1.1. (SDE: Appropriation Transfer Prohibition) The amounts appropriated herein for aid to subdivisions, allocations to school districts, or special line items shall not be transferred and must be expended in accordance with the intent of the appropriation, except that the department may transfer funds that are deducted and retained from a school district's transportation allocation to reimburse the department for the cost of unauthorized mileage. 34 (C) For the current fiscal year, the funds appropriated for State Aid to Classrooms represent the State's contribution to the Aid to  
 35 Classrooms program for direct instruction of students in kindergarten through grade twelve in our state, which is seventy-five percent  
 36 of the total salary and employer contribution cost of funding one teacher salary for every 11.2 students. The salary cost used to

1 determine the amount of funding required for the state effort is based on that of a teacher having a master's degree and twelve years  
2 of experience, which equates to ~~\$55,104~~ \$57,250 on the statewide minimum salary schedule for the current fiscal year and including  
3 fringe benefits is ~~\$72,991~~ of \$18,641, for a total of \$75,891. The types of teachers used in the calculation of ~~teachers for every student~~  
4 ~~ratio~~ student-teacher ratio includes those teachers eligible pursuant to Section 59-20-50(4)(b), ~~to include~~. This includes classroom  
5 teachers, librarians, guidance counselors, psychologists, social workers, occupational and physical therapists, school nurses,  
6 orientation/mobility instructors, and audiologists in the school districts of the State. School districts are required to meet the statewide  
7 minimum salary schedule in the current fiscal year and are required to provide the annual step increase pursuant to Section 59-20-50.  
8 No school district is required to increase teacher salaries above the amount necessary to meet the statewide minimum salary schedule  
9 as prescribed in this act. For the current fiscal year, the provisions of Section 59-20-50(3) of the 1976 Code, as amended, are  
10 suspended.

11 (D) To allocate the funds, the department will calculate the total number of weighted pupil units (WPU) in each school district  
12 and in the State. The funds appropriated herein for State Aid to Classrooms represent the state share of the total Aid to Classrooms  
13 program, which is seventy-five percent. The local required effort is twenty-five percent of the total program. The total Aid to  
14 Classrooms funding for each district is calculated based on the district's percentage of the total statewide weighted pupils multiplied  
15 by the total Aid to Classrooms program. The district's local share is calculated by multiplying the total local share by the district's  
16 imputed index of taxpaying ability, which is the district's relative fiscal capacity compared to that of all other districts in the State.  
17 The State Aid to Classrooms amount allocated to each district will be determined by subtracting the calculation of the district's local  
18 share from the calculation of the district's total Aid to Classrooms projected funding. The Statewide Public Charter School District  
19 and any approved institution of higher education authorizing charter schools shall receive one hundred percent of the Aid to  
20 Classrooms funding from the State. For Fiscal Year ~~2023-24~~ 2024-25, no local match is required for the State Aid to Classroom EIA  
21 distributions for the base funding rolled up from the previous fiscal year.

22 (E) Each district will receive either the amount determined by this new methodology or the actual state funding received in Fiscal  
23 Year 2021-22 from State Aid to Classrooms, Aid School Districts, Student Health and Fitness, Guidance/Career Specialists,  
24 Handicapped – Profoundly Mentally, EIA - Aid to Districts, EIA - Students at Risk of School Failure, Allocations EIA – Teacher  
25 Salaries, Allocations EIA – Employer Contributions, EIA – Student Health and Fitness Act - Nurses, and EIA - South Carolina Public  
26 Charter Schools.

27 (F) To provide flexibility, each district may expend the funds as determined by the local school board of trustees to meet the  
28 educational needs of students as defined in Section 59-1-50, Chapter 18, Title 59, and as delineated in a child's Individualized  
29 Education Program (IEP). Pursuant to Section 59-20-80, each school board of trustees must make available by September first of  
30 each fiscal year its annual budget that includes state, local, and federal investments in education. The budget must be available on  
31 the district's website. The department, in collaboration with local school districts, will provide a template that each district must use  
32 in reporting its budget.

33 (G) To provide transparency, Revenue and Fiscal Affairs will document annually, through an online financial dashboard, the  
34 expenditure of all state, local, and federal funds by each district and by each charter school authorizer and other relevant data to  
35 include its fund balance and average fund balance for the reporting year. To ensure that the public reporting meets the needs of  
36 educators, parents, citizens, and policymakers, the department, in conjunction with Revenue and Fiscal Affairs, will consult routinely

1 with a group of educators, parents, citizens, and policymakers. District expenditures for the prior fiscal year must be published on  
2 the department's website for public disclosure by January 1.

3 (H) If a traditional school district, charter school authorizer, or special school district fails to submit expenditure data needed for  
4 the online financial dashboard, the Revenue and Fiscal Affairs Office will notify the Department of Education. Within thirty days of  
5 such notification, the Department of Education must then withhold ten percent of all state payments to the district or authorizer until  
6 the district or authorizer complies and all payments will then be made.

7 (I) To ensure accountability, each district's annual audit that is submitted to the Department of Education pursuant to Section  
8 59-17-100 must be conducted using an auditing firm from an approved list provided by the State Auditor. The State Auditor will  
9 develop standards and criteria for determining qualifying auditors. Each district's annual audit must be available on the district's  
10 website.

11 (J) For the current fiscal year the South Carolina Public Charter School District and any institution of higher education sponsoring  
12 a public charter school shall receive and distribute state Aid to Classroom funds to the charter school. Students enrolled in charter  
13 schools authorized by the South Carolina Public Charter School District or an institution of higher education will receive in addition  
14 to the base weight of 1.00 or in addition to the disability weight of 2.60 an additional weight based upon the type of charter school  
15 that they attend. These additional funds must support the provision of educational services for children served by a charter school  
16 that does not receive local revenues. These students are also eligible to receive additional weights for personalized instruction. The  
17 department will make any necessary adjustments to account for the state share for Charter and Special Districts.

18 (K) Three and four year old students with a disability, who are eligible for services under IDEA and enrolled in brick and mortar  
19 charter schools sponsored by the South Carolina Public Charter School District or registered IHE, shall be included in student counts  
20 solely for the purposes of receiving the additional weighting for students attending a brick and mortar charter school.

21 (L) For Fiscal Year ~~2023-24~~ 2024-25, special districts and alternative schools will receive the amount received in the prior fiscal  
22 year from these funds.

23 (M) The Revenue and Fiscal Affairs Office, must post in a prominent place on their website for each school district projections,  
24 including the per pupil state, federal and local revenues, excluding revenues of local bond issues, for the current fiscal year. Also,  
25 as soon as practicable, upon determining the exact numbers regarding pupil count and funding, the Revenue and Fiscal Affairs Office,  
26 shall also post on their website the one hundred thirty-five-day average daily membership for each school district and per pupil state,  
27 federal and local revenues, excluding revenues of local bond issues, based on the most recent audited financial statement as reported  
28 annually pursuant to Section 59-17-100. The Department of Education and the Education Oversight Committee shall provide in a  
29 prominent place on their internet websites a link to the information posted by the Revenue and Fiscal Affairs Office, including the  
30 projected numbers and the exact numbers.

31 (N) For the current fiscal year, the pupil classification weightings are as follows:

32 (1) K-12 pupils or base students including homebound students 1.00

33 Students served in licensed residential treatment facilities (RTFs) for children and adolescents as defined under Section 44-7-130  
34 of the 1976 Code shall receive a weighting of 2.10.

35 (2) Weights for students with disabilities as documented by their Individualized Education ~~Plan~~ Program (IEP) 2.60

36 (3) Precareer and Career Technology 1.20

1	(4) Charter school students	
2	(a) Enrolled in brick and mortar school	1.25
3	(b) Enrolled in virtual charter school	0.65
4	(5) Additional weights for personalized instruction:	
5	(a) Gifted and Talented	0.15
6	(b) Academic Assistance	0.15
7	(c) Limited English Proficiency	0.20
8	(d) Pupils in Poverty	0.50

9 (O) *The Department of Education will review the child count data for all of the districts and charter school authorizers in the*  
 10 *State and identify any school district or charter school authorizer whose percentage of total enrolled students with IEPs is outside*  
 11 *of the typical percentage range based on national and state data. The department will then conduct a focused review of the district's*  
 12 *special education population and provide technical assistance, as needed, to ensure that students with disabilities are being*  
 13 *appropriately identified and served.*

14 (P) Students in poverty are students who qualify for Medicaid, SNAP, TANF, or are homeless, transient, or in foster care.

15 (Q) Gifted and talented students are students who are classified as academically or artistically gifted and talented or who are  
 16 enrolled in Advanced Placement (AP), International Baccalaureate (IB), and Cambridge International courses in high school.  
 17 Districts shall set-aside twelve percent of the funds for serving artistically gifted and talented students in grades three through twelve.

18 (R) Students in need of academic assistance are students who do not meet state standards in mathematics, English language arts,  
 19 or both on state approved assessments in grades three through eight and high school assessments for grades nine through twelve.  
 20 The additional weight generates funds needed to provide additional instructional services to these students.

21 (S) Students with limited English proficiency are students who require intensive English language instruction programs and  
 22 whose families require specialized parental involvement intervention.

23 (T) Further, the Department of Education may use school district student counts for personalized instruction as collected in the  
 24 same manner as the prior fiscal year, PowerSchool or other available existing data sources as determined by the department to  
 25 calculate the school district add on weightings for the personalized instruction classifications and the determination of the school  
 26 districts monetary entitlement. End of year adjustments shall be based on the one hundred thirty-five-day student average daily  
 27 membership for all classifications. During the current fiscal year, the department will update PowerSchool calculations, reports,  
 28 screen development, documentation, and training to incorporate the new pupil classification weightings and to make final district  
 29 allocation adjustments by June 30. The department must provide districts with technical assistance with regard to student count  
 30 changes in PowerSchool.

31 (U) Up to ten percent of any funds appropriated for State Aid to Classrooms at the end of the fiscal year may be carried forward  
 32 into the subsequent fiscal year and allocated to school districts, the South Carolina Public Charter School District, and an institution  
 33 of higher education that authorizes charter schools pursuant to this provision. The additional funds must first support increases in  
 34 student enrollment and any balance may be allocated proportionately utilizing weighted pupil units to districts. Any additional  
 35 unexpended funds shall revert to the general fund or to the EIA Fund.

1       (V) With the funds that the Department of Education receives for health insurance for school districts, the department shall  
2 allocate the funds to school districts proportionately utilizing weighted pupil units. The department shall allocate to districts funds  
3 received for retirement benefits through the State Aid to Classrooms formula.

4       (W) In the event of a mid-year across-the-board budget reduction, which reduces the total appropriation of general funds for  
5 State Aid to Classrooms, the Department of Education is directed to first reduce the amount of funds allocated to traditional school  
6 districts, charter school authorizers, and the special school districts for proportional funding under this provision.

7       **1.4.** (SDE: Employer Contributions/Allocations) It is the intent of the General Assembly that the appropriation contained herein  
8 for “Public School Employee Benefits” shall not be utilized to provide employer contributions for any portion of a school district  
9 employee’s salary that is federally funded.

10       State funds allocated for school district employer contributions must be allocated by the formula and must be used first by each  
11 district to cover the cost of fringe benefits for personnel required by the Defined Program, food service personnel and other personnel  
12 required by law. Once a district has expended all state allocated funds for fringe benefits, the district may utilize food service  
13 revenues to fund a proportionate share of fringe benefits costs for food service personnel.

14       The Department of Juvenile Justice and the Department of Corrections’ school districts must be allocated funds under the fringe  
15 benefits program in accordance with criteria established for all school districts.

16       **1.5.** (SDE: Employer Contributions/Obligations) In order to finalize each school district’s allocations of Employer Contributions  
17 funds for retiree insurance from the prior fiscal year, the Department of Education is authorized to adjust a school district’s allocation  
18 in the current fiscal year accordingly to reflect actual payroll and payments to the Retirement System from the prior fiscal year. In  
19 the event the Department of Education is notified that an educational subdivision has failed to remit proper payments to cover  
20 Employee Fringe Benefit obligations, the Department of Education is directed to withhold the educational subdivision’s state funds  
21 until such obligations are met.

22       **1.6.** (SDE: Educational Responsibility/Foster Care) The responsibility for providing a free and appropriate public education  
23 program for all children including disabled students is vested in the public school district wherein a child of lawful school age resides  
24 in a foster home, group home, orphanage, or a state operated health care facility including a facility for treatment of mental illness  
25 or chemical dependence and habilitation centers for persons with intellectual disabilities or persons with related conditions located  
26 within the jurisdiction of the school district or alternative residences. The districts concerned may agree upon acceptable local cost  
27 reimbursement. If no agreement is reached, districts providing education shall receive from the district where the child last resided  
28 before placement in a facility an additional amount equivalent to the statewide average of the local base student cost multiplied by  
29 the appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. If a child from out of state is residing  
30 in a facility owned and/or operated by a for profit entity, the district providing educational services shall be reimbursed by the for  
31 profit entity the local district’s local support per weighted pupil above the statewide average base student cost multiplied by the  
32 appropriate pupil weighting as set forth in Section 59-20-40 of the Education Finance Act. Participation will be evidenced by a  
33 written agreement from the IEP team or 504 team, written referral, or the school district initiating the placement process. School  
34 districts providing the education shall notify the nonresident district in writing within forty-five calendar days that a student from the  
35 nonresident district is receiving education services pursuant to the provisions of the proviso. The notice shall also contain the  
36 student’s name, date of birth, and disabling condition if available. If appropriate financial arrangements cannot be effected between

1 institutions of the state, including independent school districts under the authority of the Department of Disabilities and Special  
2 Needs, and school districts, institutions receiving educational appropriations shall pay the local base student cost multiplied by the  
3 appropriate pupil weighting. Children residing in institutions of state agencies shall be educated with nondisabled children in the  
4 public school districts if appropriate to their educational needs. Such institutions shall determine, on an individual basis, which  
5 children residing in the institution might be eligible to receive appropriate educational services in a public school setting. Once these  
6 children are identified, the institution shall convene an IEP meeting with officials of the public school district in which the institution  
7 is located. If it is determined by the committee that the least restrictive environment in which to implement the child's IEP is a public  
8 school setting, then the school district in which the institution is located must provide the educational services. However, that school  
9 district may enter into contractual agreements with any other school district having schools located within a forty-five mile radius of  
10 the institution. The cost for educating such children shall be allocated in the following manner: the school district where the child  
11 last resided before being placed in an institution shall pay to the school district providing the educational services an amount  
12 equivalent to the statewide average of the local base student cost multiplied by the appropriate pupil weighting as set forth in Section  
13 59-20-40 of the Education Finance Act; the school district providing the educational services shall be able to count the child for all  
14 funding sources, both state and federal. The institution and school district, through contractual agreements, will address the special  
15 education and related services to be provided to students. Should the school district wherein the institution is located determine that  
16 the child cannot be appropriately served in a public school setting, then the institution may request a due process hearing pursuant to  
17 the procedures provided for in the Individuals with Disabilities Education Act.

