(2) To achieve the status of exemption:

(a) A school district must identify each state statute, regulation and local district policy from which the school is requesting exemption and specify how this flexibility will support academic achievement for students and the Profile of the Graduate. No district is permitted to request flexibility from all state regulations and statutes for any school or schools.

(b) The district superintendent must submit a request containing the information in subitem (a) to the local board of trustees for approval, which must be considered in a public meeting and requires a two-thirds vote of the board for approval. Any change in the request must be approved by the local board by a two-thirds vote.

If, however, the examination and inspection and the reports thereof disclose that full and accurate information had previously been made, the expense of making the examination and inspection must be paid out of the funds of the regulatory staff.

(B) If the regulatory staff initiates an inspection, audit, or examination of a public utility, the Public Service Authority, or an electric cooperative, the public utility, the Public Service Authority, or the electric cooperative that is the subject of the inspection, audit, or examination may petition the commission to terminate or limit the scope of such inspection, audit, or examination. The commission must grant such petition if it finds that such inspection, audit, or examination is arbitrary, capricious, unnecessary, unduly burdensome, or unrelated to the regulated operations of the public utility, the Public Service Authority, or the electric cooperative.

(1) If such an inspection, audit, or examination is not part of a contested case proceeding, the public utility, the Public Service Authority or the electric cooperative may also raise objections or seek relief available under the South Carolina Rules of Civil Procedure to a party upon whom discovery is served or to a person upon whom a subpoena is served. The commission shall provide the regulatory staff reasonable notice to respond to any such objection or request. Absent the consent of the public utility, the Public Service Authority, or the electric cooperative raising such an objection or request and the Office of Regulatory Staff, the commission must rule on such an objection or request within sixty days of the date it was filed. During the pendency of the commission's ruling, the public utility, the Public Service Authority, or the electric cooperative making such an objection or request is not required to produce or provide access to any documents or information that is the subject of the objection or request.

(2) If such an inspection, audit, or examination is part of a contested case proceeding, the commission shall address objections to information sought by the regulatory staff in the same manner in which it addresses objections to discovery issued by the parties to the contested case proceeding.

(C) Any public utility, the Public Service Authority, or any electric cooperative that provides the regulatory staff with copies of or access to documents or information in the course of an inspection, audit, or examination that is not part of a contested case proceeding may designate

any such documents or information as confidential or proprietary if it believes in good faith that such documents or information would be entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The regulatory staff may petition the commission for an order that some or all of the documents so designated are not entitled to protection from public disclosure and it shall be incumbent on the utility to prove that such documents are entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The commission shall rule on such petition after providing the regulatory staff and the utility an opportunity to be heard. Unless the commission's order on such a petition contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Sections 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; provided, however, that, if the commission determines that it is necessary to view such documents or information in order to rule on such a petition, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection during the pendency of the petition.

(D) Nothing in this section restricts the regulatory staff's ability to serve discovery in a contested case proceeding that seeks the type of documents or information the regulatory staff has obtained in the course of any review, investigation, inspection, audit, or examination, nor does anything in this section restrict the ability of any public utility, the Public Service Authority, or electric cooperative to object to such discovery or to seek relief regarding such discovery, including without limitation, the entry of a protective order. The regulatory staff shall not be required to execute a confidentiality agreement or seek a protective order prior to accessing the documents or information of a public utility, the Public Service Authority, or an electric cooperative, and such information or documents must be treated as confidential or proprietary unless or until the commission rules such information is not entitled to protection from public disclosure or the public utility, the Public Service Authority, or the electric cooperative agrees that such information is no longer confidential or proprietary. Unless the commission's order contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from

public disclosure under Section 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity. However, if the commission determines that it is necessary to view such documents or information, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection unless otherwise ordered by the commission.

(E)(1) The Office of Regulatory Staff, in order to accomplish any of the responsibilities assigned to it by Chapter 4, Title 58 or any other provision of law, may apply to the circuit court for subpoenas to be issued to entities over which the Public Service Commission does not have jurisdiction. Such subpoenas will be issued by the circuit court in the same manner as subpoenas are issued to parties to proceedings before that court, and all rules applicable to the issuance of such subpoenas, including enforcement and penalties, shall apply to subpoenas issued at the request of the regulatory staff.

(2) In order to accomplish any of the responsibilities assigned to the Office of Regulatory Staff regarding the Public Service Authority in which the commission does not have jurisdiction, regulatory staff or another party of interest may file a complaint with the Administrative Law Court.

(F) The actual expenses of the Office of Regulatory Staff incurred in carrying out its duties under Section 58-4-50(A)(12) must be certified annually to the Public Utilities Review Committee in an itemized statement by the Office of Regulatory Staff, shown as a line item in the Office of Regulatory Staff budget, to be assessed directly to an audited electric cooperative by the Office of Regulatory Staff, and deposited with the State Treasurer to the credit of the Office of Regulatory Staff.” /

Amend the bill further, as and if amended, by adding appropriately numbered SECTIONS to read:

/ SECTION ____ . Section 58-27-190 of the 1976 Code is amended to read:

“Section 58-27-190. All departments, commissions, boards, or agencies of the state government must permit an employee or agent of the Office of Regulatory Staff to inspect or make copies of all information filed by electrical utilities or the South Carolina Public Service Authority with or otherwise obtained by the department, commission, board, or agency of the state government.”

Amendment No. 16

Senators MASSEY, CLIMER, KIMPSON and DAVIS proposed the following amendment (JUD0464.005), which was carried over:

Amend the bill, as and if amended, beginning on page 15, line 38, and ending on page 21, line 16, by striking SECTION 7, in its entirety, and inserting:

/ SECTION 7. Section 58-37-40 of the 1976 Code, as last amended by Act 62 of 2019, is further amended to read:

“Section 58-37-40. (A) Electrical utilities, electric cooperatives, municipally owned electric utilities, and the South Carolina Public Service Authority must each prepare an integrated resource plan. An integrated resource plan must be prepared and submitted at least every three years. Nothing in this section may be construed as requiring interstate natural gas companies whose rates and services are regulated only by the federal government or gas utilities subject to the jurisdiction of the commission to prepare and submit an integrated resource plan.

(1) Each electrical utility with one hundred thousand or more customer accounts must submit its integrated resource plan to the commission. The integrated resource plan must be posted on the electrical utility’s website and on the commission’s website.

(2) Electric cooperatives, electric utilities with less than one hundred thousand customer accounts, and municipally owned electric utilities shall each submit an integrated resource plan to the State Energy Office. Each integrated resource plan must be posted on the State Energy Office’s website. If an electric cooperative, electric utility with less than one hundred thousand customer accounts, or municipally owned utility has a website, its integrated resource plan must also be posted on its website. For distribution, electric cooperatives that are members of a cooperative that provides wholesale service, the integrated resource plan may be coordinated and consolidated into a single plan provided that nonshared resources or programs of individual distribution cooperatives are highlighted. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to a distribution or wholesale cooperative or a municipally owned electric utility as a result of the cooperative or the municipally owned electric utility not owning or operating generation resources, the plan may state that fact or refer to the plan of the wholesale power generator. Where plan components listed in subsections (B)(1) and (2) of this section do not apply to an electrical utility with less than one hundred thousand customer accounts as a result of its own generation resources being comprised of more than seventy-five percent renewable energy or because it purchases wholesale load balancing generation

WEDNESDAY, APRIL 21, 2021

services, then the plan may state that fact or refer to the plan of the wholesale power generator. For purposes of this section, a wholesale power generator does not include a municipally created joint agency if that joint agency receives at least seventy-five percent of its electricity from a generating facility owned in partnership with an electrical utility and that electrical utility:

(a) generally serves the area in which the joint agency's members are located; and

(b) is responsible for dispatching the capacity and output of the generated electricity.

(3) The South Carolina Public Service Authority shall submit its integrated resource plan to the ~~State Energy Office~~ commission. The Public Service Authority shall develop a public process allowing for input from all stakeholders prior to submitting the integrated resource plan. The integrated resource plan must be developed in consultation with the electric cooperatives and municipally owned electric utilities purchasing power and energy from the Public Service Authority and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The integrated resource plan must be posted on the ~~State Energy Office's~~ commission's website and on the Public Service Authority's website.

(4)(a) In addition to the requirements of 58-37-40(B), the Public Service Authority's integrated resource plan shall include an analysis of long term power supply alternatives and enumerate the cost of various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost effective and least ratepayer risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service.

(b) In addition to the requirements of Section 58-37-40(B), the commission shall review and evaluate the Public Service Authority's analysis of long-term power supply alternatives and various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and lowest ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service. The commission's evaluation shall include, but not be limited to:

WEDNESDAY, APRIL 21, 2021

(i) evaluating the cost-effectiveness and ratepayer risk of self-build generation and transmission options compared with various long-term power supply alternatives including power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof. In evaluating and identifying the most cost effective and least ratepayer risk resource portfolio, the commission shall strive to reduce the risk to ratepayers associated with any generation and transmission options while maintaining safe and reliable electric service; and

(ii) an analysis of any potential cost savings that might accrue to ratepayers from the retirement of remaining coal generation assets.

(B)(1) An integrated resource plan shall include all of the following:

(a) a long-term forecast of the utility's sales and peak demand under various reasonable scenarios;

(b) the type of generation technology proposed for a generation facility contained in the plan and the proposed capacity of the generation facility, including fuel cost sensitivities under various reasonable scenarios;

(c) projected energy purchased or produced by the utility from a renewable energy resource;

(d) a summary of the electrical transmission investments planned by the utility;

(e) several resource portfolios developed with the purpose of fairly evaluating the range of demand-side, supply-side, storage, and other technologies and services available to meet the utility's service obligations. Such portfolios and evaluations must include an evaluation of low, medium, and high cases for the adoption of renewable energy and cogeneration, energy efficiency, and demand response measures, including consideration of the following:

(i) customer energy efficiency and demand response programs;

(ii) facility retirement assumptions; and

(iii) sensitivity analyses related to fuel costs, environmental regulations, and other uncertainties or risks;

(f) data regarding the utility's current generation portfolio, including the age, licensing status, and remaining estimated life of operation for each facility in the portfolio;

WEDNESDAY, APRIL 21, 2021

(g) plans for meeting current and future capacity needs with the cost estimates for all proposed resource portfolios in the plan;

(h) an analysis of the cost and reliability impacts of all reasonable options available to meet projected energy and capacity needs; and

(i) a forecast of the utility's peak demand, details regarding the amount of peak demand reduction the utility expects to achieve, and the actions the utility proposes to take in order to achieve that peak demand reduction.

(2) An integrated resource plan may include distribution resource plans or integrated system operation plans.

(C)(1) The commission shall have a proceeding to review each electrical utility's and the Public Service Authority's integrated resource plan. As part of the integrated resource plan filing, the commission shall allow intervention by interested parties. The commission shall establish a procedural schedule to permit reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. No later than three hundred days after an electrical utility files an integrated resource plan, the commission shall issue a final order approving, modifying, or denying the plan filed by the electrical utility or the Public Service Authority.

(2) The commission shall approve an electrical utility's or the Public Service Authority's integrated resource plan if the commission determines that the proposed integrated resource plan represents the most reasonable and prudent means of meeting the electrical utility's energy and capacity needs as of the time the plan is reviewed. To determine whether the integrated resource plan is the most reasonable and prudent means of meeting energy and capacity needs, the commission, in its discretion, shall consider whether the plan appropriately balances the following factors:

(a) resource adequacy and capacity to serve anticipated peak electrical load, and applicable planning reserve margins;

(b) consumer affordability and least cost;

(c) compliance with applicable state and federal environmental regulations;

(d) power supply reliability;

(e) commodity price risks;

(f) diversity of generation supply; and

WEDNESDAY, APRIL 21, 2021

(g) other foreseeable conditions that the commission determines to be for the public interest.

(3) If the commission modifies or rejects an electrical utility's or the Public Service Authority's integrated resource plan, the electrical utility or the Public Service Authority, within sixty days after the date of the final order, shall submit a revised plan addressing concerns identified by the commission and incorporating commission-mandated revisions to the integrated resource plan to the commission for approval. Within sixty days of the electrical utility's or the Public Service Authority's revised filing, the Office of Regulatory Staff shall review the electrical utility's or the Public Service Authority's revised plan and submit a report to the commission assessing the sufficiency of the revised filing. Other parties to the integrated resource plan proceeding also may submit comments. No later than sixty days after the Office of Regulatory Staff report is filed with the commission, the commission at its discretion may determine whether to accept the revised integrated resource plan or to mandate further remedies that the commission deems appropriate.

(4) The submission, review, and acceptance of an integrated resource plan by the commission, or the inclusion of any specific resource or experience in an accepted integrated resource plan, shall not be determinative of the reasonableness or prudence of the acquisition or construction of any resource or the making of any expenditure. The electrical utility shall retain the burden of proof to show that all of its investments and expenditures are reasonable and prudent when seeking cost recovery in rates.

(D)(1) An electrical utility or the Public Service Authority shall submit annual updates to its integrated resource plan to the commission. An annual update must include an update to the electric utility's or the Public Service Authority's base planning assumptions relative to its most recently accepted integrated resource plan, including, but not limited to: energy and demand forecast, commodity fuel price inputs, renewable energy forecast, energy efficiency and demand-side management forecasts, changes to projected retirement dates of existing units, along with other inputs the commission deems to be for the public interest. The electrical utility's or Public Service Authority's annual update must describe the impact of the updated base planning assumptions on the selected resource plan.

(2) The Office of Regulatory Staff shall review each ~~electric~~ electrical utility's or the Public Service Authority's annual update and submit a report to the commission providing a recommendation concerning the reasonableness of the annual update. After reviewing the

WEDNESDAY, APRIL 21, 2021

annual update and the Office of Regulatory Staff report, the commission may accept the annual update or direct the electrical utility or the Public Service Authority to make changes to the annual update that the commission determines to be in the public interest.

(E) The commission is authorized to promulgate regulations to carry out the provisions of this section.” /

(b) discussions regarding generation resources that will not be shared resources under any wholesale power supply agreement between the authority and Central Electric Power Cooperative or receiving legal advice in relation thereto.

Upon advice of counsel that a conflict may exist for an ex officio member of the board to attend an executive session or a portion thereof to discuss matters other than (a) and (b), the board may exclude, by a majority vote, the ex officio member from those portions of an executive session for which a conflict may exist.

(3) When ex officio members are excluded from executive session, the reason for the conflict must be stated before the vote is taken and shall be recorded in official minutes or other records of the meeting. The ex officio member of the board must be given an opportunity to speak to the conflict and the underlying issue at the beginning of the executive session. After being provided the opportunity to speak as provided in this provision, the ex officio member must leave the room and may not participate in the remainder of the executive session on the issue giving rise to the conflict. The decision of the board of directors to exclude an ex officio member due to a conflict is not appealable to any court. Efforts should be taken to optimize participation of ex officio members by segmenting executive sessions.

(4) Ex officio members will begin serving immediately upon a letter indicating their appointments is delivered to the board and to the Public Utilities Review Committee but must meet the qualifications set forth in Section 58-31-20(C) as verified by the Public Utilities Review Committee within six months of beginning service as an ex officio member. Ex officio members will be appointed for two-year terms but may be removed either by the Governor pursuant to Section 1-3-240(C)(1)(m) or the Board of Central Electric Power Cooperative. In the event that the Board of Central Electric Power Cooperative removes the ex officio member, the Public Service Authority Board of Directors must receive notice at least sixty days before the ex officio member's

successor begins service on the Public Service Authority Board of Directors. An ex officio member will not be entitled to receive compensation from the Public Service Authority for his or her service as an ex officio member and will not be counted for purposes of determining a quorum.

(F) In making appointments to the board of directors, the Governor, in making appointments and the Senate, in its advice and consent capacity, must give due consideration to race, gender, and other demographic factors to assure nondiscrimination, inclusion, and representation to the greatest extent possible of all segments of the population of this State.”

Amend the bill further, as and if amended, starting on page 16, line 16, and ending on page 21, line 35, by striking Section 58-37-40, as contained in SECTION 8, and inserting:

/ “Section 58-37-40. (A) Electrical utilities, electric cooperatives, municipally owned electric utilities, and the South Carolina Public Service Authority must each prepare an integrated resource plan. An integrated resource plan must be prepared and submitted at least every three years. Nothing in this section may be construed as requiring interstate natural gas companies whose rates and services are regulated only by the federal government or gas utilities subject to the jurisdiction of the commission to prepare and submit an integrated resource plan.

(1) Each electrical utility with one hundred thousand or more customer accounts and the Public Service Authority must submit its integrated resource plan to the commission. The integrated resource plan must be posted on the electrical utility’s website and on the commission’s website.

(2) Electric cooperatives, electric utilities with less than one hundred thousand customer accounts, and municipally owned electric utilities shall each submit an integrated resource plan to the State Energy Office. Each integrated resource plan must be posted on the State Energy Office’s website. If an electric cooperative, electric utility with less than one hundred thousand customer accounts, or municipally owned utility has a website, its integrated resource plan must also be posted on its website. For distribution, electric cooperatives that are members of a cooperative that provides wholesale service, the integrated resource plan may be coordinated and consolidated into a single plan provided that nonshared resources or programs of individual distribution cooperatives are highlighted. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to a distribution or wholesale cooperative or a municipally owned electric utility as a result of the cooperative or

the municipally owned electric utility not owning or operating generation resources, the plan may state that fact or refer to the plan of the wholesale power generator. Where plan components listed in subsections (B)(1) and (2) of this section do not apply to an electrical utility with less than one hundred thousand customer accounts as a result of its own generation resources being comprised of more than seventy-five percent renewable energy or because it purchases wholesale load balancing generation services, then the plan may state that fact or refer to the plan of the wholesale power generator. For purposes of this section, a wholesale power generator does not include a municipally created joint agency if that joint agency receives at least seventy-five percent of its electricity from a generating facility owned in partnership with an electrical utility and that electrical utility:

(a) generally serves the area in which the joint agency's members are located; and

(b) is responsible for dispatching the capacity and output of the generated electricity.

(3) The South Carolina Public Service Authority shall submit its integrated resource plan to the ~~State Energy Office~~ commission. The Public Service Authority shall develop a public process allowing for input from all stakeholders prior to submitting the integrated resource plan. The integrated resource plan must be developed in consultation with the electric cooperatives and municipally owned electric utilities purchasing power and energy from the Public Service Authority and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The integrated resource plan must be posted on the ~~State Energy Office's~~ commission's website and on the Public Service Authority's website.

(4)(a) In addition to the requirements of 58-37-40(B), the Public Service Authority's integrated resource plan shall include an analysis of long-term power supply alternatives and enumerate the cost of various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost effective and least ratepayer risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service.

(b) In addition to the requirements of Section 58-37-40(B), the commission shall review and evaluate the Public Service Authority's

THURSDAY, APRIL 22, 2021

analysis of long-term power supply alternatives and various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and lowest ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service. The commission's evaluation shall include, but not be limited to:

(i) evaluating the cost-effectiveness and ratepayer risk of self-build generation and transmission options compared with various long-term power supply alternatives including power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof. In evaluating and identifying the most cost effective and least ratepayer risk resource portfolio, the commission shall strive to reduce the risk to ratepayers associated with any generation and transmission options while maintaining safe and reliable electric service; and

(ii) an analysis of any potential cost savings that might accrue to ratepayers from the retirement of remaining coal generation assets.

(c) The authority's integrated resource plan must provide the information required in Section 58-37-40(B) and must be developed in consultation with the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities purchasing power and energy from the Public Service Authority, and consider any feedback provided by retail customers; and shall include the effect of demand-side management activities of the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The Integrated Resource Plan of the South Carolina Public Service Authority shall include and evaluate at least one resource portfolio, which will reflect the closure of the Winyah Generating Station by 2028, designed to provide safe and reliable electricity service while meeting a net zero carbon emission goal by the year 2050.

(B)(1) An integrated resource plan shall include all of the following:

(a) a long-term forecast of the utility's sales and peak demand under various reasonable scenarios;

(b) the type of generation technology proposed for a generation facility contained in the plan and the proposed capacity of the generation

facility, including fuel cost sensitivities under various reasonable scenarios;

(c) projected energy purchased or produced by the utility from a renewable energy resource;

(d) a summary of the electrical transmission investments planned by the utility;

(e) several resource portfolios developed with the purpose of fairly evaluating the range of demand-side, supply-side, storage, and other technologies and services available to meet the utility's service obligations. Such portfolios and evaluations must include an evaluation of low, medium, and high cases for the adoption of renewable energy and cogeneration, energy efficiency, and demand response measures, including consideration of the following:

(i) customer energy efficiency and demand response programs;

(ii) facility retirement assumptions; and

(iii) sensitivity analyses related to fuel costs, environmental regulations, and other uncertainties or risks;

(f) data regarding the utility's current generation portfolio, including the age, licensing status, and remaining estimated life of operation for each facility in the portfolio;

(g) plans for meeting current and future capacity needs with the cost estimates for all proposed resource portfolios in the plan;

(h) an analysis of the cost and reliability impacts of all reasonable options available to meet projected energy and capacity needs; and

(i) a forecast of the utility's peak demand, details regarding the amount of peak demand reduction the utility expects to achieve, and the actions the utility proposes to take in order to achieve that peak demand reduction.

(2) An integrated resource plan may include distribution resource plans or integrated system operation plans.

(C)(1) The commission shall have a proceeding to review each electrical utility's subject to (A)(1) and the Public Service Authority's integrated resource plan. As part of the integrated resource plan filing, the commission shall allow intervention by interested parties. The commission shall establish a procedural schedule to permit reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. No later than three hundred days

THURSDAY, APRIL 22, 2021

after an electrical utility files an integrated resource plan, the commission shall issue a final order approving, modifying, or denying the plan filed by the electrical utility or the Public Service Authority.

(2) The commission shall approve an electrical utility's or the Public Service Authority's integrated resource plan if the commission determines that the proposed integrated resource plan represents the most reasonable and prudent means of meeting the electrical utility's or the Public Service Authority's energy and capacity needs as of the time the plan is reviewed. To determine whether the integrated resource plan is the most reasonable and prudent means of meeting energy and capacity needs, the commission, in its discretion, shall consider whether the plan appropriately balances the following factors:

- (a) resource adequacy and capacity to serve anticipated peak electrical load, and applicable planning reserve margins;
- (b) consumer affordability and least cost;
- (c) compliance with applicable state and federal environmental regulations;
- (d) power supply reliability;
- (e) commodity price risks;
- (f) diversity of generation supply; and
- (g) other foreseeable conditions that the commission determines to be for the public interest.

(3) If the commission modifies or rejects an electrical utility's or the Public Service Authority's integrated resource plan, the electrical utility or the Public Service Authority, within sixty days after the date of the final order, shall submit a revised plan addressing concerns identified by the commission and incorporating commission-mandated revisions to the integrated resource plan to the commission for approval. Within sixty days of the electrical utility's or the Public Service Authority's revised filing, the Office of Regulatory Staff shall review the electrical utility's or the Public Service Authority's revised plan and submit a report to the commission assessing the sufficiency of the revised filing. Other parties to the integrated resource plan proceeding also may submit comments. No later than sixty days after the Office of Regulatory Staff report is filed with the commission, the commission at its discretion may determine whether to accept the revised integrated resource plan or to mandate further remedies that the commission deems appropriate.

(4) The submission, review, and acceptance of an integrated resource plan by the commission, or the inclusion of any specific resource or experience in an accepted integrated resource plan, shall not be determinative of the reasonableness or prudence of the acquisition or

THURSDAY, APRIL 22, 2021

construction of any resource or the making of any expenditure. ~~The~~ An electrical utility shall retain the burden of proof to show that all of its investments and expenditures are reasonable and prudent when seeking cost recovery in rates.

(D)(1) An electrical utility and the Public Service Authority shall each submit annual updates to its integrated resource plan to the commission. An annual update must include an update to the electric utility's or the Public Service Authority's base planning assumptions relative to its most recently accepted integrated resource plan, including, but not limited to: energy and demand forecast, commodity fuel price inputs, renewable energy forecast, energy efficiency and demand-side management forecasts, changes to projected retirement dates of existing units, along with other inputs the commission deems to be for the public interest. The electrical utility's or Public Service Authority's annual update must describe the impact of the updated base planning assumptions on the selected resource plan.

(2) The Office of Regulatory Staff shall review each ~~electric~~ electrical utility's or the Public Service Authority's annual update and submit a report to the commission providing a recommendation concerning the reasonableness of the annual update. After reviewing the annual update and the Office of Regulatory Staff report, the commission may accept the annual update or direct the electrical utility or the Public Service Authority to make changes to the annual update that the commission determines to be in the public interest.

(E) The commission is authorized to promulgate regulations to carry out the provisions of this section."

Amend the bill, as and if amended, by adding an appropriately numbered SECTION to read:

(3) upon request by the commission, make studies and recommendations to the commission with respect to standards, regulations, practices, or electric service provided by the Public Service Authority for matters within the commission's jurisdiction; and

(4) when considered necessary by the Executive Director of the Office of Regulatory Staff, investigate and examine the condition of generation, transmission, or distribution electric facilities owned or operated by the Public Service Authority.

(B) Regulatory staff may participate as a party of interest, as deemed necessary by the Executive Director of the Office of Regulatory Staff, before regulatory agencies, state courts and federal courts, in matters that could affect the Public Service Authority's rates or charges for the authority's electric service.

(C) The regulatory staff may have additional duties and responsibilities related to the Public Service Authority as otherwise provided by law." /

/ SECTION _____. Section 58-4-55 of the 1976 Code is amended to read:

"Section 58-4-55. (A) The regulatory staff, in accomplishing its responsibilities under Section 58-4-50 and Section 58-4-51, may require the production of books, records, and other information to be produced at the regulatory staff's office, that, upon request of the regulatory staff, must be submitted under oath and without the requirement of a confidentiality agreement or protective order being first executed or sought. The regulatory staff must treat the information as confidential or proprietary unless or until the commission rules such information is not entitled to protection from public disclosure or the public utility, the Public Service Authority, or the electric cooperative agrees that such information is no longer confidential or proprietary. Unless the commission's order contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Sections 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; provided, however, that, if the commission determines that it is necessary to view such documents or information, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection unless otherwise

ordered by the commission. Although the Public Service Authority is subject to the Freedom of Information Act pursuant to Sections 30-4-10, et seq, the authority, when necessary and appropriate, may indicate that documents or information provided to regulatory staff is confidential or proprietary, or otherwise exempt from disclosure in accordance with statute, and the regulatory staff must treat this information in the same manner as public utilities and cooperatives pursuant to this section.

If the books, records, or other information provided do not appear to disclose full and accurate information and, if such apparent deficiencies are not cured after reasonable notice, the regulatory staff may require the attendance and testimony under oath of the officers, accountants, or other agents of the parties having knowledge thereof at such place as the regulatory staff may designate and the expense of making the necessary examination or inspection for the procuring of the information must be paid by the party examined or inspected, to be collected by the regulatory staff by suit or action, if necessary. If, however, the examination and inspection and the reports thereof disclose that full and accurate information had previously been made, the expense of making the examination and inspection must be paid out of the funds of the regulatory staff.

(B) If the regulatory staff initiates an inspection, audit, or examination of a public utility, the Public Service Authority, or an electric cooperative, the public utility, the Public Service Authority, or the electric cooperative that is the subject of the inspection, audit, or examination may petition the commission to terminate or limit the scope of such inspection, audit, or examination. The commission must grant such petition if it finds that such inspection, audit, or examination is arbitrary, capricious, unnecessary, unduly burdensome, or unrelated to the regulated operations of the public utility, the Public Service Authority, or the electric cooperative.

(1) If such an inspection, audit, or examination is not part of a contested case proceeding, the public utility, the Public Service Authority or the electric cooperative may also raise objections or seek relief available under the South Carolina Rules of Civil Procedure to a party upon whom discovery is served or to a person upon whom a subpoena is served. The commission shall provide the regulatory staff reasonable notice to respond to any such objection or request. Absent the consent of the public utility, the Public Service Authority, or the electric cooperative raising such an objection or request and the Office of Regulatory Staff, the commission must rule on such an objection or request within sixty days of the date it was filed. During the pendency of

THURSDAY, APRIL 22, 2021

the commission's ruling, the public utility, the Public Service Authority, or the electric cooperative making such an objection or request is not required to produce or provide access to any documents or information that is the subject of the objection or request.

(2) If such an inspection, audit, or examination is part of a contested case proceeding, the commission shall address objections to information sought by the regulatory staff in the same manner in which it addresses objections to discovery issued by the parties to the contested case proceeding.

(C) Any public utility, the Public Service Authority, or any electric cooperative that provides the regulatory staff with copies of or access to documents or information in the course of an inspection, audit, or examination that is not part of a contested case proceeding may designate any such documents or information as confidential or proprietary if it believes in good faith that such documents or information would be entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The regulatory staff may petition the commission for an order that some or all of the documents so designated are not entitled to protection from public disclosure and it shall be incumbent on the utility to prove that such documents are entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The commission shall rule on such petition after providing the regulatory staff and the utility an opportunity to be heard. Unless the commission's order on such a petition contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Sections 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; provided, however, that, if the commission determines that it is necessary to view such documents or information in order to rule on such a petition, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection during the pendency of the petition.

(D) Nothing in this section restricts the regulatory staff's ability to serve discovery in a contested case proceeding that seeks the type of documents or information the regulatory staff has obtained in the course of any review, investigation, inspection, audit, or examination, nor does anything in this section restrict the ability of any public utility, the Public

Service Authority, or electric cooperative to object to such discovery or to seek relief regarding such discovery, including without limitation, the entry of a protective order. The regulatory staff shall not be required to execute a confidentiality agreement or seek a protective order prior to accessing the documents or information of a public utility, the Public Service Authority, or an electric cooperative, and such information or documents must be treated as confidential or proprietary unless or until the commission rules such information is not entitled to protection from public disclosure or the public utility, the Public Service Authority, or the electric cooperative agrees that such information is no longer confidential or proprietary. Unless the commission's order contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Section 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity. However, if the commission determines that it is necessary to view such documents or information, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection unless otherwise ordered by the commission.

(E)(1) The Office of Regulatory Staff, in order to accomplish any of the responsibilities assigned to it by Chapter 4, Title 58 or any other provision of law, may apply to the circuit court for subpoenas to be issued to entities over which the Public Service Commission does not have jurisdiction. Such subpoenas will be issued by the circuit court in the same manner as subpoenas are issued to parties to proceedings before that court, and all rules applicable to the issuance of such subpoenas, including enforcement and penalties, shall apply to subpoenas issued at the request of the regulatory staff.

(2) In order to accomplish any of the responsibilities assigned to the Office of Regulatory Staff regarding the Public Service Authority in which the commission does not have jurisdiction, regulatory staff may request a hearing with the Administrative Law Court.

(F) The actual expenses of the Office of Regulatory Staff incurred in carrying out its duties under Section 58-4-50(A)(12) must be certified annually to the Public Utilities Review Committee in an itemized statement by the Office of Regulatory Staff, shown as a line item in the Office of Regulatory Staff budget, to be assessed directly to an audited electric cooperative by the Office of Regulatory Staff, and deposited with the State Treasurer to the credit of the Office of Regulatory Staff.”/

Senator RANKIN explained the amendment.

Senator KIMPSON spoke on the amendment.

Remarks by Senator KIMPSON

Thank you, MR. PRESIDENT. I actually had an amendment up on the House Bill, and I have been eagerly listening to this debate for the last couple of days. I think my amendment raises the issue to explore a potential sale. My efforts will likely be futile so at the appropriate time I am going to withdraw my amendment to the House Bill because I understand Senator RANKIN is likely to do a strike, insert with the Senate Bill, and put it on top of the House Bill. I wanted to make a few comments, then I'm going to head on the road to Charleston. I have to pick my kids up later on this evening, Marleigh and Marlon. They have good names and I have an opportunity to spend some time with my children. I think Senator CLIMER engaged with Senator CAMPSSEN on this subject, and I think their comments were telling. I think Senator CLIMER made great points yesterday. One point that stood out to me was that when you do the analysis, focus on the ratepayer -- be passing the Bill or amendment Senator MASSEY offered. I think it was amendment eight, leaving the possibility of a sale open because when you strip away the tax benefits and I think it is somewhere in the neighborhood of 25% in other words -- quasi utility, get certain tax benefits theoretically that ought to insure to the benefit of the ratepayer. It doesn't. I have heard about the Santee Cooper being the lowest provider, but the evidence is, frankly, to the contrary. If you have the ratepayer in mind, this Bill isn't the vehicle you want to use to put a

statement in the Senate Journal. When the history of Santee Cooper is written, it will be written in such a fashion that this General Assembly missed an opportunity to off-load this albatross. Those are my words. You flashback to television screens, the *Wall Street Journal* and financial papers all around the country -- we were the laughing stock of the nation less than a year ago. Let me get this straight. We have a \$9 billion debacle in the State of South Carolina. All but two board members are still on the board. People, at SCANA, went to jail or at least one went to jail. We are talking about prison. Now, we are going to give them a promotion. That is effectively what we are doing. Listen, I am not a utility expert. I certainly give great credit to all the Senators who have worked on this proposal. Yes, it is a good reform proposal. It is just mind boggling to me that it received a 38-6 vote. That is why I'm probably going to pull down the amendment. The people across the hall, who don't normally get it right, they sent us a Bill to consider selling. I want all my colleagues to be clear, I want the record to reflect that here we are on this Thursday afternoon getting ready to pass a reform Bill on an entity that just a few months ago was on the cover of the *Wall Street Journal* for being exhibit A for mismanagement -- town closed down -- jobs lost. Then last summer, they go out and borrow another \$100 million. Now, there was some discussion about the board. And about the General Assembly not having the expertise to conduct a sales process. I think I made some comments with respect to you can't get any more negligent than what we have. I'm sure there are good people at Santee Cooper, especially the new CEO. I had a conference call with him. We are talking about a quasi-governmental entity that by 2056 will be paying more than \$13 billion in debt. Who is going to manage that? I appreciate ORS and PERC. In my view, we had better get somebody that knows something about power generation and electricity. History has not been kind on this issue to Santee Cooper. The bottom line is, I think the Bill should have traveled with a process. We are not going to touch this issue again until three years later when we are going to be back here debating the same thing. Y'all watch TV.

I know if you follow the former president, you watch a lot of TV. That is all he did when he was president. Last night I watched TV, President Joe Biden, who by the way, got more votes than any other president in the history of the United States -- President Joe Biden and Vice President Kamala Harris. President Joe Biden just announced yesterday we are re-joining the Paris Accord. He is going to double the time we get to net zero. This plan, before us, isn't going to get us to net zero carbon emissions. You know why? Forty percent of Santee Cooper at least, and

THURSDAY, APRIL 22, 2021

that is probably generous to them, probably more like 50% is generated by coal. So what are we going to do then? That Joint Board Review Committee is going to be meeting a lot. Under this plan they are going to have a decommission plan that is approved by -- I can't remember the acronym -- IRP or ICP and the PSC? If they are going to comport with the national climate change policy in this country, this reform package is not going to work. We are going to have to gut Santee Cooper, because it is not going to comport with federal policy. For those who don't believe in climate change, climate change is real. That is real stuff so I don't know how we walk away. I know we have financial experts. There was some question about expertise. Who are we going to appoint on the committee? I think Senator BENNETT -- with his financial expertise, Senator CLIMER -- with his financial expertise and myself -- with my financial and legal expertise. We would be good candidates to explore any offers. We negotiate with Boeing, we negotiate with BMW, we have the expertise to appropriately secure solicitations for the sale of Santee Cooper, assuming it is warranted. So we go from the front page of the *Wall Street Journal* as Exhibit A for negligence and mismanagement and \$100 million in new debt to an already \$13 billion portfolio of debt by a quasi-governmental utility to walking away. There has been a lot of talk about NextEra. I talked to their CEO. You know what I talked to him about? ESG. That is going to be a big term. ESG is good corporate governance in getting rid of what causes harm to our environment. I also talked to him about minority procurement. This is for my democratic colleagues, as well as my republican colleagues. In my community all the grassroot conscious leadership are supporting a sale because they understand the opportunity for the transformation that a sale would bring. So the bottom line is, folks, we had an opportunity to entertain an offer. Most recently last week the President of NextEra sent a letter. I don't have it in front of me; but I hope you read it. NextEra is the largest producer of energy in the world. I might have that wrong but they are a large producer of energy in the world. I think I can say that without fear of contradiction. I do know the market cap -- \$129 billion. They have money. I have never been to Juneau, don't care to go. But the bottom line is, I think we have an obligation to talk to all parties -- not just the people in Juneau. Certainly we ought to entertain offers by somebody who has the ability to write a check and that check will clear the bank. We are talking about \$13 billion in debt. Even under this reform plan, I'm glad Senator RANKIN has a robust provision that the ratepayers can have a seat at the corporate table. They say if the board doesn't give permission the ratepayers can go to the Supreme Court. I think that is still in the

THURSDAY, APRIL 22, 2021

plan. So we put needless barriers on the backs of poor people who are not going to have the resources to take off work and go to a board meeting nor hire a lawyer to get to the Supreme Court. You know why they are concerned? They currently have \$7 billion of debt they are going to have to pay off. These are our constituents. You say, "KIMPSON, how did you get from 7 to 13 billion?" \$7 billion is on the balance sheet now. When you amortize the debt to 2056, we talk about \$13 billion. I did the calculation in the Judiciary meeting. I think Senator MASSEY was sitting next to me. I asked the young man how much interest on this debt do we have to pay a week? He didn't know -- a day. I think the interest on the debt is almost a million dollars a week. I might have that wrong but it is in the neighborhood of a million dollars a week or more. So you mean to tell me, we are not going to provide a process to some Fortune 20 or 500 company to come in and buy off all that debt? To come in and manage a utility company that's been clearly mismanaged so I think we missed an opportunity today but the ship has sailed. I'm going to be voting for the reform because I think reform is a good thing. But mark my words, we are going to be back here in three years. In addition to that, there are a lot of prices going to go up then. We all assume this is going to work. When has it worked for the ratepayers? The ratepayers at Santee Cooper are paying the highest rates in the State. So clearly we have breached our fiduciary duty. Those are strong words, and I don't casually throw those words around. I know the significance of it. You have a duty to loyalty when you sit in these seats -- duty of loyalty, duty of care. In my view, the vote that was 36-8 did not reflect what I think would have been a viable option to balance the options available to us -- reform and providing a clear path and process for sale. Particularly when we have people or institutions that are credible institutions that are willing to sell.

The final point I will make is in terms of the minority community, and this may not be politically popular in this group, but Santee Cooper doesn't have an African-American on the board. They don't have any procurement process -- zero. How long are we going to allow the alumni association of the Citadel or the good old boys that stay at Wampee to manage what has been described as a very, very sophisticated operation? I guess indefinitely. Again, my remarks reflect in no way that these Senators didn't do their jobs, because they did. There are no greater advocates for Santee Cooper than Senator GROOMS, Senator RANKIN and Senator GOLDFINCH. They are fighting for those jobs. One thing I like about Santee Cooper is they have a defined benefit plan. They can keep that plan. Under a merger with a public utility -- they probably go to a 401k plan. It is interesting the issue has been lost on the General

Assembly. I hear privatization all the time, but the same people, pushing privatization seem to have forgotten about this transaction. We have heard it about the port. We hadn't had much discussion about that. We have a \$13 billion quasi-governmental owned institution that the State of South Carolina is going to be responsible for -- going to be a lot more money as we move to clean energy. We will be required to move to clean energy. That is going to be billions more because they are going to have to decommission essentially their entire higher generation facilities.

On motion of Senator SABB, with unanimous consent, the remarks of Senator KIMPSON, were ordered printed in the Journal.

The amendment was adopted.

Senator RANKIN objected to further consideration of the Bill.

The Senate proceeded to a consideration of the Bill.

The Committee on Judiciary proposed the following amendment (JUD3194.002), which was withdrawn:

Amend the bill, as and if amended, by striking all after the enacting words and inserting therein the following:

/ SECTION 1. Section 58-31-20 of the 1976 Code of Laws is amended to read:

THURSDAY, APRIL 22, 2021

“Section 58-31-20. (A) The Public Service Authority consists of a board of twelve directors who reside in South Carolina and who have the qualifications stated in this section, as determined by the State Regulation of Public Utilities Review Committee pursuant to Section 58-3-530(14), before being appointed by the Governor with the advice and consent of the Senate as follows: one from each congressional district of the State; one from each of the counties of Horry, Berkeley, and Georgetown who reside in authority territory and are customers of the authority; and two from the State at large, one of whom must be chairman. Two of the directors must have substantial work experience within the operations of electric cooperatives or substantial experience on an electric cooperative board, including one of the two who must have substantial experience within the operations or board of a transmission or generation cooperative. Except to the extent they are serving in an ex-officio capacity, a ~~A~~ director shall not serve as an employee or board member of an electric cooperative during his term as a director. Each director shall serve for a term of ~~seven~~ six years, except as provided in this section. At the expiration of the term of each director and of each succeeding director, the Governor, with the advice and consent of the Senate, must appoint a successor, who shall hold office for a term of ~~seven~~ six years or until his successor has been appointed and qualified. In the event of a director vacancy due to death, resignation, or otherwise, the Governor must appoint the director’s successor, with the advice and consent of the Senate, and the successor-director shall hold office for the unexpired term. A director shall not be appointed for more than two consecutive full terms. An appointment to an unexpired partial term shall not be considered for purposes of determining term limits.

A director may not receive a salary for services as director until the authority is in funds, but each director must be paid his actual expense in the performance of his duties, the actual expense to be advanced from the contingent fund of the Governor until the time the Public Service Authority is in funds, at which time the contingent fund must be reimbursed. After the Public Service Authority is in funds, the compensation and expenses of each member of the board must be paid from these funds, and the compensation and expenses must be fixed by the advisory board established in this section. The authority may provide, at its expense, health insurance benefits to members of the board, through the State insurance plan or otherwise. Members of the board of directors may be removed for cause, pursuant to Section 1-3-240(C), by the Governor of the State, the advisory board, or a majority thereof. A member of the General Assembly of the State of South Carolina is not

eligible for appointment as Director of the Public Service Authority during the term of his office. No more than two members from the same county may serve as directors at any time.

(B) Candidates for appointment to the board must be screened by the State Regulation of Public Utilities Review Committee and, prior to confirmation by the Senate, must be found qualified by meeting the minimum requirements contained in subsection (C). The review committee must submit a written report to the Clerk of the Senate setting forth its findings as to the qualifications of each candidate. A candidate must not serve on the board, even in an interim capacity, until he is screened and found qualified by the State Regulation of Public Utilities Review Committee.

(C)(1) Each member must possess abilities and experience that are generally found among directors of energy utilities serving this State and that allow him to make valuable contributions to the conduct of the authority's business. These abilities include substantial business skills and experience, but are not limited to:

- (ii) consumer protection and advocacy issues;
- (iii) water and wastewater issues;
- (iv) finance, economics, and statistics;
- (v) accounting;
- (vi) engineering; or
- (vii) law.

(D) For the assistance of the board of directors of the Public Service Authority, there is hereby established an advisory board to be known as the advisory board of the South Carolina Public Service Authority, to be composed of the Governor of the State, the Attorney General, the State Treasurer, the Comptroller General, and the Secretary of State, as ex officio members, who must serve without compensation other than necessary traveling expenses. The advisory board must perform any duties imposed on it pursuant to this chapter, and must consult and advise with the board of directors on any and all matters which by the board of directors may be referred to the advisory board. The board of directors must make annual reports to the advisory board, which reports must be submitted to the General Assembly by the Governor, in which full information as to all of the acts of said board of directors shall be given, together with financial statement and full information as to the work of the authority. On July first of each year, the advisory board must designate a certified public accountant or accountants, ~~resident in the State, for the purpose of making a complete audit of the affairs of the authority, which must be filed with the annual report of the board of directors. The Public Service Authority must submit the audit to the General Assembly.~~ The board of directors must submit annual reports required by Section 58-3-530(17) to the advisory board.

(E)(1) The following shall be nonvoting ex officio members of the board of directors entitled to attend all meetings of the authority board, including any executive sessions, except as set forth below:

The Chairman of Central Electric Power Cooperative, or his designee, and one member of the Board of Central Electric Power Cooperative chosen by that board who is not the chairman or his designee. The ex officio members shall have the same obligations and duties as other members of the board, except the obligation to vote, and are subject to removal in the same manner as other board members. An ex officio member that has otherwise satisfied all obligations and duties owed to the Public Service Authority shall not be liable for matters directly related to either the process of voting nor a decision determined by a vote of the board of directors.

THURSDAY, APRIL 22, 2021

(2) The ex officio members may be excluded from executive session where the following matters are being discussed: (1) negotiations incident to proposed contractual arrangements with a customer, including Central Electric Cooperative, Inc., or receiving legal advice involving a customer, Central Electric Power Cooperative Inc. or one of its members; and (2) discussions regarding generation resources that will not be shared resources under any wholesale power supply agreement between the authority and Central Electric Power Cooperative or receiving legal advice in relation thereto. Upon advice of counsel that a conflict may exist for an ex officio member of the board to attend an executive session or a portion thereof to discuss matters other than (1) and (2) above, the board may exclude, by a majority vote, the ex officio member from those portions of an executive session for which a conflict may exist. The reason for the conflict must be stated before the vote is taken and shall be recorded in official minutes or other records of the meeting. The ex officio member of the board must be given an opportunity to speak to the conflict and the underlying issue at the beginning of the executive session. After being provided the opportunity to speak as provided in this provision, the ex officio member must leave the room and may not participate in the remainder of the executive session on the issue giving rise to the conflict. The decision of the Board of Directors to exclude an ex officio member due to a conflict is not appealable to any court. Efforts should be taken to optimize participation of ex officio members by segmenting executive sessions.

(3) Ex officio members will serve immediately but must meet the qualifications set forth in Section 58-31-20(C) as verified by the Public Utilities Review Committee within six months of beginning service as an ex officio member. They will not be entitled to receive compensation from the Public Service Authority for their service as an ex officio member and will not be counted for purposes of determining a quorum.

(F) In making appointments to the board of directors, the Governor, in making appointments and the Senate, in its advice and consent capacity, must give due consideration to race, gender, and other demographic factors to assure nondiscrimination, inclusion, and representation to the greatest extent possible of all segments of the population of this State.

SECTION 2. Chapter 31, Title 58 of the 1976 Code is amended by adding:

“Section 58-31-225. The Office of Regulatory Staff, under the provisions of this section, is hereby vested with the authority and jurisdiction to make inspections, audits, and examinations of the Public

(6) the authority's management shall respond to reasonable questions and requests for information from customers and the Office of Regulatory Staff during the comment period regarding the rate proposal, subject to the appropriate protection of confidential information. All information provided to the Office of Regulatory Staff upon request that is not confidential or proprietary shall be made publicly available immediately following disclosure to the requesting party;

(7) submission by the Office of Regulatory Staff of written comments and supporting documentation in the same manner as customers and an opportunity for the Office of Regulatory Staff to provide comments to, and answer questions from, the board of directors;

(8) a meeting of the board of directors, separate from its scheduled vote on proposed rate adjustments and no less than one hundred twenty days from the date of notice required pursuant to Section 58-31-730(A), at which the board of directors shall receive written comments received in accordance with Section 58-31-730(A)(1), and transcripts of the public meetings, provided that:

THURSDAY, APRIL 22, 2021

(a) at this meeting customers who will be affected by a rate adjustment shall be entitled to appear and speak in person for a reasonable amount of time to offer their comments directly to the board of directors;

(b) customer comments received by the authority prior to this meeting and transcripts of the public meetings shall be submitted to the board of directors for their consideration in the determination of rates;

(c) submissions from the Office of Regulatory Staff shall be provided to the board of directors for their consideration in the determination of rates; and

(d) the authority shall cause a transcript of this meeting to be prepared and maintained as a public record;

(9) a meeting of the board of directors, separate from its scheduled vote on proposed rate adjustments and no less than one hundred fifty days from the date of notice required pursuant to Section 58-31-730(A), at which it shall receive the authority management's recommendation, which shall be made publicly available, concerning proposed rate adjustments, the proposed rate schedules, and documentation supporting the same; and

(10) a meeting at which the board of directors votes on the proposed rate adjustment, following notice as set forth in subsection (A) and completion of the process implemented by the board of directors pursuant to subsection (B).

(C) Rates shall become effective no earlier than sixty days following board approval of proposed rate adjustments.

(D) Nothing contained in this section may be construed to limit or derogate from the state's covenants as provided in Sections 58-31-30 and 58-31-360, and those covenants are hereby reaffirmed.

(E) The board of directors shall utilize consultants independent from the authority's management and is authorized to hire independent outside experts and consultants as necessary to fulfill the board of directors' obligations and duties pursuant to this section.

(F) Notwithstanding the provisions of this section, the authority may place such adjusted rates and charges into effect on an interim basis under emergency circumstances such as the avoidance of default of its obligations and to ensure proper maintenance of its system. Said adjusted rates and charges shall be subject to prospective rate adjustment in accordance with the terms of this section, provided further, that the authority may implement experimental rates on an interim basis for the purpose of developing improved rate offerings for customers. These experimental rates will be enacted for no longer than four years and (a)

THURSDAY, APRIL 22, 2021

for large industrial customers, no more than twelve percent of the large industrial customer class except large industrial customers with one hundred megawatts or greater load shall be excluded from any class size limit, and (b) for all other customers no more than five percent of the customers in the class. All experimental rates must be disclosed in public session of the board prior to being enacted and are subject to approval by the board only to the extent that they meet the requirements of Section 58-31-55.

(G) Judicial review of decisions by the board of directors under this article shall be by direct appeal to the South Carolina Supreme Court. The service of a notice of appeal from a decision of the board of directors pursuant to this article does not act to automatically stay the matters decided in the decision, in the same manner as provided by Rule 241(b)(11) of the South Carolina Appellate Court Rules. Rate adjustments approved by the board of directors pursuant to this article have been authorized by law.

(1) The Office of Regulatory Staff, or any customer who has submitted written or oral comments as permitted under this article is considered a 'party in interest' entitled to obtain judicial review of any final decision of the board under this article by appealing in the manner provided by Rule 203(b)(6) of the South Carolina Appellate Court Rules as applicable to appeals from administrative tribunals. No right to appeal accrues unless a request for reconsideration is submitted to the board and refused as set out in S.C. Code Ann. Section 58-31-730(G)(2).

(2) Any party in interest seeking to appeal must first submit, within ten days after the decision of the board, a request for reconsideration. The board of directors shall either grant or refuse such request within twenty days of receipt. If the board grants the request for reconsideration, it must meet to consider the request within thirty days.

(3) On appeal, the South Carolina Supreme Court may not substitute its judgment for the judgment of the board of directors as to the weight of the evidence on questions of fact. The court may affirm the decision of the board of directors or remand the case to the board of directors for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the board's findings, inferences, conclusions, or decisions are:

- (a) in violation of constitutional or statutory provisions;
- (b) in excess of the statutory authority of the authority;
- (c) made upon unlawful procedure;
- (d) affected by other error of law;

THURSDAY, APRIL 22, 2021

(e) clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or

(f) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

(H) The procedure provided in this article is the exclusive process for challenging any rate adjustments approved by the board of directors. If a party in interest successfully challenges a rate approval decision on appeal, the exclusive remedy is a prospective adjustment of a new rate by the board of directors. The board of directors possesses authority only to adjust rates prospectively and has no authority to refund amounts collected pursuant to a rate adjustment approved pursuant to this article. The filed rate doctrine protects any such rate adjustment decisions from any collateral attack, which includes, but is not limited to, any claim that a rate adjustment decision by the board of directors violates S.C. Code Ann. Sections 58-31-55, 58-31-56, or 58-31-57.

