~~Indicates Matter Stricken~~
Indicates New Matter

The Senate assembled at 12:00 Noon, the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Ezekiel 37:2b, 3

We remember Ezekiel the prophet telling us:

“ . . . I saw a great many bones on the floor of the valley, bones that were very dry. He asked me, ‘ . . . can these bones live?’ ”

Join your heart with mine as we pray, please: Truly, O God, “dry bones” are all around us here in this Chamber: those tasks still not completed, the questions which remain unanswered, the lingering debates. We pray today, O Father, that You will inspire each one of Your servants here to do his and her best, to be filled with new energy, to bring “life” to matters that really need to be completed, and to move forward with determination, wisdom, and clarity. Also, Lord, we ask for Your gracious blessing upon all of our other leaders here in this State, as well those who serve our nation in Washington and elsewhere, plus all of our women and men in uniform who wrestle against darkness in places far around the globe as well as here at home. May we all find strength in You, Lord, to let “these bones live” -- to Your glory. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

Very respectfully,

TUESDAY, APRIL 20, 2021

Speaker of the House

Received as information.

Placed on Calendar for consideration tomorrow.

Message from the House

Columbia, S.C., April 20, 2021

Mr. President and Senators:

The House respectfully informs your Honorable Body that it has returned the following Resolution to the Senate with amendments:

S. 704 -- Senators Hembree, Massey and Malloy: A JOINT RESOLUTION TO PROVIDE FOR A RETURN TO FIVE-DAY, IN-PERSON CLASSROOM INSTRUCTION FOR THE 2020-2021 AND 2021-2022 SCHOOL YEAR, AND TO SUSPEND THE EARNINGS LIMITATION UNDER CERTAIN TERMS AND FOR CERTAIN MEMBERS OF THE SOUTH CAROLINA RETIREMENT SYSTEM.

Very respectfully,

Speaker of the House

Received as information.

Placed on Calendar for consideration tomorrow.

Motion Adopted

On motion of Senator HEMBREE, the Senate agreed to waive the provisions of Rule 32A requiring the Bill to be printed on the Calendar.

The Senate proceeded to a consideration of the Bill, the question being concurrence in the House amendments.

**HOUSE AMENDMENTS AMENDED
RETURNED TO THE HOUSE WITH AMENDMENTS**

The House returned the Bill with amendments.

The Senate proceeded to a consideration of the Bill, the question being concurrence in the House amendments.

Senator HEMBREE explained the House amendments.

Senators MASSEY, HEMBREE and MALLOY proposed the following amendment (704R003.SP.GH), which was adopted:

Amend the joint resolution, as and if amended, by striking all after the enacting words and inserting:

TUESDAY, APRIL 20, 2021

/SECTION 1. For the 2020-2021 School Year, every school district in the State must offer five-day, in-person classroom instruction to students no later than April 26, 2021. For the 2021-2022 School Year, every school district in the State must offer five-day, in-person classroom instruction to students.

SECTION 2. (A) Due to the significant health threat and risks associated with the 2019 novel coronavirus, also referred to as COVID-19, the earnings limitation imposed pursuant to Section 9-1-1790 does not apply to a retired member of the South Carolina Retirement System to the extent provided in subsection (B) if the member:

(1) retired on or before April 1, 2019; and

(2) returns to otherwise covered employment in the K-12 public education system.

(B) A retired member who meets the qualifications of subsection (A) may be hired and return to employment covered by the system and earn up to fifty thousand dollars annually without affecting the monthly retirement allowance that the member is receiving from the system. No retired member participating under this section may be compensated for an employment period exceeding thirty-six consecutive months. An employer shall notify the system of the engagement of a retirement member to perform services, and if an employer fails to notify the system of the engagement of a retired member to perform services, then the employer shall reimburse the system for all benefits wrongly paid to the retired member. Nothing in this joint resolution may be construed to require an employer to hire a person after that person has retired.

SECTION 3. (A) Due to the need for ongoing, high-quality instruction to address learning disruptions associated with COVID-19 for the 2021-2022 School Year, school districts are prohibited from assigning a teacher to deliver instruction to students simultaneously in-person and virtually, an approach often referred to as “dual-modality instruction,” unless it is reasonable and necessary due to extreme and unavoidable circumstances in order to ensure that all students have access to highly qualified instructors.

(B) In the event that a school district determines it is necessary for a teacher to deliver dual-modality instruction, the school district must provide additional compensation to the teacher.

(C) For any teacher assigned by a school district to dual-modality instruction, the school district must provide the State Department of Education with the name of the teacher, school where the teacher is employed, and subject area in which the teacher was hired to teach. The

TUESDAY, APRIL 20, 2021

State Department of Education shall report the information to the General Assembly at the completion of the school year.

SECTION 4. This joint resolution takes effect upon approval by the Governor.

Renumber sections to conform.

Amend title to conform.

Senator HEMBREE explained the amendment.

The question then was the adoption of the amendment.

The "ayes" and "nays" were demanded and taken, resulting as follows:

Amend the bill, as and if amended, by striking SECTION 1 in its entirety and inserting:

/SECTION 1. Chapter 1, Title 48 of the 1976 Code is amended by adding:

“Section 48-1-92. (A) The department is to regulate stormwater discharges of pre-production plastic at facilities that are not regulated based on the existing criteria of the National Pollutant Discharge Elimination System Stormwater Program. Pursuant to the program:

(1) pre-production plastics are those products, to include pellets, powders, and flakes, that are utilized in the production of plastic products;

(2) post-production plastics are those products created by activities including the melting, shaping, and molding of pre-production plastics;

(3) the department shall promulgate regulations to add an additional category of industrial activity so that the operators of facilities that are primarily engaged in the transportation, transloading, packaging, wholesale, or storing of pre-production plastics are subject to regulation by the program. The operators of facilities that transport, transload, package, wholesale, or store post-production plastics shall not be included; and

(4) pre-production plastic shall be classified as ‘other refuse’ for the purposes of the Water Classifications and Standards.

(B) The department shall promulgate regulations to implement best-practice requirements for facilities that are brought under regulation pursuant to this section, including:

(1) the installation of containment systems at all storm drain discharge locations at a facility that are down-gradient of an area where pre-production plastic is handled;

(2) measures to contain pre-production plastic during the storage, handling, or transfer of the pre-production plastic, including the use of:

(a) sealed containers that will not rupture under typical loading or unloading activities;

(b) capture devices under all transfer valves and devices used in loading, unloading, or otherwise transferring pre-production plastic; and

(c) vacuums or vacuum-type systems for the quick cleanup of fugitive pre-production plastic; and

TUESDAY, APRIL 20, 2021

(3) new best management practices reflecting updates in science and technology, or advances in detection and treatment technologies, as appropriate.

(C) The department may promulgate regulations necessary to implement the program and to provide additional requirements regarding the regulation of releases of pre-production plastic from facilities into the waters or onto the land of this State.

