

SOUTH CAROLINA REVENUE AND FISCAL AFFAIRS OFFICE
STATEMENT OF ESTIMATED FISCAL IMPACT
(803)734-3780 • RFA.SC.GOV/IMPACTS

This fiscal impact statement is produced in compliance with the South Carolina Code of Laws and House and Senate rules. The focus of the analysis is on governmental expenditure and revenue impacts and may not provide a comprehensive summary of the legislation.

Bill Number: S. 0150 Introduced on January 10, 2023
Author: Turner
Subject: Private School Sports Participation
Requestor: Senate Education
RFA Analyst(s): Wren
Impact Date: March 27, 2024

Fiscal Impact Summary

This bill allows students who attend private or charter schools to try out for and, if selected, participate in an interscholastic athletic program offered at a public school under certain circumstances.

This bill will have no expenditure impact on the S.C. Department of Education (SCDE) since the bill does not alter the responsibilities of the agency.

SCDE previously surveyed the seventy-three regular districts and the three charter districts regarding similar legislation and received responses from nineteen districts. The expenditure impact of the legislation on local school districts varies. Of the responding districts, seventeen indicate that the legislation will have no expenditure impact, as any expenses will be minimal and can be managed with existing resources and staff. The remaining two districts indicate that expenses could increase by up to \$71,000 for uniforms, equipment, and insurance for private or charter school student athletes.

Explanation of Fiscal Impact

Introduced on January 10, 2023

State Expenditure

This bill allows students who attend private or charter schools to try out for and, if selected, participate in an interscholastic athletic program offered at a public school under the following circumstances:

- The student resides within the attendance zone boundaries of the public school;
- The private or charter school that the student attends is not a member of the South Carolina High School League;
- The private or charter school attended by the student does not offer the particular sport for the student's gender;
- The particular sport in which the student seeks to participate is offered at the public school located in the attendance zone where the student resides;
- The student notifies the superintendent of the public school district in writing of his intent to try out in the particular sport before the beginning date of the season;

- The student pays for all sport-specific fees charged by the public school for an individual student to participate in the particular sport; and
- The student meets all public school district eligibility requirements with certain exceptions.

The bill further forbids a public school district to contract with a private entity that supervises interscholastic athletic programs if the private entity prohibits the participation of private or charter school students in interscholastic athletic programs.

SCDE indicates that this bill will have no expenditure impact on the agency since the bill does not alter the responsibilities of the agency.