Section 58-31-740. The authority shall submit to the Office of Regulatory Staff a pricing report each year, and its report must include an analysis of the adherence to the pricing principles required in Section 58-31-710, the current and projected electric customer pricing, a comparison of pricing to other utilities, and an analysis of the rates of return by customer class. After its review, the ORS shall issue comments on the authority's annual pricing report to the authority's board of directors and the Public Utility Review Committee."

SECTION 4. Section 58-33-20 of the 1976 Code of Laws is amended to read:

"Section 58-33-20. (1) The term 'commission' means Public Service Commission.

(2) The term 'major utility facility' means:

(a) electric generating plant and associated facilities designed for, or capable of, operation at a capacity of more than seventy-five megawatts.

(b) an electric transmission line and associated facilities of a designed operating voltage of one hundred twenty-five kilovolts or more; provided, however, that the words 'major utility facility' shall not include electric distribution lines and associated facilities, ~~nor shall the words 'major utility facility' include electric transmission lines and associated facilities leased to and operated by (or which upon completion of construction are to be leased to and operated by) the South Carolina Public Service Authority.~~

(3) The term 'commence to construct' means any clearing of land, excavation, or other action that would adversely affect the natural

environment of the site or route of a major utility facility, but does not include surveying or changes needed for temporary use of sites or routes for nonutility purposes, or uses in securing geological data, including necessary borings to ascertain foundation conditions.

(4) The term ‘municipality’ means any county or municipality within this State.

(5) The term ‘person’ includes any individual, group, firm, partnership, corporation, cooperative, association, government subdivision, government agency, local government, municipality, any other organization, or any combination of any of the foregoing, and ~~but~~ shall ~~not~~ include the South Carolina Public Service Authority.

(6) The term ‘public utility’ or ‘utility’ means any person engaged in the generating, distributing, sale, delivery, or furnishing of electricity for public use.

(7) The term ‘land’ means any real estate or any estate or interest therein, including water and riparian rights, regardless of the use to which it is devoted.

(8) The term ‘certificate’ means a certificate of environmental compatibility and public convenience and necessity.

(9) The term ‘regulatory staff’ means the executive director or the executive director and the employees of the Office of Regulatory Staff.”

SECTION 5. Section 58-33-110(4) of the 1976 Code of Laws is amended to read:

“(4) This chapter shall not apply to any major utility facility:

(a) The construction of which is commenced within one year after January 1, 1972; or

(b) For which, prior to January 1, 1972, an application for the approval has been made to any Federal, State, regional or local governmental agency which possesses the jurisdiction to consider the matters prescribed for finding and determination in subsection (1) of Section 58-33-160.

(c) For which, prior to January 1, 1972, a governmental agency has approved the construction of the facility and indebtedness has been incurred to finance all or part of the cost of such construction; ~~or~~

(d) Which is a hydroelectric generating facility over which the Federal Power Commission has licensing jurisdiction; or

(e) Which is a transmission line or associated electrical transmission facilities constructed by the South Carolina Public Service Authority, for which construction either is commenced within one year after January 1, 2022, or is necessary to maintain system reliability in

connection with the closure of the Winyah Generating Station, provided that such transmission is not for generation subject to this chapter.”

SECTION 6. Section 58-37-40 of the 1976 Code of Laws is amended to read:

“Section 58-37-40. (A) Electrical utilities, electric cooperatives, municipally owned electric utilities, and the South Carolina Public Service Authority must each prepare an integrated resource plan. An integrated resource plan must be prepared and submitted at least every three years. Nothing in this section may be construed as requiring interstate natural gas companies whose rates and services are regulated only by the federal government or gas utilities subject to the jurisdiction of the commission to prepare and submit an integrated resource plan.

(1) Each electrical utility with one hundred thousand or more customer accounts must submit its integrated resource plan to the commission. The integrated resource plan must be posted on the electrical utility’s website and on the commission’s website.

(2) Electric cooperatives, electric utilities with less than one hundred thousand customer accounts, and municipally owned electric utilities shall each submit an integrated resource plan to the State Energy Office. Each integrated resource plan must be posted on the State Energy Office’s website. If an electric cooperative, electric utility with less than one hundred thousand customer accounts, or municipally owned utility has a website, its integrated resource plan must also be posted on its website. For distribution, electric cooperatives that are members of a cooperative that provides wholesale service, the integrated resource plan may be coordinated and consolidated into a single plan provided that nonshared resources or programs of individual distribution cooperatives are highlighted. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to a distribution or wholesale cooperative or a municipally owned electric utility as a result of the cooperative or the municipally owned electric utility not owning or operating generation resources, the plan may state that fact or refer to the plan of the wholesale power generator. Where plan components listed in subsections (B)(1) and (2) of this section do not apply to an electrical utility with less than one hundred thousand customer accounts as a result of its own generation resources being comprised of more than seventy-five percent renewable energy or because it purchases wholesale load balancing generation services, then plan may state that fact or refer to the plan of the wholesale power generator. For purposes of this section, a wholesale power generator does not include a municipally created joint agency if that joint agency receives at least seventy-five percent of its electricity from a

THURSDAY, APRIL 22, 2021

generating facility owned in partnership with an electrical utility and that electrical utility:

(a) generally serves the area in which the joint agency's members are located; and

(b) is responsible for dispatching the capacity and output of the generated electricity.

~~(3) The South Carolina Public Service Authority shall submit its integrated resource plan to the State Energy Office. The integrated resource plan must be developed in consultation with the electric cooperatives and municipally owned electric utilities purchasing power and energy from the Public Service Authority and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The integrated resource plan must be posted on the State Energy Office's website and on the Public Service Authority's website.~~

(3) The South Carolina Public Service Authority shall adopt and publish resource planning principles that respect and balance factors including, but not limited to, customer focus, cost management, system reliability, risk and financial integrity to be used in development of its integrated resource plan, and shall submit an integrated resource plan to the Public Service Commission, the State Energy Office, and the Public Utilities Review Committee.

(a) The integrated resource plan must provide the information required in Section 58-37-40(B) and must be developed in consultation with the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities purchasing power and energy from the Public Service Authority, and consider any feedback provided by retail customers; and shall include the effect of demand-side management activities of the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The Integrated Resource Plan of the South Carolina Public Service Authority shall include and evaluate at least one resource portfolio, which will reflect the closure of the Winyah Generating Station by 2028, designed to provide safe and reliable electricity service while meeting a net zero carbon emission goal by the year 2050.

THURSDAY, APRIL 22, 2021

(b) The commission shall not have the authority to approve or disapprove of the integrated resource plan but must have a public hearing for interested parties to comment on the integrated resource plan. Prior to the public hearing, the commission shall have a proceeding to review the Public Service Authority's integrated resource plan which allows intervention by interested parties. The commission shall establish a procedural schedule establishing the date for the public hearing and to permit testimony and reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. The Office of Regulatory Staff shall also provide comments regarding the integrated resource plan, including, but not limited to, any material differences between it and the integrated resource plan submitted to the Energy Office by the electric cooperatives. No later than three hundred days after the Public Service Authority files an integrated resource plan the commission shall issue a plan assessment applying the standards and factors set forth in Section 58-37-40(C)(2) as applied to electrical utilities and deliver it to the Public Service Authority's board of directors and the Public Utilities Review Commission. The parties to the proceeding will have an opportunity to file a proposed plan assessment for consideration by the commission prior to the commission issuing its final plan assessment.

(c) Within sixty days after the issuance of the commission's plan assessment, the Board of the Public Service Authority shall meet to consider the comments received from the public hearing and the Office of Regulatory Staff, and the commission's plan assessment. The integrated resource plan must be finalized within the following sixty days and submitted to the commission, the Office of Regulatory Staff and the Public Utilities Review Committee, and posted on the Public Service Authority's website.

(d) Nothing in this Chapter of Title 58 gives the Public Service Commission or the Public Service Authority the power to amend or alter in any way any wholesale power supply agreement between the Public Service Authority and Central Electric Power Cooperative.

(B)(1) An integrated resource plan shall include all of the following:

- (a) a long-term forecast of the utility's sales and peak demand under various reasonable scenarios;
- (b) the type of generation technology proposed for a generation facility contained in the plan and the proposed capacity of the generation

facility, including fuel cost sensitivities under various reasonable scenarios;

(c) projected energy purchased or produced by the utility from a renewable energy resource;

(d) a summary of the electrical transmission investments planned by the utility;

(e) several resource portfolios developed with the purpose of fairly evaluating the range of demand-side, supply-side, storage, and other technologies and services available to meet the utility's service obligations. Such portfolios and evaluations must include an evaluation of low, medium, and high cases for the adoption of renewable energy and cogeneration, energy efficiency, and demand response measures, including consideration of the following:

(i) customer energy efficiency and demand response programs;

(ii) facility retirement assumptions; and

(iii) sensitivity analyses related to fuel costs, environmental regulations, and other uncertainties or risks;

(f) data regarding the utility's current generation portfolio, including the age, licensing status, and remaining estimated life of operation for each facility in the portfolio;

(g) plans for meeting current and future capacity needs with the cost estimates for all proposed resource portfolios in the plan;

(h) an analysis of the cost and reliability impacts of all reasonable options available to meet projected energy and capacity needs; and

(i) a forecast of the utility's peak demand, details regarding the amount of peak demand reduction the utility expects to achieve, and the actions the utility proposes to take in order to achieve that peak demand reduction.

(2) An integrated resource plan may include distribution resource plans or integrated system operation plans.

(C)(1) ~~For each electrical utility subject to subsection (A)(1), the~~The commission shall have a proceeding to review each electrical utility's integrated resource plan. As part of the integrated resource plan filing, the commission shall allow intervention by interested parties. The commission shall establish a procedural schedule to permit reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. No later than three hundred days

THURSDAY, APRIL 22, 2021

after an electrical utility files an integrated resource plan, the commission shall issue a final order approving, modifying, or denying the plan filed by the electrical utility.

(2) The commission shall approve an electrical utility's integrated resource plan if the commission determines that the proposed integrated resource plan represents the most reasonable and prudent means of meeting the electrical utility's energy and capacity needs as of the time the plan is reviewed. To determine whether the integrated resource plan is the most reasonable and prudent means of meeting energy and capacity needs, the commission, in its discretion, shall consider whether the plan appropriately balances the following factors:

- (a) resource adequacy and capacity to serve anticipated peak electrical load, and applicable planning reserve margins;
- (b) consumer affordability and least cost;
- (c) compliance with applicable state and federal environmental regulations;
- (d) power supply reliability;
- (e) commodity price risks;
- (f) diversity of generation supply; and
- (g) other foreseeable conditions that the commission determines to be for the public interest.

(3) If the commission modifies or rejects an electrical utility's integrated resource plan, the electrical utility, within sixty days after the date of the final order, shall submit a revised plan addressing concerns identified by the commission and incorporating commission-mandated revisions to the integrated resource plan to the commission for approval. Within sixty days of the electrical utility's revised filing, the Office of Regulatory Staff shall review the electrical utility's revised plan and submit a report to the commission assessing the sufficiency of the revised filing. Other parties to the integrated resource plan proceeding also may submit comments. No later than sixty days after the Office of Regulatory Staff report is filed with the commission, the commission at its discretion may determine whether to accept the revised integrated resource plan or to mandate further remedies that the commission deems appropriate.

(4) The submission, review, and acceptance of an integrated resource plan by the commission, or the inclusion of any specific resource or experience in an accepted integrated resource plan, shall not be determinative of the reasonableness or prudence of the acquisition or construction of any resource or the making of any expenditure. The electrical utility shall retain the burden of proof to show that all of its

THURSDAY, APRIL 22, 2021

investments and expenditures are reasonable and prudent when seeking cost recovery in rates.

(D)(1) ~~An~~ Each electrical utility subject to subsection (A)(1) shall submit annual updates to its integrated resource plan to the commission. An annual update must include an update to the electric utility's base planning assumptions relative to its most recently accepted integrated resource plan, including, but not limited to: energy and demand forecast, commodity fuel price inputs, renewable energy forecast, energy efficiency and demand-side management forecasts, changes to projected retirement dates of existing units, along with other inputs the commission deems to be for the public interest. The electrical utility's annual update must describe the impact of the updated base planning assumptions on the selected resource plan.

(2) The Office of Regulatory Staff shall review each electric utility's annual update and submit a report to the commission providing a recommendation concerning the reasonableness of the annual update. After reviewing the annual update and the Office of Regulatory Staff report, the commission may accept the annual update or direct the electrical utility to make changes to the annual update that the commission determines to be in the public interest.

(E) The commission is authorized to promulgate regulations to carry out the provisions of this section."

SECTION 7. Section 58-3-530 of the 1976 Code of Laws is amended by adding the following numbered subsections to read:

"(16) to conduct an annual performance review of each member of the South Carolina Public Service Authority Board of Directors, which must be submitted to the General Assembly. Directors shall be entitled to submit documentation in advance of the annual review regarding actions taken and expert opinions received. A draft of each director's performance review must be submitted to the director, and the director must be allowed an opportunity to be heard before the review committee before the final draft of the performance review is submitted to the General Assembly. The final performance review must be made a part of the director's record for consideration if the member is reappointed to the board.

As part of the performance review, the review committee will provide a mechanism by which parties, including the Office of Regulatory Staff, who have an interest in the oversight of the South Carolina Public Service Authority by its board may submit a confidential survey evaluating the directors. At a minimum, the survey must include the following:

THURSDAY, APRIL 22, 2021

- (a) knowledge and application of substantive utility issues;
- (b) ability to perceive relevant issues;
- (c) absence of influence by political considerations;
- (d) temperament and demeanor in general, preparation for and attentiveness during meetings;

(17) to evaluate the actions of the South Carolina Public Service Authority Board, to the end that the members of the General Assembly may better judge whether these actions serve the best interests of the customers of the Public Service Authority, both retail and wholesale.

The Public Service Authority shall submit an annual report in which full information as to all of the acts of the board of directors shall be given, together with financial statements and full information as to the work of the Public Service Authority. The report shall include, but is not limited to, (i) a report from an independent consulting engineer every two years, (ii) an annual report demonstrating adherence to the resource planning principles established pursuant to Section 58-37-40 and the pricing principles established pursuant to Section 58-31-710, and (iii) the annual report of its external auditor; and

(18) to submit to the General Assembly, on an annual basis, the review committee's evaluation of the performance of the South Carolina Public Service Authority Board. A proposed draft of the evaluation must be submitted to the board prior to submission to the General Assembly, and the board must be given an opportunity to be heard before the review committee prior to the completion of the evaluation and its submission to the General Assembly."

SECTION 8. Section 58-31-55 of the 1976 Code of Laws is amended to read:

"Section 58-31-55. (A) A director shall discharge his duties as a director, including his duties as a member of a committee:

- (1) in good faith;
- (2) with the care an ordinarily prudent person in a like position would exercise under similar circumstances; and
- (3) in a manner he reasonably believes to be in the best interests of the Public Service Authority. As used in this chapter, 'best interests' means a balancing of the following:

(a) preservation of the financial integrity of the Public Service Authority and its ongoing operations ~~of generating, transmitting, and distributing electricity to wholesale and retail customers on a reliable, adequate, efficient, and safe basis, at just and reasonable rates, regardless of the class of customer;~~

THURSDAY, APRIL 22, 2021

(b) the interest of the Public Service Authority's residential, commercial and industrial retail customers and those wholesale customers served pursuant to contractual arrangements but excluding joint action agencies and those entities located outside the State, in reliable, adequate, efficient, and safe service, at just and reasonable rates, regardless of customer class;

(c) maintenance, preservation and keeping of the Public Service Authority's properties and all additions and betterments thereto and extension thereof and every part and parcel in thereof, in good repair, working order and condition;

~~(b)(d)~~ the support of, economic development and job attraction and retention within the Public Service Authority's present service area or areas within the State authorized to be served by an electric cooperative or municipally owned electric utility that is a direct or indirect wholesale customer of the authority, provided the remaining items of this subsection have been met; and

~~(e)(e)~~ subject to the limitations of Section 58-31-30(B) and item (A)(3)(a) of this section, exercise of the powers of the authority set forth in Section 58-31-30 in accordance with good business practices and the requirements of applicable licenses, laws, and regulations.

(B) In discharging his duties, a director is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

(1) one or more officers or employees of the Public Service Authority whom the director reasonably believes to be reliable and competent in the matters presented;

(2) legal counsel, public accountants, or other persons as to matters the director reasonably believes are within the person's professional or expert competence; or

(3) a committee of the board of directors of which he is not a member if the director reasonably believes the committee merits confidence.

(C) A director is not acting in good faith if he has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (B) unwarranted.

(D) A director is not liable for any action taken as a director, or any failure to take any action, if he performed the duties of his office in compliance with this section.

(E) An action against a director for failure to perform the duties imposed by this section must be commenced within three years after the cause of action has occurred, or within two years after the time when the

THURSDAY, APRIL 22, 2021

cause of action is discovered or should reasonably have been discovered, whichever occurs sooner. This limitations period does not apply to breaches of duty which have been concealed fraudulently.”

SECTION 9. Section 1-3-240(C)(1)(m) of the 1976 Code of Laws is amended to read:

“(m) Directors of the South Carolina Public Service Authority appointed pursuant to Section 58-31-20. A director of the South Carolina Public Service Authority also may be removed for his breach of any duty arising under Section 58-31-55 or 58-31-56. The Governor is also allowed, but not required, to remove a director upon the recommendation of the State Regulation of Public Utilities Review Committee by an affirmative vote of eight of its members upon good cause shown.

The Governor must not request a director of the South Carolina Public Service Authority to resign unless cause for removal, as established by this subsection, exists. Removal of a director of the South Carolina Public Service Authority, except as is provided by this section or by Section 58-31-20(A), must be considered to be an irreparable injury for which no adequate remedy at law exists;”

SECTION 10. Chapter 31, Title 58 of the 1976 Code is amended by adding:

“Section 58-31-227. (A) The Public Service Authority shall procure renewable energy resources subject to the following requirements:

(1) Renewable energy resources procured by the Public Service Authority shall be procured via a competitive solicitation process open to all independent market participants that meet minimum eligibility requirements.

(2) The Public Service Authority shall issue public notification of its intention to issue a competitive renewable solicitation at least ninety days prior to the release of each solicitation, including the proposed procurement volume, process, and timeline.

(3) Renewable energy facilities eligible to participate in a competitive procurement are those that have a valid interconnection request on file and that use renewable energy resources identified in Section 58-39-120(F) and may include battery storage devices charged exclusively by renewable energy.

(B) The Public Service Authority shall make publicly available at least forty-five days prior to each competitive solicitation:

(1) A pro forma contract to inform market participants of the procurement terms and conditions. The pro forma contract will (i) include standardized and commercially reasonable requirements for contract performance security consistent with market standards; (ii)

THURSDAY, APRIL 22, 2021

define limits and compensation for resource dispatch and curtailments that limit uncompensated curtailment to a specified portion of estimated annual output.

(2) A bid evaluation methodology that ensures all bids are treated equitably, including price and non-price evaluation criteria. Non-price criteria will include, at minimum, consideration of diversity in resource size and geographic location.

(3) Interconnection requirements and study methodology, including how bids without existing interconnection studies will be treated for purposes of evaluation.

(C) After bids are submitted and evaluated, winning bids will be selected based upon the published evaluation methodology.

The Public Service Authority shall issue a public report summarizing the results of each competitive solicitation within sixty days of the award notifications. The report will include, at minimum, a summary of the submitted bids and an anonymized list of the project awards, including their size, location, average award price and tenor, and award price range.”

SECTION 11. Section 58-31-430 of the 1976 Codes of Laws is amended to read:

“Section 58-31-430. The Public Service Commission may not assign any portion of the present service area of the Public Service Authority to any electrical utility or electric cooperative and this service area must be exclusively served by the Public Service Authority unless otherwise agreed to by the Public Service Authority as described in this section. Santee Electric Cooperative, Inc., Berkeley Electric Cooperative, Inc., Horry Electric Cooperative, Inc. may serve those areas reserved to them as provided in Section 58-31-330. The Public Service Commission is directed to conform the present assignment under Section 58-27-620 to the mandates of this article. Nothing contained in this article may be construed as preventing the Public Service Commission from exercising its jurisdiction over electric cooperative service areas in the manner provided by law. Upon customer choice either the Public Service Authority, ~~or~~ an electric cooperative mentioned above, or Edisto Electric Cooperative, Inc. may furnish electric service to any new premises which the other supplier has the right to serve, upon agreement of the affected suppliers.

Notwithstanding the foregoing, the Public Service Authority shall have the right to enter into agreements with other electric suppliers, as defined by Section 58-27-610, concerning service areas, as contemplated by Section 58-27-640, and corridor rights, as defined by Section

THURSDAY, APRIL 22, 2021

58-27-610. In that event, the Public Service Commission shall have the authority to approve said agreements and to reassign said service area or corridor rights. This authority shall only apply in situations where all affected electric suppliers have reached an agreement concerning service areas or corridor rights. With respect to the agreements, the commission shall approve the agreements and reassign said service area or corridor rights if, after giving notice and an opportunity for hearing to interested parties, it finds the agreements to be fair and reasonable, but the commission shall not have the authority to alter or amend any such agreement unless all affected electric suppliers agree to the alteration or amendment. For purposes of this article, the term 'all affected electric suppliers' shall include, but not be limited to, the nearest electric cooperative or cooperatives to the proposed service area changes within a five mile radius of the affected service area or corridor. This section shall not confer service territory rights to the Public Service Authority beyond those provided in Section 58-31-330 and Section 58-31-320(2)."

SECTION 12. As part of the process of retiring its coal units, the Public Service Authority shall develop and implement a plan, with community engagement and participation, that: (a) allows employees in good standing who would be directly affected by the closure of the unit to be retained by the Public Service Authority, or provides training opportunities for related employment to affected employees in good standing who cannot be retained; and (b) provides an opportunity for economic development and job attraction in the communities where the retired coal stations are located. Annual written status reports shall be provided to the SC Public Utilities Review Committee.

SECTION 13. Section 58-31-30(A)(21) of the 1976 Code is amended to read:

(3) When ex officio members are excluded from executive session, the reason for the conflict must be stated before the vote is taken and shall be recorded in official minutes or other records of the meeting. The ex officio member of the board must be given an opportunity to speak to the conflict and the underlying issue at the beginning of the executive session. After being provided the opportunity to speak as provided in this provision, the ex officio member must leave the room and may not participate in the remainder of the executive session on the issue giving rise to the conflict. The decision of the board of directors to exclude an ex officio member due to a conflict is not appealable to any court. (4) Ex officio members will begin serving immediately upon a letter indicating their appointments is delivered to the board and to the Public Utilities Review Committee but must meet the qualifications set forth in Section 58-31-20(C) as verified by the Public Utilities Review Committee within six months of beginning service as an ex officio member. The State of South Carolina does hereby pledge to and agree with any person, firm, or corporation, the government of the United States and any corporation or agency created, designated, or established by the United States, subscribing to or acquiring the notes, bonds, evidences of indebtedness, or other obligations to be issued by the Public Service Authority for the construction of any project, that the State will not alter or limit the rights hereby vested in the Public Service Authority until the said notes, bonds, evidences of indebtedness, or other obligations, together with the interest thereon, are fully met and discharged; provided, that nothing herein contained shall preclude such limitation or alteration if and when and after adequate provisions shall be made by law for the protection of those subscribing to or acquiring such notes, bonds, evidences of indebtedness, or other obligations of the Public Service Authority. Any payment made in violation of this section is grounds for a claw-back of the payment or benefit in a legal action brought by the Attorney General of this State seeking a recovery of that payment. The Public Service Authority must provide a report to the Agency Head Salary Commission by July 6, 2021, with information regarding any severance package, payment or other benefit conferred upon an executive officer or member of the board of the Public Service Authority from January 1, 2020, through June 30, 2021.”

Rate

adjustments approved by the board of directors pursuant to this article have been authorized by law.

(1) The Office of Regulatory Staff, or any customer who has submitted written or oral comments as permitted under this article is considered a 'party in interest' entitled to obtain judicial review of any final decision of the board under this article by appealing in the manner provided by Rule 203(b)(6) of the South Carolina Appellate Court Rules as applicable to appeals from administrative tribunals. No right to appeal accrues unless a request for reconsideration is submitted to the board and refused as set out in S.C. Code Ann. Section 58-31-730(G)(2).

(2) Any party in interest seeking to appeal must first submit, within ten days after the decision of the board, a request for reconsideration. The board of directors shall either grant or refuse such request within twenty days of receipt. If the board grants the request for reconsideration, it must meet to consider the request within thirty days.

(3) On appeal, the South Carolina Supreme Court may not substitute its judgment for the judgment of the board of directors as to the weight of the evidence on questions of fact. The court may affirm the decision of the board of directors or remand the case to the board of directors for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the board's findings, inferences, conclusions, or decisions are:

- (a) in violation of constitutional or statutory provisions;
- (b) in excess of the statutory authority of the authority;
- (c) made upon unlawful procedure;
- (d) affected by other error of law;
- (e) clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or
- (f) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

(H) The procedure provided in this article is the exclusive process for challenging any rate adjustments approved by the board of directors. If a party in interest successfully challenges a rate approval decision on appeal, the exclusive remedy is a prospective adjustment of a new rate by the board of directors. The board of directors possesses authority only to adjust rates prospectively and has no authority to refund amounts collected pursuant to a rate adjustment approved pursuant to this article. The filed rate doctrine protects any such rate adjustment decisions from any collateral attack, which includes, but is not limited to, any claim that a rate adjustment decision by the board of directors violates S.C. Code Ann. Sections 58-31-55, 58-31-56, or 58-31-57.

SECTION 7. Section 58-33-110(4) of the 1976 Code of Laws is amended to read:

“(4) This chapter shall not apply to any major utility facility:

(a) The construction of which is commenced within one year after January 1, 1972; or

(b) For which, prior to January 1, 1972, an application for the approval has been made to any Federal, State, regional or local governmental agency which possesses the jurisdiction to consider the matters prescribed for finding and determination in subsection (1) of Section 58-33-160.

(c) For which, prior to January 1, 1972, a governmental agency has approved the construction of the facility and indebtedness has been incurred to finance all or part of the cost of such construction; ~~or~~

(d) Which is a hydroelectric generating facility over which the Federal Power Commission has licensing jurisdiction; ~~or~~

(e) Which is a transmission line or associated electrical transmission facilities constructed by the South Carolina Public Service Authority, for which construction either is commenced within one year after January 1, 2022, or is necessary to maintain system reliability in connection with the closure of the Winyah Generating Station, provided that such transmission is not for generation subject to this chapter.”

/ “Section 58-37-40. (A) Electrical utilities, electric cooperatives, municipally owned electric utilities, and the South Carolina Public Service Authority must each prepare an integrated resource plan. An integrated resource plan must be prepared and submitted at least every three years. Nothing in this section may be construed as requiring interstate natural gas companies whose rates and services are regulated only by the federal government or gas utilities subject to the jurisdiction of the commission to prepare and submit an integrated resource plan.

(1) Each electrical utility with one hundred thousand or more customer accounts and the Public Service Authority must submit its integrated resource plan to the commission. The integrated resource plan must be posted on the electrical utility’s website and on the commission’s website.

THURSDAY, APRIL 22, 2021

(2) Electric cooperatives, electric utilities with less than one hundred thousand customer accounts, and municipally owned electric utilities shall each submit an integrated resource plan to the State Energy Office. Each integrated resource plan must be posted on the State Energy Office's website. If an electric cooperative, electric utility with less than one hundred thousand customer accounts, or municipally owned utility has a website, its integrated resource plan must also be posted on its website. For distribution, electric cooperatives that are members of a cooperative that provides wholesale service, the integrated resource plan may be coordinated and consolidated into a single plan provided that nonshared resources or programs of individual distribution cooperatives are highlighted. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to a distribution or wholesale cooperative or a municipally owned electric utility as a result of the cooperative or the municipally owned electric utility not owning or operating generation resources, the plan may state that fact or refer to the plan of the wholesale power generator. Where plan components listed in subsections (B)(1) and (2) of this section do not apply to an electrical utility with less than one hundred thousand customer accounts as a result of its own generation resources being comprised of more than seventy-five percent renewable energy or because it purchases wholesale load balancing generation services, then the plan may state that fact or refer to the plan of the wholesale power generator. For purposes of this section, a wholesale power generator does not include a municipally created joint agency if that joint agency receives at least seventy-five percent of its electricity from a generating facility owned in partnership with an electrical utility and that electrical utility:

(a) generally serves the area in which the joint agency's members are located; and

(b) is responsible for dispatching the capacity and output of the generated electricity.

(3) The South Carolina Public Service Authority shall submit its integrated resource plan to the ~~State Energy Office commission~~. The Public Service Authority shall develop a public process allowing for input from all stakeholders prior to submitting the integrated resource plan. The integrated resource plan must be developed in consultation with the electric cooperatives and municipally owned electric utilities purchasing power and energy from the Public Service Authority and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives and municipally owned electric utilities that directly purchase power and

THURSDAY, APRIL 22, 2021

energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The integrated resource plan must be posted on the ~~State Energy Office's~~ commission's website and on the Public Service Authority's website.

(4)(a) In addition to the requirements of 58-37-40(B), the Public Service Authority's integrated resource plan shall include an analysis of long-term power supply alternatives and enumerate the cost of various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost effective and least ratepayer risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service.

(b) In addition to the requirements of Section 58-37-40(B), the commission shall review and evaluate the Public Service Authority's analysis of long-term power supply alternatives and various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and lowest ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service. The commission's evaluation shall include, but not be limited to:

(i) evaluating the cost-effectiveness and ratepayer risk of self-build generation and transmission options compared with various long-term power supply alternatives including power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof. In evaluating and identifying the most cost effective and least ratepayer risk resource portfolio, the commission shall strive to reduce the risk to ratepayers associated with any generation and transmission options while maintaining safe and reliable electric service; and

(ii) an analysis of any potential cost savings that might accrue to ratepayers from the retirement of remaining coal generation assets.

(c) The authority's integrated resource plan must provide the information required in Section 58-37-40(B) and must be developed in consultation with the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities purchasing power and energy from the Public Service Authority, and consider any feedback provided by retail customers; and shall include the effect of

THURSDAY, APRIL 22, 2021

demand-side management activities of the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The Integrated Resource Plan of the South Carolina Public Service Authority shall include and evaluate at least one resource portfolio, which will reflect the closure of the Winyah Generating Station by 2028, designed to provide safe and reliable electricity service while meeting a net zero carbon emission goal by the year 2050.

(B)(1) An integrated resource plan shall include all of the following:

(a) a long-term forecast of the utility's sales and peak demand under various reasonable scenarios;

(b) the type of generation technology proposed for a generation facility contained in the plan and the proposed capacity of the generation facility, including fuel cost sensitivities under various reasonable scenarios;

(c) projected energy purchased or produced by the utility from a renewable energy resource;

(d) a summary of the electrical transmission investments planned by the utility;

(e) several resource portfolios developed with the purpose of fairly evaluating the range of demand-side, supply-side, storage, and other technologies and services available to meet the utility's service obligations. Such portfolios and evaluations must include an evaluation of low, medium, and high cases for the adoption of renewable energy and cogeneration, energy efficiency, and demand response measures, including consideration of the following:

(i) customer energy efficiency and demand response programs;

(ii) facility retirement assumptions; and

(iii) sensitivity analyses related to fuel costs, environmental regulations, and other uncertainties or risks;

(f) data regarding the utility's current generation portfolio, including the age, licensing status, and remaining estimated life of operation for each facility in the portfolio;

(g) plans for meeting current and future capacity needs with the cost estimates for all proposed resource portfolios in the plan;

(h) an analysis of the cost and reliability impacts of all reasonable options available to meet projected energy and capacity needs; and

THURSDAY, APRIL 22, 2021

(i) a forecast of the utility's peak demand, details regarding the amount of peak demand reduction the utility expects to achieve, and the actions the utility proposes to take in order to achieve that peak demand reduction.

(2) An integrated resource plan may include distribution resource plans or integrated system operation plans.

(C)(1) The commission shall have a proceeding to review each electrical utility's subject to (A)(1) and the Public Service Authority's integrated resource plan. As part of the integrated resource plan filing, the commission shall allow intervention by interested parties. The commission shall establish a procedural schedule to permit reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. No later than three hundred days after an electrical utility files an integrated resource plan, the commission shall issue a final order approving, modifying, or denying the plan filed by the electrical utility or the Public Service Authority.

(2) The commission shall approve an electrical utility's or the Public Service Authority's integrated resource plan if the commission determines that the proposed integrated resource plan represents the most reasonable and prudent means of meeting the electrical utility's or the Public Service Authority's energy and capacity needs as of the time the plan is reviewed. To determine whether the integrated resource plan is the most reasonable and prudent means of meeting energy and capacity needs, the commission, in its discretion, shall consider whether the plan appropriately balances the following factors:

(a) resource adequacy and capacity to serve anticipated peak electrical load, and applicable planning reserve margins;

(b) consumer affordability and least cost;

(c) compliance with applicable state and federal environmental regulations;

(d) power supply reliability;

(e) commodity price risks;

(f) diversity of generation supply; and

(g) other foreseeable conditions that the commission determines to be for the public interest.

(3) If the commission modifies or rejects an electrical utility's or the Public Service Authority's integrated resource plan, the electrical utility or the Public Service Authority, within sixty days after the date of the final order, shall submit a revised plan addressing concerns identified

THURSDAY, APRIL 22, 2021

by the commission and incorporating commission-mandated revisions to the integrated resource plan to the commission for approval. Within sixty days of the electrical utility's or the Public Service Authority's revised filing, the Office of Regulatory Staff shall review the electrical utility's or the Public Service Authority's revised plan and submit a report to the commission assessing the sufficiency of the revised filing. Other parties to the integrated resource plan proceeding also may submit comments. No later than sixty days after the Office of Regulatory Staff report is filed with the commission, the commission at its discretion may determine whether to accept the revised integrated resource plan or to mandate further remedies that the commission deems appropriate.

(4) The submission, review, and acceptance of an integrated resource plan by the commission, or the inclusion of any specific resource or experience in an accepted integrated resource plan, shall not be determinative of the reasonableness or prudence of the acquisition or construction of any resource or the making of any expenditure. ~~The~~ An electrical utility shall retain the burden of proof to show that all of its investments and expenditures are reasonable and prudent when seeking cost recovery in rates.

(D)(1) An electrical utility and the Public Service Authority shall each submit annual updates to its integrated resource plan to the commission. An annual update must include an update to the electric utility's or the Public Service Authority's base planning assumptions relative to its most recently accepted integrated resource plan, including, but not limited to: energy and demand forecast, commodity fuel price inputs, renewable energy forecast, energy efficiency and demand-side management forecasts, changes to projected retirement dates of existing units, along with other inputs the commission deems to be for the public interest. The electrical utility's or Public Service Authority's annual update must describe the impact of the updated base planning assumptions on the selected resource plan.

(2) The Office of Regulatory Staff shall review each ~~electric~~ electrical utility's or the Public Service Authority's annual update and submit a report to the commission providing a recommendation concerning the reasonableness of the annual update. After reviewing the annual update and the Office of Regulatory Staff report, the commission may accept the annual update or direct the electrical utility or the Public Service Authority to make changes to the annual update that the commission determines to be in the public interest.

(E) The commission is authorized to promulgate regulations to carry out the provisions of this section."

~~(b)(d)~~ the support of, economic development and job attraction and retention within the Public Service Authority’s present service area or areas within the State authorized to be served by an electric cooperative or municipally owned electric utility that is a direct or indirect wholesale customer of the authority, provided the remaining items of this subsection have been met; and

~~(e)(e)~~ subject to the limitations of Section 58-31-30(B) and item (A)(3)(a) of this section, exercise of the powers of the authority set forth in Section 58-31-30 in accordance with good business practices and the requirements of applicable licenses, laws, and regulations.

(B) In discharging his duties, a director is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, if prepared or presented by:

- (1) one or more officers or employees of the Public Service Authority whom the director reasonably believes to be reliable and competent in the matters presented;

THURSDAY, APRIL 22, 2021

(2) legal counsel, public accountants, or other persons as to matters the director reasonably believes are within the person's professional or expert competence; or

(3) a committee of the board of directors of which he is not a member if the director reasonably believes the committee merits confidence.

(C) A director is not acting in good faith if he has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (B) unwarranted.

(D) A director is not liable for any action taken as a director, or any failure to take any action, if he performed the duties of his office in compliance with this section.

(E) An action against a director for failure to perform the duties imposed by this section must be commenced within three years after the cause of action has occurred, or within two years after the time when the cause of action is discovered or should reasonably have been discovered, whichever occurs sooner. This limitations period does not apply to breaches of duty which have been concealed fraudulently."

SECTION 10. Chapter 31, Title 58 of the 1976 Code is amended by adding:

"Section 58-31-227. (A) The Public Service Authority shall procure renewable energy resources subject to the following requirements:

(1) Renewable energy resources procured by the Public Service Authority shall be procured via a competitive solicitation process open to all independent market participants that meet minimum eligibility requirements.

(2) The Public Service Authority shall issue public notification of its intention to issue a competitive renewable solicitation at least ninety days prior to the release of each solicitation, including the proposed procurement volume, process, and timeline.

define limits and compensation for resource dispatch and curtailments that limit uncompensated curtailment to a specified portion of estimated annual output.

(2) A bid evaluation methodology that ensures all bids are treated equitably, including price and non-price evaluation criteria. Non-price criteria will include, at minimum, consideration of diversity in resource size and geographic location.

(3) Interconnection requirements and study methodology, including how bids without existing interconnection studies will be treated for purposes of evaluation.

(C) After bids are submitted and evaluated, winning bids will be selected based upon the published evaluation methodology.

The Public Service Authority shall issue a public report summarizing the results of each competitive solicitation within sixty days of the award notifications. The report will include, at minimum, a summary of the submitted bids and an anonymized list of the project awards, including their size, location, average award price and tenor, and award price range.”

SECTION 11. Article 1, Chapter 31, Title 58 of the 1976 Code is amended by adding:

(D)(1) Prior to issuing any bonds, notes, or other indebtedness, including any refinancing that does not achieve a savings in total debt service, JBRC must approve, reject, or modify the issuance by the authority.

(2) If JBRC does not take action on the issuance within 60 days, the issuance is considered approved.

(3) For purposes of this subsection, debt capacity means the total amount of debt that can be undertaken by the authority while maintaining compliance with its legal, contractual or rating-dependent debt service coverage requirements, incorporating reasonable assumptions and projections for future revenue, interest rates, and term of the indebtedness.

SECTION 12. Section 58-31-430 of the 1976 Codes of Laws is amended to read:

“Section 58-31-430. The Public Service Commission may not assign any portion of the present service area of the Public Service Authority to any electrical utility or electric cooperative and this service area must be exclusively served by the Public Service Authority unless otherwise agreed to by the Public Service Authority as described in this section. Santee Electric Cooperative, Inc., Berkeley Electric Cooperative, Inc., Horry Electric Cooperative, Inc. may serve those areas reserved to them as provided in Section 58-31-330. The Public Service Commission is directed to conform the present assignment under Section 58-27-620 to the mandates of this article. Nothing contained in this article may be construed as preventing the Public Service Commission from exercising its jurisdiction over electric cooperative service areas in the manner provided by law. Upon customer choice either the Public Service Authority, ~~or an electric cooperative mentioned above,~~ or Edisto Electric Cooperative, Inc. may furnish electric service to any new premises which the other supplier has the right to serve, upon agreement of the affected suppliers.

Notwithstanding the foregoing, the Public Service Authority shall have the right to enter into agreements with other electric suppliers, as defined by Section 58-27-610, concerning service areas, as contemplated by Section 58-27-640, and corridor rights, as defined by Section 58-27-610. In that event, the Public Service Commission shall have the

THURSDAY, APRIL 22, 2021

authority to approve said agreements and to reassign said service area or corridor rights. This authority shall only apply in situations where all affected electric suppliers have reached an agreement concerning service areas or corridor rights. With respect to the agreements, the commission shall approve the agreements and reassign said service area or corridor rights if, after giving notice and an opportunity for hearing to interested parties, it finds the agreements to be fair and reasonable, but the commission shall not have the authority to alter or amend any such agreement unless all affected electric suppliers agree to the alteration or amendment. For purposes of this article, the term ‘all affected electric suppliers’ shall include, but not be limited to, the nearest electric cooperative or cooperatives to the proposed service area changes within a five mile radius of the affected service area or corridor. This section shall not confer service territory rights to the Public Service Authority beyond those provided in Section 58-31-330 and Section 58-31-320(2).”

SECTION 13. As part of the process of retiring its coal units, the Public Service Authority shall develop and implement a plan, with community engagement and participation, that: (a) allows employees in good standing who would be directly affected by the closure of the unit to be retained by the Public Service Authority, or provides training opportunities for related employment to affected employees in good standing who cannot be retained; and (b) provides an opportunity for economic development and job attraction in the communities where the retired coal stations are located. Annual written status reports shall be provided to the SC Public Utilities Review Committee.

SECTION 14. (A) To ensure that the Public Service Authority Board of Directors positions are appropriately staggered, the following establishes the term expiration for positions as of the effective date of this act:

(1) The terms for the members representing the 2nd and 4th congressional districts and the at-large seat designated as the Chair shall expire on January 1, 2022;

(2) The terms for the members representing the 1st and 7th congressional districts and Berkeley County shall expire on January 1, 2023;

(3) The terms for members representing the 3rd and 6th congressional districts and the other at-large seat shall expire on January 1, 2024; and

(4) The terms for members representing the 5th congressional district and Georgetown and Horry counties shall expire on January 1, 2025.

THURSDAY, APRIL 22, 2021

If any vacancy occurs prior to respective dates established in this SECTION, the Governor may appoint a successor pursuant to Section 58-31-20.

(B) Notwithstanding the term limit provisions in subsection 58-31-20(A), a director serving as of the effective date of this act is ineligible for reappointment unless that director was first appointed after January 1, 2018.

SECTION 15. Chapter 4, Title 58 of the 1976 Code is amended by adding Section 58-4-51:

“Section 58-4-51. (A) Regulatory staff shall have the following duties and responsibilities concerning the Public Service Authority to:

(1) when considered necessary by the Executive Director of the Office of Regulatory Staff, review, investigate, and make appropriate recommendations to the appropriate entity with respect to the rates charged or proposed to be charged for electric service provided by the Public Service Authority;

(2) when considered necessary by the Executive Director of the Office of Regulatory Staff, make inspections, audits, and examinations of, and to make recommendations to, the appropriate entity, regarding electric service provided by the Public Service Authority;

(3) upon request by the commission, make studies and recommendations to the commission with respect to standards, regulations, practices, or electric service provided by the Public Service Authority for matters within the commission’s jurisdiction; and

(4) when considered necessary by the Executive Director of the Office of Regulatory Staff, investigate and examine the condition of generation, transmission, or distribution electric facilities owned or operated by the Public Service Authority.

(B) Regulatory staff may participate as a party of interest, as deemed necessary by the Executive Director of the Office of Regulatory Staff, before regulatory agencies, state courts and federal courts, in matters that could affect the Public Service Authority’s rates or charges for the authority’s electric service.

(C) The regulatory staff may have additional duties and responsibilities related to the Public Service Authority as otherwise provided by law.”

SECTION 16. Section 58-4-55 of the 1976 Code is amended to read:

“Section 58-4-55. (A) The regulatory staff, in accomplishing its responsibilities under Section 58-4-50 and Section 58-4-51, may require the production of books, records, and other information to be produced

THURSDAY, APRIL 22, 2021

at the regulatory staff's office, that, upon request of the regulatory staff, must be submitted under oath and without the requirement of a confidentiality agreement or protective order being first executed or sought. The regulatory staff must treat the information as confidential or proprietary unless or until the commission rules such information is not entitled to protection from public disclosure or the public utility, the Public Service Authority, or the electric cooperative agrees that such information is no longer confidential or proprietary. Unless the commission's order contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Sections 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; provided, however, that, if the commission determines that it is necessary to view such documents or information, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection unless otherwise ordered by the commission. Although the Public Service Authority is subject to the Freedom of Information Act pursuant to Sections 30-4-10, et seq., the authority, when necessary and appropriate, may indicate that documents or information provided to regulatory staff is confidential or proprietary, or otherwise exempt from disclosure in accordance with statute, and the regulatory staff must treat this information in the same manner as public utilities and cooperatives pursuant to this section.

If the books, records, or other information provided do not appear to disclose full and accurate information and, if such apparent deficiencies are not cured after reasonable notice, the regulatory staff may require the attendance and testimony under oath of the officers, accountants, or other agents of the parties having knowledge thereof at such place as the regulatory staff may designate and the expense of making the necessary examination or inspection for the procuring of the information must be paid by the party examined or inspected, to be collected by the regulatory staff by suit or action, if necessary. If, however, the examination and inspection and the reports thereof disclose that full and accurate information had previously been made, the expense of making the examination and inspection must be paid out of the funds of the regulatory staff.

(B) If the regulatory staff initiates an inspection, audit, or examination of a public utility, the Public Service Authority, or an electric cooperative, the public utility, the Public Service Authority, or

THURSDAY, APRIL 22, 2021

the electric cooperative that is the subject of the inspection, audit, or examination may petition the commission to terminate or limit the scope of such inspection, audit, or examination. The commission must grant such petition if it finds that such inspection, audit, or examination is arbitrary, capricious, unnecessary, unduly burdensome, or unrelated to the regulated operations of the public utility, the Public Service Authority, or the electric cooperative.

(1) If such an inspection, audit, or examination is not part of a contested case proceeding, the public utility, the Public Service Authority or the electric cooperative may also raise objections or seek relief available under the South Carolina Rules of Civil Procedure to a party upon whom discovery is served or to a person upon whom a subpoena is served. The commission shall provide the regulatory staff reasonable notice to respond to any such objection or request. Absent the consent of the public utility, the Public Service Authority, or the electric cooperative raising such an objection or request and the Office of Regulatory Staff, the commission must rule on such an objection or request within sixty days of the date it was filed. During the pendency of the commission's ruling, the public utility, the Public Service Authority, or the electric cooperative making such an objection or request is not required to produce or provide access to any documents or information that is the subject of the objection or request.

(2) If such an inspection, audit, or examination is part of a contested case proceeding, the commission shall address objections to information sought by the regulatory staff in the same manner in which it addresses objections to discovery issued by the parties to the contested case proceeding.

(C) Any public utility, the Public Service Authority, or any electric cooperative that provides the regulatory staff with copies of or access to documents or information in the course of an inspection, audit, or examination that is not part of a contested case proceeding may designate any such documents or information as confidential or proprietary if it believes in good faith that such documents or information would be entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The regulatory staff may petition the commission for an order that some or all of the documents so designated are not entitled to protection from public disclosure and it shall be incumbent on the utility to prove that such documents are entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The commission shall rule on such

THURSDAY, APRIL 22, 2021

petition after providing the regulatory staff and the utility an opportunity to be heard. Unless the commission's order on such a petition contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Sections 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; provided, however, that, if the commission determines that it is necessary to view such documents or information in order to rule on such a petition, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection during the pendency of the petition.

(D) Nothing in this section restricts the regulatory staff's ability to serve discovery in a contested case proceeding that seeks the type of documents or information the regulatory staff has obtained in the course of any review, investigation, inspection, audit, or examination, nor does anything in this section restrict the ability of any public utility, the Public Service Authority, or electric cooperative to object to such discovery or to seek relief regarding such discovery, including without limitation, the entry of a protective order. The regulatory staff shall not be required to execute a confidentiality agreement or seek a protective order prior to accessing the documents or information of a public utility, the Public Service Authority, or an electric cooperative, and such information or documents must be treated as confidential or proprietary unless or until the commission rules such information is not entitled to protection from public disclosure or the public utility, the Public Service Authority, or the electric cooperative agrees that such information is no longer confidential or proprietary. Remarks by Senator STEPHENS

Thank you, Mr. PRESIDENT. Good morning to my esteemed colleagues here in the South Carolina Senate, staff, ladies and gentlemen, it has been said that we too forget, no longer remember what we say here, but we can never forget what we did here. I am honored to be a member of one of the greatest deliberative bodies in this Nation.

The passion for all to do their due diligence on Bills and Resolutions that come before this Body shows the genuineness of all in the rights of all South Carolinians. The genuineness of these individuals still remain at the forefront of our reason for making a government of the people, by the people, and for the people. I must admit that I saw democracy here in this assembly in action. The questions of Senators, one to the other, exemplify the spirit of cooperativeness and respect. We all may never agree on items, large and small, but it appears to be that after the dust settles, the Senate is still intact. I applaud the efforts of those in this Body, with seniority and respect, for the role that they play in taking me and other freshmen Senators under their wings and showing and telling, through their actions, how to become a good statesman. I said in my introductory address that I will not just propose Bills and Resolutions just to please my ego, but that such will be to assure the health, safety, and welfare for all that saw the need to elect me to this position and for the citizens of South Carolina as a whole.

THURSDAY, APRIL 22, 2021

Over the past few months, I have read pamphlets, received numerous emails, text messages, as well as presentations, from individuals who are for and against Santee Cooper. I must admit, all parties were good in their pitch to persuade me to do, as they say, "right by the citizens of South Carolina", whether it be the ratepayers or the taxpayers. I applaud all Senators who have joined in the debate, whether by speech or vote -- shows once again our quest to do the right thing. Now as for myself, I deliberated hard into the wee hours of the morning. I deliberated hard throughout the day. What is best for South Carolina, as it relates to the future of Santee Cooper? Let me say, the very meticulous wording of amendments to this Bill assured that nothing about this piece of proposed legislation will not be scrutinized in that regard. Lastly, let me just say thanks to both sides of the aisle, in being good stewards of this great democracy, and with that being said, I must say to the constituents and all the citizens of South Carolina that I am an advocate for reform of Santee Cooper. Thank you, Mr. PRESIDENT.

On motion of Senator GUSTAFSON, with unanimous consent, the remarks of Senator STEPHENS, were ordered printed in the Journal.

The Senate assembled at 12:00 Noon, the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Exodus 18:20

We read in Exodus how Jethro, the father-in-law of Moses, said to him: “. . . teach them the statutes and instructions and make known to them the way they are to go and the things they are to do.”

Bow in prayer with me, if you will: This week, O God, the proposed budget arrives on the Senate floor -- and thus will begin the annual wrestling match as Senators and their aides strive to determine the best outcomes for the State of South Carolina. So we pray this morning, Lord, that You will guide these leaders and make known to them the best ways to tackle this important and necessary work. Surround them with Your grace as they seriously try to provide not only for the needs of our State but also, truly, as they work in ways that will ultimately benefit all of our citizens. And may their decisions, O God, clearly show them to be the serious, responsible, and caring leaders that we always expect them to be. In Your loving name we humbly pray, dear Lord. Amen.

Wednesday, April 7, 2021

The within hearings, reported by Kathryn B Bostrom, Court Reporter and Notary Public in and for the State of South Carolina; said hearings were taken at the Gressette Building, Room 209, Columbia, South Carolina, on Wednesday, the 7th day of April, 2021, commencing at the hour of 9:33 a.m.