18 The agreed upon acceptable local cost reimbursement or the additional amount equivalent to the statewide average of the local  
19 base student cost multiplied by the appropriate pupil weighting set forth in Section 59-20-40, for instructional services provided to  
20 out-of-district students, shall be paid within sixty days of billing, provided the billing district has provided a copy of the invoice to  
21 both the Superintendent and the finance office of the district being invoiced. Should the district not pay within sixty days, the billing  
22 district can seek relief from the Department of Education. The department shall withhold EFA funding equal to the billing from the  
23 district refusing to pay and submit the funding (equal to the invoice) to the billing school district.

24 The agency placing a child in any situation that requires changing school districts, must work with the schools to assure that all  
25 required school records, including confidential records, are transferred from the sending to the receiving school within three working  
26 days. School records to be transferred should include grade transcripts, state birth certificate, certificate of immunization, social  
27 security card, attendance records, discipline records, IEP's, psychological reports (or notation in the school records that a  
28 psychological report on the child is available at the school district office) and any other records necessary for the appropriate  
29 placement of the child in the new school. School districts must release all records upon presentation of a court order or appropriate  
30 permission for confidential release. If evaluation or placement is pending, the receiving school district is responsible to secure  
31 information and to complete the placement. The receiving school will maintain appropriate confidentiality of all records received  
32 on a child. Upon discharge or release from the treatment facility, the agency placing the child in the receiving school must work  
33 with the school district where the student will reside after treatment to assure continuity of the student's education.

11 or sale of virtual courses to other states; the collection of damage fees for instructional materials and the sale of unusable instructional  
12 materials; sale of fuel; use and repair of transportation equipment; fees for Medicaid reimbursable transportation; the receipt of  
13 insurance and warranty payments on Department of Education equipment and the sale of used school buses and support equipment.

22 disbursement for the payment of correct and legal obligation of the school district.

23 **1.10.** (SDE: Travel/Outside of Continental U.S.) School District allocations from General Funds, lottery, and EIA funds shall  
24 not be used for travel outside of the continental United States. The International Baccalaureate Program shall be exempt from this  
25 restriction.

27 including state or EIA funds) in the current fiscal year for expenditures incurred in the prior year; however, state funds appropriated  
28 in Part IA, Section 1, X, Aid to School Districts, for the Children's Case Resolution System or private placements for services

4 self-insure state-owned buses. In no event shall the department charge local school districts for damages to the buses which are  
5 commonly covered by insurance.

6 **1.14.** (SDE: Teacher Data Collection) Of the non-program funds appropriated to the Department of Education, it and the  
7 Commission on Higher Education shall share data about the teaching profession in South Carolina. The data sharing should ensure  
8 (1) a systematic report on teacher supply and demand information and (2) data to determine classes being taught by public school  
9 teachers out of field of their preparation. The data collection should include but not be limited to: classes/subjects taught, number  
10 of students taught, percentage of teacher education graduates from South Carolina colleges/universities who go into teaching,  
11 percentage of teacher education graduates who teach in public schools in South Carolina, percentage of new teachers who leave the  
12 South Carolina teaching profession in the first three years of public school teaching due to unsuccessful evaluations, percentage of  
13 new teachers who leave the profession in the first three years of public school teaching in South Carolina who have successful  
14 evaluations, turnover rate of teachers and certification areas with highest vacancies. All database items should be set up so that it  
15 can be disaggregated by ethnicity, gender, geographic location, etc.

21 appropriation bill must meet specifications developed by the School Bus Specification Committee as established by the State  
22 Superintendent of Education. The School Bus Specifications Committee shall allow for input from all school bus chassis and body  
23 manufacturers. However, if it is safe, more economical, and in the public interest, the department may use the school bus  
24 specifications of another state in the procurement of school buses. If the department uses the specifications of another state, the  
25 department must submit a report to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means  
26 Committee detailing the methodology by which the alternative specifications were determined to be safe, more economical, and in  
27 the public interest, when compared to the specifications set forth by the School Bus Specifications Committee.

28 **1.17.** (SDE: Buses, Parts, and/or Fuel) Funds appropriated for other operating in program VII.B. - Bus Shops and funds

36 expenses, school districts that have a website shall place a notice of a regularly scheduled school board meeting twenty-four hours

1 in advance of such meeting. The notice shall include the date, time, and agenda for the board meeting. The school district shall  
2 place the minutes of the board meeting on their website within ten days of the next regularly scheduled board meeting.

3 **1.20.** (SDE: Proviso Allocations) In the event an official General Fund revenue shortfall is declared by the Board of Economic  
4 Advisors, the Department of Education may reduce any allocation in Section 1 specifically designated by proviso in accordance with  
5 the lower Board of Economic Advisors revenue estimate as directed by the Executive Budget Office-Carolina.

6 **1.21.** (SDE: School Districts and Special Schools Flexibility) All school districts and special schools of this State may transfer  
7 and expend funds among appropriated state general fund revenues, Education Improvement Act funds, and Education Lottery Act  
8 funds, and funds received from the Children's Education Endowment Fund for school facilities and fixed equipment assistance, to  
9 ensure the delivery of academic and arts instruction to students. However, a school district may not transfer funds allocated  
10 specifically for state level maintenance of effort requirements under IDEA, funds allocated specifically for state level maintenance  
11 of effort requirement for federal program, funds provided for the Education and Economic Development Act, funds provided for  
12 Career and Technology Education, nor funds required for debt service or bonded indebtedness. All school districts must report the  
13 student teacher ratio for every classroom to the Department of Education at the forty-fifth and the one hundred and thirty-fifth day  
14 mark. The department shall report this information to the General Assembly for the current school year.

15 In order for a school district to take advantage of the flexibility provisions, at least seventy-five percent of the school district's per  
16 pupil expenditures must be utilized within the In\$ite categories of instruction, instructional support, and only transportation, food  
17 service, and safety within non-instruction pupil services. No portion of the seventy-five percent may be used for facilities, business  
18 services, debt service, capital outlay, program management, and leadership services, as defined by In\$ite. The school district shall  
19 report to the Department of Education the actual percentage of its per pupil expenditures used for classroom instruction, instructional  
20 support, and transportation, food service, and safety within non-instruction pupil services for the current school year ending June  
21 thirtieth. Salaries of on-site principals must be included in the calculation of the district's per pupil expenditures.

22 "In\$ite" means the financial analysis model for education programs utilized by the Department of Education.

23 School districts are encouraged to reduce expenditures by means including, but not limited to, limiting the number of low  
24 enrollment courses, reducing travel for the staff and the school district's board, reducing and limiting activities requiring dues and  
25 memberships, reducing transportation costs for extracurricular and academic competitions, restructuring administrative staffing, and  
26 expanding virtual instruction.

27 School districts and special schools may carry forward unexpended funds from the prior fiscal year into the current fiscal year.

28 Prior to implementing the flexibility authorized herein, school districts must provide to Public Charter Schools the per pupil  
29 allocation due to them for each categorical program.

30 Quarterly throughout the current fiscal year, the chairman of each school district's board and the superintendent of each school  
31 district must certify where non-instructional or nonessential programs have been suspended and the specific flexibility actions taken.  
32 The certification must be in writing, signed by the chairman and the superintendent, delivered electronically to the State  
33 Superintendent of Education, and an electronic copy forwarded to the Chairman of the Senate Finance Committee, the Chairman of  
34 the Senate Education Committee, the Chairman of the House Ways and Means Committee, and the Chairman of the House Education  
35 and Public Works Committee. Additionally, the certification must be presented publicly at a regularly called school board meeting,  
36 and the certification must be conspicuously posted on the internet website maintained by the school district.

1 For the current fiscal year, Section 59-21-1030 is suspended. The foreign language program assessment, and the physical  
2 education assessment must be suspended. School districts and the Department of Education are granted permission to purchase the  
3 most economical type of bus fuel.

4 For the current fiscal year, savings generated from the suspension of the assessments enumerated above must be allocated to school  
5 districts based on weighted pupil units.

6 School districts must maintain a transaction register that includes a complete record of all funds expended over one hundred dollars,  
7 from whatever source, for whatever purpose. The register must be prominently posted on the district's internet website and made  
8 available for public viewing and downloading. The register must include for each expenditure:

9 (i) the transaction amount;

10 (ii) the name of the payee; and

11 (iii) a statement providing a detailed description of the expenditure.

12 The register must not include an entry for salary, wages, or other compensation paid to individual employees. The register must  
13 not include any information that can be used to identify an individual employee. The register must be accompanied by a complete  
14 explanation of any codes or acronyms used to identify a payee or an expenditure. The register must be searchable and updated at  
15 least once a month.

16 Each school district must also maintain on its internet website a copy of each monthly statement for all of the credit cards  
17 maintained by the entity, including credit cards issued to its officers or employees for official use. The credit card number on each  
18 statement must be redacted prior to posting on the internet website. Each credit card statement must be posted not later than the  
19 thirtieth day after the first date that any portion of the balance due as shown on the statement is paid.

20 The Comptroller General must establish and maintain a website to contain the information required by this section from a school  
21 district that does not maintain its own internet website. The internet website must be organized so that the public can differentiate  
22 between the school districts and search for the information they are seeking.

23 The provisions contained herein do not amend, suspend, supersede, replace, revoke, restrict, or otherwise affect Chapter 4, Title  
24 30, of the South Carolina Freedom of Information Act. Nothing in this proviso shall be interpreted as prohibiting the State Board of  
25 Education to exercise its authority to grant waivers under Regulation 43-261.

26 **1.22.** (SDE: Medical Examination and Security Reimbursement/Expenditures) From funds authorized in Part IA, Section 1,  
27 VII.B. Other Operating Expenses, the Department of Education may directly pay, or reimburse employees, for the cost of a medical  
28 examination as required in Part 391, Subpart E of the Federal Motor Carrier Safety Regulations, for employees that are required to  
29 operate a state vehicle transporting hazardous materials and that are required to undergo a national security background check because  
30 of the required Hazmat endorsement to their CDL.

31 **1.23.** (SDE: Budget Reduction) In compensating for any reduction in funding or an operating deficit publicly recognized by the  
32 School Board of Trustees, local districts must give priority to preserving classroom teachers and operations. Funding reductions  
33 should first be applied to administrative and non-classroom expenses before classroom expenses are affected.

34 **1.24.** (SDE: School District Furlough) Should there be a midyear reduction in state funding to the districts, school districts may  
35 institute employee furlough programs for district-level and school-level professional staff. Before any of these employees may be  
36 furloughed, the chairman of the governing body of the school district must certify that all fund flexibility provided by the General

1 Assembly has been utilized by the district and that the furlough is necessary to avoid a year-end deficit and a reduction in force. The  
2 certification must include a detailed report by the superintendent of the specific action taken by the district to avoid a year-end deficit.  
3 The certification and report must be in writing and delivered to the State Superintendent of Education and a copy must be forwarded  
4 to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee.

5 The local school district board of trustees may implement a furlough of personnel once certification to the State Superintendent  
6 documents all funding flexibility has been exhausted and continued year-end deficits exist. Local school boards of trustees shall  
7 have the authority to authorize furloughs of these employees in the manner in which it sees fit. However, instructional personnel  
8 may be furloughed for up to five non-instructional days if not prohibited by an applicable employment contract with the district and  
9 provided district administrators are furloughed for twice the number of days. District administrators may only be furloughed on  
10 non-instructional days and may not be furloughed for a period exceeding ten days. District administrators shall be defined by the  
11 Department of Education using the Professional Certified Staff (PCS) System. For individuals not coded in PCS, the determination  
12 shall be made based upon whether the individual performs the functions outlined in position codes identified by the department as  
13 administration. Educators who would have received a year's experience credit had a furlough not been implemented, shall not have  
14 their experience credit negatively impacted because of a furlough implementation.

15 During any furlough, affected employees shall be entitled to participate in the same benefits as otherwise available to them except  
16 for receiving their salaries. As to those benefits that require employer and employee contributions including, but not limited to,  
17 contributions to the South Carolina Retirement System or the optional retirement program, the district will be responsible for making  
18 both employer and employee contributions if coverage would otherwise be interrupted; and as to those benefits which require only  
19 employee contributions, the employee remains solely responsible for making those contributions. Placement of an employee on  
20 furlough under this provision does not constitute a grievance or appeal under any employee grievance procedure. The district may  
21 allocate the employee's reduction in pay over the balance of the fiscal year for payroll purposes regardless of the pay period within  
22 which the furlough occurs.

23 Each local school district must prominently post on the district's internet website and make available for public viewing and  
24 downloading the most recent version of the school district's policy manual and administrative rule manual.

25 This proviso shall not abrogate the terms of any contract between any school district and its employees.

26 **1.25.** (SDE: School Lunch/Attendance Supervisors) For those counties in which an entity other than the school district  
27 administers the school lunch supervisor and/or attendance supervisor programs, the school districts in that county shall transfer to  
28 the entity the amount available in the previous fiscal year for administration of the school lunch supervisor and/or attendance  
29 supervisor programs. Each district shall transfer a pro rata share of the total cost based upon the percentage of state EFA funds  
30 distributed to the districts within the county.

31 **1.26.** (SDE: No Discrimination Requirement) State funds must not be appropriated to a school that discriminates against or  
32 participates with or is a member of an association with policies that discriminate or afford different treatment of students based on  
33 race or national origin.

34 **1.27.** (SDE: Medicaid Cash Match Accounting) The department is granted authority to transfer funds between budget lines and  
35 object codes to identify, reconcile, reimburse, and remit funds required for Medicaid cash match to the Department of Health and  
36 Human Services.

1       **1.28.** (SDE: Student Report Card-GPA) For each high school student, school districts shall be required to print the student's  
2 individual cumulative grade point average for grades nine through twelve on the student's report card.

3       **1.29.** (SDE: Lost & Damaged Instructional Materials Fees) Fees for lost and damaged instructional materials for the prior school  
4 year are due no later than December first of the current school year when invoiced by the Department of Education. The department  
5 may withhold instructional materials funding from schools that have not paid their fees by the payment deadline.

6       **1.30.** (SDE: State Aid to Classrooms Reserve Fund) There is created in the State Treasury a fund separate and distinct from the  
7 General Fund of the State and all other funds entitled the State Aid to Classrooms Reserve Fund. All unexpended general funds  
8 appropriated to the Department of Education for the State Aid to Classrooms in the current fiscal year shall be transferred to the State  
9 Aid to Classrooms Reserve Fund. In the event that the amount appropriated for the State Aid to Classrooms is insufficient to fully  
10 fund the designated student-teacher ratio as established by this act, revenues from the State Aid to Classrooms Reserve Fund may be  
11 used to supplement the funds appropriated. The General Assembly may make direct appropriations to this fund. All unexpended  
12 funds in the State Aid to Classrooms Reserve Fund and any interest accrued by the fund must remain in the fund and may be carried  
13 forward into the current fiscal year.

