE 9, 2021

requirements of Section 59-21-1030. An increase above this two mills for operations may be levied only after a majority of the registered electors of the district vote in favor of the millage increase in a referendum called by the district board of trustees and conducted by the county board of voter registration and elections. If the school district calls for the referendum provided for in this subsection to be held at any time other than at the general election conducted pursuant to Section 7-13-10 then the school district shall pay the cost of the referendum. To the extent the provisions of this section relating to increases in school millages conflict with the provisions of Section 6-1-320, relating to the millage rate increase limitation, the provisions of Section 6-1-320 control. /

Amend the bill further, as and if amended, SECTION 7, subsection (C)(1)(B), page 9, by striking subitem (b) and inserting:

/ (b) seek election to the Bamberg County School District Board of Trustees. /

(1) structured so as to provide a range and supply of treatment options and settings that are appropriate to meet the varying needs of individual patients;

(2) responsive to changes in federal law, regulation, or policy that improve access to care and/or associated reimbursement, particularly where related to the treatment of patients in Institutions for Mental Disease (IMDs); and

(3) economical in its approach, so as to obtain the greatest value possible for each state taxpayer dollar.

(B) With the funds appropriated for Inpatient Services and/or made available from the COVID-19 Response Reserve account established pursuant to Act 135 of 2020, the Department of Mental Health shall undertake an effort to increase access to crisis stabilization services.

(1) The department shall increase the number of operating crisis stabilization units and introduce them to previously unserved areas of the state, working toward the goal of having at least one such unit located within a 90-minute drive of each South Carolinian. In each case, the department may choose to operate the unit independently or through a partnership with one or more partners and/or contractors. The department shall engage with community stakeholders in identifying new host communities and developing referral and discharge strategies.

(2) The department may also use these funds to expand its program to contract with psychiatric and acute care hospitals to place indigent patients who need hospital-level care in hospitals' general or psychiatric beds on a temporary basis during a crisis.

(C) After consulting with the Director of the Department of Mental Health, the Director of the Department of Health and Human Services shall establish such coverage and reimbursement policies for mobile crisis stabilization, and/or intensive outpatient services as he deems necessary and appropriate to fulfill the intent of this provision. These policies shall facilitate the claiming of matching funds where feasible.

WEDNESDAY, JUNE 9, 2021

Any state funds saved through this effort shall remain committed to the provision of care to patients with behavioral health needs. With funds available to the department, the Department of Health and Human Services shall be authorized to provide as much as one hundred thousand dollars per-bed towards the initial capital costs of establishing crisis stabilization units pursuant to this provision. These options shall be evaluated based substantially upon criteria such as their relative abilities to:

(1) increase behavioral health treatment capacity at the inpatient, partial hospitalization, intensive outpatient, and/or outpatient levels of care;

(2) obtain federal matching funds to help offset the costs of state-funded treatment for substance use and/or mental health treatment; and

(3) convert indigent care to a sustainable reimbursement model that improves access to behavioral health and/or substance use treatment while potentially alleviating pressure on the state general fund and reducing levels of uncompensated care.

Amend the bill further, as and if amended, Part IB, Section 118, STATEWIDE REVENUE, page 534, after line 30, by adding an appropriately numbered proviso to read:

/ (SR: Tax Credits) For the income tax year that begins in the current fiscal year, rehabilitation expenses made at a property that is located within half a mile of a public university with an enrollment of at least 30,000 students in a business district that has a commercial vacancy rate of at least ten percent qualify for the tax credit provided under the South Carolina Abandoned Buildings Revitalization Act, Title 12, Chapter 67, if the building has been unoccupied for at least one year at the time of the filing of notice of intent to rehabilitate for the tax credit, and the estimated rehabilitation expenses are in excess of \$25,000,000 with respect to the entire abandoned building, without regard to any subdivision of the abandoned building into separate units or parcels. To qualify under this provision, a notice of intent to rehabilitate for the abandoned building site shall be filed during the current fiscal year, and the municipality or county in which the building site is located shall certify the building site pursuant to Section 12-67-160(A) of the 1976 Code making appropriate adjustments to such certification to be consistent with this provision. Amend the bill, as and if amended, Part IB, Section 33,