APPEARANCES: Committee Members: Senator Thomas C. Alexander Senator John L. Scott Senator Daniel B. Verdin Representative Chandra E. Dillard Representative Jeffrey E. Johnson Representative William E. Sandifer Committee Staff Martha Casto Julie Price Court Reporter: Kathryn Bostrom, Garber Reporting

SENATOR ALEXANDER: Good morning. I will call this meeting of the joint screening committee of the legislative audit council to order. We appreciate members of the screening committee being present to do the work on this Wednesday April 7. The business before us today is the screening of at large position of the legislative audit Council that expires in 2027. Let the record reflect that we have a unanimous members of our screening committee present for this. We have before us one candidate, Mr. Dennis Caldwell, here in Columbia. If you would come forward and before you're seated, I would like to swear you in. If you'll raise your right hand. DENNIS CALDWELL, having been first duly sworn, was examined and testified as follows:

SENATOR ALEXANDER: We appreciate your willingness to be considered for this position of the legislative audit Council. Would you like to make a brief statement about why you would have an interest in serving on the Legislative Council.

TUESDAY, APRIL 27, 2021

MR. CALDWELL: Yes, sir. Thank you. Thank you all for your time and for allowing me to come and appear before you today. You have my packet and you have a letter that I have written and handed out this morning. Just briefly I have been in public service my whole life. Whether it's for government or nonprofit organizations, my adult life. Except for one time for a few years. And certainly as a kid, I wasn't in public service. I was shoveling snow and raking leaves and stuff to earn money. But after that I grew up. I think I grew up, but anyway. I've been in public service and I thoroughly enjoy it. I've been in many positions in the healthcare field. Presently, I'm a chaplain at the Lexington County jail and on death row. I can't get into those. I'm a volunteer one, meaning I don't get paid. Which is fine, I don't do it for money. So I'm a substitute teacher in District Five and have a wonderful time doing that. But my background is in Health and Human Services. I was the first director of South Carolina Health and Human Services Finance Division, which later became Health and Human Services agency in the state, and hospital administration and retirement village. So I have worked with all levels of government and I feel like I have a good understanding of how the levels of government work together and work with nonprofit organizations. So I think I can bring a lot of insight and I appreciate y'all listening and inviting me today. And if I am elected I'm really excited about doing this as a public service. Thank you very much for having me here.

SENATOR ALEXANDER: Thank you. And staff has received -- we have before us the information you have provided to the screening committee. Is there any additions, changes, deletions or any information that needs to be updated since you have submitted this information?

MR. CALDWELL: No, sir.

SENATOR ALEXANDER: So you say here that Legislative Audit Council is to do independent objective performance audits requested of the General Assembly. So you see that as the role of the work of the audit Council?

MR. CALDWELL: Yes, sir. It's of vital importance to carry out things of the direction of the General Assembly and the functions that they want to look at and the audit council comes behind and does that. Yes, sir.

SENATOR ALEXANDER: Are there any questions for members of the screening committee? Senator from Richland.

SENATOR SCOTT: Thank you, Mr. Caldwell, for your willingness to serve. Let me say that at this stage in life and career, your willingness to serve and looking at your resume also as a person who spent of a lot of time and finance, auditing and state government -- I'm excited because

TUESDAY, APRIL 27, 2021

experience you have is very broad. And looking at with their work is going to be like, I think you'll be a good fit for it. But other than that because of the longevity that you've shown, it's just experience across the board. I think that will help with some of the small stuff they may have to go through.

MR. CALDWELL: Yes, sir. I think my experience will help guide me what to look for and what to ask for and be very helpful to you all doing this.

SENATOR ALEXANDER: Is there anything — you outlined the work that you are doing, is there anything that precludes you from being available to do the work as a member of the Legislative Audit Council?

MR. CALDWELL: No, sir. Right now I am a substitute teacher working for Kelley, but I will not be doing that in the fall. If I'm elected to this position, I would want to be able to devote my time to that. And the school system being a substitute teacher, although I thoroughly enjoy it, so is there is nothing.

SENATOR ALEXANDER: Any comments or questions?

REPRESENTATIVE DILLARD: Thank you for being with us. First of all, thank you, Mr. Chairman, thank you, Mr. Caldwell. I'm just curious now, have you been teaching during COVID?

MR. CALDWELL: Say that again, ma'am?

REPRESENTATIVE DILLARD: Have you been substitute teaching during COVID?

MR. CALDWELL: Yes, ma'am. The school needed help. I signed up in August and wore a mask two days a week, and then three days and then five and I got my shot in February so was doing it without it yes. I have had a blessed time as a substitute and still will to the end of the year.

REPRESENTATIVE DILLARD: Thank you for that service. If you can do that you can certainly serve. Thank you so much.

SENATOR SCOTT: Favorable report.

SENATOR ALEXANDER: Okay, we have a motion for favorable.

REPRESENTATIVE SANDIFER: Seconded.

SENATOR ALEXANDER: We have a motion for favorable report and a second from Representative Sandifer. Is there any discussion to that motion? If not, we will take it to a vote on the favorable report that will be provided to the full General Assembly of Mr. Dennis Caldwell of Columbia as at-large member of the Legislative Audit Council. All in favor of that motion, please say aye.

PANEL MEMBERS: Aye.

TUESDAY, APRIL 27, 2021

SENATOR ALEXANDER: Any opposition? You are unanimously recommended to the General Assembly and staff will be getting with you when that has been determined and also when you're eligible to seek commitments.

MR. CALDWELL: Thank you all very much and I will not let you down.

SENATOR ALEXANDER: We have great confidence in you. That's the purpose of our meeting today. And I will entertain a motion that we adjourn.

SENATOR SCOTT: So moved.

SENATOR ALEXANDER: Anybody who wants to stay can stay, but otherwise, we stand adjourned. (There being no further questions, the hearings concluded at 9:41 am)

**STATE OF SOUTH CAROLINA COLLEGE AND UNIVERSITY
TRUSTEE SCREENING COMMISSION SCREENING
HEARINGS**

Monday, April 12, 2021

The within hearings, reported by Kathryn B Bostrom, Court Reporter and Notary Public in and for the State of South Carolina; said hearings were taken at the Gressette Building, Room 209, Columbia, South Carolina, on Monday, the 12th day of April, 2021, commencing at the hour of 11:52 a.m.

APPEARANCES: Committee Members: Senator Harvey S. Peeler, Chairman Representative William R. Whitmire, Vice Chairman Senator Thomas C. Alexander Senator John L. Scott Senator Daniel B. Verdin Representative Kirkman Finlay Representative James H. Lucas Committee Staff Martha Casto Julie Price Court Reporter: Kathryn Bostrom, Garber Reporting

SENATOR PEELER: I'd like to call the meeting to order. This is a meeting of the College and University of Trustee Screening Commission. I pray that God continues to bless us all. I understand that Representative King is not going to make it, and I think the speaker is on the way, but if there's no objection, we'll go ahead and get started. Welcome everyone. You have an agenda before you. First of all, Winthrop University, at large, seat 10. Glenn McCall, Rock Hill. Good morning, sir.

MR. MCCALL: Good morning, Senator, everyone.

SENATOR PEELER: It's always a pleasure to see you, sir.

MR. MCCALL: Yes, sir, same here.

SENATOR PEELER: If you would, let me swear you in.

MR. MCCALL: Yes, sir. GLENN A. MCCALL having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

MR. MCCALL: Yes, sir. I'd like to thank each of you for this opportunity to come before you and to be considered once again to serve on the Winthrop University Board of Trustees. As each of you know, these are challenging times, not only for Winthrop but higher ed overall. For one, we're having fewer students that are coming to the university and just through the demographic shifts things are changing also. You probably saw last week a Gallop Poll that said parents, or 46 percent of parents would love for their students to do something other than a four year college degree as far as going to technical school, getting an education or training that would allow them to go right into the job

TUESDAY, APRIL 27, 2021

market with an employable skill. So we're having great competition, but I think there is opportunity to continue to be prosperous and to grow over time at Winthrop University. So, thank you, sir.

SENATOR PEELER: Thank you. Any questions or comments. Mr. Scott.

SENATOR SCOTT: Yes, sir. Thank you, Mr. McCall for your willingness to serve. I see that you are now the chair?

MR. MCCALL: Yes, have been for the last three years.

SENATOR SCOTT: Yes, sir. How long have you been on the board now?

MR. MCCALL: I have been on the board since 2012, 2011.

SENATOR SCOTT: Tell me a little bit about in the last 12, this last nine years, the diversity plans since we started talking about the diversity plan. You know, when you get to be chair, you're in the hot seat.

MR. MCCALL: Yes, sir. Well, Winthrop, as you know -- we have 5,800 students. Of those, 38 percent of our student body is students of color and primarily African American. The university does a great job. As you probably already know, that of our student body close to 47 percent are Pell eligible students, so we have a mix of diverse students. And we're continuing to grow that, but what we could like also, we want to reach out to those students and first in students, but we would like a little more diversity within that diversity. We would like students from all walks of life that can help afford to pay for some of their tuition. We've giving out quite a bit of funds each year for a scholarship to help those students, the needy student. So we're working towards that.

SENATOR SCOTT: Tell me about your out of state numbers.

MR. MCCALL: Our out of state numbers are fairly low. We were, I think, this last year -- eight percent of our student body was out of state.

SENATOR SCOTT: That's excellent. So where are you pulling your pool of students actually coming from?

MR. MCCALL: Our out of state students?

SENATOR SCOTT: No, in state students. Eight percent is good.

MR. MCCALL: Yeah, the majority of our in state students, believe it or not, are coming from the Pee Dee area, coming from Dillon County, Lee and Darlington and that area, so --

SENATOR SCOTT: So you've got a big influx that are coming from the Pee Dee area?

MR. MCCALL: We have a large influx.

SENATOR SCOTT: So what percentage would you say you think is coming out of the Pee Dee, if you know of the top of your head?

TUESDAY, APRIL 27, 2021

MR. MCCALL: I don't know off the top of my head exactly.

SENATOR SCOTT: Okay. One other thing. Tell me about the faculty and staff. It looks like you're doing pretty good with your students. How are you doing with faculty and staff, and I know lots of times it's hard to get immediate staff, but you've got --

MR. MCCALL: You're right.

SENATOR SCOTT: -- but you've got adjunct professors, a week promoting them. They'll be coming full time to help try to curb some of those issues. Tell me a little bit about what your plan is.

MR. MCCALL: Yes, sir. As you know from my material, I did 34 years in the corporate environment and banking and almost 20 with Bank of America --

SENATOR SCOTT: Right.

MR. MCCALL: -- and I came here from Texas because of that primary reason --

SENATOR SCOTT: Right.

MR. MCCALL: -- that Hugh McCall wanted to increase diversity in people of color --

SENATOR SCOTT: Right.

MR. MCCALL: -- and especially in the markets we serve --

SENATOR SCOTT: Right.

MR. MCCALL: -- and we're doing the same thing, since we have about 38 percent --

SENATOR SCOTT: Yeah.

MR. MCCALL: -- of students of color. We want within the administration --

SENATOR SCOTT: Right.

MR. MCCALL: -- and the faculty that they can see those that look like them.

SENATOR SCOTT: Right.

MR. MCCALL: So we're doing a good job. I would say within the administration we have two of color that serve in administration and also in the faculty. We're growing that. It's not as steep as we'd like it to be percentage wise, but as you can imagine, for faculty of color with terminal degrees, they have a lot of choices --

SENATOR SCOTT: Yeah.

MR. MCCALL: -- and we're trying to do all we can to reach out.

SENATOR SCOTT: Now the two that you do have, what are they -- are they committee chairs or vice presidents or what are they?

MR. MCCALL: Yes. We have a dean of our arts and science college that's a person of color.

TUESDAY, APRIL 27, 2021

SENATOR SCOTT: Yeah.

MR. MCCALL: And we also have several chairs and, of course faculty

SENATOR SCOTT: Right.

MR. MCCALL: -- that are not only black, but we have several Muslim. We have Hispanic and so forth.

SENATOR SCOTT: Okay. Thank you so much. I remember when Bank of America built that center. I think Catherine Bessant was probably the --

MR. MCCALL: Right.

SENATOR SCOTT: -- lead VP across the country.

MR. MCCALL: Right.

SENATOR SCOTT: I remember y'all stealing our material from South Carolina and left us with virtually nothing, everything out of Charlotte, so I'm very familiar with that.

MR. MCCALL: Right.

SENATOR SCOTT: Thank you so much.

MR. MCCALL: Thank you, sir.

SENATOR PEELER: Anyone else? Vice Chairman, Whitmire.

REPRESENTATIVE WHITMIRE: Thank you, Mr. Chairman. And welcome again, Mr. McCall.

MR. MCCALL: Thank you, sir.

REPRESENTATIVE WHITMIRE: Having had a daughter graduate from Winthrop, I've always kind of -- and my mother, too, so --

MR. MCCALL: Thank you.

REPRESENTATIVE WHITMIRE: -- excellent, excellent school.

MR. MCCALL: It is.

REPRESENTATIVE WHITMIRE: You listed Winthrop's biggest weakness, don't do a good job of understanding which programs are generating revenue and which are not. Can you expand on that a little bit?

MR. MCCALL: Yes, sir. I think one of the things that as a board we have been working with administration on -- understand, we provide, as you said, sir, a great education, but we also -- we're in the education of business, and we need to know the return on investments. We have 46 programs that we manage and we teach and instruct, but we don't know as of yet which of those are running a surplus or a deficit. So we're in that process of looking, and of course Covid has hastened a lot of the activities that we're doing like so many other universities to understand which programs are generating revenue and which are not. And it's just taking that focus, since the majority of the board come from the business industry, and they have business acumens, we feel that we need to

TUESDAY, APRIL 27, 2021

understand that, to put revenue into those programs that have potential to grow. Those that are not growing, either we fix them or we discontinue those.

REPRESENTATIVE WHITMIRE: How long do you think this process will take eventually?

MR. MCCALL: I would think by the end of the year. That's our goal --

REPRESENTATIVE WHITMIRE: Okay.

MR. MCCALL: -- to have this information working with --

REPRESENTATIVE WHITMIRE: Looking forward to hearing back from whoever the next trustees are coming for us --

MR. MCCALL: Yes, sir.

REPRESENTATIVE WHITMIRE: Thank you.

MR. MCCALL: Yes, sir.

SENATOR PEELER: Representative Finlay.

REPRESENTATIVE FINLAY: Yes, sir. Good to see you again.

MR. MCCALL: Yes, sir.

REPRESENTATIVE FINLAY: Hope you're well. You know, the point you just hit on is one that I think is across all universities. Some years ago, it was at another university, one that I'm sure Harvey Peeler or Senator Peeler thinks about probably morning, noon and night, and they made the point --

SENATOR PEELER: Not as much as Senator Alexander.

REPRESENTATIVE FINLAY: -- and they made a very good point that -- perhaps this university is hypothetical -- for example, an education program and a nursing program have very different returns --

MR. MCCALL: Right.

REPRESENTATIVE FINLAY: -- and not only for the students, but for the cost. And they said one of the struggles is that at times we, the state, require universities to stay in programs that lose a lot of money, and we don't always pick up the entire bill. Is that an issue y'all are facing?

MR. MCCALL: We feel it is from a high level and talking with deans and the chairs and not having the analysis done. We have analysis looking at an academic master plan, but it doesn't take into account the financial components of our program, so -- and that's what we're trying to get to the bottom of --

REPRESENTATIVE FINLAY: I very much --

MR. MCCALL: -- to understand that.

REPRESENTATIVE FINLAY: -- look forward to seeing it, because I think if we're not careful, we're committing or creating a system where various universities in the state are competing for the same programs, and none of them achieve the economy of scale. So we're spending

TUESDAY, APRIL 27, 2021

more, and I think what y'all are doing is to be commended, because it's going to be something that we have to do at all universities across the state to make sure we don't have a whole lot of duplication here.

MR. MCCALL: And I thank you for that, and I think you'll understand that. Most of you are -- have your own business or in business, and you understand you can't run a business if you don't know which products are generating revenue and services and which are not, so --

REPRESENTATIVE FINLAY: Mr. Chairman.

SENATOR PEELER: Senator Verdin, Senator Alexander, which one? Go ahead, Senator Verdin.

SENATOR VERDIN: Thank you both, Senators. Mr. McCall, I appreciate the fact that we want the best educated, prepared students in all our institutions as possible.

MR. MCCALL: Yes, sir.

SENATOR VERDIN: We also want the best citizens. Now what I know about you is that you are very familiar with the founding documents, the founding fathers. When a senior matriculates or when a senior graduates from Winthrop, is he better off in the understanding of our body politic civil discourse, founding fathers, founding documents, documents of covenant in the Constitution than when he arrived there as a freshman?

MR. MCCALL: I wish I could say yes, completely -- say yes to that, and that is something that the board -- we have been discussing. We have worked with several organizations. We have a -- as a matter of fact, this fall the board had insisted that we have a conservative talk course teach that would talk about a conservative, not only the opposite to that, ideology, talk about the Constitution and why -- talk about capitalism, liberalism, socialism, so --

SENATOR VERDIN: Yeah. I wouldn't restrict even my thoughts to conservatism. I'm just interested, regardless of conservative or a liberal, someone who as a citizen of this country is more inclined to help build up the constitutional republic we live in rather than hasten its demise --

MR. MCCALL: Right.

SENATOR VERDIN: -- so -- and it's encouraging to know that you and your colleagues are attuned to this matter, which I believe the days in front of us are going to go more appointed to this.

MR. MCCALL: Yes, sir. Thank you.

SENATOR VERDIN: Thank you, Mr. Chairman.

SENATOR PEELER: Speaker, welcome.

REPRESENTATIVE LUCAS: Thank you, Mr. President.

SENATOR PEELER: Good to see you, sir.

TUESDAY, APRIL 27, 2021

REPRESENTATIVE LUCAS: I'm delighted to be here, and I appreciate being a part of this.

SENATOR PEELER: Senator Alexander.

SENATOR ALEXANDER: Thank you, Mr. President. And good to see you this morning.

MR. MCCALL: Yes, sir.

SENATOR ALEXANDER: In following up on the two representatives, and then also looking under five and you talk about the biggest weakness, understanding which programs generate the revenue and whatnot, but we also go on -- I think, the other part of that equation is training an employable skill set of creating a four year program to re-engineer our course of delivery process and the brick and mortar. So are you saying they're making sure that whatever, you're wanting to make sure that you've got degrees that they can go out and be employed and be productive citizens to kind of go along with the senator from Laurens?

MR. MCCALL: Yes.

SENATOR ALEXANDER: So how do you -- is that part of the evaluation that you're doing on the other side of the cost benefit and being -- whether it's making money, but also isn't it making sure that the students are getting a degree that they can get a job with? So how do you balance that?

MR. MCCALL: Well, a great example, Senator Alexander, that we're working with is York Tech and having a bridge program. York Tech has a great program allowing students to go into corporate America in data mining, data analytics and coding, for example. And the Charlotte market is really huge in that. As a matter of fact, Wells Fargo, Bank of America, they're hiring those students and putting them through their training, and in a couple of years they're making 70, \$80,000.00. Well, a lot of those students will likely even get deeper into that topic around data security and cyber security, and so we're offering those bridge programs that help them to be employed. We're also -- this fall, we're coming out with certificate programs in cyber security and data analytics. So you don't have a degree to be -- to help you get those skill sets to be employed. Also, and I'll say finally, what we're asking our faculty and especially the business school, come up with a program, a degree program, that would allow students to get a degree, an employable degree in four years, not six, not seven, not eight, four years, because the market is demanding that. And we think we can do that working with York Tech in their bridged program facet.

SENATOR ALEXANDER: Thank you. Thank you, Mr. President.

TUESDAY, APRIL 27, 2021

SENATOR PEELER: Thank you. Anyone else? What is the desire of the committee?

SENATOR SCOTT: Favorable.

SENATOR PEELER: Okay. Favorable. Seconded? All in favor, raise your right hand. Opposed, none. Unanimous. Thank you so much for your willingness to continue to serve.

MR. MCCALL: Thank you, sir. Thank everyone.

SENATOR PEELER: Next Coastal Carolina University, the Second Congressional District, Seat 2, Oran Smith. Good afternoon, sir.

MR. SMITH: Thank you, Mr. Chairman.

SENATOR PEELER: For the record, give us your full name.

MR. SMITH: Yes, Oran Perry Smith.

SENATOR PEELER: Okay. Let me swear you in. ORAN PERRY SMITH, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

MR. SMITH: The only brief statement I would like to offer is I provided the Committee with a lot of statistics as a part of my questionnaire because I wanted there to be a basis for some of the points that I made in that questionnaire, and I realize that those charts in many cases were very small, and I did not provide a magnifying glass to you. So Julie is kind enough -- Ms. Price is kind enough to be handing out larger versions of those charts with that data.

SENATOR PEELER: Thank you. Senator Finlay pointed out my age earlier, so thank you for this.

MR. SMITH: Yes, sir. I would simply say I am an original trustee of Coastal Carolina. When Coastal Carolina USC, Coastal Carolina College sought its independence and won that under the Campbell administration in 1993, a fresh board was elected from scratch, and I have been a member of the board since then. It's been my pleasure to be there and to watch this university grow.

SENATOR PEELER: Questions?

SENATOR VERDIN: Mr. Chairman, thank you. You're going to represent -- you're going to be the representative designated respondent for all your colleagues or candidates and applicants on Coastal before us today to answer that last question I asked of Mr. McCall. Of course, to me you're a known quantity. I was just counting back the years, 35 years ago we were roommates. So I know where you are as it relates to your commitment to the education of young people, because we were mighty young, but this is a matter of significance. It's a matter that's been bubbling up in the halls of the Legislature, debating the efficacy of a

TUESDAY, APRIL 27, 2021

renewed focus here as it relates to civics, basic civics, founding documents, founding fathers, interpretations. What's going on?

MR. SMITH: Well, this is where, as far as Coastal Carolina goes, not to sound like the mother ship, but it may be a place where we might get a little bit cocky. And the reason for that is Coastal Carolina was blessed for many years with a member of our political science faculty who served on the core curriculum committee. And that core curriculum committee, which revised the general educational requirements on a regular basis, this individual, who by the way is now a member of the Commission of Higher Education -- this individual made sure that in Coastal's core there would always be the requirement that every student that graduated from Coastal would have to complete an American history course or a political science course. Those were graduation requirements. And because of those requirements, we very easily have been able to follow the state law in regard to the federalist papers, the Constitution, the Declaration in that nature, because they are required as a portion of one of those two courses so that every student is exposed to those documents, is required to read those documents. And speaking of academic freedom, if I may, how those documents are taught are going to vary from professor to professor. So academic freedom is still present, but the requirement to know our founding documents is also present.

SENATOR PEELER: Thank you, sir. Representative Finlay.

REPRESENTATIVE FINLAY: So to be clear, in your opinion, Coastal is compliant with state law regarding the number of hours and in credits that are required on the founding documents?

MR. SMITH: Yes. I would even say uniquely compliant.

SENATOR PEELER: Representative Whitmire.

REPRESENTATIVE WHITMIRE: Thank you, Mr. Chairman, and welcome again, Mr. Smith.

MR. SMITH: Thank you, sir.

REPRESENTATIVE WHITMIRE: Not a question, but I just want to make a statement. I really appreciate you providing these higher ed statistics. I've never been able to compare all the schools in our state at one time, and this will be very telling for me when I start asking questions of the different schools, so thank you very much for that.

MR. SMITH: Thank you. And I think you'll see Coastal's position. You know, it is what it is, and in some of those charts -- there were nine charts I gave you -- I would say seven of those charts I'm very happy with where Coastal is. A couple of them -- Senator Scott, I'm not so happy where Coastal is, but hopefully that will be of help to you.

REPRESENTATIVE WHITMIRE: It will, thank you.

TUESDAY, APRIL 27, 2021

SENATOR PEELER: Anyone else?

SENATOR SCOTT: Yes, sir. Thank you again for your willingness --

SENATOR PEELER: Senator Scott.

SENATOR SCOTT: Thank you, Mr. Chairman. Thank you again for your willingness to serve. I was looking at tuition, required fees full time, and saw an increase of 43 percent. That is your page number 5. How much of the tuition or in state funding is actually funded by local government in your area?

MR. SMITH: The role of local government for Coastal is primarily through our portion that we receive of the penny sales tax --

SENATOR SCOTT: Right.

MR. SMITH: -- which is primarily on accommodation, so people who pass through Horry County are helping us pay for primarily buildings and buildings --

SENATOR SCOTT: Capital.

MR. SMITH: -- and what we have needed as our student body has grown from 4,000 when I was sworn in as a trustee to just under ten. So the ability to use penny sales tax dollars for capital expenditures has allowed us to not have to use tuition dollars to do that and allowed us for three years to have flat tuition. And to that also I would give the credit to our chairman of the board at the time, who was a CPA who went very deeply, much more than a typical trustee would do. He went very deeply into our expenses and found a way for us to freeze tuition for three years in a row, but the capital expenditures from the local citizens and then some support from the Horry County Higher Education Commission have helped us keep tuition very competitive.

SENATOR SCOTT: Okay, great. I'm looking at your page 7. You talk about your student enrollment. On your diversity side, black males, black females compared to a total of 9,760 students, roughly 1,700. The makeup of other students of color at Coastal, you have 17.76, almost 18 percent. The other makeup of minority students at Coastal, a percentage Asian are the --

MR. SMITH: This chart was a little wider originally with Asian, I think, pacific islander --

SENATOR SCOTT: Right.

MR. SMITH: -- and some other categories, but I just chose to kind of bore in on --

SENATOR SCOTT: That's okay.

MR. SMITH: -- on African American. As you can see, this is the chart that my predecessor before you would have wanted to hand out --

SENATOR SCOTT: Right.

TUESDAY, APRIL 27, 2021

MR. SMITH: -- because this is where Winthrop really shines and Frances Marion really shines, and this is where we've got work to do, particularly with African American population, I think, being roughly 20
SENATOR SCOTT: Twenty-seven percent.

MR. SMITH: We have at least 12 points. And again, one of our board members says frequently, only that which gets recorded gets done, and only that which gets tracked gets done. And part of my reason for sharing this is I hope if I come before you in the future if I should be so fortunate, that I hope this number's going to be much higher, but we know what it is. And this took some calculating, because it's not something that's readily available.

SENATOR SCOTT: What percentage of students are out of state students?

MR. SMITH: Currently undergraduate total headcount out of state students is 42 percent, so we're basically 58 in, 42 out. And that's based on the actual tuition rate that is paid by the student. So if a student is a member or part of the academic common market where we have students that may live out of state, but because that state may not have a program we have, they may be paying in state tuition. So the only footnote I would put on that is it is based on that, so 58 percent in state, 42 percent out of state.

SENATOR SCOTT: Where do most of your students come from, Coastal?

MR. SMITH: A large percentage from Horry and Georgetown Counties, which is sort of our home base.

SENATOR SCOTT: More regional.

MR. SMITH: But more regionally, primarily northeast. So out of state, not as much midwest, but more northeast, places that get really cold during the winter.

SENATOR SCOTT: Okay. They just love your beaches.

MR. SMITH: Yes, sir.

SENATOR SCOTT: Okay. Well, one other question. When you look at your in state students, which is the 58 percent, most of that 58 percent is more regional, kids who actually drive in, or most of these kids actually live on campus?

MR. SMITH: I would say generally that they are in sort of a metropolitan statistical area, from Myrtle Beach, Conway, Georgetown, not as strong north of -- well, in the 864, we're a little weak in the 864 area code, if we kind of picture that --

SENATOR SCOTT: Right.

TUESDAY, APRIL 27, 2021

MR. SMITH: -- we're stronger in the 843 and the 803. In fact, our new president has made it one of his goals as to expose more people in the upstate to Coastal.

SENATOR SCOTT: Pell grants, what percent of your students are on Pell grants?

MR. SMITH: You know, I have an old chart that's a few years old --

SENATOR SCOTT: That's okay.

MR. SMITH: -- and I'm reluctant to rely on it --

SENATOR SCOTT: That's all right.

MR. SMITH: -- but --

SENATOR SCOTT: We won't hold you to it.

MR. SMITH: -- these numbers show about 30 percent.

SENATOR SCOTT: Okay. Thank you, Mr. Chairman.

SENATOR PEELER: Senator Alexander.

SENATOR ALEXANDER: Thank you, Mr. Chairman. And good afternoon, Dr. Smith. Always a pleasure to see you, and again, I appreciate the information that's been provided to you from that standpoint. Kind of following up, if you looked at all -- you said that the information you provided was based on the undergraduate. If you took it to the graduate level, does that change those dynamics?

MR. SMITH: It's very hard to stay ahead of Senator Alexander, but --

SENATOR PEELER: It's impossible.

MR. SMITH: These are charts that are -- the data is published by the Commission of Higher Education, and their higher education almanac and the first citation was tables 1.7. Table 1.8 is all students. So what I had before was undergraduate. All students is 51 percent in state.

SENATOR ALEXANDER: Fifty-one percent are in state. Are you using that same designation, though, of those in state that if they -- if the state that they reside does not have that program, you are counting them as an in state, that they're paying in state tuition?

MR. SMITH: You know, this chart does not --

SENATOR ALEXANDER: You can get back to me. I was just curious

MR. SMITH: -- sorry about that.

SENATOR ALEXANDER: -- about that.

MR. SMITH: Right.

SENATOR ALEXANDER: It seems like y'all are making progress of having more in state students than out of state. That's not always been the case, right?

MR. SMITH: Right. We have been very heavily -- we have done well with out of state students, and they, of course, pay the full ride. And I think one of the charts I presented to you had in state versus out of state

TUESDAY, APRIL 27, 2021

tuition change over time. And our out of state tuition and fees, we've made sure that that kept pace so that truly out of state students are paying the full ride.

SENATOR ALEXANDER: Thank you. One final question. Getting back, are y'all also evaluating your courses of making sure that students are having an employable job once they get that degree at Coastal?

MR. SMITH: I think we do a fair job of that, maybe not as well as some of the private institutions. From an article I read recently in the Chronicle of Higher Education, our own Furman University does probably the best job in the state, based on this article, in tracking that. And that's something I think that we can do a better job of, and actually it's something that our new president has also called for.

SENATOR ALEXANDER: I would hope all higher education would do that.

MR. SMITH: And a part of that question maybe is the whole issue of the courses and whether they are losers, money losers. We made some unpopular decisions in the past, four or five years, where we cut some majors because they just weren't paying for themselves. And it was painful and caused a great outcry, but we just felt that majors that aren't paying for themselves ultimately we just can't afford to keep.

SENATOR ALEXANDER: Thank you so much.

SENATOR PEELER: Representative Finlay. Speaker Lucas.

REPRESENTATIVE LUCAS: Yes, sir. Thank you, Mr. President. Oran, how are you?

MR. SMITH: Yes, sir, all right.

REPRESENTATIVE LUCAS: Oran, you made the statement that 43 percent of the students coming from out of state, they are paying the full ride, which is the full out of state tuition?

MR. SMITH: Right.

REPRESENTATIVE LUCAS: One of the problems that I've noticed and we've noticed in a lot of our colleges and universities across the state is the full ride that you are charging is still less than the in state tuition, say, that they would be paying in New Jersey, and I will use Rutgers as an example of that. We get students who come down to school in South Carolina, and it's cheaper for them to come here and pay the out of state tuition than stay and pay the in state tuition. Y'all having so large a number of students coming from out of state, have you been able to track that to ensure that the students who are truly coming to Coastal Carolina are actually paying more than they would than if they stayed in their original home state?

TUESDAY, APRIL 27, 2021

MR. SMITH: I'm both glad and not so glad that you asked that question. I'm glad because Coastal Carolina's out of state rate is 27.3, 27.4 and our in state rate is 12, 11.6, but we are keeping a constant eye, and Rutgers is one of them, but we're keeping a constant eye on those northeastern state universities and what their tuition is, because at the point that we're not competitive anymore, it harms our business model. It just won't work anymore if they can go to school at home more cheaply. So I don't think -- unless those universities in the northeast are forced to increase their tuition, I don't know that we have a lot more wiggle room left, frankly. I think it's something that we're watching very carefully, because we definitely do not want to be noncompetitive and then lose the out of state students that kind of make our model work, yes, sir.

REPRESENTATIVE LUCAS: Thank you.

SENATOR PEELER: Mr. Finlay.

REPRESENTATIVE FINLAY: Thank you. You know, there's sort of three various interesting data which I did not understand until I visited Coastal. First, with the component of the investment in that campus that is subsidized by the county, it makes them a very different animal than most of our other schools. And so I went down asking the question about in state versus out of state, and the president at that time basically -- the way he thought about it is that county had made an investment in making sure that they go forward to have a higher percentage of in state, out of state, by using bond money to build the buildings. I'd never thought about it like that, but that was their competitive advantage. The second comment that I heard was from a gentleman who used to work in the House, who is now at a college on the coast, that the real issue becomes for a lot of people that when it's not whether they're the same price, it's when they get out of a percentage above those in state universities. An example he used was 30 years ago the University of Maryland versus this college, it was \$4,000.00 more expensive to go to this university out of state than the University of Maryland. It's now 20. So parents making those decisions out of state all of a sudden had pause. So I'm glad that you have recognized that that pause is going on, because the third point is, a lot of universities up north have decided to pause the growth of in state tuition. So when they freeze their in state tuition that is going to trickle back very quickly to y'all, because that percentage when it goes from \$4,000.00 a year to \$20,000.00 a year to send little Katie down from New Jersey to Coastal or the College of Charleston, that math changes very quickly. So I'm glad y'all are on top of it, and I think the Speaker did a good job of starting the debate or the dialogue, but that is

TUESDAY, APRIL 27, 2021

going to be something that becomes ever more important for y'all to watch, because y'all will price yourself out of the market.

MR. SMITH: Yes, sir. And the other state that we're watching like a hawk is North Carolina. They are offering incredible deals to stay in state. And we're -- some of those students that come over the border, we've got to keep them coming over the border, but North Carolina and Georgia both, they are stiff competition, because they want to keep their in state people in state. And we're keeping an eye on them and hope that we can remain competitive.

SENATOR PEELER: Anyone else? Senator Scott.

SENATOR SCOTT: Yeah, one quick question. So I'll go back to something we started talking about years ago, using diversity and also using -- creating another model to start keeping our best and brightest at home, too. This is not a pattern that these other states started doing. They've been doing it for quite some time, but we just kind of overlooked it and got too used to getting out of state students to balance the budget and continue to grow these institutions to a point that we really can't afford to operate without those students. I want to bring your attention to chart number 6, which I think we'll talk a little bit about this case of out of state, in state staying in tuition as a percentage of state median household income. Are you saying for Coastal it has maintained the same median household income, I guess, for the last nine years?

MR. SMITH: Yes, sir. This is from an independent website --

SENATOR SCOTT: Right.

MR. SMITH: -- called how colleges spend money, and I simply downloaded the portions for South Carolina universities, and I'm not sure of the numbers in between 2010, '11 and '18, '19, but when they're compared one to one, we and College of Charleston, for some reason, are roughly almost exactly the same percentage of median household income. And the reason I supplied this to you is, again, we don't want to price ourselves out of what an average household --

SENATOR SCOTT: So when I look at a college that has lost in the trend of minus four percent household income, that means that either in the area which the normal recruiting has been taking place those folk either have relocated or just no longer come to that school. So it creates a tremendous factor on the school. That's why I asked you about Pell grants and others. Where you had 30 percent, that school is at 80 percent, and so it doesn't have the household income to be able to pay it for these kids, actually being able to get money to go to school.

MR. SMITH: Right. One thing about that chart that I should have noted is, for instance, South Carolina State went from roughly 22 percent down

TUESDAY, APRIL 27, 2021

to 21 percent. So over time, South Carolina State has a slightly lower -- the tuition is a slightly, very slightly, lower percentage of the average personal income. So that university sort of stands alone as the only one that's --

SENATOR SCOTT: What -- based upon the tuition that it charges and a median household income that is paying, then you had more students who went on Pell grant than students who could actually pay to go to school, because the household income just wasn't there.

MR. SMITH: Right, yes, sir.

SENATOR SCOTT: Thank you, Mr. Chairman.

SENATOR PEELER: Thank you. Anyone else? What is the desire of the committee.

SENATOR ALEXANDER: Move favorable.

SENATOR PEELER: Favorable.

SENATOR VERDIN: Second.

SENATOR PEELER: Seconded. Any discussion. Hearing none, we will take the vote. All in favor, raise your right hand. Unanimous. Thank you so much, sir.

MR. SMITH: Thank you, sir. Thank you for your time.

SENATOR PEELER: Still with Coastal Carolina University, 4th Congressional District Seat 4, Brad Poston. And so for the record, if you would, give us your full name.

MR. POSTON: Sure. Bradley James Poston.

SENATOR PEELER: Swear you in. BRADLEY JAMES POSTON, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

MR. POSTON: Just to thank you guys for allowing me the opportunity to be here.

SENATOR PEELER: I love a brief statement. Thank you.

MR. POSTON: I'll be plenty brief. I don't have near the knowledge of the last two.

SENATOR PEELER: You've done your homework. Questions. Comments? Senator Alexander.

SENATOR ALEXANDER: Just one question. I think it said that you visited the campus often. How would you define --

MR. POSTON: How would I define the campus.

SENATOR ALEXANDER: Well, no. How would you define how often is often from your standpoint?

MR. POSTON: So I just moved to the upstate about four years ago. Prior to that, I lived in Myrtle Beach for -- since the time I graduated

TUESDAY, APRIL 27, 2021

from Coastal. So I'd say, pre Covid we went back three times a year, usually in the fall and the last year or so not as much, less.

SENATOR ALEXANDER: Thank you.

SENATOR PEELER: Representative Whitmire.

REPRESENTATIVE WHITMIRE: No, I didn't have anything.

SENATOR PEELER: Okay. Senator Scott.

SENATOR SCOTT: Mr. Poston, why do you want to serve?

MR. POSTON: Well, I have a passion for the university. I think it's a unique opportunity, something I kind of considered earlier in my life, and once the opportunity presented itself I thought about it, and it's just a unique opportunity. It's something that many of my colleagues where I work don't really have much experience in governmental type things, and that's the main reason. I just -- I love the university. It's allowed me to be here today.

SENATOR SCOTT: What do you think that you can do? What do you think you'd bring to the table and a board that's diverse as Coastal, and you just said the person before you with all the experience -- what experience do you actually bring?

MR. POSTON: I am a CPA --

SENATOR SCOTT: Okay.

MR. POSTON: -- I think I'll be able to help in the financial aspect of the board's jobs. And to be honest with you, I don't necessarily know everything that I'm going to be faced or challenged with, so I don't know that I can answer what I can help with, because I don't know necessarily what I'm going to be faced with. I do think I will be able to help in various aspects. I played sports at the university. You know, when I first arrived at Coastal it was a much smaller university than it is now, and the whole area around it for that matter, so I do think I've kind of seen how things have progressed over the last couple of decades, and I - - you know, I think that the insight will be valuable going forward.

SENATOR SCOTT: Are you related to Roger?

MR. POSTON: I don't believe so, but I have a lot of kin that I'm not so sure. It's possible.

SENATOR SCOTT: Well, he's okay. You can claim him. He's not a bad fellow.

MR. POSTON: Okay. I'll claim him then. You can't have enough good ones.

SENATOR SCOTT: Thank you, Mr. Chairman.

SENATOR PEELER: Speaker Lucas.

REPRESENTATIVE LUCAS: Mr. Poston, good afternoon.

MR. POSTON: Good afternoon.

TUESDAY, APRIL 27, 2021

REPRESENTATIVE LUCAS: Thank you for being here today. You're a CPA; did I hear that correctly?

MR. POSTON: Yes, sir.

REPRESENTATIVE LUCAS: Price Waterhouse?

MR. POSTON: Yes, sir.

REPRESENTATIVE LUCAS: I couldn't help but note a comment by Mr. Smith before you talked about, you know, cutting certain majors at a school. Having a background as a CPA, how do you feel about going in and looking at the program and majors that can't produce the type of graduate that could, say, go in and go out in the work force and get a job sufficient enough to pay back a student loan? I know many of the colleges are looking at where the trend was many years ago when you could get as many people in school as possible. Now it's sort of a trend that we need to look and see if certain majors are not only beneficial but can, in fact, you know, sustain a loan to pay back after the student has gotten out of school. How do you feel about that, being a CPA?

MR. POSTON: I mean, I see the point. I --

REPRESENTATIVE LUCAS: Would you be willing to go in and make a hard decision to cut a major?

MR. POSTON: With all of the facts present, yes. Currently, I can't say that I would be happy to do so or would do so or would not do so, because I don't necessarily know everything that comes with making that decision. I'm sure I'll learn that quite quickly, but in terms of analyzing the financial data, I think I could do that, and that's pretty black and white without taking anything else into account. I think I'll be able to help with that type of --

REPRESENTATIVE LUCAS: You should definitely have that ability. That would be a good -- yeah.

SENATOR PEELER: Anyone else? I notice you're a former district manager for Waffle House.

MR. POSTON: Yes, sir.

SENATOR PEELER: What was your responsibility? Would you ever have to cook?

MR. POSTON: Oh, yeah. All Waffle House management starts as a cook. All managers have to cook.

SENATOR PEELER: I've told my children that has to be the toughest job being an HR manager at Waffle House.

MR. POSTON: Actually the HR people kind of stay out of the restaurants. The operations managers is the -- it's a tough career.

SENATOR PEELER: You played ball at Carolina, Coastal Carolina?

MR. POSTON: Coastal Carolina, yes, sir.

TUESDAY, APRIL 27, 2021

SENATOR PEELER: What did you play?

MR. POSTON: I played right tackle mostly, offensive line.

SENATOR PEELER: Did you have a mullet back then?

MR. POSTON: For a brief time before it started fading on me, and I had a mohawk, too. That's not happening these days.

SENATOR PEELER: Any other questions or comments. What's the desire?

SENATOR VERDIN: Favorable.

REPRESENTATIVE FINLAY: Favorable.

SENATOR PEELER: The motion is favorable. There being no more discussion, we'll take it to a vote. All in favor, raise your right hand. Unanimous. Thank you for your willingness to serve.

MR. POSTON: Thank you for your time.

SENATOR PEELER: Now Sixth Congressional District, Seat 6, Coastal Carolina University, John Bartell. Good afternoon, sir.

MR. BARTELL: Good afternoon.

SENATOR PEELER: For the record, if you would, give us your full name.

MR. BARTELL: John H. Bartell, Jr.

SENATOR PEELER: Let me swear you in. JOHN H. BARTELL, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

MR. BARTELL: I have been on the board for four years, and I have thoroughly enjoyed my time on the board, and I look forward to continuing.

SENATOR PEELER: Questions or comments? Senator Scott.

SENATOR SCOTT: Tell me about your experience on the board for the last four years. What were you able to achieve? What did you see that Coastal needed to do to improve? Just kind of your overview of Coastal and things like the previous members running for the board or back to the board talked about.

MR. BARTELL: Well, the tuition is always a big thing when it comes to college, and we have managed the last two years to hold out the tuition at the same level that it started at. And we're trying to recruit more Afro American students, in state students and Spanish students to grow our enrollment. And right now we're at 18 percent Afro American, 66 percent Caucasian and six percent Spanish and the other ten percent are Native American, Asians and one that didn't fill out anything on their application.

SENATOR SCOTT: What do you think about the growth? Do you think y'all are big enough, or you think you need to grow some more? Do you

TUESDAY, APRIL 27, 2021

think you need to concentrate more on what's going on in South Carolina compared to these other states?

MR. BARTELL: Well, I think we should grow more. We're down to just under 10,000 now, and for the last three years that I've been on the board we were around 10,500 or 10,600. We've lost a little bit. Of course, the Covid had a lot to do with that. And I think with Coastal giving the opportunity for any in state student that is eligible for college, Coastal will accept them, which I think is a great thing.

SENATOR SCOTT: Now you said you think you should grow. You mean you want to grow back to the 10,000, or do you want to get to be a much larger school?

MR. BARTELL: I would like to get up -- I think we should be much larger.

SENATOR SCOTT: So if that happens, and we continue to see the trend like the other senator from Richland -- other House member from Richland talked about -- what's going on across this country, especially you being adjacent to North Carolina, right on the oceanfront, because that's going up the coast, and all of a sudden these kids aren't coming over here, how do we balance our budget when we're slow in recruiting students coming in, out of state students slow down, and you're not getting enough in state students, I mean to say, at what point do you balance all that out?

MR. BARTELL: Well, most of our out of state students are from Maryland, surprisingly.

SENATOR SCOTT: Okay.

MR. BARTELL: You have to have a -- you also have to have a number of out of state students, and the tuition they pay has to be in line with what they can't get an education for in their own home state. And ours right now is in the neighborhood of 27.4 for out of state students. And our in state students are around 11.9 now.

SENATOR SCOTT: Well, in knowing the particulars, I just want to make sure you pay close attention as a board member any event, the Covid pandemic or because of economics, just in case this trend were to stop, and to spend a little bit more attention on trying to recruit more in state students if you're going to grow.

MR. BARTELL: Yes, sir.

SENATOR SCOTT: At least that's a group you can keep. How do you feel the diversity at your school?

MR. BARTELL: I think we have a better opportunity to see more diversity in our school with the percent of Afro American students and Spanish students, but right now, like I say, we're sitting at about 18

TUESDAY, APRIL 27, 2021

percent Afro American and six percent. And I'm not saying that couldn't grow, and I think it should grow.

SENATOR SCOTT: We hope you are able to continue to recruit African Americans, not Afro, but African American student, and they'll have an interest in coming to Coastal to get a good education. Also, normally when you recruit those students, whatever schools you come from, it becomes just a pattern, trend, based on the relationships and how students would come. Thank you.

SENATOR PEELER: Senator Alexander.

SENATOR ALEXANDER: Two brief questions, if I could. One is, your attendance as a board member, how would you describe that? Have you had 100 percent, 90 percent, since being on the board?

MR. BARTELL: When I first went on the board I had to have open heart surgery in July.

SENATOR ALEXANDER: Okay.

MR. BARTELL: So I missed the first July, August and November. Then I've had 100 percent attendance.

SENATOR ALEXANDER: Thank you, sir. The other thing you say here says, as the board member setting policy and approve decisions made by the president. So you setting policy is the role of the board and not going into different departments and not trying to run the university. Is that --

MR. BARTELL: Yes, sir.

SENATOR ALEXANDER: -- my understanding of what you're saying, or do you need to elaborate?

MR. BARTELL: That's my thought on it, yes, sir.

SENATOR ALEXANDER: Thank you, sir.

SENATOR PEELER: Representative Whitmire.

REPRESENTATIVE WHITMIRE: Thank you, Mr. Chairman. And welcome, Mr. Bartell.

MR. BARTELL: Thank you.

REPRESENTATIVE WHITMIRE: I see that most of your adult life has been in law enforcement, and thank you for your service to our state. This has bothered me a good bit. You know, every time I wake up in the morning, it seems like there's some issue here in Columbia with students being attacked, some even being murdered. Since Coastal is right there at the beach, and you have so many people coming in and out, do you feel like your campus is safe, and if not, would you recommend anything to provide a safer environment for your students?

MR. BARTELL: I think our campus is safe. We get a lot bad press, sometimes in the Sun News and maybe the News and Courier saying at

TUESDAY, APRIL 27, 2021

the university apartments such and such happened, and actually the university apartments are not on campus. They're elsewhere, but we have a great police department, and that's one battle we kind of -- we are up against when we had -- through the rift and all, wanted the program, which I was totally against, but like you say, I'm a 40 year veteran of law enforcement, and when you send -- when families their children to any university, they want to be sure they have a safe environment. And that's imperative anywhere and especially at Coastal.

REPRESENTATIVE WHITMIRE: All right. Well, just like here in Columbia, it's such a large city, and a lot of the incidents that happen with students here seem like they are off campus, whether at Five Points or some of the apartments that aren't part of the university system. I imagine that's an issue that, you know, a lot of the schools face. Clemson faces it also up where I live, so I thank you for your service in law enforcement, and I hope you'll keep an eye on that.

MR. BARTELL: Thank you sir. I appreciate it.

SENATOR PEELER: Anyone else? Representative Lucas.

REPRESENTATIVE LUCAS: Mr. Bartell, thank you for being here today. Did I note that you are a Clemson grad?

MR. BARTELL: No, sir. I attended Clemson University. I didn't graduate. I lacked three credits from being a junior, and I was born and raised on -- I'll explain why I didn't graduate if you'd like to know.

REPRESENTATIVE LUCAS: No, sir. I just noted that degree --

MR. BARTELL: Yes, sir.

REPRESENTATIVE LUCAS: And I know around the university there probably isn't much need for agronomy, but as you go up into Loris and all those great areas in Aynor, we do grow a lot of South Carolina's greatest products. So I would hope that you would look at agronomy education at Coastal also, because there is a need for that in Horry County.

MR. BARTELL: Yes, sir. And we just last year implemented and put in a degree in criminal justice, which a lot of people were looking for at Coastal.

REPRESENTATIVE LUCAS: Thank you, sir.

SENATOR PEELER: For the record, Senator Senn vouches for you.

MR. BARTELL: Thank you, sir. We are great friends.

SENATOR SCOTT: Favorable.

SENATOR PEELER: The motion is favorable. Any other discussion? If not, we'll take it to a vote. All in favor, raise your right hand. Thank you, sir.

MR. BARTELL: Thank you.

TUESDAY, APRIL 27, 2021

SENATOR PEELER: Next at large, Seat 8, Jason Repak. Good afternoon, sir.

MR. REPAK: Good afternoon.

SENATOR PEELER: On the record, if you would give us your full name.

MR. REPAK: Jason Michael Repak.

SENATOR PEELER: I'm going to swear you in. JASON MICHAEL REPAK, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

MR. REPAK: Yes. Thank you so much for having me out. You know, I've only been on the board now a year filling an unfilled term, but it's been the highlight of a long history of service I've had at Coastal. And then also, I apologize for my tardiness before the session started. I had to make a stop in Florence to my daughter's orthopedist. She broke her arm a couple of weeks ago.

SENATOR PEELER: Questions, comments? Senator Verdin?

SENATOR VERDIN: Thank you, Mr. Chairman. Mr. Repak, what -- do you know what the percentage of in- classroom rather than virtual education has taken place today?

MR. REPAK: Today at Coastal?

SENATOR VERDIN: Yes, sir.

MR. REPAK: So, I believe we put in place to want every class to have an in-person requirement for our faculty, for our teaching faculty, unless there were an actual health concern to the faculty member and then they were allowed to stay in place through a virtual education system, you know, through all of our different online modes of delivery now. I don't know the number -- the percentage, but I can get it back to you that -- more students that are actually taking advantage of that. I have talked to a number of the faculty that said, even when they did start their in-person classes, at first, they were still having a lot of their students take those classes online just out of convenience.

SENATOR VERDIN: Well, and that -- we've discussed, certainly, in financial terms of recruiting student body in the years to come, what we should anticipate and I would -- and I should've predicated my question with the fact that health is of -- health concerns are of paramount importance. But I do think that the administrations and the boards are going to have to very closely monitor this question as it relates to all those matters of student recruitment and retention. You know, a lot of traditional education has changed and is changing more rapidly than even we can sometimes quantify or measure. But I think this is one

TUESDAY, APRIL 27, 2021

critical key component of the traditional classical means and methods of educating. Every time we talk about the future and how radically different and changed things can be, I personally have lived long enough and I'm -- haven't served in your capacity, but I think all of us, as interested in public policy, especially the future -- the pendulum -- I'm never seen a pendulum not come back and find its place or water find its level. And I've got -- and I'm measuring this against a couple of soon-to-be-in-laws that I'm adding to my family this year, both of them in graduate school. And it's a little different there with that type of -- it's more intimate in their particular degree programs, but just how it's affecting students psychologically, their plans for the future, their first desire to be in- classroom. If they're not, they're going back home. Just those factors. So, yeah, I am interested -- I've probably asked it of all universities here going forward, not necessarily in the context of this screening, but I do appreciate you relating it back to me for Coastal.