14       **1.31.** (SDE: Prohibit Advertising on School Buses) The Department of Education and local school districts are prohibited from  
15 selling space for or the placement of advertisements on the outside or inside of state-owned school buses.

16       **1.32.** (SDE: Residential Treatment Facilities Student Enrollment and Funding) Each South Carolina resident of lawful school  
17 age residing in licensed residential treatment facilities (RTFs) for children and adolescents identified on the State Qualified Providers  
18 list and meets the requirements of Section 44-7-130 of the 1976 Code, (students) shall be entitled to receive educational services  
19 from the school district in which the RTF is located (facility school district). The responsibility for providing appropriate educational  
20 programs and services for these students, both with and without disabilities, who are referred, authorized, or placed by the State is  
21 vested in the facility school districts. For purposes of this proviso, an authorization must be pursuant to a physician's determination  
22 of medical necessity. If clinically appropriate, the facility school district, the RTF, and the parent or guardian of a student referred  
23 or placed in a RTF may consider the appropriateness of providing the student's education program virtually through enrollment in  
24 either the facility district's virtual program, the South Carolina virtual school program provided through the Department of Education  
25 (Virtual SC), or a virtual charter school authorized by the South Carolina Public Charter School District, or a virtual charter school  
26 authorized by an approved institute of higher education. This decision should be made jointly with the best interest of the student  
27 and what is clinically indicated being considered.

28       A facility school district must provide the necessary educational programs and services directly to the student at the RTF's facility,  
29 provided that the RTF facility provides and maintains comparable adequate space for the educational programs and services  
30 consistent with all federal and state least restrictive environment requirements. Adequate space shall include appropriate electrical  
31 support and Internet accessibility. Unless the parent or legal guardian of the student seeks to continue the student's enrollment in  
32 the resident school district under a medical homebound instruction program and the district approves, if appropriate, then, under  
33 these circumstances, the facility school district shall enroll the student and assume full legal and financial responsibility for the  
34 educational services including enrolling the student, approving the student's entry into a medical homebound instructional program,  
35 if appropriate, and receiving and expending funds, unless the resident school district undertakes to carry out its educational  
36 responsibilities for the student directly. Alternatively, a facility school district may choose to provide the necessary educational

1 programs and services by contracting with the RTF provided that the RTF agrees to provide educational services to the student at the  
2 RTF's facility. Under these circumstances, the facility school district must enroll the student and pay the RTF for the educational  
3 services provided. If the facility school district determines the educational program being offered by the RTF does not meet the  
4 educational standards outlines in the contract, the facility district shall be justified in terminating the contract.

5 The facility school districts are entitled to receive the base student cost multiplied by the Education Finance Act pupil weighting  
6 for pupils in a Residential Treatment Facility of 2.10, as set forth in Proviso 1.3 of this act and any eligible categorical and federal  
7 funds. These funds may be retained by the facility school districts for the purpose of providing the educational programs and services  
8 directly to students referred or placed by the State or the facility school districts may use these funds to reimburse RTFs for the  
9 educational programs and services provided directly by the RTFs. A facility school district is entitled to reimbursement from a  
10 resident school district for the difference between: (1) the reasonable costs expended for the educational services provided directly  
11 by the facility school district or the amount paid to the RTF; and (2) the aggregate amount of federal and state funding received by  
12 the facility school district for that student. However, the reimbursement rate may not exceed \$90 per student per day. Through a  
13 joint agreement with the facility school district and the RTF, the funding received for RTF students must be utilized to deliver an  
14 instructional program that meets the needs of the students, and when applicable, the requirements of the Individuals with Disabilities  
15 Education Act and Section 504 of the Rehabilitation Act of 1973. Facility school districts providing the educational services shall  
16 notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving educational  
17 services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided the facility  
18 district has provided a copy of the invoice to both the District Superintendent and the finance office of the resident district being  
19 invoiced. Should the facility school district be unable to reach agreement with the resident school district regarding reasonable costs  
20 differences, the facility school district shall notify the Department of Education's Office of General Counsel. The Department of  
21 Education shall facilitate a resolution of the dispute between the facility school district and the resident school district within  
22 forty-five days of the notice of dispute. If the issue of reasonable cost differences should remain unresolved, a facility school district  
23 shall have the right to file a complaint in a Circuit Court. Should a resident school district fail to distribute the entitled funding to  
24 the facility school district by the one hundred thirty-five day count, the Department of Education is authorized to withhold the  
25 equivalent amount of EFA funds and transfer those funds to the facility school district.

26 RTF facilities on the State Qualified Provider List not located within the boundaries of the state shall be reimbursed at a rate that  
27 may not exceed \$45 per student per day for education services and school districts shall be eligible to receive a base student cost  
28 weighted funding of 2.10 provided that the student remains enrolled in the school district. Facilities providing the educational  
29 services shall notify the resident district in writing within forty-five calendar days that a student from the resident district is receiving  
30 educational services pursuant to the provisions of the proviso. Reimbursements shall be paid within sixty days of billing, provided  
31 the qualified facility has provided a copy of the invoice to both the District Superintendent and the finance office of the resident  
32 district being invoiced. Should the facility be unable to reach agreement with the resident school district regarding reasonable costs  
33 differences, the provider shall notify the Department of Education's Office of General Counsel. The Department of Education shall  
34 facilitate a resolution of the dispute between the facility and the resident school district within forty-five days of the notice of dispute.  
35 If the issue of reasonable cost differences should remain unresolved, a facility shall have the right to file a complaint in a Circuit  
36 Court. Additionally, qualified RTF providers' general education curriculum must be aligned to the South Carolina academic

1 standards in the core content areas. All students with disabilities who are eligible for special education and related services under  
2 the Individuals with Disabilities Education Act (IDEA), as amended, and the State Board of Education (SBE) regulations, as  
3 amended, shall receive special education and related services in the least restrictive environment by appropriately certified personnel.  
4 Students in a qualified RTF will at all times be eligible to receive the educational credits (e.g., Carnegie Units) earned through their  
5 educational efforts. The resident school district and the RTF should develop a memorandum of understanding to outline the  
6 responsibilities of the RTF in providing the educational services and responsibilities, if any, of the resident school district while the  
7 student is housed in the RTF.

8 If a child from out of state is placed in a RTF by an out-of-state school district or agency, the child's home state remains responsible  
9 for the educational services. The facility school district may choose to provide the educational program to the child and, upon  
10 choosing to do so, shall contract with the appropriate entity for payment of educational services provided to the child. Out-of-state

24 measures for students residing in RTFs shall be attributed to a specific school only if the child physically attends the school. The  
25 performance of students residing in a RTF who receive their educational program on site at the RTF must be reflected on a separate  
26 line on the facility school district's report card and must not be included in the overall performance ratings of the facility school

19 in the program and provide high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate  
20 for three years will require the provider to return a portion of the equipment allocation at a level determined by the Department of  
21 Education and the Office of First Steps to School Readiness. Funding to providers is contingent upon receipt of data as requested  
22 by the Department of Education and the Office of First Steps. The Department of Education shall only provide funding for public

35 must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of  
36 the annual audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps

1 determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must  
2 adjust the allocations for the current fiscal year to account for the findings.

3 (F) Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation

13 Readiness shall be responsible for the collection and maintenance of data on the state funded programs provided through private  
14 providers. The Education Oversight Committee shall use this data and all other collected and maintained data necessary to conduct  
15 a research based review of the program's implementation and assessment of student success in the early elementary grades along  
16 with information, recommendations, and a timeline for how the state can increase the number of students served in high-quality  
17 programs. To aid in the accurate reporting of four-year-olds in poverty served in formal education programs in public schools in  
18 South Carolina, the Department of Education must provide to the EOC data related to four-year-olds served in formal education  
19 programs funded with other state, local, or federal funds, including Title I and EIA-District-funded programs, denoting full- or  
20 partial-day status.

21 (G) For eligible children residing in school districts that do not participate in CERDEP, the Department of Education is required  
22 to develop and implement inter-district transfer policies that give parents or guardians the option of their eligible child attending an  
23 out-of-district school that participates in CERDEP.

24 (H) For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher  
25 reimbursement rates to high-quality providers. The reimbursement rate for students enrolled by child care providers rated B or higher  
26 in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student base  
27 following guidelines developed by the Office of First Steps; and (2) up to \$250,000 to provide one-time supplemental, needs-based  
28 incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand  
29 service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head  
30 Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to  
31 bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently  
32 preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process  
33 that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers  
34 to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide  
35 high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall  
36 require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School

1 Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the  
2 House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15.

3 (I) If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed  
4 expenditures, available funds may be used to fund an extended program and to increase the length of the program to a maximum of  
5 eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund  
6 summer enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced  
7 on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per  
8 day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated  
9 amount contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily  
10 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty  
11 days. Funds may also be used to provide parent engagement, professional development, and quality evaluations of programs. No  
12 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance  
13 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following  
14 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the  
15 amount of money used for professional development as well as the types of professional development offered and the number of  
16 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the  
17 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

18 (J) On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total  
19 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional  
20 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of  
21 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the  
22 Department of Education and the Office of First Steps.

23 (K) The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State

3 comprehend grade-level texts. The Department of Education shall assist districts that cannot find qualified teachers to work in the  
4 summer camps. Districts may also choose to contract for the services of qualified instructors or collaborate with one or more districts

11 opportunity to receive quality, intensive instructional services, and support. A district may also include in the summer reading camps  
12 students who are not exhibiting reading proficiency at any grade and may charge fees for these students to attend the summer reading  
13 camps based on a sliding scale pursuant to Section 59-19-90, except where a child is found to be reading below grade level in the  
14 first, second or third grade. A parent or guardian of a student who does not substantially demonstrate proficiency in comprehending

29 allocated to the University of South Carolina's College of Education for the design and implementation of a pilot program to reinvent

34 The pilot program shall support at least three diverse school districts which shall include a minimum of one, with a maximum of  
35 two, large urban districts and a minimum of two, with a maximum of four, rural districts in order to:

1 (1) incentivize the recruitment and preparation of high quality educators including a focus on diversifying the teaching workforce  
2 for high-need students and stipends for student teachers/residents;

3 (2) support the development of a coherent and financially sustainable system, based on current school funding models, of teacher  
4 leadership that improves learning environments and educator retention and effectiveness; and

5 (3) produce several models of the school-university-community partnerships in South Carolina, testing evidence-based elements  
6 of a coherent system of teacher development including, but not limited to:

7 (a) prototyping a paid teacher residency for South Carolina, modeled from the medical profession, to develop well-prepared  
8 new recruits to teaching and new school designs to support teacher learning and leadership for whole child education;

9 (b) applying state of the art technology and tools that save time, not only to help teachers problem-solve instructional  
10 challenges, but also to teach students across schools and districts;

11 (c) reinventing the school day and/or school year calendar as teachers work on different contracts to create expanded and more  
12 personalized student learning as well as more opportunities for educators to lead;

13 (d) reducing teaching loads for some of the state's top teachers, including over six thousand who are National Board certified,  
14 so they can lead without leaving the classrooms; and

16 (i) include opportunities for additional pay for increased responsibility, leadership roles, and expanded impact; and

17 (ii) prototype a menu of financial and nonfinancial incentives for effective educators to work in priority schools, subjects,  
18 and grade levels.

19 State funding will support both an external evaluation of the pilot program as well as South Carolina districts participating in a  
20 national learning community of other school-university partnerships seeking to transform the educator workforce.

21 The pilot program to transform the teaching profession will be in partnership with selected South Carolina Historically Black  
22 Colleges and Universities which will be critical to recruiting and developing teachers of color. In addition, the pilot program will be  
23 designed and developed in collaboration with national partners, Education Resource Strategies and Bank Street College, bringing  
24 respective expertise in resource reallocations for innovative school staffing in public education and recruiting and preparing diverse  
25 teachers through teaching residences. The pilot program will be anchored in data collection underway by SC-TEACHER, with a  
26 grant funded by the Carnegie Corporation of New York, as well as in effective educator practices from across the globe.

27 The pilot program shall compliment and/or enhance the state's effective innovations in educator recruitment, induction, evaluation,  
28 and professional learning, and draw upon research evidence to create a transformative system of educator development including  
29 new ways to compensate teachers and principals that impact student learning and more efficient use of human capital across the

5 for the same purpose.

6 (E) Annually, the Department of Education is directed to audit the annual allocations to public providers to ensure that allocations  
7 are accurate and aligned to the appropriate pro rata per student allocation, materials, and equipment funding. In the event the  
8 department, during the audit process determines that the annual allocations of the prior fiscal year are not accurate, the department  
9 must adjust the allocations for the current fiscal year to account for the audit findings. The department must provide the results of  
10 the annual audit findings to the General Assembly no later than December first. Likewise, in the event the Office of First Steps  
11 determines that the annual allocations of the prior fiscal year to private providers are not accurate, the Office of First Steps must  
12 adjust the allocations for the current fiscal year to account for the findings.

13 (F) Of the funds appropriated, \$300,000 shall be allocated to the Education Oversight Committee to conduct an annual evaluation  
14 of the South Carolina ~~Child Development Education Pilot Program~~ Early Reading Development and Education Program (CERDEP)  
15 and to issue findings in a report to the General Assembly by March first of each year. To aid in this evaluation, the Education  
16 Oversight Committee shall determine and obtain the data necessary and both public and private providers are required to submit the  
17 necessary data as a condition of continued participation in and funding of the program, including average daily attendance data, so  
18 that consistent enrollment may be determined. This data shall include developmentally appropriate measures of student progress.  
19 Additionally, the Department of Education shall issue a unique student identifier for each child receiving services from a public or  
20 private provider including those funded by CERDEP, Head Start, SC Child Care Scholarships, EIA, Title I, district-funded, and all  
21 other federal, state, or local public sources. The Department of Education shall be responsible for the collection and maintenance  
22 of data on the public state funded full day and half-day four-year-old kindergarten programs. The Office of First Steps to School  
23 Readiness shall be responsible for the collection and maintenance of data on the state funded programs provided through private  
24 providers. The Education Oversight Committee shall use this data and all other collected and maintained data necessary to conduct  
25 a research based review of the program's implementation and assessment of student success in the early elementary grades along  
26 with information, recommendations, and a timeline for how the state can increase the number of students served in high-quality  
27 programs. To aid in the accurate reporting of four-year-olds in poverty served in formal education programs in public schools in  
28 South Carolina, the Department of Education must provide to the EOC data related to four-year-olds served in formal education  
29 programs funded with other state, local, or federal funds, including Title I and EIA-District-funded programs, denoting full- or  
30 partial-day status.