(D) A facility that violates a provision of this section shall:

(1) for a first violation during a five-year period, be subject to the department's enforcement procedures outlined in its Uniform Enforcement Policy;

(2) for a second violation during a five-year period, be assessed at least fifty percent of the maximum allowable penalty pursuant to Section 48-1-330; and

(3) for a third violation during a five-year period, be fined up to one hundred thousand dollars and have its permit revoked for five years."/

TUESDAY, APRIL 20, 2021

The Committee on Judiciary proposed the following amendment (JUD0464.003), which was adopted:

Amend the bill, as and if amended, by striking all after the enacting words and inserting therein the following:

/ SECTION 1. Section 58-31-20 of the 1976 Code of Laws is amended to read:

“Section 58-31-20 (A) The Public Service Authority consists of a board of twelve directors who reside in South Carolina and who have the qualifications stated in this section, as determined by the State Regulation of Public Utilities Review Committee pursuant to Section 58-3-530(14), before being appointed by the Governor with the advice and consent of the Senate as follows: one from each congressional district of the State; one from each of the counties of Horry, Berkeley, and Georgetown who reside in authority territory and are customers of the authority; and two from the State at large, one of whom must be chairman. Two of the directors must have substantial work experience within the operations of electric cooperatives or substantial experience on an electric cooperative board, including one of the two who must have substantial experience within the operations or board of a transmission or generation cooperative. Except to the extent they are serving in an ex-officio capacity, a A-director shall not serve as an employee or board member of an electric cooperative during his term as a director. Each director shall serve for a term of ~~seven~~ six years, except as provided in this section. At the expiration of the term of each director and of each succeeding director, the Governor, with the advice and consent of the Senate, must appoint a successor, who shall hold office for a term of ~~seven~~ six years or until his successor has been appointed and qualified. In the event of a director vacancy due to death, resignation, or otherwise, the Governor must appoint the director’s successor, with the advice and consent of the Senate, and the successor-director shall hold office for the unexpired term. A director shall not be appointed for more than two consecutive full terms. An appointment to an unexpired partial term shall not be considered for purposes of determining term limits.

A director may not receive a salary for services as director until the authority is in funds, but each director must be paid his actual expense in the performance of his duties, the actual expense to be advanced from the contingent fund of the Governor until the time the Public Service Authority is in funds, at which time the contingent fund must be reimbursed. After the Public Service Authority is in funds, the compensation and expenses of each member of the board must be paid from these funds, and the compensation and expenses must be fixed by

TUESDAY, APRIL 20, 2021

the advisory board established in this section. The authority may provide, at its expense, health insurance benefits to members of the board, through the State insurance plan or otherwise. Members of the board of directors may be removed for cause, pursuant to Section 1-3-240(C), by the Governor of the State, the advisory board, or a majority thereof. A member of the General Assembly of the State of South Carolina is not eligible for appointment as Director of the Public Service Authority during the term of his office. No more than two members from the same county may serve as directors at any time.

(B) Candidates for appointment to the board must be screened by the State Regulation of Public Utilities Review Committee and, prior to confirmation by the Senate, must be found qualified by meeting the minimum requirements contained in subsection (C). The review committee must submit a written report to the Clerk of the Senate setting forth its findings as to the qualifications of each candidate. A candidate must not serve on the board, even in an interim capacity, until he is screened and found qualified by the State Regulation of Public Utilities Review Committee.

(C)(1) Each member must possess abilities and experience that are generally found among directors of energy utilities serving this State and that allow him to make valuable contributions to the conduct of the authority's business. These abilities include substantial business skills and experience, but are not limited to:

~~(1)~~(a) general knowledge of the history, purpose, and operations of the Public Service Authority and the responsibilities of being a director of the authority;

~~(2)~~(b) the ability to interpret legal and financial documents and information so as to further the activities and affairs of the Public Service Authority;

~~(3)~~(c) with the assistance of counsel, the ability to understand and apply federal and state laws, rules, and regulations including, but not limited to, Chapter 4 of Title 30 as they relate to the activities and affairs of the Public Service Authority; and

~~(4)~~(d) with the assistance of counsel, the ability to understand and apply judicial decisions as they relate to the activities and affairs of the Public Service Authority.

(2) Each member must also have:

(a) a baccalaureate or more advanced degree from:

(i) a recognized institution of higher learning requiring face-to-face contact between its students and instructors prior to completion of the academic program;

TUESDAY, APRIL 20, 2021

(ii) an institution of higher learning that has been accredited by a regional or national accrediting body; or

(iii) an institution of higher learning chartered before 1962;
and

(b) a background of substantial duration and an expertise in at least one of the following:

(i) energy issues;

(ii) consumer protection and advocacy issues;

(iii) water and wastewater issues;

(iv) finance, economics, and statistics;

(v) accounting;

(vi) engineering; or

(vii) law.

(D) For the assistance of the board of directors of the Public Service Authority, there is hereby established an advisory board to be known as the advisory board of the South Carolina Public Service Authority, to be composed of the Governor of the State, the Attorney General, the State Treasurer, the Comptroller General, and the Secretary of State, as ex officio members, who must serve without compensation other than necessary traveling expenses. The advisory board must perform any duties imposed on it pursuant to this chapter, and must consult and advise with the board of directors on any and all matters which by the board of directors may be referred to the advisory board. The board of directors must make annual reports to the advisory board, which reports must be submitted to the General Assembly by the Governor, in which full information as to all of the acts of said board of directors shall be given, together with financial statement and full information as to the work of the authority. On July first of each year, the advisory board must designate a certified public accountant or accountants, ~~resident in the State,~~ for the purpose of making a complete audit of the affairs of the authority, ~~which must be filed with the annual report of the board of directors. The Public Service Authority must submit the audit to the General Assembly. The board of directors must submit annual reports required by Section 58-3-530(17) to the advisory board.~~

(E)(1) The following shall be nonvoting ex officio members of the board of directors entitled to attend all meetings of the authority board, including any executive sessions, except as set forth below:

The Chairman of Central Electric Power Cooperative, or his designee, and one member of the Board of Central Electric Power Cooperative chosen by that board who is not the Chairman or his designee. The ex officio members shall have the same obligations and

TUESDAY, APRIL 20, 2021

duties as other members of the board, except the obligation to vote, and are subject to removal in the same manner as other board members. An ex officio member that has otherwise satisfied all obligations and duties owed to the Public Service Authority shall not be liable for matters directly related to either the process of voting nor a decision determined by a vote of the board of directors.

(2) The ex officio members may be excluded from executive session where the following matters are being discussed: (1) negotiations incident to proposed contractual arrangements with a customer, including Central Electric Cooperative, Inc., or receiving legal advice involving a customer, Central Electric Power Cooperative Inc. or one of its members; and (2) discussions regarding generation resources that will not be shared resources under any wholesale power supply agreement between the authority and Central Electric Power Cooperative or receiving legal advice in relation thereto. Upon advice of counsel that a conflict may exist for an ex officio member of the board to attend an executive session or a portion thereof to discuss matters other than (1) and (2) above, the board may exclude, by a majority vote, the ex officio member from those portions of an executive session for which a conflict may exist. The reason for the conflict must be stated before the vote is taken and should be recorded in official minutes or other records of the meeting. The ex officio member of the board must be given an opportunity to speak to the conflict and the underlying issue at the beginning of the executive session. After being provided the opportunity to speak as provided in this provision, the ex officio member must leave the room and may not participate in the remainder of the executive session on the issue giving rise to the conflict. The decision of the Board of Directors to exclude an ex officio member due to a conflict is not appealable to any court. Efforts should be taken to optimize participation of ex officio members by segmenting executive sessions.