WEDNESDAY, JUNE 9, 2021

DEPARTMENT OF HEALTH & HUMAN SERVICES, beginning on page 325, by striking paragraph 33.25 and inserting:

/ 33.25. (DHHS: Family Planning Funds) ~~The State has enacted Section 43-5-1185 of the 1976 Code that prohibits state funds, directly or indirectly, from being utilized by Planned Parenthood for abortions, abortion services or procedures, or administrative functions related to abortions. Having prevented Planned Parenthood from performing abortions with state funds, once the federal injunction is lifted, the Department of Health and Human Services may not direct any federal funds to Planned Parenthood. An otherwise qualified organization may not be disqualified from receipt of these funds because of its affiliation with an organization that provides abortion services, provided that the affiliated organization that provides abortion services is independent of the qualified organization. An independent affiliate that provides abortion services must be separately incorporated from any organization that receives these funds. An organization that provides abortion services in compliance with Part 1.B., Proviso 33.12 of this act is excepted from the above restriction on state family planning funds and may receive state family planning funds.~~ The Department of Health and Human Services may not accept federal funds for family planning. None of the state funds appropriated for family planning may be expended to directly or indirectly subsidize abortion services or procedures or administrative functions and none of the funds appropriated herein may be paid or granted to an organization that provides abortion services. An otherwise qualified organization may not be disqualified from receipt of these funds because of its affiliation with an organization that provides abortion services, provided that the affiliated organization that provides abortion services is independent of the qualified organization. An independent affiliate that provides abortion services must be separately incorporated from any organization that receives these funds. An organization that provides abortion services where the life of the mother is at risk and the termination of the pregnancy is incidental to the lifesaving intervention is exempted from the above restriction on state family planning funds and may receive state family planning funds, provided that the physician shall act in accordance with the standard of care to preserve both the life of the mother and the life of the pre-born child. /

Amend the bill further, Part IB, Section 108, PUBLIC EMPLOYEE BENEFIT AUTHORITY, beginning on page 461, by striking paragraph 108.4 and inserting:

~~appropriated for employer contributions to the State Health Insurance Plan may be expended to reimburse the expenses of an abortion, except in cases of rape, incest or where the mother's medical condition is one which, on the basis of the physician's good faith judgment, so complicates the pregnancy as to necessitate an immediate abortion to avert the risk of her death or for which a delay will create serious risk of substantial and irreversible impairment of major bodily function, and the State Health Plan may not offer coverage for abortion services, including ancillary services provided contemporaneously with abortion services. The Public Employee Benefit Authority must determine the amount of the total premium paid for health coverage necessary to cover the risks associated with reimbursing participants in the plan for obtaining an abortion in the circumstances covered by this provision. The determination must be based on actuarial data and empirical study in the same manner and by the same method that other risks are adjusted for in similar circumstances. The plan must report this determination annually to the respective Chairmen of the Senate Finance Committee and the House Ways and Means Committee. No funds appropriated for employer contributions to the State Health Insurance Plan may be expended to reimburse the expenses of an abortion, and the State Health Plan may not offer coverage for abortion services, including ancillary services provided contemporaneously with abortion services. /~~

Indicates New Matter

The House assembled at 12:00 noon.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Jeremiah 1:4: "Now the Word of the Lord came to me saying, before I formed you in the womb I knew you, and before you were born I consecrated you."

Let us pray. Dear God, help us to see Your healing and saving work in our daily lives. Guide these men and women to use the gifts given to them to form good works for the State. Lead us in the right direction to do Your will. Bless and preserve our defenders of freedom and first responders as they care for us. Bless our World, Nation, President, State, Governor, Speaker, staff, and all who labor in this vineyard. Heal the wounds, those seen and those hidden, of our brave men and women who suffer and sacrifice for our freedom. Lord, in Your Mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of Wednesday, June 9, the SPEAKER ordered it confirmed.