31 (G) For eligible children residing in school districts that do not participate in CERDEP, the Department of Education is required  
32 to develop and implement inter-district transfer policies that give parents or guardians the option of their eligible child attending an  
33 out-of-district school that participates in CERDEP.

34 (H) For the current fiscal year, the Office of First Steps may expend: (1) up to \$2,000,000 to pilot a program to provide higher  
35 reimbursement rates to high-quality providers. The reimbursement rate for students enrolled by child care providers rated B or higher  
36 in the ABC Quality System operated by the Department of Social Services may be increased by up to 10% of the per-student base

1 following guidelines developed by the Office of First Steps; and (2) up to \$250,000 to provide one-time supplemental, needs-based  
2 incentive grants in an amount not to exceed \$30,000 for newly created and/or newly approved private providers proposing to expand  
3 service to ten or more CERDEP eligible children in communities unable to enroll all eligible students in a public, private, or Head  
4 Start setting during the prior fiscal year. These grants are designed to address building renovations, documented as necessary to  
5 bring proposed classrooms into compliance with licensing regulations, materials and staffing costs, and/or other obstacles currently  
6 preventing their participation in the program. The First Steps Board of Trustees shall develop and approve an application process  
7 that incorporates formal review and fiscal safeguards designed to ensure grant funds are used solely to address documented barriers  
8 to program participation. Providers receiving this one-time supplement shall be expected to participate in the program and provide  
9 high-quality, center-based programs as defined herein for a minimum of three years. Failure to participate for three years shall  
10 require the provider to return a portion of the supplemental allocation at a level determined by the Office of First Steps to School  
11 Readiness. First Steps shall submit a report detailing its process, expenditures and expanded enrollment to the Chairman of the  
12 House Ways and Means Committee and the Chairman of the Senate Finance Committee by March 15.

13 *(I)* If by August first, the Department of Education or the Office of First Steps determines that appropriations will exceed  
14 expenditures, available funds may be used to fund an extended program and to increase the length of the program to a maximum of  
15 eight and a half hours per day or two hundred and twenty days per year or to fund summer programs. If a district chooses to fund  
16 summer enrollment, the program funding shall conform to the funding in this act for full year programs; however, it shall be reduced  
17 on a pro rata basis to conform with the length of the program. A summer program shall be no more than eight and a half hours per  
18 day and shall be not more than ten weeks in length. The per pupil allocation and classroom grant must conform with the appropriated  
19 amount contained in this act and end of year adjustments shall be based on the one hundred and thirty-five-day student average daily  
20 membership or later student average daily membership for districts choosing to extend the program past one hundred and eighty  
21 days. Funds may also be used to provide parent engagement, professional development, and quality evaluations of programs. No  
22 later than April first, the Department of Education and the Office of First Steps shall report to the Chairman of the Senate Finance  
23 Committee and the Chairman of the House Ways and Means Committee on the expenditure of these funds to include the following  
24 information: the amount of money used and specific steps and measures taken to enhance the quality of the 4K program and the  
25 amount of money used for professional development as well as the types of professional development offered and the number of  
26 participants. The Office of First Steps is directed to determine if the provision of extended programs in private centers improves the  
27 ability of parents to enter the workforce or to pursue postsecondary training or industry credentials.

28 *(J)* On or before November 15, the Department of Education and the Office of First Steps shall share data that identifies the total  
29 number of children enrolled in CERDEP in both public and private providers. If available appropriations exceed the instructional  
30 costs of serving children enrolled in the program and if a waiting list of eligible children can be documented by the Department of  
31 Education and by the Office of First Steps, then the Executive Budget Office may authorize the transfer of funds between the  
32 Department of Education and the Office of First Steps.

33 *(K)* The Office of First Steps and the Department of Education shall collaborate with the South Carolina Head Start State  
34 Collaboration Office to inform parents of all publicly funded full-day 4K programs including Head Start by participating in  
35 PalmettoPreK and First5SC.

1       **1A.27.** (SDE-EIA: Centers of Excellence) Of the funds appropriated for Centers of Excellence, \$350,000 must be allocated to the  
2 Francis Marion University Center of Excellence to Prepare Teachers of Children of Poverty to expand statewide training for  
3 individuals who teach children of poverty through weekend college, nontraditional, or alternative learning opportunities.

4       **1A.28.** (SDE-EIA: Career Cluster Industry Partnerships) From the funds appropriated to the Department of Education, \$800,000  
5 must be provided as direct grants to the private sector statewide trade association or educational foundation providing nationally  
6 certified programs in career and technology education representing the automotive, construction, engineering, healthcare, mechanical  
7 contracting/construction, and hospitality tourism career clusters. Organizations applying for a grant must do so by July thirty-first  
8 and the Department of Education must award a minimum of one grant of at least \$150,000 in at least four of these specified career  
9 clusters to be used exclusively for career and technology education. The recipient industry organization must conduct end-of-course  
10 exams graded by a national industry organization and must include in their grant request how the money will be spent in direct  
11 support of students to further industry-specific career technology education; a description and history of their program nationally and  
12 within South Carolina; estimates of future employment growth in their industry; and the national scope of their program. By August  
13 first of the following year, the organization must submit to the department a report detailing how the grant increased  
14 industry/employer awareness; the number of increased schools using the industry-based curriculum and partnered with the industry  
15 organization; the increased number of students in the program; and an overview and analysis of the organization's statewide student  
16 competition. The grant must be used for career awareness programs for that industry cluster; statewide student competitions leading  
17 to national competitions; teacher development and training; post-secondary scholarships in industry-specific degree programs;  
18 student recruitment into that career cluster programs; programs to educate middle and high school Career or Guidance Counselors  
19 about the industry; service to disadvantaged youth; and administering business/employer awareness and partnerships which help lead  
20 to experience-based, career-oriented experiences including internships, apprenticeships, mentoring, co-op education and service  
21 learning. The Office of Career and Technology Education of the department will develop goals with each career cluster on the  
22 number of new schools using the industry-based curriculum and partnered with that career cluster organization. These funds may  
23 not be used to supplant or replace, in whole or in part, other existing resources/assets sourced outside the present grant being used to  
24 provide the same services or programs. Organizations may carry-over grants for up to three years when a large project is identified  
25 in the grant application to be used at a future date; otherwise excess funds must be returned to the state. Organizations awarded must  
26 submit a semi-annual programmatic and financial report on the last day of December in addition to the final report due August first  
27 that has been audited by a third party accounting firm.

28       **1A.29.** (SDE-EIA: Partnerships/Other Agencies & Entities) For the current fiscal year, agencies and other entities receiving funds  
29 appropriated in Part IA, Section 1, VIII. F. will continue to report annually to the Education Oversight Committee (EOC). Any entity  
30 receiving funds that must flow through a state agency will receive those funds through the EOC, unless requested in writing by the  
31 entity to match federal or other funds. The EOC will make funding recommendations to the Governor and General Assembly as part

2 the average teachers' salaries of the southeastern states as projected by the Revenue and Fiscal Affairs Office. For the current school  
3 year, the Southeastern average teacher salary is projected to be ~~\$\$58,048~~ \$59,866. The General Assembly remains desirous of raising  
4 the average teacher salary in South Carolina through incremental increases over the next few years so as to make such equivalent to  
5 the national average teacher salary.

6       *(B)* Additionally, for the current fiscal year, a local school district board of trustees must increase the salary compensation for all  
7 eligible certified teachers employed by the district by no less than one year of experience credit using at a minimum the district salary  
8 schedule utilized the prior fiscal year as the basis for providing the step. Application of this provision must be applied uniformly for  
9 all eligible certified teachers. For Fiscal Year ~~2023-24~~ 2024-25, the requirement that school districts maintain local salary  
10 supplements per teacher no less than their prior fiscal year level is suspended.

11       *(C)* For purposes of this provision, teachers shall be defined by the Department of Education using the Professional Certified  
12 Staff (PCS) System.

14 PowerSchool and data collection, the department will begin in the current fiscal year to collect data from schools and school districts  
15 on the number of students who had previously dropped out of school and who reenrolled in a public school or adult education to  
16 pursue a high school diploma. The Education Oversight Committee working with the Department of Education will determine how  
17 to calculate a dropout recovery rate that will be reflected on the annual school and district report cards. The department may carry  
18 forward and expend the funds for the same purpose.

22 or regulation for a tuition waiver for the tuition for one three-hour course at that institution for those public school teachers who serve  
23 as supervisors for full-time students completing education degree requirements. Unexpended funds appropriated for this purpose  
24 may be carried forward from the prior fiscal year into the current fiscal year and expended for the same purposes.

25       **1A.34.** (SDE-EIA: Educational Partnerships) The funds provided to the Center for Educational Partnerships at the College of

27 and communities. These initiatives will include, but are not limited to, professional development in writing, geography and other  
28 content areas; training; research; advocacy; and practical consultancy. The Center will establish collaborative educational enterprises

35 Education Oversight Committee is directed to participate in public-private partnerships to promote innovative ways to transform the  
36 assessment of public education in South Carolina that support increased student achievement in reading and college and career

1 readiness. The Education Oversight Committee may provide financial support to districts and to public-private partnerships for  
2 planning and support to implement, sustain and evaluate the innovation and to develop a matrix and measurements of student  
3 academic success based on evidence-based models. These funds may also be used to support the innovative delivery of science,  
4 technology, and genetic education and exposure to career opportunities in science, including mobile science laboratory programs, to  
5 students enrolled in the Abbeville equity school districts and students in high poverty schools. These funds may also focus on  
6 creating public-private literacy partnerships utilizing a 2:1 matching funds provision when the initiative employs research-based  
7 methods, has demonstrated success in increasing reading proficiency of struggling readers, and works directly with high poverty  
8 schools and districts. The committee will work to expand the engagement of stakeholders including state agencies and boards like  
9 the Educational Television Commission, businesses, and higher education institutions. The committee shall annually report to the  
10 General Assembly on the measurement results.

19 **1A.46.** (SDE-EIA: Project Read) Of the funds appropriated in Section 1A. VIII.A.3. for Reading, \$500,000 must be used for

23 Coaches, the Department of Education shall retain up to \$14,000,000 to be expended for the Palmetto Literacy Project. The  
24 Department shall identify schools in the Palmetto Literacy Project that have one-third or more of its third grade students scoring at  
25 the lowest achievement level on the statewide summative English language arts assessment. For each school identified and  
26 participating in the Palmetto Literacy Project in the prior school year, the Department of Education shall provide, at a minimum, the

1 (D) By accepting these funds, a school district warrants that they will not be used to supplant existing school district expenditures,  
2 except for districts that either are currently, or in the prior fiscal year, were paying for reading/literacy coaches with local funds. A  
3 district may only utilize these funds to employ reading/literacy coaches that may serve in a primary, elementary, or middle school or  
4 a combination of these schools depending on the area of highest need in the district except in the event that the district can request  
5 and receive a waiver from the Department of Education to expend the funds on interventionists who spend more than fifty percent  
6 of their time providing direct support to struggling readers in grades kindergarten through grade five. The school district must align  
7 the placement of coaches to the district reading plan that is approved by the department.

8 (E) Funds appropriated for reading/literacy Coaches are intended to be used to provide primary, elementary, and/or middle  
9 schools with reading/literacy coaches who shall serve according to the provisions in Chapter 155, Title 59.

10 (F) Schools and districts accepting funding to support a coaching position agree that the reading/literacy coach must not serve as  
11 an administrator. If the department finds that school districts are using these funds for administrative costs as defined in statute they  
12 must withhold that districts remaining balance of funds allocated pursuant to this proviso.

13 (G) The Department of Education must publish guidelines that define the minimum qualifications for a reading/literacy coach.  
14 These guidelines must deem any licensed/certified teacher qualified if, at a minimum, he or she:

- 15 (1) holds a bachelor's degree or higher and an add-on endorsement for literacy coach or literacy specialist;
- 16 (2) holds a bachelor's degree or higher and is actively pursuing the literacy coach or literacy specialist endorsement; or
- 17 (3) holds a master's degree or higher in reading or a closely-related field.

20 (H) The Department of Education shall require:

30 process. The department shall continue to work with the publishers of instructional materials to ensure that districts have options for  
31 print/digital student materials to include class sets of print student editions, if needed. Funds appropriated for the purchase of  
32 instructional materials (print/digital) may be used for reimbursing school districts to offset the costs of refurbishing science kits on  
33 the state-adopted instructional materials inventory, purchasing new kits or those adopted as supplemental from the central textbook  
34 depository, or a combination of refurbishment and purchase. The refurbishing cost of kits may not exceed the cost of the  
35 state-adopted refurbishing kits plus a reasonable amount for shipping and handling. Costs for staff development, personnel costs,  
36 equipment, or other costs associated with refurbishing kits on state inventory are not allowable costs. Funds provided for Instructional

6 available, funds appropriated and/or authorized for assessment shall be used to administer the prekindergarten assessments. The  
7 department shall manage the administration of assessments that analyze the early literacy and language development of children in  
8 publicly funded prekindergarten as done in the prior fiscal year. Each school district and private provider participating in a publicly  
9 funded prekindergarten program will administer one of the formative assessments selected by the department to each child eligible  
10 for and enrolled in a publicly funded prekindergarten program during the first forty-five days of the school year and during the last

12 manner set forth by the student's Individualized Education Program or 504 Accommodations Plan and for students who are Limited  
13 English Proficient according to their LEP Plan. The department will provide the assessment data to the Education Oversight  
14 Committee. The results of the assessment and the developmental intervention strategies recommended or services needed to address  
15 the child's identified needs must also be provided, in writing, to the parent or guardian. The assessment may not be used to deny a  
16 student to admission to prekindergarten.

17 Furthermore, up to \$2,000,000 of the funds appropriated for half-day programs for four-year-olds and funds carried forward from  
18 assessment must be expended by the Department of Education to administer the Kindergarten Readiness Assessment (KRA) to each  
19 child entering kindergarten in the public schools. The assessment of kindergarten students must be administered at a minimum of

24 Individualized Education Program, 504 Accommodations Plan, or LEP Plan. Districts are given the option of designating up to two  
25 days of the one hundred eighty day school calendar to administer the assessment to kindergarten students. The department will also  
26 provide the results of the assessment of kindergarten students to the Education Oversight Committee. With available funds, the  
27 department will also provide or secure training for appropriate educators in how to administer the assessment.

28 For all students assessed with the Kindergarten Readiness Assessment (KRA), the Department of Education is required to collect  
29 data from schools and school districts on the prior early learning experience of each student. The data would include whether the  
30 kindergartener had attended in the prior school year a Head Start program, a South Carolina Early Reading Development and  
31 Education Program in a public school or a private center, a half-day 4K program in a public school, a full-day 4K program in a public

2 Commerce, the Department of Employment and Workforce, state and local chambers of commerce and economic development  
3 offices and the Tech Board to ensure that students are aware of the industry required credentials for current job availability in the  
4 state organized by region. Any additional funds appropriated must be allocated to school districts based upon the number of national

12 for the purchase of career and technical equipment, the up fitting of facilities and the purchase of consumables, regional career

4 If the lottery revenue received from certified unclaimed prizes for Fiscal Year 2023-24 is less than the amounts appropriated, the  
5 projects and programs receiving appropriations for any such year shall have their appropriations reduced on a pro rata basis.