(3) Ex officio members will serve immediately but must meet the qualifications set forth in Section 58-31-20(C) as verified by the Public Utilities Review Committee within six months of beginning service as an ex officio member. They will not be entitled to receive compensation from the Public Service Authority for their service as an ex officio member and will not be counted for purposes of determining a quorum.

(F) In making appointments to the Board of Directors, the Governor, in making appointments and the Senate, in its advice and consent capacity, must give due consideration to race, gender, and other demographic factors to assure nondiscrimination, inclusion, and

TUESDAY, APRIL 20, 2021

representation to the greatest extent possible of all segments of the population of this State.

SECTION 2. Chapter 31, Title 58 of the 1976 Code is amended by adding:

“Section 58-31-225. The Office of Regulatory Staff, under the provisions of this section, is hereby vested with the authority and jurisdiction to make inspections, audits, and examinations of the Public Service Authority pursuant to the provisions of Chapter 4, Title 58, relating to the electric and water rates established by the Public Service Authority. Upon completion of an authorized inspection, audit, or examination, the Office of Regulatory Staff must report its findings to the management and board of the Public Service Authority and attempt to resolve with the management and board any issues that are identified. The Public Service Authority must post information regarding its electric and water rates on its website.”

SECTION 3. Chapter 31, Title 58 is amended by adding:

“Article 7 - NEW STATUTORY PROVISIONS

Retail Rates Process

Section 58-31-710. The Public Service Authority, through its board of directors, shall adopt and publish pricing principles that respect and balance factors including, but not limited to, adherence to the Authority’s mission to be a low-cost provider, reliability, transparency, preservation of the Authority’s financial integrity, equity among customer classes, gradualism in adjustments to its pricing and rate schedule type, encouragement of efficiency and demand response, adequate notice to customers, and relief mechanisms for financially distressed customers. The Authority shall also maintain and continue to offer rate schedules and options that provide demand-side management flexibility, including, but not limited to, non-firm sales and interruptible power rates, and conservation opportunities to its customers.

Section 58-31-720. For purposes of this Article “customer” shall include the authority’s residential, commercial and industrial retail customers, and those wholesale customers served pursuant to contractual arrangements but excluding joint action agencies and those entities located outside the State.

Section 58-31-730. Prior to creating or revising any of its board-approved retail rate schedules, the Public Service Authority, through resolution of its board of directors or otherwise, shall adopt a process that shall include the following:

TUESDAY, APRIL 20, 2021

(A) The authority shall provide notice to all customers at least one hundred and eighty days before the board of directors' vote on a proposed rate adjustment.

(1) The one hundred and eighty days' notice required under this section is established to allow customers to provide comments to the authority as follows:

(a) written comments to the authority for ninety days from the date of notice; and

(b) oral comments to the authority for one hundred twenty days from the date of notice.

(2) The notice required by this subsection must be given in the following forms:

(a) by first-class United States mail addressed to the customer's billing address in the authority's records at the time of the notice, or for customers who have elected paperless billing, by the same means of communication used for providing these customers paperless billing;

(b) by advertisements to be published in newspapers of general circulation within the service territory of the authority;

(c) by way of the authority's regularly maintained website, including a conspicuous portal or link accessible from the website's landing page; and

(d) by issuance of a news release to local news outlets.

(3) The notice of proposed rate adjustments required by this subsection shall contain the following information:

(a) the date, time, and location of all public meetings;

(b) the date, time, and location of the meeting at which a proposed rate adjustment is expected to be submitted to the board of directors for its consideration;

(c) the date, time, and location of the meeting at which the board of directors is expected to vote on the proposed rate adjustment;

(d) a notification to customers of their right to:

(i) review the proposed rate schedules;

(ii) appear and speak in person concerning the proposed rates at public meetings or the specified meetings of the board of directors; and

(iii) submit written comments;

(e) the means by which customers can submit written comments, including the email and physical addresses to which written comments may be submitted, and the deadline for submitting such comments; and

TUESDAY, APRIL 20, 2021

(f) the means by which customers can access and review the authority's written report containing the proposed rate adjustments, the non-proprietary and non-confidential portions of any rate study or other documentation developed by the authority in support of the rate adjustment which shall be available at the time the notice is issued.

(4) Contemporaneously with notice to customers, the authority shall provide notice of proposed rate adjustments to the Office of Regulatory Staff.

(B) In addition to the requirements of notice set forth above, the authority shall provide for the following in its retail rate adjustment process:

(1) the Office of Regulatory Staff must review any rate adjustments proposed to the authority's board of directors under this article. In accomplishing its responsibilities under this article, the Office of Regulatory Staff must use the authority granted to it pursuant to Section 58-31-225. The Office of Regulatory Staff must treat as confidential or proprietary the information provided by the authority pursuant to this subsection that is identified by the authority as such unless or until the authority agrees that such information is no longer confidential or proprietary. Any disputes concerning whether such information is subject to protection must be resolved by the board of directors.

(2) a comprehensive review of the authority's rate structure and rates, consistent with the provisions of Chapter 31, Title 58, and the Public Service Authority's bond covenants concerning the Public Service Authority's revenue requirements, provided that:

(a) management may engage consultants as necessary to assist the authority in completing this review; and

(b) this review should include such subjects as the authority's revenue requirements, rate/tariff design recognizing the provisions of any wholesale power supply agreement, and a comprehensive cost of service analysis that includes an allocation of costs, between wholesale and retail customers, and among all classes of retail customers, including residential, commercial and industrial classes;

(3) a written report of management's recommendations concerning proposed rate adjustments;

(4) beginning no later than the date that notice of the proposed rate adjustment is issued by the authority, an opportunity for customers and the Office of Regulatory Staff, in advance of the board of directors' consideration and determination of rates, to review the proposed rate schedules and written findings and analyses of employees and

TUESDAY, APRIL 20, 2021

consultants retained by the authority that support the proposed rate adjustments, provided that:

(a) the authority also shall provide customers and the Office of Regulatory Staff access to proposed rate schedules and written findings and analyses of employees and consultants retained by the authority that support the proposed rate adjustments, such materials to be made available at a physical location, at public meetings, and posted on the authority's website; and

(b) the authority shall not be required to provide to customers analyses which disclose the commercially sensitive information of individual customers or which is otherwise proprietary or confidential;

(5) public meetings, to be held at locations convenient for customers and within the authority's service territory, provided that:

(a) the authority shall convene at least two public meetings at a minimum of two locations within its service territory for the purpose of presenting the proposed rate adjustment and relevant information regarding the same to customers for their information and comment;

(b) customers may appear and speak in person at public meetings and direct comments and inquiries about the rate adjustment to representatives of the authority;

(c) at least one representative of the authority's staff or management and at least one member of the board of directors shall attend each public meeting;

(d) the authority shall cause a transcript of all such meetings to be prepared and maintained as a public record and for consideration by the board of directors prior to its consideration and vote on a proposed rate adjustment; and

(e) the contents of this item must not be construed in such a manner as to prevent the authority from extending the prescribed timelines, holding additional public meetings, holding additional meetings with customers as may be scheduled from time to time at the convenience of the authority and the customers, or having additional representatives of staff, management, or the board of directors in attendance at such meetings;