The House assembled at 12:00 noon.

Deliberations were opened with prayer by Rev. Charles E. Seastrunk, Jr., as follows:

Our thought for today is from Psalm 130: "For with the Lord, there is steadfast love, and with Him is great power to redeem."

Let us pray. "O God, our help in ages past, Our hope for years to come, Be thou our guard while life shall last, And our eternal home." Thank You, O Lord, for caring for us. Keep watch over our defenders of freedom and first responders. Shine Your light upon our World, Nation, President, State, Governor, Speaker, staff, and all who serve in these Halls of Government. Heal the wounds, those seen and those hidden, of our brave men and women who suffer and sacrifice for our freedom. Lord, in Your Mercy, hear our prayers. Amen.

Pursuant to Rule 6.3, the House of Representatives was led in the Pledge of Allegiance to the Flag of the United States of America by the SPEAKER.

After corrections to the Journal of the proceedings of Monday, June 21, the SPEAKER ordered it confirmed.

COMMUNICATION

The following was received:

June 25, 2021
The Honorable James H. Lucas
Speaker of the House of Representatives
State House, Second Floor
Columbia, South Carolina 29201

TUESDAY, JUNE 29, 2021

Dear Mr. Speaker and Members of the General Assembly:

I am vetoing and returning without my approval certain line items in R. 116, H. 4100, the FY 2021-22 General Appropriations Act.

Over the past year, we have faced unprecedented challenges, from a disease we did not know. We experienced loss and we experienced suffering. But our people are strong and resilient, and have the commitment, capacity, and courage to thrive and prosper once again - like never before.

While many states immediately shuttered their economies, closed businesses and enacted draconian restrictions, South Carolina took a better approach. We never closed. Through our reasonable steps of limited, measured, and temporary actions targeting those establishments and activities involving close personal contact and high risks of infections, we combatted the virus without crippling our economy. Business continued. This is one reason that South Carolina is the 10th fastest growing state in the Nation.

Also, by being careful and conservative, freezing new spending and holding state government steady at the previous year's spending levels, we were able to avoid cutting services, raising taxes, or borrowing money. As a result, South Carolina's economy not only survived, it thrived - generating an over \$1 billion surplus, placing our State in a stronger financial position than virtually every other state in the country.

That's because we were thinking ahead. Now, we must continue to think ahead.

This year, my Executive Budget proposed bold investments that will ensure that South Carolina's future workforce possesses the education and skills necessary to compete for jobs and capital, both nationally and internationally. Once again, the General Assembly has embraced and adopted 166 of my proposals totaling \$1.58 billion dollars in the final 2021-22 General Appropriations Act.

Our successful partnership has once again produced a resounding win for the people and prosperity of South Carolina.

We have made a transformative investment in early childhood education through the expansion of full-day kindergarten for every

TUESDAY, JUNE 29, 2021

lower income four-year old child in the State. This expansion will allow parents to choose the public, private or for-profit childcare provider that best suits their child's educational needs.

By unleashing the free market into early childhood education with the entry of new providers, eliminating burdensome regulations and increasing the reimbursement rate, South Carolina's at-risk children - with each passing year - will increasingly arrive at school prepared and eager to learn and on track to make continued, life-long learning progress.

This state budget maintains our continued commitment to attract and retain our talented teachers through a \$1,000 across the board pay raise. While this raise is not the \$3,000 raise proposed in my Executive Budget for FY 2020-21, I am confident that the General Assembly shares my commitment to making future investments that will improve South Carolina's national ranking for average teacher pay.

It is critical that parents in South Carolina have confidence that their children are safe and secure while at school. This year we have finally fulfilled our commitment to provide funding to place a certified law enforcement school resource officer in every school, in every county, all day, every day. In addition, this state budget provides the necessary funding to place a school nurse in every school in our State and provides every school with additional access to a mental health counselor.