6 Fiscal Year 2023-24 funds appropriated to the Commission on Higher Education and the State Board for Technical and  
7 Comprehensive Education for Tuition Assistance must be distributed to the technical colleges and two year institutions as provided  
8 in Section 59-150-360. Annually, the State Board for Technical and Comprehensive Education and the Commission on Higher

10 The provisions of Section 2-75-30 regarding the aggregate amount of funding provided for the Centers of Excellence Matching  
11 Endowment are suspended for the current fiscal year.

12 The Commission on Higher Education is authorized to temporarily transfer funds between appropriated line items in order to  
13 ensure the timely receipt of scholarships and tuition assistance. It is the goal of the General Assembly to fund the Tuition Assistance  
14 program at such a level to support at least \$996 per student per term for full-time students.

22 shortfall still exists once the fund balance has been exhausted, then the projects and programs receiving appropriations for any such  
23 year shall have their appropriations reduced on a pro rata basis, except that a reduction must not be applied to the funding of LIFE,  
24 HOPE, and Palmetto Fellows Scholarships.

25 The Higher Education Tuition Grants Commission is authorized to use up to \$70,000 of the funds appropriated in this provision  
26 for Tuition Grants to provide the necessary level of program support for the grants award process.

27 Of the funds appropriated to the Commission on Higher Education for College Transition Scholarships, the commission shall  
28 provide scholarships to South Carolina resident students enrolled at a public institution of higher education in an established College  
29 Transition Program (CTP) that serves students with intellectual disabilities. The commission, in consultation with the CTPs, shall  
30 develop guidelines establishing scholarship eligibility, retention, and/or renewal requirements in accordance with this paragraph.  
31 Scholarships shall be awarded to each South Carolina resident student enrolled in an established public CTP in an amount of at least  
32 \$2,500 per semester, not to exceed \$10,000 per academic year (including summer semester), and no student may receive a scholarship  
33 for more than eight semesters in total. In addition, the limitations of Proviso 11.12 notwithstanding, individual CTPs shall have the  
34 discretion to allocate a portion of their aggregate funding provided pursuant to this provision for need-based grants to eligible  
35 students. This discretion is allowable only to the extent that the funding for need-based grants for eligible CTP students provided  
36 pursuant to Proviso 11.12 has first been fully exhausted. The commission, in cooperation with the CTPs, shall collect and report the

1 number of scholarship recipients and other information determined necessary to evaluate the effectiveness of these scholarships in  
2 assisting students with intellectual disabilities in college transition programs. The commission shall provide this report to the  
3 Governor, the Chairman of the House Education and Public Works Committee, the Chairman of the Senate Education Committee,  
4 the Chairman of the House Ways and Means Committee, and the Chairman of the Senate Finance Committee no later than September  
5 30. Unexpended funds may be carried forward and used for the same purpose, except that up to \$250,000 may be used by the CTP  
6 consortium (known as The South Carolina Inclusive Post Secondary Education Consortium) to be used collaboratively by the  
7 consortium to promote better awareness of CTP programs statewide as an option for youth with intellectual disabilities after high  
8 school through dedicated support for activities such as, but not necessarily limited to, student recruitment, development and  
9 maintenance of a consortium website and associated materials, and the provision of strategic informational events for prospective  
10 students and families across the State. Additionally, unexpended or carried forward funds may be used by individual college  
11 transition programs in partnership with third party providers for technology resources for students participating in these programs.  
12 Not more than \$1,000,000 of total unexpended funds may be used for this purpose among all CTPs. The commission shall establish  
13 the criteria for which these funds will be allocated.

14 Of the funds appropriated to the Commission on Higher Education for Need Based Grants, public colleges and universities must  
15 submit requests to carry forward Need Based Grants to the Commission on Higher Education by June 30, 2024, and final invoices

17 to the maximum allowable amount prior to any Need Based Grant funds being carried forward. Funds only shall be carried forward  
18 if all eligible Need based Grant students at the public colleges and universities are fully funded with financial aid that does not require  
19 student repayment. Funds allocated for Fiscal Year 2023-24 must be distributed in the same academic year.

20 Of the funds appropriated to the Commission on Higher Education for the Nursing Initiative, the commission shall use the funds  
21 to address the nursing shortage. Funds shall be allocated accordingly to the state's public colleges and universities, including technical  
22 colleges, that have accredited nursing programs accredited by a national accrediting agency recognized by the United States  
23 Department of Education. The first \$5 million shall be used to provide bonuses or supplement the salaries of existing full-time faculty  
24 and the hourly rates of part-time faculty, or the salaries of clinical nursing faculty, which includes adjunct faculty. The funds shall be  
25 allocated to each public college or university, including technical colleges, based on the number of students enrolled in nursing  
26 programs. The second \$5 million shall be used to provide tuition reimbursement or scholarships for students enrolled in graduate-level  
27 nurse educator programs, Doctor of Nursing Practice, or Ph.D. programs. The scholarship recipients must agree to assume a faculty  
28 role in a state nursing program after graduation for a minimum of two years for each year they receive the scholarship. Annually by  
29 September 15, the Commission shall report on the Nursing Initiative, at a minimum, the following: (1) total number of students  
30 receiving tuition reimbursements or scholarships; (2) total number of students receiving tuition reimbursements or scholarships  
31 subsequently hired as faculty; (3) total number of students receiving tuition reimbursements or scholarships not hired as faculty; (4)  
32 amount of funding allocated to each institution with eligible nursing programs; (5) expenditures and encumbrances of Nursing  
33 Initiative funds for eligible faculty for each program; and (6) retention rates, new hires and vacancies for full-time, part-time  
34 (including adjunct), and clinical faculty for each eligible program. The Commission may also request institutions to provide other  
35 information related to nursing workforce development. This report shall be submitted to the House Education and Public Works  
36 Committee, House Ways and Means Committee, Senate Education Committee, and Senate Finance Committee.

22 The Commission on Higher Education is authorized to temporarily transfer funds between appropriated line items in order to

5 Scholarships shall be awarded to each South Carolina resident student enrolled in an established public CTP in an amount of at  
6 least \$2,500 per semester, not to exceed \$10,000 per academic year (including summer semester), and no student may receive a

8 shall have the discretion to allocate a portion of their aggregate funding provided pursuant to this provision for need-based grants  
9 to eligible students. This discretion is allowable only to the extent that the funding for need-based grants for eligible CTP students  
10 provided pursuant to Proviso 11.12 has first been fully exhausted. The commission, in cooperation with the CTPs, shall collect and  
11 report the number of scholarship recipients and other information determined necessary to evaluate the effectiveness of these

- 14 criticism of Israel similar to that leveled against any other country cannot be regarded as anti-Semitic.

15 (C) South Carolina public colleges and universities shall take into consideration the definition of anti-Semitism for purposes of

32 interventions that improve the overall health and mental well-being of children. These initiatives may not supplant federal funds  
33 currently used to provide services under the state's CHIP program.

34       (F) Primary Care Safety Net Initiative - The department shall formulate a separate methodology to allocate at least \$1,500,000  
35 of funding to Free Clinics throughout the state, \$1,500,000 of funding for local alcohol and drug abuse authorities created under Act  
36 301 of 1973, and up to \$4,000,000 for capital improvements to the Act 301 facilities through consultation with the Department of

2 develop and implement a process for obtaining encounter-level data that may be used to assess the cost and impact of services  
3 provided through this proviso.

4 (G) To be eligible for funds in this proviso, providers must provide the department with patient, service and financial data to assist  
5 in the operation and ongoing evaluation of both the initiatives resulting from this proviso, and other price, quality, transparency, and  
6 accountability efforts currently underway or initiated by the department. The Revenue and Fiscal Affairs Office shall provide the

17 programs that provide clinical services, mental and behavioral health services, children's health, OB/GYN services, and/or chronic  
18 disease coverage gaps. In consultation with statewide rural health stakeholders and partners, the department must ensure  
19 collaborative efforts with the greatest potential for impact are prioritized.

20 (5) Rural Health Network Revitalization Project – For the purpose of establishing self-sustaining rural health networks that  
21 will improve care delivery in rural communities, funds appropriated for Rural Health Network Revitalization shall be expended, in

5 voucher submitted by the appointed counsel and approved by the court, less that amount that the person pays to the appointed counsel.

6 (F) Such claim shall be filed in the office of the clerk of court in the county where the person is assigned counsel, but the filing

1       **117.13.** (GP: Discrimination Policy) It is the policy of the State of South Carolina to recruit, hire, train, and promote employees  
2 without discrimination because of race, color, sex, national origin, age, religion or physical disability. This policy is to apply to all  
3 levels and phases of personnel within state government, including but not limited to recruiting, hiring, compensation, benefits,  
4 promotions, transfers, layoffs, recalls from layoffs, and educational, social, or recreational programs. It is the policy of the State to  
5 take affirmative action to remove the disparate effects of past discrimination, if any, because of race, color, sex, national origin, age,  
6 religion, or physical disability.

7       Each state agency shall submit to the State Human Affairs Commission employment and filled vacancy data by race and sex by  
8 October thirty-first of each year.

9       In accordance with Section 1-13-110 of the 1976 Code, as amended, the Human Affairs Commission shall submit a report on the  
10 status of state agencies' Affirmative Action Plans and Programs to the General Assembly by February first each year. This report  
11 shall contain the total number of persons employed in each job group, by race and sex, at the end of the preceding reporting period,  
12 a breakdown by race and sex of those hired or promoted from within the agency during the reporting period, and an indication of  
13 whether affirmative action goals were achieved. For each job group referenced in the Human Affairs report, where the hiring of  
14 personnel does not reflect the percentage goals established in the agency's affirmative action plan for the year in question, the state  
15 agency shall submit a detailed explanation to the Human Affairs Commission by February fifteenth, explaining why goals were not  
16 achieved.

17       The Human Affairs Commission shall review the explanations and notify the Department of Administration of any agency not in  
18 satisfactory compliance with meeting its stated goals.

19       The Department of Administration shall notify any agency not in compliance that their request for additional appropriations for  
20 the current appropriation cycle, may not be processed until such time as the Department of Administration, after consultation with  
21 the Human Affairs Commission, is satisfied that the agency is making a good faith effort to comply with its affirmative action plan,  
22 and that the compliance must be accomplished within a reasonable length of time to be determined by the mission and circumstances  
23 of the agency. This requirement shall not affect additional appropriation requests for public assistance payments or aid to entities.  
24 This section does not apply to those agencies that have been exempted from the reporting requirements of the Human Affairs  
25 Commission.

26       **117.14.** (GP: FTE Management) In order to provide the necessary control over the number of employees, the Executive Budget  
27 Office is hereby directed to maintain close supervision over the number of state employees, and to require specifically the following:

28       (1) That no state agency exceed the total authorized number of full-time equivalent positions and those funded from state sources  
29 as provided in each section of this act except by majority vote of the State Fiscal Accountability Authority.

30       (2) That the Executive Budget Office shall maintain and make, as necessary, periodic adjustments thereto, an official record of  
31 the total number of authorized full-time equivalent positions by agency for state and total funding sources.

32       (a) That within thirty days of the passage of the Appropriation Act or by August first, whichever comes later, each agency of  
33 the State must have established on the Executive Budget Office records all positions authorized in the Act. Each agency may, upon  
34 notification to the Executive Budget Office, change the funding source of state FTE positions established on the Executive Budget  
35 Office records as necessary to expend federal and other sources of personal service funds to conserve or stay within the state  
36 appropriated personal service funds. No agency shall change funding sources that will cause the agency to exceed the authorized

- 1 number of state or total full-time equivalent positions. Each agency may transfer FTEs between programs as needed to accomplish  
2 the agency mission.
- 3 (b) That by September thirtieth, the office shall prepare a FTE analysis, by agency, which shows the number of authorized,  
4 filled, and vacant positions by source of funds for the current and two previously completed fiscal years. The office shall provide a  
5 copy of each agency's FTE analysis to the Senate Finance and House Ways and Means Committees.
- 6 (3) That full-time equivalent (FTE) positions shall be determined under the following guidelines:
- 7 (a) The annual work hours for each FTE shall be the agency's full-time standard annual work hours.
- 8 (b) The state FTE shall be derived by multiplying the state percentage of budgeted funds for each position by the FTE for that  
9 position.
- 10 (c) All institutions of higher education shall use a value of 0.75 FTE for each position determined to be full-time faculty with  
11 a duration of nine months.
- 12 The FTE method of accounting shall be utilized for all authorized positions.
- 13 (4) That the number of positions authorized in this act shall be reduced in the following circumstances:
- 14 (a) Upon request by an agency.
- 15 (b) When anticipated federal funds are not made available.
- 16 (c) When the Executive Budget Office, through study or analysis, becomes aware of any unjustifiable excess of positions in  
17 any state agency.
- 18 (5) That no new permanent positions in state government shall be funded by appropriations in acts supplemental to this act but  
19 temporary positions may be so funded.
- 20 (6) That the provisions of this section shall not apply to personnel exempt from the State Classification and Compensation Plan  
21 under item I of Section 8-11-260 of the 1976 Code.
- 22 The Governor, in making his appropriation recommendations to the Ways and Means Committee, must provide that the level of  
23 personal service appropriation recommended for each agency is at least ninety-seven percent of the funds required to meet one  
24 hundred percent of the funds needed for the full-time equivalents positions recommended by the Governor (exclusive of new  
25 positions).
- 26 **117.15.** (GP: Allowance for Residences & Compensation Restrictions) (A) That salaries paid to officers and employees of the  
27 State, including its several boards, commissions, and institutions shall be in full for all services rendered, and no perquisites of office  
28 or of employment shall be allowed in addition thereto, but such perquisites, commodities, services or other benefits shall be charged  
29 for at the prevailing local value and without the purpose or effect of increasing the compensation of said officer or employee. The  
30 charge for these items may be payroll deducted at the discretion of the Comptroller General or the chief financial officer at each  
31 agency maintaining its own payroll system. This shall not apply to the Governor's Mansion, nor to guards at any of the state's penal  
32 institutions and nurses and attendants at the Department of Disabilities and Special Needs, and registered nurses providing clinical  
33 care at the MUSC Medical Center, nor to the Superintendent and staff of the Governor's School for Agriculture at John de la Howe,  
34 nor to the cottage parents and staff of Wil Lou Gray Opportunity School, nor to full-time or part-time staff who work after regular  
35 working hours in the SLED Communications Center or Maintenance Area, nor to adult staff at the Governor's School for Science  
36 and Mathematics and the Governor's School for Arts and Humanities who are required to stay on campus by the institution because

1 of job requirements or program participation. Any state institution of higher learning may provide complimentary membership  
2 privileges to employees who work at their wellness centers. The presidents of those state institutions of higher learning authorized  
3 to provide on-campus residential facilities for students may be permitted to occupy residences on the grounds of such institutions  
4 without charge.