(6) the authority's management shall respond to reasonable questions and requests for information from customers and the Office of Regulatory Staff during the comment period regarding the rate proposal, subject to the appropriate protection of confidential information. All information provided to the Office of Regulatory Staff upon request that is not confidential or proprietary shall be made publicly available immediately following disclosure to the requesting party;

TUESDAY, APRIL 20, 2021

(7) submission by the Office of Regulatory Staff of written comments and supporting documentation in the same manner as customers and an opportunity for the Office of Regulatory Staff to provide comments to, and answer questions from, the board of directors;

(8) a meeting of the board of directors, separate from its scheduled vote on proposed rate adjustments and no less than one hundred twenty days from the date of notice required pursuant to Section 58-31-730(A), at which the board of directors shall receive written comments received in accordance with Section 58-31-730(A)(1), and transcripts of the public meetings, provided that:

(a) at this meeting customers who will be affected by a rate adjustment shall be entitled to appear and speak in person for a reasonable amount of time to offer their comments directly to the board of directors;

(b) customer comments received by the authority prior to this meeting and transcripts of the public meetings shall be submitted to the board of directors for their consideration in the determination of rates;

(c) submissions from the Office of Regulatory Staff shall be provided to the board of directors for their consideration in the determination of rates; and

(d) the authority shall cause a transcript of this meeting to be prepared and maintained as a public record;

(9) a meeting of the board of directors, separate from its scheduled vote on proposed rate adjustments and no less than one hundred fifty days from the date of notice required pursuant to Section 58-31-730(A), at which it shall receive the authority management's recommendation, which shall be made publicly available, concerning proposed rate adjustments, the proposed rate schedules, and documentation supporting the same; and

(10) a meeting at which the board of directors votes on the proposed rate adjustment, following notice as set forth in subsection (A) and completion of the process implemented by the board of directors pursuant to subsection (B).

(C) Rates shall become effective no earlier than sixty days following board approval of proposed rate adjustments.

(D) Nothing contained in this section may be construed to limit or derogate from the state's covenants as provided in Sections 58-31-30 and 58-31-360, and those covenants are hereby reaffirmed.

(E) The board of directors shall utilize consultants independent from the authority's management and is authorized to hire independent outside

TUESDAY, APRIL 20, 2021

experts and consultants as necessary to fulfill the board of directors' obligations and duties pursuant to this section.

(F) Notwithstanding the provisions of this section, the authority may place such adjusted rates and charges into effect on an interim basis under emergency circumstances such as the avoidance of default of its obligations and to ensure proper maintenance of its system. Said adjusted rates and charges shall be subject to prospective rate adjustment in accordance with the terms of this section, provided further, that the authority may implement experimental rates on an interim basis for the purpose of developing improved rate offerings for customers. These experimental rates will be enacted for no longer than four years and (a) for large industrial customers, no more than twelve percent of the large industrial customer class except large industrial customers with one hundred megawatts or greater load shall be excluded from any class size limit, and (b) for all other customers no more than five percent of the customers in the class. All experimental rates must be disclosed in public session of the board prior to being enacted and are subject to approval by the board only to the extent that they meet the requirements of 58-31-55.

(G) Judicial review of decisions by the board of directors under this article shall be by direct appeal to the South Carolina Supreme Court. The service of a notice of appeal from a decision of the board of directors pursuant to this article does not act to automatically stay the matters decided in the decision, in the same manner as provided by Rule 241(b)(11) of the South Carolina Appellate Court Rules. Rate adjustments approved by the board of directors pursuant to this article have been authorized by law.

(1) The Office of Regulatory Staff, or any customer who has submitted written or oral comments as permitted under this article is considered a "party in interest" entitled to obtain judicial review of any final decision of the board under this article by appealing in the manner provided by Rule 203(b)(6) of the South Carolina Appellate Court Rules as applicable to appeals from administrative tribunals. No right to appeal accrues unless a request for reconsideration is submitted to the board and refused as set out in S.C. Code Ann. Section 58-31-730(G)(2).

(2) Any party in interest seeking to appeal must first submit, within ten days after the decision of the board, a request for reconsideration. The board of directors shall either grant or refuse such request within twenty days of receipt. If the board grants the request for reconsideration, it must meet to consider the request within thirty days.

TUESDAY, APRIL 20, 2021

(3) On appeal, the South Carolina Supreme Court may not substitute its judgment for the judgment of the board of directors as to the weight of the evidence on questions of fact. The court may affirm the decision of the board of directors or remand the case to the board of directors for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the board's findings, inferences, conclusions, or decisions are:

- (a) in violation of constitutional or statutory provisions;
- (b) in excess of the statutory authority of the authority;
- (c) made upon unlawful procedure;
- (d) affected by other error of law;
- (e) clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or
- (f) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

(H) The procedure provided in this article is the exclusive process for challenging any rate adjustments approved by the board of directors. If a party in interest successfully challenges a rate approval decision on appeal, the exclusive remedy is a prospective adjustment of a new rate by the board of directors. The board of directors possesses authority only to adjust rates prospectively and has no authority to refund amounts collected pursuant to a rate adjustment approved pursuant to this article. The filed rate doctrine protects any such rate adjustment decisions from any collateral attack, which includes, but is not limited to, any claim that a rate adjustment decision by the board of directors violates S.C. Code Ann. Sections 58-31-55, 58-31-56, or 58-31-57.

Section 58-31-740. The authority shall submit to the Office of Regulatory Staff a pricing report each year, and its report must include an analysis of the adherence to the pricing principles required in Section 58-31-710, the current and projected electric customer pricing, a comparison of pricing to other utilities, and an analysis of the rates of return by customer class. After its review, the ORS shall issue comments on the authority's annual pricing report to the authority's board of directors and the Public Utility Review Committee."

SECTION 4. Section 58-33-20 of the 1976 Code of Laws is amended to read:

"Section 58-33-20. (1) The term 'commission' means Public Service Commission.

(2) The term 'major utility facility' means:

TUESDAY, APRIL 20, 2021

(a) electric generating plant and associated facilities designed for, or capable of, operation at a capacity of more than seventy-five megawatts.

(b) an electric transmission line and associated facilities of a designed operating voltage of one hundred twenty-five kilovolts or more; provided, however, that the words ‘major utility facility’ shall not include electric distribution lines and associated facilities, ~~nor shall the words ‘major utility facility’ include electric transmission lines and associated facilities leased to and operated by (or which upon completion of construction are to be leased to and operated by) the South Carolina Public Service Authority.~~

(3) The term ‘commence to construct’ means any clearing of land, excavation, or other action that would adversely affect the natural environment of the site or route of a major utility facility, but does not include surveying or changes needed for temporary use of sites or routes for nonutility purposes, or uses in securing geological data, including necessary borings to ascertain foundation conditions.

(4) The term ‘municipality’ means any county or municipality within this State.

(5) The term ‘person’ includes any individual, group, firm, partnership, corporation, cooperative, association, government subdivision, government agency, local government, municipality, any other organization, or any combination of any of the foregoing, and ~~but~~ shall ~~not~~ include the South Carolina Public Service Authority.

(6) The term ‘public utility’ or ‘utility’ means any person engaged in the generating, distributing, sale, delivery, or furnishing of electricity for public use.

(7) The term ‘land’ means any real estate or any estate or interest therein, including water and riparian rights, regardless of the use to which it is devoted.