MR. REPAK: Yes, sir, it's my pleasure. And I will tell you I agree wholeheartedly. I think you're going to see some pretty significant transformation in educational delivery, specifically higher education delivery, but even through your grade school system. Because of this pandemic, so many dollars have had to be invested in creating new modes of delivery for education that the reality is that, now that they're there, even though my personal preference would be to have all in-person classes, say, for health concerns, now that the infrastructure is there, we're all going to have to take a good hard look at what is the best way to deliver our education to our students, both economically and effectively.

SENATOR PEELER: Senator Scott.

SENATOR SCOTT: Thank you, Mr. Repak, for your willingness to serve. I was just looking at your resume. How do you go from selling Silver Spurs and Corniches, to doing building and construction? That's a tremendous leap. And the reason I'm saying that is because I do real estate and construction and now, I'm building cars, too. So, tell me -- tell me about that experience. That should've --

MR. REPAK: Sure.

SENATOR SCOTT: -- been some kind of experience.

MR. REPAK: Yes, sir. So, I think you're referring to my time with Rolls-Royce?

SENATOR SCOTT: Yeah.

MR. REPAK: Yeah. So, well, I worked for the Rolls Royce that was a jet manufacturer. So, the --

SENATOR SCOTT: Okay.

TUESDAY, APRIL 27, 2021

MR. REPAK: -- the company went bankrupt back in the '70s and violated their financial statements that may not be in great shape going forward either. But they went bankrupt back in the '70s and they sold the car business off to raise capital to BMW. I worked for Rolls-Royce, the remaining company, which is primarily defense and civil applications of jet engines.

SENATOR SCOTT: Out of Indianapolis, I think.

MR. REPAK: Big plant in Indianapolis, and so --

SENATOR SCOTT: Uh-huh.

MR. REPAK: -- a lot of people don't realize this, but the -- the vice president of finance of that Indianapolis plant for about 15 years, and one that saved the current -- at that time -- the CEO's job, because of cash delivery back from Indianapolis to the parent, was a Coastal Carolina graduate.

SENATOR SCOTT: Oh.

MR. REPAK: He grew up in Loris and went on to work several different areas and became the vice president of finance at that factory and took it from a \$100 million loan that they borrowed from the parent to a billion-dollar cash return within about four years because of how he changed the financial effectiveness and in some of the weirdest ways, too. He -- one of his first projects, he tore down a million square feet of the factory.

SENATOR SCOTT: Tore it down.

MR. REPAK: Didn't need it. And so, he spent money putting a new computer on ever desk and saved the company money in the ninth month. It just -- it was incredible. So, anyway, he gave back to Coastal and is still passionate about getting back to Coastal today. He serves as a chairman of one of our honor program boards there. And he recruited me out of school and I went to work for them for about seven years, I believe. I got my graduate degree from University of Richmond, and we've been in buildings and real estate for years, and that's where I'm at now. And so, when I grew up in Horry County, in Socastee, we all grew up in the same neighborhood that we developed and so I wanted my children to experience that same -- that same experience of growing up around family, so we moved back.

SENATOR SCOTT: So, I'm pretty sure, with a broad array of experience from the corporate side and the financial side, in time to come, a lot of experience on Coastal, you'll be able to make some things happen. Tell me about -- a little bit about your thought pattern of trying to keep more South Carolina students in at Coastal and also getting more African-American students to come to Coastal.

TUESDAY, APRIL 27, 2021

MR. REPAK: Yeah, absolutely. So, I'm thrilled for the change to see that we are trending more towards in-state students. Obviously, we love our out-of-state students, both as enrollment and students at our university, and want nothing but success for them. But for any state, for me, I look at economic development opportunity in the state and what is the future of the state's economy and our, more importantly, for Horry County, what does our area's financial future look like. And so, attracting in-state students, ones that are going to come and stay --

SENATOR SCOTT: Right.

MR. REPAK: -- is very, very important. So, to see that shift from about 50/50, which was just a few years ago --

SENATOR SCOTT: Right.

MR. REPAK: -- to where it is now -- it's closer to 60 percent -- is a very, very favorable shift, in my opinion, and I'd like to see that get even a little better into the 70/30 territory just because that gives our workforce, our state workforce in South Carolina, the ability to compete. Because, ultimately, when new companies are looking for a place to park their new factories or their new distribution centers, they're looking for infrastructure and ability to deliver, they're looking for infrastructure and education for workforce development, and they're looking for people. And we've got them by the thousands of -- roughly, the number is about a thousand families moving to Horry County every month. And so, I'd love to see that number continue to rise and I would love to see our diversity numbers come up as well. I think, overall, if you look at - - there's a website, College Factual, that ranks -- has a diversity score ranking across all twenty-four hundred institutions that it's -- that it monitors in the U.S., and they have us at about their top ten percent for diversity ranking. But that doesn't mean the work's done.

SENATOR SCOTT: Right.

MR. REPAK: I'd love to see our diversity numbers continue to increase.

SENATOR SCOTT: Thank you, Mr. Chairman.

SENATOR PEELER: Mr. Finlay.

REPRESENTATIVE FINLAY: So, you really think that for universities, especially state universities, it is exceedingly important that they attempt to achieve at least two-thirds, one-third in-state versus out-of-state?

MR. REPAK: I think, to help and deliver -- to help to deliver education to the students is, obviously, job one, right. But the state's interest in those universities is for the economic future of the state, because the state is spending public monies to invest in those universities and to create a future workforce. And so, for me, I think it's important for us to have a

TUESDAY, APRIL 27, 2021

workforce that are being educated at the institutions that will stay there in the state when they're done.

REPRESENTATIVE FINLAY: I think that Senator Scott and I and some others might agree how important that is, because I think it's two things. Number one, the state is investing the resources of the citizens and it would be nice for them to get a return. And I think, number two, that as the state draws -- or its universities draw more students from the state, naturally, it becomes more representative of the state. I think that is an important factor that it's one I'm glad to hear you represent -- I mean, recognize and continue to work for, although I continue to applaud Horry County their willingness to invest in education and producing buildings and helping subsidize -- because, just like we want for the state, they are doing it for their city and I take away from it that it is an investment, they think, in their future in producing a workforce for our growing communities and I think it's a wonderful idea.

MR. REPAK: Thank you so much. I agree wholeheartedly and just hope that when it comes to -- for renewal -- I believe it's two or three years that we're up for renewal -- that citizens of Horry County still feel that way, because I certainly do. I think it's a huge investment in our future, especially when you consider the population growth we're having. I mean, we're forecasted -- I'll tell you that my personal belief is that the forecast is wrong. It is far undershooting the number. They're forecasting our metropolitan area to grow from about 300,000 to about 640,000 by 2040. I think it'll be closer to mid-2030s by the time it happens, especially if you see the rate that people are moving to the area now. And not all of them that are coming are what we'll call a more mature retiree. A lot of those are 40s, 50-year-old civil servants retiring out of the northeast and they're bringing their family and their family's going to have to have a place to work and a place to go to school.

SENATOR SCOTT: Favorable report.

SENATOR PEELER: Motion is favorable report. Seconded?

REPRESENTATIVE FINLAY: Yes, sir.

SENATOR PEELER: Anybody have a discussion? If none, we'll take a vote on it. In favor, raise your right hand. Appreciate your willingness to serve.

MR. REPAK: Thank you so much.

SENATOR PEELER: At large, Seat 10, Mark Kelley. Good afternoon, sir. For our record, if you would, give us your full name.

MR. KELLEY: Good afternoon, Mr. President. Mark Stephan Kelley.

MARK STEPHAN KELLEY, having been first duly sworn, was examined and testified as follows:

TUESDAY, APRIL 27, 2021

SENATOR PEELER: Would you like to make a brief statement?

MR. KELLEY: I am ready, willing and able if y'all will allow me to serve on the board of Coastal Carolina. I think I bring some things to the board that other people don't have; my experience -- my 26 years experience working and being up here, as long as my 16 years of representing Coastal Carolina University. With that, I'll be glad to answer any questions.

SENATOR PEELER: How much does that penny bring in off the top of your head, now?

MR. KELLEY: It depends, it fluctuates, depending on, certainly, last year, because of COVID; and that is down some. But it's -- I could get those numbers for you. I don't know them off the bat.

SENATOR PEELER: I know you've been following it for a long time. I thought you'd --

MR. KELLEY: Yeah. I should -- well, I've been retired for a couple of years, but I'll get that for you.

SENATOR PEELER: Just curious. Questions? Senator Alexander?

SENATOR ALEXANDER: Thank you. Good to see you today.

MR. KELLEY: Thank you, Senator.

SENATOR ALEXANDER: Thank you for your willingness to serve. You say ways to improve university's retention and graduation rate. What is that current landscape and what do you -- how would you have the retention and what -- of those students, and what is that --

MR. KELLEY: I think -- I think it's -- if you got students that are 1400 SAT students, anybody and everybody can educate those. I think, when you get down to the 900s and that, those students need -- a lot of those students need some help to bring them along to get them from the time that they enter till the time that they leave the institution. And I think we could do a better -- we do some of that and we do -- but I think we can do a better job at retaining those students, not losing them in the first year, and being able to bring up through to be able to see them graduate in four years, five years. Thank you.

SENATOR ALEXANDER: Thank you.

MR. KELLEY: Thank you, Mr. President.

SENATOR PEELER: Senator Scott?

SENATOR SCOTT: Good to see you, my friend.

MR. KELLEY: Thank you, Senator.

SENATOR SCOTT: Do you know what's the average SAT that Coastal requires since you --

MR. KELLEY: The minimum SAT, I don't have that. It's nine-something, I believe. I'm not sure.

TUESDAY, APRIL 27, 2021

SENATOR SCOTT: So, how many -- how many lottery -- lottery students would normally be taken in over there annually? Do you have any idea? Because that would give us some kind of range to how well we're doing on SAT scores, too.

MR. KELLEY: Yeah. I don't have those numbers --

SENATOR SCOTT: Okay.

MR. KELLEY: -- off the bat.

SENATOR SCOTT: Okay. Tell me a little bit -- your thought pattern on diversity and also trying to -- deciding to open the state and trying to get South Carolina students to come. And I know a number of kids who recently -- at least a couple of them from my church are going to Coastal now.

MR. KELLEY: I think -- in fact, one thing I do know is I think right now, we're graduating more African-American students than we are white male students at Coastal Carolina.

SENATOR SCOTT: Okay.

MR. KELLEY: So, I think it's diverse and that all areas of education need to be looked at, all different races need to be looked at, and what can we do as a better -- as a board to set policy in that to do things better to see that these people stay in school and get through college. We have grown our African-American population at Coastal. I think we've got some awards for that. I think, you know, we have to balance being fiscally responsible with the ability to pay, and I think that -- by bringing some students in that maybe are below the line that we have right now, but could get through to make it to graduation in four or five years, I think we owe it to those in-state students to do a little better job maybe in trying to get them into the school and retain them in the school.

SENATOR SCOTT: Well, you guys got some scholarship money? Are you raising money annually for those kids --

MR. KELLEY: They have. The president has some discretionary funds that they use, yes, sir.

SENATOR SCOTT: Thank you, Mr. Chairman.

SENATOR PEELER: Mr. Whitmire.

REPRESENTATIVE WHITMIRE: Thank you, Mr. Chairman. Welcome, Mr. Kelley.

MR. KELLEY: Thank you, Representative.

REPRESENTATIVE WHITMIRE: I see you mention Coastal's biggest weakness is declining enrollment. Do you have any numbers on that?

MR. KELLEY: I think -- I don't have numbers, but I think, nationally, it's a problem that we're looking at throughout with online tuition or online educations around this country with the cost of education in the

TUESDAY, APRIL 27, 2021

country. I think it's a problem that all institutions are facing right now. I think Coastal has somewhat of an advantage in that we have local support, we have state support. And I think if we keep, you know, a bit high on the fiscal responsibilities of the school, I think we can weather this. I think we'll improve -- as you heard, the population in our area is growing. As that population grows, those children come up through our system and, I think, will end up in our school. So, I think we will increase, but I think we -- again, I say everybody can educate a 1400 SAT student.

REPRESENTATIVE WHITMIRE: What is Coastal's enrollment now; do you know?

MR. KELLEY: Right at -- I think, right at 10,000.

REPRESENTATIVE WHITMIRE: Okay. Has that kind of been the norm the last few years?

MR. KELLEY: Yeah. It's slipped a little bit. I mean, I think we're up close to 11,000. It depends how you measure those by FTEs and by head counts and that, so it changes. But, you know, I think that's the level that we're at now. I think that probably somewhere around 12 might be a good number, good settling-in point for Coastal, at lease, in this year.

REPRESENTATIVE WHITMIRE: And, by the way, congratulations on Coastal's football success last year. That was quite a run you guys had.

MR. KELLEY: Thank you. It was great exposure for the campus and for the State of South Carolina.

REPRESENTATIVE WHITMIRE: Is Coastal going to get to play USC this year? I just wonder.

MR. KELLEY: Well, you know, we were supposed to play them last year, but --

REPRESENTATIVE WHITMIRE: That's what I thought. I thought they might want to make that game up. I just didn't know.

MR. KELLEY: Well, Coastal does.

REPRESENTATIVE FINLAY: That's my fear.

REPRESENTATIVE WHITMIRE: Thank you.

SENATOR PEELER: They'd chicken out. No pun intended. Mr. Finlay?

REPRESENTATIVE FINLAY: No, sir. I think USC might be willing to swap Coastal out for Clemson right now. And by the way, I just want to make an editorial comment. Fourteen hundred SAT students may be easier to teach, but they are just as stubborn. Do not be confused.

SENATOR PEELER: Anyone else? What's the desire of the committee?

TUESDAY, APRIL 27, 2021

REPRESENTATIVE WHITMIRE: Favorable.

SENATOR SCOTT: Second.

SENATOR PEELER: Favorable and seconded. Any other discussion? All in favor, raise your right hand. Unanimous. Thank you, sir.

MR. KELLEY: Thank you.

SENATOR PEELER: Next, at large seat 10, Robert O'Brien. For the record, sir, if you would give us your full name, sir.

MR. O'BRIEN: Sure. Robert Louis O'Brien.

SENATOR PEELER: Let me swear you in. ROBERT LOUIS O'BRIEN, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Do you have a statement?

MR. O'BRIEN: I just appreciate the opportunity to run for a seat on the board because living down in Myrtle Beach, I know a number of people that have no idea how this process works, and it's all new to me, too. So, I'm looking forward to the opportunity.

SENATOR PEELER: Questions or comments? Mr. Scott?

SENATOR SCOTT: Thank you, Mr. O'Brien, for your willingness to serve. I see you have a heck of an employment record, RES, CID special agent, tell me about how we can transfer some of that experience that you have even to curriculum specifics or some things you think you can begin to make some changes at Coastal; and also, a wide variety of different schools, Wofford, Maryland, xin xEurope, City College of Chicago, about this college at Charleston, a lot of different experiences with colleges and universities and a lot of different experience as is relates to employment history.

MR. O'BRIEN: Yes, sir.

SENATOR SCOTT: So, tell me how we take those experiences and looking at some of the -- well, you've had the opportunity to hear some of the questions this morning.

MR. O'BRIEN: Yes.

SENATOR SCOTT: So, kind of fill in the blanks where you think that those experiences can become --

MR. O'BRIEN: Well, I went to Summerville High School, so I started there and then I went into the military; and that's when I got the opportunity to see some different schools --

SENATOR SCOTT: Right.

MR. O'BRIEN: -- when I went to school there; and then came back on scholarship at Wofford.

SENATOR SCOTT: Right.

TUESDAY, APRIL 27, 2021

MR. O'BRIEN: Moved -- and I was married and had a young daughter

--

SENATOR SCOTT: Right.

MR. O'BRIEN: -- and came back there. And my experience at Wofford getting an accounting degree taught me a lot and -- but I wanted to have a degree that I could use, not necessarily to be a CPA, but --

SENATOR SCOTT: Right.

MR. O'BRIEN: -- I wanted to understand how money moved and how to read these voluminous reports --

SENATOR SCOTT: Certainly.

MR. O'BRIEN: -- and see where things are going. And that experience over the years, I've had a number of white-collar crime and healthcare fraud and different types of investigations I've been a part of. And then, I eventually went into forensics, having to be involved in the undercover operation where the state lost all their tax returns --

SENATOR SCOTT: Right.

MR. O'BRIEN: -- on the dark web.

SENATOR SCOTT: Right.

MR. O'BRIEN: I actually was part of that when we reported it to SLED when it happened back in -- back in the day. And computer forensics has always been a big interest. But CCU, I've gotten the opportunity, because I've lived there so long, now, and my daughter went to school there, my son went to the scholars academy there, which is a joint program --

SENATOR SCOTT: Right.

MR. O'BRIEN: -- with CCU where they take the kids from the high school area and allow them to take college courses at the campus. So, I was on campus all the time, especially since we couldn't drive when we first started.

SENATOR SCOTT: Right.

MR. O'BRIEN: So, just being able to understand the fiduciary responsibilities, I see a board as being, you know, critical that people that are there and have been a part of the university and understand how that money flows and that responsibility the board has not to just be a rubber stamp to budgets and taking care of that money --

SENATOR SCOTT: Right.

MR. O'BRIEN: -- but also providing a -- I mean, CCU is one of the biggest and best resources that that area has. I mean, the university is great and they're right there with HGTC and it's just a great, great place.

SENATOR SCOTT: So, in terms of your experience, cyber security, any form of computer fraud --

TUESDAY, APRIL 27, 2021

MR. O'BRIEN: Yes, sir.

SENATOR SCOTT: -- and looking at the -- looking at some of the curriculum, could need to improve some of the curriculum, tell me a little bit about your thoughts on a more diverse school and some of the things you think the board needs to be moving in that direction, policy-wise, with the president. See, you got a new president. Now, you're going to have --

MR. O'BRIEN: Yes, sir.

SENATOR SCOTT: -- a bunch of new board members, too, in trying to meet the challenges we're facing, because it's going to happen as this pandemic -- which I think will be a long time before it just goes all away. We're going to see more and more of our students have to stay at home as it relates to just being able to afford a college education. So, just give me your thoughts on what you --

MR. O'BRIEN: Yes, sir.

SENATOR SCOTT: -- think we need to be doing and how we --

MR. O'BRIEN: Well, from the diversity standpoint, CCU's done a great job in the diversity area. I mean, there's always room for improvement. And the one area that probably, diversity-wise, that they're weakest at is probably in the Hispanic population.

SENATOR SCOTT: Okay.

MR. O'BRIEN: The African-American population there has done a great job and it's a very popular school there for the African-American population. And we did the Adrian project there where we recruited -- we did it in Orangeburg, too, at South Carolina State where we do this thing where you get to be a special agent for two days and you learn what the job is. And it was a very popular there. But to address your question, those three offices that are already there at Coastal are doing a great job and the board is supportive of that; and I would continue to support that as well. But there is room for improvement, like I said, in the Hispanic area. We have a large Hispanic population that is very under-represented at CCU probably right now.

SENATOR SCOTT: Okay. So, you're comfortable with 17, 18 and the overall population of the African- American community is 27. So, you're comfortable with -- comfortable number or are you comfortable because that's where the school is right now?

MR. O'BRIEN: Well, no, I would say I'm comfortable in that opportunities are available there --

SENATOR SCOTT: Okay.

MR. O'BRIEN: -- for that population.

SENATOR SCOTT: Right.

TUESDAY, APRIL 27, 2021

MR. O'BRIEN: And they're doing a great job in trying to --

SENATOR SCOTT: Move in a direction.

MR. O'BRIEN: -- increase that.

SENATOR SCOTT: Okay.

MR. O'BRIEN: I don't see, you know, within the Hispanic population, it's not nearly as well known --

SENATOR SCOTT: Right.

MR. O'BRIEN: -- that the type of degree and opportunities that are available there, that's all. And it's just a -- something I noticed being on campus all the time, that that's the case.

SENATOR SCOTT: Thank you, Mr. Chairman.

SENATOR PEELER: Okay. Speaker Lucas?

REPRESENTATIVE LUCAS: Yes. Thank you for being here today. Students who receive or having been receiving their education through online classes as opposed to face-to-face classes, do you think those students deserve some kind of discount for not being there full time?

MR. O'BRIEN: Well, my son's doing that right now and not a fan. He's a senior in high school at Myrtle Beach, so --

REPRESENTATIVE LUCAS: I'm not saying I'm disagreeing with you

-- MR. O'BRIEN: But a discount --

REPRESENTATIVE LUCAS: -- I'm just looking for your response.

MR. O'BRIEN: Sure. Sure. It's difficult, because the fixed cost of the university is still going to be the same. You still have to have all those costs related. And sometimes, I think it's an informational thing as well. But to answer your question, maybe some discount, but maybe not nearly what some might believe it should be. But I think a lot of that's informational. If parents were aware of why the tuition has to be what it is, I mean, a lot of parents that I know are like, "Man, you know, we hit the lottery and tuition just keeps going up and up and up." You know, it seems to incrementally keep going up. And in talking to the parents of the kids that I know -- I coach softball at Socastee High School, too, and that's a constant thing that they talk about is, you know, "My kid's at home doing computer work and I'm still paying the same tuition that I had to pay when I sent him off to school." And so, I think there is some -- there needs to some give-back there, because the costs are low. I mean, these universities, though, weren't set up to be online universities and they had to do it on the fly. And so, the bills still come due. And the board has a responsibility, fiduciarily, to, I think, most importantly, give the parents and the people that are paying the bills that information,

TUESDAY, APRIL 27, 2021

and as to why it's not a 50 percent discount, let's say, or whatever they think it might should be. You follow me?

REPRESENTATIVE LUCAS: Yes, sir.

MR. O'BRIEN: I mean, that's my thought process on it. I think there should be, because it is less expensive to do, but when my son enrolled at CCU, he didn't enroll to be an online victim of circumstances of a -- of the pandemic required them to shift gears. I mean, I don't know how you balance the two, but I think there has to be some balance. I don't think you just put your head in the sand and just say, "Well, that's what the tuition is, and this is what we're going to do." I think, ultimately, that runs people away.

REPRESENTATIVE LUCAS: I appreciate your answer. Thank you.

SENATOR PEELER: Mr. Finlay?

REPRESENTATIVE FINLAY: As the parent of two soon-to- be three students, I think there's part of the issue on the tuition is not just that the costs are lower. It's what the children are receiving is significantly less.

MR. O'BRIEN: Yeah.

REPRESENTATIVE FINLAY: And I think universities have been very slow to acknowledge that the courses, the experience, the long-term takeaway has been significantly less. And to say, "Oh, you're sort of a victim of circumstance," is nice. But when faculty are receiving the same pay you sort of go, "Well, where the victim of circumstance there?" That is a lead-in to say that I think there are going to be a lot more victim of circumstances coming along, many of those financial. So, in other words, I don't think every school that has a certain program is going to be able to maintain them for the future. I think the economy as a scale, the internet, other things are going to start pushing those. Are you willing to make those hard decisions as it comes time to cut and push -- and push through to do what they need to do?

MR. O'BRIEN: Oh, absolutely. I mean, and I think that's the board's responsibility. I mean, Coastal has some great things going on with -- you mentioned athletics -- that they could capitalize on. It doesn't matter that -- and it doesn't seem to correlate, but Clemson wins the national championship and their admissions go up 200 percent. You know, Coastal has some -- they win a baseball national championship and I think the athletic football program last year, with all the success they had, you know, that's an area we can capitalize on. And I think the board should focus on to get that initial -- I mean, additional interest in the school. And, I mean, to me, CCU's got -- we got to keep building that reputation that's -- getting those 1400 SAT score kids that want to come to Coastal, you know. I think it's important and it's critical. And for the

TUESDAY, APRIL 27, 2021

university to continue to grow and become more -- continue to be successful, they have to do those things.

SENATOR PEELER: Senator Alexander?

SENATOR ALEXANDER: Thank you, Mr. President, briefly; and good to have you here this afternoon. You mentioned a way to attract students and develop a cooperation ranging with MUSC or Grand Strand Hospital, kind of like a bridge program.

MR. O'BRIEN: Yes, sir.

SENATOR ALEXANDER: Are you aware, does Coastal Carolina have any of those type of programs now in that arena or any other disciplines?

MR. O'BRIEN: Not specifically that I'm aware of. At Grand Strand, I know they've tied -- Grand Strand Regional Medical Center has started taking medical students and they're teaching there. I mention that because Horry Georgetown Tech does nursing programs and they're right adjacent to CCU. And the biggest reason I put it in there is my son, who's looking at colleges, and my brother-in-law both went to College of Charleston -- or, my son is looking at College of Charleston because of that relationship that MUSC has with College of Charleston.

SENATOR ALEXANDER: That's a great idea.

MR. O'BRIEN: It's critical. To me, I mean, having been there quite a bit to MUSC, he went on and became an anesthesiologist after going to C of C and went -- and used some of those programs in close proximity. They work together quite a bit. And he's now in Greenville as a pain anesthesiologist, pain specialist. And --

SENATOR ALEXANDER: I think that's a great suggestion. If I could, I just want to recognize for the record, too, is you talk about your membership in civic organizations, certified to represent the taxpayers before the Internal Revenue Service. I think that's -- with your background, that's an interesting association to be with. And then finally, to the -- you're a TurboTax expert part time, and then you're the official scorekeeper for the Pelicans and so what kind of season do they -- you looking for them to have?

MR. O'BRIEN: Well, we're hoping they get to come play. You know, Major League Baseball is taking over all the minor league baseball teams, so they're supposed to start in May, but I don't know if they actually will. But Myrtle Beach Pelicans have now become a low A affiliate and they've played Charleston and Columbia and -- where they used to be in the South -- they're not in the South Atlantic League. Before, they were in the Carolina League.

SENATOR ALEXANDER: And if I could finish up, Mr. President, with your different duties and part-time things, would there be any -- would

TUESDAY, APRIL 27, 2021

there be any problem with you serving on the board and being available to attend all the meetings?

MR. O'BRIEN: Oh, not at all. No, that's one of the - - it's been the hardest thing about getting used to being retired, but I got to retire at a relatively young age because of the federal law enforcement, so --

SENATOR ALEXANDER: Well, we appreciate --

MR. O'BRIEN: -- it's been interesting.

SENATOR ALEXANDER: We appreciate your service and what you do --

MR. O'BRIEN: Thank you.

SENATOR ALEXANDER: -- and your willingness to serve in this capacity.

MR. O'BRIEN: Appreciate the opportunity. I just wish that you didn't have to, like, it wasn't a political thing where you have to run against somebody to be able to serve. So, thank you.

SENATOR PEELER: Good point. We have excellent candidates. Hunter Renfrow, any contact with him?

MR. O'BRIEN: I coached his sister in softball and --

SENATOR PEELER: Is she as good as he is?

MR. O'BRIEN: -- I actually saw Hunter last week. He's at home -- he came home and watched some baseball. He's just been married and has a little baby and his dad's the athletic director where I coach softball -- or was the athletic director. Now, he's retired as well. But Hunter's a great young man.

SENATOR PEELER: He sure is.

SENATOR SCOTT: Favorable report.

SENATOR PEELER: Motion for favorable.

SENATOR ALEXANDER: I second it.

SENATOR PEELER: Seconded. Any other discussion? Hearing none, Those in favor, raise your right hand? Unanimous. Thank you, sir.

MR. O'BRIEN: Thank you.

SENATOR PEELER: Now we move to at large Seat 12. Okay, Mr. Porterfield. Afternoon, sir.

MR. PORTERFIELD: Good afternoon.

SENATOR PEELER: For the record, give us your full name, sir.

MR. PORTERFIELD: Brett Charles Porterfield.

SENATOR PEELER: Let me swear you in. BRETT CHARLES PORTERFIELD, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

TUESDAY, APRIL 27, 2021

MR. PORTERFIELD: Yeah, just a very brief statement. Good afternoon to the members of the General Assembly. My name is Brett Porterfield. I am a candidate for Seat 12 on the Board of Trustees at Coastal Carolina University. I consider it an honor and a privilege to potentially serve in this capacity. I am an alumnus of Coastal Carolina, having graduated in 2007. Having graduated, I've remained a financial supporter of the college and currently serve as a member on several alumni associations. Serving on the Board of Trustees is the highest form of service an alumnus can render to an institution. I thank the Commission for its consideration and I welcome any questions the Commission may have.

SENATOR PEELER: Thank you. Questions or comment? Senator Alexander?

SENATOR ALEXANDER: Thank you for your willingness to serve. Your present employer is who?

MR. PORTERFIELD: Blue Cross/Blue Shield, Senator Alexander.

SENATOR ALEXANDER: Okay. And would your ability, if elected to the Board, would there be any problem with having the ability to serve and go -- attend meetings?

MR. PORTERFIELD: No, sir, it wouldn't be any problems.

SENATOR ALEXANDER: And you say here, ways to improve Coastal Carolina is to improve its profile. Would you tell me what that means?

MR. PORTERFIELD: Well, yes, I noticed as we've been having these screenings today, there's been an increased intention in the profile of Coastal Carolina within the State of South Carolina. And I feel that South -- Coastal Carolina is working to be the third institution behind the University of South Carolina and Clemson. I feel that, right now, the school's reputation is that when you say Coastal Carolina, one of the first things you think of is athletics. We talked about the baseball team, we talked about the football team. And I feel that, along with those things, the academic aspect of the institution should also follow along. That way, that when you go to school, say, in the 864 or in the 803, you go to the schools in upstate and you market the institution, it has that academic weight behind it. You know, currently, here in the State of South Carolina, when you say you're an alumni of Clemson University or alumni of University of South Carolina, that holds weight. When you say you're an alumni of Coastal Carolina University, you should hold weight as well.

SENATOR ALEXANDER: Thank you. Thank you, Mr. President.

SENATOR PEELER: Anyone else? Mr. Scott?

TUESDAY, APRIL 27, 2021

SENATOR SCOTT: Thank you for your willingness to serve. I see you're a member of Zion Pilgrim.

MR. PORTERFIELD: Yes, sir, I am.

SENATOR SCOTT: Good church, good church.

MR. PORTERFIELD: Yes, sir.

SENATOR SCOTT: You seem to be very, very excited about this appointment. What do you think that you need to do for Coastal to be able to recruit more African-American students so the percentage looks like South Carolina --

MR. PORTERFIELD: Well, I think it's --

SENATOR SCOTT: -- and have a more diverse population. And there's a lot of good students out there --

MR. PORTERFIELD: Yes.

SENATOR SCOTT: -- too if we recruit them.

MR. PORTERFIELD: I agree. I agree that Coastal Carolina should do more in regards to increasing its diversity especially African-American males. Right now, they have a program called Call Me Mister, which trains African-American males to become teachers.

SENATOR SCOTT: Right.

MR. PORTERFIELD: Programs such as that, I think, are of benefit to the institution as well. Also, I think Coastal Carolina should market directly to that particular demographic within the State of South Carolina. I feel that a diverse institution is representative of a diverse state. And I feel that Coastal Carolina should do more in regards to diversifying their student profile so that there are, when alumni graduate from the institution, they are prepared for a diverse workplace.

SENATOR PEELER: Anyone else? Desire of the committee?

SENATOR SCOTT: Favorable report.

REPRESENTATIVE WHITMIRE: Favorable.

SENATOR PEELER: Favorable and second. Any other discussion? We'll take it to a vote. All in favor, raise your right hand. Unanimous. Thank you for your willingness to serve. Thank you, sir.

MR. PORTERFIELD: Thank you for your time this afternoon.

SENATOR PEELER: Next, Delan Stevens. Good afternoon, sir.

MR. STEVENS: Good afternoon.

SENATOR PEELER: For the record, if you would, give us your full name.

MR. STEVENS: Hal Delan Stevens.

TUESDAY, APRIL 27, 2021

SENATOR PEELER: Please raise your hand. HAL DELAN STEVENS, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

MR. STEVENS: Yes, sir. I'd just like to thank you for the time to be here and I'd just like to say it's been an honor and a privilege to serve the six years that I've been able to serve on the Board.

SENATOR PEELER: Questions or comments? Senator Alexander?

SENATOR ALEXANDER: Thank you. Good to see you today.

MR. STEVENS: Thank you, sir.

SENATOR ALEXANDER: Thank you. You talk here about the biggest strength -- I think it's interesting -- the biggest strength of the university is its economic impact.

MR. STEVENS: Yes, sir.

SENATOR ALEXANDER: Does that outweigh the academic success of the students?

MR. STEVENS: No, sir. But I think the economic impact has an impact on the students directly.

SENATOR ALEXANDER: And so, when you talk about the economic impact, are you talking about on just the Horry -- Greater Horry County area or are you talking about the economic impact of the students once they get out into the workforce?

MR. STEVENS: I'm talking about the economic impact that it has as far as preparing students to contribute.

SENATOR ALEXANDER: Okay. Then you say the biggest weakness is the endowment. So, what kind of endowment --

MR. STEVENS: Well, like --

SENATOR ALEXANDER: -- is there, and have y'all done work? Is there a focus on endowment?

MR. STEVENS: Yes, sir, we're working on it. We're now approximately, I think -- when I did this, it was about 40 -- well, maybe about a \$60 million endowment. When you consider Clemson as probably a \$750 million endowment, and you look at what the economic numbers are for the University now, it is a vital source of continuing to provide income, to provide what students need. The most important thing I think for a university -- or at least to me -- is the safety and well-being of the students and the education they receive when they get there. And this is a daunting task to do it sometimes with the budgets that you have to do it with. So, I think, to increase the endowment to have a better fund -- a better source of income fund coming in would be a great, great help.

TUESDAY, APRIL 27, 2021

SENATOR ALEXANDER: Thank you for your answers.

SENATOR PEELER: Senator Scott?

SENATOR SCOTT: Thank you, again, for your willingness to serve. Tell me a little bit about your strategy as a board member to make Coastal a more diverse institution to bring more African- American students to the campus along with faculty, too. The number of faculty numbers weren't that great either. So, as a board member, what plan would you recommend or what would you recommend to the board to be able to address those kinds of issues at Coastal?

MR. STEVENS: Yes, sir. We -- one of the things we haven't addressed and done is we have a lot of -- formed a diversity department, which I think Dr. Stokes-Brown has done a good job there. And I think it helps students, when they're looking at universities to attend --

SENATOR SCOTT: Right.

MR. STEVENS: -- to know that we have addressed those issues and that that's something that has been done. I think another thing is sometimes, on your approach, as far as when you're trying to promote your school, I think you need to do direct promotion of what we can offer as far as our diversity, what we have, what's our strengths. And that -- sometimes, I think you market your school as an overall and you don't target some areas. So, I think that's very important, as we progress with our marketing, that we look at how do we -- exactly how do we promote our school to show people that we are.

SENATOR SCOTT: So, in looking at where Coastal was a 55/45 school, in terms of out-of-state students - - and it's just a matter of time it's going to happen with more states figuring out how to keep their students at home and always trying to take our students, what kind of plan do you think Coastal needs to do to prepare itself in the event the out-of-state shortage begins to stop. Now, you're in a specialized area of engineering, medical and those kinds of areas, you're going to always have kids transferring, veterinary sciences, you're going to have kids transferring. What do you think Coastal needs to do to protect itself -- and I see it's moving in that direction bringing those numbers down just in case that ends up happening faster than we can -- you know, that we anticipate?

MR. STEVENS: Yes, sir. Well, two things, first off, I would think our marine class department is probably one of the top in the country.

SENATOR SCOTT: Right.

MR. STEVENS: So, I think, when you have something that is one of the best in the country, you really need to showcase that --

SENATOR SCOTT: Right.

TUESDAY, APRIL 27, 2021

MR. STEVENS: -- students from all over, not just United States, but the country -- the world will say this is the best marine science department in the country.

SENATOR SCOTT: Right.

MR. STEVENS: And you need to highlight that. And our Wall School of Business is also one of the best. So, sometimes, I think you need to highlight what is your strengths --

SENATOR SCOTT: Right.

MR. STEVENS: -- and promote that to your out-of-state students.

SENATOR SCOTT: Thank you, Mr. Chairman.

SENATOR PEELER: Any other questions or comments? What's the desire of the committee?

SENATOR SCOTT: Favorable report.

SENATOR ALEXANDER: Second.

SENATOR PEELER: Favor and seconded. Any other discussion? Hearing none? Raise your right hands. It's unanimous. Thank you, sir.

MR. STEVENS: Thank you all.

SENATOR PEELER: Appreciate your willingness to continue to serve.

MR. STEVENS: Thank you very much for your time.

SENATOR PEELER: At large Seat 14, Joe Jarrett. For the record, if you would give us your full name, sir.

MR. JARRETT: Joe Nelson Jarrett, Jr.

SENATOR PEELER: I'll swear you in. JOE NELSON JARRETT, JR., having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

MR. JARRETT: I would. I would like to thank all of the commission for the work they do for the colleges and the universities of our state and I would also like to thank the staff of Senator Peeler's office, who have been so kind and helpful, Julie Price and Martha Casto.

SENATOR PEELER: Questions or comments for Mr. Jarrett. Speaker Lucas?

REPRESENTATIVE LUCAS: Thank you, and thank you for your time today for coming in. There has been a question that was raised to the prior candidate, and I want to raise it to you and give you a chance to comment, because I had wondered about it through all of the candidates who have come through. The endowment at Coastal is extremely low in comparison to many other public schools. What do you think causes that and do you believe one of the root causes of that is the percentage of out-of-state students we allow to come to Coastal Carolina?

TUESDAY, APRIL 27, 2021

MR. JARRETT: I really don't know the answer to your question other than to say that our endowment, I think, is \$45 million right now, which is low. And to put that on the back of out-of-state students, I wouldn't consider that to be the case. We're fairly new in terms of having an endowment. We're relatively new, as a university, on our own. It takes time to get those monies up to get people to donate after they've finished college. Most of the time, by the time you can make a significant gift to the college, you would be in your 40s, 50s or 60s. We're probably going to have to wait a little longer and continue trying to improve our endowment. We do need to pay a lot of attention to our philanthropic department which helps in raising these funds.

REPRESENTATIVE LUCAS: And that was one of the points you raised and I wanted to give you a chance to comment; so, thank you.

MR. JARRETT: Yes, sir.

SENATOR PEELER: Mr. Finlay, did you have a question?

REPRESENTATIVE FINLAY: Yes, sir. I was just going to -- thank you. I was going to make a point. I don't know that -- if I understand correctly, Coastal was rolled out of the USC system in '93?

MR. JARRETT: Yes, that's correct.

REPRESENTATIVE FINLAY: So that's 28 years. That was going to be my one question. I don't understand if they were allowed to carry any forward from USC. But I will say this. It is a systemic problem within our colleges and universities in this state and one that all of them, especially our flagship universities are going to have to deal with, because that is one of the best ways to address rising student costs, is through the endowment. Right here, y'all bringing it up, I hope y'all have a plan to move on it, because I think it matters and it matters intensely.

SENATOR PEELER: Senator Alexander?

SENATOR ALEXANDER: Thank you, Mr. President. And, good afternoon. Thank you for being here. You mention here that ways to improve Coastal Carolina is a better arts center. Is there a -- is there a curriculum in the arts?

MR. JARRETT: Oh, yes.

SENATOR ALEXANDER: Okay. So, what -- is the arts failing? Is it not a prominent part, as far as the arts center goes, from that standpoint? Has there not been a -- I mean, you get the one percent money. I'm just wondering --

MR. JARRETT: Well, it has been kind of an neglected thing since a great contribution was made by a family, the Robin Edwards School of the Arts. But the facility is beautiful; it's just small and it needs to be enlarged. So, our new president has moved forward with this and

TUESDAY, APRIL 27, 2021

downtown Myrtle Beach they are renovating an old theater and Coastal will run and manage that facility. So, that's going to be one new outlet for more performances and more exposure of the arts department, which is fantastic in the productions that they do put on. But, again, it's limited seating and just needs a boost.

SENATOR ALEXANDER: Thank you. I was just -- was not aware. The other question I would have, in your current -- well, says you visit the campus often. Can you define for me what "often" is?

MR. JARRETT: I think I could probably say I'm out there 50 times a year, at least.

SENATOR ALEXANDER: Okay.

MR. JARRETT: For one reason, my wife works there. She's the director of the Coastal Housing Foundation, which is not really a part of Coastal University -- Coastal Carolina University. Secondly, I used to be in a -- the team physician for them for 36-some years.

SENATOR ALEXANDER: Okay.

MR. JARRETT: And spent a lot of time with the teams and traveling, and so on.

SENATOR ALEXANDER: So, you're very familiar with it.

MR. JARRETT: I'm really familiar with it.

SENATOR ALEXANDER: So, if I could, one follow up. You mentioned Housing Foundation is separate and distinct from the university?

MR. JARRETT: It's not under the university auspices. I don't know the exact legal definition of that separation.

SENATOR ALEXANDER: Thank you.

MR. JARRETT: Thank you.

SENATOR PEELER: Mr. Finlay?

REPRESENTATIVE FINLAY: Senator Alexander, we put forward a proviso, I believe, that reaches to that, that at the beginning of the discussion of these sort of off-balance sheet items that these universities have, it's not just them. USC, Clemson, everybody has them. And it's going to become one of the most important issues, and I'm very glad to hear you've hit on it, or what is off-balance sheet financing that is depending on, for example, students being allocated to those dorms. The second issue is this off-balance sheet housing, you have a lease-back where you purchase 25 years out, what is the dorm worth if it's been beat up by kids for 25 years, in my guess, is negative equity. So, I think this is going to be a really interesting question for us to go forward.

TUESDAY, APRIL 27, 2021

MR. JARRETT: And the fact that you ask that, it -- I was concerned, when I made the application, that there may be an appearance of conflict of interest in that, and I would certainly like that to be resolved.

SENATOR PEELER: Thank you. Senator Scott.

SENATOR SCOTT: Thank you, Mr. Chairmen. Thank you, Mr. Jarrett, for your willingness to serve. I want to go back to -- and I'm sorry, I had to leave the room for a minute. Duty calls, as the old saying. Tell me a little bit about the Fine Arts Center and, because, you were in a community where the arts and entertainment is really big, especially in the season, since the season is moved, that -- and maybe an off-campus location where they're trying to build a fine art center on campus, that way you can partner with the city and some other foundations to try to build a fantastic fine arts center knowing what your competition is going to be, but I don't think you want to bring all that traffic onto the campus.

MR. JARRETT: Well, you know, that's a great question. And Coastal is -- to expound on it a little more, which I had discussed maybe in your absence --

SENATOR SCOTT: I'm sorry.

MR. JARRETT: -- is that there's a theater in the downtown section of Myrtle Beach --

SENATOR SCOTT: Right.

MR. JARRETT: -- called the Reveille Theater, and that's an old beautiful building. It's going to be completely renovated and Coastal's fine arts program will be managing that, basically.

SENATOR SCOTT: Okay.

MR. JARRETT: And that's all part of the downtown revitalization plan for Myrtle Beach, for those of you who may or may not be aware of this. And the old buildings, which are beautiful to look at, but have been fairly run down, is a common problem in a lot of towns. But the university and the city council have really been working well together on this project.

SENATOR SCOTT: That may be the answer to that fine arts center.

MR. JARRETT: It may be.

SENATOR SCOTT: I mean, because it -- you would have a lot more exposure. And if the it -- if the partnership is set up right, you share a lot more of the debt, along with possible gains and losses, as you bring different acts and entertainment, because not all of you will make money, some of it you will actually lose money until you get that group who will come from all over everywhere to see it.

MR. JARRETT: It's tough and competitive environment.

SENATOR SCOTT: No question. Wish you well with that.

TUESDAY, APRIL 27, 2021

SENATOR PEELER: Anyone else? Desire of the committee?

SENATOR SCOTT: Favorable.

SENATOR PEELER: Favorable.

REPRESENTATIVE FINLAY: Second.

SENATOR PEELER: Seconded. Any other discussion? Hearing none, we'll take it to a vote. All in favor, raise your right hand. Unanimous. Thank you, sir. Still on Coastal Carolina University, at large, Seat 15. Coastal Carolina University, at large, seat 15, Patrick Sparks. Good afternoon, sir.

MR. SPARKS: Hello.

SENATOR PEELER: For the record, give us your full name, sir.

MR. SPARKS: Patrick Stephen Sparks.

SENATOR PEELER: Let me swear you in. PATRICK STEPHEN SPARKS, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

MR. SPARKS: Well, I'd appreciate the opportunity to get to take my mask off. This, if granted, will be my second term on the board. And I'm a graduate, former Alumni of the Year and donor. And Coastal has done a lot for me. It certainly has done a lot for our area, as a local business owner. So, I appreciate the opportunity to sit here and give you some reasons why I hope I should be elected again.

SENATOR PEELER: Questions or comments? Senator Scott.

SENATOR SCOTT: Thank you for your willingness to continue to serve, and I know, in the Toyota business right now, that's probably what you need to be most of the time. But we appreciate your service.

MR. SPARKS: Thank you, yes.

SENATOR SCOTT: Tell me what you've learned over the year of being on the board and some things that you may want to recommend for changes or, given some of the questions we've asked out here, diversity, making sure we sealed ourselves in case if more students decide to stay home, listening to some of the special programs that you do have to attract students, not knowing what percentage of those out-of-state students will actually come to your business department and others that we've talked at, please share your experience of what you saw and what you think we need to do; and if you get another term, how -- some things you could do to improve what you saw.

MR. SPARKS: Certainly. And to address your first thought about being on the board as first term, it's a lot like trying to jump on a train that's doing 80. When you're an incoming board member and you've been

TUESDAY, APRIL 27, 2021

elected, however, the board has been there, it's continuing to move along, it takes a certain amount of time to get up to speed on everything --

SENATOR SCOTT: Sure.

MR. SPARKS: -- why we do things the way we do them, why have they been done this way in the past, what obstacles, roadblocks are there from trying to change things. Higher education is changing. We know the stats are out there. Not as many people may choose to attend to go to a four-year college or even a two-year college, for that matter. So, I think it's extremely important that universities, institutions recognize that and change with those times. But, fortunately, we do have a good partnership with Horry Georgetown Tech. We have a bridge program where we take in-state, in-area young men and young women who may not have the qualifications or, quite honestly, the ability to come in to Coastal as a freshman and succeed. They would go to Horry Georgetown Tech. They would attend that campus for classes. They would come over in the afternoons and attend certain classes on campus with Coastal. And the term "bridge" is aptly named. We have several opportunities like that. I know our admissions department has done a fantastic job in determining at-risk students, the students that, by the time that first semester rolls around, we've identified students that may not be adapting to college life quite like we would like them to in terms of their academics. So, they're stepping in quickly. There's almost like a neutral program with their academic advisor where that advisor goes and looks and says, "Hey, listen, we may have an issue here. How do we help?" Those things are helping with our retention -- our freshman retention rate this past year. It was a 73 percent. That's the highest since I've been there. It has been as low as the high 50s. When I started, it was 63 percent. So, we're making grounds in going out and recruiting students and keeping those students, which is really important.

SENATOR SCOTT: Right. Tell me about diversity, what have you seen --

MR. SPARKS: Absolutely. And I think one of the previous applicants mentioned Dr. Stokes-Brown with their Office of Diversity and Inclusion. I like the title. I like "diversity" and I like "inclusion." I think sometimes "diversity" just by itself, if somebody didn't know any better, might think that that would divide us. The "inclusion" aspect in that title really sums it up for me in terms of we have a department and we have a young lady solely dedicated, with her staff, to -- helping to onboard students in our university. We recruit through them. We were able to use that in terms of being able to go out and explain why us and why not somebody else, for students. Perhaps, Senator Scott, your next follow

TUESDAY, APRIL 27, 2021

up might be do I think that our ratios are where they need to be, and I do not.

SENATOR SCOTT: Okay.

MR. SPARKS: I think that we need to do a better job all the way around with all ethnicities that may be willing to represent -- I think that's Hispanic. I think our Asian population, from what our demographic is, is woefully small, and I believe that we can do a better job. And quite honestly, Diversity and Inclusion Office is going to help us there. And I think our new president -- I was on the search committee for Dr. Benson. I think he is a -- will be a -- will turn out to be a great leader for us, a lot of energy and a lot of really good ideas. And open-door policy is a cliché, but when this gentleman says it, he means it. He's out in the classrooms teaching. He has asked all of his executive level counsel to teach a class each semester as well, so he wants his folks out there, the staff, being in front of people and making a difference in terms of "if I need to talk to you, it's there, it's available."

SENATOR SCOTT: Thank you, Mr. Chairman.

SENATOR PEELER: Mr. Alexander.

SENATOR ALEXANDER: Thank you, Mr. President. And thank you for being here and for your service on the board. It says here ways to improve this is to communicate a clear vision. Is there a lack of that now? Have y'all put a focus on a vision for the university?

MR. SPARKS: Senator, yes, thank you for the question. Every university has a strategic plan. And that talks about how big our footprint can be or how many students we want to have, and what our maximum growth is. When we transitioned from Dr. DeCenzo to Dr. Benson, I personally felt as though that left us with an opportunity to be able to go back and rededicate ourselves and our message to our incoming students and to our existing students about what it is we're trying to do and where we're trying to go. And understandably so, we have an Office of Philanthropy and Giving and Advancement. It's part of our endowment, and we've spoken about our endowment, unfortunately, way too much in this meeting, but this is -- of where it is and what it is. But that department has been taken down. We, literally, under the previous president, did not have a staff in place waiting for the new president to come in and name his own staff. We've partnered with a third-party company to come in and try and help give us some ideas on how this department needs to be structured, what it needs to look like, who needs it. My assumption, it's somebody coming from outside the university to help us get back up in running in terms of that. So, in my mind, a clear

TUESDAY, APRIL 27, 2021

vision meant how we move forward in certain areas that we know are strategic issues.

SENATOR ALEXANDER: Thank you. Just a couple of other questions.

MR. SPARKS: Certainly.

SENATOR ALEXANDER: You know, as a local business owner -- and I will agree with the senator, I'm trusting that the business is extremely going well these days, the car business --

MR. SPARKS: If I had more, we'd be doing better; but I'm satisfied, thank you.

SENATOR ALEXANDER: I'm certain it is. Do you have -- I'm just curious, but you were in that area. Is Coastal Carolina -- is it embraced by the local business community? Is there a good network there of support for Coastal in -- I mean, with the whole beach -- greater Myrtle Beach area?

MR. SPARKS: Senator, I appreciate the question, and that's an area that I actively try and work towards. I, as a graduate, grew up there. I know what Coastal is. We have a lot of transient folks. Jason Repak, one of the other board members, mentioned how many people are coming in. And I personally think that it's our job, as board members and citizens of the community to educate these folks that are moving in about Coastal Carolina University. It's part of our issue with our transient -- transients are one of our -- part of these folks that are moving in to our area, they bring --

SENATOR ALEXANDER: New residents?

MR. SPARKS: -- allegiances, yeah, allegiances from different universities, different areas. You know, our -- we've actually started a - - kind of an opportunity to say, listen, I know you're from West Virginia and you're a West Virginia fan; but you list here now, adopt us." You know, root for West Virginia on TV and come to the Coastal games, as it were.

SENATOR ALEXANDER: Thank you. And just following up to your point there of folks moving in. Now, you were born in Charlotte. Did you grow up and move to the beach at an early age or were you in Charlotte and then went to Coastal as a student?