5 (B) Any state institution of higher learning may provide a housing allowance to the president in lieu of a residential facility, the  
6 amount to be approved by the State Fiscal Accountability Authority.

7 (C) That the following may be permitted to occupy residences owned by the respective departments without charge: the Farm  
8 Director, Farm Managers, and Specialists employed at the Wateree River Correctional Institution; the South Carolina State

14 Lander University; Residence Life Directors, temporary and transition employees, student interns, and emergency personnel at  
15 Winthrop University and Francis Marion University; Farm Superintendent at Winthrop University; Residence Hall Directors at the  
16 College of Charleston; the Department of Disabilities and Special Needs' physicians and other professionals at Whitten Center,  
17 Clemson University Off-Campus Agricultural Staff and Housing Area Coordinators; and TriCounty Technical College's Bridge to  
18 Clemson Resident and Area Directors; and housing maintenance night supervisors, residence life directors, temporary and transition  
19 employees, and emergency medical personnel occupying residences owned by the University of South Carolina. Except in the case  
20 of elected officials, the fair market rental value of any residence furnished to a state employee shall be reported by the state agency  
21 furnishing the residence to the Agency Head Salary Commission, and the Department of Administration by October first of each  
22 fiscal year.

23 (D) All salaries paid by departments and institutions shall be in accord with a uniform classification and compensation plan,  
24 approved by the Department of Administration, applicable to all personnel of the State Government whose compensation is not  
25 specifically fixed in this act. Such plan shall include all employees regardless of the source of funds from which payment for personal  
26 service is drawn. The Department of Administration is authorized to approve temporary salary adjustments for classified and  
27 unclassified employees who perform temporary duties which are limited by time and/or funds. When approved, a temporary salary  
28 adjustment shall not be added to an employee's base salary and shall end when the duties are completed and/or the funds expire.  
29 Academic personnel of the institutions of higher learning and other individual or group of positions that cannot practically be covered  
30 by the plan may be excluded therefrom but their compensations as approved by the Department of Administration shall, nevertheless,  
31 be subject to review by the State Fiscal Accountability Authority. Salary appropriations for employees fixed in this act shall be in  
32 full for all services rendered, and no supplements from other sources shall be permitted or approved by the State Fiscal Accountability  
33 Authority. With the exception of travel and subsistence, legislative study committees shall not compensate any person who is  
34 otherwise employed as a full-time state employee. Salaries of the heads of all agencies of the State Government shall be specifically  
35 fixed in this act and no salary shall be paid any agency head whose salary is not so fixed. As long as there is no impact on appropriated  
36 funds, state agencies and institutions shall be allowed to spend public funds and/or other funds for designated employee award

1 programs which shall have written criteria approved by the agency governing board or commission. For purposes of this section,  
2 monetary awards, if any, shall not be considered a part of an employee's base salary, a salary supplement, or a perquisite of  
3 employment. The names of all employees receiving monetary awards and the amounts received shall be reported annually to the  
4 Department of Administration.

5 *(E)* In the case of lodging furnished by certain higher education institutions to employees, the prevailing local rate does not apply  
6 if the institution meets the exceptions for inadequate rent described in the current Internal Revenue Code Section 119(d)(2). To meet  
7 the exception, rental rates must equal the lesser of five percent of the appraised value of the qualified campus lodging, or the average  
8 of the rentals paid by individuals (other than employees or students of the educational institution) during the calendar year for lodging  
9 provided by the educational institution which is comparable to the qualified campus lodging provided to the employee, over the rent  
10 paid by the employee for the qualified campus lodging during the calendar year. The appraised value shall be determined as of the  
11 close of the calendar year in which the taxable year begins, or, in the case of a rental period not greater than one year, at any time  
12 during the calendar year in which the period begins.

16 for personal expenses incurred in connection with the performance of their official duties. Reimbursements may be made to the  
17 presidents from funds available to their respective institutions for any personal expenses incurred provided that all requests for  
18 reimbursement are supported by properly documented vouchers processed through the normal accounting procedures of the  
19 institutions.

21 of Probation, Parole and Pardon Services, Department of Mental Health, Department of Disabilities and Special Needs, Continuum  
22 of Care, Department of Social Services and School for the Deaf and the Blind may replace the personal property of an employee  
23 which has been damaged or destroyed by a client while in custody of the agency. The replacement of personal property may be  
24 made only if the loss has resulted from actions by the employee deemed to be appropriate and in the line of duty by the agency head  
25 and if the damaged or destroyed item is found by the agency head to be reasonable in value, and necessary for the employee to carry  
26 out the functions and duties of his employment. Replacement of damaged or destroyed items shall not exceed \$250 per item, per  
27 incident. Each agency must have guidelines to insure the reasonableness of the replacement payments.

28 **117.18.** (GP: Business Expense Reimbursement) Agency heads and deputy commissioners or deputy directors designated by  
29 agency heads may receive reimbursements for business expenses incurred while performing their official duties, provided that  
30 receipts are presented when seeking reimbursement and justification is submitted to document the time, place, and purpose of the  
31 expense as well as the names of the individuals involved. The Department of Administration shall promulgate regulations governing  
32 these expenses.

1       **117.20.** (GP: Travel - Subsistence Expenses & Mileage) Travel and subsistence expenses, whether paid from state appropriated,  
2 federal, local or other funds, shall be allowed in accordance with the following provisions:

3       (A) Unless otherwise provided in paragraphs B through H of this section, all employees of the State of South Carolina or any  
4 agency thereof including employees and members of the governing bodies of each technical college while traveling on the business  
5 of the State shall, upon presentation of a paid receipt, be allowed reimbursement for actual expenses incurred for lodging, not to  
6 exceed the current maximum lodging rates, excluding taxes, established by the U.S. General Services Administration. The lodging  
7 reimbursement for employees of a school district must also conform to these rates when that employee's travel reimbursement is  
8 paid by state funds that are transferred to the school district. Agencies may contract with lodging facilities to pay on behalf of an  
9 employee. Failure to maintain proper control of direct payments for lodging may result in the revocation of the agency's authority  
10 by the Comptroller General or the State Auditor. The employee shall also be reimbursed for the actual expenses incurred in the  
11 obtaining of meals except that such costs shall not exceed \$35 per day within the State of South Carolina. For travel outside of South

15 to determine that such charges are following maximum lodging rates as established by the U.S. General Services Administration.  
16 Any exceptions must have the written approval of the agency head, taking into consideration location, purpose of travel or other  
17 extenuating circumstances. The provisions of this item shall not apply to Section 42-3-40 of the 1976 Code, and when pertaining to

24 membership consists solely of members of the General Assembly or members of the General Assembly and other personnel who are  
25 not employees of the State of South Carolina shall be allowed subsistence expenses of \$42 per day while traveling on official business,  
26 unless otherwise designated by law. Members of such committees may opt to receive actual expenses incurred for lodging and actual  
27 expenses incurred in the obtaining of meals in lieu of the allowable subsistence expense.

28       (E) Members of the state boards, commissions, or committees whose duties are not full-time and who are paid on a per diem  
29 basis, shall be allowed reimbursement for actual expenses incurred at the rates provided in paragraph A and I of this section while

2 Appeals shall be allowed subsistence expenses in the amount as provided in this act for members of the General Assembly plus such  
3 mileage allowance for travel as is provided for other employees of the State. The Chief Justice, or such other person as the Chief  
4 Justice designates, while attending the Conference of Chief Justices and one member of the Supreme Court while attending the  
5 National Convention of Appellate Court Judges, and three Circuit Judges while attending the National Convention of State Trial

15 Administrative Law Judge is entitled to a subsistence allowance in the amount as provided in this act for members of the General  
16 Assembly plus such mileage allowance for travel as is provided for other employees of the State.

17 (H) Any retired Justice, Circuit Court Judge or Family Court Judge or Master-in-Equity appointed by the Supreme Court to serve  
18 as a Special Circuit Judge, Family Court Judge, Appeals Court Judge, or Acting Associate Justice shall serve without pay but shall

20 (I) No expense shall be allowed an employee either at his place of residence or at the official headquarters of the agency by  
21 which he is employed except as provided in paragraph E, of this section. When an employee is assigned to work a particular territory  
22 or district, and such territory or district and his official headquarters are in different localities or sections of the State, expenses may  
23 be allowed for the necessary travel to his official headquarters. The members of the Workers' Compensation Commission may be  
24 reimbursed at the regular mileage rate of one round trip each week from their respective homes to Columbia. No subsistence  
25 reimbursement shall be allowed to a member of the Workers' Compensation Commission while traveling in the county of his official  
26 residence. When traveling on official business of the commission outside the county of his official residence, a member of the

1 (J) When an employee of the State shall use his or her personal automobile in traveling on necessary official business, a charge  
2 to equal the standard business mileage rate as established by the Internal Revenue Service will be allowed for the use of such  
3 automobile and the employee shall bear the expense of supplies and upkeep thereof. The standard business mileage rate used in this  
4 calculation shall be the current rate established by the Internal Revenue Service. Whenever state provided motor pool vehicles are  
5 reasonably available and their use is practical and an employee of the State shall request for his own benefit to use his or her personal  
6 vehicle in traveling on necessary official business, a charge of four cents per mile less than the standard business mileage rate as  
7 established by the Internal Revenue Service will be allocated for the use of such vehicle and the employee shall bear the expense of  
8 supplies and upkeep thereof. The standard business mileage rate used in this calculation shall be the current rate established by the  
9 Internal Revenue Service. When such travel is by a state-owned automobile, the State shall bear the expense of supplies and upkeep  
10 thereof but no mileage will be allowed. Agencies and employees are directed to use state fueling facilities to the maximum extent  
11 possible, when such use is cost beneficial to the State. When using commercial fueling facilities, operators of State-owned vehicles  
12 are directed to use self-service pumps. In traveling on the business of the State, employees are required to use the most economical

16 be eligible for reimbursement for actual mileage beginning at his/her residence.

17 (K) That a state agency may advance travel and subsistence expense monies to employees of that agency for the financing of  
18 ordinary and necessary travel required in the conducting of the business of the agency. The Office of Comptroller General is directed  
19 to develop and publish rules and regulations pertaining to the advancing of travel expenses and no state agency shall make such  
20 advances except under the rules and regulations as published. All advances for travel and subsistence monies shall be repaid to the  
21 agency within thirty days after the end of the trip or by July fifteenth, whichever comes first.

22 (L) That the state institutions of higher learning are authorized to reimburse reasonable relocation expenses for new employees  
23 when such reimbursements are considered by the agency head to be essential to successful recruitment of professionally competent  
24 staff members.

25 (M) The Office of Comptroller General is authorized to promulgate and publish rules and regulations governing travel and  
26 subsistence payments.

27 (N) No state funds may be used to purchase first class airline tickets.

28 **117.21.** (GP: Organizations Receiving State Appropriations Report). Each state agency receiving funds that are a direct

30 the state funds will be spent and how the expenditures will provide a public benefit. The Executive Budget Office, Department of  
31 Administration shall provide each state agency with a standard form for collecting the information required. After receiving the  
32 funds, non-profit organizations shall provide quarterly spending updates to the respective state agency. After all state funds have

7 Reimbursements shall be adjusted if necessary so as not to exceed appropriations for the program.

8 The Prosecutors and Defenders Public Service Incentive Program must be administered by the Commission on Prosecution

22 directly impact the health, safety, and welfare of the public. The employee bonus amount shall be approved by the State Human  
23 Resources Director based on State Human Resources guidelines, and shall not exceed \$10,000 per year. Payment of these bonuses  
24 is not a part of the employee's base salary and is not earnable compensation for purposes of employee and employer contributions  
25 to respective retirement systems. These bonuses shall, however, be considered earnings for determining if an employee who has  
26 returned to work after retirement is subject to the earning limitation imposed in either Section 9-1-1790(A)(1) or Section  
27 9-11-(4)(a)(i).

33 or \$7,500, whichever is less, of their outstanding student loan each year over a five-year period. Payments will be made directly to  
34 the employee at the end of each year of employment. The agency will be responsible for verifying the principal balance of the  
35 employee's student loan prior to issuing payments.

1 Agencies are also authorized to allow tuition reimbursement from a maximum of ten credit hours per semester; allow probationary  
2 employees to participate in tuition programs; and provide tuition prepayment instead of tuition reimbursement for employees willing  
3 to pursue a degree in a healthcare program. An agency may pay up to fifty percent of an employee's tuition through tuition  
4 prepayment. The remaining tuition could be reimbursed to the employee after successful completion of the class.

5 The Department of Administration shall approve of the designation of critical needs positions applicable to this provision using  
6 guidelines that include, but are not limited to: (1) the difficulty recruiting for the positions as reflected by data such as the vacancy  
7 rate maintained, the average time to fill, the lack of sufficient qualified applicants, and other objective factors; (2) the difficulty  
8 retaining employees in the positions as shown by turnover data; (3) justification by the state agency that the position is critical to the  
9 core mission of the agency and directly impacts the health, safety and welfare of the public; and (4) assurances from the state agency  
10 that there are sufficient existing funds available to pay for items under this provision.

11 Healthcare employees in approved critical needs positions working on a practicum or required clinical experience towards  
12 completion of a healthcare degree may be allowed to complete these requirements at their state agency or another state agency at the  
13 discretion of the agency head. This field placement at another state agency may be considered work time for participating employees.

21 days per fiscal year. During this voluntary furlough, the state employees shall be entitled to participate in the same state benefits as  
22 otherwise available to them except for receiving their salaries. As to those benefits which require employer and employee  
23 contributions, the state agencies, institutions and departments will be responsible for making both employer and employee  
24 contributions if coverage would otherwise be interrupted; and as to those benefits which require only employee contributions, the  
25 employee remains solely responsible for making those contributions. In the event an agency's reduction is due solely to the General

35 general funds appropriated for that agency in the prior fiscal year, or whenever the General Assembly or the Executive Budget Office  
36 implements a midyear across-the-board budget reduction, and agency heads institute a mandatory employee furlough program, in

2 employees, post-TERI employees, and TERI employees before other employees. During this mandatory furlough, the state  
3 employees shall be entitled to participate in the same state benefits as otherwise available to them except for receiving their salaries.  
4 As to those benefits which require employer and employee contributions, the state agencies, institutions, and departments will be  
5 responsible for making both employer and employee contributions if coverage would otherwise be interrupted; and as to those  
6 benefits which require only employee contributions, the employee remains solely responsible for making those contributions. In the

13 **117.72.** (GP: Cost Savings When Filling Vacancies Created by Retirements) During the current fiscal year, whenever classified  
14 FTEs become vacant because of employee retirements, it is the intent of the General Assembly that state agencies should realize  
15 personnel costs savings of at least twenty-five percent in the aggregate when managing these vacant positions. Prior to filling a  
16 classified FTE which has become vacant because of a retirement, an agency must review and determine the appropriate salary for  
17 the position as well as determine whether the agency can manage without filling the position or by delay in filling the position. Prior  
18 to filling the vacant FTE, agencies must follow all laws and regulations concerning posting and competitive solicitation and  
19 consideration of applicants. No agency shall enter into any agreement with any employee that violates the terms of this proviso.