(8) The term ‘certificate’ means a certificate of environmental compatibility and public convenience and necessity.

(9) The term ‘regulatory staff’ means the executive director or the executive director and the employees of the Office of Regulatory Staff.”

SECTION 5. Section 58-33-110(4) of the 1976 Code of Laws is amended to read:

“(4) This chapter shall not apply to any major utility facility:

(a) The construction of which is commenced within one year after January 1, 1972; or

(b) For which, prior to January 1, 1972, an application for the approval has been made to any Federal, State, regional or local

TUESDAY, APRIL 20, 2021

governmental agency which possesses the jurisdiction to consider the matters prescribed for finding and determination in subsection (1) of Section 58-33-160.

(c) For which, prior to January 1, 1972, a governmental agency has approved the construction of the facility and indebtedness has been incurred to finance all or part of the cost of such construction;~~or~~

(d) Which is a hydroelectric generating facility over which the Federal Power Commission has licensing jurisdiction;or

(e) Which is a transmission line or associated electrical transmission facilities constructed by the South Carolina Public Service Authority, for which construction either is commenced within one year after January 1, 2022, or is necessary to maintain system reliability in connection with the closure of the Winyah Generating Station, provided that such transmission is not for generation subject to this chapter.”

SECTION 6. Section 58-37-40 of the 1976 Code of Laws is amended to read:

“Section 58-37-40. (A) Electrical utilities, electric cooperatives, municipally owned electric utilities, and the South Carolina Public Service Authority must each prepare an integrated resource plan. An integrated resource plan must be prepared and submitted at least every three years. Nothing in this section may be construed as requiring interstate natural gas companies whose rates and services are regulated only by the federal government or gas utilities subject to the jurisdiction of the commission to prepare and submit an integrated resource plan.

(1) Each electrical utility with one hundred thousand or more customer accounts must submit its integrated resource plan to the commission. The integrated resource plan must be posted on the electrical utility’s website and on the commission’s website.

(2) Electric cooperatives, electric utilities with less than one hundred thousand customer accounts, and municipally owned electric utilities shall each submit an integrated resource plan to the State Energy Office. Each integrated resource plan must be posted on the State Energy Office’s website. If an electric cooperative, electric utility with less than one hundred thousand customer accounts, or municipally owned utility has a website, its integrated resource plan must also be posted on its website. For distribution, electric cooperatives that are members of a cooperative that provides wholesale service, the integrated resource plan may be coordinated and consolidated into a single plan provided that nonshared resources or programs of individual distribution cooperatives are highlighted. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to a distribution or wholesale cooperative

TUESDAY, APRIL 20, 2021

or a municipally owned electric utility as a result of the cooperative or the municipally owned electric utility not owning or operating generation resources, the plan may state that fact or refer to the plan of the wholesale power generator. Where plan components listed in subsections (B)(1) and (2) of this section do not apply to an electrical utility with less than one hundred thousand customer accounts as a result of its own generation resources being comprised of more than seventy-five percent renewable energy or because it purchases wholesale load balancing generation services, then plan may state that fact or refer to the plan of the wholesale power generator. For purposes of this section, a wholesale power generator does not include a municipally created joint agency if that joint agency receives at least seventy-five percent of its electricity from a generating facility owned in partnership with an electrical utility and that electrical utility:

(a) generally serves the area in which the joint agency's members are located; and

(b) is responsible for dispatching the capacity and output of the generated electricity.

~~(3) The South Carolina Public Service Authority shall submit its integrated resource plan to the State Energy Office. The integrated resource plan must be developed in consultation with the electric cooperatives and municipally owned electric utilities purchasing power and energy from the Public Service Authority and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The integrated resource plan must be posted on the State Energy Office's website and on the Public Service Authority's website.~~

(3) The South Carolina Public Service Authority shall adopt and publish resource planning principles that respect and balance factors including, but not limited to, customer focus, cost management, system reliability, risk and financial integrity to be used in development of its integrated resource plan, and shall submit an integrated resource plan to the Public Service Commission, the State Energy Office, and the Public Utilities Review Committee.

(a) The integrated resource plan must provide the information required in Section 58-37-40(B) and must be developed in consultation with the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities purchasing power

TUESDAY, APRIL 20, 2021

and energy from the Public Service Authority, and consider any feedback provided by retail customers; and shall include the effect of demand-side management activities of the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The Integrated Resource Plan of the South Carolina Public Service Authority shall include and evaluate at least one resource portfolio, which will reflect the closure of the Winyah Generating Station by 2028, designed to provide safe and reliable electricity service while meeting a net zero carbon emission goal by the year 2050.

(b) The commission shall not have the authority to approve or disapprove of the integrated resource plan but must have a public hearing for interested parties to comment on the integrated resource plan. Prior to the public hearing, the commission shall have a proceeding to review the Public Service Authority's integrated resource plan which allows intervention by interested parties. The commission shall establish a procedural schedule establishing the date for the public hearing and to permit testimony and reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. The Office of Regulatory Staff shall also provide comments regarding the integrated resource plan, including, but not limited to, any material differences between it and the integrated resource plan submitted to the Energy Office by the electric cooperatives. No later than three hundred days after the Public Service Authority files an integrated resource plan the commission shall issue a plan assessment applying the standards and factors set forth in Section 58-37-40(C)(2) as applied to electrical utilities and deliver it to the Public Service Authority's board of directors and the Public Utilities Review Commission. The parties to the proceeding will have an opportunity to file a proposed plan assessment for consideration by the commission prior to the commission issuing its final plan assessment.

(c) Within sixty days after the issuance of the commission's plan assessment, the Board of the Public Service Authority shall meet to consider the comments received from the public hearing and the Office of Regulatory Staff, and the commission's plan assessment. The integrated resource plan must be finalized within the following sixty days and submitted to the commission, the Office of Regulatory Staff

TUESDAY, APRIL 20, 2021

and the Public Utilities Review Committee, and posted on the Public Service Authority's website.

(d) Nothing in this Chapter of Title 58 gives the Public Service Commission or the Public Service Authority the power to amend or alter in any way any wholesale power supply agreement between the Public Service Authority and Central Electric Power Cooperative.

(B)(1) An integrated resource plan shall include all of the following:

(a) a long-term forecast of the utility's sales and peak demand under various reasonable scenarios;

(b) the type of generation technology proposed for a generation facility contained in the plan and the proposed capacity of the generation facility, including fuel cost sensitivities under various reasonable scenarios;

(c) projected energy purchased or produced by the utility from a renewable energy resource;

(d) a summary of the electrical transmission investments planned by the utility;

(e) several resource portfolios developed with the purpose of fairly evaluating the range of demand-side, supply-side, storage, and other technologies and services available to meet the utility's service obligations. Such portfolios and evaluations must include an evaluation of low, medium, and high cases for the adoption of renewable energy and cogeneration, energy efficiency, and demand response measures, including consideration of the following:

(i) customer energy efficiency and demand response programs;

(ii) facility retirement assumptions; and

(iii) sensitivity analyses related to fuel costs, environmental regulations, and other uncertainties or risks;

(f) data regarding the utility's current generation portfolio, including the age, licensing status, and remaining estimated life of operation for each facility in the portfolio;

(g) plans for meeting current and future capacity needs with the cost estimates for all proposed resource portfolios in the plan;

(h) an analysis of the cost and reliability impacts of all reasonable options available to meet projected energy and capacity needs; and

(i) a forecast of the utility's peak demand, details regarding the amount of peak demand reduction the utility expects to achieve, and the actions the utility proposes to take in order to achieve that peak demand reduction.