MR. SPARKS: I moved in seventh grade. So, I attended North Myrtle Beach Middle School and North Myrtle Beach High School, and then Coastal.

SENATOR ALEXANDER: Only reason I was asking, I was just curious if you came there and went to school and then stayed.

MR. SPARKS: Right --

TUESDAY, APRIL 27, 2021

SENATOR ALEXANDER: So, you had already been --

MR. SPARKS: -- I understand.

SENATOR ALEXANDER: Thank you. Thank you, Mr. President.

SENATOR PEELER: Mr. Finlay?

REPRESENTATIVE FINLAY: Yes, sir. This is a bit of sort of an oddball question but one I think deserves consideration. Do you think Senator Verdin could pull off that same haircut that you have going?

MR. SPARKS: I think the Senator can probably do a lot of things.

SENATOR VERDIN: Hey, I appreciate the --

REPRESENTATIVE FINLAY: Thank you for responding.

SENATOR VERDIN: I appreciate the spirit that was offered. He can twist that any way he wants to. I need a haircut. I understand. I'm trying to figure -- I got a wedding on June the 5th and no one in my family is happy about things on my face or my head. I can't believe you'd go there.

REPRESENTATIVE FINLAY: I just didn't want you to come too much of a burden.

SENATOR VERDIN: Why don't you tell Mr. Sparks what a good-looking man he is.

REPRESENTATIVE LUCAS: Well, as an orthopedic surgeon, could you help Mr. Findlay with his foot?

SENATOR VERDIN: Yeah, it's stuck somewhere right now.

SENATOR PEELER: Mr. Speaker, can you clean this up.

SENATOR LUCAS: No, I'm ready to vote.

SENATOR ALEXANDER: I move for favorable.

REPRESENTATIVE FINLAY: Second.

SENATOR PEELER: Move for favorable and seconded. Do you have any further discussion? Hearing none, we'll take it to a vote. All in favor, raise your right hand. Unanimous. Thank you, sir. Appreciate it.

MR. SPARKS: Thank you.

SENATOR SCOTT: Appreciate your service.

SENATOR PEELER: That completes Coastal Carolina University. And if you all will promise to be back in five minutes, we'll take a five-minute stretch break and be right back here. We still have the Old Exchange Building Commissioner and Wil Lou Gray. (off the record)

SENATOR PEELER: Call us back to order. This is the College and University Trustee Screening Commission. Next we have Old Exchange Building Commission at large. Greg Ohanesian.

MR. OHANESIAN: Ohanesian.

SENATOR PEELER: Ohanesian.

MR. OHANESIAN: Ohanesian.

TUESDAY, APRIL 27, 2021

SENATOR PEELER: Is that close enough?

MR. OHANESIAN: Yes, sir.

SENATOR PEELER: For the record, give us the real way to pronounce it.

MR. OHANESIAN: Ohanesian.

SENATOR PEELER: Let me swear you in.

MR. OHANESIAN: Yes, sir. GREG OHANESIAN, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement, sir.

MR. OHANESIAN: I've been on the Old Exchange Commission overseeing Building Commission for about nine years now, and during that time we have not had to come before the General Assembly for funding. We have been able to provide our own funding through admission prices. I know that was one of the questions that was on one of the senator's minds the last time I came. The most important -- well, one of the most important facts about the Old Exchange Building that I consider is that there are three public buildings still standing in the United States where the Declaration of Independence was read in July of 1776. Everyone knows the Independence Hall in Philadelphia. And New Englanders know Faneuil Hall in Boston. But very few people seem to know that the Old Exchange Building in Charleston, South Carolina, is the third building, and that's a really important fact. Not just for the South, but for Charleston. It's one of the unknown facts. And, of course, the others are related to George Washington, when he was president, made a southern tour, came to Charleston for about five days. There were a couple of balls in the great ballroom of the old exchange building in his honor as well as other balls throughout the city. I could go on but I'm sure that members of the House and members of the Senate have questions and I'd be glad to entertain those.

SENATOR PEELER: Time's running. Questions or comments? Senator Scott.

SENATOR SCOTT: So why? So why folks don't know about this -- this well kept -- kept secret?

MR. OHANESIAN: Well, that's --

SENATOR SCOTT: What's going on? Are we not doing a well enough job in order to getting that information out to attract people who now comes to the aquarium and all these others things we have in Charleston. But the Old Exchanges is not being looked at.

MR. OHANESIAN: Well --

SENATOR SCOTT: What's going -- how can we improve it?

TUESDAY, APRIL 27, 2021

MR. OHANESIAN: Well, actually, it is, sir. We have between -- in not a Covid year -- between 45 to 48 thousand people coming through on an annual basis. Last year we were about half of that. We're online and we get over a million hits a year, so someone is paying attention.

SENATOR SCOTT: Okay.

MR. OHANESIAN: We solicit interest from teachers, public school teachers throughout the state to bring their classes to the Old Exchange Building. Several do. I did myself bringing a couple of classes from Marlboro County --

SENATOR SCOTT: Okay.

MR. OHANESIAN: -- down to Charleston. But there's a fair amount of traffic in the building. We have a -- what's known as the great hall upstairs and that hall is used for very special events. Sometimes weddings, sometimes corporate meetings, such like that. There's great use of the building but it's in terms of facts about the building, you're right, sir, not that well known. But that's also a function of the History of the American Revolution in South Carolina. Not very many people know about the battles that took place here in this state.

SENATOR SCOTT: Thank you, Mr. Chairman.

SENATOR PEELER: Senator Alexander.

SENATOR ALEXANDER: Thank you, Mr. President. And just to follow-up on that -- you're last comments with the commission being formed for the 250th anniversary found that and certainly that -- that's already in place, that would be a great partnership if y'all would get involved with that. Telling that story and as we try to educate young and old and some of us to be reminded of the significance of South Carolina and our Revolution success.

MR. OHANESIAN: Yes, sir. Plans are already in place and more being

SENATOR ALEXANDER: To work with that commission?

MR. OHANESIAN: Yes, sir.

SENATOR ALEXANDER: Okay, good. Because there's no reason to

MR. OHANESIAN: We're on track.

SENATOR ALEXANDER: Okay.

MR. OHANESIAN: We recognize that the building is extremely important in the history of South Carolina.

SENATOR ALEXANDER: And the country too.

MR. OHANESIAN: And across the country, absolutely. We get more visitors from outside of South Carolina than we do from South Carolina.

SENATOR ALEXANDER: We need to work on that as well as part of our history. Thank you.

SENATOR PEELER: Senator Verdin.

TUESDAY, APRIL 27, 2021

SENATOR VERDIN: Oh, just, not -- the chorus. I'll just join the chorus with a comment. You know, 13 colonies can directly refer their students to the Declaration of Independence, to the Constitution. We're one of those 13. There's 37 that can't. They might be able to direct their students to the Virginia and Kentucky Resolutions, add a couple of more states.

MR. OHANESIAN: Yes, sir.

SENATOR VERDIN: But anyway and you have close proximity to all of those young people that are in the low country for the visits but what -- what a great thing it would be if just one percent of our college graduates of our state institutions could reference the 1776 reading or two percent of our college graduates could reference the 1776 and the 1788 readings. What -- just two percent of the population. I'd like to start somewhere and I don't know if you were here earlier but we had college trustees and we've been having this conversation about getting back to the basics. Now, it was great putting men on the moon and have genome centers and everything else we've done in the last 50 years and one of the things we've done is neglected some really foundational fundamental points of education as it relates to how we interact with each other.

MR. OHANESIAN: Yes, sir. I --

SENATOR VERDIN: And I'd sure like to help you. I'm going -- I'm going to do my part by bringing my new grandchildren -- I've got grandchildren now that can walk and if I can keep -- if I can keep them out of the -- out of the gutter and up on the sidewalk, I'm going to try to get them to the foot of Broad this summer.

MR. OHANESIAN: They will be fascinated with the dungeon. The dungeon has been prepared for children. There are images of patriots that are hung up, fake, obviously mannequins to show what it was like during the American Revolution, when the British had control of Charleston and arrested patriots and put them down there. The other comment that I'd like to make coming off of that -- and I was astounded to read it last year in the Wall Street Journal. A significant number of colleges and universities in this country, including Ivy League schools, don't require of history majors a course on American Revolution. That's the place to start. The universities are not fulfilling, in my opinion, their role in educating our young adults. That's just an opinion, sir.

SENATOR VERDIN: Thank you, Mr. Chairman.

SENATOR PEELER: Mr. Whitmire.

REPRESENTATIVE WHITMIRE: Thank you, Mr. Chairman. Is there admission to the Old Exchange?

TUESDAY, APRIL 27, 2021

MR. OHANESIAN: Yes, there is. It's the only way we survive.

REPRESENTATIVE WHITMIRE: How much?

MR. OHANESIAN: It's 15 for adults, 5 for children except when they come in class groups and then the price is reduced to 2 per child.

REPRESENTATIVE WHITMIRE: Okay. I used to teach social studies, South Carolina history, and I would bring them down to the state museum and they didn't charge anything for school groups. I would think that would be one way you could probably encourage more school groups, if you didn't have to charge for them. I can understand for adults and so forth. That's just something I would consider.

MR. OHANESIAN: Sure. We --

REPRESENTATIVE WHITMIRE: Go ahead.

MR. OHANESIAN: We were reminded many years ago before I got on the commission that coming to the state legislature for funding was not an event that any of the members of the commission looked forward to so we have tried to find a way where we can be self-sustained --

REPRESENTATIVE WHITMIRE: Right.

MR. OHANESIAN: -- without having to come to the --

REPRESENTATIVE WHITMIRE: I understand that. Without having to come to us for money.

MR. OHANESIAN: Yes, sir.

REPRESENTATIVE WHITMIRE: I've got personal interest in this. My -- one of my ancestors was heavily involved during the Revolution, John Rutledge. I know you're familiar with him.

MR. OHANESIAN: Yes, sir.

REPRESENTATIVE WHITMIRE: Yeah, so it's -- I've always had a fascinations for that part of Charleston. Thank you.

MR. OHANESIAN: Well, if I can come off of that, sir, John Rutledge is kind of an unsung hero. It was he who really directed the four delegates to the Continental Congress to pass the Declaration of Independence. He was behind the scenes and his brother, Edward, who was on the committee was waiting for word from his brother, John, in Charleston which way to vote to approve or not approve the Declaration of Independence. I commend you, sir. I wish I had such patriot -- although I have patriots myself, past president of the South Carolina society, Sons of the American Revolution.

REPRESENTATIVE WHITMIRE: Yeah. I'm a member of that. Unfortunately, I got left out of his will somewhere along the way.

SENATOR ALEXANDER: What's your relationship with Parks, Recreation, and Tourism?

TUESDAY, APRIL 27, 2021

MR. OHANESIAN: We have a -- we're supposed to have the Director of Parks and Recreation to serve as an ex officio member of our Commission but I -- I don't know want to call names or anything but I can't remember ever seeing a representative of Parks and Recreation attending our Commission meeting.

SENATOR ALEXANDER: We need to improve on that.

SENATOR PEELER: Any other questions or comments?

SENATOR VERDIN: Yes, sir. I might not get an opportunity. Your surname, would that be the son on Ohan?

MR. OHANESIAN: Ohanes.

SENATOR VERDIN: Okay, the son of Ohanes.

MR. OHANESIAN: And it's actually son of St. John, that's n-e-s saint. Yes, sir. I commend you, sir.

SENATOR VERDIN: Well, just something that flew in my mind from way back.

MR. OHANESIAN: Not very many people would get that -- not very many people would get that far sir.

SENATOR SCOTT: Move favorable.

SENATOR ALEXANDER: Second.

SENATOR PEELER: Second. Any other discussion? Hearing none, take it to a vote. All in favor, raise your right hand. Appreciate all you do.

MR. OHANESIAN: Thank you. And thank you, gentlemen.

SENATOR PEELER: Now, we move to Wil Lou Gray Opportunity School. Four at large candidates today. Stewart Cooner?

MR. COONER: Yes, sir.

SENATOR PEELER: Just for the record, give us your full name. Give us your full name.

MR. COONER: Douglas Stewart Cooner. DOUGLAS STEWART COONER, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Like to make a brief statement?

MR. COONER: I'd like to make a statement, sir. I apologize I'm usually not brief but I will endeavor to be so. Mr. Chairman --

SENATOR PEELER: I deal with senators every day.

MR. COONER: Thank you, sir. Mr. Chairman, distinguished members of this Commission from both the South Carolina Senate and the South Carolina House of Representatives and to your colleagues and the South Carolina General Assembly, I say thank you. Thank you for the opportunity to sit here before you today, to discuss my candidacy for the Wil Lou Gray Opportunity School Board of Trustees. Thank you for the

TUESDAY, APRIL 27, 2021

16 years that I've already served on this excellent board and thank you for trusting me to serve as a representative, a voice, for the students who walk through those halls, who excel in those classroom, who build confidence, display leadership, and who prove that they can and will be successful. All they need is an opportunity. With the 6.5 million dollars in the general funds you provide, almost 85 percent of the school's budget, you, the members of the South Carolina General Assembly, have built the foundation for their opportunity to succeed. What does success look like? To date, 80 GEDs have been earned. 80 GEDs towards the goal of 100. Since the 2011 school year, the school has met this goal of 201 earning their GED in the 2017 school year alone. Even with the unexpected events of Covid 19, the 2020 school year produced 124 GEDs. This year, Wil Lou Gray Opportunity School student won the David S. Stout award for the highest GED score in the state. Over the years, three Opportunity School students have earned this honor with one runner up. So success looks like the 26 percent of students who transition to college and into employment, 34 percent who transition directly to employment, 24 percent who return to school, the 6 percent who enter the military, and the 10 percent who transition to other situations. Before Wil Lou Gray Opportunity School, these students age 16 to 19, were at risk of academic progression but now they fill 4 dormitories of 35 students each across three 14 week sessions. They meet teachers in ratios of 14 to 1 or less. Teachers who maintain 100 percent of their required certification. They meet employees whose average tenure reach almost a decade, some who have taught, retired, and returned to tutor over a 50 year career. From the upstate to the midlands, to the Pee Dee, and the low country, these students may study for a GED, earn a works key card, pass the ASVAB, and learn a vocational skill, and they prove themselves successful. And they learn the meaning of Dr. Wil Lou Gray's motto why stop learning because for one young man, had he decided to ignore the meaning of that motto, he would have missed out on accomplishing a five grade level advancement in his education and would have missed out on proving to himself that he is a success. In 1921, Dr. Gray posed that question why stop learning? I invite you to the campus on Boston Avenue at any time but especially this year. As you enter the campus's single drive, you will find fastened to the lamp posts banners proclaiming 100 years, since 1921, Wil Lou Gray Opportunity School. This is our 100 year celebration. I hope Dr. Gray would be proud of what she planted first in Yamasee, South Carolina, and what others have grown. I believe she would. I am proud of this school. I hope that is apparent. I'm thankful

TUESDAY, APRIL 27, 2021

for the dedication and determination of the faculty, staff, cadre, and administration of Wil Lou Gray Opportunity School. Please believe that the successes that I have share with you today would not be possible without the extraordinary efforts and compassion and caring of each one, past and present. The students are successful because they are taught to believe in themselves, taught by those who believe in them even more. We, as a Board of Trustees of Wil Lou Gray Opportunity School, have been granted an awesome opportunity to be a small part of what's accomplished. Through our diverse backgrounds, experiences, skills, and representation, we 12 members are privileged to work alongside a remarkable group of people carrying a lifelong banner. Thank you. Here I've arrived at the end of my comments but the work remains and I am dedicated to it. As it states on the Wil Lou Gray Opportunity School website "together we will." I believe that every child deserves a future filled with opportunities and possibilities. I believe that every child deserves a future filled with hope. For 100 years, Wil Lou Gray Opportunity School has provided hope. I want to continue to be a part of that work that promises such hope and as described here today, delivers on that promise. Together we will. Thank you for allowing this time to share with you the distinct honor that has been to serve on the Wil Lou Board of Trustees and to share with you the reasons I want to continue to serve. Thank you, Mr. Chairman.

SENATOR PEELER: Thank you. Questions or comments. Senator Scott.

SENATOR SCOTT: What is the key to that success? To remove the students from their present environment? To move the extra interference with the other kids being -- interacting with this child to get their child more focused? What is the -- what is the key to that success? I know there is a youth challenge program also.

MR. COONER: There is, sir.

SENATOR SCOTT: We'll hear -- hear about that, I know.

MR. COONER: I believe the key is, as you said, sir, is to take them out of the environment that is not necessarily conducive to their learning achievement. I believe it's bringing them into the Wil Lou Gray Opportunity School where they're assessed, where they're given an individualized guidance plan, where they're required to take the work keys program, where they're required to take the ASVAB. They live in a quasi-military environment and they're given structure. And I believe those are the keys to help them to succeed. That not only do they succeed while they're at the school but they also succeed when they transition back into their communities.

TUESDAY, APRIL 27, 2021

SENATOR SCOTT: Thank you, Mr. Chairman.

SENATOR PEELER: Okay. Anyone else? Mr. Whitmire.

REPRESENTATIVE WHITMIRE: Thank you, Mr. Chairman. I just want to say Wil Lou Gray is part of my subcommittee on budgeting every year. We are just astounded at the success that you have at your school.

MR. COONER: Thank you, sir.

REPRESENTATIVE WHITMIRE: When we have them over for a luncheon, just how they act, how polite they are. It's yes, sir and no, sir, yes, ma'am, no ma'am. You've just done a wonderful job with some -- some young people who probably would fall through the cracks otherwise. So I have no problem trying to fund them, what they need every year because they've been a true success story. So I just want to thank you for what you do.

MR. COONER: Thank you, sir.

SENATOR PEELER: Senator Verdin.

SENATOR VERDIN: Female admissions are a challenge. Are they a challenge once they get there or just finding a -- is the pool of candidates the challenging aspect of it?

MR. COONER: It's the pool, sir.

SENATOR VERDIN: Okay.

MR. COONER: It is. We -- we actually have five dormitories. Two of them are dedicated to female. Three of them are dedicated to male. The admissions rate for females was low so what we actually decided to do was partner with vocational rehab and bring them on campus and reduce the number of dormitories available for females to accommodate the number of applications that we were receiving. But it is a population that we'd like to address. The school has -- has tried to understand what it is that -- that attracts the males to the program but not necessarily females and we continue to study that. We -- we promote the school through billboards, through radio announcements, through participating on news programs, different things of that sort. It would be helpful if we could get additional support from the school districts as they recognize that children are at risk and provide us with that information. Obviously, with the parents' consent. And we believe that we could address that. But yes, sir, it is -- the female population is one that we'd like to see an increase in enrollment.

SENATOR PEELER: Anybody else?

SENATOR SCOTT: Favorable report.

SENATOR ALEXANDER: Second.

TUESDAY, APRIL 27, 2021

SENATOR PEELER: Motion is favorable report. Seconded. Any other discussion. If none, take it a vote. All in favor, raise your right hand. Unanimous. Thank you, sir.

MR. COONER: Thank you.

SENATOR PEELER: Next Michael Pryor. Good afternoon, sir.

MR. PRYOR: Good afternoon.

SENATOR PEELER: For the record, if you would give us your full name.

MR. PRYOR: Michael Tyrone Pryor.

SENATOR PEELER: Let me swear you in. MICHAEL TYRONE PRYOR, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

MR. PRYOR: Yes, sir. May I sit?

SENATOR PEELER: Please do. Make yourself comfortable.

MR. PRYOR: I am a counselor. I am a native of South Carolina. I hail from the small town within Orangeburg County called Branchville, South Carolina. I received both my degrees from South Carolina State University and I'm currently working on my third degree in educational administration at that university as well. I am currently a certified school counselor and I'm passionate about advocating for our students. I believe my educational and professional experience along with my integrity will allow me to become a good fit for board member at Wil Lou Gray. I'm committed to bringing strategic and innovative ideas and helping progress our students within South Carolina.

SENATOR PEELER: Thank you, sir. Questions? Comments? Senator Scott?

SENATOR SCOTT: Thank you for your willingness to serve.

MR. PRYOR: Thank you.

SENATOR SCOTT: I'm excited to come out of a small county and especially even a smaller community.

MR. PRYOR: Yes, sir.

SENATOR SCOTT: And some of the things that we've been talking about, at least this year, that's been top priority is those children who are struggling in those communities, especially those trying to go to a four year school and we have enough difficulty just getting them out of high school because they don't have all the resources and material. Tell me what you think based upon your training, experience, and a South Carolina State College graduate too, so congratulations on that as well. The training, experience, especially your -- what you've seen in your own environment in those communities that you'll be looking for -

TUESDAY, APRIL 27, 2021

- looking for when you see these students who are struggling trying to figure all this out, first just trying to make an adjustment being in a small community and then trying to -- to try to put themselves together so they begin to achieve. Give me your thought pattern on -- on what your thought pattern might be on that.

MR. PRYOR: Well, I think the number one thing is resources. Within the small town environment, we don't have a lot of resources. We don't have a lot of clubs and organizations, so the communication as well as the conversation within the schools is not necessarily there when it comes to success and post-secondary opportunities. So I think that's one of the main things that we can work on. Even within my experience as a school counselor, a lot of students they -- when they struggle academically or within the school setting, they don't know about the opportunities at Wil Lou Gray. I did have a few students that I did recommend and have gone to Wil Lou Gray and have become successful. But a lot of students, over all, they just stop coming without seeking advice of what to do next.

SENATOR SCOTT: Thank you, Mr. Chairman.

SENATOR PEELER: Senator Alexander.

SENATOR ALEXANDER: Thank you, Mr. President. Briefly. Good afternoon. Thank you for being here and your willingness to serve.

MR. PRYOR: Thank you.

SENATOR ALEXANDER: You're current employer, you're -- what is your current employer?

MR. PRYOR: I'm currently employed as a head counselor at Dekalb Alternative School in Stone Mountain, Georgia.

SENATOR ALEXANDER: Stone Mountain, Georgia. So you live -- is your residence in Georgia or South Carolina?

MR. PRYOR: South Carolina.

SENATOR ALEXANDER: Okay. Would -- how often does the Wil Lou Gray board meet?

MR. PRYOR: It meets three times a year.

SENATOR ALEXANDER: So would there be any issue with you having the ability to attend those meetings?

MR. PRYOR: No, sir.

SENATOR ALEXANDER: Okay. And finally, it says here under the biggest weakness, you have reputation. Is there -- is there --

MR. PRYOR: As far as my biggest weakness?

SENATOR ALEXANDER: No, no, not yours but Wil Lou Gray's. I mean, is that -- is that a perception or is that something you're aware of?

TUESDAY, APRIL 27, 2021

MR. PRYOR: Yes, I think that's just a perception of the students. They -- they see it as -- or the parents as well, they see it as an alternative school setting as a bad thing. As if all students that attend Wil Lou Gray have behavior issues and that's not necessarily the case. Some students go to Wil Lou Gray because they want a way of finishing their high school -- their secondary education, not necessarily for behavior issues.

SENATOR ALEXANDER: So that's something they could work on?

MR. PRYOR: Yes.

SENATOR ALEXANDER: And have you -- have you been to the campus?

MR. PRYOR: I have not been to the campus but that's something that I look forward to doing if I'm afforded the opportunity to tour the campus and speak with board members about, you know, ways we can make it better.

SENATOR ALEXANDER: Okay. Thank you. It's good to see you.

SENATOR PEELER: Mr. Whitmire.

REPRESENTATIVE WHITMIRE: Thank you, Mr. Chairman. You have a South Carolina driver's license?

MR. PRYOR: Yes, sir.

REPRESENTATIVE WHITMIRE: You got any points left on it?

MR. PRYOR: I do have a few left.

REPRESENTATIVE WHITMIRE: Well, you better be careful. You're about to go out.

SENATOR VERDIN: Mr. Chairman. Are you finished there, Mr. Whitmire?

REPRESENTATIVE WHITMIRE: Yeah.

SENATOR VERDIN: Because I've got the same love for Mr. Pryor as you do. Because I experienced a lot of the things you experienced and I believe like sometimes having a stiff neck and not being able to look over my right hand shoulder when I'm on I-20 trying to get back to South Carolina.

MR. PRYOR: I know.

SENATOR VERDIN: You get -- if you can't look back over on the entrance ramp to the interstate, you don't know who's over there lurking. Honest to goodness, when I was young like you, I had fast cars and now I've got slow trucks. But I'm with the representative there, we all need to be careful.

MR. PRYOR: That's true.

SENATOR PEELER: Anyone else?

SENATOR SCOTT: Favorable report.

SENATOR ALEXANDER: Second.

TUESDAY, APRIL 27, 2021

SENATOR PEELER: Second. Any discussion? Hearing none, take it to the vote. All in favor raise your right hand. I think it's unanimous. Thank you for your willingness to serve, sir.

MR. PRYOR: Thank you.

SENATOR PEELER: Next Gregory Vaughn.

SENATOR VERDIN: Mr. Chairman.

SENATOR PEELER: Yes, sir?

SENATOR VERDIN: You'll have to forgive me. Not only did I eat my whole cup full of chocolate, I ate Mr. Finlay's as well. So --

REPRESENTATIVE FINLAY: Not that Mr. Finlay is going to miss it.

SENATOR VERDIN: He said I was going to have a sugar rush at some point.

SENATOR PEELER: Gregory Vaughn, for the record, if you would, please give us your full name.

MR. VAUGHN: Gregory Martin Vaughn.

SENATOR PEELER: Let me swear you in. GREGORY MARTIN VAUGHN, having been first duly sworn, was examined and testified as follows:

SENATOR PEELER: Would you like to make a brief statement?

MR. VAUGHN: I am in the incumbent coming in. Haven't been very long. I have actually attended one face-to-face board meeting before we had to start going to teleconferencing. I filled a partial seat, the end of a seat so I came before this committee just over a year ago. So, of course, I have been involved in the teleconference board meetings that we've had since. I still have a lot to learn about the school but I'm totally, absolutely convinced that the school and what it stands for and how it operates is very, very needed in this state, not this state but any state but it is, of course, in the state so I think it serves a great purpose and I think it always will because youth will always have problems that don't always work themselves out and they need a little help so, I think Wil Lou Gray's a good opportunity for those kids to have a chance to fulfill their -- their potential.

SENATOR PEELER: Questions or comments?

SENATOR SCOTT: Favorable.

SENATOR PEELER: Motion is favorable. Second? Any other discussion? Hearing none, we'll take a vote. All in favor, raise your right hand. Unanimous. Thank you, sir. We appreciate your willingness to continue serving. That's our agenda. If there's nothing else, we'll stand adjourned.

STATE OF SOUTH CAROLINA
COLLEGE AND UNIVERSITY TRUSTEE
SCREENING COMMISSION
SCREENING HEARINGS

THURSDAY, APRIL 22, 2021

The within hearings, reported by Kathryn B Bostrom, Court Reporter and Notary Public in and for the State of South Carolina; said hearings were taken at the South Carolina State House, Columbia, South Carolina, on Thursday, the 22nd day of April, 2021, commencing at the hour of 12:26 p.m.

APPEARANCES: Committee Members: Representative William R. Whitmire, Chairman Senator Thomas C. Alexander Senator John L. Scott Senator Daniel B. Verdin Representative Kirkman Finlay Representative James H. Lucas Committee Staff Martha Casto Julie Price Court Reporter: Kathryn Bostrom, Garber Reporting

CHAIRMAN WHITMIRE: Today we're going to hear two candidates for a board at large seat from Wil Lou Gray Opportunity School. First I would ask for Cheryl Fralick from Lexington to come up, please. And as soon as you sit down, if you'll just raise your right hand, I'll swear you in. All right. CHERYL FRALICK, having been first duly sworn, was examined and testified as follows:

CHAIRMAN WHITMIRE: And if you'll tell me your name and what are your plans to run for Wil Lou Gray seat.

MS. FRALICK: Well, my name is Cheryl Howard Fralick. I've grown up in South Carolina. I was born and raised here. I went through the public school setting here at USC, early childhood masters, administration degree. I'm recently retired after 36 years of service in education. I served as principal the last 15 years in Lexington School District One. And so basically at church one day, a friend just said, hey, what are you doing in retirement. I said I'm trying to figure out who I am, trying to figure out what's the next step. And he started talking about you should think about something like a board of education. I don't think that I'm done helping children, and I don't think I'm done helping families and teachers. And this was an opportunity that just kind of came at the last minute, the 11th hour putting this application in, but since then I've really done some deep dives and some research, and I just think the children I've served as principal -- especially my emotionally disabled students, Wil Lou Gray gives me an opportunity to continue helping

TUESDAY, APRIL 27, 2021

students and teachers and faculty and administration, and my work with children is just not done.

CHAIRMAN WHITMIRE: Okay. Questions? Speaker Lucas.

REPRESENTATIVE LUCAS: Ms. Fralick, you have an outstanding resume. Thank you for your desire to serve. One of the things you list is a desire to see an increase in the number of students passing the GED. How would you do that?

MS. FRALICK: Well, you know, like I said, when I first answered these questions, it was kind of off the cuff to be quite honest with you, because I didn't know this is a direction that I was really interested in doing, but in the course of going, you know, what, I can make a difference. You know, I can work with people there. So I kind of changed my answers a little bit on that. Basically increasing GED -- what I have found with results is one size does not fit all, especially when you get into children that have some issues and some mental, behavior, social, whatever, but what I have found is by increasing their self-worth, right, the character of who they are, the desire to want to do better, to work hard, when you combine the character piece, when you combine the mastery, the knowledge and skills, and when you expect high quality work, children will perform. And so -- but they have to first understand who they are as a person, and just to me increasing scores is showing individuals who they are, what they're capable of doing. And that you are capable of going beyond what you think you have potential to do. It's really pushing them to know they can do it, that they absolutely can do it.

REPRESENTATIVE LUCAS: Thank you.

CHAIRMAN WHITMIRE: Senator Scott.

SENATOR SCOTT: I agree with the Speaker. I'm really impressed with your resume. The other part that I'm impressed with is not only just the regular student who comes to school, but also the special needs students. And there are so many kids, that we are now dealing with these young people, who have special needs and some may be even balance because of parents who use drugs --

MS. FRALICK: Uh-huh.

SENATOR SCOTT: -- and kids who are having an addiction, just all kinds of issues. I think your experience would play a major role. Tell me about the last couple of years. Thirty-six years is a long time --

MS. FRALICK: It's a long time --

SENATOR SCOTT: -- but you're still a young teacher --

MS. FRALICK: Thank you, thank you.

SENATOR SCOTT: -- and a principal.

MS. FRALICK: Yes.

TUESDAY, APRIL 27, 2021

SENATOR SCOTT: Tell me about the last two years and what you began to see, because things when you began 36 years ago, it's a lot different now than it was then. Tell me about those last couple of years.

MS. FRALICK: Oh, and to be quite honest, I've really noticed a change in the -- when I was there --

SENATOR SCOTT: Right.

MS. FRALICK: -- I retired June of 2019, so I'm not that far away from it yet.

SENATOR SCOTT: Right.

MS. FRALICK: But within the last two or three years from when we opened the school in 2011 --

SENATOR SCOTT: Right.

MS. FRALICK: -- I'm already seeing a difference in -- and I'm going to tell you, the social aspect even for children that are in stable homes, with social media and all the things that are thrown at them, we have to approach them differently, but the bottom line's still --

SENATOR SCOTT: Right.

MS. FRALICK: -- the bottom line for everybody is what their self-worth is on the inside. Being able to identify themselves as, I am Cheryl Fralick. Here's what I'm capable of doing, and this is what I continue to work on. And so they -- and through this pandemic, I can foresee there are going to be a lot more mental --

SENATOR SCOTT: Right.

MS. FRALICK: -- breakdowns and things like that, but the last two years I was there, my emotionally disabled classroom consisted of probably about eight boys and about two girls, but their behaviors were so violent and their mental health was so severe and for a lot of reasons, some of the families that are intact and some that are not. And we're just faced with a lot of variables being thrown at these children. And they just don't have that stability within themselves to work through these things, because they're so concerned about what's going on around them, who's doing what to me and who's not doing what to me, that they lose sight of, I need to focus on myself. And so really the last two years my faculty and I, we really focused on the why.

SENATOR SCOTT: Uh-huh.

MS. FRALICK: You know, why are we here, what is it that's the issue and how are going to fix this.

SENATOR SCOTT: Right.

MS. FRALICK: And when we met around a table like this, we always put the student name in the center of the table and said, this is why we're here, what's going on in this child's life and how are we going to work

TUESDAY, APRIL 27, 2021

to help him meet the target, whatever that target is, and it may be just growth one percent --

SENATOR SCOTT: Right.

MS. FRALICK: -- it may be growth two percent, but are we moving that child forward instead of flat lining or dropping off a cliff.

SENATOR SCOTT: Well, I wish you well. I do know we sometimes think because these kids have programs that they don't have capability to really learn.

MS. FRALICK: That's right.

SENATOR SCOTT: Some of these kids -- they're bright kids, but because of outside influence, they just refuse to participate for one reason or another. I wish you well.

MS. FRALICK: Thank you.

CHAIRMAN WHITMIRE: Senator Verdin.

SENATOR VERDIN: Thank you, Mr. Chairman. That all translates to Wil Lou Gray, that approach.

MS. FRALICK: Yes.

SENATOR VERDIN: Inner person.

MS. FRALICK: Yes.

SENATOR VERDIN: The focal point right here. So the biggest weakness identified is just the turnover. I take it the students at Wil Lou Gray, if you were directing those comments directly is, would you say they have a decrease in the number of students leaving school due to disciplinary issues? What's the term, what's the normal term, 12 weeks, ten weeks, 12 weeks, or if it prescribed in different modules or --

MS. FRALICK: Well, can I -- do I have the privilege to say -- I want to tell you a different answer to that. Like I said, when I was trying to figure out whether I was going to apply to this, it was kind of a quick response. Let me look at everything, because I do dive deep in the data, right, but I didn't do a whole lot. So I've looked at Wil Lou Gray's data. I would change my answer to that --

SENATOR VERDIN: Okay.

MS. FRALICK: -- a little bit, because things are changing, going back to you. The last two years of my stay at Meadow Glen Elementary things were changing very rapidly, and we would lose students for this or that, and so it's really hard to pinpoint, but what I am seeing, though, is all schools, not just Wil Lou Gray, but just the mental health, the safety, right, true professional development for staff, students and families, a deep dive into the rise, the recruitment of solid faculty to help these students work through so that they don't want to leave.

TUESDAY, APRIL 27, 2021

SENATOR VERDIN: Okay. So that response to the questionnaire was not specific to -- because I'm not familiar with the retention rate. I've always thought it was real high.

MS. FRALICK: His retention rate is very high, probably food services is probably a tough one, and probably those that have to watch them at night. I would think that that is a really --

SENATOR VERDIN: Oh, but that's employees, though.

MS. FRALICK: -- hard to recruit for that.

SENATOR VERDIN: Okay. Well, Wil Lou Gray's biggest weakness, "the need to increase the number of students passing the GED," good and "needs to increase the number of students leaving that school due to disciplinary issues."

MS. FRALICK: Right. Well --

SENATOR VERDIN: But that's what I view as the whole concept of the school.

MS. FRALICK: Right.

SENATOR VERDIN: Okay. I'm going to subject myself to this rigorous discipline because I haven't had it before and I knowingly, willingly am subjecting myself to it. And then they get there and don't pan out.

MS. FRALICK: Right. Well, since I've -- if you notice on question 5 it says, have you ever visited the campus, and I said, no. Well, as soon as this application went in, I called Director Smith and said, can I come by your school.

SENATOR VERDIN: Yeah.

MS. FRALICK: I want to feel what your heart is. I want to see the school. I want to see what's going on. We talked about that, and so I would have changed that answer as well, because people leave for different reasons. And with the way the world is now, people are changing their minds on anything. A student can all of a sudden just feel overwhelmed by that military style, 14 week structure, because they haven't had structure in their life. And so it's not like a prison where you hold them down. They do have the freedom to leave. So a lot of different things that Director Smith and I talked about -- it's a variety of things. They might call mom and dad and say, please, come pick me up. I can't handle this. And sometimes parents don't let children fail in order to become somebody strong, and they're bailing them out a lot. So that was a lot of the reason that he told me, and sometimes there are discipline issues. In my emotionally disabled class at Meadow Glen Elementary, we had two such severe children that the public school setting is not equipped to handle that, and it's the same thing. If there is

TUESDAY, APRIL 27, 2021

a student with discipline issues and they've gone through the process of everything that -- their protocols and everything like that. Sometimes there is a need for something a little more even stringent than a 14 week program. Does that makes sense?

SENATOR VERDIN: Yes.

SENATOR SCOTT: Yeah, it does. Mr. Chairman.

CHAIRMAN WHITMIRE: Senator.

SENATOR SCOTT: Two programs that I always highly respect, Wil Lou Gray is one and Youth Challenge is the other one. And I spent many years working with the Youth Challenge program, and it is really military driven. And even with that, what we discovered, there's a lot of these kids that don't make it simply because they never had discipline in their life.

MS. FRALICK: Right.

SENATOR SCOTT: And that's a hard thing for a child who has been able to go and come as they please, and then take them out of a setting where they can't get their own way, they act out. And some come around and some don't. Thank you, Mr. Chairman.

CHAIRMAN WHITMIRE: I want to welcome Representative Finlay. Thank you for coming.

REPRESENTATIVE FINLAY: Three elevators.

CHAIRMAN WHITMIRE: That's real dedication. First, I'm a former educator, so I really want to thank you for your service to our state in education.

MS. FRALICK: It's been a privilege.

REPRESENTATIVE FINLAY: I can tell you when I first started, it's not like it is now.

MS. FRALICK: It's not.

CHAIRMAN WHITMIRE: It is totally different. My wife also has been an elementary principal at three different schools, and she keeps me informed, and she says the same thing. When she started in the early '90s, it's not the way it is now. So --

MS. FRALICK: It is. And I would add to that. When you have to be careful with every word that comes out of your mouth now --

CHAIRMAN WHITMIRE: Yeah.

MS. FRALICK: -- you want to be truthful, and you want to be -- we call it being lovingly blunt when we had to talk to parents about their students and their discipline, but it's so important that families work together in order to say no to a child every now and again and let them fail so that they pick themselves up, and they see how strong they actually are when they can go through some hardship. And the students that they serve at

TUESDAY, APRIL 27, 2021

Wil Lou Gray -- I mean, that's what this school was built for, right, to help those that don't feel that they're a part of something, to build them up so that they walk out of there and say, I am somebody.

CHAIRMAN WHITMIRE: Well, I'll say this about Wil Lou Gray. I also serve on Public Education Ways and Means. They come before us every year. It is an outstanding school. They -- I can't say enough about the success there.

MS. FRALICK: Right. And just the tour and just how beautiful it is, first of all --

CHAIRMAN WHITMIRE: Right.

MS. FRALICK: -- it feels good to be there, and the things that they're doing, and I just -- it opened my eyes, and I'm going, yeah, these were my kids in elementary school who you've served and the kids that I've served for a very long time.

CHAIRMAN WHITMIRE: Any other questions?

SENATOR SCOTT: Favorable report.

CHAIRMAN WHITMIRE: All right. There is a motion for favorable report. All those in favor, please signify by raising your right hand. Opposed, like sign. Thank you very much.

MS. FRALICK: You're welcome. Thank you for the opportunity.

CHAIRMAN WHITMIRE: Good luck to you. Thank you.

MS. FRALICK: Thank you.

CHAIRMAN WHITMIRE: All right. Next up is Michael Moss from Duncan. Have a seat, and I'll swear you in. MICHAEL MOSS, having been first duly sworn, was examined and testified as follows:

CHAIRMAN WHITMIRE: If you'll state your name and tell us why you're running for Wil Lou Gray.

MR. MOSS: My name is Mike Moss, and I was asked a few years ago - - there was a partial term that needed to be filled, and I was contacted and asked about Wil Lou Gray, and I learned more about Wil Lou Gray. I have educators in my family. My wife is retired school teacher. My son is now band director, and I have two daughter-in-laws who both teach, one at Clemson University, the other one at an elementary school. I was a former admissions director at Spartanburg Methodist College so education has been a part of our life. And it's been such a privilege to serve. And I would like to continue to serve at Wil Lou Gray.

CHAIRMAN WHITMIRE: Questions? Senator Scott.

SENATOR SCOTT: Yes, sir. Thank you so much for your willingness to serve. Understanding what the needs are going to be and the role as a mission, how do you think that can transfer over to the young people at

TUESDAY, APRIL 27, 2021

Wil Lou Gray, getting them prepared? Some of these kids will probably end up at the technical schools, in the military or even into a four-year institution. So with the broad knowledge coming from a southern Methodist college doing intake, what do you think that you would share with those young people to make a transition?

MR. MOSS: Well, I think that there is a transition here, and I think getting -- I've met with the admissions person at Wil Lou Gray. I went over, and they kind of shared with me what they've done before in admissions. And I think the students - - you've got to prepare them for life. And I think they have to see that need, and if that referral comes in, it's what that student needs at that time, Wil Lou Gray is either going to take it or they're not. And so I think if you -- you know, admissions -- same way at the college. We didn't know if the student -- we would look at their background. We looked at their grades. We looked at what they did while they were at those high schools and would they make it at college. And you have to make that determination. And I think that's the same with Wil Lou Gray.

SENATOR SCOTT: So sharing that as knowledge, as a member of the board, what would you like to see the board do on the policy side because you instruct administration what needs to be accomplished so these kids are able to achieve and be able to get into college, although it's expensive, college is now?

MS. MOSS: Right. I think as far as the staff and all, I think they do an excellent job getting the students prepared for college. Everything that I've seen from the board -- from our board perspective in getting ideas and listening to the principal of the school and what is going on and Director Smith, I feel like that they are achieving those goals. There's always going to be some fallout, but there's fallout everywhere.

SENATOR SCOTT: Right.

MR. MOSS: There's fallout in public schools. There's fallout no matter what you do, but I think they're on target. Everything looks good to me, and enrollment shows us that, that we continue to enroll. The only thing that's crippled enrollment this year, of course, if the virus, and there is just nothing we can do about that.

CHAIRMAN WHITMIRE: Any other questions? Senator.

SENATOR VERDIN: I'm just curious. Did you ever have any interaction with Bull Cagle, Mavis Bull Cagle?

MR. MOSS: Yes, from Lyman. Yes.

SENATOR VERDIN: I've been thinking. He kind of ran his own little Wil Lou Gray format over there, didn't he?

TUESDAY, APRIL 27, 2021

MR. MOSS: He did. He'd run more like a recreation program, getting them involved. His nephew was a good friend of mine, and they -- Byron, I don't know if you knew him, but And Ms. Cagle also was the secretary to my doctor, so --

SENATOR VERDIN: Yeah. Over in Greer?

MR. MOSS: Over in Greer.

SENATOR VERDIN: Yeah.

MR. MOSS: But, Bull, yeah, he kind of run a program and keeping kids off the street.

SENATOR VERDIN: Tough love.

MR. MOSS: Yes.

SENATOR VERDIN: Discipline, but a lot of love.

MR. MOSS: Absolutely.

REPRESENTATIVE FINLAY: Well, I know how Byron Everett experienced him, because Byron Everett and I both called him Uncle Bull. Byron and I are first cousins.

MR. MOSS: I think we've met before. I don't know --

SENATOR VERDIN: Well, hey, I appreciate the focus up from both the nominees. Mr. Chairman. It's a personal relationship, really, the focal point of impact there at Wil Lou Gray. And I was again, just reading that book you gave me, ten, 12 or 14 years ago about the mission. You know, Wil Lou Gray came to Gray Court or out in the country there at Youngs Community and poured life and soul into a bunch of underprivileged folks that were bound and determined to lift themselves up with a little help, and you know, we have to be mindful of continuing to enable people to identify and then embrace the ideals that are so instrumental in keeping the society together. So Mr. Chairman, I move favorable.

CHAIRMAN WHITMIRE: All right. First, let me welcome Senator Alexander from his busy schedule down on the floor.

SENATOR ALEXANDER: We broke so we could come up here.

CHAIRMAN WHITMIRE: Well, we appreciate that. Any other questions for Mr. Moss, or move to favorable report? Hearing none, there's a motion for favorable report. All those in favor, please raise your right hand. Those opposed, like sign. So reported out. And before you two leave --

SENATOR SCOTT: Proxy open.

CHAIRMAN WHITMIRE: Oh, yeah. We got the -- Representative King -- Senator Scott had his proxy, and he also votes favorable.

SENATOR SCOTT: And favorable report on the previous as well.

TUESDAY, APRIL 27, 2021

CHAIRMAN WHITMIRE: Martha, do you want to tell them their rules and orders and stuff?

MS. CASTO: Julie will get with y'all two. The election is scheduled now for May 5th. We are to get the transcripts printed in the journal next Thursday --

MS. PRICE: Tuesday.

MS. CASTO: -- Tuesday, I'm sorry, Tuesday, release them for commitments on Thursday, and then the election will be the following Wednesday at noon. Now Wil Lou Gray has four seats and five candidates. Remember y'all screened three last week, and then the other school is Coastal Carolina, and there are two contested seats on there.

CHAIRMAN WHITMIRE: And please do not talk to any representatives or senators before the day you can ask for commitments. We've had that come up in the past, and that really creates a problem for some. Okay. Anything else before the Committee? Thank you Senator for coming up, and thank you to the speaker, and we now stand adjourned. (There being no further questions, the hearings concluded at 12:49 pm)

Letter received by the Commission from a Winthrop Alumnae on April 9, 2021

To Whom It May Concern,

I am writing as a deeply concerned alumna of Winthrop University urging that Mr. Glenn McCall NOT be appointed once again to the Winthrop Board of Trustees. As the current Chairman of Winthrop's Board of Trustees, a great deal of unethical conduct and corruption has transpired and ultimately, our leaders should be held accountable for their conduct, not rewarded to additional terms. Not only will I provide evidence, but I urge you to do confidential interviews with every member of the current Board of Trustees to verify. Some will be brave enough to say as such, but only if in confidence.

First and foremost, I expect all Board members to abide by the South Carolina Freedom of Information Act. Legislator Seth Rose can also attest, but this state law is violated at every Winthrop BOT meeting. The law permits the Board to enter into Executive Session for a limited number of reasons, however, over 90% of every board meeting is held Executive Session, during topics that do not qualify. In general, they open the meeting, say the invocation, approve the agenda/past minutes and then enter immediately into executive session for hours on end. They

TUESDAY, APRIL 27, 2021

come out, read the resolutions and vote with Board members passing every resolution unanimously, then they adjourn. Topics such as athletic programming simply do not belong in Executive Session. That's the bottom line. I have voiced my concerns on this and other major governance issues directly to WU's legal counsel Caroline Overcash, Interim-President Hynd and Chairman McCall as far back as September, 2020, yet no efforts have been made to abide by state law. It all begins with Chairman Glenn McCall, who presides over the meeting. They continue the same pattern of doing things, without formal board training and assuming the way it has been done in the past is okay for the future, whether it is lawful or not. No ignorance to the law may be pled as the plethora of illegal executive sessions has been brought up many times, directly to Chairman McCall. Winthrop's head of the Political Science and Mass Communications departments, Ms. Jennifer Disney and Mr. Guy Reel, can also verify their eyewitness accounts of the current Board entering into Executive Session illegally.

At the November, 2020 Board of Trustee meeting, I witnessed nearly 14 guests of Winthrop University speaking during the public comment time in advance of the Board of Trustee meeting. Those guests, which included three current students, were not welcomed into the room by Chairman McCall, Vice-Chair Bigham, Secretary Faust (responsible for lining up speakers) nor Interim-President Hynd. A microphone was not initially afforded to speakers (despite being requested in advance and the board having microphones at their tables). It was only one member of Winthrop public relations and a retired WU staff member who actually spoke to these individuals to thank them for their time in coming. The retired staff member even went as far as apologizing for their treatment by the Board after everyone was removed from the room because of executive session happening. It was highly embarrassing for me that my own alma mater cared nothing for these speakers who simply wanted their voice to be heard.

As you will soon find out in the media in the coming weeks, not only is Winthrop University in gross violation of compliance of federal law, Title IX, but there will be a much deeper story coming out that I don't even have all of the facts of. University officials are finally going to be held accountable to the public on many fronts, and hopefully, it will lead to positive change. As you know, any University not in compliance with Title IX may lose ALL of its federal funding as a result. Here is a link (https://share.icloud.com/photos/0MzyFTjWeN_N8Ago8KbQ6yB2g#Cramerton) to a very serious audio conversation that I had with Josh Whitlock of Jackson Lewis (their outside Title IX legal counsel) just a

TUESDAY, APRIL 27, 2021

few weeks ago. **It is vital that you listen to the entire conversation.** I did notify Josh in advance I would be recording our call, however, I did not need to do that as both NC and SC are one consent law states. Please pay attention to the entire conversation as after the Title IX conversation, we go into a timeline that unveils a great deal of unethical behavior and corruption amongst many members of Winthrop leadership, including select members of the board (including Mr. Glenn McCall). I have evidence and witnesses to back up every single statement that I made to Mr. Whitlock. I am happy to provide ALL of that to you. I have also included a copy of my follow-up email to Mr. Whitlock (including those attachments). ***see follow-up email.

I speak to you having significant board experience myself as I serve on the Executive Committee of a global non-profit board based out of NYC. In my view, this Board operates as a dictatorship. In private conversations I've had with board members, a great deal of vital information is kept from the full board and they only find out key information after the fact. The poor governance procedures I outlined only breed this type of activity and needs to be corrected immediately. It is not surprising to me that Chairman McCall and Vice Chair Bigham continue to purposefully withhold information from the full board in order to push their personal agendas. This is NOT how a productive board operates in the least.

Leadership starts at the top and appointing Mr. McCall (and Kathy Bigham for that matter) to an additional term would only make the situation worse. Winthrop needs new leaders that take seriously their fiduciary responsibility to the institution, not to themselves and the power they wield. We don't need more politicians doing what they want (because there is no accountability otherwise) having created a culture that is based in fear. Did you know that University officials have informed me that in no way can members of the Board be held accountable to even the most basic level of ethical conduct outside of the finite stipulations outlined by the SC State Ethics Commission (basically nepotism and where financial gain is at hand)? Even Winthrop's own General Conduct Policy is ignored. I have attached two letters to University leadership (2/12) and the full board (2/21) that outline the gross mishandling of a complaint to Human Resources.

I understand that Mr. McCall is the only candidate to have submitted his candidacy. Why? It is not surprising to me that in no way does Winthrop post details publicly about the process of doing so, for those who may be interested in running Board seats. Perhaps it is leadership's way of ensuring that the same select few individuals can go about their

TUESDAY, APRIL 27, 2021

business as they have in the past, with no regard to abiding by good governance, or state law for that matter. I urge the state to mandate universities provide this “process for being appointed to the Board” available on their web site at the minimum. That’s just good governance.

Lastly, Mr. McCall is NOT an alumnus of Winthrop University. Read that again. **Mr. Glenn McCall is NOT an alumnus of Winthrop University.** I understand politics are often involved in matters such as these and a Republican governor will want to appoint someone who serves on the RNC. While state officials may also choose to “look the other way” and appoint him anyway citing he was the only applicant, it is only a matter of time before the volcano erupts. To give you a runner’s analogy, “it is better to go through the temporary pain of surgery in order to run swiftly once again, than it is to continue hobbling on a bum knee.” A bum knee only gets worse over time if not corrected.