20 **117.73.** (GP: Information Technology for Health Care) From the funds appropriated and authorized to the Department of Health  
21 and Human Services, the department shall advance the use of health information technology and health information exchange to  
22 improve quality and efficiency of health care by creating the capability of moving clinical information among different health care

29 connectivity to health care providers while minimizing administrative burden and allowing health care providers to maintain existing  
30 electronic health systems. The department shall incorporate measures to ensure that the confidentiality, integrity, and availability of  
31 patient data is always safeguarded and protected in accordance with state and federal laws. The department shall coordinate its efforts  
32 with the Department of ~~Public Health and Environmental Control~~ and other stakeholders the department deems appropriate.

33 **117.74.** (GP: Broadband Spectrum Lease) The General Assembly must approve any exercise of the Middle Band Segment  
34 Channel recapture provisions contained in the Educational Broadband Service Spectrum Lease Agreements if the exercise of the  
35 recapture provisions would result in a decrease in payments received by the State. The Educational Television Commission assumes  
36 management and administration of the lease and receives lease payments directly. The Educational Television Commission shall

1 retain and expend funds received pursuant to the lease for agency operations. The commission shall be authorized to carry forward  
2 unexpended funds from the prior fiscal year into the current fiscal year. In the event of a default by the current lease holder, the

12 If at the end of each quarterly deficit monitoring review by the Executive Budget Office, it is determined by either the Executive  
13 Budget Office or a state agency, department, or institution that the likelihood of a deficit for the current fiscal year exists, the state  
14 agency shall notify the General Assembly within fifteen days of this determination and shall further request the Executive Budget  
15 Office to work with it to develop a plan to avoid the deficit. Within fifteen days of the deficit avoidance plan being completed, the  
16 Executive Budget Office shall either request the General Assembly to recognize the deficit if it determines the deficit avoidance plan  
17 will not be sufficient to avoid a deficit or notify the General Assembly of how the deficit will be avoided based on the deficit  
18 avoidance plan if the Executive Budget Office determines the plan will be sufficient to avoid a deficit.

19 Upon notification from the Executive Budget Office that an agency will run a deficit and requesting that it be recognized, the  
20 General Assembly, by joint resolution, may make a finding that the cause of, or likelihood of, a deficit is unavoidable due to factors  
21 which are outside the control of the state agency, department, or institution, and recognize the deficit. Any legislation to recognize  
22 a deficit must be in a separate joint resolution enacted for the sole purpose of recognizing the deficit of a particular state agency,  
23 department, or institution. A deficit may only be recognized by an affirmative vote of each branch of the General Assembly.

24 If the General Assembly recognizes the deficit, then the actual deficit at the close of the fiscal year must be reduced as necessary  
25 from surplus revenues or surplus funds available at the close of the fiscal year in which the deficit occurs and from funds available  
26 in the General Reserve Fund and the Capital Reserve Fund, as required by the Constitution of this State.

27 Once a deficit has been recognized by the General Assembly, the state agency, department, or institution shall limit travel and  
28 conference attendance to that which is deemed essential by the director of the agency, department, or institution. In addition, the  
29 General Assembly, when recognizing a deficit may direct that any pay increases and purchases of equipment and vehicles must be

34 which must use the Cents per mile Rule, unless they are exempted from such reimbursement by applicable IRS regulations. These  
35 permanently assigned vehicles must be clearly marked as a state or agency vehicle through the use of permanent state-government

10 each account, and data related to both deposits and expenditures of each account. The report shall include, but not be limited to, the  
11 date, amount, and source of each deposit transaction and the date, name of the payee, the transaction amount, and a description of  
12 the goods or services purchased for each expenditure transaction. To facilitate review, the State Fiscal Accountability Authority  
13 shall prescribe a common format for the report which agencies must use. In order to promote accountability and transparency, a link  
14 to the report shall be posted on the Comptroller General's website as well as the agency's homepage.

15 When the State Auditor conducts or contracts for an audit of a state agency, accounts of the agency subject to this proviso must be  
16 included as part of the review.

17 If an agency determines that the release of the information required in this provision would be detrimental to the state or the  
18 agency, the agency may petition the State Fiscal Accountability Authority to grant the agency an exemption from the reporting  
19 requirements for the detrimental portion. The meeting to determine whether an exemption should be granted shall be closed.  
20 However, the exemption may only be granted upon a majority vote of the State Fiscal Accountability Authority in a public meeting.

24 containing all or substantially all the same information contained in the monthly state procurement card statements. The link must  
25 be to the specific webpage or section on the website of the agency where the state procurement card information for the state agency,  
26 department, or institution can be found. The information posted may not contain the state procurement card number. Any

31 revenue source is being proposed.

32 **117.81.** (GP: Joint Children's Committee) For the current fiscal year, the Department of Revenue is directed to reduce the rate  
33 of interest paid on eligible refunds by one percentage point. Of the revenue resulting from this reduction, \$475,000 shall be  
34 transferred to the Senate for the Joint Citizens and Legislative Committee on Children to provide the report, research, and other  
35 operating expenses as directed in Section 63-1-50 of the 1976 Code. Funds transferred to the University of South Carolina for the

9 civil conspiracy ~~based in part upon a personnel or employment action or decision regarding an employee,~~ the employee must be  
10 provided legal counsel by the Insurance Reserve Fund upon the submission of an affidavit executed by the agency head or his  
11 designee that the employee was acting within the scope of employment or in good faith. Prior to trial, the court must, ~~prior to trial,~~  
12 make a final determination whether the action or decision giving rise to the suit was made by the government employee within the  
13 scope of their official duty. If the court finds that the government employee was acting outside the scope of the employee’s official  
14 duties, the government shall not thereafter expend any funds to pay or defend the claim. If the court finds the government employee  
15 was acting within the scope of their official duties, the employee is immune from suit, liability, and damages with respect to the civil  
16 conspiracy claim. The government may only expend funds to defend the claim if the determination is that the employee was acting  
17 within the scope of their official duties. Nothing in this proviso prevents an insurance provider from defending and paying,  
18 respectively, any claims that the provider has contractually agreed to defend and pay.

31 shall result in the forfeiture by the firm of all compensation under the contract and to the same sanctions and penalties that would  
32 apply to that disclosure.

33 Each state agency shall participate in this recovery audit program and shall cooperate and provide the recovery audit firm with all  
34 information necessary for the audit in a timely manner. All vendors that provide goods or services to a state agency shall cooperate  
35 with the recovery audit firm in its audit.

1 A state agency shall expend or return to the federal government any federal money that is recovered through a recovery audit  
2 conducted under this provision. Payments to the recovery audit firm from the federal share of recovered funds shall be solely from  
3 the federal portion as allowed by the federal agency.

4 In addition to performing the recovery audits, the recovery audit firm may conduct an analysis of contracts and pricing structures,  
5 as determined and directed by the Executive Director of the State Fiscal Accountability Authority or her or his designee, to identify

27 full cooperation of any other requested state agency, request the establishment of coverage and reimbursement policies that it deems  
28 necessary to address existing deficiencies and bring about a more comprehensive and effective continuum of behavioral health care  
29 in South Carolina. Priorities for this effort may be piloted on a regional basis and shall include, but not be limited to:

30         (1) increasing the number of beds available to provide inpatient psychiatric care, with emphasis on communities with the

6 sufficient outpatient services, case management services, and standards of care are in place;
- 7 (6) leveraging and building upon existing telehealth capacity to support and extend outpatient services; and
- 8 (7) promoting the development of in-state treatment options for specific behavioral health conditions for which patients are  
9 routinely placed out-of-state due to an insufficiency of treatment options or settings in South Carolina.
- 10 (C) The Executive Director of the Public Employee Benefit Authority shall be encouraged to consult with the Director of the  
11 Department of Health and Human Services to make appropriate coverage and reimbursement policy changes to ensure proper access  
12 to behavioral health services for covered beneficiaries.
- 13 (D) The Data Oversight Council, established pursuant to Section 44-6-170 of the 1976 Code, shall undertake whatever rulemaking  
14 is necessary to ensure that the data on the utilization of crisis stabilization units are collected in a manner generally consistent with  
15 the requirements for general acute care hospitals and specialized hospitals, so that the effectiveness of these services may be properly  
16 evaluated. The Data Oversight Council, Department of Public Health and Environmental Control, and any other state agency shall,  
17 upon the request of and in the format specified by the Department of Health and Human Services, furnish information on behavioral  
18 health service demand, utilization, or financing needed to facilitate the implementation of this provision.
- 19 (E) With the support of the Director of the Department of Mental Health, the Director of the Department of Alcohol and Other  
20 Drug Abuse Services, and any other identified agency head, the Director of the Department of Health and Human Services shall

23 Security Act or made available to states by the Centers for Medicare and Medicaid Services through State Medicaid Director Letters  
24 17-003, 18-011, or 19-0003.
- 25 (F) In consultation with the Department of Juvenile Justice and the Department of Mental Health, the Department of Health and  
26 Human Services shall ensure that access to “no eject, no reject” services is restored for children and adolescents requiring care in a  
27 private residential treatment facility.
- 28 (G) To ensure that individuals requiring behavioral health services are protected from unexpected or excessive billings, the  
29 Department of Mental Health shall examine ways to convert state-funded or DSH-funded indigent care to a sustainable  
30 reimbursement model that improves access to behavioral health treatment while potentially reducing uncompensated care levels and  
31 the department’s reliance on state funds. In the current fiscal year, the department shall report to the Chairmen of the Senate Finance  
32 Committee and the House Ways and Means Committee on the results of this examination and the actions taken to address any  
33 findings. The department also shall:
- 34 (1) contract for an exhaustive independent review of its entire revenue cycle, to eliminate inefficiencies and improve business  
35 processes, ensure that bills are produced on a timely and accurate basis, and assess and maximize the proportion of the time during  
36 which the department’s clinicians and providers are rendering chargeable treatment services to the State’s citizens; and

1 (2) ensure its immediate and ongoing compliance with the hospital price transparency rules established at 45 C.F.R. Part 180,  
2 and also meet its obligation to provide certain patients with good faith estimates as required by the No Surprises Act, P.L. 116-260,  
3 and subsequent regulation.

4 (H) With the support and participation of the Department of Education and the Department of Mental Health, and with the intent  
5 of assuring access to behavioral health services to every student in the State through either a public or private provider, the  
6 Department of Health and Human Services must lead a comprehensive effort to improve access to and the quality of school-based  
7 behavioral health services in South Carolina, while identifying and taking steps to address community-level disparities in the  
8 availability of this care. This effort shall include, but not be limited to:

9 (1) the performance of a comprehensive review of Medicaid and non-Medicaid school-based behavioral health services in  
10 South Carolina, including an assessment of the availability of such services and the identification of any barriers to access, such as  
11 coverage and reimbursement rules, billing practices, other insurer policies, state agency, school district rules or procedures, or  
12 provider shortages;

13 (2) a revisitation of existing coverage policies for medically necessary services provided to children, including those with or  
14 without a disability determination, and whether those services are or are not required by a child's individualized education plan or  
15 individualized family services plan, whether they do or do not arise from a referral under the Early and Periodic Screening,  
16 Diagnostic, and Treatment program, and in the context of State Medicaid Director Letter 14-006;

17 (3) the rescission of any Medicaid or PEBA policies that deny coverage, solely on the basis that those services are being  
18 provided within a school or through a telehealth encounter that originates in a school, of medically necessary outpatient services that  
19 have been furnished to eligible children by enrolled and qualified providers;

20 (4) the issuance of any new Medicaid policies needed to durably enshrine any appropriate telehealth coverage that had been  
21 authorized on a temporary basis during the public health emergency;

22 (5) a review of statewide and school district-level policies and practices relating to suicide risk referral protocols and behavioral  
23 health training for student-facing personnel in schools; and

24 (6) reporting to the Chairman of the Senate Finance Committee and the Chairman of the House Ways and Means Committee  
25 on any other relevant potential policy changes that the Director of the Department of Health and Human Services believes would  
26 advance the intent of this provision, but which would have a fiscal impact that is sufficiently substantial to require the General  
27 Assembly's direct consideration in the future.

28 (I) The Department of Health and Human Services is authorized to establish programs and/or fund in whole or in part, including  
29 through the potential use of CHIP Health Services Initiatives, various pilot projects or other initiatives that are intended to develop  
30 the health care workforce in South Carolina. Such efforts must be targeted toward current or future providers who demonstrate, by  
31 whatever means is selected by the department, commitments to remaining in-state and including Medicaid beneficiaries among their  
32 patients. The development of the behavioral health workforce shall be prioritized, although the department may also address other  
33 provider classes, such as respiratory therapists, for which shortages have been highlighted and/or exacerbated by the public health  
34 emergency. Further consideration also should be given to attracting additional qualified preceptors and increasing opportunities for  
35 clinical rotations. The department may partner with or enlist the support of the Technical College System, Area Health Education  
36 Centers, and/or Student Loan Corporation in designing or administering these programs and, where appropriate, is encouraged to

1 structure them as public-private partnerships in conjunction with the state's hospital and health systems and other key employers of  
2 health providers.

3 (J) If either the Director of the Department of Mental Health or the Director of the Department of Health and Human Services  
4 finds that state personnel and/or procurement rules are limiting his ability to fulfill the intent of this provision, he shall notify the  
5 State Fiscal Accountability Authority of this in writing and request whatever exemptions are necessary to ensure that clinical staff  
6 may be recruited, retained, and/or contracted for so as to provide greater access to behavioral health treatment.

7 (K) In consultation with the Department of Mental Health, the Department of Health and Human Services shall assess the  
8 feasibility of, and if warranted, take steps to establish or obtain through grant, contract, subscription, or other procurement, a statewide  
9 system for the near-real time tracking of in-patient psychiatric hospital beds and crisis stabilization beds. This system should be  
10 generally designed to draw data from providers' existing electronic medical record systems and make summary-level data available  
11 to authorized users within state agencies, participating provider organizations, and any others to be specified by the Department of  
12 Health and Human Services, for the purposes of managing critical resources and ensuring that patients may be promptly treated in  
13 the most effective and clinically appropriate setting. To protect patient privacy and ensure HIPAA compliance, the system may only  
14 collect information on the types, counts, and availability of beds, or other categorical or aggregated information, as opposed to  
15 individually identifying patient details. In partnership with the following named agencies, the Department of Health and Human  
16 Services may also explore and pursue the use of such a system:

17 (1) to meet the emergency preparedness and disaster recovery requirements of the Department of *Public Health and*  
18 ~~Environmental Control~~ and the Emergency Management Division that are currently met by the Bed Availability Report Tracking  
19 system; and/or

20 (2) to augment or replace the capabilities of the Department on Aging's GetCareSC website.