TUESDAY, APRIL 20, 2021

(2) An integrated resource plan may include distribution resource plans or integrated system operation plans.

(C)(1) For each electrical utility subject to subsection (A)(1), theThe commission shall have a proceeding to review each electrical utility's integrated resource plan. As part of the integrated resource plan filing, the commission shall allow intervention by interested parties. The commission shall establish a procedural schedule to permit reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. No later than three hundred days after an electrical utility files an integrated resource plan, the commission shall issue a final order approving, modifying, or denying the plan filed by the electrical utility.

(2) The commission shall approve an electrical utility's integrated resource plan if the commission determines that the proposed integrated resource plan represents the most reasonable and prudent means of meeting the electrical utility's energy and capacity needs as of the time the plan is reviewed. To determine whether the integrated resource plan is the most reasonable and prudent means of meeting energy and capacity needs, the commission, in its discretion, shall consider whether the plan appropriately balances the following factors:

- (a) resource adequacy and capacity to serve anticipated peak electrical load, and applicable planning reserve margins;
- (b) consumer affordability and least cost;
- (c) compliance with applicable state and federal environmental regulations;
- (d) power supply reliability;
- (e) commodity price risks;
- (f) diversity of generation supply; and
- (g) other foreseeable conditions that the commission determines to be for the public interest.

(3) If the commission modifies or rejects an electrical utility's integrated resource plan, the electrical utility, within sixty days after the date of the final order, shall submit a revised plan addressing concerns identified by the commission and incorporating commission-mandated revisions to the integrated resource plan to the commission for approval. Within sixty days of the electrical utility's revised filing, the Office of Regulatory Staff shall review the electrical utility's revised plan and submit a report to the commission assessing the sufficiency of the revised filing. Other parties to the integrated resource plan proceeding also may

TUESDAY, APRIL 20, 2021

submit comments. No later than sixty days after the Office of Regulatory Staff report is filed with the commission, the commission at its discretion may determine whether to accept the revised integrated resource plan or to mandate further remedies that the commission deems appropriate.

(4) The submission, review, and acceptance of an integrated resource plan by the commission, or the inclusion of any specific resource or experience in an accepted integrated resource plan, shall not be determinative of the reasonableness or prudence of the acquisition or construction of any resource or the making of any expenditure. The electrical utility shall retain the burden of proof to show that all of its investments and expenditures are reasonable and prudent when seeking cost recovery in rates.

(D)(1) ~~An~~ Each electrical utility subject to subsection (A)(1) shall submit annual updates to its integrated resource plan to the commission. An annual update must include an update to the electric utility's base planning assumptions relative to its most recently accepted integrated resource plan, including, but not limited to: energy and demand forecast, commodity fuel price inputs, renewable energy forecast, energy efficiency and demand-side management forecasts, changes to projected retirement dates of existing units, along with other inputs the commission deems to be for the public interest. The electrical utility's annual update must describe the impact of the updated base planning assumptions on the selected resource plan.

(2) The Office of Regulatory Staff shall review each electric utility's annual update and submit a report to the commission providing a recommendation concerning the reasonableness of the annual update. After reviewing the annual update and the Office of Regulatory Staff report, the commission may accept the annual update or direct the electrical utility to make changes to the annual update that the commission determines to be in the public interest.

(E) The commission is authorized to promulgate regulations to carry out the provisions of this section."

SECTION 7. Section 58-3-530 of the 1976 Code of Laws is amended by adding the following numbered subsections to read:

"(16) to conduct an annual performance review of each member of the South Carolina Public Service Authority Board of Directors, which must be submitted to the General Assembly. Directors shall be entitled to submit documentation in advance of the annual review regarding actions taken and expert opinions received. A draft of each director's performance review must be submitted to the director, and the director must be allowed an opportunity to be heard before the review committee

TUESDAY, APRIL 20, 2021

before the final draft of the performance review is submitted to the General Assembly. The final performance review must be made a part of the director's record for consideration if the member is reappointed to the Board.

As part of the performance review, the review committee will provide a mechanism by which parties, including the Office of Regulatory Staff, who have an interest in the oversight of the South Carolina Public Service Authority by its board may submit a confidential survey evaluating the directors. At a minimum, the survey must include the following:

- (a) knowledge and application of substantive utility issues;
- (b) ability to perceive relevant issues;
- (c) absence of influence by political considerations;
- (d) temperament and demeanor in general, preparation for and attentiveness during meetings;

(17) to evaluate the actions of the South Carolina Public Service Authority Board, to the end that the members of the General Assembly may better judge whether these actions serve the best interests of the customers of the Public Service Authority, both retail and wholesale.

The Public Service Authority shall submit an annual report in which full information as to all of the acts of the board of directors shall be given, together with financial statements and full information as to the work of the Public Service Authority. The report shall include, but is not limited to, (i) a report from an independent consulting engineer every two years, (ii) an annual report demonstrating adherence to the resource planning principles established pursuant to Section 58-37-40 and the pricing principles established pursuant to Section 58-31-710, and (iii) the annual report of its external auditor; and

(18) to submit to the General Assembly, on an annual basis, the review committee's evaluation of the performance of the South Carolina Public Service Authority Board. A proposed draft of the evaluation must be submitted to the board prior to submission to the General Assembly, and the board must be given an opportunity to be heard before the review committee prior to the completion of the evaluation and its submission to the General Assembly."

SECTION 8. Section 58-31-55 of the 1976 Code of Laws is amended to read:

"Section 58-31-55. (A) A director shall discharge his duties as a director, including his duties as a member of a committee:

- (1) in good faith;

TUESDAY, APRIL 20, 2021

(2) with the care an ordinarily prudent person in a like position would exercise under similar circumstances; and

(3) in a manner he reasonably believes to be in the best interests of the Public Service Authority. As used in this chapter, 'best interests' means a balancing of the following:

(a) preservation of the financial integrity of the Public Service Authority and its ongoing operations ~~of generating, transmitting, and distributing electricity to wholesale and retail customers on a reliable, adequate, efficient, and safe basis, at just and reasonable rates, regardless of the class of customer;~~

(b) the interest of the Public Service Authority's residential, commercial and industrial retail customers and those wholesale customers served pursuant to contractual arrangements but excluding joint action agencies and those entities located outside the State, in reliable, adequate, efficient, and safe service, at just and reasonable rates, regardless of customer class;

(c) maintenance, preservation and keeping of the Public Service Authority's properties and all additions and betterments thereto and extension thereof and every part and parcel in thereof, in good repair, working order and condition; ~~(b)(d)~~ the support of, economic development and job attraction and retention within the Public Service Authority's present service area or areas within the State authorized to be served by an electric cooperative or municipally owned electric utility that is a direct or indirect wholesale customer of the authority, provided the remaining items of this subsection have been met; and

~~(e)(e)~~ subject to the limitations of Section 58-31-30(B) and item (A)(3)(a) of this section, exercise of the powers of the authority set forth in Section 58-31-30 in accordance with good business practices and the requirements of applicable licenses, laws, and regulations.