I urge that you yourselves serve in the best interest of my alma mater and NOT allow Mr. McCall to serve again. Winthrop’s future depends on the decisions you make. Thank you for your time and deep consideration.

Sincerely,

Julie Busha

~~Indicates Matter Stricken~~
Indicates New Matter

The Senate assembled at 12:00 Noon, the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Matthew 25:45

We read in Matthew that: “The King will answer them, ‘Truly, I tell you just as you did it to one of the least of these who are members of my family, you did it to me.’ ”

Let us pray: O loving Lord, You have given to each of these leaders a heavy responsibility, one that surely is emphasized here while budget decisions are being made. This burden, of course, is the very fact that each financial conclusion this Body comes to will have heavy impact on those citizens who, sadly, are not always able to make good decisions for themselves. Indeed, those among us who are poor, powerless, and disadvantaged are counting on all who serve them in this place to make decisions that are fair and that are good for all. So allow these leaders to act in ways that are just and worthy, O Lord. Bless each Senator as You alone can, granting her and him the courage to do those things that are not only pleasing in Your sight, dear God, but that are also beneficial to all. Also, Lord embrace in Your loving care two of our staff members, Stephanie Jones-Fitts and her daughter, Lauren Biggerstaff, as they go through major medical procedures this very day. In Your name we humbly pray, O Savior. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

108.13. (PEBA: Optional Payment of Employee Contributions by Employer) No later than July 1, 2021, an employer in the South Carolina Retirement System or the Police Officers Retirement System may elect to pay all or a portion of the employee contribution set out in Sections 9-1-1085 and 9-11-225, respectively, of the 1976 Code with respect to its employees during the fiscal year. In lieu of the deductions from compensation required by Sections 9-1-1020, 9-1-1160, and 9-11-210, as applicable, an employer electing to pay employee contributions under this provision hereby elects to pick up all or a portion of the employee contributions required by Sections 9-1-1085 and 9-11-225, as applicable, for the fiscal year without a reduction or offset from its employees' compensation. Employee contributions picked up without such reduction or offset from the employee's compensation shall be treated as employer contributions in determining federal tax treatment under Section 414(h)(2) of the United States Internal Revenue Code, but shall be credited as employee contributions for the purposes of the South Carolina Retirement System or the Police Officers Retirement System. An employer making the election provided by this provision shall be deemed to have taken formal action to provide that the contributions on behalf of its employees, although designated as employee contributions, shall be paid by the employer in lieu of employee contributions. The employer shall pay these employee contributions from the same source of funds which is used in paying earnings to the employee. The employee, however, must not be given any option of choosing to receive the contributed amount of the pick ups directly instead of having them paid by the employer to the South Carolina Retirement System or the Police Officers Retirement System. An employer's election to pick up contributions without a reduction or offset from its employees' compensation pursuant to this proviso may not be changed during the fiscal year. Employee contributions picked up by an employer pursuant to this provision without a reduction or offset from the member's compensation are: 1) not earnable compensation for the purposes of the South Carolina Retirement System or the Police Officers Retirement System; and 2) shall be deposited in the employee's South Carolina Retirement System or Police Officers Retirement System individual accumulated contribution account described in Sections 9-1-10(1), 9-11-10(2) and (6), and 9-11-260(2), as applicable, of the 1976 Code.

Statement by Senator ALEXANDER

Reluctantly, I felt I needed to vote to table Senator CASH's Amendment 16. While I fully support the effort to defund Planned Parenthood and protect taxpayers from funding abortions and I also fully supported S. 1, the Fetal Heartbeat Bill, both in the Medical Affairs Committee and throughout the process until its final passage. Senator CASH's amendment as drafted would ban women who had been raped or were victims of incest from being able to utilize Medicaid services. By not including victims of rape and incest, the amendment could jeopardize hundreds of millions of federal dollars we receive for medical services for our citizens, which could include funding for nursing homes and for citizens with disabilities and special needs. While I agree with Senator CASH's goal, for the reasons listed above, I voted to table the amendment.

Senator HUTTO raised a Point of Order under Rule 24A that Proviso 117.162 of Part 1B was out of order inasmuch as it was not germane to the Bill.

117.162. (GP: Child Welfare Providers Protection) In the current fiscal year, no funds may be expended by the state government to take any discriminatory action against a person that advertises, provides, or facilitates adoption or foster care, wholly or partially on the basis that such person has provided or declined to provide any adoption or foster care service, or related service, based upon or in a manner consistent with a sincerely held religious belief or moral conviction.

In the current fiscal year, no funds may be expended by the state government to take any discriminatory action against a person to whom the State grants custody of a foster or adoptive child, or a person who seeks from the State custody of a foster or adoptive child, wholly or partially on the basis that the person guides, instructs, or raises a child, or intends to guide, instruct, or raise a child, based upon or in a manner consistent with a sincerely held religious belief or moral conviction.

(3) prevent state government from providing, either directly or through an individual or entity not seeking protection under this provision, any benefit or service authorized under state law.

This provision applies to, and in cases of conflict supersedes, any ordinance, rule, regulation, order, opinion, decision, practice, or other exercise of the state government's authority that impinges upon the free exercise of religious beliefs and moral convictions protected by this provision.

~~Indicates Matter Stricken~~

Indicates New Matter

The Senate assembled at 10:00 A.M., the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

I Kings 19:11-12

Elijah is there on Mount Horeb, and we read: “. . . behold, the Lord passed by, and a great and strong wind rent the mountains, and broke in pieces the rocks before the Lord, but the Lord was not in the wind, and after the wind an earthquake, but the Lord was not in the earthquake; and after the earthquake a fire, but the Lord was not in the fire, and after the fire a still small voice.”

Pray with me, please: O ever-loving God, we realize clearly that Your still, small voice never ceases calling out to those You love. Indeed, Your voice reaches each Senator, every aide, each one of us. So we ask today, by Your Spirit’s grace, that You will help us through You, Lord, to hear voices of wisdom, to hear messages of hope for the needy, to hear sounds of promise for this State we love. And dear God, especially allow each one of these leaders to hear Your voice as You bless their labors during these trying and difficult days. Moreover, give each Senator not only the ability to hear rightly, O Lord, but also grant them the courage to act in the ways they know in their hearts to be best for all. This we pray in Your loving name, dear Lord. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

Point of Order

Senator HUTTO raised a Point of Order under Rule 24A that Proviso 38.29 of Part 1B was out of order inasmuch as it was not germane to the Bill.

38.29. *(DSS: Foster Care Child Placements) With funds appropriated and authorized to the Department of Social Services for Fiscal Year ~~2018-19~~ 2021-22, the department shall ensure that the following provisions are implemented related to child placements. The department shall promulgate any necessary rules or regulations to implement these provisions:*

(A) If a child in foster care has been placed within the same foster home for at least 9 consecutive months and if the foster parents are willing to provide permanency through adoption for the child, the department ~~must~~ may obtain an attachment assessment, as defined through rules or regulations promulgated by the agency, of the child and current foster parents before selecting a different adoptive placement or other alternative setting. The attachment assessment must be conducted by a qualified attachment expert. Qualified attachment experts may include individuals who can demonstrate training and or education in attachment theory, developmental psychology, and other qualifications defined through rules or regulations promulgated by the agency.

(B) If a child's permanency plan includes reunification with a parent or caregiver, the department shall develop a transition plan for the child, with input from the Guardian ad Litem and a child-focused or other appropriate mental health professional. The department's proposed transition plan must include sufficient visitation with the permanent guardian to promote a successful and emotionally healthy transition for the child, facilitate a positive relationship between caregiver and child, and lessen trauma that may result from the move. If the department pursues placement with a natural parent, relative, or other adult with whom the child has never lived, as determined to be in the child's best interest, the department's proposed transition plan must be progressive and include increased overnight visitation with ongoing assessment of the plan and the child's adjustment by the Guardian ad Litem and child focused or other appropriate mental health professional. Modifications to the plan must be driven by the child's adjustment to the transition.

THURSDAY, APRIL 29, 2021

(C) The department must file a Termination of Parental Rights petition if a child has been in foster care for 15 of the last 22 months unless there are extenuating circumstances as defined in Section 63-7-1710 as follows:

(1) When the child is over the age of 16 and the department has identified another planned permanent living arrangement.

(2) The department asserts to the court that the child may be safely returned to the parent because the parent has remedied the conditions that caused the removal, with or without supervision by the department for up to 12 months.

(3) The department's proposed treatment plan can be extended up to 18 months but only if: (a) the department presents compelling and persuasive evidence of how the parent has demonstrated due diligence in completing the plan; (b) the department can articulate for the court specific reasons to believe the parent will timely remedy the conditions which led to the removal; (c) the department affirms that the return of child to the parent would not cause unreasonable risk of harm; (d) the department has compelling reasons to assert that a Termination of Parental Rights is not in the best interests of the child; (e) the department has compelling reasons to assert the best interests of the child will be served by the extension.

(4) If the department assesses the viability of adoption and determines that adoption is not a viable option and has compelling reasons to assert that Termination of Parental Rights is not in the best interests of the child, then the department may pursue a permanent plan of custody or legal guardianship to relative or other person.

(D) In accordance with Sections 63-7-1640(G) and 1700(E), the department must file the petition for a Termination of Parental Rights within sixty days of the family court order designating the child's permanent plan or concurrent plan as Termination of Parental Rights and adoption.

Amend the bill, as and if amended, Part IB, Section 33, DEPARTMENT OF HEALTH AND HUMAN SERVICES, page 370, after line 33, by adding an appropriately numbered new proviso to read:

/33. . (DHHS: Defunding Planned Parenthood) None of the state funds appropriated for family planning may be expended to directly or indirectly subsidize abortion services, procedures, or administrative functions. Furthermore, none of the state funds appropriated herein may be paid or granted to an organization that provides abortion services. An otherwise qualified organization may not be disqualified from the receipt of these funds because of its affiliation with an organization that provides abortion services, provided that the affiliated organization that

THURSDAY, APRIL 29, 2021

provides abortion services is independent of the qualified organization. An independent affiliate that provides abortion services must be separately incorporated from any organization that receives these funds. An organization that provides abortion services in which the life of a mother is at risk and the termination of a pregnancy is incidental to the lifesaving intervention is excepted from the above restriction on state family planning funds and may receive state family planning funds, provided that physicians shall act in accordance with the standard of care to preserve both the life of the mother and the life of the pre-born child.

It is not the intent of the State of South Carolina, by enacting this proviso, to put the State in the status of noncompliance with the federal government concerning Medicaid and Medicaid funding; thereby resulting in the interruption of Medicaid funds being disbursed to the State. On or about July 1, 2021, the Director of the South Carolina Department of Health and Human Services (SCDHHS) shall request an official opinion from the appropriate federal agency concerning whether the requirements contained in this proviso would result in an interruption of Medicaid funding being disbursed to the State. In his request for an official opinion, the SCDHHS' Director shall ask that the official opinion be supplemented with a full justification, including, but not limited to, citations to federal law, regulations, and case law relevant to the opinion. This proviso shall be suspended upon SCDHHS receiving official notice from the appropriate federal agency that enforcement of this proviso will result in an interruption of Medicaid funding being disbursed to the State. The suspension shall continue until final disposition of the question of whether this proviso results in the interruption of Medicaid funding being disbursed to the State, whether by a judicial determination or an administrative action. /

The Senate assembled at 12:00 Noon, the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Joshua 24:15

Joshua urged his people to: “ ‘ . . . choose this day whom you will serve. . . ’ and then he declared, ‘as for me and my household, we will serve the Lord.’ ”

Please pray with me: O glorious Lord, it’s almost impossible to calculate how many decisions each one of us must make during the course of a single day. Just consider how often we have to determine which option to select, what direction we need to be going, what response to make to a constituent. And these simple examples don’t really compare with the often far more serious choices that these leaders have to make here in this Senate, dear God. Choices that have -- or often might have -- profound impact on the people of this State. Therefore, we pray today that You will lead each of these servants of the people to choose wisely in those decisions that genuinely matter. And may every South Carolinian and may every institution in this State benefit in meaningful ways. In Your loving name we ask this, O Lord. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

Senator HUTTO proposed the following amendment (ZW\771C001.NBD.ZW21), which was adopted:

Amend the bill, as and if amended, by striking all after the enacting words and inserting:

/ SECTION 1. (A) Notwithstanding another provision of law:

(1) on the effective date of this act Bamberg-Ehrhardt School District One (also known as Bamberg School District One) and Denmark-Olar School District Two (also known as Bamberg School District Two), hereinafter referred to as the two present school districts shall commence all prudent and essential preparations necessary to achieve an efficient and well-organized consolidation of the two districts;

(2) effective July 1, 2022, the two present school districts must be abolished. The powers and duties of the two present school districts' respective boards of trustees must be devolved on the board of trustees of the consolidated school district to be known as the Bamberg County School District, which shall consist of the combined geographic area encompassed by the two present school districts as they existed on the effective date of this act; and

(3) pursuant to Section 59-17-100:

(a) the two present school districts are required to submit their 2022 annual audit reports to the State Department of Education on or before December 1, 2022; and

(b) the Bamberg County School District must submit its initial audit report to the State Department of Education on or before December 1, 2023.

(B) In order to facilitate the efficient consolidation of the two present school districts, the members of the districts' respective boards of trustees and their superintendents, administrators, and personnel shall cooperate fully with the Bamberg County Legislative Delegation and delegation staff, the initial nine-member appointed board of trustees for the Bamberg County School District, and the South Carolina Department of Education officials assisting with the consolidation. In addition, after the effective date of this act, the two present school districts may not:

(1) create new full-time or part-time district-level positions;

TUESDAY, MAY 4, 2021

(2) approve, award, or authorize any salary increases, raises, bonuses, or severance pay or separation incentives of any type;

(3) create or incur new bonded indebtedness, except as set forth in SECTION 6(C);

(4) approve requests for planned out-of-state travel or requests for reimbursement for planned out-of-state travel, unless the nine-member Bamberg County School District Board of Trustees created pursuant to SECTION 2 of this act has approved the requests, or for matters needing decision prior to that board's creation, approval by the legislative delegation; or

(5) make any significant district purchases unless the nine member Bamberg County School District Board of Trustees created pursuant to SECTION 2 of this act has approved the purchase. For purposes of this item, "significant district purchase" means any district purchase in excess of fifty thousand dollars. The provisions of this item do not apply to essential district purchases directly related to student health or safety.

(C) Any current district-level administrator for either of the two present school districts whose position will be eliminated due to the creation of an equivalent position in the consolidated district has priority consideration for the equivalent position if the administrator remains in his role at the time of hiring for the consolidated district and desires to be considered for the new position. Priority consideration is limited to review of an application for employment, or an interview; however, priority consideration does not mean that a position with the consolidated district must be offered. For purposes of this subsection, "current" means as of the effective date of this act, and "district level administrator" includes superintendents, chief academic officers, associate superintendents, assistant superintendents, and district directors. Position equivalency must be determined based on the position's title and responsibilities.

SECTION 2. (A) The Bamberg County School District must be governed by a board of trustees of nine members to be appointed initially by a majority of the Bamberg County Legislative Delegation. The nine members initially appointed by the legislative delegation after the effective date of this act must be qualified electors of either Bamberg-Ehrhardt School District One or Denmark-Olar School District Two, and these appointed members shall serve on the Bamberg County School District Board of Trustees until their successors are elected in school district elections conducted at the same time as the 2022 General Election and qualify.

TUESDAY, MAY 4, 2021

(B) Beginning in 2022, members of the Bamberg County School District Board of Trustees must be elected in nonpartisan elections from single-member election districts to be established by the General Assembly in subsequent legislation following the release of pertinent demographic data obtained in the 2020 decennial census, but prior to the opening of the filing period for the 2022 school district elections. Elections for the Bamberg County School District Board of Trustees must be conducted at the same time as the general election and every four years thereafter, except as provided in this act to stagger the members' terms. Each of these nine members must be a qualified elector of the election district from which he is elected. Members of the consolidated school district board of trustees must be elected for four-year terms and until their successors are elected and qualify; however, in order to stagger the members' terms, of the nine trustees elected in 2022, the trustees elected from the even-numbered election districts shall serve initial two-year terms, and the successors to these members must be elected in school district elections to be conducted at the same time as the 2024 General Election. The trustees elected in the 2024 school district elections and their successors shall serve full four-year terms and until their successors are elected and qualify. The members elected in 2022 from odd-numbered election districts shall serve full four-year terms to expire in November 2026, when their successors elected at the 2026 school district elections qualify and take office. Whenever a vacancy occurs in office, by reason of death, resignation, or removal, the vacancy in office shall be filled by a special election to complete the term of office, which special election shall be held in accordance with Section 7-13-190.

(C) All persons desiring to qualify as a candidate for the Bamberg County School District Board of Trustees shall file written notice of candidacy with the Bamberg County Board of Voter Registration and Elections on forms furnished by the board. The filing period shall open at 12:00 p.m. on August first or, if August first falls on Saturday or Sunday, then 12:00 p.m. on the following Monday and shall run until 12:00 p.m. on August fifteenth or, if August fifteenth falls on Saturday or Sunday, no later than 12:00 p.m. on the following Monday. This notice of candidacy must be a sworn statement and shall include the candidate's name, age, election district in which he resides and from which he seeks election, voting precinct, period of residence in the county and election district, and other information that the board requires. The Bamberg County Board of Voter Registration and Elections shall conduct and supervise the elections for members of the

SECTION 3. (A) The members of the Bamberg County School District Board of Trustees shall elect a chairman and other officers they consider necessary for terms that are coterminous with their appointed or elected terms of office.

(6) centralize all administrative functions including, but not limited to, human resources, accounting, procurement, transportation, school bus services, and maintenance.

SECTION 5. (A)(1) For purposes of determining the 2022 property tax millage levy of the Bamberg County School District upon its creation, the millage levy for the district must be determined and calculated by the Department of Revenue based on the 2021 levy of the two present school districts and the value of a mill in each district. Thereafter, the millage levy for the year 2023 must be the millage levy for the previous year. To the allowed millage levy for 2022 and 2023 may be added any millage determined by the Department of Revenue necessary to comply with educational mandates imposed by federal or state law.

(2) The provisions of this subsection apply for school millages set for years ending in 2023.

(B) Beginning in 2024, the Bamberg County School District is vested with total fiscal autonomy. In order to obtain funds for school purposes the board of trustees is authorized to impose an annual tax levy, exclusive of any millage imposed for bond debt service. Upon certification by the board of trustees to the county auditor of the tax levy to be imposed, the auditor shall levy and the county treasurer shall collect the millage so certified upon all taxable property in the district. The consolidated school

district may raise its millage by no more than two mills over that levied for the previous year, in addition to any millage needed to adjust for the EFA inflation factor and sufficient to meet the requirements of Section 59-21-1030. An increase above this two mills for operations may be levied only after a majority of the registered electors of the district vote in favor of the millage increase in a referendum called by the district board of trustees and conducted by the county board of voter registration and elections. If the school district calls for the referendum provided for in this subsection to be held at any time other than at the general election conducted pursuant to Section 7-13-10 then the school district shall pay the cost of the referendum. To the extent the provisions of this section relating to increases in school millages conflict with the provisions of Section 6-1-320, relating to the millage rate increase limitation, the provisions of Section 6-1-320 control.

SECTION 6. (A)(1) On July 1, 2022, the assets and liabilities of the two present school districts must be transferred to the Bamberg County School District. The records and employees of the two present school districts must be transferred to and, if applicable, assumed by the consolidated school district.

(2) Any funds under paragraph 1.88(A), Part I(B) of Act 91 of 2019 to support school district consolidation and related purposes in certain specified school districts, which have been distributed to or which are to be made available to the two present school districts must be transferred to or made available to Bamberg County School District to be used for the same purposes.

(B) The constitutional debt limitation on the issuance of general obligation bonds applicable to the Bamberg County School District is to be computed according to the law of this State and based on the assessed value of all taxable property in the district minus that bonded indebtedness of each of the present school districts made a part of the district that was includable against the constitutional debt limit of the present school districts.

(C)(1) During the transition period, which begins on the effective date of this act and runs until July 1, 2022, no new general obligation bonds may be issued against the constitutional debt limitation of the two present school districts unless such general obligation bonds are scheduled to mature and be paid in full prior to July 1, 2022. Bond anticipation notes and tax anticipation notes may be issued during the transition period by the two present school districts only if such notes are scheduled to mature and be paid in full prior to July 1, 2022.

TUESDAY, MAY 4, 2021

(2) During the transition period, which begins on the effective date of this act and runs until July 1, 2022, no new general obligation bonds maturing on or after July 1, 2022, may be issued against the constitutional debt limitation of the two presents school districts, except in the case of an emergency. If new general obligation bonds are issued, then the board of trustees of the issuing school district must adopt a resolution declaring the emergency and specifying the necessity of the issue.

SECTION 7. (A) The two present school districts are abolished on July 1, 2022, at which time the Bamberg County School District must be established as provided in this act. The terms of all members of the boards of trustees of the two present school districts of the county will expire on this date. However, the members of the consolidated school district board of trustees appointed after the effective date of this act shall take office on the date they take the oath of office. From this date and until July 1, 2022, the boards shall organize, begin planning for the changeover to the consolidated district, enter into contracts to effectuate these purposes, and perform other related matters, except that the responsibility and authority to manage the schools of the two present school districts rests solely with the individual boards for each of the two present school districts until July 1, 2022, and the appointed consolidated board of trustees may not interfere with this authority.

(B) Funding for the activities of the appointed consolidated board of trustees, from the date the members assume office until July 1, 2022, must be paid from funds provided to the Bamberg County School District by the State Department of Education for this purpose.

(C)(1) After the effective date of this act, a member of one of the two present school districts' governing boards may:

(a) be appointed to the Bamberg County School District Board of Trustees; or

(b) seek election to the Bamberg County School District Board of Trustees in 2022.

(2) If a member of one of the present boards is either appointed or elected to the Bamberg County School District Board of Trustees pursuant to item (1):

(a) prior to assuming his new duties on the consolidated school district board of trustees, he must first resign as a member of the present board; and

(b) notwithstanding another provision of law, the vacancy on the present board must be filled for the remainder of the unexpired term by appointment of the county legislative delegation.

TUESDAY, MAY 4, 2021

SECTION 8. All local acts concerning Bamberg-Ehrhardt School District One and Denmark-Olar School District Two inconsistent with the provisions of this act are repealed as of July 1, 2022, it being the intent of the General Assembly to have this act and the general law be the only provisions of law governing the school district of the county.

SECTION 9. If any provision of this act for any reason is held by a court of competent jurisdiction to be unconstitutional or invalid, that holding shall not affect the constitutionality or validity of the remaining portions of this act. The General Assembly declares that it would have passed this act and each and every provision in it, irrespective of the fact that any one or more provisions of it may be declared to be unconstitutional, invalid, or otherwise ineffective.

SECTION 10. This act takes effect thirty days after approval by the Governor. /

~~Indicates Matter Stricken~~
Indicates New Matter

The Senate assembled at 11:45 A.M., the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Daniel 12:3

We read in the Book of Daniel: “Those who are wise shall shine like the brightness of the sky, and those who lead many to righteousness, like the stars forever and ever.”

Let us pray: Dear God, South Carolina has been so richly blessed throughout the years with leaders who have wisely provided beneficial and often historically positive guidance. Many of the portraits surrounding us in this Chamber honor some of those individuals, and we are grateful for the worthy service each of those servants gave to and for the people of South Carolina. And we ask today, O Lord, that each of these Senators currently serving here will know clearly how we value their own service, and how very much we pray that they will each continue in the rich tradition that many of their predecessors followed: putting the well-being of our citizens uppermost in all that they determine. May it ever be so, dear Lord. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

The Senate assembled at 11:00 A.M., the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Genesis 18:12a

In the wonderful Genesis story about Sarah and Abraham, being told that they are to have a child in their old age, we read: "So Sarah laughed to herself."

Join me as we pray: O God, the genuinely delightful story about two of Your servants, Sarah and Abraham, points out how very much You care for Your people. So here on this National Day of Prayer we praise You, Lord, not just for Your many promises found in Scripture, but surely for the gifts you grant to us in our own lives. By Your grace lead each of us not only to relish the very real gift of laughter, as did Sarah, but also allow a measure of joy to embrace us every moment of our lives, no matter what problems might confront us. And may the heart of each Senator and every staff member in this place always be full of thanksgiving for your wondrous blessings and Your gifts. In Your loving name we pray, dear Lord. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

UNIDENTIFIED FUNDS, TRANSFERS, AND SUPPLEMENTAL DISTRIBUTIONS.

The Senate proceeded to a consideration of the Bill.

The Committee on Finance proposed the following amendment (DG\152C002.NBD.DG21), which was adopted:

Amend the bill, as and if amended, by striking all after the enacting words and inserting:

/ SECTION 1. This act must be known and may be cited as the “County Green Space Sales Tax Act”.

SECTION 2. Chapter 10, Title 4 of the 1976 Code is amended by adding:

“ARTICLE 10

County Green Space Sales Tax

Section 4-10-1010. (A) For the purposes of this article, ‘preservation procurements’ means procuring open lands or green space for preservation, by and through the acquisition of interests in real property, including:

- (1) the acquisition of fee simple titles;
- (2) conservation easements;
- (3) development rights;
- (4) rights of first refusal;
- (5) options;
- (6) leases with options to purchase; and
- (7) any other interests in real property.

(B)(1) Subject to the requirements of this article, a county’s governing body may impose a sales and use tax by ordinance, subject to a referendum, within the county area for preservation procurements.

(2) Revenues collected pursuant to this article may be used to defray debt service on bonds issued to pay for preservation procurements authorized in this article. This authorization is in addition to any other locally imposed sales and use taxes.

Section 4-10-1020. (A) The sales and use tax authorized by this article may be imposed by an enacting ordinance of a county’s governing body, subject to referendum approval in the county. An enacting ordinance must specify:

(1) the purpose for which the proceeds of the tax are to be used, which may include preservation procurements located within or without, or both within and without, the boundaries of the local governmental entities, including the county, municipalities, and special purpose districts located in the county area;

THURSDAY, MAY 6, 2021

(2) if the county proposes to issue bonds to provide for the payment of any costs of the preservation procurements, the maximum amount of bonds to be issued, whether the sales tax proceeds are to be pledged to the payment of the bonds and, if other sources of funds are to be used for the preservation procurements, a list of the other sources;

(3) the maximum cost of the preservation procurements, to be funded from the proceeds of the tax or bonds issued as provided in this article and the maximum amount of net proceeds expected to be used to pay the cost or debt service on the bonds, as the case may be; and

(4) the fact that preservation procurements may pertain to real property situated outside of the boundaries of the taxing jurisdiction.

(B)(1) Upon receipt of an ordinance, a county's election commission must conduct a referendum on the question of imposing the sales and use tax in the area of the county that is to be subject to the tax. A referendum for imposition or reimposition of the tax must be held at the time of the next general election. Subject to item (2), two weeks before a referendum, a county's election commission must publish in a newspaper of general circulation the question that is to appear on the ballot, with a description of the methods by which the county's governing body intends to procure open lands and green space for preservation. If the proposed question includes the use of sales taxes to defray debt service on bonds issued to pay the costs of any preservation procurements, then the notice must include a statement indicating the principal amount of the bonds proposed to be issued for the purpose and, if the issuance of the bonds is to be approved as part of the referendum, stating that the referendum includes the authorization of the issuance of bonds in that amount. This notice is in lieu of any other notice otherwise required by law.

(2) If a referendum on the question of imposing the sales and use tax is conducted in an odd-numbered year, and it is the only matter being considered at the general election, then six weeks before the referendum, the county's election commission must publish in a newspaper of general circulation the question that is to appear on the ballot, with a description of the methods by which the county's governing body intends to procure open lands and green space for preservation.

(C) The referendum question to be on the ballot must read substantially as follows:

‘Must a special one percent sales and use tax be imposed in [county] for not more than [time] to raise the amounts specified for preservation procurements for the purpose of procuring open lands and green space

THURSDAY, MAY 6, 2021

by and through the acquisition of interests in real property, such interests to include:

- (a) the acquisition of fee simple titles;
- (b) conservation easements;
- (c) development rights;
- (d) rights of first refusal;
- (e) options;
- (f) leases with options to purchase; or
- (g) any other interests in real property?

Yes ☐

No ☐

If the referendum includes the issuance of bonds, then the question must be revised to include the principal amount of bonds proposed to be authorized by the referendum and the sources of payment of the bonds if the sales tax approved in the referendum is inadequate for the payment of the bonds.

(D) All qualified electors desiring to vote in favor of imposing the tax for the stated purposes shall vote 'yes', and all qualified electors opposed to levying the tax shall vote 'no'. If a majority of the votes cast are in favor of imposing the tax, then the tax is imposed as provided in this article and the enacting ordinance. Any subsequent referendum on this question must be held on the date prescribed in subsection (B). The election commission shall conduct the referendum under the election laws of this State, mutatis mutandis, and shall certify the result no later than November thirtieth to the county governing body and to the Department of Revenue. Expenses of the referendum must be paid by the governmental entities that would receive the proceeds of the tax in the same proportion as those entities would receive the net proceeds of the tax.

(E) Upon receipt of the returns of a referendum, a county's governing body must, by resolution, declare the results thereof. In such event, the results of the referendum, as declared by resolution of the county's governing body, are not open to question except by a suit or proceeding instituted within thirty days from the date such resolution is adopted.

Section 4-10-1030. (A) If the sales and use tax is approved in a referendum, then the tax shall be imposed on the first of May following the date of the referendum. If the reimposition of an existing sales and use tax imposed pursuant to this article is approved in a referendum, then the new tax is imposed immediately following the termination of the earlier imposed tax, and the reimposed tax terminates on the applicable thirtieth of April, not to exceed seven years from the date of reimposition.

THURSDAY, MAY 6, 2021

If the certification is not timely made to the Department of Revenue, then the imposition is postponed for twelve months.

(B) The tax terminates the final day of the maximum time period specified for the imposition.

(C)(1) Amounts collected in excess of the required net proceeds must first be applied, if applicable, to complete the preservation procurements for which the tax was imposed.

(2) If funds still remain after first using the funds as described in item (1) and the tax is not reimposed, then the remaining funds must be used for the purposes set forth in Section 4-10-330(A)(1). These remaining funds may only be expended for the purposes set forth in Section 4-10-330(A)(1) following an ordinance specifying the authorized purpose or purposes for which the funds will be used.

Section 4-10-1040. (A) The tax levied pursuant to this article must be administered and collected by the Department of Revenue in the same manner that other sales and use taxes are collected. The Department of Revenue may prescribe amounts that may be added to sales prices because of the tax.

(B) The tax authorized by this article is in addition to all other local sales and use taxes and applies to the gross proceeds of sales in the applicable area that is subject to the tax imposed by Chapter 36, Title 12 and the enforcement provisions of Chapter 54, Title 12. The gross proceeds of the sale of items subject to a maximum tax in Chapter 36, Title 12 are exempt from the tax imposed by this article. Unprepared food items eligible for purchase with United States Department of Agriculture food coupons are exempt from the tax imposed pursuant to this article. The tax imposed by this article also applies to tangible personal property subject to the use tax in Article 13, Chapter 36, Title 12.

(C) A taxpayer required to remit taxes under Article 13, Chapter 36 of Title 12 must identify the county in which the personal property purchased at retail is stored, used, or consumed in this State.

(D) A utility is required to report sales in the county in which the consumption of the tangible personal property occurs.

(E) A taxpayer subject to the tax imposed by Section 12-36-920, who owns or manages rental units in more than one county, must separately report in his sales tax return the total gross proceeds from business done in each county.

(F) The gross proceeds of sales of tangible personal property delivered after the imposition date of the tax levied under this article in a county, either under the terms of a construction contract executed

THURSDAY, MAY 6, 2021

before the imposition date, or a written bid submitted before the imposition date, culminating in a construction contract entered into before or after the imposition date, are exempt from the sales and use tax provided in this article if a verified copy of the contract is filed with the Department of Revenue within six months after the imposition date of the sales and use tax provided for in this article.

(G) Notwithstanding the imposition date of the sales and use tax authorized pursuant to this chapter, with respect to services that are billed regularly on a monthly basis, the sales and use tax authorized pursuant to this article is imposed beginning on the first day of the billing period beginning on or after the imposition date.

Section 4-10-1050. The Department of Revenue shall furnish data to the State Treasurer and to the county treasurers receiving revenues for the purpose of calculating distributions and estimating revenues. The information that must be supplied to counties and municipalities upon request includes, but is not limited to, gross receipts, net taxable sales, and tax liability by taxpayers. Information about a specific taxpayer is considered confidential and is governed by the provisions of Section 12-54-240. A person violating this section is subject to the penalties provided in Section 12-54-240.

Section 4-10-1060. Annually, and only in the month of June, funds collected by the Department of Revenue from the county green space sales tax, which are not identified as to the governmental unit due the tax, must be transferred, after reasonable effort by the Department of Revenue to determine the appropriate governmental unit, to the State Treasurer's Office. The State Treasurer shall distribute these funds to the county treasurer in the county area in which the tax is imposed, and the revenues must be only used for the purposes stated in the enacting ordinance. The State Treasurer shall calculate this supplemental distribution on a proportional basis, based on the current fiscal year's county area revenue collections."

SECTION 3. This act takes effect upon approval by the Governor. /

Amend the bill further, beginning on page 1, by striking line 26 through line 12 on page 3, and inserting:

/ Whereas, South Carolina is blessed with a broad array of natural resources, from the Blue Ridge Escarpment in the Upstate, to the sandhills of the Midlands, to the farmland and woodlands of the Pee Dee, and to the iconic shoreline and marshes of the coastal plain; and

Whereas, South Carolina's coastal geography consists of 187 miles of oceanfront shoreline and 2,876 miles of tidal shorelines, and includes 500,000 acres of salt marshes that represent twenty percent of all the salt

THURSDAY, MAY 6, 2021

marshes on the United States' Atlantic coast, all of which underpin extensive recreational and commercial fisheries, thriving coastal tourism, important maritime industries, and critical natural defenses for people against storms; and

Whereas, South Carolina's Upstate consists of the 10,000 acre Mountain Bridge Wilderness Area that encompasses the Blue Ridge Escarpment and its vast array of waterfalls, hardwood forests, headwaters, and mountain streams, as well as a diversity of plant and animal life, including the exceptionally rare and endangered bunched arrowhead; and

Whereas, South Carolina's Midlands region is home to the sandhills and longleaf pine habitat, which supports over 30 threatened or endangered plant and animal species, including red-cockaded woodpecker; and

Whereas, South Carolina's Pee Dee is a region with rich geographic variations, including deep woodlands, a patchwork of timber forests and agricultural fields, black-water swamps and creeks that intermingle with red rivers and high bluffs, historic sites, and one of the most productive agricultural areas in the state; and

Whereas, the quality of life of all South Carolinians is tied to conservation, with homes, businesses, and recreation being drawn to areas with abundant and accessible green space and natural areas; and

Whereas, according to the Census Bureau, South Carolina is the tenth-fastest-growing state in the nation, and in particular, the State contains a number of the fastest-growing metropolitan areas in the nation, including Myrtle Beach, York County, and Charleston, and is projected in the coming years to continue experiencing steady population growth and the expansion of urban and suburban land uses; and

Whereas, studies conducted by City Explained suggest that the amount of developed land in some regions of South Carolina will increase by 250% by 2040 if current development trends continue; and

Whereas, although this rapid growth will bring prosperity and new opportunities to South Carolina, it will also put additional pressures on our State's lands and waters, in that the development and the accompanying infrastructure will result in the destruction of natural wetlands, marshes, headwaters, and other waterways, thereby hampering the functioning of these systems and eliminating valuable and effective natural storm protection and flood abatement, and fish and wildlife habitat; and

Whereas, this growth increases the amount of impervious surfaces throughout our State, which in turn creates new runoff and carries

THURSDAY, MAY 6, 2021

pollutants into our waterways. For example, a 2019 study found that development in the Town of Bluffton has increased levels of fecal coliform in the May River 3,150% since 1999 and Upstate studies found that sediment from land development is a leading cause of water quality degradation, resulting in flooding, increased costs for drinking water treatment, and harm to aquatic life; and

Whereas, there are significant economic benefits that result from protecting land, including tourism and recreation; and

Whereas, farmland protection helps promote agritourism and boost the local food economy, as demonstrated by a 2013 SC Department of Agriculture study that found that if every South Carolina resident purchased \$5 worth of food each week directly from a farmer in the State the potential impact would be about \$1.2 billion; and

Whereas, the Southeast United States coast has experienced some of the highest rates of sea-level rise and coastal flooding in the world, with some areas losing as much as three feet of bank each year, and additional sea-level rises and coastal flooding will adversely impact existing residential and commercial uses on our State's coast and has been cited by the United States Department of Defense as a threat to the viability of the Marine Corps Recruit Depot Parris Island, which employs 6,100 people and has an annual economic impact of \$739.8 million; and

Whereas, flooding has significantly affected South Carolina's inland communities, with over 80 dam failures from 2015 to 2018 resulting from extreme weather and flooding that our riverine systems and floodplains were unable to attenuate, leading to significant impacts on transportation and drinking water infrastructure and the loss of homes, livelihoods, and lives; and

Whereas, the topography of our state, whether the low-lying topography of our coastal areas or the small incised streams of the Upstate prone to flash flooding and erosion, our State's development patterns makes our communities highly vulnerable to inland and riverine flooding if the flow of rainwater runoff is greater than the carrying capacities of the natural drainage systems, and over the past six years, major flooding and storm events have caused over one billion dollars in total damages to residential and commercial properties and have imposed substantial burdens on South Carolina taxpayers through General Fund disbursements; and

Whereas, an effective way to avoid incurring such liabilities is to limit development within the floodplain and in areas that are at significant risk from sea level rise and flooding, and there is a need to empower local governments to undertake land preservation efforts that are supportive

THURSDAY, MAY 6, 2021

of, respectful to, and consistent with the principle of private property rights, as opposed to limiting them to the use of traditional land use regulations, which, in order to attain the necessary level of relief, could give rise to inverse condemnation claims; and

Whereas, counties in South Carolina have implemented local land conservation programs, including, but not limited to, Beaufort County's Rural and Critical Lands Program, Charleston County's Greenbelt Program, Greenville County's Historic and Natural Resources Trust Initiative, the Oconee County Conservation Bank, and extensive parks and greenspace funding efforts in York County, indicating that such programs enjoy overwhelming public support in all corners of the State. Remarks by Senator McLEOD

We have been here a long time today. I do not plan to keep you long. I just want to talk briefly about an incident that occurred in my district this morning. Senator KIMPSON mentioned earlier that a Fort Jackson soldier hijacked a Richland County school bus at gunpoint. That school bus was full with elementary school students. Luckily, the bus driver and the students were not physically hurt. However, this incident could have ended very differently. Incidents like this are becoming a lot more common because we are still not even attempting to address real issues,

THURSDAY, MAY 6, 2021

such as mental health within our military, law enforcement, in our homes, and in our communities across the State. This soldier, though, was carrying a gun legally and openly. While we do not know the state of this soldier's mental health, I think it is safe to assume that he obviously had some challenges. In addition, it saddens me to think that we do not hesitate to put our brave young men and women on the front lines to fight for us but constantly refuse to fight for them. If this Bill passes, I am concerned that law enforcement at face value will not be able to tell the good people from the bad people.

Yesterday, a student shot himself in the head, while taking the life of another schoolmate, outside of his school. The student committed this act in front of the principal and staff members. Clearly, gun violence is at an all time high. Not just in my district but all across South Carolina. I am sure those who do not look like me have probably never gotten a voice mail that sounds like this: "I think it is a thousand to one of blacks attacking whites. Amidst that, do you realize how white women are afraid to go wandering around? They are afraid that they are going to be raped. White women live with this fear all the time. This is nothing new. They stay out of neighborhoods where this could happen and you do not go to certain streets because that is where the blacks live. Whites are noticing that the blacks are shooting at each other right down the street and shooting into homes where children are. They shoot people in their own yards, and if you will look at the newspapers, usually it is about two white people, a crime, and black people. I do not know why that man was in there -- the one you were talking about in a white neighborhood. However, it does concern me when the blacks show up in your neighborhood; what they are doing there. White people are robbed all the time. We have friends that live in howls, and we live in the ghetto. Blacks come in here, rob, just break-in, and rob. There is nothing that the police can do about it. You are just -- you are out of luck. Just look at how the white people look at it. They live in fear, they are afraid of black people, and they do not go down the street where the blacks are shooting each other because they are afraid they might get in the crossfire. It is ridiculous, and in Chicago, they kill each other unbelievably. Forty shot in one weekend. You do not say anything about. That is perfectly okay. I mean, it does not make sense today the way these blacks shoot each other and kill each other like every night, and the black people just go oh well. You know, that is the way they live and it is okay. However, white people do not live like that. I know you said well whites shoot each other. We do not do that kind of -- you need to understand the difference

THURSDAY, MAY 6, 2021

between black and white. It is a shame that man -- that the black man was accosted but I do not know what he was doing in the neighborhood.”

I just wanted to share with you the voicemail message that I received after I responded publicly to an incident that happened in the Summit and in my district. There are at least two factors that we always fail to consider when we debate Bills like this, or when we debate Bills like constitutional and open carry -- but race and mental illness, two of the biggest across our State and across our country. Instead of dealing with the challenges people are actually facing we would rather debate unorganized militia and open carry. We have three legislative days left, and still have not passed anything on Medicaid expansion, education and tax reform, medical marijuana, wages folks can live on, or any of the systemic reforms we need. Just few minutes ago, the Governor announced that he is cutting all federal pandemic unemployment assistance benefits to folks who continue to struggle, recover and keep food on their tables. In fact, working South Carolinians who are unemployed during this pandemic, through no fault of their own and can least afford it, are being wrongly penalized -- expanding access to guns right now, as if our State is already not safe enough, especially for people of color. For the next few minutes, I want us to get comfortable talking about issues that, frankly, make too many of us uncomfortable. That issue is race. That is always the biggest elephant in the room. Recently in my district, a 15 year old and another teenager were friends -- until they lured her out of her Richland County home and into the woods of neighboring Lexington County, and brutally popped a barrage of bullets into her body, killing her. Yes, this horrific incident originated in my district, but tragically ended in someone else's. That will be the case many times over when this Bill passes. This incident happened here in South Carolina so it affects all of us. Where is the outrage? Do all lives matter? How can we forget who walked into Mother Emmanuel and gunned down our colleague and eight of his parishioners during their Bible study? Or the citizen vigilantes who took to the streets of Georgia, probably with their CWP's, to hunt down and shoot Ahmaud Arbery in broad daylight as he jogged in his own neighborhood? Or the officers that pulled up at a park and shot 12 year old. Tamir Rice from their patrol cars within seconds after they arrived and confirmed reports that a kid was playing in the park with what looked like a toy gun? Or Philando Castile, who informed the officer that he was in fact caring a weapon with a CWP -- within seconds even after assuring the officer that he would not reach for the weapon, the law enforcement officer shot him seven times at close range hitting him five of those times and killing him.

THURSDAY, MAY 6, 2021

Or like Andrew Brown, who was recently laid to rest in North Carolina after police shot him in the back of his head in his car. Or Walter Scott in North Charleston, who was stopped by a white officer because of a broken tail light, only to be shot from behind and killed when he attempted to run away from the scene. Eight shots, five hits -- another dead, unarmed, black man. The list of unarmed black men and women who have been murdered by white cops and citizen vigilantes are too numerous to count here. However, it happens almost daily. Yet, there is no real appetite for accountability and never any outrage from those who want to protect and save innocent lives at all costs. In fact, these incidents actually gave birth to the Black Lives Matter movement. Yes, those who claim to care so much about when life begins and quickly counter with "All Lives Matter" have consistently refused to say with their mouths or affirm with their actions that black lives matter too. Former NFL player, Philip Adams, showed up at Dr. Leslie's York County home a few weeks ago. In broad daylight, Adams shot Dr. Leslie, his wife, their two young beautiful grandchildren, two service contractors, and himself. Reverse racism and race based rhetoric was used to instill racially charged fear in the suburbs, that all black men are thugs. Like Mr. Adams, black men are going to shoot up your neighborhoods, destroy your property values, rob your homes, and rape your wives. So how do we respond? Not with sound policies, common sense reforms -- go for the big guns, pro death legislation as if death by electric chair, firing squads, and lethal injection drugs are not available. No time, money or interest in making mental health or race-based hate a priority. Do not think our policies have an impact on race and the escalation of racial tension in this State simply by hearing the voicemail I just received. After simply speaking out about a racially charged incident in my district, where the victim just happened to be a young black man. These are the types of people we want to carry guns openly -- using their implicit and explicit biases as the ammunition. Last week Senator Tim Scott said kids are being taught that if you are white, you are the oppressor. He also said America is not a racist country. All of us know that neither one of those statements is true. He then went onto tell other divisive inflammatory points on reverse racism by insinuating that white people are the real victims of the very policies, procedures and practices they have put in place. This racist rhetoric fans the flames of hatred for people who look like me at a time when we need to be quenching those fires. Here is the thing -- black people have been oppressed in America and by America since our ancestors were enslaved. Too many have just been marginalized, blind, and murdered at the hands of racist -- an individual who happen to be white -- not all white people,

THURSDAY, MAY 6, 2021

but yes, by some white people. And yet we continue to be oppressed through the systemic policies, practices and policing tactics that were created, instituted, and sustained by the majority white government that have failed to acknowledge, adjust or fix the disproportion of systemic imbalance and injustices that continue to keep the government on the necks of people of color. Race and racism have always been the biggest elephant in the room. Just because a black man says in one breath that he has been racially profiled and discriminated against because of his race -- but then quickly changes his partisan talking point, in the next breath, by saying America is not a racist country, does not make his statements true. Does not make them right or any less offensive. They are wrong. They are deceptive. Those statements are hurtful to suggest racism is not alive in America or in the great State of South Carolina, which deliberately denies the truth. In addition, it denies all of us the opportunity to acknowledge and address the obvious, so that we can begin to heal and move forward. A majority toward common ground that Senator Scott talked about starts with the truth. If you do not like the actions of your ancestors who enslaved my ancestors, change them. You have the power. Look in the mirror. Awful that I should ask, I know. Ask ourselves if we bear any responsibility and whether our actions bring us closer or further from racial reconciliation. Should we really be debating open carry or any other expansive gun Bills at a time when racial tensions are so high? Here is a postcard I just got. It states and it is very short, I will be brief. "Let's look at the true story of Sergeant Pinlannan and how you're using it for your own radical socialist agenda. Your little friend with his accompanying camera woman went looking for trouble for at least the third time. One bit and the rest is history. You equate this with your own sons. Stereotype -- you have no husband, just little gang bangers that you are unable to use for your own left wing feminist agenda. The goal is the destruction of the white male power structure."

Now the authorities sent me this typewritten rant, and the anonymous call here who shared her true raw racist belief, are undoubtedly a very accurate depiction of the position of our State, -- that is related to race. And because of this demeaning postcard, racism will continue to run ramped in South Carolina. My sons are not thugs. Never have been or will be. Neither was the young black man who was victimized this summer. It was only a hoodie that got him killed? What do we think caring a gun will do? In addition, for folks who believe like the ignorant author of this postcard does, that the destruction of the white male power structure is our goal, let me ensure all of you who are listening, those house members are on the receiving end of this kind of venom. That

THURSDAY, MAY 6, 2021

voice mail that you heard -- you do not have that kind of power. Truth be told, our goals tend to center more on protecting our basic human rights, like making sure our sons and daughters come home safely every day. We are trying to survive a simple encounter with a racist cop. We are trying to have access to equal opportunities, equal pay, equitable education, and healthcare. Finding the common ground that Senator Scott talks about starts with longing for the day when all of us hold these truths to be self-evident, and all of us are created and endowed, by our creator, with certain unalienable rights. I hope that I do put us on a path of mutual understanding and respect and one of these days, we will not be stalked and hunted as prey. As a CWP holder myself, I want responsible gun owners to have the rights and freedoms that the Second Amendment provides. I want all of us to be trained to use our guns responsibly. I want white people to refute implicit biases and preconceived notions about black people, vice versa.

I want to be judged based on our character, not just the color of our skin. I want whites to not be fueled or ignited by the unwarranted, inaccurate, racially, charged rhetoric they hear or see or read. I want them to rise above the hatred -- skewed by disgraced, defeated, want to be dictators. Then, reality reminds me that the racist that sent me this postcard, the racist who left that voice mail, they probably have CWP's too. None of us are considered equal when privilege allows people to boldly brandish their firearms on their person like predators while people of color are relegated to being their prey. Bills like these are easy to pass because you will not be on the receiving end of hatred. You will not have to worry about someone shooting you first and asking questions later. However, I will. My sons will. At least a third of the population of this State will. To debate a Bill like this at a time like this with or without training is not only inconceivable but grossly irresponsible. This amendment pro law enforcement, pro citizen amendment states that all of us are going to need training and guidance to help navigate a new environment that we are creating. I am just trying to figure out why this, why now -- how we can work together? To ensure open carry does not mean open season on the rest of us. I move for adoption.

Amend the bill, as and if amended, by adding an appropriately numbered SECTION to read:

/ SECTION __. A. Chapter 31, Title 23 of the 1976 Code is amended by adding:

“Article 12

Seizure of Firearms and Ammunition from a Person Posing

Section 23-31-1210. A solicitor, assistant solicitor, or two law enforcement officers may file a verified complaint with any probate court, for issuance of a warrant to seize any firearms and ammunition of

THURSDAY, MAY 6, 2021

a person if the solicitor, assistant solicitor, or law enforcement officers have probable cause to believe that:

- (1) the person poses a risk of imminent personal injury to himself or to other individuals;
- (2) the person possesses one or more firearms; and
- (3) the firearms are within or upon any person or property.

Upon a receipt of an application that establishes the requisite grounds for the warrant as provided in Section 23-31-1220, a judge may issue a warrant commanding a proper law enforcement officer to enter into or upon such property, search the person and property, and take into the officer's custody any and all firearms and ammunition. The solicitor, assistant solicitor, or law enforcement officers must not file a complaint before conducting an independent investigation and determining that probable cause exists and that there is no reasonable alternative available to prevent the person from causing imminent personal injury to himself or to others with the firearms.

Section 23-31-1220. (A) A warrant may be issued on an affidavit sworn to by the complainant or complainants before the judge and establishing the grounds for issuing the warrant, and the affidavit must be made part of the seizure file. In determining whether grounds for the application exist or whether there is probable cause to believe the grounds exist, the judge shall consider:

- (1) recent threats or acts of violence by the person directed toward other persons;
- (2) recent threats or acts of violence by the person directed toward himself; and
- (3) recent acts of cruelty to animals by the person, including acts that violate Chapter 1, Title 47.

(B) In evaluating whether any recent threats or acts of violence constitute probable cause to believe that the person poses a risk of imminent personal injury to himself or to others, the judge may consider other factors including, but not limited to:

- (1) the reckless use, display, or brandishing of a firearm by the person;
- (2) a history of the use, attempted use, or threatened use of physical force by the person against other persons;
- (3) prior involuntary confinement of the person in a hospital for persons with psychiatric disabilities; and
- (4) the illegal use of controlled substances or abuse of alcohol by the person.

THURSDAY, MAY 6, 2021

Section 23-31-1230. If the judge is satisfied that the grounds for the application exist or that there is probable cause to believe that they exist, the judge shall issue a warrant naming or describing the person or property to be searched. The warrant must be directed to a proper law enforcement officer, must state the grounds or probable cause for its issuance, and must command the law enforcement officer to search within a reasonable time the person or property named for any and all firearms and ammunition. A copy of the warrant must be given to the person named therein together with a notice informing the person that the person has the right to a hearing pursuant to this section and the right to be represented by counsel at the hearing.