21 (L) From the funds appropriated to or otherwise made available to it, the Department of Health and Human Services is authorized  
22 to procure, enter into contracts and agreements, offer grants, and otherwise expend funds as well as establish demonstration projects  
23 in one or more areas of the state to encourage and promote necessary infrastructure and investment to achieve the objectives set out  
24 in this provision. The department shall develop policies and procedures as necessary to assure accountability in the expenditure of  
25 these funds and apply for federal matching funds when appropriate and available. The department shall report annually to the Senate  
26 Finance Committee and the House Ways and Means Committee on all expenditures made under this provision.

27 (M) Crisis stabilization unit facilities established or funded pursuant to this provision shall be eligible for licensure under  
28 Regulation 61-125 without being owned or operated by the Department of Mental Health.

29 (N) Funds appropriated for Behavioral Health Capacity may be retained by the Department of Health and Human Services and

19 collected annually from all events held at a NASCAR sanctioned motor speedway or racetrack that hosts at least one race each year

1 claiming dependents, incurred by a taxpayer in the taxable year to purchase a monthly or annual contract or subscription for identity  
2 theft protection and identity theft resolution services. The deduction allowed by this item may not be claimed by an individual if the  
3 individual deducted the same actual costs as a business expense or if the taxpayer is enrolled in the identity theft protection and  
4 identity theft resolution services offered free of charge by the State of South Carolina. For purposes of this item, "identity theft  
5 protection" means products and services designed to prevent an incident of identify fraud or identity theft in order to protect the  
6 privacy of a person's personal identifying information, as defined in Section 16-13-510(D), by precluding a third party from gaining  
7 unauthorized acquisition of another's personal identifying information to obtain financial resources or other products, benefits or  
8 services; and identity theft resolution services means products and services designed to assist persons whose personal identifying  
9 information, as defined by Section 16-13-510(D), was obtained by a third party, whereby minimizing the effects of the identity fraud  
10 or identity theft incident and restoring the person's identity to pre-theft status.

11 (B) The deduction provided in (A) is only allowed for taxpayers that filed a return with the Department of Revenue for any taxable  
12 year after 1997 and before 2013, whether by paper or electronic transmission, or any person whose personally identifiable information  
13 was contained on the return of another eligible person, including minor dependents.

14 (C) By March fifteenth of each year, the department shall issue a report to the Governor and the General Assembly detailing the  
15 number of taxpayers claiming the deduction allowed by this item in the most recent tax year for which there is an accurate figure,  
16 and the total monetary value of the deductions claimed pursuant to this item in that same year.

17 (D) The department shall prescribe the necessary forms to claim the deduction allowed by this section. The department may  
18 require the taxpayer to provide proof of the actual costs and the taxpayer's eligibility.

19 **118.11.** (SR: Tobacco Settlement) (A) To the extent funds are available from payments received on behalf of the State by the  
20 Tobacco Settlement Revenue Management Authority from the Tobacco Master Settlement Agreement ("MSA") in the current fiscal  
21 year, the State Treasurer is authorized and directed, after transferring funds sufficient to cover the operating expenses of the Authority,  
22 to transfer the remaining funds as follows:

23 (1) \$1,253,000 to the Attorney General's Office for Diligent Enforcement and Arbitration Litigation; \$450,000 to the State  
24 Law Enforcement Division for Diligent Enforcement; and \$325,000 to the Department of Revenue for Diligent Enforcement, all to  
25 enforce Chapter 47 of Title 11, the Tobacco Escrow Fund Act;

26 (2) The Attorney General's Office shall maintain a balance of \$1,253,000 in a fund for future tobacco arbitration. Attorney  
27 General funds in excess of \$1,253,000 may be utilized for information technology expenses and building infrastructure upgrades.  
28 These funds may be carried forward from the prior fiscal year into the current fiscal year and utilized for the same purpose; and

29 (3) The remaining balance shall be transferred to a restricted account authorized solely for use by the Department of Health  
30 and Human Services for the Medicaid program. Earnings on this fund must be credited to the fund and balances may be carried  
31 forward from the prior fiscal year for the same purpose.

32 (B) The requirements of Section 11-11-170 of the 1976 Code shall be suspended for the current fiscal year.

33 **118.12.** (SR: One Dollar Appropriations) Funds appropriated in the amount of one dollar by this act shall not be disbursed. The  
34 Comptroller General shall adjust the affected agency's chart of accounts accordingly, if necessary.

35 **118.13.** (SR: Non-recurring Litigation Recovery Revenue) During the current fiscal year, if there is a recovery or an award in  
36 any litigation managed by the State through a party other than the Attorney General, or if a state tax audit results in a collection, any

1 funds received in excess of twenty-five million dollars that are not likely to continue as recurring revenue and would have otherwise  
2 been credited to the General Fund shall be credited to the Litigation Recovery Account. The amount credited to this Litigation  
3 Recovery Account pursuant to this provision is deemed non-recurring revenue and must be expended only in the manner prescribed  
4 by law.

5 **118.14.** (SR: Farm Aid) There is created the “South Carolina Farm Aid Fund”. This fund is separate and distinct from the  
6 general fund of the State and all other funds. Earnings on this fund must be credited to it. Revenues credited to this fund in a fiscal  
7 year must be used in that fiscal year to operate a grant program that provides financial assistance to farmers.

8 To be eligible for a grant, the person must have:

9 (1) experienced a verifiable loss of agricultural commodities of at least thirty percent as a result of the flooding occurring in the  
10 aftermath of Hurricanes Michael and Florence for which:

11 (a) the Governor declared a state of emergency in the State for the county in which the farm is located; and

12 (b) the United States Secretary of Agriculture issued a Secretarial Disaster Declaration for the county in which the farm is  
13 located;

14 (2) a farm number issued by the Farm Service Agency;

15 (3) signed an affidavit, under penalty of perjury, certifying that each fact of the loss presented by the person is accurate; and

16 (4) a signed affidavit, under penalty of perjury, certifying that no federal funds have been received for these specific disasters,  
17 and in the event that federal funds are received, the person will return all state monies received under this program.

18 The Department of Agriculture shall administer the grant program authorized by this proviso. The Department of Revenue shall  
19 assist the Department of Agriculture in the administration of the grant program by providing auditing services, accounting services,  
20 and review and oversight of all financial aspects of the grant program. There is created the Farm Aid Advisory Board to make  
21 recommendations to the department regarding the duties of the department in administering the grant program. The Commissioner  
22 of Agriculture, or his designee, shall serve ex officio, as chairman of the board. Also, the Director of the Department of Revenue,  
23 or his designee, the Vice President for Public Service and Agriculture of Clemson Public Service Activities, or his designee, and the  
24 Vice President for Land Grant Services of South Carolina State Public Service Activities, or his designee, shall serve on the board.

25 The following additional members shall be appointed to the board:

26 (1) the Commissioner of Agriculture shall appoint one member representing the South Carolina Farm Bureau;

27 (2) the Commissioner of Agriculture shall appoint one member representing a farm credit association;

28 (3) the Director of the Department of Revenue shall appoint one member representing the crop insurance industry; and

29 (4) the Director of the Department of Revenue shall appoint one member who is an agricultural commodities producer.

30 By July twentieth of the current fiscal year, the board shall hold its initial meeting to recommend an application process by which  
31 a person with a loss resulting from the flooding occurring in the aftermath of Hurricanes Michael and Florence may apply for a grant.  
32 Upon adoption of an application process, the Department of Agriculture shall provide the Chairman of the House Ways and Means  
33 Committee and the Chairman of the Senate Finance Committee with a written copy of its application process within ten days after  
34 its adoption. A person shall apply not later than forty-five days after the adoption of the application process. The department must  
35 ensure every person interested in applying for a grant has access to adequate resources to submit his application in a timely manner,  
36 and upon request, the department must assist a person with the preparation of his application.

1 Each grant awarded by the department may not exceed twenty percent of the person's verifiable loss of agricultural commodities.  
2 However, a person, including any grant made to a related person, may not receive grants aggregating more than one hundred thousand  
3 dollars. Also, a person, including any grant made to a related person, may not receive grants that when combined with losses covered  
4 by insurance, exceed one hundred percent of the actual loss. If a grant is made to a related person, the amount to be included in the  
5 limits set by this proviso must be the amount of the grant multiplied by the person's ownership interest in the related person.  
6 However, a person who shares an ownership interest with another person or entity may not be refused a grant solely because the  
7 other person or related person has otherwise received the maximum grant amount, but in this case, the person's grant amount is  
8 limited by the person's ownership interest.

9 If the total amount of grants allowed pursuant to this proviso exceeds the monies in the fund, then each person's grant must be  
10 reduced proportionately.

11 To determine loss, the department:

12 (1) must measure the person's cumulative total loss of all affected agricultural commodities for the year in which the flooding  
13 occurred against the person's expected production of all agricultural commodities affected by the flooding occurring in the aftermath  
14 of Hurricanes Michael and Florence;

15 (2) shall use the person's applicable actual production history yield, as determined by the Federal Crop Insurance Corporation,  
16 to determine loss for insured agricultural commodities. In determining loss for uninsured agricultural commodities, the department  
17 shall use the most recent year's county price and county yield, as applicable, as determined by the National Agriculture Statistics  
18 Service, United States Department of Agriculture; and

19 (3) may require any documentation or proof it considers necessary to efficiently administer the grant program, including the  
20 ownership structure of each entity and the social security numbers of each owner. Minimally, in order to verify loss, the department  
21 shall require the submission of dated, signed, and continuous records. These records may include, but are not limited to, commercial  
22 receipts, settlement sheets, warehouse ledger sheets, pick records, load summaries, contemporaneous measurements, truck scale  
23 tickets, contemporaneous diaries, appraisals, ledgers of income, income statements of deposit slips, cash register tape, invoices for  
24 custom harvesting, u-pick records, and insurance documents.

25 Grant awards must be used for agricultural production expenses and losses due to the flooding which demonstrate an intent to  
26 continue the agricultural operation; however, awards may not be used to purchase new equipment. The department shall develop  
27 guidelines and procedures to ensure that funds are expended in the manner outlined in grant applications, and may require any  
28 documentation it determines necessary to verify the appropriate use of grant awards including receipts.

29 If the department determines that a person who received a grant provided inaccurate information, then the person shall refund the  
30 entire amount of the grant. If the department determines that a person who received a grant used the funds for ineligible expenses,  
31 then the person must refund the amount of the ineligible expenses. If the person does not refund the appropriate amount, the  
32 Department of Revenue shall utilize the provisions of the Setoff Debt Collection Act to collect the money from the person.

33 The department shall coordinate the exchange of information between the USDA and the Department of Revenue to identify any  
34 person that received a Farm Aid grant for the flooding occurring in the aftermath of Hurricanes Michael and Florence and also  
35 received federal aid relief for the same disaster. Any person that is determined to have received grant funds from both the state and  
36 federal government, must immediately repay the state grant they received.

1 If the department determines that a person knowingly provided false information to obtain a grant pursuant to this proviso or  
2 knowingly used funds for ineligible expenses, the person shall be subject to prosecution pursuant to Section 16-13-240.

3 Within forty-five days of the completion of the awarding of grants, but no later than the end of the fiscal year, the Farm Aid  
4 Advisory Board is dissolved. Any funds remaining in the fund upon dissolution shall lapse to the general fund.

5 The department may accept private funds, grants, and property to be used to make financial awards from the grant program.

6 The Department of Agriculture must administer the grant program authorized by this proviso using existing resources and funds.

7 If federal funds are allocated for persons that are otherwise eligible for a grant pursuant to this proviso before the current fiscal  
8 year begins, then the provisions of this proviso are not effective and no funds may be credited to the South Carolina Farm Aid Fund.

9 For purposes of this proviso:

10 (1) "Agricultural commodities" means wheat, cotton, flax, corn, dry beans, oats, barley, rye, tobacco, rice, peanuts, soybeans,  
11 sugar beets, sugar cane, tomatoes, grain sorghum, sunflowers, raisins, oranges, sweet corn, dry peas, freezing and canning peas,  
12 forage, apples, grapes, potatoes, industrial hemp, timber and forests, nursery crops, citrus, and other fruits and vegetables, nuts, tame  
13 hay, native grass, aquacultural species including, but not limited to, any species of finfish, mollusk, crustacean, or other aquatic  
14 invertebrate, amphibian, reptile, or aquatic plant propagated or reared in a controlled or selected environment, excluding stored grain.

15 (2) "Person" means any individual, trust, estate, partnership, receiver, association, company, limited liability company,  
16 corporation, or other entity or group.

17 (3) "Related person" means any person, joint venture, or entity that has a direct or indirect ownership interest of a person or legal  
18 entity.

19 (4) "Department" means the Department of Agriculture.

20 **118.15.** (SR: Expenditure of Federal Funds) Any funds received from the Federal Government that are not allocated directly to  
21 a state agency must be expended through the legislative budgeting process.

22 **118.16.** (SR: State Ports Authority Projects) Any funds appropriated or authorized for the State Ports Authority by Proviso  
23 118.17 (Nonrecurring Revenue) for the intermodal container transfer facility and waterborne cargo infrastructure must be deposited  
24 into a separate and distinct account and shall only be used for costs directly related to those two projects. Funds shall not be used  
25 for salaries, bonuses, or any kind of normal administrative costs. Funds shall not be used for personnel expenses not directly related  
26 to the implementation of the two projects. In addition, the State Ports Authority shall provide quarterly progress reports on the  
27 implementation of each facility to the Joint Bond Review Committee, the President of the Senate, the Speaker of the House of  
28 Representatives, the Chairman of the Senate Finance Committee, and the Chairman of the House Ways and Means Committee.  
29 These quarterly reports shall include, but are not limited to, financial results, operating plans, budgets, capital plans, and performance  
30 objectives and results for the projects. The Joint Bond Review Committee must review and provide comment on expenditures, and  
31 may prescribe the reporting format and such other informational requirements and reports as it deems useful and necessary, to ensure  
32 the financial integrity, accountability, and stewardship of the funds and the ongoing operations of the project. To the extent permitted  
33 by federal law, if federal funds become available to the State that can be used for the Intermodal Container Transfer Facility or for  
34 Waterborne Cargo Infrastructure, those federal funds must first be used to complete the project. Any remaining state funds  
35 appropriated for these projects shall be transferred to a restricted account at the Department of Administration.