(B) In discharging his duties, a director is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

(1) one or more officers or employees of the Public Service Authority whom the director reasonably believes to be reliable and competent in the matters presented;

(2) legal counsel, public accountants, or other persons as to matters the director reasonably believes are within the person's professional or expert competence; or

(3) a committee of the board of directors of which he is not a member if the director reasonably believes the committee merits confidence.

TUESDAY, APRIL 20, 2021

(C) A director is not acting in good faith if he has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (B) unwarranted.

(D) A director is not liable for any action taken as a director, or any failure to take any action, if he performed the duties of his office in compliance with this section.

(E) An action against a director for failure to perform the duties imposed by this section must be commenced within three years after the cause of action has occurred, or within two years after the time when the cause of action is discovered or should reasonably have been discovered, whichever occurs sooner. This limitations period does not apply to breaches of duty which have been concealed fraudulently.”

SECTION 9. Section 1-3-240(C)(1)(m) of the 1976 Code of Laws is amended to read:

“(m)Directors of the South Carolina Public Service Authority appointed pursuant to Section 58-31-20. A director of the South Carolina Public Service Authority also may be removed for his breach of any duty arising under Section 58-31-55 or 58-31-56. The Governor is also allowed, but not required, to remove a director upon the recommendation of the State Regulation of Public Utilities Review Committee by an affirmative vote of eight of its members upon good cause shown.

The Governor must not request a director of the South Carolina Public Service Authority to resign unless cause for removal, as established by this subsection, exists. Removal of a director of the South Carolina Public Service Authority, except as is provided by this section or by Section 58-31-20(A), must be considered to be an irreparable injury for which no adequate remedy at law exists;”

SECTION 10. Chapter 31, Title 58 of the 1976 Code is amended by adding:

“Section 58-31-227. (A) The Public Service Authority shall procure renewable energy resources subject to the following requirements:

(1) Renewable energy resources procured by the Public Service Authority shall be procured via a competitive solicitation process open to all independent market participants that meet minimum eligibility requirements.

(2) The Public Service Authority shall issue public notification of its intention to issue a competitive renewable solicitation at least ninety days prior to the release of each solicitation, including the proposed procurement volume, process, and timeline.

(3) Renewable energy facilities eligible to participate in a competitive procurement are those that have a valid interconnection

TUESDAY, APRIL 20, 2021

request on file and that use renewable energy resources identified in Section 58-39-120(F) and may include battery storage devices charged exclusively by renewable energy.

(B) The Public Service Authority shall make publicly available at least forty-five days prior to each competitive solicitation:

(1) A pro forma contract to inform market participants of the procurement terms and conditions. The pro forma contract will (i) include standardized and commercially reasonable requirements for contract performance security consistent with market standards; (ii) define limits and compensation for resource dispatch and curtailments that limit uncompensated curtailment to a specified portion of estimated annual output.

(2) A bid evaluation methodology that ensures all bids are treated equitably, including price and non-price evaluation criteria. Non-price criteria will include, at minimum, consideration of diversity in resource size and geographic location.

(3) Interconnection requirements and study methodology, including how bids without existing interconnection studies will be treated for purposes of evaluation.

(C) After bids are submitted and evaluated, winning bids will be selected based upon the published evaluation methodology.

The Public Service Authority shall issue a public report summarizing the results of each competitive solicitation within sixty days of the award notifications. The report will include, at minimum, a summary of the submitted bids and an anonymized list of the project awards, including their size, location, average award price and tenor, and award price range.

SECTION 11. Section 58-31-430 of the 1976 Codes of Laws is amended to read:

“Section 58-31-430. The Public Service Commission may not assign any portion of the present service area of the Public Service Authority to any electrical utility or electric cooperative and this service area must be exclusively served by the Public Service Authority unless otherwise agreed to by the Public Service Authority as described in this section. Santee Electric Cooperative, Inc., Berkeley Electric Cooperative, Inc., Horry Electric Cooperative, Inc. may serve those areas reserved to them as provided in Section 58-31-330. The Public Service Commission is directed to conform the present assignment under Section 58-27-620 to the mandates of this article. Nothing contained in this article may be construed as preventing the Public Service Commission from exercising its jurisdiction over electric cooperative service areas in the manner

provided by law. Upon customer choice either the Public Service Authority, ~~or an electric cooperative mentioned above,~~ or Edisto Electric Cooperative, Inc. may furnish electric service to any new premises which the other supplier has the right to serve, upon agreement of the affected suppliers.

Notwithstanding the foregoing, the Public Service Authority shall have the right to enter into agreements with other electric suppliers, as defined by Section 58-27-610, concerning service areas, as contemplated by Section 58-27-640, and corridor rights, as defined by Section 58-27-610. In that event, the Public Service Commission shall have the authority to approve said agreements and to reassign said service area or corridor rights. This authority shall only apply in situations where all affected electric suppliers have reached an agreement concerning service areas or corridor rights. With respect to the agreements, the commission shall approve the agreements and reassign said service area or corridor rights if, after giving notice and an opportunity for hearing to interested parties, it finds the agreements to be fair and reasonable, but the commission shall not have the authority to alter or amend any such agreement unless all affected electric suppliers agree to the alteration or amendment. For purposes of this article, the term ‘all affected electric suppliers’ shall include, but not be limited to, the nearest electric cooperative or cooperatives to the proposed service area changes within a five mile radius of the affected service area or corridor. This section shall not confer service territory rights to the Public Service Authority beyond those provided in Section 58-31-330 and Section 58-31-320(2).”

SECTION 12. As part of the process of retiring its coal units, the Public Service Authority shall develop and implement a plan, with community engagement and participation, that: (a) allows employees in good standing who would be directly affected by the closure of the unit to be retained by the Public Service Authority, or provides training opportunities for related employment to affected employees in good standing who cannot be retained; and (b) provides an opportunity for economic development and job attraction in the communities where the retired coal stations are located. Annual written status reports shall be provided to the SC Public Utilities Review Committee.

SECTION 13. (A) To ensure that the Public Service Authority board of directors positions are appropriately staggered, the following establishes the term expiration for positions as of the effective date of this act:

TUESDAY, APRIL 20, 2021

(1) The terms for the members representing the 1st, 2nd and 7th congressional districts, and the At Large seat designated as the Chair shall expire on January 1, 2022;

(2) The terms for the members representing the 3rd, 4th and 6th congressional districts and Berkeley County shall expire on January 1, 2024; and

(3) The terms for members representing the 5th congressional district, Horry County, Georgetown County and the other At Large seat shall expire on January 1, 2026.

If any vacancy occurs prior to respective date established in this SECTION, except for the chairman position, the Governor may appoint a successor pursuant to Section 58-31-20. However, the Acting Board Chair as of the effective date of this act shall serve as Chair for the duration of his term as set forth herein. Thereafter, the Governor shall name the Chair from among the board members, and that member shall serve as chair for the duration of their then-current term.

(B)(1) The provisions in SECTION 1 regarding board member term limits shall apply to appointments made on or after the effective date of this act.

(2) Each board member serving a full term as of this act's effective date is eligible for reappointment for one additional full term once his or her current term expires.

SECTION 14. Section 11 in Act 135 of 2020 is repealed on the effective date of this act.