Section 23-31-1240. The applicant for the warrant shall file a copy of the application for the warrant and all affidavits upon which the warrant is based with the clerk of the probate court for the county in which the search will be conducted no later than the next business day following the execution of the warrant. Prior to the execution and return of the warrant, the clerk of the court may not disclose any information pertaining to the application for the warrant or any affidavits upon which the warrant is based. The warrant must be executed and returned with reasonable promptness consistent with due process of law and must be accompanied by a written inventory of all firearms and ammunition seized.

Section 23-31-1250. (A) Not later than seven days after execution of the warrant pursuant to this article, the probate court for the county where the person named in the warrant resides shall hold a hearing to determine whether any seized firearms and ammunition should be returned to the person named in the warrant or should continue to be held by the State. At the hearing, the State has the burden of proving all material facts by clear and convincing evidence.

(B) If, after the hearing, the court finds by clear and convincing evidence that the person poses a risk of imminent personal injury to himself or to other individuals, the court may order that the firearms and ammunition seized pursuant to the warrant to continue to be held by the State for a period not to exceed one year.

(C) If the court does not find clear and convincing evidence that the person poses a risk of imminent injury to himself or other individuals, the court shall order the seized firearms and ammunition to be returned to the person named in the warrant.

(D) If the court finds that the person poses a risk of imminent personal injury to himself or to other individuals, the court shall give notice to the

Any person whose firearms and ammunition has been ordered seized pursuant to this article, or the person's legal representative, may transfer any seized firearms and ammunition in accordance with applicable state or federal law, to any person eligible to possess the seized firearms and ammunition. The person, or the person's legal representative, may not request transfer until the court enters an order to continue to hold the seized firearms and ammunition pursuant to Section 23-31-1250(B). Section 23-31-1210. A solicitor, assistant solicitor, or two law enforcement officers may file a verified complaint with any probate court, for issuance of a warrant to seize any firearms and ammunition of a person if the solicitor, assistant solicitor, or law enforcement officers have probable cause to believe that:

THURSDAY, MAY 6, 2021

- (2) the person possesses one or more firearms; and
- (3) the firearms are within or upon any person or property.

Upon a receipt of an application that establishes the requisite grounds for the warrant as provided in Section 23-31-1220, a judge may issue a warrant commanding a proper law enforcement officer to enter into or upon such property, search the person and property, and take into the officer's custody any and all firearms and ammunition. Section 23-31-1220. (A) A warrant may be issued on an affidavit sworn to by the complainant or complainants before the judge and establishing the grounds for issuing the warrant, and the affidavit must be made part of the seizure file. - (1) recent threats or acts of violence by the person directed toward other persons;
- (2) recent threats or acts of violence by the person directed toward himself; and
- (3) recent acts of cruelty to animals by the person, including acts that violate Chapter 1, Title 47.

(B) In evaluating whether any recent threats or acts of violence constitute probable cause to believe that the person poses a risk of imminent personal injury to himself or to others, the judge may consider other factors including, but not limited to:

Section 23-31-1230. If the judge is satisfied that the grounds for the application exist or that there is probable cause to believe that they exist, the judge shall issue a warrant naming or describing the person or property to be searched. The warrant must be directed to a proper law enforcement officer, must state the grounds or probable cause for its

A copy of the warrant must be given to the person named therein together with a notice informing the person that the person has the right to a hearing pursuant to this section and the right to be represented by counsel at the hearing.

The warrant must be executed and returned with reasonable promptness consistent with due process of law and must be accompanied by a written inventory of all firearms and ammunition seized.

(A) Not later than seven days after execution of the warrant pursuant to this article, the probate court for the county where the person named in the warrant resides shall hold a hearing to determine whether any seized firearms and ammunition should be returned to the person named in the warrant or should continue to be held by the State. At the hearing, the State has the burden of proving all material facts by clear and convincing evidence.

(B) If, after the hearing, the court finds by clear and convincing evidence that the person poses a risk of imminent personal injury to himself or to other individuals, the court may order that the firearms and ammunition seized pursuant to the warrant to continue to be held by the State for a period not to exceed one year.

(C) If the court does not find clear and convincing evidence that the person poses a risk of imminent injury to himself or other individuals, the court shall order the seized firearms and ammunition to be returned to the person named in the warrant.

Section 23-31-1260. Any person whose firearms and ammunition has been ordered seized pursuant to this article, or the person's legal representative, may transfer any seized firearms and ammunition in accordance with applicable state or federal law, to any person eligible to

The Senate assembled at 12:00 Noon, the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Exodus 15:13

In the Song of Moses, there appears this line: "In your unfailing love you will lead the people whom you have redeemed . . ."

Bow in prayer with me, if you will: Most blessed and merciful Lord, we reflect today upon how You led Your people and gained praise for doing so lovingly and successfully. And so today, in a similar manner, we do give praise to these leaders who have labored diligently and tirelessly this year here in the Senate of South Carolina. For weeks each Senator and every aide has tried to do his or her very best for the people they are called to serve. To that end they have typically brought about results that will ultimately enhance daily living for everyone here in this State. And that is why today we salute these leaders as we pray that You, dear Lord, will grant unfailing blessings upon them all as they continue to serve and to lead. In Your loving name we pray, dear Lord. Amen.

Remarks by Senator KEVIN JOHNSON

Thank you, Mr. PRESIDENT. Over the weekend, I was thinking about an issue, and I remember that once toward the end of session my good friend, Senator DAVIS, had an issue that he was very concerned about and he made a promise to speak about that issue for a few minutes every day until we adjourned.

This whole idea regarding enhanced unemployment benefits and minimum wage concerns me. The Governor has directed the Department of Employment and Workforce not to accept or not to participate in the enhanced unemployment benefit for South Carolinians. This bothers me because as I said last week, we have many people in South Carolina who are making poverty wages. They work full time and sometimes their spouse and maybe sometimes their older children work, and they still cannot make ends meet. They do not have access to health insurance or they cannot afford it. There is a connotation that people are lazy or they do not want to work. However, as I said last week, some people are not at work under these circumstances during this pandemic, because they fear for their health. Some people are not at work because schools are closed and their young school aged children are at home participating in virtual education. In addition, there are others that are not working because their children are in a daycare program, and the daycare program is closed. Therefore, it is not always true that a person wants to sit home and not work and just receive a check from the government. Part of it may be, as I said last week, that people want to survive. If you give me

TUESDAY, MAY 11, 2021

the choice of leaving home to make \$7.25, \$8.00 or \$9.00 an hour or staying home with my children, who can't go to school and can't go to daycare -- receiving assistance during this pandemic to make ends meet then the choice is to be safe and stay home and take care of my children. I rise to say that \$300 a week extra is also peanuts if you are not making any money to begin with. I looked over the Payroll Protection Plan (PPP) list this weekend. We have people receiving thousands, tens of thousands and hundreds of thousands -- I saw a couple that were over \$1 million in PPP money and yet, there is a problem when people will not come to work for \$7.25 an hour. It bothers me that we would end the program, to give people a few extra dollars a week to make ends meet. When we have very wealthy and successful people receiving a considerable amount of money from the federal government -- we chose to cut off the funds that benefit the people who are most in need.

I just submit to you this afternoon that we got it wrong, and I wanted to make that point. I say again, if we have a problem in South Carolina, with what we are paying these employees, we need to support the increase in minimum wage. I am not saying it should be \$15.00, or whatever the case may be, but what I am saying, it is difficult for many people to survive off \$7.25 an hour. I am not going to come up here every day, but it is going to be one of my priorities next year to work hard to see that we pay people in South Carolina a livable wage and not poverty wages. I think people want to work and make a living. I think it is appalling that we would cut off the need or the funds that benefit them in favor of thousands and millions of dollars going to large businesses. It is somewhat ironic to me so I wanted to get up, make that point, and ask that we think about this while we are out of session. If we think about it and realize that none of us can live off \$7.25 an hour, we should be willing, next year, to try to do something to correct this issue. Thank you.

On motion of Senator MATTHEWS, with unanimous consent, the remarks of Senator K. JOHNSON, were ordered printed in the Journal.

Senator MASSEY spoke on the Resolution.

Remarks by Senator MASSEY

Mr. PRESIDENT, thank you. This is a Senate Resolution that deals with the perpetual state of emergency we find ourselves in since the start of COVID. We had a debate in the Senate last May to require the Governor and the General Assembly to follow the law. I have introduced other Bills this year. We have not gotten very far with those -- so now this Senate Resolution. My thinking is that the law says a state of emergency lasts for 15 days, unless the General Assembly consents to an extension. If the Senate does not consent, then the General Assembly does not consent. My Resolution says that the Senate refuses to consent to additional extensions of the state of emergency. I would hope that we can take the Resolution up this week. I'm happy to have a debate on it. But we need to take it up and have a vote on it one way or the other. My biggest concern is that if I were to ask for a show of hands right now regarding how many in here have had the Governor or his staff reach out to any of us about continuing the state of emergency, my guess is that nobody would raise his or her hand. There has been no consultation. There has been no discussion. There has been no explanation as to why we need to remain in a state of emergency 14 months later. There may very well be reasons. I am suspicious of that. But I know that there has been no outreach. That frustrates me. It ought to frustrate all of us because the statute says that you have to have the consent of the General

Assembly to extend a state of emergency. Again, I think that we need to take this up this week, debate it, and have a vote on it. I think the Resolution ought to pass because it stands on the letter of the law. Thank you for letting me make these introductory comments, Mr. PRESIDENT.

~~Indicates Matter Stricken~~

Indicates New Matter

The Senate assembled at 11:00 A.M., the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

II Samuel 6:14a

We remember that David, acting in his role as a priest, "... danced before the Lord with all his might. . ."

Let us pray: O God, we are quite aware that only a few days are remaining in this regular session for the Senate of South Carolina. With that reminder, how strong most likely is the temptation for each Senator and even for every staff aide to follow David's example and to break into wild, frenetic dancing here on the floor of this Chamber. We would all understand if they were to do so. For after weeks of long hours spent tirelessly working on behalf of those they represent, the desire for a bit of celebration is understandable. But we're not quite there yet, O Lord; we know that. A good bit of work remains to be done. So we ask that You keep these servants focused for a few more days, guiding them and blessing them as they try to wrap things up in meaningful fashion. And then, dear God, let the dancing begin! So we pray in Your loving name, Lord. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

A referendum for imposition or reimposition of the tax must be held at the time of the next general election in an even-numbered year. Two weeks before a referendum, a county's election commission must publish in a newspaper of general circulation the question that is to appear on the ballot, with a description of the methods by which the county's governing body intends to procure open lands and green space for preservation. If the proposed question includes the use of sales taxes to defray debt service on bonds issued to pay the costs of any preservation procurements, then the notice must include a statement indicating the principal amount of the bonds proposed to be issued for the purpose and, if the issuance of the bonds is to be approved as part of the referendum, stating that the referendum includes the authorization of the issuance of bonds in that amount. Remarks by Senator GUSTAFSON

I'll be brief. Back in January I asked for an adjournment in memory of Dr. Jerry Ellig. I'm going to take this moment to recognize the life of Dr. Jerry Ellig who lived in my district in Cassette, South Carolina.

He had huge contributions in the areas of competition advocacy, e-commerce and a huge regulatory impact in analysis on behalf of the United States of America. He was a research professor at George Washington University Regulatory Study Center. He was the chief economist for the Federal Communications Commission and Research--senior research fellow at March Kata Center at George Mason University. Dr. Ellig worked as a deputy director of policy planning with the Federal Trade Commission. He wrote numerous public policy books and journals, articles and regularly provided expert testimony to our U.S. Congress. Senator Ted Cruz delivered remarks on the U.S. Senate floor in January of this year to memorialize Dr. Ellig's patriotic service. His joyful spirit was noted both professionally and personally. He was a lover of liberty, an advocate for competition and free markets and a strong believer in the power of those free markets. He was a brilliant man. He was always happy to call South Carolina home. This great State is grateful and humbled to recognize Dr. Jerry Ellig and to honor his loving wife Sandy Chong and their daughter Cat Ellig.

On motion of Senator ALEXANDER, with unanimous consent, the remarks of Senator GUSTAFSON, were ordered printed in the Journal.

Remarks by Senator MALLOY

Today we are talking about the method by which executions are ordered. And, South Carolina does have a victims' bill of rights. Nothing in this debate will interfere or obstruct the victims' rights.

Consider the Charleston example. I know a young white male who bought a gun, which he should not have been allowed to buy, in order to try to start a race war. He bought 88 bullets. He mapped it out, took his time, and ultimately we know the rest of the story of what happened in that church.

But, he was never prosecuted by the State of South Carolina because of the problems with our death penalty process. We have to do something about that.

Now we are on this debate about whether electrocution, firing squad or lethal injection should be authorized. The State has said this is what we need to do. Today, we are asking how to do it.

I have done this work for over 30 years and have seen the most heinous crimes. I want to be clear, no one is saying that victims do not matter. We have passed Bills that include the victims' rights, such as the recent Omnibus Crime Bill.

I will never forget going down to Charleston and being on the side of the victims. I have seen first-hand what happened that bloody day in Charleston. Do not tell me about the victims' bill of rights. I have lived it.

But our responsibility here is to set policy. I want this to be a calm and productive debate. Everyone in this Senate feels sympathy for those that have suffered at the hands of wrongdoing. We are not arguing against the death penalty. That is not the discussion.

All this amendment deals with is whether notice is given and whether or not signatures are required. Do we end up at the Senate position? Can we make it back there?

Victims' rights will always be considered. They have to be because we all are citizens of this great State and there are too many people who have been murdered in this State. It has happened in my own family.

I decided to become a lawyer when I was in the seventh grade. One of my uncles was shot. I went to the trial. They swept any concern for the victims under the damn rug! I was just a little boy, but I was not going to stand for it. The man got sentenced to only three years. A junior prosecutor handled the case. It was nonsense and it tore up our whole family. We are not alone. It has happened repeatedly.

I respect the comments from Senator GOLDFINCH; but we need to stay focused. We are not trying ignore the victims' role in this process;

WEDNESDAY, MAY 12, 2021

but we must consider the method and I think there are many things about the method that need work.

We must adhere to the responsibilities that we have for the oath that we have taken and do the best that we can for our constituents. What we have now is an opportunity to improve the process by which the death penalty is carried out. We owe it to ourselves to have this debate.

We must make certain that these individuals, who have gotten to those shadows of life, who must pay the price for what they have done, get a chance to choose how they die. This is the debate today.

On motion of Senator SABB, with unanimous consent, the remarks of Senator MALLOY, were ordered printed in the Journal.

The Senate concurred in the House amendments and a message was sent to the House accordingly. Ordered that the title be changed to that of an Act and the Act enrolled for Ratification.

Statement by Senator MALLOY

Nothing in this vote should be construed as my position on the death penalty. Today we spent a considerable amount of time in debate on the method of putting a person to death. I believe that neither electrocution nor firing squad are the proper direction for our State to take on this matter and represent regression, not progress. Death penalty sentences must be carried out in a legally sound, proper, and humane manner, and must 'draw [its] meaning from the evolving standards of decency that mark the progress of a maturing society.' (See *Trop v. Dulles*, plurality decision) *Bucklew v. Precythe*, *Glossip v. Gross*, and the other recent decisions on the death penalty broadly reiterate the parameters installed by analysis of the Eighth Amendment including freedom from terror, pain, or disgrace during the imposition of capital punishment. We have yet to rectify the ability of the state to carry out executions in a constitutionally sound and humane manner.

“Section 7-1-110. (A) The President of the Senate, on behalf of the Senate, and the Speaker of the House of Representatives, on behalf of the House of Representatives, have an unconditional right to intervene on behalf of their respective bodies in a state court action that challenges the validity of an election law, an election policy, or the manner in which an election is conducted.

SECTION 3. A. Section 7-3-10 of the 1976 Code is amended to read:

“Section 7-3-10. ~~(a)~~(A) There is hereby created the State Election Commission composed of five members, to be appointed by the Governor upon the advice and consent of the Senate, at least one of whom shall be a member of the majority political party represented in the General Assembly, and at least one of whom shall be a member of the largest minority political party represented in the General Assembly; ~~to be appointed by the Governor to serve terms of four years and until their successors have been elected and qualify, except of those first appointed three shall serve for terms of two years.~~ In considering appointments to the commission, race, gender, and other geographic and demographic factors must be considered to assure nondiscrimination, inclusion, and representation to the greatest extent possible of all segments of the population of the State. The terms of the members of the State Election Commission shall be for four years and until their successors are appointed and qualify, provided, however, that a member may not serve in holdover status for more than one year. If a member who has been reappointed and who is serving in holdover status is not confirmed by the Senate on or before the sine die adjournment of the General Assembly following the expiration of the member’s term, then the member’s seat is vacated, and he is ineligible to serve on the State Election Commission as a recess or interim appointee. If a person appointed to serve as a commissioner is rejected by a vote of the Senate, then, if the appointment was an initial appointment, the person cannot take office and is ineligible to serve as an interim appointee to the State Election Commission and, if the appointment was a reappointment, the person may serve the remainder of his term in office, if any, his seat is vacated upon the expiration of his term, and the person is ineligible to serve as a recess or interim appointee to the State Election Commission. Any vacancy on the ~~Commission~~ commission shall be filled for the unexpired portion of the term in the same manner as the original appointment.

~~(b)~~(B) The Governor shall appoint one of the members to serve as chairman for a term of two years and until his successor has been appointed and qualifies. The ~~Commission~~ commission shall select such other officers from among its members as it may deem necessary.

~~(c)~~(C) The commission shall meet at its offices in Columbia at least once each month or at such times as considered necessary by the

WEDNESDAY, MAY 12, 2021

commission. However, the commission may change the location of the meeting if the change is more convenient for the commission or any parties scheduled to appear before the commission.

~~(d)(D)~~ The ~~Commission~~ commission shall have the powers and duties as enumerated in this title.

~~(e)(E)~~ No member of the commission may participate in political management or in a political campaign during the member's term of office. No member of the commission may make a contribution to a candidate or knowingly attend a fundraiser held for the benefit of a candidate. Violation of this subsection subjects the commissioner to removal by the Governor.

(F) The commission shall promulgate regulations to establish standardized processes for the administration of elections and voter registration, which must be followed by county boards of voter registration and elections, as established pursuant to Article 1, Chapter 5, Title 7. The standards established by the commission must comply with federal and state statutory, regulatory, and constitutional standards. The commission is prohibited from promulgating emergency regulations pursuant to Section 1-23-130. The standardized processes promulgated pursuant to this subsection must take into account unique circumstances around the State, including, but not limited to, population and geographic disparities among the various counties.

(G) The commission shall provide for the supervision of the conduct of county boards of voter registration and elections, as established pursuant to Article 1, Chapter 5, Title 7, which administer elections and voter registration in the State. The commission is ultimately responsible for ensuring those boards' compliance with the requirements of applicable state or federal law and State Election Commission policies, procedures, and standardized processes with regard to the conduct of elections or the voter registration process by all persons involved in the elections process."

B. On the effective date of this act, the terms of the members of the State Election Commission are expired, and a new State Election Commission must be established pursuant to Section 7-3-10(a), as amended by this act. In order to stagger the terms of the members of the State Election Commission, the initial terms are as follows, regardless of when a member is appointed and qualifies:

(1) the initial appointment of one member of the majority political party represented in the General Assembly and the initial appointment of one member of the largest minority political party represented in the General Assembly are for terms expiring on July 1, 2023; and

WEDNESDAY, MAY 12, 2021

(2) the initial appointments of three members are for terms expiring on July 1, 2025.

C. A member whose term expires on the effective date of this act may continue to serve in the seat in holdover status until a successor is appointed and qualifies, provided that if no successor has received the advice and consent of the Senate by May 13, 2021, or by the deadline for the confirmation of appointments in a sine die resolution that is passed in 2021, whichever is later, then the member's seat is vacated on the later of the two dates and is ineligible to serve as an interim appointment to the State Election Commission. If a member who is serving in holdover status is rejected by a vote of the Senate, then the member's seat is vacated on the date the member is rejected by a vote of the Senate and the member is ineligible to serve as an interim appointment to the State Election Commission.

SECTION 4. A. Section 7-3-20 of the 1976 Code is amended to read:

“Section 7-3-20. (A) The State Election Commission shall ~~elect~~ appoint an executive director, upon the advice and consent of the Senate, who shall be directly responsible to the commission and who shall serve at the pleasure of the commission. The executive director shall be the chief administrative officer for the State Election Commission. In the event of a vacancy in the position of executive director, an interim director must be appointed by the State Election Commission, and an appointment for a permanent executive director must be submitted to the Senate as soon as practicable. If a person is appointed by the State Election Commission to be executive director and is not confirmed by the Senate by the date for the sine die adjournment of the General Assembly following the appointment, then the person must not serve as an interim or permanent executive director.

(B) The executive director shall receive such compensation and employ such staff, subject to the approval of the State Election Commission, as may be provided by law.

(C) The executive director shall:

(1) direct and supervise the implementation of the standardized processes established by the commission pursuant to Section 7-3-10(F);

(2) supervise the conduct of county board of elections and voter registration, as established pursuant to Article 1, Chapter 5, which administer elections and voter registration in the State and ensure those boards' compliance with the requirements with applicable state or federal law or State Election Commission policies and procedures with regard

WEDNESDAY, MAY 12, 2021

to the conduct of elections or the voter registration process by all persons involved in the elections process;

~~Indicates Matter Stricken~~
Indicates New Matter

The Senate assembled at 11:00 A.M., the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Isaiah 55:12

Isaiah the prophet pronounced: "For you shall go out in joy, and be led back in peace; the mountains and the hills before you shall break forth into song, and all the trees of the field shall clap their hands."

Join me as we pray, good friends: Gracious and loving Lord, despite the challenges of the past months, the debates and the hours spent in hearings and committees, the Senate of South Carolina comes today to its last regular session of this 124th General Assembly. So it seems entirely appropriate and right, merciful God, that you allow each of these servants to experience a sense of joy. And may that "joy" include a full measure of release from pressures and debates and verbal arm wrestling, at least for a while. And then, in due time, Lord, bring these Senators and their aides and all of the other Senate staff members back again -- renewed and refocused -- to continue their service to the people of South Carolina. For each of these servants, we give you our heartfelt praise, O Lord. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

Remarks by Senator SETZLER

Today is a special day in these ladies' lives and a sad day for us. These ladies have served us so faithfully and will be retiring after today.

Nurse Betsy and Nurse Cicely have been our friends, our confidants, and our caretakers for many years. Betsy has been with us for 14 years, and Cicely has been with us for 10 years.

These two ladies have a combined 100 years of nursing experience in a variety of medical specialties that range from emergency room to trauma to certified nurse instructor. Not only have these two nurses cared for each one of us and the staff, but they also are with us every day until both bodies adjourn session for the day.

They have cared for scraped knees of children and for those who have fallen while visiting the State House. They have been front line when someone suffered a massive heart attack in the State House.

THURSDAY, MAY 13, 2021

These ladies are not only nurses, but they are family. We thank both of them for serving as a nurse, as an advisor, as a counselor, and mostly importantly, as a friend to each of us.

Ladies, we cannot replace you. We cannot thank you enough for what you have done. From the bottom of our hearts, we wish you well as you go on your next journey to be with your husbands, your children and your grandchildren. We appreciate them sharing you with us for the past 14 and 10 years.

We wish you Godspeed. Thank you and join me in giving Nurse Betsy and Nurse Cicely a round of applause.

On motion of Senator McELVEEN, with unanimous consent, the remarks of Senator SETZLER, were ordered printed in the Journal.

Expression of Personal Interest

Senator KIMPSON rose for an Expression of Personal Interest.

Remarks by Senator KIMPSON

Thank you, Mr. PRESIDENT, members -- if I could just have your attention for a moment. This morning I issued a statement on the death of Jamaal Sutherland. Mr. Sutherland died while in the custody of law enforcement back in January. In Charleston, we've known Jamal's name. But soon people across the country will know him and will be calling for the same answers that his family has been searching for since he was killed in January. Unfortunately, I believe that the coming days will give the public a grim, heartbreaking look into his final moments. While, I have not seen the videotape of his death, I have had discussions with people who have first-hand knowledge of it. I am told it is very disturbing. In this regard, we must begin with the premise that mental illness is not a crime and certainly is not deserving of death. At a minimum, when law enforcement is involved, they must be adequately trained to intervene in such situations. I know of few circumstances, where a mentally ill person restrained and behind bars should result in death at the hands of law enforcement while in custody. At this point, I would simply ask that the public be patient as the videotape is released and the facts unfold. And I would also ask law enforcement and political leaders and the public at large to understand the deep frustrations these situations cause in communities of people who always believe they are beaten, battered and even killed at times, for no justifiable reason. Clearly there must be accountability and systematic policy changes to address this issue.

On motion of Senator JACKSON, with unanimous consent, the remarks of Senator KIMPSON, were ordered printed in the Journal.

Expression of Personal Interest

Senator McLEOD rose for an Expression of Personal Interest.

~~Indicates Matter Stricken~~

Indicates New Matter

The Senate assembled at 12:00 Noon, the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Hosea 6:1

In Scripture we read that the prophet Hosea calls to the people, saying:
“ ‘Come, let us return to the Lord.’ ”

Bow with me as we pray: O Lord, though the prophet might have declared “let us return,” know that we realize You are with us always, in each and every moment of our days. You are there with us when we do have opportunities to relax a bit, to enjoy time with family, to focus more purposefully upon tasks at our home, workplace, whatever the circumstance. And, of course, we know that, as always, You indeed are already here with Your servants as they have been called back to carry out more of the work of this State. So, Lord, embrace each Senator and every staff aide in Your care. Lead them to those decisions that will be the very best for the people of South Carolina. And truly, may the return this week for these leaders prove to be a blessing in every sense. In Your loving name we pray, dear Lord. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

must make annual reports to the advisory board, which reports must be submitted to the General Assembly by the Governor, in which full information as to all of the acts of said board of directors shall be given, together with financial statement and full information as to the work of the Authority. On July first of each year, the advisory board must designate a certified public accountant or accountants, ~~resident in the State,~~ for the purpose of making a complete audit of the affairs of the authority, which must be filed with the annual report of the board of directors. The Public Service Authority must submit the audit to the General Assembly.

(E)(1) The following shall be nonvoting ex officio members of the board of directors entitled to attend all meetings of the Authority board, including any executive sessions, except as set forth below:

The Chairman of Central Electric Power Cooperative, or his designee, and one member of the Board of Central Electric Power Cooperative chosen by that board who is not the chairman or his designee. The ex officio members shall have the same obligations and duties as other members of the board, except the obligation to vote, and are subject to removal in the same manner as other board members. An ex officio member that has otherwise satisfied all obligations and duties owed to the Public Service Authority shall not be liable for matters directly related to either the process of voting nor a decision determined by a vote of the board of directors.

(2) The ex officio members may be excluded from executive session where the following matters are being discussed:

(3) When ex officio members are excluded from executive session, the reason for the conflict must be stated before the vote is taken and shall be recorded in official minutes or other records of the meeting.

TUESDAY, JUNE 8, 2021

The ex officio member of the board must be given an opportunity to speak to the conflict and the underlying issue at the beginning of the executive session. After being provided the opportunity to speak as provided in this provision, the ex officio member must leave the room and may not participate in the remainder of the executive session on the issue giving rise to the conflict. Efforts should be taken to optimize participation of ex officio members by segmenting executive sessions.

(4) Ex officio members will begin serving immediately upon a letter indicating their appointments is delivered to the board and to the Public Utilities Review Committee but must meet the qualifications set forth in Section 58-31-20(C) as verified by the Public Utilities Review Committee within six months of beginning service as an ex officio member. In the event that the Board of Central Electric Power Cooperative removes the ex officio member, the Public Service Authority Board of Directors must receive notice at least sixty days before the ex officio member's successor begins service on the Public Service Authority Board of Directors. An ex officio member will not be entitled to receive compensation from the Public Service Authority for his or her service as an ex officio member and will not be counted for purposes of determining a quorum.

(F) In making appointments to the board of directors, the Governor, in making appointments and the Senate, in its advice and consent capacity, must give due consideration to race, gender, and other demographic factors to assure nondiscrimination, inclusion, and representation to the greatest extent possible of all segments of the population of this State."

The Public Service Authority must provide a report to the Agency Head Salary Commission by July 6, 2021, with information regarding any severance package, payment or other benefit conferred upon an executive officer or member of the board of the Public Service Authority from January 1, 2020, through June 30, 2021.”

SECTION 4. Section 58-31-55 of the 1976 Code is amended to read:

(3) a committee of the board of directors of which he is not a member if the director reasonably believes the committee merits confidence.

(C) A director is not acting in good faith if he has knowledge concerning the matter in question that makes reliance otherwise permitted by subsection (B) unwarranted.

(D) A director is not liable for any action taken as a director, or any failure to take any action, if he performed the duties of his office in compliance with this section.

(E) An action against a director for failure to perform the duties imposed by this section must be commenced within three years after the cause of action has occurred, or within two years after the time when the cause of action is discovered or should reasonably have been discovered, whichever occurs sooner. This limitations period does not apply to breaches of duty which have been concealed fraudulently.

(F) Any violation of this code section by a director shall constitute grounds for removal from office by the Governor pursuant to Section 1-3-240."

SECTION 5. Section 58-31-56 of the 1976 Code is amended to read:

TUESDAY, JUNE 8, 2021

“Section 58-31-56. (A) A conflict of interest transaction is a transaction with the Public Service Authority in which a director of the Public Service Authority has a direct or indirect interest. A conflict of interest transaction is not voidable by the Public Service Authority solely because of the director’s interest in the transaction if any one of the following is true:

(1) the material facts of the transaction and the director’s interest were disclosed or known to the board of directors or a committee of the board of directors, and the board of directors or a committee authorized, approved, or ratified the transaction; or

(2) the transaction was fair to the Public Service Authority and its customers.

If item (1) has been accomplished, the burden of proving unfairness of any transaction covered by this section is on the party claiming unfairness. If item (1) has not been accomplished, the party seeking to uphold the transaction has the burden of proving fairness.

(B) For purposes of this section, a director of the Public Service Authority has an indirect interest in a transaction if:

(1) another entity in which he has a material financial interest or in which he is a general partner is a party to the transaction; or

(2) another entity of which he is a director, officer, or trustee is a party to the transaction and the transaction is or should be considered by the board of directors of the Public Service Authority.

(C) For purposes of subsection (A)(1), a conflict of interest transaction is authorized, approved, or ratified if it receives the affirmative vote of a majority of the directors on the board of directors (or on the committee) who have no direct or indirect interest in the transaction, but a transaction may not be authorized, approved, or ratified under this section by a single director. If a majority of the directors who have no direct or indirect interest in the transaction vote to authorize, approve, or ratify the transaction, a quorum is present for the purpose of taking action under this section. The presence of, or a vote cast by, a director with a direct or indirect interest in the transaction does not affect the validity of any action taken under subsection (A)(1) if the transaction is otherwise authorized, approved, or ratified as provided in that subsection.

(D) Any violation of this code section by a director shall constitute grounds for removal from office by the Governor pursuant to Section 1-3-240.”

No right to appeal accrues unless a request for reconsideration is submitted to the board and refused as set out in S.C. Code Ann. Section 58-31-730(G)(2).

(2) Any party in interest seeking to appeal must first submit, within ten days after the decision of the board, a request for reconsideration. The board of directors shall either grant or refuse such request within twenty days of receipt. If the board grants the request for reconsideration, it must meet to consider the request within thirty days.

(3) On appeal, the South Carolina Supreme Court may not substitute its judgment for the judgment of the board of directors as to the weight of the evidence on questions of fact. The court may affirm the decision of the board of directors or remand the case to the board of directors for further proceedings. The court may reverse or modify the decision if substantial rights of the appellant have been prejudiced because the board's findings, inferences, conclusions, or decisions are:

- (a) in violation of constitutional or statutory provisions;
- (b) in excess of the statutory authority of the Authority;
- (c) made upon unlawful procedure;
- (d) affected by other error of law;
- (e) clearly erroneous in view of the reliable, probative, and substantial evidence on the whole record; or

(f) arbitrary or capricious or characterized by abuse of discretion or clearly unwarranted exercise of discretion.

(H) The procedure provided in this article is the exclusive process for challenging any rate adjustments approved by the board of directors. If a party in interest successfully challenges a rate approval decision on appeal, the exclusive remedy is a prospective adjustment of a new rate by the board of directors. The board of directors possesses authority only to adjust rates prospectively and has no authority to refund amounts collected pursuant to a rate adjustment approved pursuant to this article. The filed rate doctrine protects any such rate adjustment decisions from any collateral attack, which includes, but is not limited to, any claim that a rate adjustment decision by the board of directors violates S.C. Code Ann. Sections 58-31-55, 58-31-56, or 58-31-57.

Section 58-31-740. The Authority shall submit to the Office of Regulatory Staff a pricing report each year, and its report must include an analysis of the adherence to the pricing principles required in Section 58-31-710, the current and projected electric customer pricing, a comparison of pricing to other utilities, and an analysis of the rates of return by customer class. After its review, the ORS shall issue comments on the Authority's annual pricing report to the Authority's board of directors and the Public Utility Review Committee."

SECTION 12. Chapter 31, Title 58 of the 1976 Code is amended by adding:

"Section 58-31-225. The Office of Regulatory Staff, under the provisions of this section, is hereby vested with the authority and jurisdiction to make inspections, audits, and examinations of the Public Service Authority pursuant to the provisions of Chapter 4, Title 58, relating to the electric rates established by the Public Service Authority. Upon completion of an authorized inspection, audit, or examination, the Office of Regulatory Staff must report its findings to the management and board of the Public Service Authority and attempt to resolve with the management and board any issues that are identified. The Public Service Authority must post information regarding its electric rates on its website."

SECTION 13. Chapter 4, Title 58 of the 1976 Code is amended by adding:

"Section 58-4-51. (A) Regulatory staff shall have the following duties and responsibilities concerning the Public Service Authority to:

(1) when considered necessary by the Executive Director of the Office of Regulatory Staff, review, investigate, and make appropriate recommendations to the appropriate entity with respect to the rates

charged or proposed to be charged for electric service provided by the Public Service Authority;

(2) when considered necessary by the Executive Director of the Office of Regulatory Staff, make inspections, audits, and examinations of, and to make recommendations to, the appropriate entity, regarding electric service provided by the Public Service Authority;

(3) upon request by the commission, make studies and recommendations to the commission with respect to standards, regulations, practices, or electric service provided by the Public Service Authority for matters within the commission's jurisdiction; and

(4) when considered necessary by the Executive Director of the Office of Regulatory Staff, investigate and examine the condition of generation, transmission, or distribution electric facilities owned or operated by the Public Service Authority.

(B) Regulatory staff may participate as a party of interest, as deemed necessary by the Executive Director of the Office of Regulatory Staff, before regulatory agencies, state courts and federal courts, in matters that could affect the Public Service Authority's rates or charges for the Authority's electric service.

(C) The regulatory staff may have additional duties and responsibilities related to the Public Service Authority as otherwise provided by law."

SECTION 14. Section 58-4-55 of the 1976 Code is amended to read:

"Section 58-4-55. (A) The regulatory staff, in accomplishing its responsibilities under Section 58-4-50 and Section 58-4-51, may require the production of books, records, and other information to be produced at the regulatory staff's office, that, upon request of the regulatory staff, must be submitted under oath and without the requirement of a confidentiality agreement or protective order being first executed or sought. The regulatory staff must treat the information as confidential or proprietary unless or until the commission rules such information is not entitled to protection from public disclosure or the public utility, the Public Service Authority, or the electric cooperative agrees that such information is no longer confidential or proprietary. Unless the commission's order contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Sections 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; provided, however, that, if the

commission determines that it is necessary to view such documents or information, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection unless otherwise ordered by the commission. Although the Public Service Authority is subject to the Freedom of Information Act pursuant to Sections 30-4-10, et seq., the Authority, when necessary and appropriate, may indicate that documents or information provided to regulatory staff is confidential or proprietary, or otherwise exempt from disclosure in accordance with statute, and the regulatory staff must treat this information in the same manner as public utilities and cooperatives pursuant to this section.

If the books, records, or other information provided do not appear to disclose full and accurate information and, if such apparent deficiencies are not cured after reasonable notice, the regulatory staff may require the attendance and testimony under oath of the officers, accountants, or other agents of the parties having knowledge thereof at such place as the regulatory staff may designate and the expense of making the necessary examination or inspection for the procuring of the information must be paid by the party examined or inspected, to be collected by the regulatory staff by suit or action, if necessary. If, however, the examination and inspection and the reports thereof disclose that full and accurate information had previously been made, the expense of making the examination and inspection must be paid out of the funds of the regulatory staff.

(B) If the regulatory staff initiates an inspection, audit, or examination of a public utility, the Public Service Authority, or an electric cooperative, the public utility, the Public Service Authority, or the electric cooperative that is the subject of the inspection, audit, or examination may petition the commission to terminate or limit the scope of such inspection, audit, or examination. The commission must grant such petition if it finds that such inspection, audit, or examination is arbitrary, capricious, unnecessary, unduly burdensome, or unrelated to the regulated operations of the public utility, the Public Service Authority, or the electric cooperative.

(1) If such an inspection, audit, or examination is not part of a contested case proceeding, the public utility, the Public Service Authority or the electric cooperative may also raise objections or seek relief available under the South Carolina Rules of Civil Procedure to a party upon whom discovery is served or to a person upon whom a subpoena is served. The commission shall provide the regulatory staff reasonable notice to respond to any such objection or request. Absent the

TUESDAY, JUNE 8, 2021

consent of the public utility, the Public Service Authority, or the electric cooperative raising such an objection or request and the Office of Regulatory Staff, the commission must rule on such an objection or request within sixty days of the date it was filed. During the pendency of the commission's ruling, the public utility, the Public Service Authority, or the electric cooperative making such an objection or request is not required to produce or provide access to any documents or information that is the subject of the objection or request.

(2) If such an inspection, audit, or examination is part of a contested case proceeding, the commission shall address objections to information sought by the regulatory staff in the same manner in which it addresses objections to discovery issued by the parties to the contested case proceeding.

(C) Any public utility, the Public Service Authority, or any electric cooperative that provides the regulatory staff with copies of or access to documents or information in the course of an inspection, audit, or examination that is not part of a contested case proceeding may designate any such documents or information as confidential or proprietary if it believes in good faith that such documents or information would be entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The regulatory staff may petition the commission for an order that some or all of the documents so designated are not entitled to protection from public disclosure and it shall be incumbent on the utility to prove that such documents are entitled to protection from public disclosure under the South Carolina Rules of Civil Procedure or any provision of South Carolina or federal law. The commission shall rule on such petition after providing the regulatory staff and the utility an opportunity to be heard. Unless the commission's order on such a petition contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Sections 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity; provided, however, that, if the commission determines that it is necessary to view such documents or information in order to rule on such a petition, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection during the pendency of the petition.

TUESDAY, JUNE 8, 2021

(D) Nothing in this section restricts the regulatory staff's ability to serve discovery in a contested case proceeding that seeks the type of documents or information the regulatory staff has obtained in the course of any review, investigation, inspection, audit, or examination, nor does anything in this section restrict the ability of any public utility, the Public Service Authority, or electric cooperative to object to such discovery or to seek relief regarding such discovery, including without limitation, the entry of a protective order. The regulatory staff shall not be required to execute a confidentiality agreement or seek a protective order prior to accessing the documents or information of a public utility, the Public Service Authority, or an electric cooperative, and such information or documents must be treated as confidential or proprietary unless or until the commission rules such information is not entitled to protection from public disclosure or the public utility, the Public Service Authority, or the electric cooperative agrees that such information is no longer confidential or proprietary. Unless the commission's order contains a finding to the contrary, all documents or information designated as confidential or proprietary pursuant to this subsection are exempt from public disclosure under Section 30-4-10, et seq., and the regulatory staff shall not disclose such documents and information, or the contents thereof, to any member of the commission or to any other person or entity. However, if the commission determines that it is necessary to view such documents or information, it shall order the regulatory staff to file the documents or information with the commission under seal, and such documents or information shall not be available for public inspection unless otherwise ordered by the commission.

(E)(1) The Office of Regulatory Staff, in order to accomplish any of the responsibilities assigned to it by Chapter 4, Title 58 or any other provision of law, may apply to the circuit court for subpoenas to be issued to entities over which the Public Service Commission does not have jurisdiction. Such subpoenas will be issued by the circuit court in the same manner as subpoenas are issued to parties to proceedings before that court, and all rules applicable to the issuance of such subpoenas, including enforcement and penalties, shall apply to subpoenas issued at the request of the regulatory staff.

(2) In order to accomplish any of the responsibilities assigned to the Office of Regulatory Staff regarding the Public Service Authority in which the commission does not have jurisdiction, regulatory staff may request a hearing with the Administrative Law Court.

(F) The actual expenses of the Office of Regulatory Staff incurred in carrying out its duties under Section 58-4-50(A)(12) must be certified

annually to the Public Utilities Review Committee in an itemized statement by the Office of Regulatory Staff, shown as a line item in the Office of Regulatory Staff budget, to be assessed directly to an audited electric cooperative by the Office of Regulatory Staff, and deposited with the State Treasurer to the credit of the Office of Regulatory Staff.”

SECTION 15. Section 58-27-190 of the 1976 Code is amended to read:

“Section 58-27-190. The Office of Regulatory Staff has the right at any and all times to inspect the property, plant, and facilities of any electrical utility and the South Carolina Public Service Authority and to inspect or audit at reasonable times the accounts, books, papers, and documents of any electrical utility and the South Carolina Public Service Authority. For the purposes herein mentioned an employee or agent of the Office of Regulatory Staff may during all reasonable hours enter upon any premises occupied by or under the control of any electrical utility or the South Carolina Public Service Authority. An employee or agent of the Office of Regulatory Staff authorized to administer oaths has the power to examine under oath any officer, agent, or employee of the electrical utility and the South Carolina Public Service Authority, in relation to the business and affairs of the electrical utility or the South Carolina Public Service Authority, but written record of the testimony or statement so given under oath must be made.”

SECTION 16. Section 58-27-200 of the 1976 Code is amended to read:

“Section 58-27-200. In the performance of its duties under this chapter, an employee or agent of the Office of Regulatory Staff may inspect or make copies of all income, property, or other tax returns, reports, or other information filed by electrical utilities or the South Carolina Public Service Authority, with or otherwise obtained by any other department, commission, board, or agency of the state government. All departments, commissions, boards, or agencies of the state government must permit an employee or agent of the Office of Regulatory Staff to inspect or make copies of all information filed by electrical utilities or the South Carolina Public Service Authority, with or otherwise obtained by the department, commission, board, or agency of the state government.”

SECTION 17. Section 58-27-210 of the 1976 Code is amended to read:

“Section 58-27-210. Whenever it shall appear that any electrical utility, electric cooperative, the South Carolina Public Service Authority regarding its provision of electric services, or consolidated political

subdivision is failing or omitting, or about to fail or omit, to do anything required of it by law or by order of the commission or is doing, or about to do anything or permitting or about to permit anything to be done contrary to or in violation of law or of any order of the commission, an action or proceeding shall be prosecuted in any court of competent jurisdiction in the name of the Office of Regulatory Staff for the purpose of having such violation or threatened violation discontinued or prevented, either by mandamus, injunction, or other appropriate relief, and in such action or proceeding, it shall be permissible to join such other persons, corporations, municipalities, or consolidated political subdivisions as parties thereto as may be reasonably necessary to make the order of the court in all respects effective. The commission must not be a party to any action.”

SECTION 18. Section 58-27-220 of the 1976 Code is amended to read:

“Section 58-27-220. In addition to the foregoing expressly enumerated powers, the Office of Regulatory Staff must enforce, execute, administer, and carry out the provisions of this chapter relating to the powers, duties, limitations, and restrictions imposed upon electrical utilities and the South Carolina Public Service Authority by this chapter or any other provisions of the law of this State regulating electrical utilities and the South Carolina Public Service Authority regarding its provision of electric services.”

“Section 58-33-20. (1) The term ‘commission’ means Public Service Commission.

(2) The term ‘major utility facility’ means:

(a) electric generating plant and associated facilities designed for, or capable of, operation at a capacity of more than seventy-five megawatts.

SECTION 20. Article 3, Chapter 33, Title 58 of the 1976 Code is amended by adding:

“Section 58-33-180. (A)(1) In addition to the requirements of Articles 1, 3, 5, and 7 of Chapter 33, Title 58, a certificate for the construction of a major utility facility shall be granted only if the Public Service Authority demonstrates and proves by a preponderance of the evidence and the commission finds:

(a) the construction of a major utility facility constitutes a more cost-effective means for serving direct serve and wholesale customers than other feasibly available long-term power supply alternatives and provides less ratepayer risk while maintaining safe and reliable electric service than other feasibly available long-term power supply alternatives; and

(b) energy efficiency measures; demand-side management; renewable energy resource generation; available long-term power supply alternatives, or any combination thereof, would not establish or maintain a more cost-effective and reliable generation system and that the construction and operation of the facility is in the public interest.

(2) Available long-term power supply alternatives may include, but are not limited to, power purchase agreements, competitive

procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof.

(3) The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's resource and fuel diversity, reasonably anticipated future operating costs, arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power and other alternative methods for providing reliable, efficient, and economical electric service.

(B) The Public Service Authority shall file an estimate of construction costs in such detail as the commission may require. No certificate shall be granted unless the commission has approved the estimated construction costs and made a finding that construction will be consistent with the Authority's commission-approved plan for expansion of electric generating capacity.

Section 58-33-185. (A) The Public Service Authority may not enter into a contract for the acquisition of a major utility facility without approval of the Public Service Commission of South Carolina, provided that the approval is required only to the extent the transaction is not subject to the exclusive jurisdiction of the Federal Energy Regulatory Commission or any other federal agency.

(B)(1) In acting upon any petition by the Public Service Authority pursuant to this section, the Public Service Authority must prove by a preponderance of the evidence that the proposed transaction constitutes a more cost-effective means for serving direct serve and wholesale customers than other feasibly available long-term power supply alternatives and provides less ratepayer risk while maintaining safe and reliable electric service than other feasibly available long-term power supply alternatives. The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's arrangements with other electric utilities for interchange of power, pooling of plants, purchase of power and other alternative methods for providing reliable, efficient, and economical electric service.

than proposed, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof.

(C) Application for the approval of the commission shall be made by the Public Service Authority and shall contain a concise statement of the proposed action, the reasons therefor, and such other information as may be required by the commission.

(D) Upon the receipt of an application, the commission shall promptly fix a date for the commencement of a public hearing, not less than sixty nor more than ninety days after the receipt, and shall conclude the proceedings as expeditiously as practicable. The commission shall establish notice requirements and proceedings shall include an opportunity for intervention, discovery, filed comments or testimony, and an evidentiary hearing.

(E) The commission shall render a decision upon the record either granting or denying the application as filed, or granting it upon such terms, conditions or modifications as the commission may deem appropriate.

(F)(1) The commission may not grant approval unless it shall find and determine that the Public Service Authority satisfied all requirements of this section and the proposed transaction is in the best interests of the retail and wholesale customers of the Public Service Authority.

(2) The commission also may require compliance with any provision of Article 3, Chapter 33, Title 58 that the commission determines necessary to grant approval.

Section 58-33-190. (1) The Public Service Authority may not enter into a contract for the purchase of power with a duration longer than ten years without approval of the Public Service Commission of South Carolina, provided that the approval is required only to the extent the transaction is not subject to the exclusive jurisdiction of the Federal Energy Regulatory Commission or any other federal agency. This section does not apply to purchases of renewable power through a commission approved competitive procurement process.

(2) The commission shall consider any previous analysis performed pursuant to Section 58-37-40 in acting upon any petition by the Public Service Authority pursuant to this section. The commission shall also take into account the Public Service Authority's resource and fuel diversity, reasonably anticipated future operating costs, arrangements

with other electric utilities for interchange of power, pooling of plants, purchase of power, and other alternative methods for providing reliable, efficient, and economical electric service.

(3) The commission may not grant approval unless it shall find and determine that the proposed transaction is in the best interests of the retail and wholesale customers of the Public Service Authority.”

SECTION 21. Section 58-37-40 of the 1976 Code is amended to read:

“Section 58-37-40. (A) Electrical utilities, electric cooperatives, municipally owned electric utilities, and the South Carolina Public Service Authority must each prepare an integrated resource plan. An integrated resource plan must be prepared and submitted at least every three years. Nothing in this section may be construed as requiring interstate natural gas companies whose rates and services are regulated only by the federal government or gas utilities subject to the jurisdiction of the commission to prepare and submit an integrated resource plan.

(1) Each electrical utility with one hundred thousand or more customer accounts and the Public Service Authority must submit its integrated resource plan to the commission. The integrated resource plan must be posted on the electrical utility’s website and on the commission’s website.

(2) Electric cooperatives, electric utilities with less than one hundred thousand customer accounts, and municipally owned electric utilities shall each submit an integrated resource plan to the State Energy Office. Each integrated resource plan must be posted on the State Energy Office’s website. If an electric cooperative, electric utility with less than one hundred thousand customer accounts, or municipally owned utility has a website, its integrated resource plan must also be posted on its website. For distribution, electric cooperatives that are members of a cooperative that provides wholesale service, the integrated resource plan may be coordinated and consolidated into a single plan provided that nonshared resources or programs of individual distribution cooperatives are highlighted. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to a distribution or wholesale cooperative or a municipally owned electric utility as a result of the cooperative or the municipally owned electric utility not owning or operating generation resources, the plan may state that fact or refer to the plan of the wholesale power generator. Where plan components listed in subsection (B)(1) and (2) of this section do not apply to an electrical utility with less than one hundred thousand customer accounts as a result of its own generation resources being comprised of more than seventy-five percent renewable

energy or because it purchases wholesale load balancing generation services, then the plan may state that fact or refer to the plan of the wholesale power generator. For purposes of this section, a wholesale power generator does not include a municipally created joint agency if that joint agency receives at least seventy-five percent of its electricity from a generating facility owned in partnership with an electrical utility and that electrical utility:

(a) generally serves the area in which the joint agency's members are located; and

(b) is responsible for dispatching the capacity and output of the generated electricity.

(3) The South Carolina Public Service Authority shall submit its integrated resource plan to the ~~State Energy Office~~ commission. The Public Service Authority shall develop a public process allowing for input from all stakeholders prior to submitting the integrated resource plan. The integrated resource plan must be developed in consultation with the electric cooperatives and municipally owned electric utilities purchasing power and energy from the Public Service Authority and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The integrated resource plan must be posted on the ~~State Energy Office's~~ commission's website and on the Public Service Authority's website.

(4)(a) In addition to the requirements of Section 58-37-40(B), the Public Service Authority's integrated resource plan shall include an analysis of long-term power supply alternatives and enumerate the cost of various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and least ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while maintaining safe and reliable electric service.