Future prosperity requires that our colleges, universities, and technical colleges are accessible and affordable for the sons and daughters of South Carolina.

This state budget provides \$80 million so that every South Carolinian who qualifies for federal needs-based financial aid - or by federal Pell Grants - has the necessary state financial assistance to attend any in-state public, private, independent college, university, or historically black college or university (HBCUs).

Also, this budget provides an additional \$40 million for high-demand jobs skills training. This includes such programs as our readySC direct training for prospective manufacturers locating in our State and for workforce scholarships and grants for South Carolinians to receive

TUESDAY, JUNE 29, 2021

skills-based certificates and accreditation at our state's technical colleges.

In addition, this state budget addresses the repairs needed at the aging, state-owned buildings, and infrastructure on the campuses of our colleges, universities, and technical colleges. By paying down the state's deferred maintenance liability with available one-time funds - rather than borrowing it - institutions of higher education will not pass along debt through tuition and fee hikes.

To keep South Carolinians safe, we must maintain a robust law enforcement presence - and properly "fund the police." Our state law enforcement agencies continue to lose valuable and experienced personnel because they are unable to remain competitive with pay and benefits.

This budget dedicates over \$21.1 million in new dollars to law enforcement, public safety and first response agencies for recruitment and retention. This includes pay raises for troopers, state law enforcement division agents, wildlife officers, probation agents, and corrections officers.

Gaps in our online connectivity continue to require significant investment. Broadband is no longer a luxury - it is a necessity, essential to ensuring a level playing field especially for those in rural areas. Emergency response, health care access, education - all increasingly rely on high-speed Internet access. This budget provides an additional \$10 million in state funds to continue the expansion of broadband through public and private partnerships.

Finally, I must applaud the General Assembly for passing the most transparent and accountable budget in modern times. After decades of overriding the vetoes of successive governors, the leadership of the Senate and House of Representatives took unprecedented steps to require the public disclosure of the sponsors and recipients of earmarked appropriations that were previously shielded from public view, debate, and scrutiny.

However, public transparency must be absolute and uncompromised in order to maintain the public's trust and confidence in their government. Disclosure of the sponsor and recipient is not enough. The

TUESDAY, JUNE 29, 2021

bulk of these earmarked appropriations still lack sufficient context, description, explanation of merit, or justification on how the recipient intends to spend the funds. Also, no matter how deserving the project, the public must be confident that proper accountability measures are in place to ensure the funds are spent by the recipient appropriately.

For these reasons, I must veto 226 of these earmarked appropriations totaling \$152.5 million. Because these earmarked appropriations are bundled together in seven different proviso subsections - it will require the veto of many of my Executive Budget proposals and projects.

There is a better way for the taxpayers. I once again ask the General Assembly to consider my proposal to create a public merit-based competitive grants process for these types of appropriations. Administered by state agencies, funds will only be made available to entities who demonstrate required community support and missions consistent with the policy goals and outcomes intended by the General Assembly. Further, all applications and award criteria will be placed online, allowing for public scrutiny and total transparency.

To my colleagues in the General Assembly I say: The people of South Carolina have benefited from our continued cooperation, communication, and collaboration. Let us continue to work together vigorously, thereby ensuring that future generations of South Carolinians can keep winning and prospering.

In that spirit, I ask that you thoughtfully consider and sustain each of the following vetoes:

Veto 1 - Department of Education, Part IB, Section 1, Page 294, Proviso 1.90, SDE: Reserve Suspension

This proviso provides an exemption from the cash reserve limitation requirements of Act 593 of 1992 for Dorchester County School District 2. This proviso alters permanent local legislation that has been in effect since 1992 and should be dealt with by separate, permanent legislation.