SECTION 15. If any section, subsection, paragraph, subparagraph, sentence, clause, phrase, or word of this act is for any reason held to be unconstitutional or invalid, then such holding shall not affect the constitutionality or validity of the remaining portions of this act, the General Assembly hereby declaring that it would have passed this act and each and every section, subsection, paragraph, subparagraph, sentence, clause, phrase, and word thereof, irrespective of the fact that any one or more other sections, subsections, paragraphs, subparagraphs, sentences, clauses, phrases, or words hereof may be declared to be unconstitutional, invalid, or otherwise ineffective.

SECTION 16. This act takes effect upon approval by the Governor./

Senators KIMBRELL and MICHAEL JOHNSON proposed the following amendment (464R001.SP.JK), which was adopted:

Amend the bill, as and if amended, by adding an appropriately numbered new SECTION to read:

/SECTION __. Section 58-31-30(A)(21) of the 1976 Code is amended to read:

“(21) to investigate, study, and consider all undeveloped power sites, ~~and~~ navigation projects, or other projects in the State and to acquire or develop the same as need may arise in the same manner as herein provided. Provided, always, nevertheless, that said investigations, studies, and considerations of said South Carolina Public Service Authority herein created shall be limited to the Congaree River and its tributaries below the confluence of the Broad and Saluda Rivers and the Wateree tributary of the Santee River at and near a point at or near Camden, South Carolina. Provided, however, that the Public Service Authority shall have no power at any time or in any manner to pledge the credit and the taxing power of the State or any of its political subdivisions, nor shall any of its obligations or securities be deemed to be obligations of the State or of any of its political subdivisions; nor shall the State be legally, equitably, or morally liable for the payment of principal of and interest on such obligations or securities. The State of South Carolina does hereby pledge to and agree with any person, firm, or corporation, the government of the United States and any corporation or agency created, designated, or established by the United States, subscribing to or acquiring the notes, bonds, evidences of indebtedness, or other obligations to be issued by the Public Service Authority for the construction of any project, that the State will not alter or limit the rights hereby vested in the Public Service Authority until the said notes, bonds, evidences of indebtedness, or other obligations, together with the interest thereon, are fully met and discharged; provided, that nothing herein contained shall preclude such limitation or alteration if and when and after adequate provisions shall be made by law for the protection of those subscribing to or acquiring such notes, bonds, evidences of indebtedness, or other obligations of the Public Service Authority. The State of South Carolina or any political subdivision shall in no way be responsible for any debts or obligations contracted by or for the authority, and the board of directors of the authority, the advisory board, and the officers shall make no debt whatsoever for the payment of which the State or any political subdivision shall in any way be bound. It is intended that the project to be developed hereunder and any and all projects undertaken by the provisions of this chapter shall be financed as self-liquidating

projects and that the credit and taxing powers of the State, or its political subdivisions, shall never be pledged to pay said debts and obligations;”/

Amend the bill further, as and if amended, in SECTION 1, by striking Section 58-31-20(E)(2) and inserting:

/ (2) The ex officio members may be excluded from executive session where the following matters are being discussed: (1) negotiations incident to proposed contractual arrangements with a customer, including Central Electric Cooperative, Inc., or receiving legal advice involving a customer, Central Electric Power Cooperative Inc., or one of its members; and (2) discussions regarding generation resources that will not be shared resources under any wholesale power supply agreement between the authority and Central Electric Power Cooperative or receiving legal advice in relation thereto. Upon advice of counsel that a conflict may exist for an ex officio member of the board to attend an executive session or a portion thereof to discuss matters other than (1) and (2) above, the board may exclude, by a majority vote, the ex officio member from those portions of an executive session for which a conflict may exist. The reason for the conflict must be stated before the vote is taken and shall be recorded in official minutes or other records of the meeting. The ex officio member of the board must be given an opportunity to speak to the conflict and the underlying issue at the beginning of the executive session. After being provided the opportunity to speak as provided in this provision, the ex officio member must leave the room and may not participate in the remainder of the executive session on the issue giving rise to the conflict. The decision of the board of directors to exclude an ex officio member due to a conflict is not appealable to any court. Efforts should be taken to optimize participation of ex officio members by segmenting executive sessions. /

Public Utilities Review Committee but must meet the qualifications set forth in Section 58-31-20(C) as verified by the Public Utilities Review Committee within six months of beginning service as an ex officio member. Ex officio members will be appointed for two year terms but may be removed either by the Governor pursuant to Section 1-3-240(C)(1)(m) or the board of Central Electric Power Cooperative. In the event that the board of Central Electric Power Cooperative removes the ex officio member, the Public Service Authority board of directors must receive notice at least sixty days before the ex officio member's successor begins service on the Public Service Authority board of directors. An ex officio member will not be entitled to receive compensation from the Public Service Authority for his or her service as an ex officio member and will not be counted for purposes of determining a quorum. /

Senator MASSEY proposed the following amendment (JUD0464.007), which was carried over:

Amend the bill, as and if amended, by striking subsection 58-31-20(A), as contained in SECTION 1, and inserting: /

“Section 58-31-20 (A) The Public Service Authority consists of a board of twelve directors who reside in South Carolina and who have the qualifications stated in this section, as determined by the State Regulation of Public Utilities Review Committee pursuant to Section 58-3-530(14), before being appointed by the Governor with the advice and consent of the Senate as follows: one from each congressional district of the State; one from each of the counties of Horry, Berkeley, and Georgetown who reside in authority territory and are customers of the authority; and two from the State at large, one of whom must be chairman. Two of the directors must have substantial work experience within the operations of electric cooperatives or substantial experience on an electric cooperative board, including one of the two who must have substantial experience within the operations or board of a transmission or generation cooperative. Except to the extent they are serving in an ex-officio capacity, a ~~A~~ director shall not serve as an employee or board member of an electric cooperative during his term as a director. Each

director shall serve for a term of ~~seven~~ four years, except as provided in this section. At the expiration of the term of each director and of each succeeding director, the Governor, with the advice and consent of the Senate, must appoint a successor, who shall hold office for a term of ~~seven~~ four years or until his successor has been appointed and qualified; provided , however, that no director may serve in holdover status for more than one calendar year. In the event of a director vacancy due to death, resignation, or otherwise, the Governor must appoint the director's successor, with the advice and consent of the Senate, and the successor-director shall hold office for the unexpired term. A director shall not be appointed for more than two consecutive full terms. An appointment to an unexpired partial term shall not be considered for purposes of determining term limits.

A director may not receive a salary for services as director until the authority is in funds, but each director must be paid his actual expense in the performance of his duties, the actual expense to be advanced from the contingent fund of the Governor until the time the Public Service Authority is in funds, at which time the contingent fund must be reimbursed. After the Public Service Authority is in funds, the compensation and expenses of each member of the board must be paid from these funds, and the compensation and expenses must be fixed by the advisory board established in this section. The authority may provide, at its expense, health insurance benefits to members of the board, through the State insurance plan or otherwise. Members of the board of directors may be removed for cause, pursuant to Section 1-3-240(C), by the Governor of the State, the advisory board, or a majority thereof. A member of the General Assembly of the State of South Carolina is not eligible for appointment as Director of the Public Service Authority during the term of his office. No more than two members from the same county may serve as directors at any time. /