(b) In addition to the requirements of Section 58-37-40(B), the commission shall review and evaluate the Public Service Authority's analysis of long-term power supply alternatives and various resource portfolios over various study periods including a twenty-year study period and, by comparison on a net present value basis, identify the most cost-effective and lowest ratepayer-risk resource portfolio to meet the Public Service Authority's total capacity and energy requirements while

TUESDAY, JUNE 8, 2021

maintaining safe and reliable electric service. The commission's evaluation shall include, but not be limited to:

(i) evaluating the cost-effectiveness and ratepayer-risk of self-build generation and transmission options compared with various long-term power supply alternatives, including power purchase agreements, competitive procurement of renewable energy, joint dispatch agreements, market purchases from an existing regional transmission organization, joining or creating a new regional transmission organization, using best available technology for energy generation, transmission, storage and distribution, or any combination thereof. In evaluating and identifying the most cost-effective and least ratepayer-risk resource portfolio, the commission shall strive to reduce the risk to ratepayers associated with any generation and transmission options while maintaining safe and reliable electric service; and

(ii) an analysis of any potential cost savings that might accrue to ratepayers from the retirement of remaining coal generation assets.

(c) The Authority's integrated resource plan must provide the information required in Section 58-37-40(B) and must be developed in consultation with the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities purchasing power and energy from the Public Service Authority, and consider any feedback provided by retail customers and shall include the effect of demand-side management activities of the electric cooperatives, including Central Electric Power Cooperative, and municipally owned electric utilities that directly purchase power and energy from the Public Service Authority or sell power and energy generated by the Public Service Authority. The Integrated Resource Plan of the South Carolina Public Service Authority shall include and evaluate at least one resource portfolio, which will reflect the closure of the Winyah Generating Station by 2028, designed to provide safe and reliable electric service while meeting a net zero carbon emission goal by the year 2050.

(B)(1) An integrated resource plan shall include all of the following:

(a) a long-term forecast of the utility's sales and peak demand under various reasonable scenarios;

(b) the type of generation technology proposed for a generation facility contained in the plan and the proposed capacity of the generation facility, including fuel cost sensitivities under various reasonable scenarios;

(c) projected energy purchased or produced by the utility from a renewable energy resource;

TUESDAY, JUNE 8, 2021

(d) a summary of the electrical transmission investments planned by the utility;

(e) several resource portfolios developed with the purpose of fairly evaluating the range of demand-side, supply-side, storage, and other technologies and services available to meet the utility's service obligations. Such portfolios and evaluations must include an evaluation of low, medium, and high cases for the adoption of renewable energy and cogeneration, energy efficiency, and demand response measures, including consideration of the following:

(i) customer energy efficiency and demand response programs;

(ii) facility retirement assumptions; and

(iii) sensitivity analyses related to fuel costs, environmental regulations, and other uncertainties or risks;

(f) data regarding the utility's current generation portfolio, including the age, licensing status, and remaining estimated life of operation for each facility in the portfolio;

(g) plans for meeting current and future capacity needs with the cost estimates for all proposed resource portfolios in the plan;

(h) an analysis of the cost and reliability impacts of all reasonable options available to meet projected energy and capacity needs; and

(i) a forecast of the utility's peak demand, details regarding the amount of peak demand reduction the utility expects to achieve, and the actions the utility proposes to take in order to achieve that peak demand reduction.

(2) An integrated resource plan may include distribution resource plans or integrated system operation plans.

(C)(1) The commission shall have a proceeding to review each electrical utility subject to subsection (A)(1) and the Public Service Authority's integrated resource plan. As part of the integrated resource plan filing, the commission shall allow intervention by interested parties. The commission shall establish a procedural schedule to permit reasonable discovery after an integrated resource plan is filed in order to assist parties in obtaining evidence concerning the integrated resource plan, including the reasonableness and prudence of the plan and alternatives to the plan raised by intervening parties. No later than three hundred days after an electrical utility files an integrated resource plan, the commission shall issue a final order approving, modifying, or denying the plan filed by the electrical utility or the Public Service Authority.

TUESDAY, JUNE 8, 2021

(2) The commission shall approve an electrical utility's or the Public Service Authority's integrated resource plan if the commission determines that the proposed integrated resource plan represents the most reasonable and prudent means of meeting the electrical utility's or the Public Service Authority's energy and capacity needs as of the time the plan is reviewed. To determine whether the integrated resource plan is the most reasonable and prudent means of meeting energy and capacity needs, the commission, in its discretion, shall consider whether the plan appropriately balances the following factors:

- (a) resource adequacy and capacity to serve anticipated peak electrical load, and applicable planning reserve margins;
- (b) consumer affordability and least cost;
- (c) compliance with applicable state and federal environmental regulations;
- (d) power supply reliability;
- (e) commodity price risks;
- (f) diversity of generation supply; and
- (g) other foreseeable conditions that the commission determines to be for the public interest.

(3) If the commission modifies or rejects an electrical utility's or the Public Service Authority's integrated resource plan, the electrical utility or the Public Service Authority, within sixty days after the date of the final order, shall submit a revised plan addressing concerns identified by the commission and incorporating commission-mandated revisions to the integrated resource plan to the commission for approval. Within sixty days of the electrical utility's or the Public Service Authority's revised filing, the Office of Regulatory Staff shall review the electrical utility's or the Public Service Authority's revised plan and submit a report to the commission assessing the sufficiency of the revised filing. Other parties to the integrated resource plan proceeding also may submit comments. No later than sixty days after the Office of Regulatory Staff report is filed with the commission, the commission at its discretion may determine whether to accept the revised integrated resource plan or to mandate further remedies that the commission deems appropriate.

(4) The submission, review, and acceptance of an integrated resource plan by the commission, or the inclusion of any specific resource or experience in an accepted integrated resource plan, shall not be determinative of the reasonableness or prudence of the acquisition or construction of any resource or the making of any expenditure. ~~The~~ An electrical utility shall retain the burden of proof to show that all of its

Indicates New Matter

The Senate assembled at 12:00 Noon, the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Ezekiel 34:31

In Ezekiel 34 we read: "You are my sheep, the sheep of my pasture, and I am your God, says the Lord God."

Join me as we pray, friends: Holy God, as this Senate has yet again returned to this Chamber, we are so very much aware that each one of us is counted by You as one of Your flock, "the sheep of Your pasture." And as such, we are all so very grateful for Your ongoing care, for the blessings You bestow, for the comfort and love You unfailingly grant to us. In the light of these realities, O Lord, graciously give to each of these Senators and aides the wisdom and zeal -- and the integrity -- they need as they labor here. And may all of their decisions prove to be an illustration of the fact that South Carolina is indeed a State blessed with "shepherds" who absolutely care for each and every individual. We so pray, O Lord, in Your blessed and holy name. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

**THE SENATE PROCEEDED TO A CONSIDERATION OF
REPORTS OF COMMITTEES OF CONFERENCE AND FREE
CONFERENCE.**

Senator SETZLER was recognized to give a status report on the Committee of Conference.

Motion Adopted

Senator SETZLER moved under Rule 24B to allow the inclusion of Proviso 34.63 in the Report of the Committee of Conference.

34.63. (DHEC: Permit Extension) The expiration and any associated vested right of a critical area permit or navigable water permit issued by Department of Health and Environmental Control for the construction of a dock is extended until June 30, 2022, provided the permit is valid on July 1, 2021, or at any time during the previous eighteen months. This provision may not be construed or implemented to:

- (1) extend a permit or approval issued by the United States or its agencies or instrumentalities;*
- (2) extend a permit or approval for which the term or duration of the permit or approval is specified or determined pursuant to federal law;*
- (3) shorten the duration that a permit would have had in the absence of this provision;*
- (4) prohibit the granting of additional extensions provided by law;*
- (5) affect an administrative consent order issued by the department which is in effect on, or issued at any time from the effective date of this provision to June 30, 2022;*
- (6) affect the ability of a governmental entity to revoke or modify a permit pursuant to law;*

(7) modify a requirement of law that is necessary to retain federal delegation by the State of South Carolina of the authority to implement a federal law or program; or
(8) affect department's Office of Ocean and Coastal Resource Management permits issued pursuant to R.30 12(N) Access to Coastal Lands

Within thirty days after the effective date of this act, the department shall place a notice in the State Register noting the extension of expiration dates provided for in this provision.

Senator SETZLER explained the proviso.

The motion was adopted.

Motion Adopted

Senator SETZLER moved under Rule 24B to allow the inclusion of Proviso 108.13 in the Report of the Committee of Conference.

108.13. (PEBA: Optional Payment of Employee Contributions by Employer) No later than July 1, 2021, an employer in the South Carolina Retirement System or the Police Officers Retirement System may elect to pay all or a portion of the employee contribution set out in Sections 9-1-1085 and 9-11-225, respectively, of the 1976 Code with respect to its employees during the fiscal year. In lieu of the deductions from compensation required by Sections 9-1-1020, 9-1-1160, and 9-11-210, as applicable, an employer electing to pay employee contributions under this provision hereby elects to pick up all

MONDAY, JUNE 21, 2021

or a portion of the employee contributions required by Sections 9-1-1085 and 9-11-225, as applicable, for the fiscal year without a reduction or offset from its employees' compensation. Employee contributions picked up without such reduction or offset from the employee's compensation shall be treated as employer contributions in determining federal tax treatment under Section 414(h)(2) of the United States Internal Revenue Code, but shall be credited as employee contributions for the purposes of the South Carolina Retirement System or the Police Officers Retirement System. An employer making the election provided by this provision shall be deemed to have taken formal action to provide that the contributions on behalf of its employees, although designated as employee contributions, shall be paid by the employer in lieu of employee contributions. The employer shall pay these employee contributions from the same source of funds which is used in paying earnings to the employee. The employee, however, must not be given any option of choosing to receive the contributed amount of the pick ups directly instead of having them paid by the employer to the South Carolina Retirement System or the Police Officers Retirement System. An employer's election to pick up contributions without a reduction or offset from its employees' compensation pursuant to this proviso may not be changed during the fiscal year. Employee contributions picked up by an employer pursuant to this provision without a reduction or offset from the member's compensation are: 1) not earnable compensation for the purposes of the South Carolina Retirement System or the Police Officers Retirement System; and 2) shall be deposited in the employee's South Carolina Retirement System or Police Officers Retirement System individual accumulated contribution account described in Sections 9-1-10(1), 9-11-10(2) and (6), and 9-11-260(2), as applicable, of the 1976 Code.

Explanation: Proviso 108.13 allows a participating employer in South Carolina Retirement System or Police Officers Retirement System to pay all or a part of its employees' retirement contributions during the fiscal year, rather than deducting those contributions from employees' pay. An employer's election to pay its employees' retirement contributions must be made for all of its employees and may not be changed during the fiscal year. The proviso also contains technical language to ensure that any employee contributions paid by an employer pursuant to this proviso are credited like other employee contributions for the purposes of the South Carolina Retirement System or Police Officers Retirement System and are continued to be treated as tax-deferred "picked up" contributions for the purposes of federal tax law.

Senator SETZLER explained the proviso.

Motion Adopted

Senator SETZLER moved under Rule 24B to allow the inclusion of Proviso 108.14 in the Report of the Committee of Conference.

108.14. (PEBA: Non-State Agency Furloughs) For the current fiscal year, a participating employer in the South Carolina Retirement System or Police Officers Retirement System that is not a state agency or institution of higher learning may make employee and employer contributions for a period of not more than ninety working days during a furlough program that was implemented as a result of and took place during the COVID-19 Public Health Emergency and if the terms of the furlough program are consistent with the requirements for an approved mandatory furlough program established by a state agency or institution of higher learning under state law. The participating employer shall make such contributions in order to ensure that a furloughed employee's retirement benefits are not interrupted as a result of the furlough, and the period for which such contributions are made will not be considered a break in consecutive employment.

Explanation: Proviso 108.14 allows participating employers in the South Carolina Retirement System or the Police Officers Retirement System that are not state agencies or higher education institutions to remit employee and employer retirement contributions during the fiscal year to ensure that employees who were subject to a COVID-related furlough of not more than 90 days do not have interruptions in their eligibility for retirement benefits or retiree health insurance coverage as a result of the furlough. This

MONDAY, JUNE 21, 2021

furlough provision for non-state entities is intended to be consistent with furlough provisions available to state agencies and institutions under state law, including the COVID-related furlough provisions in Proviso 117.149 and other furlough-related provisions, such as Provisos 117.65 and 117.72.

Senator SETZLER explained the proviso.

Motion Adopted

Senator SETZLER moved under Rule 24B to allow the inclusion of Proviso 109.15 in the Report of the Committee of Conference.

109.15. (DOR: Renewable Fuel Credit) *The date the taxpayer must place property or facility into service that is used for distribution or dispensing renewable fuel shall be extended to January 1, 2022.*

Explanation: The current tax credit for property used for the distribution or dispensing renewable fuel is located in §12-6-3610. The credit is equal to 25% of the cost of purchasing, constructing and installing the property. This tax credit states the taxpayer must place the property or facility in service prior to January 1, 2020.

This proviso extends the date the property must be placed in service out to January 1, 2022.

The revenue impact associated with the adoption of this proviso is \$32,000 to the General Fund. This cost is accounted for in Part 1A of the Budget Conference Committee Report.

At 1:22 P.M., the PRESIDENT assumed the Chair.

Senator SETZLER spoke on the report.

Senator CASH spoke on the Bill.

Remarks by Senator CASH

Of course the budget is a large and complex document -- I went through it pretty carefully this weekend. I was particularly interested in the part of the budget that is earmarks because we are doing earmarks in a different way this year than we have in the past. I think it's a good change that we made when we changed the rule in the early part of the year. The rule which said, that earmarks had to be identified by what they were going to be used for -- not requested and the Senator requesting the earmarks. So that's a step toward transparency. Senator LEATHERMAN spoke about sunlight and the brightness of sunlight. I hope everybody here is in favor of politics in the sunshine. The more transparency the better, certainly better for the taxpayer to be able to find out what is going on. We had some discussion about earmarks during the budget. I was a little bit in the middle of that and when this report came out this weekend, I started taking a look at it. I noticed that of the four pages of earmarks from the Senate, only four of them had changed. I had to cross-reference it myself because the document wasn't available but I went through it line by line. Four pages of Senate earmarks were requested. Only four were changed. All the rest that were requested were, shall we say, fully funded.

There were two earmarks, Senator -- I'm not going to take questions right this minute but when I'm finished I'll be happy to -- there were two ear marks that were reduced, one for the Columbia Civic Center

MONDAY, JUNE 21, 2021

renovations -- went from \$19,000,000 to \$9,000,000. I asked the Senator from Richland about that to try to find out what the story was, I don't see him in the Chamber, but he indicated to me that there's some issue with a House member affecting that earmark. The other earmark that got reduced was the Florence Crittendon House. Florence Crittendon House was an earmark requested by Senator SENN. It's located in downtown Charleston. Florence Crittendon has a mission to provide hope, safety and opportunity to young women in order to instill self-worth and self-sufficiency. We value the right of every pregnant young woman to obtain the education, skills and support needed to have a healthy start in life for both herself and her child. That's the mission of the Florence Crittendon House that Senator SENN requested \$500,000 for and after this Conference Committee, that request was reduced to \$100,000. I don't know why. If I got to compare the Florence Crittendon Center with all the other nonprofits in here that were fully funded as the earmarks requested, I'd be hard-pressed to find how they're not as worthy of the money as the other nonprofits that got their full funding. So, it does lead one to wonder why this request from Senator SENN was known -- who is known to be independent and outspoken -- was reduced from \$500,000 to \$100,000. I don't know, maybe Florence Crittendon House doesn't really need that much money so this reduction in their earmark is not important. There were two earmarks, earmarks that were voted on by this Senate, earmarks that were contained in Amendment 84 on the third day of the budget session. Amendment 84 is by Senator LEATHERMAN with a number of other co-sponsors including myself. There were 12 items in that amendment that were additional earmarks if you're wondering what Amendment 84 was. There were 12 items on that list. Of those items, I had two. Senator RICE had one. One of my earmarks was approved for Dolly Cooper Park for \$350,000 and one earmark for the Anderson Civic Center renovations went from a 1,005,000 to \$1. Senator RICE'S earmark for the Pickens County Transportation Commission went from \$950,000 to \$1. I'm telling you there were two earmarks that were reduced and there were two that were cut altogether.

So, I want to talk about the earmark process and I want to make some comments about it and you're free to agree or disagree. As I said on the floor of the Senate when we were debating earmarks -- to talk with I can take it or leave it with earmarks. I don't see earmarks as a moral issue, it's a political issue, but I believe if we're going to have earmarks, they have to be done in a certain way to make them fair. To make them a part of the political process is beneficial to all of our constituents. I believe there have to be certain principles involved in the earmark process and I

MONDAY, JUNE 21, 2021

articulated those at the time and I'm going to repeat them. I think earmarks ought to be transparent and I applaud the Senate for taking the step and I see in this document that also we now have a list of the House earmarks and I think that's fantastic. I think it's the first step. It's not the only step but it's the first step and I will tell you I don't think we can ever go back from that. Now that we've done it, I think we're going to have to continue to do it. We need to continue to do it, so that it's clear who's requesting money for what purpose -- what department that check's going to be written through. The second principle that I think in addition to transparency is earmarks need to be equitable. 46 Senate districts in this State -- is there 1 Senate district or 2 or 5 or 10 that is more important than the ones -- than other ones? If we're going to have -- and we do have -- on a regular basis nonrecurring revenue to divvy up in the earmarks process. Can anyone provide me an argument why that money should not be equitably distributed? Why there shouldn't be some process whereby, hey, 15 of you Republican Senators over here didn't request any earmarks -- maybe a little bit off as a result of Amendment 84, but for those of you who did request any earmarks your district is just left out on discretionary nonrecurring revenue. Now I wondered at the time we were having this discussion on the floor, and I'll wonder again today, why you don't request earmarks. And I could only conclude that you think there's something distasteful about the process. That somehow you think it might impinge upon your senatorial independence. So you're just going to stay away from that. And that is in fact the third point I made about earmarks. If we are going to divide money in this State that's nonrecurring, that's discretionary, that should be equitably distributed, it should be done without strings attached. You shouldn't have to sell a vote -- I'm not saying anybody does, but you shouldn't have to sacrifice your independence or wonder about how any votes you make on any particular issue might affect your ability to get an earmark. Senator MASSEY here is not a proponent of earmarks and I understood his speech. I will note that Senator RICE and I both voted with Senator MASSEY on his proviso to go back and redo that section of the budget, because I do think change is coming and it has to change and it needs to change. At the end of the day, I think I made it as clear as I could that I don't think I have to agree to vote for the budget in order to get an earmark and my request for an earmark cannot be tied to my voting any particular way on any particular issue. I can assure you it's not going to be, but I'm not going to leave this issue alone either. There needs to be reform in the way that it's done. It's not equitable when one county gets a \$1,000,000 for body cameras and the other 45 counties get a

MONDAY, JUNE 21, 2021

\$1,000,000 combined to split up. Or maybe you can explain that in some way but I cannot. You know, there are a lot of things that get put in this document before we ever get to earmarks. We all know that. Line 1,061 gives Florence County a \$1,000,000 for their civic center. Line 1,062 gives Lexington County Convention Center a \$1,000,000. Anderson County renovations get \$1. Won't that be a nice picture of me presenting a check to Anderson County for a \$1? You may not know, Senator ALEXANDER, but Anderson County Civic Center is the emergency shelter should there ever be a problem with the nuclear station and of that \$1,000,000 there was \$100,000 of it going to be spent on a reliable generator. I'm going to vote against this report because I want it to go back to the committee. There's no reason why Florence Crittendon shouldn't get the \$500,000 that this Senate voted upon, why the Anderson Civic Center shouldn't get \$1,005,000, why the roads in Pickens County shouldn't get \$950,000. I'm talking about the process here, folks. The process of earmarks. It's out of the bag now. Everybody knows who's asked for what. Everybody can and will study these numbers and we've got to have some reform in how this thing works and the first step of reform is we have to maintain senatorial independence. We cannot have and we cannot allow to have a situation where Senators are rewarded or punished based on how they did or didn't vote a certain way -- by getting or not getting an earmark. Cannot allow that situation in the Senate and walk around and say yeah, I'm a South Carolina Senator and I vote according to my conscience. We have got to change the process.

The Senate assembled at 2:00 P.M., the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Psalm 139:23-24

In what had to be a heartfelt manner the Psalmist declared: "Search me, O God, and know my heart; test me and know my anxious thoughts. See if there is any offensive way in me, and lead me in the way everlasting."

Let us pray: O glorious Lord, we come to this place today feeling like those who discover themselves to have been challenged and tested over and over. And so it is with yearning hearts we now turn to You, prayerfully asking that You provide each of these Senators and their aides with the courage, the insights, indeed the wisdom they need to take those actions which will prove to be the very best for all of the people of this State we love. And in doing so, may each of these dedicated leaders give clear and bold evidence of how much they truly honor You, dear Lord. Further, we ask that You equally bless and guide the many other officials who also serve here in South Carolina and throughout our Nation, as well as all of our women and men serving in the Armed Forces. May every one of these servants always hold fast to Your teachings. In Your loving name we so pray, O Lord. Amen.

Senator WILLIAMS spoke on the Resolution.

Remarks by Senator WILLIAMS

Thank you, Mr. PRESIDENT, members of the Senate, it is with profound sorrow and sympathy we recognize the passing of Eliana's great grandmother, and the Grandmother of Senator Pinkney, Gracie Broome. She embodied a life well lived. She was affectionately called Grandma Broome, Mother Broome and Cousin Gracie Broome. She was a loving, spiritual and kind person -- she loved people. She opened her home to many people, took in many people, and took care of people. She loved her family. She loved the late Senator Clementa Pinkney. She enjoyed hearing him preach and we are going to miss her.

Gracie Broome resided in Mullins in Marion County. She was a great lady, one that will be dearly missed. She had a long and abundant life. She lived to be 92 years of age. Mother Broome would call me periodically just to have a conversation and check-in. She called me about three weeks ago and she talked about what is a good life, and how she had a good life, how so many people blessed her, and just wanted to

TUESDAY, JUNE 29, 2021

say that whatever happens, that she wanted to be remembered as someone who lived as God would have wanted her to live. That was Ms. Gracie Broome and we are going to miss her. At this time we would like to ask the clerk to read the Resolution on the desk prepared in her honor.

On motion of Senator JOHNSON, with unanimous consent, the remarks of Senator WILLIAMS were ordered printed in the Journal.

Senator MALLOY spoke on the Resolution.

Remarks by Senator MALLOY

Thank you, Mr. PRESIDENT and members of the Senate. We all recall June 17th, the day of the tragedy that we often talk about. I recall coming here the following day, which was one of the saddest days that I have ever had here in the Senate. The seat was draped in black. The Senate memorialized Senator Pinckney. We did a Resolution that day, (which was unheard of), to hang his portrait here in this Chamber. We now know that we have his greatness looking over us. And he is giving us wisdom whenever it is needed -- the same thing he gives to his daughters. As we went forward, one of the things that we knew about Clem was that Ms. Gracie Broom was his grandmother, the mother of his mother Theopia, who he was very, very close to. I recall going to their home that day, and sitting down with Jennifer and the girls. We planned the funeral, wrote the obituary with Reverend Miller and others. The only bright spot on that day was when I told Jennifer and the girls, "We're going to hang Senator Pinckney's portrait in the South Carolina Senate, so he will end up always living in that Body."

Today is unusual and incredible in that we have his daughter today here with us and we have a Resolution for her great grandmother. When we got ready to hang the portrait, I consulted with Senator WILLIAMS, who is a relative. We had already gone through what we had seen -- President Obama and others that came to the funeral and he sang Amazing Grace. We had many moments of calm that came from Mother Emanuel, but there was nothing that moved this Senate more than Ms. Gracie Broom being here when we hung his portrait. She was right over there, I went to her and I asked her, "Are we going to need music?" Her response was, "Honey, it will be all right." The person I knew then obviously was the same person who had grown up in that community, and who graced that community. I thought this was fitting and proper if

TUESDAY, JUNE 29, 2021

the Senate will indulge us as a final moment for Ms. Gracie when she adorned this Senate. If you will indulge us for two minutes and let us go back to that time, when we hung the portrait of Clem and when Ms. Gracie Broom, the grandmother of our beloved Senator Pinckney, the great grandmother of Eliana, graced this Senate with Amazing Grace. (Ms. Gracie sings Amazing Grace on video)

May Ms. Gracie rest in peace. Senator WILLIAMS will give you the park dedication arrangements. It is Friday at the park that you all have helped support. I know they would love to have everybody there. As you all know Ms. Gracie was a very special person. I thought it was altogether fitting and proper that we hear from her before she goes to her final resting place.

On motion of Senator JOHNSON, with unanimous consent, the remarks of Senator MALLOY, were ordered printed in the Journal.

S. 861 -- Senator Kimpson: A BILL TO AMEND CHAPTER 101, TITLE 59 OF THE 1976 CODE, RELATING TO COLLEGES AND INSTITUTIONS OF HIGHER LEARNING GENERALLY, BY ADDING ARTICLES 9 AND 10, TO PROVIDE THAT PARTICIPATING INSTITUTIONS IN THIS STATE SHALL ANNUALLY AWARD A STIPEND TO A STUDENT ATHLETE WHO PARTICIPATES IN AN INTERCOLLEGIATE SPORT AND MAINTAINS GOOD ACADEMIC STANDING DURING THE PREVIOUS YEAR, TO PROVIDE CONDITIONS FOR THE RECEIPT OF STIPENDS, TO PROVIDE THAT PARTICIPATING INSTITUTIONS SHALL CREATE A STUDENT ATHLETE TRUST FUND AND FUND THE TRUST WITH A PERCENTAGE OF THE INTERCOLLEGIATE SPORT GROSS REVENUE, TO PROVIDE THAT FIVE THOUSAND DOLLARS WILL BE DEPOSITED INTO THE FUND ON A STUDENT ATHLETE'S BEHALF FOR EACH YEAR THAT HE MAINTAINS GOOD ACADEMIC STANDING, TO PROVIDE THAT THE TOTAL TRUST FUND AMOUNT MAY NOT EXCEED TWENTY-FIVE THOUSAND DOLLARS PER STUDENT ATHLETE, TO PROVIDE THAT A PARTICIPATING INSTITUTION SHALL PROVIDE A ONE-TIME PAYMENT TO EACH STUDENT ATHLETE AFTER THE FULFILLMENT OF CERTAIN REQUIREMENTS, AND TO PROVIDE CONDITIONS FOR THE

The Senate assembled at 1:00 P.M., the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Exodus 3:11

Upon being commanded by the Lord to bring his people out of Egypt, God's servant Moses replied: " 'Who am I that I should go to Pharaoh and bring the Israelites out of Egypt?' "

Good friends, let us bow in prayer: Truly, Holy Lord, it seems that the tasks which come before this Senate often have to appear as impossible to carry out as did the challenge given to Moses ages ago. And it would surely be understandable if these leaders in this Chamber, again like Moses, also questioned the role thrust upon them. Yet, O God, duly chosen and elected as these capable women and men are, each -- like Moses -- is equally determined to labor for the well-being of every citizen in this State. Thus do we ask You this afternoon, Lord, to guide this Body as You alone are able, so that its members seek what is the wisest and best course for all in South Carolina during these challenging times. Indeed, may each Senator and every staff person prayerfully seek Your guidance, following the example of the leader whom we knew lovingly as the Chairman, the late Senator Hugh K. Leatherman, Sr., who served our State and her people faithfully over so many productive decades. May each one of us always remember Senator Leatherman's many, many gifts and his love for our State. All this we pray in Your holy and blessed name, dear Lord. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.

Remembrances

Senator SETZLER rose for a reflection on the life of Senator LEATHERMAN.

Senator ALEXANDER rose for a reflection on the life of Senator LEATHERMAN.

Senator PEELER rose for a reflection on the life of Senator LEATHERMAN.

Remarks by Senator SETZLER

Mr. PRESIDENT, ladies and gentlemen of the Senate, guests -- today is a different day in the South Carolina Senate. It does not matter how many times we gather after the passing of a colleague, it is always sobering. It always impacts you.

State Senator HUGH LEATHERMAN, Chairman of the Senate Finance Committee, was not only the Senator for Florence County, but he embodied the role of a State Senator as well as anybody I have known. Yes, Senator LEATHERMAN delivered and took community improvement projects to his district, but he was a State Senator. He understood that. Let us take that lesson from him.

We all have memories of our interactions with Senator LEATHERMAN. I do not think it is any secret that Senator LEATHERMAN and I were not only colleagues, but we grew to be personal friends and I treasure that friendship. He commonly referred to me as Senator NIKKI, and his staff jokingly referred to us as Thelma and Louise.

As we remember and celebrate the life of HUGH LEATHERMAN, his service in the Senate, and his service to this State, he would not want us to be somber. If you heard the eulogy at his funeral given by Dr. Fred Carter, it was evident how close they were and what Senator LEATHERMAN's wishes were upon his passing.

I was 35 years old, and a member of the Senate when Senator LEATHERMAN and our current PRESIDENT were elected in 1980. I had just finished my first term in the South Carolina Senate. I went to Senator LEATHERMAN's Office in the Gressette building to meet him as he sat there with his wife Jean and two daughters who were small children. I proceeded to put my foot in my mouth the first time I ever met him. After introductions, I welcomed him to the Senate, and told him I was looking forward to serving with him. I then proceeded to ask, "Are those your grandchildren on the floor?" Needless to say, I had a lot of

MONDAY, DECEMBER 6, 2021

making up to do with Senator LEATHERMAN. He forgave me, and we became great friends.

Senator LEATHERMAN was close to many of us in this Chamber, and he dealt with each of us in an individual way. There are memories that stay with you, and while I have many, there are a couple that are dear in my mind. Senator ALEXANDER and Senator LEATHERMAN ate dinner many nights while in session. Over the last two years, he asked me and others to occasionally join them for dinner. It was always good dinner and great conversation, and on one night while we were at the Palmetto Club, I told Senator ALEXANDER about pizza and Pinot Noir at Terra's in West Columbia. The three of us planned a night at Terra's, and even though Senator ALEXANDER was not able to join us, Senator LEATHERMAN and I spent about two hours eating Pizza and drinking Pinot. I cherish that evening and also remember fondly the last time he was here for the Joint Bond Review Subcommittee. He asked Senator ALEXANDER and I to stay and have lunch in 105 Gressette. The conversation we had will forever go to the grave with the three of us. I did not realize at the time that our time with him was short.

I treasure the day that I visited with him in Florence. I was honored that his family allowed me to have this time with him, and I spent about an hour with him. We talked, he was in good spirits, and when I got ready to leave, I prayed with him. I knew when I walked out that would be the last time I would ever see him alive. Senator LEATHERMAN, even in the darkest days, was the eternal optimist. I ask that you remember and grow from that.

Senator LEATHERMAN was a visionary, and he had thoughts about where South Carolina should be five years from now -- ten years from now. He was always a year, two years, or five years ahead of anybody else -- which was an incredible trait of his. He understood bipartisanship and handled the Senate and the Senate Finance Committee on a bipartisan basis. He believed everybody should be considered, and we all needed to work together. He respected this institution, and that is incredibly important that each one of us remember and carry forward. He understood the history, the reverence, the mannerisms, and the way you conduct yourself when we have a debate. Yes, it is acceptable to disagree but not to be disagreeable. We are to treat each other with the utmost respect.

Senator LEATHERMAN trusted others in their abilities. When he appointed them to leadership roles, he put great thought into it, and he let them do their job. I worked hand-in-hand with him since 2000, when he became Chairman of Senate Finance Committee. He appointed me to

MONDAY, DECEMBER 6, 2021

serve on many difficult issues, and not once did he call me in to tell me I had gone too far. When he gave you something to do he stayed involved, but he trusted you to be responsible for details and the difficult work. It was an incredible trait to give people responsibility, trust them, and stand behind them.

Senator LEATHERMAN possessed another trait unique to many. He did not get mad if you disagreed with him, and he did not hold a grudge. There were numerous matters including the reorganization and reauthorization of the Research Authority and the initial South Carolina Ports Authority Bond Bill that was introduced that I did not agree with as it gave the Secretary of Commerce too much bonding authority. He was always open to dialogue.

Senator LEATHERMAN knew how to build a coalition. He knew how to count votes. He also knew how to take renegades under his wing to nurture them into becoming a part of his team in the Senate. He had a way of understanding each personality in this Chamber, and he had the patience of Job. He never got in a hurry when he did not have votes. He did, however, have a way of making you aware of his presence. If he ever walked to your desk and put his hand on your shoulder, you knew it was time to yield.

Senator LEATHERMAN will be remembered for many things. He cared about people and their needs. He cared about South Carolina, and his work in economic development was unparalleled. His work on Boeing, South Carolina Ports Authority, the inland ports, road infrastructure and broadband are a few. All of those are great things, but I believe one of the greatest things he did was address the VC Summer/Santee Cooper/SCANA matter in 2017. The Majority Leader and I contacted Senator LEATHERMAN with concerns about this matter and how it affected this State. He took action, and appointed a special committee co-chaired by Senator MASSEY and I to address the matter. He had the foresight, the will, the power and the fortitude to do what was right. He never fled from the Santee Cooper/SCANA fiasco, and he vowed to never let the taxpayers of South Carolina suffer. I think that was one of his greatest accomplishments.

Again, he cared about people. His impact on South Carolina will be felt for many years. I am blessed to have had the opportunity to serve with him and to call him a friend. We all are blessed that our paths crossed with a gentleman who did so much to try to help move forward this State. He will be forever missed, thank you.

Remarks by Senator Alexander

Thank you, Mr. PRESIDENT, and members of this Senate. Senator SETZLER said it so well. I did want to get up and pay tribute to our colleague, to a leader of this Senate and leader of this State. More importantly to me, a close friend and a mentor. You know, he was an engineer by training -- a builder, he loved building things. He loved building not only buildings and different things, but building relationships, building projects and making South Carolina so much better. I had the privilege, which was mentioned earlier, of having dinner with him a lot. He was always talking about his family and his love for his family, his grandchildren, and great grandchildren as well. He loved his district but, as you have said, he loved the State of South Carolina. I really don't think you have to go much further. I remember when we did the dedication of his portrait in this Chamber. I think as you look at him in that portrait it exemplifies three things that he held near and dear. One is this institution, the traditions of this institution, and his care of this institution. Boeing was mentioned earlier -- he had the opportunity of working that deal, to make it happen for a better South Carolina that has reached all over the State. Then the port -- from that standpoint, as you look at those plans in his right hand, they are the plans for the port, but I would suggest to you that being a builder and engineer, I think they symbolize a lot of other plans that he had and that he made a difference in lives of the people of South Carolina. I just cherish the times I spent with him. I will never forget one of the issues that was brought up a while ago which was about broadband. He called me in for a visit one day. He was talking and talking about broadband and deployment in rural South Carolina. This was before COVID-19. He understood that broadband was going to be a critical part of the infrastructure to help our citizens. He very much related to that -- to the rural electrification that occurred in his childhood when he lived in rural Lincoln County, North Carolina. He saw this as that next generation of that. He poured everything in from his heart from that standpoint. There is a lot I can say. We saw him work on a lot of things that meant so much. The difference though, I think, is that he wanted to also do things that helped folks help themselves. Whether that was through education or workforce development -- making sure that individuals could help themselves, prepare themselves, prepare their families for them to be successful. To me, that is a legacy that will serve us and future generations for decades to come. There is a poem -- I'm not going to recite it -- called the Bridge Builder. It talks about a man building a bridge, and building that bridge in his twilight years, and after he had gone over the river to the other side, he was building

MONDAY, DECEMBER 6, 2021

that bridge. They asked, "Why are you building this bridge? You are already on the other side. Why are you building this bridge?" He said, "There will be youth that will come after me that will need this bridge. It is for their steps and their future that I'm building this bridge." That sums up our chairman, Senator HUGH K. LEATHERMAN. Always building for future generations. I will leave you with one of my favorite quotes, a native American proverb. It says, "When you were born, you cried and the world rejoiced. May you live your life in such a manner that when you die the world cries and you rejoice." The chairman, and Senator SETZLER said a while ago, any time you saw him and asked how he was doing, he would say, "I'm doing great." Today our chairman, Senator HUGH K. LEATHERMAN is truly doing great, spending eternity with our Lord and Savior, Jesus Christ. Thank you, Mr. PRESIDENT.

Remarks by Senator PEELER

The Lord blesses me every day, but a couple of weeks before Senator LEATHERMAN passed away, we had a chance to visit. It was his last time to tell me the story just as he always did -- when we entered the Senate, he acted as if he liked to listen to my jokes. We sat on the back row, back there where Senator ADAMS and Senator CASH sit. Senator DENNIS was at the podium, I snuck a little joke in to Senator LEATHERMAN and he laughed aloud. Senator DENNIS left the podium, walked back to the back and he said to him, "Well Senator, I guess you would rather listen to Senator PEELER's jokes better than serving on Joint Bond Review Committee?" and he stripped him from the committee standing right there. I was going to answer it was sure more important to listen to my jokes than serve on that committee. He loved to tell that story and I love to tell this story. Late one night during a conference committee with the House and Senate, it was obvious Senator SETZLER and the House conferees were jerking him around. It was late in the night and they were having their way with him. He got up and he went back into his office, but with my patience, as you say, I went running to his office, I opened the door, slammed the door and I said, "Hugh, dang it, I want to see you get mad just one time." He replied, "No you don't." I thought about that a lot. I think he was right again. Senator LEATHERMAN and I had a special relationship for 41 years. I can tell you this, many, many people in this State will miss HUGH LEATHERMAN, but few people will miss him more than I will.

COMMUNICATION

December 6, 2021

Mr. Jeffrey S. Gossett
Clerk of the Senate
South Carolina Senate
Post Office 142
Columbia, South Carolina 29202

Re: Resignation as Senate President

Dear Mr. Clerk,

As a senior member of the majority party of the Senate Finance Committee, it is my right and obligation to fill the current vacancy in the chairmanship. However, Senate Rule 19 (E) prevents the PRESIDENT from chairing a standing committee of the Senate.

Therefore, please accept this letter to serve as an official notice of my resignation from the office of Senate PRESIDENT. This resignation is effective immediately.

I look forward to serving as the Chairman of the Finance Committee and continuing to represent the great people of District 14 and the entire State of South Carolina.

Sincerely,
Harvey S. Peeler, Jr.

Senator PEELER rose for brief remarks

Remarks by Senator PEELER

Members of the Senate, thank you for the responsibility of the purple robe. I wore this purple robe like a suit of armor. You might ask me, "If you like wearing the purple robe so much, why do you want to take it off?" It is my sincerest belief that I can best serve my constituents of Senate District 14 and the people of South Carolina as Chairman of the Finance Committee as opposed to the PRESIDENT of the Senate.

MONDAY, DECEMBER 6, 2021

While serving as the first elected PRESIDENT of the Body, is and always will be one of the great honors of my life, my work on the Finance Committee will allow me to focus on the issues most important to our State. This includes, but is not limited to, a focus on fiscal conservatism and building and maintaining a taxpayer-friendly financial system where families and businesses can locate, grow and thrive. Brothers and sisters of the Senate, we have work to do. I will see you on the floor.

On motion of Senator MASSEY, with unanimous consent, the remarks of Senator PEELER were ordered printed in the Journal.

ACTING PRESIDENT PRESIDES

Senator SETZLER assumed the Chair.

Election of the PRESIDENT of the Senate

On motion of Senator MASSEY, the Senate proceeded to an election of the PRESIDENT.

ACTING PRESIDENT, Senator SETZLER, announced that nominations were in order for PRESIDENT of the Senate.

Senator PEELER nominated Senator ALEXANDER as PRESIDENT.
Senator MALLOY seconded the nomination.
Senator MARTIN seconded the nomination.
Senator MASSEY seconded the nomination.
Senator HUTTO seconded the nomination.

Senator SHEALY moved that the nominations be closed and that Senator ALEXANDER be elected PRESIDENT of the Senate by acclamation.

Senator SETZLER announced that Senator ALEXANDER had been elected PRESIDENT of the Senate.

Remarks by Senator PEELER

Thank you, Mr. PRESIDENT. I wish to place in nomination Senator THOMAS CLEVELAND ALEXANDER as the second Senator to serve as PRESIDENT of the South Carolina Senate.

THOMAS ALEXANDER was first elected to the South Carolina House of Representatives in 1987. Barely 31 years old with a mustache and a head full of hair when he first entered this sacred building. While

MONDAY, DECEMBER 6, 2021

in the House, Senator ALEXANDER served as Chairman of the Labor, Commerce and Industry Committee.

Seven years later, when a vacancy occurred in Senate District 1, THOMAS ALEXANDER was elected to the South Carolina Senate -- October 11, 1994 -- 27 years ago. Today, he serves as Chairman of the Senate Labor, Commerce and Industry Committee. His economics degree from Clemson has served him well in those two committee chairmanships.

Many of you know Senator ALEXANDER worked side-by-side with the late Senator Verne Smith on healthcare issues in our State. Senator ALEXANDER later went on to chair the Health subcommittee on Finance. He has shown his ability to lead by working with both sides of the aisle in order to do what is best for the State of South Carolina.

What you may not know about Senator THOMAS ALEXANDER is his fierce loyalty to the people of Oconee and Pickens counties. He has lived all of his 65 years in the same town -- and most of those years in the same house. His business is on Main Street in Walhalla -- and if you ever stop by, you will find him working alongside his wife Lynda.

His town, his church and his family have collectively formed the person we all know as Senator ALEXANDER. You will see these values in the way he will lead this Senate -- with dedication, with faith and with love for the State of South Carolina. Senator ALEXANDER -- you are up to the task.

We couldn't quite script this day like the day I was first elected. On that day, the Clemson flag was flying atop our State House. I don't believe our Clemson Tigers will win this year's national championship. But Senator, the tigers did win the State Championship!

Mr. PRESIDENT, it is my honor to nominate Senator THOMAS CLEVELAND ALEXANDER, to serve as PRESIDENT of the South Carolina Senate.

Remarks by Senator MALLOY

Thank you, Mr. PRESIDENT. Ladies and gentlemen of the Senate, I'm honored to rise and second the nomination of Senator THOMAS ALEXANDER, as PRESIDENT of the South Carolina Senate.

I spoke to Senator ALEXANDER's wife, Lynda, before I got up here, I said, "Thank you for allowing Senator ALEXANDER to serve with us." She replied, "It makes him happy to be here in the Senate."

I have no hesitation in seconding the nomination because I know Senator ALEXANDER will be an outstanding PRESIDENT of the

MONDAY, DECEMBER 6, 2021

Senate. I know this because, as Shakespeare wrote, "What is past is prologue."

We need to only look at the Senator's distinguished service in the Senate to know that he will serve with distinction as our PRESIDENT. Since beginning his service in the Senate in 1994 along with his previous service in the House, Senator ALEXANDER has served honorably and capably. He has been a well respected and effective committee chair, an indispensable member of the Public Utilities Committee, the Bond Review Committee, and a major force on numerous budgets -- including as the expert on the delivery of health care services to our citizens.

I talked to former Senator Glen McConnell for about 45 minutes yesterday, and he was talking about the fact that Senator ALEXANDER worked on issues in the budget. He would always talk about matters down in Charleston. He also always talked about, "There's gold in those hills over in Oconee." He worked to serve those that are in the Oconee area as well as those in Charleston. He has worked on and shaped laws and policies that have benefitted South Carolinians from the dawn of their lives until the twilight of their lives. I had the honor of serving with him on the Committee on Aging, and we know he was tapped to work on reopening South Carolina during the pandemic.

During his decades of service, he has also learned what it means to be a Senator and what the institution of the Senate needs to mean. I have no doubt he loves being a Senator. He loves the Senate, and as PRESIDENT, he will safeguard this institution in its enormous role in the legislative process, and as a check and balance on the other branches of government. Something that we should always notice -- there are times the Senate needs to stand together, there are some times when we are dealing with the executive branch, the House, or dealing with another issue where the Senate has to stand together. If you think about it, we watch these votes that come up. Something that was key for me is that when we have to have some times -- when we challenge the ruling of the Chair, it is important to vote during that time, not what is politically expedient, but what is right.

For a person in a minority party watching someone that would ascend -- it is very important to know the person will try to do what is right. Senator ALEXANDER is a Republican, but he has shown with his work on a myriad of issues that he will work with the other party, and do so with respect for the other side's beliefs. He has shown that he will do what is right, and that does not always have to be an issue of partisanship. At the end of the day, the only majority that matters is that we are all South Carolinians.

MONDAY, DECEMBER 6, 2021

Senator PEELER, you and Senator MASSEY and I had a long conversation about who should ascend to the PRESIDENCY. One of those times we were talking about whether or not you should be chair of a committee and be PRESIDENT of the Senate. Senator MASSEY said, "I don't want someone ruling on points of order from the committee." Many of you may or may not know that decision was made during the time in a meeting where we all came together and made that decision. Senator PEELER was hesitating in the beginning and Senator ALEXANDER stepped forward to take the role. That lasted for a period of time, even up to now. He stepped forward then, and so it was incumbent that when the time came -- that he waited his time, and he is fit and proper for this position. I would also like to say, the Senator is not a doctrinarian, he is not narrow minded, he votes on the correct side of those issues that I said are challenges from the chair. He has great humility, he is not stubborn, he is always looking for a resolution. But most important -- he is not close minded. He looks at this Senate, grounded in the rules of precedent, process and congeniality -- and yes, seniority. Seniority does matter. Senator ALEXANDER adheres to Jefferson's manual. If you look in this book, these 53 articles are critical because it makes certain that there is no tyranny in the simple majority. Senator ALEXANDER has always followed that. And the rule of precedent is critical.

And with that, I will end saying, it is with great honor that I come before you and ask that you all join with me in this last quote, "With great and good conscience for this Senate as our only reward, with history the final judge of our deeds, let us go forward to lead the land we love, asking His blessings and His help, but knowing there on earth, God's work must truly be our own." That came from John F. Kennedy. I would ask that you all join with me and the rest of this Senate and second the nomination of Senator THOMAS ALEXANDER, as PRESIDENT of the Senate -- because when he gave up his committee to do this work, we know his personal loss is our collective gain. And Lynda, we know it makes him happy. So I second the nomination for THOMAS ALEXANDER as PRESIDENT of the Senate.

Remarks by Senator MARTIN

Thank you Mr. Floor Leader. Members of the Senate, it is an honor to be standing here today with my good friend Senator THOMAS ALEXANDER from Oconee. We talked at length today about relationships that have been built over the years. I consider you my friend and we have spent a lot of time together. We have actually

MONDAY, DECEMBER 6, 2021

been subchairmen together and had to make many decisions even if we did not personally feel that way about a particular issue. That is why I know when it comes to taking the roll of PRESIDENT, and Senator PEELER, I want to thank you for taking that job and serving as our first PRESIDENT you have done a great job, I feel like Senator ALEXANDER will follow those footsteps and also do a great job. When we talk about working for the betterment of the Senate and everything we do here, it must be made on building relationships. I feel that you will make your decisions based on the best interest of this Body and the State rather than your personal feelings on a particular issue or point of order that may be raised. That is why I am honored to second your nomination and I am honored to be your friend. Thank you.

On motion of Senator MASSEY, with unanimous consent, the remarks of Senators PEELER, MALLOY and MARTIN were ordered printed in the Journal.

PRIVILEGE OF THE FLOOR

On motion of Senator MASSEY, with unanimous consent, the Privilege of the floor was extended to the family of the PRESIDENT.

Administration of Oath of Office

Senator ALEXANDER presented himself at the Bar and the Oath of Office was administered by Senator PEELER.

Motion Adopted

Senator MASSEY asked unanimous consent for the PRESIDENT to address the Senate.

Senator ALEXANDER was recognized for brief remarks.

Remarks by Senator ALEXANDER

Members of the South Carolina State Senate, my heart is full with gratitude as you have entrusted me with the role of serving as PRESIDENT of the institution we all love and revere, the South Carolina State Senate.

This is an exciting yet humbling day. I am excited that Senator PEELER is our Chairman of the Senate Finance Committee. Chairman PEELER, you will always be the first PRESIDENT chosen from within our membership to lead us. You have served the South Carolina State Senate in the role of PRESIDENT with great distinction. Thank you.

MONDAY, DECEMBER 6, 2021

Likewise, I am humbled by your confidence in me to serve as your presiding officer to do our work for the people of the palmetto state. Thank you for your support.

If you will allow me a moment to grieve, today is the first day I have attended a legislative session day without the presence, the guidance and the counsel of Chairman LEATHERMAN. Like most of you, I sometimes received that “hand on the shoulder” from Chairman LEATHERMAN. That gesture was usually gentle but always instructive. And I will miss him, as I know you will too.

It was 1994 when I was first elected to the Senate, moving across the State House lobby from the House of Representatives. I was blessed to find a mentor, Senator J. Verne Smith, who took me under his wing. For those of you who had the honor to serve with Senator Smith, he sometimes had a very direct way of explaining things. I benefitted from his friendship, his counsel and even his blunt lessons.

I’ve learned from the myriad who have come before me, especially Senator HARVEY PEELER, Senator HUGH LEATHERMAN and Senator Verne Smith. Because of their examples as leaders, I cherish the traditions practiced in this Body that make the Senate so unique and necessary for our representative form of government. I pledge to uphold those traditions.

The South Carolina State Senate is an institution of rules. As your PRESIDENT, I will insist on adherence to the “rules of the Senate.”

The South Carolina State Senate is an institution of decorum. As your PRESIDENT, I will insist upon and enforce decorum in this Chamber.

The South Carolina Senate is an institution of fairness and compromise. As your PRESIDENT, I will be fair and do my part to foster compromise.

In St. Paul’s letter to the church in Rome, he wrote, “And we know that all things work together for good to them that love God, to them that are called according to his purpose.” So, I thank the good Lord and look forward to the ways his divine providence continues to guide me.

I would also like to thank my family, especially my wife Lynda who truly serves as a partner in my service in the State Senate, daughters Carren, Jennifer and Mari are here today along with my brothers and sisters, Neal, Anne, Susan and Bill, many of my grandchildren and other family members. As we all know, we do not fulfill our obligations to the Senate in isolation. It takes the support of family to be successful in the State Senate. Thank you to the entire Alexander family.

As I reflect on the meaning of this day, sweet memories of my parents Claude and Virginia Alexander fill my mind and my heart. It is from

MONDAY, DECEMBER 6, 2021

them that I learned the importance of public service and hard work because they provided that example for me.

I would also like to say thank you to the wonderful constituents of Senate District 1 of Oconee and Pickens counties. Your support is the reason I am able to serve. My home is called the “Golden Corner” of the State. That name is not because of a precious metal. Instead, it is a reference to the character of heart within our communities.

Again, thanks to each of you, my Senate colleagues. I cherish your friendship and deeply appreciate this opportunity. It is an honor and privilege to serve as your PRESIDENT. May God continue to bless you and this great State of South Carolina.

(Statewide Session)

~~Indicates Matter Stricken~~
Indicates New Matter

The Senate assembled at 11:30 A.M., the hour to which it stood adjourned, and was called to order by the PRESIDENT.

A quorum being present, the proceedings were opened with a devotion by the Chaplain as follows:

Isaiah 1:18

Surely Isaiah puts it all into clear focus as he said: “ ‘Come now, let us reason together,’ says the Lord.”

Let us pray. Gracious God, once again as these Senators gather in session to deal with additional unfinished business, we ask You to bless them and their staff members as You alone can. Grant to these servants the wisdom -- and stamina -- they need to continue carrying out the work of our State, celebrating Your presence here, of course, and using their collective wisdom to benefit each and every South Carolinian. For as we all well know, the needs of so many of our citizens cry out for the best efforts that these Senators can offer. Therefore, truly, dear God, guide and lead the members of this Body as they reason together. All this we humbly pray in Your wondrous and loving name, O Lord. Amen.

The PRESIDENT called for Petitions, Memorials, Presentments of Grand Juries and such like papers.