Veto 2 - Department of Education, Part IB, Section 1, Page 294, Proviso 1.92, SDE: Schools of Choice

TUESDAY, JUNE 29, 2021

This proviso, which allows a school district to create multiple schools of choice, is no longer needed due to passage of Act 20 of 2021.

Veto 3 - Department of Education, Part 1B, Section 1, Page 295, Proviso 1.95, SDE: Basic Skills for Admission to Teacher Preparation Program/Praxis Core

This proviso amends permanent law by allowing each institution of higher education to create its own system for admitting candidates into an undergraduate teacher preparation program. I am vetoing it for several reasons.

First, the proviso refers to the wrong code citation. Title 59, Chapter 26 of the Code of Laws of South Carolina deals with the training, certification, and evaluation of teachers.

Second, the proviso contradicts Section 59-26-10, et seq., of the South Carolina Code of Laws which requires the State Board of Education and the Commission on Higher Education to create “a fair, cohesive, and comprehensive system for the training” of educators in our State. The proviso excludes the Commission on Higher Education entirely from this process.

If each institution creates its own criteria for admitting candidates into an undergraduate teacher preparation program, then there is no longer a “system” of professional standards and runs the risk of lowering standards and diminishing the teaching profession.

Changing the system by which our institutions of higher education prepare teachers should be done through legislation and not through a proviso in the state budget. A Bill, H. 4152, was introduced this session on this issue, but has not yet been debated.

Veto 4 - Department of Health and Human Services, Part 1B, Section 33, Page 352, Proviso 33.24, DHHS: Personal Emergency Response System

This proviso requires the department to develop one or more request for proposals (RFP), to provide for Personal Emergency Response Systems (PERS) to be issued to Medicaid recipients pursuant to the department’s Medicaid Home and Community-based waiver.

TUESDAY, JUNE 29, 2021

Because an RFP has been produced by the department, this proviso is no longer needed.

Veto 5 - Department of Health and Environmental Control, Part 1B, Section 34, Page 363, Proviso 34.52, DHEC: Hazardous Waste Fund County Account

This proviso bypasses local government control over statutorily authorized Hazardous Waste Contingency Fund dollars, allowing funds to be directed for unknown and unaccountable purposes with no public transparency or fiscal oversight. This is dangerous and invites fraud and abuse.

Veto 6 - Patriots Point Development Authority, Part IB, Section 52, Page 391, Proviso 52.2, PPDA: Clamagore Reef - \$1,000,000

It is our understanding that the funds directed in this proviso as appropriated in Act 286 of 2014 have already been expended, and therefore, this proviso is no longer needed.

Veto 7 - Department of Revenue, Part IB, Section 109, Page 462, Proviso 109.12, DOR: Food Manufacturing Equipment

This proviso creates a new “temporary one year” sales tax exemption, joining the hundreds of existing piecemeal sales tax exemptions that hurt our state’s ability to compete for jobs, investment, and capital. Comprehensive tax reform must happen. Our neighbor states have reformed their tax codes and structure, leaving our State at a competitive disadvantage.

Veto 8 - Department of Revenue, Part IB, Section 109, Page 462, Proviso 109.13, DOR: Collection of Business License Taxes

This line is unnecessary following the passage of Act 176 of 2020.

Veto 9 - 15

Public transparency must be absolute and uncompromised in order to maintain the public’s trust and confidence in their government. Disclosure of the sponsor and recipient is not enough. The bulk of these earmarked appropriations contained in these seven provisos still lack

TUESDAY, JUNE 29, 2021

sufficient context, description, explanation of merit, or justification on how the recipient intends to spend the funds. Nor do these provisos contain any accountability measures to ensure the funds are spent by the recipient appropriately.

There is a better way for the taxpayers. I once again ask the General Assembly to consider my proposal to create a public merit-based competitive grants process for these types of appropriations. Administered by state agencies, funds will only be made available to entities who demonstrate required community support and missions consistent with the policy goals and outcomes intended by the General Assembly. Further, all applications and award criteria will be placed online, allowing for public scrutiny and total transparency.
